G.1.1. THE MEDICARE BENEFITS SCHEDULE - INTRODUCTION

Schedules of Services

Each professional service contained in the Schedule has been allocated a unique item number. Located with the item number and description for each service is the Schedule fee and Medicare benefit, together with a reference to an explanatory note relating to the item (if applicable).

If the service attracts an anaesthetic, the word (Anaes.) appears following the description. Where an operation qualifies for the payment of benefits for an assistant, the relevant items are identified by the inclusion of the word (Assist.) in the item description. Medicare benefits are not payable for surgical assistance associated with procedures which have not been so identified.

In some cases two levels of fees are applied to the same service in General Medical Services, with each level of fee being allocated a separate item number. The item identified by the letter "S" applies in the case where the procedure has been rendered by a recognised specialist in the practice of his or her specialty and the patient has been referred. The item identified by the letter "G" applies in any other circumstance.

Higher rates of benefits are also provided for consultations by a recognised consultant physician where the patient has been referred by another medical practitioner or an approved dental practitioner (oral surgeons).

Differential fees and benefits also apply to services listed in Category 5 (Diagnostic Imaging Services). The conditions relating to these services are set out in Category 5.

Explanatory Notes

Explanatory notes relating to the Medicare benefit arrangements and notes that have general application to services are located at the beginning of the schedule, while notes relating to specific items are located at the beginning of each Category. While there may be a reference following the description of an item to specific notes relating to that item, there may also be general notes relating to each Group of items.

G.1.2. MEDICARE - AN OUTLINE

The Medicare Program ('Medicare') provides access to medical and hospital services for all Australian residents and certain categories of visitors to Australia. **Medicare Australia** administers Medicare and the payment of Medicare benefits. The major elements of Medicare are contained in the *Health Insurance Act 1973*, as amended, and include the following:

- (a) Free treatment for public patients in public hospitals.
- (b) The payment of 'benefits', or rebates, for professional services listed in the Medicare Benefits Schedule (MBS). In general, the Medicare benefit is 85% of the Schedule fee, otherwise the benefits are
 - i. 100% of the Schedule fee for services provided by a general practitioner to non-referred, non-admitted patients;
 - ii. 100% of the Schedule fee for services provided on behalf of a general practitioner by a practice nurse or Aboriginal and Torres Strait Islander health practitioner;
 - iii. 75% of the Schedule fee for professional services rendered to a patient as part of an episode of hospital treatment (other than public patients);
 - iv. 75% of the Schedule fee for professional services rendered as part of a privately insured episode of hospital-substitute treatment.

Medicare benefits are claimable only for 'clinically relevant' services rendered by an appropriate health practitioner. A 'clinically relevant' service is one which is generally accepted by the relevant profession as necessary for the appropriate treatment of the patient.

When a service is not clinically relevant, the fee and payment arrangements are a private matter between the practitioner and the patient.

Services listed in the MBS must be rendered according to the provisions of the relevant Commonwealth, State and Territory laws. For example, medical practitioners must ensure that the medicines and medical devices they use have been supplied to them in strict accordance with the provisions of the *Therapeutic Goods Act 1989*.

Where a Medicare benefit has been inappropriately paid, Medicare Australia may request its return from the practitioner concerned.

G.1.3. MEDICARE BENEFITS AND BILLING PRACTICES

Key information on Medicare benefits and billing practices

The *Health Insurance Act 1973* stipulates that Medicare benefits are payable for professional services. A professional service is a clinically relevant service which is listed in the MBS. A medical service is clinically relevant if it is generally accepted in the medical profession as necessary for the appropriate treatment of the patient.

Medical practitioners are free to set their fees for their professional service. However, the amount specified in the patient's account must be the amount charged for the service specified. The fee may not include a cost of goods or services which are not part of the MBS service specified on the account.

Billing practices contrary to the Act

A *non-clinically relevant service* must not be included in the charge for a Medicare item. The non-clinically relevant service must be separately listed on the account and not billed to Medicare.

Goods supplied for the patient's home use (such as wheelchairs, oxygen tanks, continence pads) must not be included in the consultation charge. Medicare benefits are limited to services which the medical practitioner provides at the time of the consultation – any other services must be separately listed on the account and must not be billed to Medicare.

Charging part of all of an episode of hospital treatment or a hospital substitute treatment to a non-admitted consultation is prohibited. This would constitute a false or misleading statement on behalf of the medical practitioner and no Medicare benefits would be payable.

An account may not be re-issued to include charges and out-of-pocket expenses excluded in the original account. The account can only be reissued to correct a genuine error.

Potential consequence of improperly issuing an account

The potential consequences for improperly issuing an account are

- (a) No Medicare benefits will be paid for the service;
- (b) The medical practitioner who issued the account, or authorised its issue, may face charges under sections 128A or 128B of the *Health Insurance Act 1973*.
- (c) Medicare benefits paid as a result of a false or misleading statement will be recoverable from the doctor under section 129AC of the *Health Insurance Act 1973*.

Providers should be aware that Medicare Australia is legally obliged to investigate doctors suspected of making false or misleading statements, and may refer them for prosecution if the evidence indicates fraudulent charging to Medicare. If Medicare benefits have been paid inappropriately or incorrectly, Medicare Australia will take recovery action.

The Department of Human Services (DHS) has developed a [Health Practitioner Guideline for responding to a request to substantiate that a patient attended a service](#). There is also a [Health Practitioner Guideline for substantiating that a specific treatment was performed](#). These guidelines are located on the DHS website.

G.2.1. PROVIDER ELIGIBILITY FOR MEDICARE

To be eligible to provide medical service which will attract Medicare benefits, or to provide services for or on behalf of another practitioner, practitioners must meet one of the following criteria:

- (a) be a recognised specialist, consultant physician or general practitioner; or
- (b) be in an approved placement under section 3GA of the *Health Insurance Act 1973*; or
- (c) be a temporary resident doctor with an exemption under section 19AB of the *Health Insurance Act 1973*, and working in accord with that exemption.

Any practitioner who does not satisfy the requirements outlined above may still practice medicine but their services will not be eligible for Medicare benefits.

NOTE: New Zealand citizens entering Australia do so under a special temporary entry visa and are regarded as temporary resident doctors.

NOTE: It is an offence under Section 19CC of the *Health Insurance Act 1973* to provide a service without first informing a patient where a Medicare benefit is not payable for that service (i.e. the service is not listed in the MBS).

Non-medical practitioners

To be eligible to provide services which will attract Medicare benefits under MBS items 10950-10977 and MBS items 80000-88000 and 82100-82140 and 82200-82215, allied health professionals, dentists, and dental specialists, participating midwives and participating nurse practitioners must be

- (a) registered according to State or Territory law or, absent such law, be members of a professional association with uniform national registration requirements; and
- (b) registered with Medicare Australia to provide these services.

G.2.2. PROVIDER NUMBERS

Practitioners eligible to have Medicare benefits payable for their services and/or who for Medicare purposes wish to raise referrals for specialist services and requests for pathology or diagnostic imaging services, may apply *in writing* to Medicare Australia for a Medicare provider number for the locations where these services/referrals/requests will be provided. The form may be downloaded from www.medicareaustralia.gov.au

For Medicare purposes, an account/receipt issued by a practitioner must include the practitioner's name and *either* the provider number for the location where the service was provided *or* the address where the services were provided.

Medicare provider number information is released in accord with the secrecy provisions of the *Health Insurance Act 1973* (section 130) to authorized external organizations including private health insurers, the Department of Veterans' Affairs and the Department of Health and Ageing.

When a practitioner ceases to practice at a given location they must inform Medicare promptly. Failure to do so can lead to the misdirection of Medicare cheques and Medicare information.

Practitioners at practices participating in the Practice Incentives Program (PIP) should use a provider number linked to that practice. Under PIP, only services rendered by a practitioner whose provider number is linked to the PIP will be considered for PIP payments.

G.2.3. LOCUM TENENS

Where a locum tenens will be in a practice for more than two weeks *or* in a practice for less than two weeks but on a regular basis, the locum should apply for a provider number for the relevant location. If the locum will be in a practice for less than two weeks and will not be returning there, they should contact Medicare Australia (provider liaison – 132 150) to discuss their options (for example, use one of the locum's other provider numbers).

A locum must use the provider number allocated to the location if

- (a) they are an approved general practice or specialist trainee with a provider number issued for an approved training placement; or
- (b) they are associated with an approved rural placement under Section 3GA of the *Health Insurance Act 1973*; or
- (c) they have access to Medicare benefits as a result of the issue of an exemption under section 19AB of the *Health Insurance Act 1973* (i.e. they have access to Medicare benefits at specific practice locations); or
- (d) they will be at a practice which is participating in the Practice Incentives Program; or
- (e) they are associated with a placement on the MedicarePlus for Other Medical Practitioners (OMPs) program, the After Hours OMPs program, the Rural OMPs program or Outer Metropolitan OMPs program.

G.2.4. OVERSEAS TRAINED DOCTOR

Ten year moratorium

Section 19AB of the *Health Insurance Act 1973* states that services provided by overseas trained doctors (including New Zealand trained doctors) and former overseas medical students trained in Australia, will not attract Medicare benefits for 10 years from *either*

- (a) their date of registration as a medical practitioner for the purposes of the *Health Insurance Act 1973*; *or*
- (b) their date of permanent residency (the reference date will vary from case to case).

Exclusions - Practitioners who before 1 January 1997 had

- (a) registered with a State or Territory medical board *and* retained a continuing right to remain in Australia; *or*
- (b) lodged a valid application with the Australian Medical Council (AMC) to undertake examinations whose successful completion would normally entitle the candidate to become a medical practitioner.

The Minister of Health and Ageing may grant an overseas trained doctor (OTD) or occupational trainee (OT) an exemption to the requirements of the ten year moratorium, with or without conditions. When applying for a Medicare provider number, the OTD or OT must

- (a) demonstrate that they need a provider number and that their employer supports their request; and
- (b) provide the following documentation:
 - i. Australian medical registration papers; and
 - ii. a copy of their personal details in their passport and all Australian visas and entry stamps; and
 - iii. a letter from the employer stating why the person requires a Medicare provider number and/or prescriber number is required; and
 - iv. a copy of the employment contract.

G.2.5. ADDRESSES OF MEDICARE AUSTRALIA, SCHEDULE INTERPRETATION AND CHANGES TO PROVIDER DETAILS

Schedule Interpretations

The day-to-day administration and payment of benefits under the Medicare arrangements is the responsibility of Medicare Australia. Inquiries concerning matters of interpretation of Schedule items should be directed to Medicare Australia and not to the Department of Health and Ageing. The following telephone numbers have been reserved by Medicare Australia exclusively for inquiries relating to the Schedule:

Provider Enquiries: 132 150

Public Enquiries: 132 011

Changes to Provider Details

It is important that Medicare Australia be notified promptly of changes to practice addresses to ensure correct provider details for each practice location. Changes to practice address details can be made in writing to the Medicare Australia office, listed above, in the State of the practice location.

G.3.1. PATIENT ELIGIBILITY FOR MEDICARE

An "eligible person" is a person who resides permanently in Australia. This includes New Zealand citizens and holders of permanent residence visas. Applicants for permanent residence may also be eligible persons, depending on circumstances. Eligible persons must enrol with Medicare before they can receive Medicare benefits.

Medicare covers services provided only in Australia. It does not refund treatment or evacuation expenses overseas.

G.3.2. MEDICARE CARDS

The **green** Medicare card is for people permanently in Australia. Cards may be issued for individuals or families.

The **blue** Medicare card bearing the words "INTERIM CARD" is for people who have applied for permanent residence.

Visitors from countries with which Australia has a Reciprocal Health Care Agreement receive a card bearing the words "RECIPROCAL HEALTH CARE"

G.3.3. VISITORS TO AUSTRALIA AND TEMPORARY RESIDENTS

Visitors and temporary residents in Australia are not eligible for Medicare and should therefore have adequate private health insurance.

G.3.4. RECIPROCAL HEALTH CARE AGREEMENTS

Australia has Reciprocal Health Care Agreements with New Zealand, Ireland, the United Kingdom, the Netherlands, Sweden, Finland, Norway, Italy, Malta and Belgium.

Visitors from these countries are entitled to medically necessary treatment while they are in Australia, comprising public hospital care (as public patients), Medicare benefits and drugs under the Pharmaceutical Benefits Scheme (PBS). Visitors must enroll with Medicare Australia to receive benefits. A passport is sufficient for public hospital care and PBS drugs.

Exceptions:

- Visitors from Ireland and New Zealand are entitled to public hospital care and PBS drugs, and should present their passports before treatment as they are not issued with Medicare cards.
- Visitors from Italy and Malta are covered for a period of six months only.

The Agreements do not cover treatment as a private patient in a public or private hospital. People visiting Australia for the purpose of receiving treatment are not covered.

G.4.1. GENERAL PRACTICE

Some MBS items may only be used by general practitioners. For MBS purposes a general practitioner is a medical practitioner who is

- (a) vocationally registered under section 3F of the *Health Insurance Act 1973* (see General Explanatory Note below); or
- (b) a Fellow of the Royal Australian College of General Practitioners (FRACGP), who participates in, and meets the requirements for the RACGP Quality Assurance and Continuing Medical Education Program; or
- (c) a Fellow of the Australian College of Rural and Remote Medicine (ACRRM) who participates in, and meets the requirements for the ACRRM Quality Assurance and Continuing Medical Education Program; or
- (d) is undertaking an approved general practice placement in a training program for **either** the award of FRACGP **or** a training program recognised by the RACGP being of an equivalent standard; or
- (e) is undertaking an approved general practice placement in a training program for **either** the award of FACRRM **or** a training program recognised by ACRRM as being of an equivalent standard.

A medical practitioner seeking recognition as an FRACGP should apply to Medicare Australia, having completed an application form available from Medicare Australia's website. A general practice trainee should apply to General Practice Education and Training Limited (GPET) for a general practitioner trainee placement. GPET will advise Medicare Australia when a placement is approved. General practitioner trainees need to apply for a provider number using the appropriate provider number application form available on Medicare Australia's website.

Vocational recognition of general practitioners

The only qualifications leading to vocational recognition are FRACGP and FACRRM. The criteria for recognition as a GP are:

- (a) certification by the RACGP that the practitioner
 - is a Fellow of the RACGP; and
 - practice is, or will be within 28 days, predominantly in general practice; and
 - has met the minimum requirements of the RACGP for taking part in continuing medical education and quality assurance programs.
- (b) certification by the General Practice Recognition Eligibility Committee (GPREC) that the practitioner
 - is a Fellow of the RACGP; and
 - practice is, or will be within 28, predominantly in general practice; and
 - has met minimum requirements of the RACGP for taking part in continuing medical education and quality assurance programs.
- (c) certification by ACRRM that the practitioner
 - is a Fellow of ACRRM; and
 - has met the minimum requirements of the ACRRM for taking part in continuing medical education and quality assurance programs.

In assessing whether a practitioner's medical practice is predominantly in general practice, the practitioner must have at least 50% of clinical time and services claimed against Medicare. Regard will also be given as to whether the practitioner provides a comprehensive primary medical service, including treating a wide range of patients and conditions using a variety of accepted medical skills and techniques, providing services away from the practitioner's surgery on request, for example, home visits and making appropriate provision for the practitioner's patients to have access to after hours medical care.

Further information on eligibility for recognition should be directed to:

Executive Assistant, ACRRM:

How to apply for vocational recognition

Medical practitioners seeking vocational recognition should apply to Medicare Australia using the approved Application Form available on the Medicare Australia website: www.humanservices.gov.au. Applicants should forward their applications, as appropriate, to

Chief Executive Officer
The Royal Australian College of General Practitioners
100 Wellington Parade,
EAST MELBOURNE VIC 3002

Chief Executive Officer
Australian College of Rural and Remote Medicine
GPO Box 2507
BRISBANE QLD 4001

Secretary
The General Practice Recognition Eligibility Committee
Medicare Australia
PO Box 1001
TUGGERANONG ACT 2901

The relevant body will forward the application together with its certification of eligibility to the Medicare Australia CEO for processing.

Continued vocational recognition is dependent upon:

- (a) the practitioner's practice continuing to be predominantly in general practice (for medical practitioners in the Register only); and
- (b) the practitioner continuing to meet minimum requirements for participation in continuing professional development programs approved by the RACGP or the ACRRM.

Further information on continuing medical education and quality assurance requirements should be directed to the RACGP or the ACRRM depending on the college through which the practitioner is pursuing, or is intending to pursue, continuing medical education.

Medical practitioners refused certification by the RACGP, the ACRRM or GPPEC may appeal in writing to the General Practice Recognition Appeal Committee (GPRAC), Medicare Australia, PO Box 1001, Tuggeranong, ACT, 2901.

Removal of vocational recognition status

A medical practitioner may at any time request Medicare Australia to remove their name from the Vocational Register of General Practitioners.

Vocational recognition status can also be revoked if the RACGP, the ACRRM or GPPEC certifies to Medicare Australia that it is no longer satisfied that the practitioner should remain vocationally recognised. Appeals of the decision to revoke vocational recognition may be made in writing to GPRAC, at the above address.

A practitioner whose name has been removed from the register, or whose determination has been revoked for any reason must make a formal application to re-register, or for a new determination.

G.5.1. RECOGNITION AS A SPECIALIST OR CONSULTANT PHYSICIAN

A medical practitioner who:

- is registered as a specialist under State or Territory law; or
 - holds a fellowship of a specified specialist College and has obtained, after successfully completing an appropriate course of study, a relevant qualification from a relevant College
- and has formally applied and paid the prescribed fee, may be recognised by the Minister as a specialist or consultant physician for the purposes of the *Health Insurance Act 1973*.

A relevant specialist College may also give Medicare Australia's Chief Executive Officer a written notice stating that a medical practitioner meets the criteria for recognition.

A medical practitioner who is training for a fellowship of a specified specialist College and is undertaking training placements in a private hospital or in general practice, may provide services which attract Medicare rebates. Specialist trainees should consult the information available at www.medicareaustralia.gov.au.

Once the practitioner is recognised as a specialist or consultant physician for the purposes of the *Health Insurance Act 1973*, Medicare benefits will be payable at the appropriate higher rate for services rendered in the relevant speciality, provided the patient has been appropriately referred to them.

Further information about applying for recognition is available at www.medicareaustralia.gov.au.

The Department of Human Services (DHS) has developed an [Health Practitioner Guideline to substantiate that a valid referral existed \(specialist or consultant physician\)](#) which is located on the DHS website.

G.5.2. EMERGENCY MEDICINE

A practitioner will be acting as an emergency medicine specialist when treating a patient within 30 minutes of the patient's presentation, and that patient is

- (a) at risk of serious morbidity or mortality requiring urgent assessment and resuscitation; or
- (b) suffering from suspected acute organ or system failure; or
- (c) suffering from an illness or injury where the viability or function of a body part or organ is acutely threatened; or
- (d) suffering from a drug overdose, toxic substance or toxin effect; or
- (e) experiencing severe psychiatric disturbance whereby the health of the patient or other people is at immediate risk; or
- (f) suffering acute severe pain where the viability or function of a body part or organ is suspected to be acutely threatened; or
- (g) suffering acute significant haemorrhage requiring urgent assessment and treatment; and
- (h) treated in, or via, a bona fide emergency department in a hospital.

Benefits are not payable where such services are rendered in the accident and emergency departments or outpatient departments of public hospitals.

G.6.1. REFERRAL OF PATIENTS TO SPECIALISTS OR CONSULTANT PHYSICIANS

For certain services provided by specialists and consultant physicians, the Medicare benefit payable is dependent on acceptable evidence that the service has been provided following referral from another practitioner.

A reference to a referral in this Section does not refer to written requests made for pathology services or diagnostic imaging services.

What is a Referral?

A "referral" is a request to a specialist or a consultant physician for investigation, opinion, treatment and/or management of a condition or problem of a patient or for the performance of a specific examination(s) or test(s).

Subject to the exceptions in the paragraph below, for a valid "referral" to take place

- (i) the referring practitioner must have undertaken a professional attendance with the patient and turned his or her mind to the patient's need for referral and have communicated relevant information about the patient to the specialist or consultant physician (this need not mean an attendance on the occasion of the referral);
- (ii) the instrument of referral must be in writing as a letter or note to a specialist or to a consultant physician and must be signed and dated by the referring practitioner; and
- (iii) the specialist or consultant physician to whom the patient is referred must have received the instrument of referral on or prior to the occasion of the professional service to which the referral relates.

The exceptions to the requirements in paragraph above are that

- (a) sub-paragraphs (i), (ii) and (iii) do not apply to
 - a pre-anaesthesia consultation by a specialist anaesthetist (items 16710-17625);
- (b) sub-paragraphs (ii) and (iii) do not apply to
 - a referral generated during an episode of hospital treatment, for a service provided or arranged by that hospital, where the hospital records provide evidence of a referral (including the referring practitioner's signature); or
 - an emergency where the referring practitioner or the specialist or the consultant physician was of the opinion that the service be rendered as quickly as possible; and
- (c) sub-paragraph (iii) does not apply to instances where a written referral was completed by a referring practitioner but was lost, stolen or destroyed.

Examination by Specialist Anaesthetists

A referral is not required in the case of pre-anaesthesia consultation items 17610-17625. However, for benefits to be payable at the specialist rate for consultations, other than pre-anaesthesia consultations by specialist anaesthetists (items 17640 - 17655) a referral is required.

Who can Refer?

The general practitioner is regarded as the primary source of referrals. Cross-referrals between specialists and/or consultant physicians should usually occur in consultation with the patient's general practitioner.

Referrals by Dentists or Optometrists or Participating Midwives or Participating Nurse Practitioners

For Medicare benefit purposes, a referral may be made to

- (i) a recognised specialist:
 - (a) by a registered dental practitioner, where the referral arises from a dental service; or
 - (b) by a registered optometrist where the specialist is an ophthalmologist; or
 - (c) by a participating midwife where the specialist is an obstetrician or a paediatrician, as clinical needs dictate. A referral given by a participating midwife is valid until 12 months after the first service given in accordance with the referral and for 1 pregnancy only or
 - (d) by a participating nurse practitioner to specialists and consultant physicians. A referral given by a participating nurse practitioner is valid until 12 months after the first service given in accordance with the referral.
- (ii) a consultant physician, by an approved dental practitioner (oral surgeon), where the referral arises out of a dental service.

In any other circumstances (i.e. a referral to a consultant physician by a dentist, other than an approved oral surgeon, or an optometrist, or a referral by an optometrist to a specialist other than a specialist ophthalmologist), it is not a valid referral. Any resulting consultant physician or specialist attendances will attract Medicare benefits at unreferred rates.

Registered dentists and registered optometrists may refer themselves to specialists in accordance with the criteria above, and Medicare benefits are payable at the levels which apply to their referred patients.

Billing

Routine Referrals

In addition to providing the usual information required to be shown on accounts, receipts or assignment forms, specialists and consultant physicians must provide the following details (unless there are special circumstances as indicated in paragraph below):-

- - name and either practice address or provider number of the referring practitioner;
- - date of referral; and
- - period of referral (when other than for 12 months) expressed in months, eg "3", "6" or "18" months, or "indefinitely" should be shown.

Special Circumstances

(i) Lost, stolen or destroyed referrals.

If a referral has been made but the letter or note of referral has been lost, stolen or destroyed, benefits will be payable at the referred rate if the account, receipt or the assignment form shows the name of the referring medical practitioner, the practice address or provider number of the referring practitioner (if either of these are known to the consultant physician or specialist) and the words 'Lost referral'. This provision only applies to the initial attendance. For subsequent attendances to attract Medicare benefits at the referred rate a duplicate or replacement letter of referral must be obtained by the specialist or the consultant physician.

(ii) Emergencies

If the referral occurred in an emergency, benefit will be payable at the referred rate if the account, receipt or assignment form is endorsed 'Emergency referral'. This provision only applies to the initial attendance. For subsequent attendances to attract Medicare benefits at the referred rate the specialist/consultant physician must obtain a letter of referral.

(iii) Hospital referrals.

Private Patients - Where a referral is generated during an episode of hospital treatment for a service provided or arranged by that hospital, benefits will be payable at the referred rate if the account, receipt or assignment form is endorsed 'Referral within (name of hospital)' and the patient's hospital records show evidence of the referral (including the referring practitioner's signature). However, in other instances where a medical practitioner within a hospital is involved in referring a patient (e.g. to a specialist or a consultant physician in private rooms) the normal referral arrangements apply, including the requirement for a referral letter or note and its retention by the specialist or the consultant physician billing for the service.

Public Hospital Patients

State and Territory Governments are responsible for the provision of public hospital services to eligible persons in accordance with the National Healthcare Agreement.

Bulk Billing

Bulk billing assignment forms should show the same information as detailed above. However, faster processing of the claim will be facilitated where the provider number (rather than the practice address) of the referring practitioner is shown.

Period for which Referral is Valid

The referral is valid for the period specified in the referral which is taken to commence on the date of the specialist's or consultant physician's first service covered by that referral.

Specialist Referrals

Where a referral originates from a specialist or a consultant physician, the referral is valid for 3 months, except where the referred patient is an admitted patient. For admitted patients, the referral is valid for 3 months or the duration of the admission whichever is the longer.

As it is expected that the patient's general practitioner will be kept informed of the patient's progress, a referral from a specialist or a consultant physician must include the name of the patient's general practitioners and/or practice. Where a patient is unable or unwilling to nominate a general practitioner or practice this must be stated in the referral.

Referrals by other Practitioners

Where the referral originates from a practitioner other than those listed in *Specialist Referrals*, the referral is valid for a period of 12 months, unless the referring practitioner indicates that the referral is for a period more or less than 12 months (eg. 3, 6 or 18 months or valid indefinitely). Referrals for longer than 12 months should only be used where the patient's clinical condition requires continuing care and management of a specialist or a consultant physician for a specific condition or specific conditions.

Definition of a Single Course of Treatment

A single course of treatment involves an initial attendance by a specialist or consultant physician and the continuing management/treatment up to the stage where the patient is referred back to the care of the referring practitioner. It also includes any subsequent review of the patient's condition by the specialist or the consultant physician that may be necessary. Such a review may be initiated by either the referring practitioner or the specialist/consultant physician.

The presentation of an unrelated illness, requiring the referral of the patient to the specialist's or the consultant physician's care would initiate a new course of treatment in which case a new referral would be required.

The receipt by a specialist or consultant physician of a new referral following the expiration of a previous referral for the same condition(s) does not necessarily indicate the commencement of a new course of treatment involving the itemisation of an initial consultation. In the continuing management/treatment situation the new referral is to facilitate the payment of benefits at the specialist or the consultant physician referred rates rather than the unreferral rates.

However, where the referring practitioner:-

- (a) deems it necessary for the patient's condition to be reviewed; and
- (b) the patient is seen by the specialist or the consultant physician outside the currency of the last referral; and
- (c) the patient was last seen by the specialist or the consultant physician more than 9 months earlier

the attendance following the new referral initiates a new course of treatment for which Medicare benefit would be payable at the initial consultation rates.

Retention of Referral Letters

The prima facie evidence that a valid referral exists is the provision of the referral particulars on the specialist's or the consultant physician's account.

A specialist or a consultant physician is required to retain the instrument of referral (and a hospital is required to retain the patient's hospital records which show evidence of a referral) for 18 months from the date the service was rendered.

A specialist or a consultant physician is required, if requested by the Medicare Australia CEO, to produce to a medical practitioner who is an employee of Medicare Australia, the instrument of referral within seven days after the request is received. Where the referral originates in an emergency situation or in a hospital, the specialist or consultant physician is required to produce such information as is in his or her possession or control relating to whether the patient was so treated.

Attendance for Issuing of a Referral

Medicare benefit is attracted for an attendance on a patient even where the attendance is solely for the purpose of issuing a referral letter or note. However, if a medical practitioner issues a referral without an attendance on the patient, no benefit is payable for any charge raised for issuing the referral.

Locum-tenens Arrangements

It should be noted that where a non-specialist medical practitioner acts as a locum-tenens for a specialist or consultant physician, or where a specialist acts as a locum-tenens for a consultant physician, Medicare benefit is only payable at the

level appropriate for the particular locum-tenens, eg, general practitioner level for a general practitioner locum-tenens and specialist level for a referred service rendered by a specialist locum tenens.

Medicare benefits are not payable where a practitioner is not eligible to provide services attracting Medicare benefits acts as a locum-tenens for any practitioner who is eligible to provide services attracting Medicare benefits.

Fresh referrals are not required for locum-tenens acting according to accepted medical practice for the principal of a practice ie referrals to the latter are accepted as applying to the former and benefit is not payable at the initial attendance rate for an attendance by a locum-tenens if the principal has already performed an initial attendance in respect of the particular instrument of referral.

Self Referral

Medical practitioners may refer themselves to consultant physicians and specialists and Medicare benefits are payable at referred rates.

G.7.1. BILLING PROCEDURES

Itemised Accounts

Where the doctor bills the patient for medical services rendered, the patient needs a properly itemised account/receipt to claim Medicare benefits.

Under the provisions of the *Health Insurance Act 1973* and *Regulations*, a Medicare benefit is not payable for a professional service unless it is recorded on the account setting out the fee for the service or on the receipt for the fee in respect of the service, the following particulars

- i. patient's name;
- ii. the date the professional service was rendered;
- iii. the amount charged for the service;
- iv. the total amount paid in respect of the service;
- v. any amount outstanding in respect of the service;
- vi. for professional services rendered to a patient as part of an episode of hospital treatment; an asterisk '*' directly after an item number where used; or a description of the professional service sufficient to identify the item that relates to that service, preceded by the words 'admitted patient' ;
- vii. for professional services rendered as part of a privately insured episode of hospital-substitute treatment and the patient who receives the treatment chooses to receive a benefit from a private health insurer, the words 'hospital-substitute treatment' directly after an item number where used; or a description of the professional service sufficient to identify the item that relates to that service, preceded by the words 'hospital-substitute treatment' ;
- viii. the name and practice address or name and provider number of the practitioner who actually rendered the service; (where the practitioner has more than one practice location recorded with Medicare Australia, the provider number used should be that which is applicable to the practice location at or from which the service was given);
- ix. the name and practice address or name and provider number of the practitioner claiming or receiving payment of benefits, or assignment of benefit:-
 - a. for services in Groups A1 to A14, D1, T1, T4 to T9 of the General Medical Services, Groups O1 to O7 (Oral and Maxillofacial services), and Group P9 of Pathology - where the person claiming payment is NOT the person who rendered the service;
 - b. for services in Groups D2, T2, T3, I2, to I5 - for every service;
- x. if the service was a Specified Simple Basic Pathology Test (listed in Category 6 - Pathology, Group P9 of the Schedule) that was determined necessary by a practitioner who is another member of the same group medical practice, the surname and initials of that other practitioner;
- xi. where a practitioner has attended the patient on more than one occasion on the same day and on each occasion rendered a professional service to which an item in Category 1 of the Medicare Benefits Schedule relates (i.e. professional attendances), the time at which each such attendance commenced; and
- xii. where the professional service was rendered by a consultant physician or a specialist in the practice of his/her speciality to a patient who has been referred:- (a) the name of the referring medical practitioner; (b) the address of the place of practice or provider number for that place of practice; (c) the date of the referral; and (d) the period of referral (where other than for 12 months) expressed in months, e.g. "3", "6" or "18" months, or "indefinitely".

NOTE: If the information required to be recorded on accounts, receipts or assignment of benefit forms is included by an employee of the practitioner, the practitioner claiming payment for the service bears responsibility for the accuracy and completeness of the information.

Practitioners should note that payment of claims could be delayed or disallowed where it is not possible from account details to clearly identify the service as one which qualifies for Medicare benefits, or the practitioner as a registered medical practitioner at the address the service was rendered. Practitioners are therefore encouraged to provide as much detail as possible on their accounts, including Medicare Benefits Schedule item number and provider number.

The *Private Health Insurance Act 2007* provides for the payment of private health insurance benefits for hospital treatment and general treatment. Hospital treatment is treatment that is intended to manage a disease, injury or condition that is provided to a person by a hospital or arranged with the direct involvement of a hospital. General treatment is treatment that is intended to manage or prevent a disease, injury or condition and is not hospital treatment. Hospital-substitute treatment is a sub-set of General Treatment and a direct substitute for an episode of hospital treatment. Health insurers can cover specific professional services as hospital-substitute treatment in accordance with the *Private Health Insurance (Health Insurance Business) Rules*.

Claiming of Benefits

The patient, upon receipt of a doctor's account, has three courses open for paying the account and receiving benefits.

Paid Accounts

The patient may pay the account and subsequently present the receipt at a Medicare customer service centre for assessment and payment of the Medicare benefit in cash.

In these circumstances, where a claimant personally attends a Medicare office to obtain a cash or EFT deposit for the payment of Medicare benefits, the claimant is not required to complete a Medicare Patient Claim Form (PC1).

A Medicare patient claim form (PC1) must be completed where the claimant is mailing his/her claim for a cheque or EFT payment of Medicare benefits or arranging for an agent to collect cash on the claimant's behalf at a Medicare office.

Alternatively a patient may lodge their claim electronically from the doctors' surgery using Medicare Australia's Online claiming.

Claims for professional services rendered as part of an episode of hospital-substitute treatment should be submitted to the health insurer in the first instance for the payment of private health insurance benefits. The insurer of the patient will forward the claim to Medicare Australia for the payment of Medicare benefits

Unpaid and Partially Paid Accounts

Where the patient has not paid the account, the unpaid account may be presented to Medicare with a Medicare claim form. In this case Medicare will forward to the claimant a benefit cheque made payable to the doctor.

It will be the patient's responsibility to forward the cheque to the doctor and make arrangements for payment of the balance of the account if any. "Pay doctor" cheques involving Medicare benefits, must (by law), not be sent direct to medical practitioners or to patients at a doctor's address (even when the claimant requests this). "Pay doctor" cheques are required to be forwarded to the claimant's last known address.

When issuing a receipt to a patient for an account that is being paid wholly or in part by a Medicare "pay doctor" cheque the medical practitioner should indicate on the receipt that a "Medicare" cheque for \$..... was included in the payment of the account.

Where a patient has reached the relevant extended Medicare safety net threshold, the Medicare benefit payable is the Medicare rebate for the service plus 80% of the out-of-pocket cost of the service (ie difference between the fee charged by the doctor and the Medicare rebate) or the amount of the EMSN benefit cap for the item. The patient must pay at least 20% of the out-of-pocket cost of the account before extended Medicare safety net benefits become payable for the out-of-pocket cost. Medicare will apportion the benefit accordingly.

Claims for professional services rendered as part of an episode of hospital-substitute treatment should be submitted to the health insurer in the first instance for the payment of private health insurance benefits. The insurer of the patient will forward the claim to Medicare Australia for the payment of Medicare benefits.

Assignment of Benefit (Direct – Billing) Arrangements

Under the Health Insurance Act an Assignment of Benefit (direct-billing) facility for professional services is available to all persons in Australia who are eligible for benefit under the Medicare program. This facility is **NOT** confined to pensioners or people in special need.

If a medical practitioner direct-bills, he/she undertakes to accept the relevant Medicare benefit as full payment for the service. Additional charges for that service (irrespective of the purpose or title of the charge) cannot be raised against the patient, with the exception of certain vaccines.

Under these arrangements:-

- the patient's Medicare number must be quoted on all direct-bill assignment forms for that patient;
- the assignment forms provided are loose leaf to enable the patient details to be imprinted from the Medicare Card;

- the forms include information required by Regulations under Section 19(6) of the Health Insurance Act;
- the doctor must cause the particulars relating to the professional service to be set out on the assignment form, before the patient signs the form and cause the patient to receive a copy of the form as soon as practicable after the patient signs it;

Where a patient is unable to sign the assignment form:

- the signature of the patient's parent, guardian or other responsible person (other than the doctor, doctor's staff, hospital proprietor, hospital staff, residential aged care facility proprietor or residential aged care facility staff) is acceptable; or
- In the absence of a "responsible person" the patient signature section should be left blank.

Where the signature space is either left blank or another person signs on the patient's behalf, the form **must** include:

- the notation "Patient unable to sign" and
- in the section headed 'Practitioner's Use', an explanation should be given as to why the patient was unable to sign (e.g. unconscious, injured hand etc.) and this note should be signed or initialled by the doctor. If in the opinion of the practitioner the reason is of such a "sensitive" nature that revealing it would constitute an unacceptable breach of patient confidentiality or unduly embarrass or distress the recipient of the patient's copy of the assignment of benefits form, a concessional reason "due to medical condition" to signify that such a situation exists may be substituted for the actual reason. However, this should not be used routinely and in most cases it is expected that the reason given will be more specific.

Where the patient is direct-billed, an additional charge can **ONLY** be raised against the patient by the practitioner where the patient is provided with a vaccine/vaccines from the practitioner's own supply held on the practitioner's premises. This exemption only applies to general practitioners and other non-specialist practitioners in association with attendance items 3 to 96 and 5000 to 5267 (inclusive) and only relates to vaccines that are not available to the patient free of charge through Commonwealth or State funding arrangements or available through the Pharmaceutical Benefits Scheme. The additional charge must only be to cover the supply of the vaccine.

Use of Medicare Cards in Direct Billing

The Medicare card plays an important part in direct billing as it can be used to imprint the patient details (including Medicare number) on the assignment forms. A special Medicare imprinter is used for this purpose and is available free of charge, on request, from Medicare.

The patient details can, of course, be entered on the assignment forms by hand, but the use of a card to imprint patient details assists practitioners and ensures accuracy of information. The latter is essential to ensure that the processing of a claim by Medicare is expedited.

The Medicare card number must be quoted on assignment forms. If the number is not available, then the direct-billing facility should not be used. To do so would incur a risk that the patient may not be eligible and Medicare benefits not payable.

Where a patient presents without a Medicare card and indicates that he/she has been issued with a card but does not know the details, the practitioner may contact a Medicare telephone enquiry number to obtain the number.

It is important for the practitioner to check the eligibility of patients to Medicare benefits by reference to the card, as enrolees have entitlement limited to the date shown on the card and some enrolees, eg certain visitors to Australia, have restricted access to Medicare.

Assignment of Benefit Forms

To meet varying requirements the following types of stationery are available from Medicare Australia. Note that these are approved forms under the Health Insurance Act, and no other forms can be used to assign benefits without the approval of Medicare Australia.

1. Form DB2-GP. This form is designed for the use of optical scanning equipment and is used to assign benefits for General Practitioner Services other than requested pathology, specialist and optometrical services. It is loose leaf for imprinting and comprises a throw away cover sheet (after imprinting), a Medicare copy, a Practitioner copy and a Patient copy. There are 4 pre-printed items with provision for two other items. The form can also be used as an "offer to assign" when a request for pathology services is sent to an approved pathology practitioner and the patient does not attend the laboratory.
2. Form DB2-OP. This form is designed for the use of optical scanning equipment and is used to assign benefits for optometrical services. It is loose leaf to enable imprinting of patient details from the Medicare card and is similar in most respects to Form DB2-GP, except for content variations. This form may not be used as an offer to assign pathology services.
3. Form DB2-OT. This form is designed for the use of optical scanning equipment and is used to assign benefits for all specialist services. It is loose leaf to enable imprinting of patient details from the Medicare card and is similar in most respects to Form DB2-GP, except for content variations. There are no pre-printed items on this form.

4. Form DB3. This is used to assign or offer to assign benefits for pathology tests rendered by approved pathology practitioners. It is loose leaf to enable imprinting of patient details from the Medicare card and is similar in most respects to Form DB2, except for content variations. The form may not be used for services other than pathology.
5. Form DB4. This is a continuous stationery version of the DB2, and has been designed for use on most office accounting machines.
6. Form DB5. This is a continuous stationery form for pathology services which can be used on most office machines. It cannot be used to assign benefits and must therefore be accompanied by an offer to assign (Form DB2, DB3 or DB4) or other form approved by Medicare Australia for that purpose.

The Claim for Assigned Benefits (Form DB1N, DB1H)

Practitioners who accept assigned benefits must claim from Medicare using either Claim for Assigned Benefits form DB1N or DB1H. The DB1N form should be used where services are rendered to persons for treatment provided out of hospital or day hospital treatment. The DB1H form should be used where services are rendered to persons while hospital treatment is provided in a hospital or day hospital facility (other than public patients). Both forms have been designed to enable benefit for a claim to be directed to a practitioner other than the one who rendered the services. The facility is intended for use in situations such as where a short term locum is acting on behalf of the principal doctor and setting the locum up with a provider number and pay-group link for the principal doctor's practice is impractical. Practitioners should note that this facility cannot be used to generate payments to or through a person who does not have a provider number.

Each claim form must be accompanied by the assignment forms to which the claim relates.

The DB1N and DB1H are also loose leaf to enable imprinting of practitioner details using the special Medicare imprinter. For this purpose, practitioner cards, showing the practitioner's name, practice address and provider number are available from Medicare on request.

Direct-Bill Stationery (Forms DB6Ba & DB6Bb)

Medical practitioners wishing to direct-bill may obtain information on direct-bill stationery by telephoning 132150.

- Form DB6Ba. This form is used to order larger stocks of forms DB3, DB4 and DB5 (and where a practitioner uses these forms, DB1N and DB1H), kits for optical scanning stationery (which comprises DB2's (GP, OP and OT)), DB1's pre addressed envelopes and an instruction sheet for the use of direct-bill scanning stationery.
- Form DB6Bb. This form is used to order stocks of forms and additional products (including Medicare Safety Net forms and promotional material). These forms are available from Medicare.

Time Limits Applicable to Lodgement of Claims for Assigned Benefits

A time limit of two years applies to the lodgement of claims with Medicare under the direct-billing (assignment of benefits) arrangements. This means that Medicare benefits are not payable for any service where the service was rendered more than two years earlier than the date the claim was lodged with Medicare.

Provision exists whereby in certain circumstances (eg hardship cases, third party workers' compensation cases), the Minister may waive the time limits. Special forms for this purpose are available, if required, from the processing centre to which assigned claims are directed.

G.8.1. PROVISION FOR REVIEW OF INDIVIDUAL HEALTH PROFESSIONALS

The Professional Services Review (PSR) reviews and investigates service provision by health practitioners to determine if they have engaged in inappropriate practice when rendering or initiating Medicare services, or when prescribing or dispensing under the PBS.

Section 82 of the *Health Insurance Act 1973* defines inappropriate practice as conduct that is such that a PSR Committee could reasonably conclude that it would be unacceptable to the general body of the members of the profession in which the practitioner was practicing when they rendered or initiated the services under review. It is also an offence under Section 82 for a person or officer of a body corporate to knowingly, recklessly or negligently cause or permit a practitioner employed by the person to engage in such conduct.

Medicare Australia monitors health practitioners' claiming patterns. Where Medicare Australia detects an anomaly, it may request the Director of PSR to review the practitioner's service provision. On receiving the request, the Director must decide whether to conduct a review and in which manner the review will be conducted. The Director is authorized to require that documents and information be provided.

Following a review, the Director must:
 decide to take no further action; or
 enter into an agreement with the person under review (which must then be ratified by an independent Determining Authority); or
 refer the matter to a PSR Committee.

A PSR Committee normally comprises three medically qualified members, two of whom must be members of the same profession as the practitioner under review. However, up to two additional Committee members may be appointed to provide wider range of clinical expertise.

The Committee is authorized to:

investigate any aspect of the provision of the referred services, and without being limited by the reasons given in the review request or by a Director's report following the review;
hold hearings and require the person under review to attend and give evidence;
require the production of documents (including clinical notes).

The methods available to a PSR Committee to investigate and quantify inappropriate practice are specified in legislation:

(a) Patterns of Services - The *Health Insurance (Professional Services Review) Regulations 1999* specify that when a general practitioner or other medical practitioner reaches or exceeds 80 or more attendances on each of 20 or more days in a 12-month period, they are deemed to have practiced inappropriately.

A professional attendance means a service of a kind mentioned in group A1, A2, A5, A6, A7, A9, A11, A13, A14, A15, A16, A17, A18, A19, A20, A21, A22 or A23 of Part 3 of the General Medical Services Table.

If the practitioner can satisfy the PSR Committee that their pattern of service was as a result of exceptional circumstances, the quantum of inappropriate practice is reduce accordingly. Exceptional circumstances include, but are not limited to, those set out in the *Regulations*. These include:

an unusual occurrence;
the absence of other medical services for the practitioner's patients (having regard to the practice location); and
the characteristics of the patients.

(b) Sampling - A PSR Committee may use statistically valid methods to sample the clinical or practice records.

(c) Generic findings - If a PSR Committee cannot use patterns of service or sampling (for example, there are insufficient medical records), it can make a 'generic' finding of inappropriate practice.

Additional Information

A PSR Committee may not make a finding of inappropriate practice unless it has given the person under review notice of its intention to review them, the reasons for its findings, and an opportunity to respond. In reaching their decision, a PSR Committee is required to consider whether or not the practitioner has kept adequate and contemporaneous patient records (See general explanatory note G15.1 for more information on adequate and contemporaneous patient records).

The practitioner under review is permitted to make submissions to the PSR Committee before key decisions or a final report is made.

If a PSR Committee finds that the person under review has engaged in inappropriate practice, the findings will be reported to the Determining Authority to decide what action should be taken:

- (i)** a reprimand;
- (ii)** counselling;
- (iii)** repayment of Medicare benefits; and/or
- (iv)** complete or partial disqualification from Medicare benefit arrangements for up to three years.

Further information is available from the PSR website - www.psr.gov.au

G.8.2. MEDICARE PARTICIPATION REVIEW COMMITTEE

The Medicare Participation Review Committee determines what administrative action should be taken against a practitioner who:

- (a) has been successfully prosecuted for relevant criminal offences;
- (b) has breached an Approved Pathology Practitioner undertaking;
- (c) has engaged in prohibited diagnostic imaging practices; or
- (d) has been found to have engaged in inappropriate practice under the Professional Services Review scheme and has received Final Determinations on two (or more) occasions.

The Committee can take no further action, counsel or reprimand the practitioner, or determine that the practitioner be disqualified from Medicare for a particular period or in relation to particular services for up to five years.

Medicare benefits are not payable in respect of services rendered by a practitioner who has been fully disqualified, or partly disqualified in relation to relevant services under the *Health Insurance Act 1973* (Section 19B applies).

G.8.3. REFERRAL OF PROFESSIONAL ISSUES TO REGULATORY AND OTHER BODIES

The *Health Insurance Act 1973* provides for the following referral, to an appropriate regulatory body:

- i. a significant threat to a person's life or health, when caused or is being caused or is likely to be caused by the conduct of the practitioner under review; or
- ii. a statement of concerns of non-compliance by a practitioner with 'professional standards'.

G.8.4. COMPREHENSIVE MANAGEMENT FRAMEWORK FOR THE MBS

The Government announced the Comprehensive Management Framework for the MBS in the 2011-12 Budget to improve MBS management and governance into the future. As part of this framework, the Medical Services Advisory Committee (MSAC) Terms of Reference and membership have been expanded to provide the Government with independent expert advice on all new proposed services to be funded through the MBS, as well as on all proposed amendments to existing MBS items. Processes developed under the previously funded MBS Quality Framework are now being integrated with MSAC processes under the Comprehensive Management Framework for the MBS.

G.8.5. MEDICAL SERVICES ADVISORY COMMITTEE

The Medical Services Advisory Committee (MSAC) advises the Minister on the strength of evidence relating to the safety, effectiveness and cost effectiveness of new and emerging medical services and technologies and under what circumstances public funding, including listing on the MBS, should be supported.

MSAC members are appointed by the Minister and include specialist practitioners, general practitioners, health economists, a health consumer representative, health planning and administration experts and epidemiologists.

For more information on the MSAC refer to their website – www.msac.gov.au or email on msac.secretariat@health.gov.au or by phoning the MSAC secretariat on (02) 6289 6811.

G.8.6. PATHOLOGY SERVICES TABLE COMMITTEE

This Pathology Services Table Committee comprises six representatives from the interested professions and six from the Australian Government. Its primary role is to advise the Minister on the need for changes to the structure and content of the Pathology Services Table (except new medical services and technologies) including the level of fees.

G.8.7. MEDICARE CLAIMS REVIEW PANEL

There are MBS items which make the payment of Medicare benefits dependent on a 'demonstrated' clinical need. Services requiring prior approval are those covered by items 11222, 11225, 12207, 12215, 12217, 21965, 21997, 30214, 32501, 42783, 42786, 42789, 42792, 45019, 45020, 45528, 45557, 45558, 45559, 45585, 45586, 45588, 45639.

Claims for benefits for these services should be lodged with Medicare Australia for referral to the National Office of Medicare Australia for assessment by the Medicare Claims Review Panel (MCRP) and must be accompanied by sufficient clinical and/or photographic evidence to enable Medicare Australia to determine the eligibility of the service for the payment of benefits.

Practitioners may also apply to Medicare Australia for prospective approval for proposed surgery.

Applications for approval should be addressed to:

The MCRP Officer
PO Box 9822
SYDNEY NSW 2001

G.9.1. PENALTIES AND LIABILITIES

Penalties of up to \$10,000 or imprisonment for up to five years, or both, may be imposed on any person who makes a statement (oral or written) or who issues or presents a document that is false or misleading in a material particular and which is capable of being used with a claim for benefits. In addition, any practitioner who is found guilty of such offences by a court shall be subject to examination by a Medicare Participation Review Committee and may be counselled or reprimanded or may have services wholly or partially disqualified from the Medicare benefit arrangements.

A penalty of up to \$1,000 or imprisonment for up to three months, or both, may be imposed on any person who obtains a patient's signature on a direct-billing form without the obligatory details having been entered on the form before the person signs, or who fails to cause a patient to be given a copy of the completed form.

G.10.1. SCHEDULE FEES AND MEDICARE BENEFITS

Medicare benefits are based on fees determined for each medical service. The fee is referred to in these notes as the "Schedule fee". The fee for any item listed in the MBS is that which is regarded as being reasonable on average for that service having regard to usual and reasonable variations in the time involved in performing the service on different occasions and to reasonable ranges of complexity and technical difficulty encountered.

In some cases two levels of fees are applied to the same service in General Medical Services, with each level of fee being allocated a separate item number. The item identified by the letter "S" applies in the case where the procedure has been rendered by a recognised specialist in the practice of his or her speciality and the patient has been referred. The item identified by the letter "G" applies in any other circumstances.

As a general rule Schedule fees are adjusted on an annual basis, usually in November.

The Schedule fee and Medicare benefit levels for the medical services contained in the MBS are located with the item descriptions. Where appropriate, the calculated benefit has been rounded to the nearest higher 5 cents. However, in no circumstances will the Medicare benefit payable exceed the fee actually charged.

There are presently three levels of Medicare benefit payable:

- (a) **75% of the Schedule fee:**
 - i. for professional services rendered to a patient as part of an episode of hospital treatment (other than public patients). Medical practitioners must indicate on their accounts if a medical service is rendered in these circumstances by placing an asterisk '*' directly after an item number where used; or a description of the professional service, preceded by the word 'patient';
 - ii. for professional services rendered as part of an episode of hospital-substitute treatment, and the patient who receives the treatment chooses to receive a benefit from a private health insurer. Medical practitioners must indicate on their accounts if a medical service is rendered in these circumstances by placing the words 'hospital-substitute treatment' directly after an item number where used; or a description of the professional service, preceded by the words 'hospital-substitute treatment'.
- (b) **100% of the Schedule fee** for non-referred attendances by general practitioners to non-admitted patients and services provided by a practice nurse or Aboriginal and Torres Strait Islander health practitioner on behalf of a general practitioner.
- (c) **85% of the Schedule fee**, or the Schedule fee less \$74.50 (indexed annually), whichever is the greater, for all other professional services.

Public hospital services are to be provided free of charge to eligible persons who choose to be treated as public patients in accordance with the National Healthcare Agreement.

A medical service rendered to a patient on the day of admission to, or day of discharge from hospital, *but prior to admission or subsequent to discharge*, will attract benefits at the 85% or 100% level, not 75%. This also applies to a pathology service rendered to a patient prior to admission. Attendances on patients at a hospital (other than patients covered by paragraph (i) above) attract benefits at the 85% level.

The 75% benefit level applies even though a portion of the service (eg. aftercare) may be rendered outside the hospital. With regard to obstetric items, benefits would be attracted at the 75% level where the confinement takes place in hospital.

Pathology tests performed after discharge from hospital on bodily specimens taken during hospitalisation also attract the 75% level of benefits.

It should be noted that private health insurers can cover the "patient gap" (that is, the difference between the Medicare rebate and the Schedule fee) for services attracting benefits at the 75% level. Patients may insure with private health insurers for the gap between the 75% Medicare benefits and the Schedule fee or for amounts in excess of the Schedule fee where the doctor has an arrangement with their health insurer.

G.10.2. MEDICARE SAFETY NETS

The Medicare Safety Nets provide families and singles with an additional rebate for out-of-hospital Medicare services, once annual thresholds are reached. There are two safety nets: the original Medicare safety net and the extended Medicare safety net.

Original Medicare Safety Net:

Under the original Medicare safety net, the Medicare benefit for out-of-hospital services is increased to 100% of the Schedule Fee (up from 85%) once an annual threshold in gap costs is reached. Gap costs refer to the difference between the Medicare benefit (85%) and the Schedule Fee. The threshold from 1 January 2013 is \$421.70. This threshold applies to all Medicare-eligible singles and families.

Extended Medicare Safety Net:

Under the extended Medicare safety net (EMSN), once an annual threshold in out-of-pocket costs for out-of-hospital Medicare services is reached, Medicare will pay for 80% of any future out-of-pocket costs for out-of-hospital Medicare services for the remainder of the calendar year. However, where the item has an EMSN benefit cap, there is a maximum limit on the EMSN benefit that will be paid for that item. Further explanation about EMSN benefit caps is provided below. Out-of-pocket costs refer to the difference between the Medicare benefit and the fee charged by the practitioner.

In 2013, the threshold for singles and families that hold Commonwealth concession card, families that received Family Tax Benefit Part (A) (FTB(A)) and families that qualify for notional FTB(A) is \$610.70. The threshold for all other singles and families is \$1,221.90.

The thresholds for both safety nets are indexed on 1 January each year.

Individuals are automatically registered with Medicare Australia for the safety nets; however couples and families are required to register in order to be recognised as a family for the purposes on the safety nets. In most cases, registered families have their expenses combined to reach the safety net thresholds. This may help to qualify for safety net benefits more quickly. Registration forms can be obtained from Medicare Australia offices, or completed online at www.medicareaustralia.gov.au.

EMSN Benefit Caps:

The EMSN benefit cap is the maximum EMSN benefit payable for that item and is paid in addition to the standard Medicare rebate. Where there is an EMSN benefit cap in place for the item, the amount of the EMSN cap is displayed in the item descriptor.

Once the EMSN threshold is reached, each time the item is claimed the patient is eligible to receive up to the EMSN benefit cap. As with the safety nets, the EMSN benefit cap only applies to out-of-hospital services.

Where the item has an EMSN benefit cap, the EMSN benefit is calculated as 80% of the out-of-pocket cost for the service. If the calculated EMSN benefit is less than the EMSN benefit cap; then calculated EMSN rebate is paid. If the calculated EMSN benefit is greater than the EMSN benefit cap; the EMSN benefit cap is paid.

For example:

Item A has a Schedule fee of \$100, the out-of-hospital benefit is \$85 (85% of the Schedule fee). The EMSN benefit cap is \$30. Assuming that the patient has reached the EMSN threshold:

- o If the fee charged by the doctor for Item A is \$125, the standard Medicare rebate is \$85, with an out-of-pocket cost of \$40. The EMSN benefit is calculated as $\$40 \times 80\% = \32 . However, as the EMSN benefit cap is \$30, only \$30 will be paid.
- o If the fee charged by the doctor for Item A is \$110, the standard Medicare rebate is \$85, with an out-of-pocket cost of \$25. The EMSN benefit is calculated as $\$25 \times 80\% = \20 . As this is less than the EMSN benefit cap, the full \$20 is paid.

G.11.1. SERVICES NOT LISTED IN THE MBS

Benefits are not generally payable for services not listed in the MBS. However, there are some procedural services which are not specifically listed because they are regarded as forming part of a consultation or else attract benefits on an attendance basis. For example, intramuscular injections, aspiration needle biopsy, treatment of seborrheic keratoses and less than 10 solar keratoses by ablative techniques and closed reduction of the toe (other than the great toe).

Enquiries about services not listed or on matters of interpretation should be directed to Medicare Australia on 132 150.

G.11.2. MINISTERIAL DETERMINATIONS

Section 3C of the *Health Insurance Act 1973* empowers the Minister to determine an item and Schedule fee (for the purposes of the Medicare benefits arrangements) for a service not included in the health insurance legislation. This provision may be used to facilitate payment of benefits for new developed procedures or techniques where close monitoring is desirable. Services which have received section 3C approval are located in their relevant Groups in the MBS with the notation "**(Ministerial Determination)**".

G.12.1. PROFESSIONAL SERVICES

Professional services which attract Medicare benefits include medical services rendered by or “on behalf of” a medical practitioner. The latter include services where a part of the service is performed by a technician employed by or, in accordance with accepted medical practice, acting under the supervision of the medical practitioner.

The *Health Insurance Regulations 1975* specify that the following medical services will attract benefits only if they have been personally performed by a medical practitioner on not more than one patient on the one occasion (i.e. two or more patients cannot be attended simultaneously, although patients may be seen consecutively), unless a group session is involved (i.e. Items 170-172). The requirement of "personal performance" is met whether or not assistance is provided, according to accepted medical standards:-

- (a) All Category 1 (Professional Attendances) items (except 170-172, 342-346);
- (b) Each of the following items in Group D1 (Miscellaneous Diagnostic):- 11012, 11015, 11018, 11021, 11212, 11304, 11500, 11600, 11627, 11701, 11712, 11724, 11921, 12000, 12003;
- (c) All Group T1 (Miscellaneous Therapeutic) items (except 13020, 13025, 13200-13206, 13212-13221, 13703, 13706, 13709, 13750-13760, 13915-13948, 14050, 14053, 14218, 14221 and 14224);
- (d) Item 15600 in Group T2 (Radiation Oncology);
- (e) All Group T3 (Therapeutic Nuclear Medicine) items;
- (f) All Group T4 (Obstetrics) items (except 16400 and 16514);
- (g) All Group T6 (Anaesthetics) items;
- (h) All Group T7 (Regional or Field Nerve Block) items;
- (i) All Group T8 (Operations) items;
- (j) All Group T9 (Assistance at Operations) items;
- (k) All Group T10 (Relative Value Guide for Anaesthetics) items.

For the group psychotherapy and family group therapy services covered by Items 170, 171, 172, 342, 344 and 346, benefits are payable only if the services have been conducted personally by the medical practitioner.

Medicare benefits are not payable for these group items or any of the items listed in (a) - (k) above when the service is rendered by a medical practitioner employed by the proprietor of a hospital (not being a private hospital), except where the practitioner is exercising their right of private practice, or is performing a medical service outside the hospital. For example, benefits are not paid when a hospital intern or registrar performs a service at the request of a staff specialist or visiting medical officer.

G.12.2. SERVICES RENDERED ON BEHALF OF MEDICAL PRACTITIONERS

Medical services in Categories 2 and 3 not included in the list above and Category 5 (Diagnostic Imaging) services continue to attract Medicare benefits if the service is rendered by:-

- (a) the medical practitioner in whose name the service is being claimed;
- (b) a person, other than a medical practitioner, who is employed by a medical practitioner or, in accordance with accepted medical practice, acts under the supervision of a medical practitioner.

See Category 6 Notes for Guidance for arrangements relating to Pathology services.

So that a service rendered by an employee or under the supervision of a medical practitioner may attract a Medicare rebate, the service must be billed in the name of the practitioner who must accept full responsibility for the service. Medicare Australia must be satisfied with the employment and supervision arrangements. While the supervising medical practitioner need not be present for the entire service, they must have a direct involvement in at least part of the service. Although the supervision requirements will vary according to the service in question, they will, as a general rule, be satisfied where the medical practitioner has:-

- (a) established consistent quality assurance procedures for the data acquisition; and
- (b) personally analysed the data and written the report.

Benefits are not payable for these services when a medical practitioner refers patients to self-employed medical or paramedical personnel, such as radiographers and audiologists, who either bill the patient or the practitioner requesting the service.

G.12.3. MASS IMMUNISATION

Medicare benefits are payable for a professional attendance that includes an immunisation, provided that the actual administration of the vaccine is not specifically funded through any other Commonwealth or State Government program, nor through an international or private organisation.

The location of the service, or advertising of it, or the number of patients presenting together for it, normally do not indicate a mass immunisation.

G.13.1. SERVICES WHICH DO NOT ATTRACT MEDICARE BENEFITS

Services not attracting benefits

- telephone consultations;
- issue of repeat prescriptions when the patient does not attend the surgery in person;
- group attendances (unless otherwise specified in the item, such as items 170, 171, 172, 342, 344 and 346);
- non-therapeutic cosmetic surgery;
- euthanasia and any service directly related to the procedure. However, services rendered for counselling/assessment about euthanasia will attract benefits.

Medicare benefits are not payable where the medical expenses for the service

- are paid/payable to a public hospital;
- are for a compensable injury or illness for which the patient's insurer or compensation agency has accepted liability. (Please note that if the medical expenses relate to a compensable injury/illness for which the insurer/compensation agency is disputing liability, then Medicare benefits are payable until the liability is accepted.);
- are for a medical examination for the purposes of life insurance, superannuation, a provident account scheme, or admission to membership of a friendly society;
- are incurred in mass immunisation (see General Explanatory Note 12 for further explanation).

Unless the Minister otherwise directs

Medicare benefits are not payable where:

- the service is rendered by or on behalf of, or under an arrangement with the Australian Government, a State or Territory, a local government body or an authority established under Commonwealth, State or Territory law;
- the medical expenses are incurred by the employer of the person to whom the service is rendered;
- the person to whom the service is rendered is employed in an industrial undertaking and that service is rendered for the purposes related to the operation of the undertaking; or
- the service is a health screening service.
- the service is a pre-employment screening service

Current regulations preclude the payment of Medicare benefits for professional services rendered in relation to or in association with:

- (a) chelation therapy (that is, the intravenous administration of ethylenediamine tetra-acetic acid or any of its salts) other than for the treatment of heavy-metal poisoning;
- (b) the injection of human chorionic gonadotrophin in the management of obesity;
- (c) the use of hyperbaric oxygen therapy in the treatment of multiple sclerosis;
- (d) the removal of tattoos;
- (e) the transplantation of a thoracic or abdominal organ, other than a kidney, or of a part of an organ of that kind; or the transplantation of a kidney in conjunction with the transplantation of a thoracic or other abdominal organ, or part of an organ of that kind;
- (f) the removal from a cadaver of kidneys for transplantation;
- (g) the administration of microwave (UHF radio wave) cancer therapy, including the intravenous injection of drugs used in the therapy.

Pain pumps for post-operative pain management

The cannulation and/or catheterisation of surgical sites associated with pain pumps for post-operative pain management cannot be billed under any MBS item.

The filling or re-filling of drug reservoirs of ambulatory pain pumps for post-operative pain management cannot be billed under any MBS items.

Non Medicare Services

An item in the range 1 to 10943 does not apply to the service described in that item if the service is provided at the same time as, or in connection with, any of the services specified below

- (a) Endoluminal gastroplasty, for the treatment of gastro-oesophageal reflux disease;
- (b) Gamma knife surgery;
- (c) Intradiscal electro thermal arthroplasty;
- (d) Intravascular ultrasound (except where used in conjunction with intravascular brachytherapy);
- (e) Intro-articular viscosupplementation, for the treatment of osteoarthritis of the knee;
- (f) Low intensity ultrasound treatment, for the acceleration of bone fracture healing, using a bone growth stimulator;
- (g) Lung volume reduction surgery, for advanced emphysema;

- (h) Photodynamic therapy, for skin and mucosal cancer;
- (i) Placement of artificial bowel sphincters, in the management of faecal incontinence;
- (j) Selective internal radiation therapy for any condition other than hepatic metastases that are secondary to colorectal cancer;
- (k) Specific mass measurement of bone alkaline phosphatase;
- (l) Transmyocardial laser revascularisation;
- (m) Vertebral axial decompression therapy, for chronic back pain.
- (n) Autologous Chondrocyte Implantation and Matrix-induced Autologous Chondrocyte Implantation.
- (o) Vertebroplasty

Health Screening Services

Unless the Minister otherwise directs Medicare benefits are not payable for health screening services. A health screening service is defined as a medical examination or test that is not reasonably required for the management of the medical condition of the patient. Services covered by this proscription include such items as:

- multiphasic health screening;
- mammography screening (except as provided for in Items 59300/59303);
- testing of fitness to undergo physical training program, vocational activities or weight reduction programs;
- compulsory examinations and tests to obtain a flying, commercial driving or other licence;
- entrance to schools and other educational facilities;
- for the purposes of legal proceedings;
- compulsory examinations for admission to aged persons' accommodation and pathology services associated with clinical ecology.

The Minister has directed that Medicare benefits be paid for the following categories of health screening:

- a medical examination or test on a symptomless patient by that patient's own medical practitioner in the course of normal medical practice, to ensure the patient receives any medical advice or treatment necessary to maintain their state of health. Benefits would be payable for the attendance and tests which are considered reasonably necessary according to patients individual circumstances (such as age, physical condition, past personal and family history). For example, a Papanicolaou test in a woman (see General Explanatory note 13.6.4 for more information), blood lipid estimation where a person has a family history of lipid disorder. However, such routine check up should not necessarily be accompanied by an extensive battery of diagnostic investigations;
- a pathology service requested by the National Heart Foundation of Australia, Risk Evaluation Service;
- age or health related medical examinations to obtain or renew a licence to drive a private motor vehicle;
- a medical examination of, and/or blood collection from persons occupationally exposed to sexual transmission of disease, in line with conditions determined by the relevant State or Territory health authority, (one examination or collection per person per week). Benefits are not paid for pathology tests resulting from the examination or collection;
- a medical examination for a person as a prerequisite of that person becoming eligible to foster a child or children;
- a medical examination being a requisite for Social Security benefits or allowances;
- a medical or optometrical examination provided to a person who is an unemployed person (as defined by the *Social Security Act 1991*), as the request of a prospective employer.

The National Policy on screening for the Prevention of Cervical Cancer (endorsed by the Royal Australian College of General Practitioners, the Royal Australian College of Obstetricians and Gynaecologists, the Royal College of Pathologists of Australasia, the Australian Cancer Society and the National Health and Medical Research Council) is as follows:-

- an examination interval of two years for women who have no symptoms or history suggestive of abnormal cervical cytology, commencing between the ages of 18 to 20 years, or one or two years after first sexual intercourse, whichever is later;
- cessation of cervical smears at 70 years for women who have had two normal results within the last five years. Women over 70 who have never been examined, or who request a cervical smear, should be examined.

Note 1: As separate items exist for routine examination of cervical smears, treating practitioners are asked to clearly identify on the request form to the pathologist, if the smear has been taken as a routine examination or for the management of a previously detected abnormality (see paragraph PP.11 of Pathology Services Explanatory Notes in Category 6).

Note 2: See items 2501 to 2509, and 2600 to 2616 in Group A18 and A19 of Category 1 – Professional Attendances and the associated explanatory notes for these items in Category 1 – Professional Attendances.

Services rendered to a doctor's dependants, practice partner, or practice partner's dependants

Medicare benefits are not paid for professional services rendered by a medical practitioner to dependants or partners or a partner's dependants.

A 'dependant' person is a spouse or a child. The following provides definitions of these dependant persons:

a spouse, in relation to a dependant person means:

- (a) a person who is legally married to, and is not living, on a permanent basis, separately and apart from, that person; and
- (b) a de facto spouse of that person.

a child, in relation to a dependant person means:

- (a) a child under the age of 16 years who is in the custody, care and control of the person or the spouse of the person; and
- (b) a person who:
 - (i) has attained the age of 16 years who is in the custody, care and control of the person or the spouse of the person; or
 - (ii) is receiving full time education at a school, college or university; and
 - (iii) is not being paid a disability support pension under the Social Security Act 1991; and
 - (iv) is wholly or substantially dependent on the person or on the spouse of the person.

G.14.1. PRINCIPLES OF INTERPRETATION OF THE MBS

Each professional service listed in the MBS is a complete medical service. Where a listed service is also a component of a more comprehensive service covered by another item, the benefit for the latter service will cover the former.

Where a service is rendered partly by one medical practitioner and partly by another, only the one amount of benefit is payable. For example, where a radiographic examination is started by one medical practitioner and finalised by another.

G.14.2. SERVICES ATTRACTING BENEFITS ON AN ATTENDANCE BASIS

Some services are not listed in the MBS because they are regarded as forming part of a consultation or they attract benefits on an attendance basis.

G.14.3. CONSULTATION AND PROCEDURES RENDERED AT THE ONE ATTENDANCE

Where, during a single attendance, a consultation (under Category 1 of the MBS) and another medical service (under any other Category of the Schedule) occur, benefits are payable subject to certain exceptions, for both the consultation and the other service. Benefits are not payable for the consultation in addition to an item rendered on the same occasion where the item is qualified by words such as "each attendance", "attendance at which", "including associated attendances/consultations", and all items in Group T6 and T9. In the case of radiotherapy treatment (Group T2 of Category 3) benefits are payable for both the radiotherapy and an initial referred consultation.

Where the level of benefit for an attendance depends upon the consultation time (for example, in psychiatry), the time spent in carrying out a procedure which is covered by another item in the MBS, may not be included in the consultation time.

A consultation fee may only be charged if a consultation occurs; that is, it is not expected that consultation fee will be charged on every occasion a procedure is performed.

G.14.4. AGGREGATE ITEMS

The MBS includes a number of items which apply only in conjunction with another specified service listed in the MBS. These items provide for the application of a fixed loading or factor to the fee and benefit for the service with which they are rendered.

When these particular procedures are rendered in conjunction, the legislation provides for the procedures to be regarded as one service and for a single patient gap to apply. The Schedule fee for the service will be ascertained in accordance with the particular rules shown in the relevant items.

G.14.5. RESIDENTIAL AGED CARE FACILITY

A residential aged care facility is defined in the *Aged Care Act 1997*; the definition includes facilities formerly known as nursing homes and hostels.

G.15.1. PRACTITIONERS SHOULD MAINTAIN ADEQUATE AND CONTEMPORANEOUS RECORDS

All practitioners who provide, or initiate, a service for which a Medicare benefit is payable, should ensure they maintain **adequate** and **contemporaneous** records.

Note: 'Practitioner' is defined in Section 81 of the *Health Insurance Act 1973* and includes: medical practitioners, dentists, optometrists, chiropractors, physiotherapists, podiatrists and osteopaths.

Since 1 November 1999 PSR Committees determining issues of inappropriate practice have been obliged to consider if the practitioner kept adequate and contemporaneous records. It will be up to the peer judgement of the PSR Committee to decide if a practitioner's records meet the prescribed standards.

The standards which determine if a record is adequate and contemporaneous are prescribed in the *Health Insurance (Professional Services Review) Regulations 1999*.

To be **adequate**, the patient or clinical record needs to:

- clearly identify the name of the patient; and
- contain a separate entry for each attendance by the patient for a service and the date on which the service was rendered or initiated; and
- each entry needs to provide clinical information adequate to explain the type of service rendered or initiated; and
- each entry needs to be sufficiently comprehensible that another practitioner, relying on the record, can effectively undertake the patient's ongoing care.

To be **contemporaneous**, the patient or clinical record should be completed at the time that the service was rendered or initiated or as soon as practicable afterwards. Records for hospital patients are usually kept by the hospital and the practitioner could rely on these records to document in-patient care.

The Department of Human Services (DHS) has developed an [Health Practitioner Guideline to substantiate that a specific treatment was performed](#) which is located on the DHS website.

Amended Descriptions since 1/03/2013

133 2100 2122 2126 2137 2143 2147 2195 2199

A.1.. PERSONAL ATTENDANCE BY PRACTITIONER

The personal attendance of the medical practitioner upon the patient is necessary, before a "consultation" may be regarded as a professional attendance. In itemising a consultation covered by an item which refers to a period of time, only that time during which a patient is receiving active attention should be counted. Periods such as when a patient is resting between blood pressure readings, waiting for pupils to dilate after the instillation of a mydriatic, or receiving short wave therapy etc., should not be included in the time of the consultation. Similarly, the time taken by a doctor to travel to a patient's home should not be taken into consideration in the determination of the length of the consultation. While the doctor is free to charge a fee for "travel time" when patients are seen away from the surgery, benefits are payable only in respect of the time a patient is receiving active attention.

A.2.. PROFESSIONAL ATTENDANCES

Professional attendances by medical practitioners cover consultations during which the practitioner: evaluates the patient's health-related issue or issues, using certain health screening services if applicable; formulates a management plan in relation to one or more health-related issues for the patient; provides advice to the patient and/or relatives (if authorised by the patient); provides appropriate preventive health care; and records the clinical detail of the service(s) provided to the patient. (See the General Explanatory Notes for more information on health screening services.)

A.3.. SERVICES NOT ATTRACTING MEDICARE BENEFITS

Telephone consultations, letters of advice by medical practitioners, the issue of repeat prescriptions when the patient is not in attendance, post mortem examinations, the issue of death certificates, cremation certificates, counselling of relatives (Note - items 348, 350 and 352 are not counselling services), group attendances (other than group attendances covered by items 170, 171, 172, 342, 344 and 346) such as group counselling, health education, weight reduction or fitness classes do not qualify for benefit.

Although Medicare benefits are not payable for the issue of a death certificate, an attendance on a patient at which it is determined that life is extinct can be claimed under the appropriate attendance item. The outcome of the attendance may be that a death certificate is issued, however, Medicare benefits are only payable for the attendance component of the service.

A.4.. MULTIPLE ATTENDANCES ON THE SAME DAY

Payment of benefit may be made for each of several attendances on a patient on the same day by the same medical practitioner provided the subsequent attendances are not a continuation of the initial or earlier attendances.

However, there should be a reasonable lapse of time between such attendances before they can be regarded as separate attendances.

Where two or more attendances are made on the one day by the same medical practitioner the time of each attendance should be stated on the account (eg 10.30 am and 3.15 pm) in order to assist in the assessment of benefits.

In some circumstances a subsequent attendance on the same day does in fact constitute a continuation of an earlier attendance. For example, a preliminary eye examination may be concluded with the instillation of a mydriatic and then an hour or so later eye refraction is undertaken. These sessions are regarded as being one attendance for benefit purposes. Further examples are the case of skin sensitivity testing, and the situation where a patient is issued a prescription for a vaccine and subsequently returns to the surgery for the injection.

A.5.. ATTENDANCES BY GENERAL PRACTITIONERS (ITEMS 3 TO 51, 193, 195, 197, 199, 597, 599, 2497-2559 AND 5000-5067)

Items 3 to 51 and 193, 195, 197, 199, 597, 599, 2497-2559 and 5000-5067 relate specifically to attendances rendered by medical practitioners who are either:

- listed on the Vocational Register of General Practitioners maintained by Medicare Australia;
- holders of the Fellowship of the Royal Australian College of General Practitioners (FRACGP) who participate in, and meet the requirements of the RACGP for continuing medical education and quality assurance as defined in the RACGP Quality Assurance and Continuing Medical Education program; or
- holders of the Fellowship of the Australian College of Rural and Remote Medicine (FACRRM) who participate in, and meet the requirements of the Australian College of Rural and Remote Medicine (ACRRM) for continuing medical education and quality assurance as defined in ACRRM's Professional Development Program;
- undertaking an approved placement in general practice as part of a training program for general practice leading to the award of the FRACGP or training recognised by the RACGP as being of an equivalent standard; or
- undertaking an approved placement in general practice as part of a training program for general practice leading to the award of the FACRRM or training recognised by ACRRM as being of an equivalent standard.

Only general practitioners are eligible to itemise the *Group A1, items 597 and 599 of Group A11 and Group A22* content-based items. (See the General Explanatory Notes for further details of eligibility and registration.)

To assist general practitioners in selecting the appropriate item number for Medicare benefit purposes the following notes in respect of the various levels are given.

LEVEL A

A Level A item will be used for obvious and straightforward cases and this should be reflected in the practitioner's records. In this context, the practitioner should undertake the necessary examination of the affected part if required, and note the action taken.

LEVEL B

A Level B item will be used for a consultation lasting less than 20 minutes for cases that are not obvious or straightforward in relation to one or more health related issues. The medical practitioner may undertake all or some of the tasks set out in the item descriptor as clinically relevant, and this should be reflected in the practitioner's record. In the item descriptor singular also means plural and vice versa.

LEVEL C

A Level C item will be used for a consultation lasting at least 20 minutes for cases in relation to one or more health related issues. The medical practitioner may undertake all or some of the tasks set out in the item descriptor as clinically relevant, and this should be reflected in the practitioner's record. In the item descriptor singular also means plural and vice versa.

LEVEL D

A Level D item will be used for a consultation lasting at least 40 minutes for cases in relation to one or more health related issues. The medical practitioner may undertake all or some of the tasks set out in the item descriptor as clinically relevant, and this should be reflected in the practitioner's record. In the item descriptor singular also means plural and vice versa.

Creating and Updating a Personally Controlled Electronic Health Record (PCEHR)

The time spent by a medical practitioner on the following activities may be counted towards the total consultation time:

- Reviewing a patient's clinical history, in the patient's file and/or the PCEHR, and preparing or updating a Shared Health Summary where it involves the exercise of clinical judgement about what aspects of the clinical history are relevant to inform ongoing management of the patient's care by other providers; or
- Preparing an Event Summary for the episode of care.

Preparing or updating a Shared Health Summary and preparing an Event Summary are clinically relevant activities. When either of these activities are undertaken with any form of patient history taking and/or the other clinically relevant activities that can form part of a consultation, the item that can be billed is the one with the time period that matches the total consultation time.

MBS rebates are not available for creating or updating a Shared Health Summary as a stand alone service.

Counselling or Advice to Patients or Relatives

For items 23 to 51 and 5020 to 5067 'implementation of a management plan' includes counselling services.

Items 3 to 51 and 5000 to 5067 include advice to patients and/or relatives during the course of an attendance. The advising of relatives at a later time does not extend the time of attendance.

Recording Clinical Notes

In relation to the time taken in recording appropriate details of the service, only clinical details recorded at the time of the attendance count towards the time of consultation. It does not include information added at a later time, such as reports of investigations.

Other Services at the Time of Attendance

Where, during the course of a single attendance by a general practitioner, both a consultation and another medical service are rendered, Medicare benefits are generally payable for both the consultation and the other service. Exceptions are in respect of medical services which form part of the normal consultative process, or services which include a component for the associated consultation (see the General Explanatory Notes for further information on the interpretation of the Schedule).

The Department of Human Services (DHS) has developed an [Health Practitioner Guideline for responding to a request to substantiate that a patient attended a service](#) which is located on the DHS website.

A.6.. PROFESSIONAL ATTENDANCES AT AN INSTITUTION (ITEMS 4, 24, 37, 47, 58, 59, 60, 65, 5003, 5023, 5043, 5063, 5220, 5223, 5227 AND 5228)

For the purposes of these items an "institution" means a place (not being a hospital or residential aged care facility) at which residential accommodation or day care or both such accommodation and such care is made available to:-

- (a) disadvantaged children;
- (b) juvenile offenders;
- (c) aged persons;
- (d) chronically ill psychiatric patients;
- (e) homeless persons;
- (f) unemployed persons;
- (g) persons suffering from alcoholism;
- (h) persons addicted to drugs; or
- (i) physically or intellectually disabled persons.

A.7.. ATTENDANCES AT A HOSPITAL (ITEMS 4, 24, 37, 47, 58, 59, 60, 65)

These items refer to attendances on patients admitted to a hospital. Where medical practitioners have made arrangements with a local hospital to routinely use out-patient facilities to see their private patients, items for services provided in consulting rooms would apply.

A.8.. RESIDENTIAL AGED CARE FACILITY ATTENDANCES (ITEMS 20, 35, 43, 51, 92, 93, 95, 96, 5010, 5028, 5049, 5067, 5260, 5263, 5265, 5267)

These items refer to attendances on patients in residential aged care facilities.

Where a medical practitioner attends a patient in a self-contained unit, within a residential aged care facility complex, the attendance attracts benefits under the appropriate home visit item.

Where a patient living in a self-contained unit attends a medical practitioner at consulting rooms situated within the precincts of the residential aged care facility, or at free standing consulting rooms within the residential aged care facility complex, the appropriate surgery consultation item applies.

If a patient who is accommodated in the residential aged care facility visits a medical practitioner at consulting rooms situated within the residential aged care facility complex, whether free standing or situated within the residential aged care facility precincts, benefits would be attracted under the appropriate residential aged care facility attendance item.

A.9.. ATTENDANCES AT HOSPITALS, RESIDENTIAL AGED CARE FACILITY AND INSTITUTIONS AND HOME VISITS

To facilitate assessment of the correct Medicare rebate in respect of a number of patients attended on the one occasion at one of the above locations, it is important that the total number of patients seen be recorded on each individual account, receipt or assignment form. For example, where ten patients were visited (for a brief consultation) in the one residential aged care facility on the one occasion, each account, receipt or assignment form would show "Item 20 - 1 of 10 patients" for a General Practitioner.

The number of patients seen should not include attendances which do not attract a Medicare rebate (eg public in-patients, attendances for normal after-care), or where a Medicare rebate is payable under an item other than these derived fee items (eg health assessments, care planning, emergency after-hours attendance - first patient).

A.10.. AFTER-HOURS ATTENDANCES (ITEMS 597, 598, 599, 600, 5000, 5003, 5010, 5020, 5023, 5028, 5040, 5043, 5049, 5060, 5063, 5067, 5220, 5223, 5228, 5260, 5263 AND 5265)

After hours attendance items may be claimed as follows:

Items 597, 598, 599, 600 apply only to a professional attendance that is provided:

- on a public holiday;
- on a Sunday;
- before 8am, or after 12 noon on a Saturday;
- before 8am, or after 6pm on any day other than a Saturday, Sunday or public holiday.

Items 5000, 5020, 5040, 5060, 5200, 5203, 5207 and 5208 apply only to a professional attendance that is provided:

- on a public holiday;
- on a Sunday;
- before 8am, or after 1 pm on a Saturday;
- before 8am, or after 8pm on any day other than a Saturday, Sunday or public holiday.

Items 5003, 5010, 5023, 5028, 5043, 5049, 5063, 5067, 5220, 5223, 5227, 5228, 5260, 5263, 5265 and 5267 apply to a

professional attendance that is provided:

on a public holiday;
on a Sunday;
before 8am, or after 12 noon on a Saturday;
before 8am, or after 6pm on any day other than a Saturday, Sunday or public holiday.

Urgent After Hours Attendances (Items 597- 600)

Items 597, 598, 599 and 600 can be used for urgent services provided in consulting rooms, or at a place other than consulting rooms, in an after hours period.

Urgent After Hours Attendances (Items 597 and 598) allow for urgent attendances (other than an attendance between 11pm and 7am) in an after hours period.

Urgent After Hours Attendances during Unsociable Hours (Items 599 and 600) allow for urgent attendances between 11pm and 7am in an after hours period.

The attendance for all these items must be requested by the patient or a responsible person in, or not more than 2 hours before the start of the same unbroken urgent after hours period. The patient's condition must require urgent medical treatment and if the attendance is undertaken at consulting rooms, it is necessary for the practitioner to return to, and specially open the consulting rooms for the attendance.

If more than one patient is seen on the one occasion, the standard after-hours attendance items should be used in respect of the second and subsequent patients attended on the same occasion.

Medical practitioners who routinely provide services to patients in the after-hours periods at consulting rooms, or who provide the services (as a contractor, employee, member or otherwise) for a general practice or clinic that routinely provides services to patients in after-hours periods at consulting rooms will not be able to bill urgent after hours items 597, 598, 599 and 600.

A routine service means a regular or habitual provision of services to patients. This does not include ad hoc services provided after-hours in consulting rooms by a medical practitioner (excluding consultant physicians and specialists) working in a general practice or a clinic while participating in an on-call roster

Non-Urgent After Hours Attendances (5000 – 5063 and 5220 - 5267)

Non-Urgent After Hours Attendances in Consulting Rooms (Items 5000, 5020, 5040, 5060, 5200, 5203, 5207 and 5208) are to be used for non-urgent consultations at consulting rooms initiated either on a public holiday, on a Sunday, or before 8am and after 1pm on a Saturday, or before 8am and after 8pm on any other day.

Non-Urgent After Hours Attendances at a Place Other than Consulting Rooms (Other than a Hospital or Residential Aged Care Facility) (items 5003, 5023, 5043, 5063, 5220, 5223, 5227 and 5228) and Non-Urgent After Hours Attendances in a Residential Aged Care Facility (Items 5010, 5028, 5049, 5067, 5260, 5263, 5265 and 5267) are to be used for non-urgent attendances on 1 or more patients on 1 occasion on a public holiday, on a Sunday, or before 8am and after 12 noon on a Saturday, or before 8am and after 6pm on any other day.

Attendance Period	Applicable Time			Items
	Monday to Friday*	Saturday*	Sunday and/or public holiday	
Urgent after-hours attendance	Between 7am - 8am and 6pm - 11pm	Between 7am - 8am and 12 noon - 11pm	Between 7am - 11pm	597, 598
Urgent after-hours in unsociable hours	Between 11pm - 7am	Between 11pm - 7am	Between 11pm - 7am	599, 600
Non-urgent After hours In consulting rooms	Before 8am or after 8pm	Before 8am or after 1pm	24 hours	5000, 5020 5040, 5060 5200, 5203, 5207, 5208
Non-urgent After hours at a place other than consulting rooms	Before 8am or after 6pm	Before 8am or after 12 noon	24 hours	5003, 5010, 5023, 5028 5043, 5049, 5063, 5067 5220 - 5267

with the exception of public holidays which fall on a Saturday

A.11.. MINOR ATTENDANCE BY A CONSULTANT PHYSICIAN (ITEMS 119, 131)

The Health Insurance Regulations provide that a minor consultation is regarded as being a consultation in which the assessment of the patient does not require the physical examination of the patient and does not involve a substantial alteration to the patient's treatment. Examples of consultations which could be regarded as being 'minor consultations' are listed below (this is by no means an exhaustive list) :-

- hospital visits where a physical examination does not result, or where only a limited examination is performed;
- hospital visits where a significant alteration to the therapy or overall management plan does not ensue;
- brief consultations or hospital visits not involving subsequent discussions regarding patient's progress with a specialist colleague or the referring practitioner.

A.12.. REFERRED PATIENT CONSULTANT PHYSICIAN TREATMENT AND MANAGEMENT PLAN (ITEMS 132 AND 133)

Patients with at least two morbidities which can include complex congenital, development and behavioural disorders are eligible for these services when referred by their referring practitioner.

Item 132 should include the development of options for discussion with the patient, and family members, if present, including the exploration of treatment modalities and the development of a comprehensive consultant physician treatment and management plan, with discussion of recommendations for services by other health providers as appropriate.

Item 133 is available in instances where a review of the consultant physician treatment and management plan provided under item 132 is required, up to a maximum of two claims for this item in a 12 month period. Should further reviews of the consultant physician treatment and management plan be required, the appropriate item for such service/s is 116.

Where a patient with a GP health assessment, GP management plan (GPMP) or Team Care Arrangements (TCA's) is referred to a consultant physician for further assessment, it is intended that the consultant physician treatment and management plan should augment the GPMP or TCA's for that patient.

Preparation of the consultant physician treatment and management plan should be in consultation with the patient. If appropriate, a written copy of the consultant physician treatment and management plan should be provided to the patient. A written copy of the consultant physician treatment and management plan should be provided to the referring medical practitioner, usually within two weeks of the consultant physician consultation. In more serious cases, more prompt provision of the plan and verbal communication with the referring medical practitioner may be appropriate. A guide to the content of such consultant physician treatment and management plans which are to be provided under this item is included within this Schedule.

(Note: This information is provided as a guide only and each case should be addressed according to a patient's individual needs.)

REFERRED PATIENT CONSULTANT PHYSICIAN TREATMENT AND MANAGEMENT PLAN

- The following content outline is indicative of what would normally be sent back to the referring practitioner.
- The consultant physician treatment and management plan should address the specific questions and issues raised by the referring practitioner.

History

The consultant physician treatment and management plan should encompass a comprehensive patient history which addresses all aspects of the patient's health, including psychosocial history, past clinically relevant medical history, any relevant pathology results if performed and a review of medication and interactions. There should be a particular focus on the presenting symptoms and current difficulties, including precipitating and ongoing conditions. The results of relevant assessments by other health professionals, including GPs and/or specialists, including relevant care plans or health assessments performed by GPs under the Enhanced Primary Care and Chronic Disease Management should also be noted.

Examination

A comprehensive medical examination means a full multi-system or detailed single organ system assessment. The clinically relevant findings of the examination should be recorded in the management plan.

Diagnosis

This should be based on information obtained from the history and medical examination of the patient. The list of diagnoses and/or problems should form the basis of any actions to be taken as a result of the comprehensive assessment. In some cases, the diagnosis may differ from that stated by the referring practitioner, and an explanation of why the diagnosis differs should be included. The report should also provide a risk assessment, management options and decisions.

Management plan

Treatment options/Treatment plan

The consultant physician treatment and management plan should include a planned follow-up of issues and/or conditions, including an outline of the recommended intervention activities and treatment options. Consideration should also be given to recommendations for allied health professional services, where appropriate.

Medication recommendations

Provide recommendations for immediate management, including the alternatives or options. This should include doses, expected response times, adverse effects and interactions, and a warning of any contra-indicated therapies.

Social measures

Identify issues which may have triggered or are contributing to the problem in the family, workplace or other social environment which need to be addressed, including suggestions for addressing them.

Other non medication measures

This may include other options such as life style changes including exercise and diet, any rehabilitation recommendations and discussion of any relevant referrals to other health providers.

Indications for review

It is anticipated that the majority of patients will be able to be managed effectively by the referring practitioner using the consultant physician treatment and management plan. If there are particular concerns about the indications or possible need for further review, these should be noted in the consultant physician treatment and management plan.

Longer term management

Provide a longer term consultant physician treatment and management plan, listing alternative measures that might be taken in the future if the clinical situation changes. This might be articulated as anticipated response times, adverse effects and interactions with the consultant physician treatment and management plan options recommended under the consultant physician treatment and management plan.

The Department of Human Services (DHS) has developed an [Health Practitioner Guideline to substantiate that a valid referral existed \(specialist or consultant physician\)](#) which is located on the DHS website.

A.13.. REFERRED PATIENT ASSESSMENT, DIAGNOSIS AND TREATMENT AND MANAGEMENT PLAN FOR AUTISM OR ANY OTHER PERVASIVE DEVELOPMENTAL DISORDER (ITEMS 135 AND 289)

These items are for consultant paediatricians (item 135) or psychiatrists (item 289), on referral from a medical practitioner, to provide early diagnosis and treatment of autism or any other pervasive developmental disorder (PDD) for children aged under 13 years. The items are for assessment, diagnosis and the creation of a treatment and management plan, and are claimable only once per patient per lifetime.

When item 135 or item 289 is in place, a consultant paediatrician or psychiatrist can refer a child with autism or other PDD to eligible allied health professionals for treatment services.

A child can access either the allied health services for autism/other PDD (using item 135 or 289) or for disability (using item 137 or 139), but not both.

If a child sees a consultant paediatrician or psychiatrist other than the one who put the treatment and management plan in place, the consultant paediatrician or psychiatrist who is seen subsequently can refer the child for any remaining allied health treatment services that are available to the child.

Children with an existing treatment and management plan created under item 135 or 289 can be reviewed under attendance items for consultant psychiatrists and paediatricians.

Where the patient presents with another morbidity in addition to autism or other PDD, item 132 can also be used for development of a treatment and management plan. However, the use of this item will not provide access to Medicare rebateable allied health services for treatment of autism or any other PDD.

Items 135 or 289 also provide a referral pathway for access to services provided through Childhood Autism Advisors by the Department of Families, Housing, Community Services and Indigenous Affairs (FaHCSIA). For further information on assistance available through FaHCSIA, phone 1800 778 581 or email ASD.Support@fahcsia.gov.au. TTY users - phone 1800 555 677 then ask for the 1800 toll-free number you wish to contact.

Referral requirements

Items 135 (paediatrician) or 289 (psychiatrist) are for diagnosis and treatment of autism or any other PDD where clinically appropriate, including referral to allied health treatment services.

A course of treatment for the allied health treatment services consists of the number of allied health services stated on the child's referral, up to a maximum of 10 services. This enables the referring practitioner to consider a report from the allied health professional(s) about the services provided to the child, and the need for further treatment.

Within the maximum service allocation of twenty treatment services, the allied health professional(s) can provide one or more courses of treatment. Patients will require a separate referral for each allied health professional they are referred to and they will also need new referrals for each new course of treatment.

In addition to referrals to allied health treatment services, a consultant paediatrician or psychiatrist can refer a child to an eligible allied health provider to assist with diagnosis of the child or for the purpose of contributing to the child's pervasive developmental disorder (PDD). Referrals for these allied health assessment services can be made by a consultant paediatrician or psychiatrist as an outcome of the service provided under one of items 110-131 or 296-370 inclusive.

Referrals are only valid when prerequisite MBS services have been provided. If the referring service has not yet been claimed, the Department of Human Services (DHS) will not be aware of the child's eligibility and Medicare benefits cannot be paid. Providers can call DHS on 132 150 to confirm whether a relevant MBS service has been claimed and/or the number of allied health services already claimed by the child.

Referring medical practitioners are not required to use a specific form to refer patients for the allied health services that are available through the *Helping Children with Autism* program. The referral may be a letter or note to an eligible allied health professional signed and dated by the referring practitioner.

** Prerequisite MBS items: 135 (paediatrician) or 289 (psychiatrist).

Assessment services

Assessment services are available for an allied health provider to assist the referring practitioner with diagnosis or for contributing to a child's treatment and management plan. These services can be accessed by children aged under 13 years.

Medicare rebates are available for up to four allied health services in total per eligible child.

An allied health professional can provide these services when:

- the child has previously been provided with any MBS service covering items 110-131 inclusive by a consultant paediatrician; or
- the child has previously been provided with any MBS service covering items 296-370 (excluding item 359) inclusive by a consultant psychiatrist.

The four allied health assessment services may consist of any combination of items 82000, 82005, 82010 and 82030.

It is the responsibility of the referring practitioner to allocate these services in keeping with the child's individual treatment needs and to refer the child to appropriate allied health professional(s) accordingly.

Treatment services

Treatment services can be accessed when a child with autism or other PDD is aged under 15 years and has had a treatment and management plan put in place for them before their 13th birthday.

Medicare rebates are available for up to twenty allied health treatment services in total per eligible child.

An eligible allied health professional can provide these services when:

- the child has previously been provided with a treatment plan (item 135) by a consultant paediatrician; or
- the child has previously been provided with a treatment plan (item 289) by a consultant psychiatrist.

The twenty treatment services may consist of any combination of items 82015, 82020, 82025 or 82035.

It is the responsibility of the referring practitioner to allocate these services in keeping with the child's individual treatment needs and to refer the child to appropriate allied health professional(s) accordingly.

Existing patients or patients with an existing diagnosis

Where a specific plan has not been created previously for the treatment and management of autism or any other PDD, a new plan can be developed by the treating practitioner under item 135 or 289 where it is clinically appropriate to treat the patient under such a plan.

Children with an existing treatment and management plan created under item 135 or 289 can be reviewed under attendance items for consultant psychiatrists and paediatricians.

A.14.. PATIENT ASSESSMENT, DIAGNOSIS AND TREATMENT AND MANAGEMENT PLAN FOR A CHILD WITH DISABILITY (ITEMS 137 AND 139)

Items 137 and 139 are for specialists and consultant physicians (137) or for general practitioners (139) to provide early diagnosis and treatment of children with any of the following conditions:

- (a) sight impairment that results in vision of less than or equal to 6/18 vision or equivalent field loss in the better eye, with correction.
- (b) hearing impairment that results in:
 - (i) a hearing loss of 40 decibels or greater in the better ear, across 4 frequencies; or
 - (ii) permanent conductive hearing loss and auditory neuropathy.
- (c) deafblindness
- (d) cerebral palsy
- (e) Down syndrome
- (f) Fragile X syndrome
- (g) Prader-Willi syndrome
- (h) Williams syndrome
- (i) Angelman syndrome
- (j) Kabuki syndrome
- (k) Smith-Magenis syndrome
- (l) CHARGE syndrome
- (m) Cri du Chat syndrome
- (n) Cornelia de Lange syndrome
- (o) microcephaly

Items 137 and 139 are for assessment, diagnosis and the creation of a treatment and management plan, and are claimable only once per patient per lifetime.

When the items are in place, a specialist or consultant physician (137) or a general practitioner (139) can refer a child with with an eligible disability to eligible allied health professionals, where appropriate, for treatment services.

A child can access either the allied health services for autism/other PDD (using item 135 or 289) or for disability (using item 137 or 139), but not both.

If a child sees a different medical practitioner to the one who put the treatment and management plan in place, the GP, specialist or consultant physician that is seen subsequently can refer the child for any remaining allied health treatment services that are available to the child.

Children with an existing treatment and management plan created under item 137 or 139 can be reviewed under attendance items for specialists, consultant physicians or general practitioners.

Referral requirements

The items can be used by a specialist or consultant physician (item 137) or a general practitioner (item 139) for diagnosis and treatment where clinically appropriate, and to refer for allied health treatment services.

For the purpose of the treatment services, a course of treatment consists of the number of allied health services stated on the child's referral, up to a maximum of 10 services. This enables the referring practitioner to consider a report from the allied health professional(s) about the services provided to the child, and the need for further treatment.

Within the maximum service allocation of twenty services for the treatment items, the allied health professional(s) can provide one or more courses of treatment. Patients will require a separate referral for each allied health professional they are referred to and they will also need new referrals for each new course of treatment.

In addition to referrals to allied health treatment services, a GP or a specialist or consultant physician can refer a child to an eligible allied health provider to assist with diagnosis of the child or for the purpose of contributing to the child's disability treatment plan. Referrals for these allied health assessment services can be made by a GP as an outcome of the service provided under one of the items 3-51, or as outcome of a service provided by specialist or consultant physician under one of the items 104-131 or under one of the items 296-370 (excluding item 359).

Referrals are only valid when prerequisite MBS services have been provided. If the referring service has not yet been claimed, the Department of Human Services (DHS) will not be aware of the child's eligibility and Medicare benefits cannot be paid. Providers can call DHS on 132 150 to confirm whether a relevant MBS service has been claimed and/or the number of allied health services already claimed by the child.

Referring medical practitioners are not required to use a specific form to refer patients for the allied health services that are available through the *Better Start for Children with Disability* initiative. The referral may be a letter or note to an eligible allied health professional signed and dated by the referring practitioner.

Assessment services

Assessment services are available for an allied health provider to assist the referring practitioner with diagnosis or for contributing to a child's treatment and management plan. These services can be accessed by children aged under 13 years.

Medicare rebates are available for up to four allied health services in total per eligible child.

An allied health professional can provide these services when:

- the child has previously been provided with any MBS service covering items 3-51 inclusive by a general practitioner; or

- the child has previously been provided with any MBS service covering items 104-131 or 296-370 (excluding item 359) inclusive by a specialist or consultant physician.

The four allied health assessment services may consist of any combination of items 82000, 82005, 82010 and 82030.

It is the responsibility of the referring practitioner to allocate these services in keeping with the child's individual treatment needs and to refer the child to appropriate allied health professional(s) accordingly.

Treatment services

Medicare rebates are available for up to twenty allied health treatment services in total per eligible child. An eligible allied health professional can provide these services when:

- the child has previously been provided with a treatment plan (item 137) by a specialist or consultant physician; or
- the child has previously been provided with a treatment plan (item 139) by a general practitioner.

The twenty treatment services may consist of any combination of items 82015, 82020, 82025 or 82035.

It is the responsibility of the referring practitioner to allocate these services in keeping with the child's individual treatment needs and to refer the child to appropriate allied health professional(s) accordingly.

Existing patients or patients with an existing diagnosis

Where a specific plan has not been created previously for the treatment and management of a child with a disability, a new plan can be developed by the treating medical practitioner under item 137 or 139 where it is clinically appropriate to treat the child under such a plan.

Children with an existing treatment and management plan created under item 137 or 139 can be reviewed under attendance items for specialists, consultant physicians or general practitioners.

A course of treatment for the allied health treatment services consists of the number of allied health services stated on the child's referral, up to a maximum of 10 services. This enables the referring practitioner to consider a report from the allied health professional(s) about the services provided to the child, and the need for further treatment.

A.15.. GERIATRICIAN REFERRED PATIENT ASSESSMENT AND MANAGEMENT PLAN (ITEMS 141-147)

Items 141 -147 apply only to services provided by a consultant physician or specialist in the specialty of Geriatric Medicine who has completed the additional requirements of the Royal Australasian College of Physicians for recognition in the subspecialty of geriatric medicine.

Referral for Items 141-147 should be through the general practitioner for the comprehensive assessment and management of frail older patients, older than 65, with complex, often interacting medical, physical and psychosocial problems who are at significant risk of poor health outcomes. In the event that a specialist of another discipline wishes to refer a patient for this item, the referral should take place through the GP.

A comprehensive assessment of an older person should as a minimum cover:

- current active medical problems
- past medical history;
- medication review;
- immunisation status;
- advance care planning arrangements;
- current and previous physical function including personal, domestic and community activities of daily living;
- psychological function including cognition and mood; and
- social function including living arrangements, financial arrangements, community services, social support and carer issues.

Note: Guidance on all aspects of conducting a comprehensive assessment on an older person is available on the Australian and New Zealand Society for Geriatric Medicine website at www.anzsgm.org.

Some of the information collection component of the assessment may be rendered by a nurse or other assistant in accordance with accepted medical practice, acting under the supervision of the geriatrician. The remaining components of the assessment and development of the management plan must include a personal attendance by the geriatrician.

A prioritised list of diagnoses/problems should be developed based on information provided by the history and examination, and any additional information provided by other means, including an interview of a person other than the

patient.

The management plan should be explained and if necessary provided in written form to the patient or where appropriate, their family or carer(s).

A written report of the assessment including the management plan should be provided to the general practitioner within a maximum of 2 weeks of the assessment. More prompt verbal communication may be appropriate.

Items 143 and 147 are available in instances where the GP initiates a review of the management plan provided under items 141 and 145, usually where the current plan is not achieving the anticipated outcome. It is expected that when a management plan is reviewed, any modification necessary will be made.

Items 143 and 147 can be claimed once in a 12 month period. However, if there has been a significant change in the patient's clinical condition or care circumstances necessitating another review, an additional item 143 or 147 can be claimed. In these circumstances, the patient's invoice or Medicare voucher should be annotated to briefly indicate the reason why the additional review was required (e.g. annotated as clinically indicated, exceptional circumstances, significant change etc).

A.16.. PROLONGED ATTENDANCE IN TREATMENT OF A CRITICAL CONDITION (ITEMS 160 164)

The conditions to be met before services covered by items 160-164 attract benefits are:-

- (i) the patient must be in imminent danger of death;
- (ii) if the personal attendance is not continuous, the occasion on which the service is provided is taken to be the total time of the attendance; and
- (iii) if personal attendance on a single patient is provided by 1 or more medical practitioners concurrently, each practitioner may claim an attendance fee.

A.17.. FAMILY GROUP THERAPY (ITEMS 170, 171, 172)

These items refer to family group therapy supervised by medical practitioners other than consultant psychiatrists. To be used, these items require that a formal intervention with a specific therapeutic outcome, such as improved family function and/or communication, is undertaken. Other types of group attendances do not attract benefits. It should be noted that only one fee applies in respect of each group of patients.

A.18.. ACUPUNCTURE (ITEM 173, 193, 195, 197 AND 199)

The service of "acupuncture" must be performed by a medical practitioner and itemised under item 173, 193, 195, 197 or 199 to attract benefits. These items cover not only the performance of the acupuncture but include any consultation on the same occasion and any other attendance on the same day for the condition for which acupuncture was given. Items 193, 195, 197 and 199 may only be performed by a general practitioner, (see Note 4 of 'Medicare Benefit Arrangements' for a definition) if:

- (a) the person maintains accreditation as a Medical Acupuncturist with the Joint Consultative Committee on Medical Acupuncture (JCCMA); and
- (b) the Medicare Australia CEO has received a written notice from the Royal Australian College of General Practitioners (RACGP) stating that the person meets the skills requirements for providing services to which the items apply.

Item 173 does not require a medical practitioner to have accreditation with the JCCMA or written notice to Medicare Australia from the RACGP.

Other items in Category 1 of the Schedule should not be itemised for professional attendances when the service "acupuncture" is provided.

For the purpose of payment of Medicare benefits "acupuncture" is interpreted as including treatment by means other than the use of acupuncture needles where the same effect is achieved without puncture, eg by application of ultrasound, laser beams, pressure or moxibustion, etc.

For more information on the content-based item structure used in this Group, see A.5 in the explanatory notes.

A.19.. CONSULTANT PSYCHIATRIST - INITIAL CONSULTATIONS FOR NEW PATIENTS (ITEMS 296 TO 299 AND 361) REFERRED PATIENT ASSESSMENT AND MANAGEMENT PLAN (ITEMS 291, 293 AND 359) AND REFERRAL TO ALLIED MENTAL HEALTH PROFESSIONALS

Referral for items 291, 293 and 359 should be through the general practitioner or participating nurse practitioner for the management of patients with mental illness. In the event that a specialist of another discipline wishes to refer a patient for this item the referral should take place through the GP or participating nurse practitioner.

In order to facilitate ongoing patient focussed management, an outcome tool will be utilised during the assessment and review stage of treatment, where clinically appropriate. The choice of outcome tools to be used is at the clinical discretion of the practitioner, however the following outcome tools are recommended:

- Kessler Psychological Distress Scale (K10)
- Short Form Health Survey (SF12)
- Health of the Nation Outcome Scales (HoNOS)

Preparation of the management plan should be in consultation with the patient. If appropriate, a written copy of the management plan should be provided to the patient. A written copy of the management plan should be provided to the general practitioner within a maximum of two weeks of the assessment. It should be noted that two weeks is the outer limit and in more serious cases more prompt provision of the plan and verbal communication with the GP or participating nurse practitioner may be appropriate. A guide to the content of the report which should be provided to the GP or participating nurse practitioner under this item is included within this Schedule.

It is expected that item 291 will be a single attendance. However, there may be particular circumstances where a patient has been referred by a GP or participating nurse practitioner for an assessment and management plan, but it is not possible for the consultant psychiatrist to determine in the initial consultation whether the patient is suitable for management under such a plan. In these cases, where clinically appropriate, items 296, 297, 299 or 361 (for a new patient) or 300-308 (for continuing patients) may be used, and item 291 may be used subsequently, in those circumstances where the consultant psychiatrist undertakes a consultation (in accordance with the item requirements) prior to the consultation for providing the referring practitioner with an assessment and management plan. It is not intended that items 296, 297, 299, 361 or 300-308 will generally or routinely be used in conjunction with, or prior to, item 291.

Items 293 and 359 are available in instances where the GP or participating nurse practitioner initiates a review of the plan provided under item 291, usually where the current plan is not achieving the anticipated outcome. It is expected that when a plan is reviewed, any modifications necessary will be made.

The Royal Australian and New Zealand College of Psychiatrists (RANZCP) Referred Patient Assessment and Management Plan Guidelines

Note: This information is provided as a guide only and each case should be addressed according to a patient's individual needs. An electronic version of the Guidelines is available on the RANZCP website at www.ranzcp.org

REFERRED PATIENT ASSESSMENT AND MANAGEMENT PLAN

Preliminary

- The following content outline is indicative of what would usually be sent back to GPs or participating nurse practitioner.
- The Management plan should address the specific questions and issues raised by the GP or participating nurse practitioner
- In most cases the patient is usually well known by the GP or participating nurse practitioner

History and Examination

This should focus on the presenting symptoms and current difficulties, including precipitating and ongoing stresses; and only briefly mention any relevant aspects of the patient's family history, developmental history, personality features, past psychiatric history and past medical history.

It should contain a comprehensive relevant Mental Status Examination and any relevant pathology results if performed. It should summarise any psychological tests that were performed as part of the assessment.

Diagnosis

A diagnosis should be made either using ICD 10 or DSM IV classification. In some cases the diagnosis may differ from that stated by the GP or participating nurse practitioner, and an explanation of why the diagnosis differs should be included.

Psychiatric formulation

A brief integrated psychiatric formulation focussing on the biological, psychological and physical factors. Any precipitant and maintaining factors should be identified including relevant personality factors. Protective factors should also be noted. Issues of risk to the patient or others should be highlighted.

Management plan

1. **Education** - Include a list of any handout material available to help people understand the nature of the problem. This includes recommending the relevant RANZCP consumer and carer clinical practice guidelines.
2. **Medication recommendations** - Give recommendations for immediate management including the alternatives or options. This should include doses, expected response times, adverse effects and interactions, and a warning of any contra-indicated therapies.
3. **Psychotherapy** - Recommendations should be given on the most appropriate mode of psychotherapy required, such as supportive psychotherapy, cognitive and behavioural psychotherapy, family or relationship therapy or intensive explorative psychotherapy. This should include recommendations on who should provide this therapy.
4. **Social measures** - Identify issues which may have triggered or are contributing to the maintenance of the problem in the family, workplace or other social environment which need to be addressed, including suggestions for addressing them.
5. **Other non medication measures** - This may include other options such as life style changes including exercise and diet, any rehabilitation recommendations, discussion of any complementary medicines, reading recommendations, relationship with other support services or agencies etc.
6. **Indications for re-referral** - It is anticipated that the majority of patients will be able to be managed effectively by the GP or participating nurse practitioner using the plan. If there are particular concerns about the possible need for further review, these should be noted.
7. **Longer term management** - Provide a longer term management plan listing alternative measures that might be taken in the future if the clinical situation changes. This might be articulated as a relapse signature and relapse drill, and should include drug doses and other indicated interventions, expected response times, adverse effects and interactions.

Initial Consultation for a NEW PATIENT (item 296 in rooms, item 297 at hospital, item 299 for home visits and 361 for telepsychiatry)

The rationale for items 296 - 299 and 361 is to improve access to psychiatric services by encouraging an increase in the number of new patients seen by each psychiatrist, while acknowledging that ongoing care of patients with severe mental illness is integral to the role of the psychiatrist. Referral for items 296 - 299 and 361 may be from a participating nurse practitioner, medical practitioner practising in general practice, a specialist or another consultant physician.

It is intended that either item 296, 297, 299 or 361 will apply once only for each new patient on the first occasion that the patient is seen by a consultant psychiatrist, **unless** the patient is referred by a medical practitioner practising in general practice or participating nurse practitioner for an assessment and management plan, in which case the consultant psychiatrist, if he or she agrees that the patient is suitable for management in a general practice setting, will use item 291 where an assessment and management plan is provided to the referring practitioner.

There may be particular circumstances where a patient has been referred by a GP or participating nurse practitioner to a consultant psychiatrist for an assessment and management plan, but it is not possible for the consultant psychiatrist to determine in the initial consultation whether the patient is suitable for management under such a plan. In these cases, where clinically appropriate, item 296, 297, 299 or 361 (for a new patient) or 300-308 (for continuing patients) may be used and item 291 may be used subsequently, in those circumstances where the consultant psychiatrist undertakes a consultation (in accordance with the item requirements) and provides the referring practitioner with an assessment and management plan. It is not generally intended that item 296, 297, 299 or 361 will be used in conjunction with, or prior to, item 291.

Use of items 296 - 299 and 361 by one consultant psychiatrist does not preclude them being used by another consultant psychiatrist for the same patient.

Items 300 - 308 are available for consultations in consulting rooms other than those provided under item 296, and items 291, 293 and 359. Similarly time tiered items remain available for hospital, home visits and telepsychiatry. These would cover a new course of treatment for patients who have already been seen by the consultant psychiatrist in the preceding 24 months as well as subsequent consultations for all patients.

Referral to Allied Mental Health Professionals (for new and continuing patients)

To increase the clinical treatment options available to psychiatrists and paediatricians for which a Medicare benefit is payable, patients with an assessed mental disorder (dementia, delirium, tobacco use disorder and mental retardation are not regarded as mental disorders for the purposes of these items) may be referred, to an allied mental health professional for a total of ten individual allied mental health services in a calendar year. The ten services may consist of: psychological therapy services (items 80000 to 80015) - provided by eligible clinical psychologists; and/or focussed psychological strategies - allied mental health services (items 80100 to 80115; 80125 to 80140; 80150 to 80165) - provided by eligible psychologists, occupational therapists and social workers.

Referrals from psychiatrists and paediatricians to an allied mental health professional must be made from eligible Medicare services. For specialist psychiatrists and paediatricians these services include any of the specialist attendance items 104 through 109. For consultant physician psychiatrists the relevant eligible Medicare services cover any of the consultant psychiatrist items 293 through 370; while for consultant physician paediatricians the eligible services are consultant physician attendance items 110 through 133.

Within the maximum service allocation of ten services, the allied mental health professional can provide one or more courses of treatment. For the purposes of these services, a course of treatment will consist of the number of services stated in the patient's referral (up to a maximum of six in any one referral). These services should be provided, as required, for an initial course of treatment (a maximum of six services but may be less depending on the referral and patient need) to a maximum of ten services per calendar year.

While such referrals are likely to occur for new patients seen under items 296 - 299 and 361, they are also available for patients at any point in treatment (from items 293 to 370), as clinically required, under the same arrangements and limitations as outlined above. The referral may be in the form of a letter or note to an eligible allied health professional signed and dated by the referring practitioner.

There is provision for a further referral for up to an additional six individual services to be provided in exceptional circumstances (to a maximum total of 16 individual services per patient from 1 March 2012 to 31 December 2012).

Exceptional circumstances apply where there has been a significant change in the patient's clinical condition or care circumstances which make it appropriate and necessary to increase the maximum number of services. In such cases, the patient's referral should be annotated to briefly indicate the reason why the additional allied mental health services were required in excess of the ten individual services permitted within a calendar year. The referral may be a letter or note to an eligible allied health professional signed and dated by the referring practitioner.

Note: Patients will be able to receive an additional six individual allied mental health services under exceptional circumstances from 1 March 2012 to 31 December 2012. From 1 January 2013 the number of individual allied mental health services for which a person can receive a Medicare rebate will be ten services per calendar year.

Patients will also be eligible to claim up to ten services within a calendar year for group therapy services involving 6-10 patients to which items 80020 (psychological therapy - clinical psychologist), 80120 (focussed psychological strategies - psychologist), 80145 (focussed psychological strategies - occupational therapist) and 80170 (focussed psychological strategies - social worker) apply. These group services are separate from the individual services and do not count towards the ten individual services per calendar year maximum associated with those items.

A.20.. PSYCHIATRIC ATTENDANCES (ITEM 319)

Medicare benefits are attracted under Item 319 only where patients are diagnosed as suffering from:

- severe personality disorder (predominantly from cluster B groupings), or in persons under 18 years of age a severe disruption of personality development; or
- anorexia nervosa; or
- bulimia nervosa; or
- dysthymic disorder; or
- substance-related disorder; or
- somatoform disorder; or
- a pervasive developmental disorder (including autism and Asperger's disorder)

according to the relevant criteria set out in the Diagnostic and Statistical Manual of the American Psychiatric Association - Fourth Edition (DSM-IV).

It is not sufficient for the patient's illness to fall within the diagnostic criteria. It must be evident that a significant level of impairment exists which interferes with the patient's quality of life. For persons 18 years and over, the level of impairment must be within the range 1 to 50 of the Global Assessment of Functioning (GAF) Scale contained in the DSM-IV (ie the patient is displaying at least "serious" symptoms). The GAF score, incorporating the parameters which have led to the

score, should be recorded at the time of commencement of the current course of treatment. Once a patient is identified as meeting the criteria of item 319, he/she continues to be eligible under that item for the duration of the current course of treatment (provided that attendances under **items 300 to 308 and 319** do not exceed 160 in a calendar year). Where a patient commences a new course of treatment, the GAF score in relation to item 319 is the patient's score as assessed during the new course of treatment.

In addition to the above diagnostic criteria and level of functional impairment, it is also expected that other appropriate psychiatric treatment has been used for a suitable period and the patient has shown little or no response to such treatment. It is expected that such treatment would include, but not be limited to: shorter term psychotherapy; less frequent but long term psychotherapy; pharmacological therapy; cognitive behaviour therapy.

It is the responsibility of the psychiatrist to ensure that the patient meets these criteria. Medicare Australia will be closely monitoring the use of item 319.

When a patient who meets the criteria defined in item 319 attends a psychiatrist on more than 160 occasions in a calendar year, such attendances would be covered by items 310 to 318.

The Royal Australian and New Zealand College of Psychiatrists (RANZCP) has undertaken to establish an appropriate mechanism to enable use of item 319 by suitably trained psychiatrists. In the interim it is expected that psychiatrists whose usual practice includes long term intensive treatment of patients whose diagnoses meet the criteria defined in the item will be using item 319.

On the basis of advice from the RANZCP it is expected that it would be generally inappropriate in normal clinical practice for psychiatric treatment performed out of hospital to extend beyond 220 sessions in a calendar year. In this regard, Medicare Australia will be monitoring providers' practice patterns with a view to the referral of possible cases of inappropriate practice to the Director of Professional Services Review.

A.21.. INTERVIEW OF PERSON OTHER THAN A PATIENT BY CONSULTANT PSYCHIATRIST (ITEMS 348, 350, 352)

Items 348 and 350 refer to investigative interviews of a patient's relatives or close associates to determine whether the particular problem with which the patient presented was focused in the patient or in the interaction between the patient and the person being interviewed. These items do not cover counselling of family or friends of the patient. The term "in the course of initial diagnostic evaluation of the patient" should normally be interpreted as extending for up to one month from the date of the initial consultation. There is no strict limit to the number of interviews or persons interviewed in that period. These items should not be used for interviews concerned with the continuing management of the patient.

Item 352 refers to investigative interviews of a patient's relatives or close associates to focus on a particular clinically relevant problem arising in the continuing management of the patient. This item does not cover counselling of family or friends of the patient. The payment of Medicare benefits under this item is limited to four in any twelve month period.

Benefits are payable for Item 348, 350 or 352 and for a consultation with a patient (items 300 - 328) on the same day provided that separate attendances are involved.

For Medicare benefit purposes, charges relating to services covered by items 348, 350 and 352 should be raised against the patient rather than against the person interviewed.

A.22.. CONSULTANT OCCUPATIONAL PHYSICIAN ATTENDANCES (ITEMS 385 TO 388)

Attendances by consultant occupational physicians will attract Medicare benefits only where the attendance relates to one or more of the following:

- (i) evaluation and assessment of a patient's rehabilitation requirements where the patient presents with an accepted medical condition(s) which may be affected by his/her working environment or employability; or
- (ii) management of accepted medical condition(s) which may affect a patient's capacity for continued employment or return to employment following a non-compensable accident, injury or ill-health; or
- (iii) evaluation and opinion and/or management of a patient's medical condition(s) where causation may be related to acute or chronic exposures from scientifically accepted environmental hazards or toxins.

A.23.. CONTACT LENSES (ITEMS 10801-10809)

Benefits are paid for consultations concerned with the prescription and fitting of contact lenses only if patients fall into specified categories (ie patients with certain conditions). The classes of patients eligible for benefits for contact lens consultations are described in items 10801 to 10809.

Benefits are not payable for item 10809 in circumstances where patients want contact lenses only for:

- (a) reasons of appearance (because they do not want to wear spectacles);

- (b) sporting purposes;
- (c) work purposes; or
- (d) psychological reasons (because they cannot cope with spectacles).

Benefits are payable for an initial referred consultation rendered in association with the fitting and prescribing of the lenses. Subsequent follow-up attendances attract benefits on a consultation basis.

A.24.. REFITTING OF CONTACT LENSES (ITEM 10816)

This item covers the refitting of contact lenses where this becomes necessary within the thirty-six month time limit where the patient requires a change in contact lens material or basic lens parameters, other than simple power change, because of a structure or functional change in the eye or an allergic response.

A.25.. HEALTH ASSESSMENTS (ITEMS 701, 703, 705, 707)

There are four time-based health assessment items, consisting of brief, standard, long and prolonged consultations.

Brief Health Assessment (MBS Item 701)

A brief health assessment is used to undertake simple health assessments. The health assessment should take no more than 30 minutes to complete.

Standard Health Assessment (MBS Item 703)

A standard health assessment is used for straightforward assessments where the patient does not present with complex health issues but may require more attention than can be provided in a brief assessment. The assessment lasts more than 30 minutes but takes less than 45 minutes.

Long Health Assessment (MBS Item 705)

A long health assessment is used for an extensive assessment, where the patient has a range of health issues that require more in-depth consideration, and longer-term strategies for managing the patient’s health may be necessary. The assessment lasts at least 45 minutes but less than 60 minutes.

Prolonged Health Assessment (MBS Item 707)

A prolonged health assessment is used for a complex assessment of a patient with significant, long-term health needs that need to be managed through a comprehensive preventive health care plan. The assessment takes 60 minutes or more to complete.

Medical practitioners may select one of the MBS health assessment items to provide a health assessment service to a member of any of the target groups listed in the table below. The health assessment item that is selected will depend on the time taken to complete the health assessment service. This is determined by the complexity of the patient’s presentation and the specific requirements that have been established for each target group eligible for health assessments.

MBS Items 701, 703, 705 and 707 may be used to undertake a health assessment for the following target groups:

Target Group	Frequency of Service
A Healthy Kids Check for children aged at least 3 years and less than 5 years of age, who have received or who are receiving their 4 year old immunisation	Once only to an eligible patient
A type 2 diabetes risk evaluation for people aged 40-49 years (inclusive) with a high risk of developing type 2 diabetes as determined by the Australian Type 2 Diabetes Risk Assessment Tool	Once every three years to an eligible patient
A health assessment for people aged 45-49 years (inclusive) who are at risk of developing chronic disease	Once only to an eligible patient
A health assessment for people aged 75 years and older	Provided annually to an eligible patient
A comprehensive medical assessment for permanent residents of residential aged care facilities	Provided annually to an eligible patient
A health assessment for people with an intellectual disability	Provided annually to an eligible patient
A health assessment for refugees and other humanitarian entrants	Once only to an eligible patient

A health assessment means the assessment of a patient's health and physical, psychological and social function and consideration of whether preventive health care and education should be offered to the patient, to improve that patient's health and physical, psychological and social function.

Health assessments are not available to people who are in-patients of a hospital or care recipients in a residential aged care facility (with the exception of a comprehensive medical assessment provided to a permanent resident of a residential aged care facility).

Before a health assessment is commenced, the patient (and/or his or her parent(s), carer or representative, as appropriate) must be given an explanation of the health assessment process and its likely benefits. The patient must be asked whether he or she consents to the health assessment being performed. In cases where the patient is not capable of giving consent, consent must be given by his or her parent(s), carer or representative. Consent to the health assessment must be noted in the patient's records.

A health assessment must include the following elements:

- (a) information collection, including taking a patient history and undertaking or arranging examinations and investigations as required;
- (b) making an overall assessment of the patient;
- (c) recommending appropriate interventions;
- (d) providing advice and information to the patient;
- (e) keeping a record of the health assessment, and offering the patient a written report about the health assessment, with recommendations about matters covered by the health assessment; and
- (f) offering the patient's carer (if any, and if the medical practitioner considers it appropriate and the patient agrees) a copy of the report or extracts of the report relevant to the carer.

A health assessment may only be claimed by a medical practitioner (including a general practitioner but not including a specialist or consultant physician).

A health assessment should generally be undertaken by the patient's 'usual doctor'. For the purpose of the health assessment items, 'usual doctor' means the medical practitioner, or a medical practitioner working in the medical practice, which has provided the majority of primary health care to the patient over the previous twelve months and/or will be providing the majority of care to the patient over the next twelve months.

A health assessment should not take the form of a health screening service.

MBS health assessment items 701, 703, 705, 707 must be provided by a medical practitioner personally attending upon a patient. Suitably qualified health professionals, such as practice nurses or Aboriginal and Torres Strait Islander health practitioners or Aboriginal health workers, employed and/or otherwise engaged by a general practice or health service, may assist medical practitioners in performing health assessments. Such assistance must be provided in accordance with accepted medical practice and under the supervision of the medical practitioner. This may include activities associated with:

- information collection; and
- providing patients with information about recommended interventions at the direction of the medical practitioner.

The medical practitioner should be satisfied that the assisting health professional has the necessary skills, expertise and training to collect the information required for the health assessment.

Medical practitioners should not conduct a separate consultation for another health-related issue in conjunction with a health assessment unless it is clinically necessary (ie. the patient has an acute problem that needs to be managed separately from the assessment). The only exceptions are:

- (a) a health assessment provided as a Healthy Kids Check, where a consultation associated with the four year old immunisation can be conducted on the same occasion; and
- (b) the comprehensive medical assessment, where, if this health assessment is undertaken during the course of a consultation for another purpose, the health assessment item and the relevant item for the other consultation may both be claimed.

Items 701, 703, 705 and 707 do not apply for services that are provided by any other Commonwealth or State funded services. However, where an exemption under subsection 19(2) of the *Health Insurance Act 1973* has been granted to an Aboriginal Community Controlled Health Service or State/Territory Government health clinic, items 701, 703, 705 and

707 can be claimed for services provided by medical practitioners salaried by or contracted to, the Service or health clinic. All other requirements of the items must be met.

Item 10990 or 10991 (bulk billing incentives) can be claimed in conjunction with any health assessment, provided the conditions of item 10990 and 10991 are satisfied.

A.26.. HEALTH ASSESSMENT PROVIDED AS A HEALTHY KIDS CHECK

Items 701, 703, 705 and 707 may be used to provide a Health Kids Check for children aged at least 3 years and less than 5 years of age, who have received or who are receiving their 4 year old immunisation.

The Healthy Kids Check is an assessment of a patient's physical health, general well-being and development, with the purpose of initiating medical interventions as appropriate.

The Healthy Kids Check must include the following basic physical examinations and assessments:

- (a) Height and weight (plot and interpret growth curve/calculate BMI)
- (b) Eyesight
- (c) Hearing
- (d) Oral health (teeth and gums)
- (e) Toileting
- (f) Allergies

The medical practitioner is required to note if a copy of the Department's publication '*Get Set 4 Life – habits for healthy kids*' has been provided to the patient's parent(s)/guardian.

The medical practitioner is also required to note that the four year-old immunisation has been given (including evidence provided).

The Healthy Kids Check can also be undertaken on behalf of a medical practitioner by a practice nurse or an Aboriginal and Torres Strait Islander health practitioner under MBS item 10986.

Item 10988 (immunisation by an Aboriginal and Torres Strait Islander health practitioner) can be claimed in conjunction with the Healthy Kids Check health assessment, provided the conditions of item 10988 are satisfied.

A health assessment for a Healthy Kids Check may only be claimed once by an eligible patient and only if the patient has not already claimed item 10986 (the Healthy Kids Check provided by a practice nurse or an Aboriginal and Torres Strait Islander health practitioner).

A.27.. HEALTH ASSESSMENT PROVIDED AS A TYPE 2 DIABETES RISK EVALUATION FOR PEOPLE AGED 40-49 YEARS WITH A HIGH RISK OF DEVELOPING TYPE 2 DIABETES AS DETERMINED BY THE AUSTRALIAN TYPE 2 DIABETES RISK ASSESSMENT TOOL

Items 701, 703, 705 and 707 may be used to undertake a type 2 diabetes risk evaluation for people aged 40-49 years (inclusive) with a high risk of developing type 2 diabetes, as determined by the Australian Type 2 Diabetes Risk Assessment Tool.

The aim of this health assessment is to review the factors underlying the 'high risk' score identified by the Australian Type 2 Diabetes Risk Assessment Tool to instigate early interventions, such as lifestyle modification programs, to assist with the prevention of type 2 diabetes.

The Australian Type 2 Diabetes Risk Assessment Tool has been developed to provide a basis for both health professionals and health consumers to assess the risk of type 2 diabetes. It consists of a short list of questions which, when completed, provides a guide to a patient's current level of risk of developing type 2 diabetes. The item scores and risk rating calculations in the tool have been developed using demographic, lifestyle, anthropometric and biomedical data from the 2000 Australian Diabetes, Obesity and Lifestyle baseline survey and the AusDiab 2005 follow-up study.

The Australian Type 2 Diabetes Risk Assessment Tool can be obtained from <http://www.health.gov.au/preventionoftype2diabetes>

Clinical risk factors that the medical practitioner must consider when providing this health assessment include:

- (a) lifestyle, such as smoking, physical inactivity and poor nutrition;
- (b) biomedical risk factors, such as high blood pressure, impaired glucose metabolism and excess weight;

- (c) any relevant recent diagnostic test results; and
- (d) a family history of chronic disease.

The health assessment must include the following:

- (a) evaluating a patient's high risk score, as determined by the Australian Type 2 Diabetes Risk Assessment Tool which has been completed by the patient within a period of 3 months prior to undertaking the health assessment;
- (b) updating the patient's history and undertaking physical examinations and clinical investigations in accordance with relevant guidelines;
- (c) making an overall assessment of the patient's risk factors and of the results of relevant examinations and investigations;
- (d) initiating interventions, if appropriate, including referral to a lifestyle modification program and follow-up relating to the management of any risk factors identified (further information is available at <http://www.health.gov.au/preventionoftype2diabetes>); and
- (e) providing the patient with advice and information (such as the Lifescript resources produced by the Department of Health and Ageing), including strategies to achieve lifestyle and behaviour changes if appropriate (further information is available at <http://www.health.gov.au/lifescrpts>).

The completion of the Australian Type 2 Diabetes Risk Assessment Tool is mandatory for patient access to this health assessment. The tool can be completed either by the patient or with the assistance of a health professional or practice staff. Patients with a 'high' score result are eligible for the health assessment, and subsequent referral to the subsidised lifestyle modification programs if appropriate (further information is available at <http://www.health.gov.au/preventionoftype2diabetes>).

A health assessment for a type 2 diabetes risk evaluation for people aged 40-49 years with a high risk of developing type 2 diabetes as determined by the Australian Type 2 Diabetes Risk Assessment Tool may only be claimed once every three years by an eligible patient.

A.28.. HEALTH ASSESSMENT PROVIDED FOR PEOPLE AGED 45-49 YEARS WHO ARE AT RISK OF DEVELOPING CHRONIC DISEASE

Items 701, 703, 705 and 707 may be used to undertake a health assessment for people aged 45-49 years (inclusive) who are at risk of developing chronic disease.

For the purposes of this health assessment, a patient is at risk of developing a chronic disease if, in the clinical judgement of the attending medical practitioner, a specific risk factor for chronic disease is identified.

Risk factors that the medical practitioner can consider include, but are not limited to:

- (a) lifestyle risk factors, such as smoking, physical inactivity, poor nutrition or alcohol use;
- (b) biomedical risk factors, such as high cholesterol, high blood pressure, impaired glucose metabolism or excess weight; or
- (c) family history of a chronic disease.

A chronic disease or condition is one that has been or is likely to be present for at least six months, including but not limited to asthma, cancer, cardiovascular illness, diabetes mellitus, mental health conditions, arthritis and musculoskeletal conditions.

If, after receiving this health assessment, a patient is identified as having a high risk of type 2 diabetes as determined by the Australian Type 2 Diabetes Risk Assessment Tool, the medical practitioner may refer that person to a subsidised lifestyle modification program, along with other possible strategies to improve the health status of the patient (further information is available at <http://www.health.gov.au/preventionoftype2diabetes>).

The Australian Type 2 Diabetes Risk Assessment Tool can be obtained from <http://www.health.gov.au/preventionoftype2diabetes>

A health assessment for people aged 45-49 years who are at risk of developing chronic disease may only be claimed once by an eligible patient.

A.29.. HEALTH ASSESSMENT PROVIDED FOR PEOPLE AGED 75 YEARS AND OLDER

Items 701, 703, 705 and 707 may be used to undertake a health assessment for people aged 75 years and older.

A health assessment for people aged 75 years and older is an assessment of a patient's health and physical, psychological and social function for the purpose of initiating preventive health care and/or medical interventions as appropriate.

This health assessment must include:

- (a) measurement of the patient's blood pressure, pulse rate and rhythm;

- (b) an assessment of the patient's medication;
- (c) an assessment of the patient's continence;
- (d) an assessment of the patient's immunisation status for influenza, tetanus and pneumococcus;
- (e) an assessment of the patient's physical function, including the patient's activities of daily living, and whether or not the patient has had a fall in the last 3 months;
- (f) an assessment of the patient's psychological function, including the patient's cognition and mood; and
- (g) an assessment of the patient's social function, including the availability and adequacy of paid and unpaid help, and whether the patient is responsible for caring for another person.
- (h) A health assessment for people aged 75 years and older may be claimed once every twelve months by an eligible patient.

A.30.. HEALTH ASSESSMENT PROVIDED AS A COMPREHENSIVE MEDICAL ASSESSMENT FOR RESIDENTS OF RESIDENTIAL AGED CARE FACILITIES

Items 701, 703, 705 and 707 may be used to undertake a comprehensive medical assessment of a resident of a residential aged care facility

This health assessment requires assessment of the resident's health and physical and psychological function, and must include:

- (a) making a written summary of the comprehensive medical assessment;
- (b) developing a list of diagnoses and medical problems based on the medical history and examination;
- (c) providing a copy of the summary to the residential aged care facility; and
- (d) offering the resident a copy of the summary.

A residential aged care facility is a facility in which residential care services, as defined in the *Aged Care Act 1997*, are provided. This includes facilities that were formerly known as nursing homes and hostels. A person is a resident of a residential aged care facility if the person has been admitted as a permanent resident of that facility.

This health assessment is available to new residents on admission into a residential aged care facility. It is recommended that new residents should receive the health assessment as soon as possible after admission, preferably within six weeks following admission into a residential aged care facility.

A health assessment for the purpose of a comprehensive medical assessment of a resident of a residential aged care facility may be claimed by an eligible patient:

- (a) on admission to a residential aged care facility, provided that a comprehensive medical assessment has not already been provided in another residential aged care facility within the previous 12 months; and
- (b) at 12 month intervals thereafter.

A.31.. HEALTH ASSESSMENT PROVIDED FOR PEOPLE WITH AN INTELLECTUAL DISABILITY

Items 701, 703, 705 and 707 may be used to undertake a health assessment for people with an intellectual disability.

A person is considered to have an intellectual disability if they have significantly sub-average general intellectual functioning (two standard deviations below the average intelligence quotient [IQ]) and would benefit from assistance with daily living activities. Where medical practitioners wish to confirm intellectual disability and a patient's need for assistance with activities of daily living, they may seek verification from a paediatrician registered to practice in Australia or from a government-provided or funded disability service that has assessed the patient's intellectual function.

The health assessment provides a structured clinical framework for medical practitioners to comprehensively assess the physical, psychological and social function of patients with an intellectual disability and to identify any medical intervention and preventive health care required. The health assessment must include the following items as relevant to the patient or his or her representative:

- (a) Check dental health (including dentition);
- (b) Conduct aural examination (arrange formal audiometry if audiometry has not been conducted within 5 years);
- (c) Assess ocular health (arrange review by an ophthalmologist or optometrist if a comprehensive eye examination has not been conducted within 5 years);
- (d) Assess nutritional status (including weight and height measurements) and a review of growth and development;
- (e) Assess bowel and bladder function (particularly for incontinence or chronic constipation);
- (f) Assess medications (including non-prescription medicines taken by the patient, prescriptions from other doctors, medications prescribed but not taken, interactions, side effects and review of indications);
 - Advise carers of the common side effects and interactions.
 - Consider the need for a formal medication review.

- (g) Check immunisation status, including influenza, tetanus, hepatitis A and B, Measles, Mumps and Rubella (MMR) and pneumococcal vaccinations;
- (h) Check exercise opportunities (with the aim of moderate exercise for at least 30 minutes per day);
- (i) Check whether the support provided for activities of daily living adequately and appropriately meets the patient's needs, and consider formal review if required;
- (j) Consider the need for breast examination, mammography, Papanicolaou smears, testicular examination, lipid measurement and prostate assessment as for the general population;
- (k) Check for dysphagia and gastro-oesophageal disease (especially for patients with cerebral palsy), and arrange for investigation or treatment as required;
- (l) Assess risk factors for osteoporosis (including diet, exercise, Vitamin D deficiency, hormonal status, family history, medication fracture history) and arrange for investigation or treatment as required;
- (m) For patients diagnosed with epilepsy, review of seizure control (including anticonvulsant drugs) and consider referral to a neurologist at appropriate intervals;
- (n) Check for thyroid disease at least every two years (or yearly for patients with Down syndrome);
- (o) For patients without a definitive aetiological diagnosis, consider referral to a genetic clinic every 5 years;
- (p) Assess or review treatment for co-morbid mental health issues;
- (q) Consider timing of puberty and management of sexual development, sexual activity and reproductive health; and
- (r) Consider whether there are any signs of physical, psychological or sexual abuse.

A health assessment for people with an intellectual disability may be claimed once every twelve months by an eligible patient.

A.32.. HEALTH ASSESSMENT PROVIDED FOR REFUGEES AND OTHER HUMANITARIAN ENTRANTS

Items 701, 703, 705 and 707 may be used to undertake a health assessment for refugees and other humanitarian entrants.

The purpose of this health assessment is to introduce new refugees and other humanitarian entrants to the Australian primary health care system, as soon as possible after their arrival in Australia (within twelve months of arrival).

The health assessment applies to humanitarian entrants who are resident in Australia with access to Medicare services. This includes Refugees, Special Humanitarian Program and Protection Program entrants with the following visas:

Offshore Refugee Category including:

- (a) 200 Refugee
- (b) 201 In Country Special Humanitarian
- (c) 203 Emergency rescue
- (d) 204 Women at Risk
- (e) Offshore – Special Humanitarian Program
- (f) 202 Global Special Humanitarian

Offshore – Temporary Humanitarian Visas (THV) including:

- (g) Subclass 695 (Return Pending)
- (h) Subclass 070 (Removal Pending Bridging)

Onshore Protection Program including:

- (i) 866 Permanent Protection Visa (PPV)
- (j) 785 Temporary Protection Visa (TPV)

Patients should be asked to provide proof of their visa status and date of arrival in Australia. Alternatively, medical practitioners may telephone Medicare Australia on 132011, with the patient present, to check eligibility.

The medical practitioner and patient can use the service of a translator by accessing the Commonwealth Government's Translating and Interpreting Service (TIS) and the Doctors Priority Line. To be eligible for the fee-free TIS and Doctors Priority Line, the medical examiner must be in a private practice and provide a Medicare service to patients who do not speak English and are permanent residents.

A health assessment for refugees and other humanitarian entrants may only be claimed once by an eligible patient.

A.33.. HEALTH ASSESSMENT FOR ABORIGINAL AND TORRES STRAIT ISLANDER PEOPLE (MBS ITEM 715)

This health assessment is available to all people of Aboriginal and Torres Strait Islander descent and should be used for health assessments for the following age categories:

- An Aboriginal or Torres Strait Islander child who is less than 15 years.
- An Aboriginal or Torres Strait Islander person who is aged between 15 years and 54 years.
- An Aboriginal or Torres Strait Islander older person who is aged 55 years and over.

A health assessment means the assessment of a patient's health and physical, psychological and social function and consideration of whether preventive health care and education should be offered to the patient, to improve that patient's health and physical, psychological and social function.

MBS item 715 must include the following elements:

- (a) information collection, including taking a patient history and undertaking examinations and investigations as required;
- (b) making an overall assessment of the patient;
- (c) recommending appropriate interventions;
- (d) providing advice and information to the patient; and
- (e) keeping a record of the health assessment, and offering the patient, and/or patient's carer, a written report about the health assessment with recommendations about matters covered by the health assessment; and
- (f) offering the patient's carer (if any, and if the medical practitioner considers it appropriate and the patient agrees) a copy of the report or extracts of the report relevant to the carer.

If, after receiving this health assessment, a patient who is aged fifteen years and over but under the age of 55 years, is identified as having a high risk of developing type 2 diabetes as determined by the Australian Type 2 Diabetes Risk Assessment Tool, the medical practitioner may refer that person to a subsidised lifestyle modification program, along with other possible strategies to improve the health status of the patient.

The Australian Type 2 Diabetes Risk Assessment Tool can be obtained from <http://www.health.gov.au/preventionoftype2diabetes>

A health assessment may only be claimed by a medical practitioner (including a general practitioner but not including a specialist or consultant physician).

A health assessment should generally be undertaken by the patient's 'usual doctor'. For the purpose of the health assessment, "usual doctor" means the medical practitioner, or a medical practitioner working in the medical practice, which has provided the majority of primary health care to the patient over the previous twelve months and/or will be providing the majority of care to the patient over the next twelve months.

The Health Assessment for Aboriginal and Torres Strait Islander People is not available to people who are in-patients of a hospital or care recipients in a residential aged care facility.

A health assessment should not take the form of a health screening service (see General Explanatory Notes G.13.1).

MBS health assessment item 715 must be provided by a medical practitioner personally attending upon a patient. Suitably qualified health professionals, such as practice nurses, Aboriginal and Torres Strait Islander health practitioners, or Aboriginal health workers employed and/or otherwise engaged by a general practice or health service, may assist medical practitioners in performing this health assessment. Such assistance must be provided in accordance with accepted medical practice and under the supervision of the medical practitioner. This may include activities associated with:

- information collection; and
- providing patients with information about recommended interventions at the direction of the medical practitioner.

The medical practitioner should be satisfied that the assisting health professional has the necessary skills, expertise and training to collect the information required for the health assessment.

Medical practitioners should not conduct a separate consultation in conjunction with a health assessment unless it is clinically necessary (ie. the patient has an acute problem that needs to be managed separately from the assessment).

Item 715 does not apply for services that are provided by any other Commonwealth or State funded services. However, where an exemption under subsection 19(2) of the *Health Insurance Act 1973* has been granted to an Aboriginal Community Controlled Health Service or State/Territory Government health clinic, item 715 can be claimed for services

provided by medical practitioners salaried by or contracted to, the Service or health clinic. All requirements of the item must be met.

Item 10990 or 10991 (bulk billing incentives) can be claimed in conjunction with any health assessment provided to an Aboriginal and Torres Strait Islander person, provided the conditions of item 10990 and 10991 are satisfied.

The Health Assessment for Aboriginal and Torres Strait Islander People may be provided once every 9 months.

A.34.. A HEALTH ASSESSMENT FOR AN ABORIGINAL AND TORRES STRAIT ISLANDER CHILD (LESS THAN 15 YEARS OF AGE)

This health assessment involves all of the following:

- (a) a personal attendance by a medical practitioner;
- (b) taking the patient's medical history, including the following:
 - i. mother's pregnancy history;
 - ii. birth and neo-natal history;
 - iii. breastfeeding history;
 - iv. weaning, food access and dietary history;
 - v. physical activity;
 - vi. previous presentations, hospital admissions and medication usage;
 - vii. relevant family medical history;
 - viii. immunisation status;
 - ix. vision and hearing (including neonatal hearing screening);
 - x. development (including achievement of age appropriate milestones);
 - xi. family relationships, social circumstances and whether the person is cared for by another person;
 - xii. exposure to environmental factors (including tobacco smoke);
 - xiii. environmental and living conditions;
 - xiv. educational progress;
 - xv. stressful life events;
 - xvi. mood (including incidence of depression and risk of self-harm);
 - xvii. substance use;
 - xviii. sexual and reproductive health; and
 - xix. dental hygiene (including access to dental services).
- (c) examination of the patient, including the following:
 - i. measurement of height and weight to calculate body mass index and position on the growth curve;
 - ii. newborn baby check (if not previously completed);
 - iii. vision (including red reflex in a newborn);
 - iv. ear examination (including otoscopy);
 - v. oral examination (including gums and dentition);
 - vi. trachoma check, if indicated;
 - vii. skin examination, if indicated;
 - viii. respiratory examination, if indicated;
 - ix. cardiac auscultation, if indicated;
 - x. development assessment, if indicated, to determine whether age appropriate milestones have been achieved;
 - xi. assessment of parent and child interaction, if indicated; and
 - xii. other examinations in accordance with national or regional guidelines or specific regional needs, or as indicated by a previous child health assessment.
- (d) undertaking or arranging any required investigation, considering the need for the following tests, in particular:
 - i. haemoglobin testing for those at a high risk of anaemia; and
 - ii. audiometry, if required, especially for those of school age
- (e) assessing the patient using the information gained in the child health check; and
- (f) making or arranging any necessary interventions and referrals, and documenting a simple strategy for the good health of the patient.

A.35.. A HEALTH ASSESSMENT FOR AN ABORIGINAL AND TORRES STRAIT ISLANDER ADULT (AGED BETWEEN 15 YEARS AND 54 YEARS)

This health assessment involves all of the following:

- (a) a personal attendance by a medical practitioner;

- (b) taking the patient's medical history, including the following:
- i. current health problems and risk factors;
 - ii. relevant family medical history;
 - iii. medication usage (including medication obtained without prescription or from other doctors);
 - iv. immunisation status, by reference to the appropriate current age and sex immunisation schedule;
 - v. sexual and reproductive health;
 - vi. physical activity, nutrition and alcohol, tobacco or other substance use;
 - vii. hearing loss;
 - viii. mood (including incidence of depression and risk of self-harm); and
 - ix. family relationships and whether the patient is a carer, or is cared for by another person.
- (c) examination of the patient, including the following:
- i. measurement of the patient's blood pressure, pulse rate and rhythm;
 - ii. measurement of height and weight to calculate body mass index and, if indicated, measurement of waist circumference for central obesity;
 - iii. oral examination (including gums and dentition);
 - iv. ear and hearing examination (including otoscopy and, if indicated, a whisper test); and
 - v. urinalysis (by dipstick) for proteinuria.
- (d) undertaking or arranging any required investigation, considering the need for the following tests, in particular, (in accordance with national or regional guidelines or specific regional needs):
- i. fasting blood sugar and lipids (by laboratory based test on venous sample) or, if necessary, random blood glucose levels;
 - ii. pap smear;
 - iii. examination for sexually transmitted infection (by urine or endocervical swab for chlamydia and gonorrhoea, especially for those aged from 15 to 35 years); and
 - iv. mammography, if eligible (by scheduling appointments with visiting services or facilitating direct referral).
- (e) assessing the patient using the information gained in the adult health assessment; and
- (f) making or arranging any necessary interventions and referrals, and documenting a simple strategy for the good health of the patient.

A.36.. A HEALTH ASSESSMENT FOR AN ABORIGINAL AND TORRES STRAIT ISLANDER OLDER PERSON (AGED 55 YEARS AND OVER)

This health assessment involves all of the following:

- (a) a personal attendance by the medical practitioner;
- (b) measurement of the patient's blood pressure, pulse rate and rhythm;
- (c) an assessment of the patient's medication;
- (d) an assessment of the patient's continence;
- (e) an assessment of the patient's immunisation status for influenza, tetanus and pneumococcus;
- (f) an assessment of the patient's physical functions, including the patient's activities of daily living and whether or not the patient has had a fall in the last 3 months;
- (g) an assessment of the patient's psychological function, including the patient's cognition and mood;
- (h) an assessment of the patient's social function, including:
 - i. the availability and adequacy of paid, and unpaid, help; and
 whether the patient is responsible for caring for another person.

A.37.. CHRONIC DISEASE MANAGEMENT ITEMS (ITEMS 721 TO 732)

<i>Description</i>	<i>Item No</i>	<i>Minimum claiming period*</i>
Preparation of a GP Management Plan (GPMP)	721	12 months
Coordination of Team Care Arrangements (TCAs)	723	12 months
Contribution to a Multidisciplinary Care Plan, or to a Review of a Multidisciplinary Care Plan, for a patient who is not a care recipient in a residential aged care facility	729	3 months
Contribution to a Multidisciplinary Care Plan, or to a review of a multidisciplinary care plan, for a resident in an aged care facility	731	3 months
Review of a GP Management Plan or Coordination of a Review of Team Care Arrangements	732	3 months

- CDM services may be provided more frequently in the exceptional circumstances defined below.

Exceptional circumstances exist for a patient if there has been a significant change in the patient's clinical condition or care requirements that necessitates the performance of the service for the patient.

REGULATORY REQUIREMENTS

Items 721, 723, 729, 731 and 732 provide rebates for GPs to manage chronic or terminal medical conditions by preparing, coordinating, reviewing or contributing to chronic disease management (CDM) plans. They apply for a patient who suffers from at least one medical condition that has been present (or is likely to be present) for at least six months or is terminal.

Patient eligibility

In addition to the eligibility requirements listed in the individual CDM item descriptors, the General Medical Services Table (GMST) mandates the following eligibility criteria:

CDM items 721, 723 and 732

These are:

- available to:
 - i. patients in the community; and
 - ii. private in-patients of a hospital (including private in-patients who are residents of aged care facilities) being discharged from hospital.
- not available to:
 - i. public in-patients of a hospital; or
 - ii. care recipients in a residential aged care facility.

CDM item 729

This is:

- available to:
 - i. patients in the community;
 - ii. both private and public in-patients being discharged from hospital.
- not available to care recipients in a residential aged care facility.

CDM item 731

This item is available to care recipients in a residential aged care facility only.

Item 721

A comprehensive written plan must be prepared describing:

- (a) the patient's health care needs, health problems and relevant conditions;
- (b) management goals with which the patient agrees;
- (c) actions to be taken by the patient;
- (d) treatment and services the patient is likely to need;
- (e) arrangements for providing this treatment and these services; and
- (f) arrangements to review the plan by a date specified in the plan.

In preparing the plan, the provider must:

- (a) explain to the patient and the patient's carer (if any, and if the practitioner considers it appropriate and the patient agrees) the steps involved in preparing the plan; and
- (b) record the plan; and
- (c) record the patient's agreement to the preparation of the plan; and
- (d) offer a copy of the plan to the patient and the patient's carer (if any, and if the practitioner considers it appropriate and the patient agrees); and
- (e) add a copy of the plan to the patient's medical records.

Item 723

When coordinating the development of Team Care Arrangements (TCAs), the medical practitioner must:

- (a) consult with at least two collaborating providers, each of whom will provide a different kind of treatment or service to the patient, and one of whom may be another medical practitioner, when making arrangements for the multidisciplinary care of the patient; and
- (b) prepare a document that describes:
 - i. treatment and service goals for the patient;
 - ii. treatment and services that collaborating providers will provide to the patient; and
 - iii. actions to be taken by the patient;
 - iv. arrangements to review (i), (ii) and (iii) by a date specified in the document; and
- (c) explain the steps involved in the development of the arrangements to the patient and the patient's carer (if any, and if the practitioner considers it appropriate and the patient agrees);

- (d) discuss with the patient the collaborating providers who will contribute to the development of the TCAs and provide treatment and services to the patient under those arrangements; and
- (e) record the patient's agreement to the development of TCAs;
- (f) give copies of the relevant parts of the document to the collaborating providers;
- (g) offer a copy of the document to the patient and the patient's carer (if any, and if the practitioner considers it appropriate and the patient agrees); and
- (h) add a copy of the document to the patient's medical records.

One of the minimum two service providers collaborating with the GP can be another medical practitioner. The patient's informal or family carer can be included in the collaborative process but does not count towards the minimum of three collaborating providers.

Item 729

A multidisciplinary care plan means a written plan that:

- (a) is prepared for a patient by:
 - i. a medical practitioner in consultation with two other collaborating providers, each of whom provides a different kind of treatment or service to the patient, and one of whom may be another medical practitioner; or
 - ii. a collaborating provider (other than a medical practitioner) in consultation with at least two other collaborating providers, each of whom provides a different kind of treatment or services to the patient; and
- (b) describes, at least, treatment and services to be provided to the patient by the collaborating providers.

When contributing to a multidisciplinary care plan or to a review of the care plan, the medical practitioner must:

- (a) prepare part of the plan or amendments to the plan and add a copy to the patient's medical records; or
- (b) give advice to a person who prepares or reviews the plan and record in writing, on the patient's medical records, any advice provided to such a person.

Item 731

A multidisciplinary care plan in a Residential Aged Care Facility (RACF) means a written plan that:

- (a) is prepared for a patient by a collaborating provider (other than a medical practitioner, e.g. a RACF), in consultation with at least two other collaborating providers, each of whom provides a different kind of treatment or services to the patient; and
- (b) describes, at least, treatment and services to be provided to the patient by the collaborating providers.

When contributing to a multidisciplinary care plan or to a review of the care plan, the medical practitioner must:

- (a) prepare part of the plan or amendments to the plan and add a copy to the patient's medical records; or
- (b) give advice to a person who prepares or reviews the plan and record in writing, on the patient's medical records, any advice provided to such a person.

Item 731 can also be used for contribution to A MULTIDISCIPLINARY CARE PLAN PREPARED FOR A RESIDENT BY ANOTHER PROVIDER BEFORE THE RESIDENT IS DISCHARGED from a hospital or an approved day-hospital facility, OR TO A REVIEW OF SUCH A PLAN prepared by another provider (not being a service associated with a service to which items 735 to 758 apply).

Item 732

An "associated medical practitioner" is a medical practitioner (including a general practitioner, but not including a specialist or consultant physician) who, if not engaged in the same general practice as the medical practitioner mentioned in that item, performs the service mentioned in the item at the request of the patient (or the patient's guardian).

When reviewing a GP Management Plan, the medical practitioner must:

- (a) explain to the patient and the patient's carer (if any, and if the practitioner considers it appropriate and the patient agrees) the steps involved in the review;
- (b) record the patient's agreement to the review of the plan;
- (c) review all the matters set out in the relevant plan;
- (d) make any required amendments to the patient's plan;
- (e) offer a copy of the amended document to the patient and the patient's carer (if any, and if the practitioner considers it appropriate and the patient agrees);
- (f) add a copy of the amended document to the patient's records; and
- (g) provide for further review of the amended plan by a date specified in the plan.

When coordinating a review of Team Care Arrangements, a multidisciplinary community care plan or a multidisciplinary discharge care plan, the practitioner must:

- (a) explain the steps involved in the review to the patient and the patient's carer (if any, and if the practitioner considers it appropriate and the patient agrees);
- (b) record the patient's agreement to the review of the TCAs or plan;

- (c) consult with at least two health or care providers (each of whom provides a service or treatment to the patient that is different from each other and different from the service or treatment provided by the medical practitioner who is coordinating the TCAs or plan) to review all the matters set out in the relevant plan;
- (d) make any required amendments to the patient's plan;
- (e) offer a copy of the amended document to the patient and the patient's carer (if any, and if the practitioner considers it appropriate and the patient agrees);
- (f) provide for further review of the amended plan by a date specified in the plan;
- (g) give copies of the relevant parts of the amended plan to the collaborating providers; and
- (h) add a copy of the amended document to the patient's records.

Item 732 can also be used to COORDINATE A REVIEW OF A MULTIDISCIPLINARY COMMUNITY CARE PLAN (former item 720) or to COORDINATE REVIEW OF A DISCHARGE CARE PLAN (former item 722), where these services were coordinated or prepared by that medical practitioner (or an associated medical practitioner), and not being a service associated with a service to which items 735-758 apply.

Claiming of benefits

Each service to which item 732 applies (i.e. Review of a GP Management Plan and Review of Team Care Arrangements) may be claimed once in a three-month period, except where there are exceptional circumstances arising from a significant change in the patient's clinical condition or care circumstances that necessitates earlier performance of the service for the patient.

Where a service is provided in exceptional circumstances, the patient's invoice or Medicare voucher should be annotated to indicate the reason why the service was required earlier than the minimum time interval for the relevant item. Payment can then be made.

Item 732 can be claimed twice on the same day providing an item 732 for reviewing a GP Management Plan and another 732 for reviewing Team Care Arrangements (TCAs) are both delivered on the same day as per the MBS item descriptors and explanatory notes.

Medicare requirements when item 732 is claimed twice on the same day

If a GPMP and TCAs are both reviewed on the same date and item 732 is to be claimed twice on the same day, both electronic claims and manual claims need to indicate they were rendered at different times:

- **Non electronic Medicare claiming of items 732 on the same date**
The time that each item 732 commenced should be indicated next to each item
- **Electronic Medicare claiming of item 732 on the same date**
Medicare Easyclaim: use the 'ItemOverrideCde' set to 'AP', which flags the item as *not duplicate services*
Medicare Online/ECLIPSE: set the 'DuplicateServiceOverrideIND' to 'Y', which flags the item as *not duplicate*

Items 721, 723 and 732

The GP Management Plan items (721 and 732) and the Team Care Arrangement items (723 and 732) can not be claimed by general practitioners when they are a recognised specialist in the specialty of palliative medicine and treating a referred palliative care patient under items 3005-3093. The referring practitioner is able to provide the CDM services.

ADDITIONAL INFORMATION

Advice on the items and further guidance are available at: www.health.gov.au/mbsprimarycareitems

Items 721-732 should generally be undertaken by the patient's **usual medical practitioner**. The patient's "usual GP" means the GP, or a GP working in the medical practice, who has provided the majority of care to the patient over the previous twelve months and/or will be providing the majority of GP services to the patient over the next twelve months. The term "usual GP" would not generally apply to a practice that provides only one specific CDM service.

A practice nurse, Aboriginal and Torres Strait Islander health practitioner, Aboriginal health worker or other health professional may assist a GP with items 721, 723, and 732 (e.g. in patient assessment, identification of patient needs and making arrangements for services). However, the GP must meet all regulatory requirements, review and confirm all assessments and see the patient.

Patients being managed under the chronic disease management items may be eligible for:

- individual allied health services (items 10950 to 10970); and/or
- group allied health services (items 81100 to 81125).

More information on eligibility requirements can be found in the explanatory note for individual allied health services and group allied health services.

Further information is also available for providers from the Medicare Australia provider inquiry line on 132 150.

The Department of Human Services (DHS) has developed two guidelines, the [Health Practitioner Guideline to substantiate the preparation of a valid GP Management Plan \(for medical practitioners\)](#) and the [Health Practitioner Guideline to substantiate the coordination of the development of Team Care Arrangements \(for medical practitioners\)](#) which are both located on the DHS website.

A.38.. MEDICARE DENTAL ITEMS FOR PATIENTS WITH CHRONIC CONDITIONS AND COMPLEX CARE NEEDS - SERVICES PROVIDED BY A DENTAL PRACTITIONER ON REFERRAL FROM A GP [ITEMS 85011-87777]

Closure of Medicare Dental Items 85011-87777

The Medicare Chronic Disease Dental Scheme closed on 30 November 2012. No Medicare benefits will be payable for any dental services provided under Medicare dental items 85011-87777 provided after this date. The cost of any future dental services will need to be met by the patient.

Further details regarding the closure are available at www.health.gov.au/dental.

A.39.. MULTIDISCIPLINARY CASE CONFERENCES BY MEDICAL PRACTITIONERS (OTHER THAN SPECIALIST OR CONSULTANT PHYSICIAN) - (ITEMS 735 TO 758)

Items 735 to 758 provide rebates for medical practitioners (not including a specialist or consultant physician) to organise and coordinate, or participate in, multidisciplinary case conferences for patients in the community or patients being discharged into the community from hospital or people living in residential aged care facilities.

REGULATORY REQUIREMENTS

To organise and coordinate case conference items **735, 739 and 743**, the provider must:

- (a) explain to the patient the nature of a multidisciplinary case conference, and ask the patient for their agreement to the conference taking place; and
- (b) record the patient's agreement to the conference; and
- (c) record the day on which the conference was held, and the times at which the conference started and ended; and
- (d) record the names of the participants; and
- (e) offer the patient and the patient's carer (if any, and if the practitioner considers it appropriate and the patient agrees) a summary of the conference and provide this summary to other team members; and
- (f) discuss the outcomes of the conference with the patient and the patient's carer (if any, and if the practitioner considers it appropriate and the patient agrees); and
- (g) record all matters discussed and identified by the case conferencing team and put a copy of that record in the patient's medical records.

To participate in multidisciplinary case conference items **747, 750 and 758**, the provider must:

- (a) explain to the patient the nature of a multidisciplinary case conference, and ask the patient whether they agree to the medical practitioner's participation in the conference; and
- (b) record the patient's agreement to the medical practitioner's participation; and
- (c) record the day on which the conference was held, and the times at which the conference started and ended; and
- (d) record the names of the participants; and
- (e) record all matters discussed and identified by the case conferencing team and put a copy of that record in the patient's medical records.

ADDITIONAL INFORMATION

Usual medical practitioner

Items 735-758 should generally be undertaken by the patient's usual medical practitioner. This is a medical practitioner, or a medical practitioner working in the medical practice, that has provided the majority of services to the patient over the previous 12 months and/or will be providing the majority of services to the patient over the coming 12 months.

Multidisciplinary case conference team members

Examples of persons who, for the purposes of care planning and case conferencing may be included in a multidisciplinary care team are allied health professionals such as, but not limited to: Aboriginal health care workers; asthma educators; audiologists; dental therapists; dentists; diabetes educators; dietitians; mental health workers; occupational therapists; optometrists; orthoptists; orthotists or prosthetists; pharmacists; physiotherapists; podiatrists; psychologists; registered nurses; social workers; speech pathologists.

A team may also include home and community service providers, or care organisers, such as: education providers; "meals on wheels" providers; personal care workers (workers who are paid to provide care services); probation officers.

The patient's informal or family carer may be included as a formal member of the team in addition to the minimum of three health or care providers. The patient and the informal or family carer do not count towards the minimum of three.

Discharge case conference

Organisation and coordination of a multidisciplinary discharge case conference (items 735, 739 and 743) may be provided for private in-patients being discharged into the community from hospital.

Further sources of information

Advice on the items and further guidance are available at: www.health.gov.au/mbsprimarycareitems

Further information is also available for providers from the Medicare Australia provider inquiry line on 132 150.

A.40.. PUBLIC HEALTH MEDICINE - (ITEMS 410 TO 417)

Attendances by public health physicians will attract Medicare benefits under the new items only where the attendance relates to one or more of the following: -

- (i) management of a patient's vaccination requirements for accepted immunisation programs; or
- (ii) prevention or management of sexually transmitted disease; or
- (iii) prevention or management of disease due to environmental hazards or poisons; or
- (iv) prevention or management of exotic diseases; or
- (v) prevention or management of infection during outbreaks of infectious disease.

For more information on the content-based item structure used in this Group, see A.5 in the explanatory notes.

A.41.. CASE CONFERENCES BY CONSULTANT PHYSICIAN - (ITEMS 820 TO 838)

Items 820, 822, 823, 825, 826 and 828 apply to a community case conference (including a case conference conducted in a residential aged care facility) organised to discuss one patient in detail and applies only to a service in relation to a patient who suffers from at least one medical condition that has been (or is likely to be) present for at least 6 months, or that is terminal, and has complex needs requiring care from a multidisciplinary team. Items 820, 822, 823, 825, 826 and 828 do not apply to an in-patient of a hospital.

For items 830, 832, 834, 835, 837 and 838, a discharge case conference is a case conference carried out in relation to a patient before the patient is discharged from a hospital. Items 830, 832, 834, 835, 837 and 838 are payable not more than once for each hospital admission.

The purpose of a case conference is to establish and coordinate the management of the care needs of the patient.

A case conference is a process by which a multidisciplinary team carries out the following activities:

- discusses a patient's history;
- identifies the patient's multidisciplinary care needs;
- identifies outcomes to be achieved by members of the case conference team giving care and service to the patient;
- identifies tasks that need to be undertaken to achieve these outcomes, and allocating those tasks to members of the case conference team; and
- assesses whether previously identified outcomes (if any) have been achieved.

For the purposes of items 820, 822, 823, 830, 832 and 834 (that is, where a consultant physician organises a case conference) a multidisciplinary team requires the involvement of a minimum of four formal care providers from different disciplines. The consultant physician is counted toward the minimum of four. Although they may attend the case conference, neither the patient nor his or her informal carer, or any other medical practitioner (except where the medical practitioner is the patient's usual General Practitioner) can be counted toward the minimum of four.

For the purposes of items 825, 826, 828, 835, 837 and 838 (that is, where a consultant physician participates in a case conference) a multidisciplinary team requires the involvement of a minimum of three formal care providers from different disciplines. The consultant physician is counted toward the minimum of three. Although they may attend the case conference, neither the patient nor his or her informal carer, or any other medical practitioner (except where the medical practitioner is the patient's usual General Practitioner) can be counted toward the minimum of three.

For the purposes of A.37.5 and A25.6, "formal care providers" includes:

- the patient's usual General Practitioner;
- allied health professionals, being: registered nurse, physiotherapist, occupational therapist, podiatrist, speech pathologist, pharmacist; dietician; psychologist; orthoptist; orthotist and prosthetist, optometrist; audiologist,

- social worker, Aboriginal and Torres Strait Islander health practitioner, Aboriginal health worker, mental health worker, asthma educator, diabetes educator, dental therapist, dentist; and
- community service providers being: personal care worker, home and community care service provider, meals on wheels provider, education provider and probation officer.

Organisation of a case conference

For items 820, 822, 823, 830, 832 and 834, organise and coordinate a community case conference means undertaking the following activities in relation to a case conference:

- (a) explaining to the patient or the patient's agent the nature of a case conference, and asking the patient or the patient's agent whether he or she agrees to the case conference taking place; and
- (b) recording the patient's or agent's agreement to the case conference; and
- (c) recording the day on which the conference was held, and the times at which the conference started and ended; and
- (d) recording the names of the participants; and
- (e) recording the matters mentioned in A.37.4 and putting a copy of that record in the patient's medical records; and
- (f) giving the patient or the patient's agent, and each other member of the team a summary of the conference; and
- (h) giving a copy of the summary of the conference to the patient's usual general practitioner; and
- (i) discussing the outcomes of the patient or the patient's agent.

Organisation of a discharge case conference (items 830, 832 and 834), may be provided for private in-patients only, and must be organised by the medical practitioner who is providing in-patient care.

Participation in a case conference

For items 825, 826, 828, 835, 837 and 838, participation in a case conference must be at the request of the person who organises and coordinates the case conference and includes undertaking the following activities when participating in a case conference:

- (a) recording the day on which the conference was held, and the times at which the conference started and ended; and
- (b) recording the matters mentioned in A.37.4 in so far as they relate to the medical practitioner's participation in the case conference, and putting a copy of that record in the patient's medical records.

General requirements

The case conference must be arranged in advance, within a time frame that allows for all the participants to attend. The minimum of three care providers for participating in a case conference or four care providers for organising a case conference must be present for the whole of the case conference. All participants must be in communication with each other throughout the conference, either face to face, by telephone or by video link, or a combination of these.

A record of the case conference which contains: a list of the participants; the times the conference commenced and concluded; a description of the problems, goals and strategies; and a summary of the outcomes must be kept in the patient's record. The notes and summary of outcomes must be provided to all participants and to the patient's usual general practitioner.

Prior informed consent must be obtained from the patient, or the patient's agent. In obtaining informed consent the consultant physician should:

- Inform the patient that his or her medical history, diagnosis and care preferences will be discussed with other case conference participants;
- Provide an opportunity for the patient to specify what medical and personal information he or she wants to be conveyed to, or withheld from, the other care providers;
- Inform the patient that he or she will incur a charge for the service for which a Medicare rebate will be payable.

Medicare benefits are only payable in respect of the service provided by the coordinating consultant physician or the participating consultant physician. Benefits are not payable for another medical practitioner organising a case conference or for participation by other medical practitioners at a case conference, except where a medical practitioner organises or participates in a case conference in accordance with Items 734 to 779.

The benefit is not claimable (and an account should not be rendered) until all components of these items have been provided. See point G.7.1 of the General Explanatory Notes for further details on billing procedures.

It is expected that a patient would not normally require more than 5 case conferences in a 12 month period.

This item does not preclude the claiming of a consultation on the same day if other clinically relevant services are provided.

A.42.. MEDICATION MANAGEMENT REVIEWS - (ITEMS 900 AND 903)

Item 900 - Domiciliary Medication Management Review

A Domiciliary Medication Management Review (DMMR) (Item 900), also known as Home Medicines Review, is intended to maximise an individual patient's benefit from their medication regimen, and prevent medication-related problems through a team approach, involving the patient's GP and preferred community pharmacy or accredited pharmacist.

Patient eligibility

The item is available to people living in the community who meet the criteria for a DMMR.

The item is not available for in-patients of a hospital, or care recipients in residential aged care facilities.

DMMRs are targeted at patients who are likely to benefit from such a review: patients for whom quality use of medicines may be an issue or; patients who are at risk of medication misadventure because of factors such as their co-morbidities, age or social circumstances, the characteristics of their medicines, the complexity of their medication treatment regimen, or a lack of knowledge and skills to use medicines to their best effect.

Examples of risk factors known to predispose people to medication related adverse events are:

- currently taking five or more regular medications;
- taking more than 12 doses of medication per day;
- significant changes made to medication treatment regimen in the last three months;
- medication with a narrow therapeutic index or medications requiring therapeutic monitoring;
- symptoms suggestive of an adverse drug reaction;
- sub-optimal response to treatment with medicines;
- suspected non-compliance or inability to manage medication related therapeutic devices;
- patients having difficulty managing their own medicines because of literacy or language difficulties, dexterity problems or impaired sight, confusion/dementia or other cognitive difficulties;
- patients attending a number of different doctors, both general practitioners and specialists; and
- recent discharge from a facility / hospital (in the last four weeks).

REGULATORY REQUIREMENTS

In conducting a DMMR, a medical practitioner must:

- (a) assess a patient's medication management needs; and
- (b) following that assessment, refer the patient to a community pharmacy or an accredited pharmacist for a DMMR; and
- (c) with the patient's consent, provide relevant clinical information required for the review; and
- (d) discuss with the reviewing pharmacist the results of that review, including suggested medication management strategies; and
- (e) develop a written medication management plan following discussion with the patient.

Claiming

A DMMR includes all DMMR-related services provided by the medical practitioner from the time the patient is identified as potentially needing a medication management review to the preparation of a draft medication management plan, and discussion and agreement with the patient.

The benefit is not claimable until all the components of the item have been rendered.

Benefits for a DMMR service under item 900 are payable only once in each 12 month period, except where there has been a significant change in the patient's condition or medication regimen requiring a new DMMR (e.g. diagnosis of a new condition or recent discharge from hospital involving significant changes in medication). In such cases the patient's invoice or Medicare voucher should be annotated to indicate that the DMMR service was required to be provided within 12 months of another DMMR service.

If the DMMR is initiated during the course of a consultation undertaken for another purpose, this consultation may also be claimed separately.

If the consultation at which the medication management review is initiated is only for the purposes of initiating the review only item 900 may be claimed.

If the medical practitioner determines that a DMMR is not necessary, item 900 does not apply. In this case, normal consultation items should be used.

Where a DMMR cannot be completed due to circumstances beyond the control of the medical practitioner (e.g. because the patient decides to not proceed further with the DMMR, or because of a change in the circumstances of the patient), the relevant MBS attendance items should be used.

FURTHER GUIDANCE

A DMMR should generally be undertaken by the patient's usual medical practitioner. This is the medical practitioner, or a medical practitioner working in the medical practice, that has provided the majority of services to the patient over the previous 12 months and/or will be providing the majority of services to the patient over the coming 12 months.

The potential need for a DMMR may be identified either by the medical practitioner in the process of a consultation or by receipt of advice from the patient, a carer or another health professional including a pharmacist.

The process of *referral to a community pharmacy or an accredited pharmacist* includes:

- Obtaining consent from the patient, consistent with normal clinical practice, for a pharmacist to undertake the medication management review and for a charge to be incurred for the service for which a Medicare rebate is payable. The patient must be clearly informed of the purpose and possible outcomes of the DMMR, the process involved (including that the pharmacist will visit the patient at home, unless the patient prefers another location or other exceptional circumstances apply), what information will be provided to the pharmacist as part of the DMMR, and any additional costs that may be incurred; and
- Provision to the patient's preferred community pharmacy or accredited pharmacist, of relevant clinical information, by the medical practitioner for each individual patient, covering the patient's diagnosis, relevant test results and medication history, and current prescribed medications.
- A DMMR referral form is available for this purpose. If this form is not used, the medical practitioner must provide patient details and relevant clinical information to the patient's preferred community pharmacy or accredited pharmacist.

The *discussion of the review findings and report including suggested medication management strategies with the reviewing pharmacist* includes:

- Receiving a written report from the reviewing pharmacist; and
- Discussing the relevant findings and suggested management strategies with the pharmacist (either by phone or face to face); and
- Developing a summary of the relevant review findings as part of the draft medication management plan.

Development of *a written medication management plan following discussion with the patient* includes:

- Developing a draft medication management plan and discussing this with the patient; and
- Once agreed, offering a copy of the written medication management plan to the patient and providing a copy to the community pharmacy or accredited pharmacist.

The agreed plan should identify the medication management goals and the proposed medication regimen for the patient.

Item 903 - Residential Medication Management Review

A Residential Medication Management Review (RMMR) is a collaborative service available to permanent residents of a Residential Aged Care facility (RACF) who are likely to benefit from such a review. This includes residents for whom quality use of medicines may be an issue or residents who are at risk of medication misadventure because of a significant change in their condition or medication regimen.

Patient eligibility

RMMRs are available to:

new residents on admission into a RACF; and

existing residents on an 'as required' basis, where in the opinion of the resident's medical practitioner, it is required because of a significant change in medical condition or medication regimen.

RMMRs are not available to people receiving respite care in a RACF. Domiciliary Medicines Reviews are available to these people when they are living in the community setting.

REGULATORY REQUIREMENTS

When conducting a RMMR, a GP must:

- (a) discuss the proposed review with the resident and seek the resident's consent to the review; and
- (b) collaborate with the reviewing pharmacist about the pharmacist's involvement in the review; and
- (c) provide input from the resident's most recent comprehensive medical assessment or, if such an assessment has not been undertaken, provide relevant clinical information for the review and for the resident's records; and
- (d) If recommended changes to the resident's medication management arise out

of the review, participate in a post-review discussion (either face-to-face or by telephone) with the pharmacist to discuss the outcomes of the review including:

- (i) the findings; and
- (ii) medication management strategies; and
- (iii) means to ensure that the strategies are implemented and reviewed, including any issues for implementation and follow-up; and
- (iv) develop or revise the resident's medication management plan after discussion with the reviewing pharmacist; and
- (v) finalise the plan after discussion with the resident.

A medical practitioner's involvement in a residential medication management review also includes:

- (a) offering a copy of the medication management plan to the resident (or the resident's carer or representative if appropriate); and
- (b) providing copies of the plan for the resident's records and for the nursing staff of the residential aged care facility; and
- (c) discussing the plan with nursing staff if necessary.

A post-review discussion is not required if:

- (a) there are no recommended changes to the resident's medication management arising out of the review; or
- (b) any changes are minor in nature and do not require immediate discussion; or
- (c) the pharmacist and medical practitioner agree that issues arising out of the review should be considered in a case conference.

A RMMR comprises all activities to be undertaken by the medical practitioner from the time the resident is identified as potentially needing a medication management review up to the development of a written medication management plan for the resident.

Claiming

A maximum of one RMMR rebate is payable for each resident in any 12 month period, except where there has been a significant change in the resident's medical condition or medication regimen requiring a new RMMR.

Benefits are payable when all the activities of a RMMR have been completed. A RMMR service covers the consultation at which the results of the medication management review are discussed and the medication management plan agreed with the resident:

- any immediate action required to be done at the time of completing the RMMR, based on and as a direct result of information gathered in the RMMR, should be treated as part of the RMMR item;
- any subsequent follow up should be treated as a separate consultation item;
- an additional consultation in conjunction with completing the RMMR should not be undertaken unless it is clinically indicated that a problem must be treated immediately.

In some cases a RMMR may not be able to be completed due to circumstances beyond the control of the medical practitioner (e.g. because the resident decides not to proceed with the RMMR or because of a change in the circumstances of the resident). In these cases the relevant MBS attendance item should be used in relation to any consultation undertaken with the resident.

If the consultation at which the RMMR is initiated, including discussion with resident and obtaining consent for the RMMR, is only for the purposes of initiating the review, only the RMMR item should be claimed.

If the RMMR is initiated during the course of a consultation undertaken for another purpose, the other consultation may be claimed as a separate service and the RMMR service would also apply.

If the medical practitioner determines that an RMMR is not necessary, the RMMR item does not apply. In this case, relevant consultation items should be used.

FURTHER GUIDANCE

A RMMR should generally be undertaken by the resident's 'usual GP'. This is the medical practitioner, or a medical practitioner working in the medical practice, that has provided the majority of care to the resident over the previous 12 months and/or will be providing the majority of care to the resident over the next 12 months.

GPs who provide services on a facility-wide contract basis, and/or who are registered to provide services to RACFs as part of aged care panel arrangements, may also undertake RMMRs for residents as part of their services.

Generally, new residents should receive an RMMR as soon as possible after admission. Where a resident has a Comprehensive Medical Assessment (CMA), the RMMR should be undertaken preferably after the results of the CMA are available to inform the RMMR.

A RMMR service should be completed within a reasonable timeframe. As a general guide, it is expected that most RMMR services would be completed within four weeks of being initiated.

The resident's medical practitioner may identify the potential need for an 'as required' RMMR for existing residents, including in the course of a consultation for another purpose. The potential need for an RMMR may also be identified by the reviewing pharmacist, supply pharmacist, Residential Aged Care Facility staff, the resident, the resident's carer or other members of the resident's health care team.

The medical practitioner should assess the clinical need for an RMMR from a quality use of medicines perspective with the resident as the focus, and initiate an RMMR if appropriate, in collaboration with the reviewing pharmacist.

The medical practitioner and reviewing pharmacist should agree on a preferred means for communicating issues and information relating to the provision of an RMMR service. This should include the method(s) of initiating the RMMR, exceptions to the post review discussion, and the preferred method of communication. This can be done on a facility basis rather than on a case-by-case basis.

Where the provision of RMMR services involves consultation with a resident it should be read as including consultation with the resident and/or their carer or representative where appropriate.

RMMRs do not count for the purposes of derived fee arrangements that apply to other consultations in a Residential Aged Care Facility.

A.43.. TAKING A CERVICAL SMEAR FROM A WOMAN WHO IS UNSCREENED OR SIGNIFICANTLY UNDER-SCREENED - (ITEMS 2497 - 2509 AND 2598 - 2616)

The item numbers 2497, 2501, 2503, 2504, 2506, 2507, 2509, 2598, 2600, 2603, 2606, 2610, 2613 and 2616 should be used in place of the usual attendance item where as part of a consultation, a cervical smear is taken from a woman between the ages of 20 and 69 years inclusive who has not had a cervical smear in the last four years.

The items apply only to women between the ages of 20 and 69 years inclusive who have a cervix, have had intercourse and have not had a cervical smear in the last four years.

When providing this service, the doctor must satisfy themselves that the woman has not had a cervical smear in the last four years by:

- asking the woman if she can remember having a cervical screen in the last four years; and
- checking their own practice's medical records.

If significant uncertainty still remains, the doctor may also contact his/her state cervical screening register.

Women from the following groups are more likely than the general population to be unscreened or significantly underscreened - low socioeconomic status, culturally and linguistically diverse backgrounds, Indigenous communities, rural and remote areas and older women.

Vault smears are not eligible for items 2497 - 2509 and 2598 - 2616.

In addition to attracting a Medicare rebate, the use of these items will initiate a Cervical Screening SIP through the PIP.

A PIP Cervical Screening SIP is available for taking a cervical screen from women who have not been screened in the last four years. The SIP will be paid to the medical practitioner who provided the service if the service was provided in a general practice participating in the PIP Cervical Screening Incentive. A further PIP Cervical Screening Incentive payment is paid to practices which reach target levels of cervical screening for their female patients aged 20-69 years inclusive. More detailed information on the PIP Cervical Screening Incentive is available from the Medicare Australia PIP enquiry line on 1800 222 032 or www.medicareaustralia.gov.au/PIP.

A.44.. COMPLETION OF THE ANNUAL DIABETES CYCLE OF CARE FOR PATIENTS WITH ESTABLISHED DIABETES MELLITUS - (ITEMS 2517 - 2526 AND 2620 - 2635)

The item numbers 2517, 2518, 2521, 2522, 2525, 2526, and 2620, 2622, 2624, 2631, 2633, 2635, should be used in place of the usual attendance item when a consultation completes the minimum requirements of the annual Diabetes Cycle of Care for a patient with established diabetes mellitus.

The annual Diabetes Cycle of Care must be completed over a period of 11 months and up to 13 months, and at a minimum must include:

Assess diabetes control by measuring HbA1c	At least once every year
Ensure that a comprehensive eye examination is carried out*	At least once every two years
Measure weight and height and calculate BMI**	At least twice every cycle of care
Measure blood pressure	At least twice every cycle of care
Examine feet***	At least twice every cycle of care
Measure total cholesterol, triglycerides and HDL cholesterol	At least once every year
Test for microalbuminuria	At least once every year
Provide self-care education	Patient education regarding diabetes management
Review diet	Reinforce information about appropriate dietary choices
Review levels of physical activity	Reinforce information about appropriate levels of physical activity
Check smoking status	Encourage cessation of smoking (if relevant)
Review of Medication	Medication review

* Not required if the patient is blind or does not have both eyes.

** Initial visit: measure height and weight and calculate BMI as part of the initial assessment.
Subsequent visits: measure weight.

*** Not required if the patient does not have both feet.

These requirements are generally based on the current general practice guidelines produced by Diabetes Australia and the Royal Australian College of General Practitioners (*Diabetes Management in General Practice*). Doctors using these items should familiarise themselves with these guidelines and with subsequent editions of these guidelines as they become available.

Use of these items certifies that the minimum requirements of the Diabetes Cycle of Care have been completed for a patient with established diabetes mellitus in accordance with the guidelines above.

These items should only be used once per cycle per patient of either A18 Subgroup 2 or A19 Subgroup 2. For example, if item 2517 is claimed for a patient then no other diabetes item in groups A18 or A19 can be used for this patient in the same cycle.

The requirements for claiming these items are the minimum needed to provide good care for a patient with diabetes. Additional levels of care will be needed by insulin-dependent patients and those with abnormal review findings, complications and/or co-morbidities.

In addition to attracting a Medicare rebate, recording a completion of a Diabetes Cycle of Care through the use of these items will initiate a Diabetes Service Incentive Payment (SIP) through the Practice Incentives Program (PIP).

All visits should be billed under the normal attendance items with the exception of the visit that completes all of the minimum requirements of the Diabetes Cycle of Care.

A PIP Diabetes SIP is available for completing the minimum requirements of the Diabetes Cycle of Care for individual patients as specified above. The Diabetes SIP is only paid once every 11-13 month period per patient. The SIP will be paid to the medical practitioner who provided the service if the service was provided in a general practice participating in the PIP Diabetes Incentive. A further PIP Diabetes Incentive payment is paid to practices which reach target levels of care for their patients with diabetes mellitus. More detailed information on the PIP Diabetes Incentive is available from the Medicare Australia PIP enquiry line on 1800 222 032 or www.medicareaustralia.gov.au/PIP.

A.45.. COMPLETION OF THE ASTHMA CYCLE OF CARE - (ITEMS 2546 - 2559 AND 2664 - 2677)

The item numbers 2546, 2547, 2552, 2553, 2558, 2559 and 2664, 2666, 2668, 2673, 2675 and 2677 should be used in place of the usual attendance item when a consultation completes the minimum requirements of the Asthma Cycle of Care. The Practice Incentives Program (PIP) Asthma Incentive is for patients with moderate to severe asthma who in the opinion of the doctor could benefit from review, eg those whose asthma management could be improved.

At a minimum the Asthma Cycle of Care must include:

- At least 2 asthma related consultations within 12 months for a patient with moderate to severe asthma (at least 1 of which (the review consultation) is a consultation that was planned at a previous consultation),
- Documented diagnosis and assessment of level of asthma control and severity of asthma,
- Review of the patient's use of and access to asthma-related medication and devices,
- Provision to the patient of a written asthma action plan (if the patient is unable to use a written asthma action plan - discussion with the patient about an alternative method of providing an asthma action plan, and documentation of the discussion in the patient's medical records),
- Provision of asthma self-management education to the patient, and
- Review of the written or documented asthma action plan.

The Asthma Cycle of Care should be provided to a patient by one GP or in exceptional circumstances by another GP within the same practice. In most cases, this will be the patient's usual medical practitioner. Completion of the Asthma Cycle of Care does not preclude referral to a specialist, but a specialist consultation cannot be counted as one of the two visits.

The patient's medical record should include documentation of each of these requirements and the clinical content of the patient-held written asthma action plan.

These items will only be payable for the completion of one Asthma Cycle of Care for each eligible patient per 12 month period, unless a further Asthma Cycle of Care is clinically indicated by exceptional circumstances.

If a subsequent Asthma Cycle of Care is indicated and the incentive item is to be claimed more than once per 12 month period for a patient, then the patient's invoice or Medicare voucher should be annotated to indicate that the Asthma Cycle of Care was required to be provided within 12 months of another Asthma Cycle of Care.

The minimum requirements of the Asthma Cycle of Care may be carried out in two (2) visits or if necessary as many visits as clinically required. The National Asthma Council's website provides a guide for completion of the Asthma Cycle of Care.

The visit that completes the Asthma Cycle of Care should be billed using the appropriate item listed in Group A18 Subgroup 3 and Group A19 Subgroup 3.

In addition to attracting a Medicare rebate, recording a completion of an Asthma Cycle of Care through the use of these items, will initiate an Asthma Service Incentive Payment (SIP) through the PIP.

All visits should be billed under the normal attendance items with the exception of the visit that completes all of the minimum requirements of the Asthma Cycle of Care.

A PIP Asthma SIP is available for completing the minimum requirements of the Asthma Cycle of Care for individual patients as specified above. The SIP will be paid to the medical practitioner who provided the service if the service was provided in a general practice participating in the PIP Asthma Incentive. More detailed information on the PIP Asthma Incentive is available from the Medicare Australia PIP enquiry line on 1800 222 032 or www.medicareaustralia.gov.au/pip.

For more detailed information regarding asthma diagnosis, assessment and best practice management refer to the National Asthma Council's website at www.NationalAsthma.org.au.

Assessment of Severity

Generally, patients who meet the following criteria can be assumed to have been assessed as having moderate to severe asthma:

- Symptoms on most days, OR
- Use of preventer medication, OR
- Bronchodilator use at least 3 times per week, OR
- Hospital attendance or admission following an acute exacerbation of asthma.

Where the general rule does not apply to a particular patient, the classification of severity described by the current edition of the National Asthma Council's *Asthma Management Handbook* can be used. The website address is www.NationalAsthma.org.au

A.46.. GP MENTAL HEALTH TREATMENT ITEMS - (ITEMS 2700 TO 2717)

This note provides information on the GP Mental Health Treatment items 2700, 2701, 2712, 2713, 2715 and 2717. It includes an overview of the items, patient and provider eligibility, what activities are involved in providing services rebated by these items, links to other Medicare items and additional claiming information.

Overview

The GP Mental Health Treatment items define services for which Medicare rebates are payable where GPs undertake early intervention, assessment and management of patients with mental disorders. They include referral pathways for treatment by psychiatrists, clinical psychologists and other allied mental health workers. These items complement the mental health items for psychiatrists (items 296 - 299), clinical psychologists (items 80000 - 80020) and allied mental health providers (items 80100 – 80170).

The GP Mental Health Treatment items incorporate a model for best practice primary health treatment of patients with mental disorders, including patients with both chronic or non-chronic disorders, that comprises:

- assess and plan;
- provide and/or refer for appropriate treatment and services;
- review and ongoing management as required.

Who can provide

The GP Mental Health Treatment Plan, Review and Consultation items are available for use in general practice by medical practitioners, including general practitioners but excluding specialists or consultant physicians. The term ‘GP’ is used in these notes as a generic reference to medical practitioners able to claim these items.

Training Requirements (item 2715 and 2717)

GPs providing Mental Health Treatment Plans, and who have undertaken mental health skills training recognised through the General Practice Mental Health Standards Collaboration, have access to items 2715 and 2717. For GPs who have not undertaken training, items 2700 and 2701 are available. Items 2715 provides for a Mental Health Treatment Plan lasting at least 20 minutes and item 2717 provides for a Mental Health Treatment Plan lasting at least 40 minutes. It is strongly recommended that GPs providing mental health treatment have appropriate mental health training. GP organisations support the value of appropriate mental health training for GPs using these items.

What patients are eligible - Mental Disorder

These items are for patients with a mental disorder who would benefit from a structured approach to the management of their treatment needs. Mental disorder is a term used to describe a range of clinically diagnosable disorders that significantly interfere with an individual’s cognitive, emotional or social abilities (Refer to the World Health Organisation, 1996, Diagnostic and Management Guidelines for Mental Disorders in Primary Care: ICD-10 Chapter V Primary Care Version). Dementia, delirium, tobacco use disorder and mental retardation are not regarded as mental disorders for the purposes of the GP Mental Health Treatment items.

These GP services are available to eligible patients in the community. GP Mental Health Treatment Plan and Review services can also be provided to private in-patients (including private in-patients who are residents of aged care facilities) being discharged from hospital. Where the GP who provides the GP Mental Health Treatment item is providing in-patient treatment the item is claimed as an in-hospital service (at 75% MBS rebate). GPs are able to contribute to care plans for patients using item 729, Contribution to a Multidisciplinary Care Plan, and to care plans for residents of aged care facilities using item 731.

PREPARING A GP MENTAL HEALTH TREATMENT PLAN – (Item 2700, 2701, 2715 or 2717)

What is involved - Assess and Plan

A rebate can be claimed once the GP has undertaken an assessment and prepared a GP Mental Health Treatment Plan by completing the steps from Assessment to the point where patients do not require a new plan after their initial plan has been prepared, and meeting the relevant requirements listed under ‘Additional Claiming Information’. This item covers both the assessment and preparation of the GP Mental Health Treatment Plan. Where the patient has a carer, the practitioner may find it useful to consider having the carer present for the assessment and preparation of the GP Mental Health Treatment Plan or components thereof (subject to patient agreement).

Assessment

An assessment of a patient must include:

- recording the patient’s agreement for the GP Mental Health Treatment Plan service;
- taking relevant history (biological, psychological, social) including the presenting complaint;
- conducting a mental state examination;
- assessing associated risk and any co-morbidity;
- making a diagnosis and/or formulation; and
- administering an outcome measurement tool, except where it is considered clinically inappropriate.

The assessment can be part of the same consultation in which the GP Mental Health Treatment Plan is developed, or can be undertaken in different visits. Where separate visits are undertaken for the purpose of assessing the patient and

developing the GP Mental Health Treatment Plan, they are part of the GP Mental Health Treatment Plan service and are included in item 2700, 2701, 2715 or 2717.

In order to facilitate ongoing patient focussed management, an outcome measurement tool should be utilised during the assessment and the review of the GP Mental Health Treatment Plan, except where it is considered clinically inappropriate. The choice of outcome measurement tools to be used is at the clinical discretion of the practitioner. GPs using such tools should be familiar with their appropriate clinical use, and if not, should seek appropriate education and training.

Preparation of a GP Mental Health Treatment Plan

In addition to assessment of the patient, preparation of a GP Mental Health Treatment Plan must include:

- discussing the assessment with the patient, including the mental health formulation and diagnosis or provisional diagnosis;
- identifying and discussing referral and treatment options with the patient, including appropriate support services;
- agreeing goals with the patient – what should be achieved by the treatment - and any actions the patient will take;
- provision of psycho-education;
- a plan for crisis intervention and/or for relapse prevention, if appropriate at this stage;
- making arrangements for required referrals, treatment, appropriate support services, review and follow-up; and
- documenting this (results of assessment, patient needs, goals and actions, referrals and required treatment/services, and review date) in the patient's GP Mental Health Treatment Plan.

Treatment options can include referral to a psychiatrist; referral to a clinical psychologist for psychological therapies, or to an appropriately trained GP or allied mental health professional for provision of focussed psychological strategy services; pharmacological treatments; and coordination with community support and rehabilitation agencies, mental health services and other health professionals.

Once a GP Mental Health Treatment Plan has been completed and claimed on Medicare either through item 2700, 2701, 2715 or 2717 a patient is eligible to be referred for up to ten (up to 16 services from 1 March 2012 to 31 December 2012 where exceptional circumstances apply) Medicare rebateable allied mental health services per calendar year for psychological therapy or focussed psychological strategy services. Patients will also be eligible to claim up to ten separate services for the provision of group therapy (either as part of psychological therapy or focussed psychological strategies).

When referring patients GPs should provide similar information as per normal GP referral arrangements. This could include providing a copy of the patient's GP Mental Health Treatment Plan, where appropriate and with the patient's agreement. The necessary referrals should be made after the steps above have been addressed and the patient's GP Mental Health Treatment Plan has been completed. It should be noted that the patient's mental health treatment plan should be treated as a living document for updating as required. In particular, the plan can be updated at any time to incorporate relevant information, such as feedback or advice from other health professionals on the diagnosis or treatment of the patient.

On completion of a course of treatment provided through Medicare rebateable services, the service provider must provide a written report on the course of treatment to the GP. For the purposes of the Medicare rebateable allied mental health items, a course of treatment will consist of the number of services stated on the patient's referral (up to a maximum of six in any one referral). There may be two or more courses of treatment within a patient's entitlement of up to ten services per calendar year (up to 16 services from 1 March 2012 to 31 December 2012 where exceptional circumstances apply). The number of services that the patient is being referred for is at the discretion of the referring practitioner (eg. GP).

Many patients will not require a new plan after their initial plan has been prepared. A new plan should not be prepared unless clinically required, and generally not within 12 months of a previous plan. Ongoing management can be provided through the GP Mental Health Treatment Consultation and standard consultation items, as required, and reviews of progress through the GP Mental Health Treatment Plan Review item. A rebate for preparation of a GP Mental Health Treatment Plan will not be paid within 12 months of a previous claim for the patient for the same or another Mental Health Treatment Plan item or within three months following a claim for a GP Mental Health Treatment Review (item 2712 or former item 2719), other than in exceptional circumstances.

REVIEWING A GP MENTAL HEALTH TREATMENT PLAN – (Item 2712)

The review item is a key component for assessing and managing the patient's progress once a GP Mental Health Treatment Plan has been prepared, along with ongoing management through the GP Mental Health Treatment Consultation item and/or standard consultation items. A patient's GP Mental Health Treatment Plan should be reviewed at least once.

A rebate can be claimed once the GP who prepared the patient's GP Mental Health Treatment Plan (or another GP in the same practice or in another practice where the patient has changed practices) has undertaken a systematic review of the

patient's progress against the GP Mental Health Treatment Plan by completing the activities that must be included in a review and meeting the relevant requirements listed under 'Additional Claiming Information'. The review item can also be used where a psychiatrist has prepared a referred assessment and management plan (item 291), as if that patient had a GP Mental Health Treatment Plan. The review service must include a personal attendance by the GP with the patient.

The review must include:

- recording the patient's agreement for this service;
- a review of the patient's progress against the goals outlined in the GP Mental Health Treatment Plan;
- modification of the documented GP Mental Health Treatment Plan if required;
- checking, reinforcing and expanding education;
- a plan for crisis intervention and/or for relapse prevention, if appropriate and if not previously provided; and
- re-administration of the outcome measurement tool used in the assessment stage, except where considered clinically inappropriate.

Note: This review is a formal review point only and it is expected that in most cases there will be other consultations between the patient and the GP as part of ongoing management.

The recommended frequency for the review service, allowing for variation in patients' needs, is:

- an initial review, which should occur between four weeks to six months after the completion of a GP Mental Health Treatment Plan; and
- if required, a further review can occur three months after the first review.

In general, most patients should not require more than two reviews in a 12 month period, with ongoing management through the GP Mental Health Treatment Consultation and standard consultation items, as required.

A rebate will not be paid within three months of a previous claim for the same item/s or within four weeks following a claim for a GP Mental Health Treatment Plan item other than in exceptional circumstances.

GP MENTAL HEALTH TREATMENT CONSULTATION – (Item 2713)

The GP Mental Health Treatment Consultation item is for an extended consultation with a patient where the primary treating problem is related to a mental disorder, including for a patient being managed under a GP Mental Health Treatment Plan. This item may be used for ongoing management of a patient with a mental disorder. This item should not be used for the development of a GP Mental Health Treatment Plan.

A GP Mental Health Treatment Consultation must include:

- taking relevant history and identifying the patient's presenting problem(s) (if not previously documented);
- providing treatment, advice and/or referral for other services or treatment; and
- documenting the outcomes of the consultation in the patient's medical records and other relevant mental health plan (where applicable).

A patient may be referred from a GP Mental Health Treatment Consultation for other treatment and services as per normal GP referral arrangements. This does not include referral for Medicare rebateable services for focussed psychological strategy services, clinical psychology or other allied mental health services, unless the patient is being managed by the GP under a GP Mental Health Treatment Plan or under a referred psychiatrist assessment and management plan (item 291).

Consultations associated with this item must be at least 20 minutes duration.

REFERRAL

Once a GP Mental Health Treatment Plan has been completed and claimed on Medicare, or a GP is managing a patient under a referred psychiatrist assessment and management plan (item 291), a patient is eligible for up to ten (up to 16 services from 1 March 2012 to 31 December 2012 where exceptional circumstances apply) Medicare rebateable allied mental health services per calendar year for services by:

- clinical psychologists providing psychological therapies; or
- appropriately trained GPs or allied mental health professionals providing focussed psychological strategy (FPS) services.

In addition to the above services, patients will also be eligible to claim up to ten separate services for the provision of group therapy.

When referring patients, GPs should provide similar information as per normal GP referral arrangements, and specifically consider including both a statement identifying that a GP Mental Health Treatment Plan has been completed for the patient (including, where appropriate and with the patient's agreement, attaching a copy of the patient's GP Mental Health Treatment Plan) and clearly identifying the specific number of sessions the patient is being referred for. Referrals for

patients with either a GP Mental Health Treatment Plan or referred psychiatrist assessment and management plan (item 291) should be provided, as required, for an initial course of treatment (a maximum of six services in any one referral but may be less depending on the referral and the patient's clinical need). There may be two or more courses of treatment within a patient's entitlement of up to ten services per calendar year (up to 16 services from 1 March 2012 to 31 December 2012 where exceptional circumstances apply). The GP should consider the patient's clinical need for further sessions after the initial referral. This can be done using a GP Mental Health Treatment Plan Review, a GP Mental Health Treatment Consultation or a standard consultation item.

Provisions exist which allow a further referral for up to an additional six services in a calendar year to be made in exceptional circumstances (to a maximum total of 16 individual allied mental health services per patient from 1 March 2012 to 31 December 2012).

Note: Patients will be able to receive an additional six individual allied mental health services under exceptional circumstances from 1 March 2012 to 31 December 2012. From 1 January 2013 the number of individual allied mental health services for which a person can receive a Medicare rebate will be ten services per calendar year.

Exceptional circumstances are defined as a significant change in the patient's clinical condition or care circumstances which make it appropriate and necessary to increase the maximum number of services. It is up to the referring practitioner (e.g. GP) to determine that the patient meets these requirements.

Where referrals are provided in exceptional circumstances, both the patient's mental health treatment plan and referral should be annotated to briefly indicate the reason why the allied mental health service involved was required in excess of the 10 services permitted within a calendar year.

Services provided under the Access to Allied Psychological Services (ATAPS) should not be used in addition to the ten (up to 16 services from 1 March 2012 to 31 December 2012 where exceptional circumstances apply) psychological therapy services (items 80000 to 80020), focussed psychological services-allied mental health services (items 80100 to 80170) or GP focussed psychological strategies services (items 2721 to 2727) available under the Better Access to Psychiatrists, Psychologists and General Practitioners through the Medicare Benefits Schedule initiative per calendar year. GPs referring patients for services under the ATAPS program should refer to the ATAPS Operational Guidelines.

ADDITIONAL CLAIMING INFORMATION

Before proceeding with any GP Mental Health Treatment Plan or Review service the GP must ensure that:

- (a) the steps involved in providing the service are explained to the patient and (if appropriate and with the patient's permission) to the patient's carer; and
- (b) the patient's agreement to proceed is recorded.

Before completing any GP Mental Health Treatment Plan or Review service and claiming a benefit for that service, the GP must offer the patient a copy of the treatment plan or reviewed treatment plan and add the document to the patient's records. This should include, subject to the patient's agreement, offering a copy to their carer, where appropriate. The GP may, with the permission of the patient, provide a copy of the GP Mental Health Treatment Plan, or relevant parts of the plan, to other providers involved in the patient's treatment.

The GP Mental Health Treatment Plan, Review and Consultation items cover the consultations at which the relevant items are undertaken, noting that:

- if a GP Mental Health Treatment item is undertaken or initiated during the course of a consultation for another purpose, the GP Mental Health Treatment Plan, Review or Consultation item and the relevant item for the other consultation may both be claimed;
- if a GP Mental Health Treatment Plan is developed over more than one consultation, and those consultations are for the purposes of developing the plan, only the GP Mental Health Treatment Plan item should be claimed; and
- if a consultation is for the purpose of a GP Mental Health Treatment Plan, Review or Consultation item, a separate and additional consultation should not be undertaken in conjunction with the mental health consultation, unless it is clinically indicated that a separate problem must be treated immediately.

Where separate consultations are undertaken in conjunction with mental health consultations, the patient's invoice or Medicare voucher (assignment of benefit form) for the separate consultation should be annotated (e.g. separate consultation clinically required/indicated).

A benefit is not claimable and an account should not be rendered until all components of the relevant item have been provided.

All consultations conducted as part of the GP Mental Health Treatment items must be rendered by the GP and include a personal attendance with the patient. A specialist mental health nurse, other allied health practitioner, Aboriginal and Torres Strait Islander health practitioner or Aboriginal Health Worker with appropriate mental health qualifications and training may provide general assistance to GPs in provision of mental health care.

Exceptional circumstances

There are minimum time intervals for payment of rebates for GP Mental Health Treatment items (as detailed above), with provision for claims to be made earlier than these minimum intervals in exceptional circumstances. In addition, eligible patients may be referred for up to 10 individual and 10 group therapy Medicare rebateable allied mental health services per calendar year, with provision for referral for up to an additional 6 individual services in exceptional circumstances from 1 March 2012 to 31 December 2012.

Note: Patients will be able to receive an additional six individual allied mental health services under exceptional circumstances from 1 March 2012 to 31 December 2012. From 1 January 2013 the number of individual allied mental health services for which a person can receive a Medicare rebate will be ten services per calendar year.

Exceptional circumstances exist for a patient if there has been a significant change in the patient's clinical condition or care requirements that requires, for example a new GP Mental Health Treatment Plan or a new Review, rather than amending the existing GP Mental Health Treatment Plan.

Where a service is provided in exceptional circumstances, the patient's invoice or Medicare voucher (assignment of benefit form) should be annotated to briefly indicate the reason why the service involved was required earlier than the minimum time interval for the relevant item (for example, annotated as clinically indicated, discharge, exceptional circumstances, significant change).

Links to other Medicare Services

It is preferable that wherever possible patients have only one plan for primary care management of their mental disorder. As a general principle the creation of multiple plans should be avoided, unless the patient clearly requires an additional plan for the management of a separate medical condition.

The Chronic Disease Management (CDM) care plan items (items 721, 723, 729, 731 and 732) continue to be available for patients with chronic medical conditions, including patients with complex needs.

- Where a patient has a mental health condition only, it is anticipated that they will be managed under the new GP Mental Health Treatment items.
- Where a patient has a separate chronic medical condition, it may be appropriate to manage the patient's medical condition through a GP Management Plan, and to manage their mental health condition through a GP Mental Health Treatment Plan. In this case, both items can be used.
- Where a patient has a mental health condition as well as significant co-morbidities and complex needs requiring team-based care, the GP is able to use both the CDM items (for team-based care) and the GP Mental Health Treatment items.

The Department of Human Services (DHS) has developed a [Health Practitioner Guideline to substantiate the preparation of a valid GP Mental Health treatment Plan](#) which is located on the DHS website.

A.47.. PROVISION OF FOCUSED PSYCHOLOGICAL STRATEGIES - (ITEMS 2721 TO 2727)

Focussed psychological strategies are specific mental health care management strategies, derived from evidence based psychological therapies that have been shown to integrate the best research evidence of clinical effectiveness with general practice clinical expertise. The decision to recommend Focussed Psychological Strategies to a patient must be made either in the context of a GP Mental Health Treatment Plan or a Psychiatrist Assessment and Management Plan.

Minimum Requirements

All consultations providing Focussed Psychological Strategies must be rendered by a medical practitioner (including a general practitioner, but not including a specialist or consultant physician).

To ensure appropriate standards for the provision of Focussed Psychological Strategies, payment of Medicare rebates for these items will be limited to medical practitioners who are registered with Medicare Australia as having satisfied the requirements for higher level mental health skills for provision of the service, as determined by the General Practice Mental Health Standards Collaboration.

Continued access to item numbers 2721 - 2727 will be dependent on the practitioner meeting the ongoing mental health education requirements as determined by the General Practice Mental Health Standards Collaboration.

Patients will be permitted to claim Medicare rebates for up to ten allied mental health services under these item numbers per calendar year. The ten services may consist of: GP focussed psychological strategies services (items 2721 to 2727); and/or psychological therapy services (items 80000 to 80015); and/or focussed psychological strategies – allied mental health services (items 80100 to 80115; 80125 to 80140; 80150 to 80165).

The referring practitioner may consider that in exceptional circumstances the patient may require an additional 6 services above those already provided (to a maximum total of 16 individual services per patient from 1 March 2012 to 31 December 2012).

Note: Patients will be able to receive an additional six individual allied mental health services under exceptional circumstances from 1 March 2012 to 31 December 2012. From 1 January 2013 the number of individual allied mental health services for which a person can receive a Medicare rebate will be ten services per calendar year.

After the patient has received 10 focussed psychological strategies services, the practitioner managing the patient under either the GP Mental Health Treatment Plan or Psychiatrist Assessment and Management Plan must conduct a review, and the conclusion of the review be noted in the patient's record, before a further 6 services may be provided in the case of exceptional circumstances.

'Exceptional circumstances' are defined as a significant change in the patient's clinical condition or care circumstances which make it appropriate and necessary to increase the maximum number of services- It is up to the referring practitioner (e.g GP) to determine that that patient meets these requirements.

Where referrals are provided in exceptional circumstances, both the patient's mental health treatment plan and referral should be annotated to briefly indicate the reason why the allied mental health service involved was required in excess of the 10 services permitted within a calendar year.

Invoices for services provided under exceptional circumstances must state that exceptional circumstances apply.

Out-of-Surgery Consultation

It is expected that this service would be provided only for patients who are unable to attend the practice.

Specific Focussed Psychological Strategies

A range of acceptable strategies has been approved for use by medical practitioners in this context. These are:

1. **Psycho-education**
(including motivational interviewing)
2. **Cognitive-behavioural Therapy including:**
 - **Behavioural interventions**
 - Behaviour modification
 - Exposure techniques
 - Activity scheduling
 - **Cognitive interventions**
 - Cognitive therapy
3. **Relaxation strategies**
 - Progressive muscle relaxation
 - Controlled breathing
4. **Skills training**
 - Problem solving skills and training
 - Anger management
 - Social skills training
 - Communication training
 - Stress management
 - Parent management training
5. **Interpersonal Therapy**

Mental Disorder

A mental disorder may be defined as a significant impairment of an individual's cognitive, affective and/or relational abilities which may require intervention and may be a recognised, medically diagnosable illness or disorder – this definition is informed by the World Health Organisation, 1996, Diagnostic and Management Guidelines for Mental Disorders in Primary Care:ICD - 10 Chapter V Primary Health Care Version.

Dementia, delirium, tobacco use disorder and mental retardation are not regarded as mental disorders for the purposes of these items.

A.48.. PAIN AND PALLIATIVE MEDICINE (ITEMS 2801 TO 3093)

Attendance by a recognised specialist or consultant physician in the specialty of pain medicine (2801, 2806, 2814, 2824, 2832, 2840) and Case conference by a recognised specialist or consultant physician in the specialty of pain medicine (2946, 2949, 2954, 2958, 2972, 2974, 2978, 2984, 2988, 2992, 2996, 3000).

Items 2801, 2806, 2814, 2824, 2832, 2840, 2946, 2949, 2954, 2958, 2972, 2974, 2978, 2984, 2988, 2992, 2996, 3000, apply only to a service provided by a recognised specialist or consultant physician in the specialty of pain medicine, in relation to a pain patient referred from another practitioner (see Paragraph 6 of the General Explanatory notes).

The conditions that apply to the Case Conferences items (2946, 2949, 2954, 2958, 2972, 2974, 2978, 2984, 2988, 2992, 2996, 3000) are the same as those for the Case Conferences by consultant physicians (Items 820 to 838). See explanatory note A.25 for details of these conditions.

Where the service provided to a referred patient is by a medical practitioner who is a recognised specialist or consultant physician in the specialty of pain medicine and that service is pain medicine, then the relevant items from the pain specialist group (2801, 2806, 2814, 2824, 2832, 2840, 2946, 2949, 2954, 2958, 2972, 2974, 2978, 2984, 2988, 2992, 2996, 3000) must be claimed. Services to patients who are not receiving pain medicine services should be claimed using the relevant attendance or case conferencing items.

Attendance by a recognised specialist or consultant physician in the specialty of palliative medicine (3005, 3010, 3014, 3018, 3023, 3028) and Case conference by a recognised specialist or consultant physician in the specialty of palliative medicine (3032, 3040, 3044, 3051, 3055, 3062, 3069, 3074, 3078, 3083, 3088, 3093).

Items 3005, 3010, 3014, 3018, 3023, 3028, 3032, 3040, 3044, 3051, 3055, 3062, 3069, 3074, 3078, 3083, 3088, 3093, apply only to a service provided by a recognised specialist or consultant physician in the specialty of palliative medicine, in relation to a palliative patient referred from another practitioner (see Paragraph 6 of the General Explanatory notes).

General Practitioners who are recognised specialist in the specialty of palliative medicine and are treating a referred palliative patient and claiming items 3005, 3010, 3014, 3018, 3023, 3028, 3032, 3040, 3044, 3051, 3055, 3062, 3069, 3074, 3078, 3083, 3088, 3093 cannot access the GP Management Plan items (721 and 732) or Team Care Arrangement items (723 and 732) for that patient. The referring practitioner is able to provide these services.

The conditions that apply to the Case Conferences items (3032, 3040, 3044, 3051, 3055, 3062, 3069, 3074, 3078, 3083, 3088, 3093) are the same as those for the Case Conferences by consultant physicians (Items 820 to 838). See explanatory note A.25 for details of these conditions.

Where the service provided to a referred patient is by a medical practitioner who is a recognised specialist or consultant physician in the specialty of palliative medicine and that service is a palliative medicine service, then the relevant items from the palliative specialist group 3005, 3010, 3014, 3018, 3023, 3028, 3032, 3040, 3044, 3051, 3055, 3062, 3069, 3074, 3078, 3083, 3088, 3093) must be claimed. Services to patients who are not receiving palliative care services should be claimed using the relevant attendance or case conferencing items.

A.49.. TELEPSYCHIATRY - (ITEMS 353 TO 370)

Telepsychiatry is defined as electronic transmission of psychiatric consultations, advice or services in digital form from one location to another using a data communication link provided by a third party carrier, or carriers. It requires the providers to comply with the International Telecommunications Union Standards which cover all types of videoconferencing from massive bandwidth to internet use. If X-rays are required for a psychiatric consultation then the consultant psychiatrist must comply with the DICOM Standards.

Support and Resourcing

The Royal Australian and New Zealand College of Psychiatrists encourages best practice in telepsychiatry and to this end has developed a Telepsychiatry Position Statement. To obtain a copy of this document and/or further information,

assistance and support, practitioners are able to contact the College by email cpd@ranzcp.org or by visiting www.ranzcp.org.

Duration of Telepsychiatry Consultation

For items 353 to 358 the **time** provides a range of options equal to those provided in items 300 to 308 to allow for the appropriate treatment depending on the requirements of the treatment plan.

Number of Consultations in a Calendar Year

Items 353 to 358 may only be claimed for up to a maximum of 12 consultations in aggregate for each patient in a calendar year. Items 364 to 370 are to be claimed where face-to-face consultations are clinically indicated. Items 364 to 370 must be used to ensure that Medicare payments continue for further telepsychiatry consultations.

If the number of attendances in aggregate to which items 296 to 299, 300 to 308, 353 to 358 and 361 to 370 apply exceeds 50 for a single patient in any calendar year, any further attendances on that patient in that calendar year would be covered by items 310 to 318.

Documenting the Telepsychiatry Session

For items 353 to 370 the psychiatrist must keep a record of the treatment provided during an episode of care via telepsychiatry sessions or face-to-face consultations and must convey this in writing to the referring practitioner after the first session and then, at a minimum, after every six consultations.

Geographical

Telepsychiatry items 353 to 361 are available for use when a referred patient is located in a regional, rural or remote area. A regional, rural or remote area is classified as a RRMA 3-7 area under the Rural Remote Metropolitan Areas classification system.

Referred Patient Assessment and Management Plan review (Item 359)

Referral for item 359 should be through the GP or participating nurse practitioner for the management of patients with mental illness. In the event that a specialist of another discipline wishes to refer a patient for this item the referral should take place through the GP or participating nurse practitioner. Item 359 is available in instances where the GP or participating nurse practitioner initiates a review of the management plan provided under item 291, usually where the current plan is not achieving the anticipated outcome. It is expected that when a plan is reviewed, any modifications necessary will be made.

The Royal Australian and New Zealand College of Psychiatrists (RANZCP) Referred Patient Assessment and Management Plan Guidelines' (Note: An electronic version of the Guidelines is available on the RANZCP website at www.ranzcp.org)

Initial Consultations for NEW PATIENTS (Item 361)

The rationale for item 361 is to improve access to psychiatric services by encouraging an increase in the number of new patients seen by each psychiatrist, while acknowledging that ongoing care of patients with severe mental illness is integral to the role of the psychiatrist. Referral for item 361 may be from a participating nurse practitioner, medical practitioner practising in general practice, a specialist or another consultant physician. It is intended that item 361 will apply once only for each new patient on the first occasion that the patient is seen by a consultant psychiatrist. It is not generally intended that item 361 will be used in conjunction with, or prior to, item 291.

The use of items 361 and 296-299 by one consultant psychiatrist does not preclude them being used by another consultant psychiatrist for the same patient.

A.50.. ATTENDANCES BY MEDICAL PRACTITIONERS WHO ARE EMERGENCY PHYSICIANS - (ITEMS 501 TO 536)

Items 501 to 536 relate specifically to attendances rendered by medical practitioners who are holders of the Fellowship of the Australasian College for Emergency Medicine (FACEM) and who participate in, and meet the requirements for, quality assurance and maintenance of professional standards by the ACEM.

Items 501 to 511 cover five categories of attendance based largely on the tasks undertaken in a recognised emergency medicine department of a private hospital by the practitioner during the attendance on the patient rather than simply on the time spent with the patient. The emergency department must be part of a hospital and this department must be licensed as an "emergency department" by the appropriate State government authority.

The attendances for items 501 to 515 are divided into five categories relating to the level of complexity, namely:

- (i) Level 1
- (ii) Level 2
- (iii) Level 3
- (iv) Level 4
- (v) Level 5

To assist medical practitioners who are emergency physicians in selecting the appropriate item number for Medicare benefit purposes the following notes in respect of the various levels are given.

LEVEL 1

This item is for the obvious and straightforward cases and the practitioner's records would reflect this. In this context "limited examination", means examination of the affected part if required, and management of the action taken.

LEVEL 2

The description of this item introduces the words "expanded problem focussed history" and "formulation and documentation of a diagnosis and management plan in relation to one or more problems". In this context an "expanded problem focussed history" means a history relating to a specific problem or condition; and "formulation and documentation of a management plan" includes formulation of the decision or plan of management and any immediate action necessary such as advising or counselling the patient, ordering tests, or referring the patient to a specialist medical practitioner or other allied health professional. The essential difference between Levels 1 and 2 relate not to time but to complexity.

LEVEL 3

Further levels of complexity are implied in these terms by the introduction of "medical decision making of moderate complexity".

LEVEL 4

This item covers more difficult problems requiring the taking of a "detailed history" and "detailed examination of one or more systems", with or without liaison with other health care professionals and subsequent discussion with the patient, his or her agent and/or relatives.

LEVEL 5

This item covers the difficult problems where the diagnosis is elusive and highly complex, requiring consideration of several possible differential diagnoses, and the making of decisions about the most appropriate investigations and the order in which they are performed. These items also cover cases which need prolonged discussion. It involves the taking of a comprehensive history, comprehensive examination and involving medical decision making of high complexity.

In relation to the time in recording appropriate details of the service, only clinical details recorded at the time of the attendance count towards the time of consultation. It does not include information added at a later time, such as reports of investigations.

A.51.. PROLONGED ATTENDANCE BY AN EMERGENCY PHYSICIAN IN TREATMENT OF A CRITICAL CONDITION - (ITEMS 519 TO 536)

The conditions to be met before services covered by items 519 to 536 attract benefits are:

- (i) the patient must be in imminent danger of death ;
- (ii) the times relate to the total time spent with a single patient, even if the time spent by the physician is not continuous.

A.52.. CASE CONFERENCES BY CONSULTANT PSYCHIATRISTS - (ITEMS 855 TO 866)

A range of new items has been introduced for case conferences by consultant psychiatrists in community settings and for discharge planning for hospital in-patients. These items are introduced to improve the effectiveness of psychiatric case conferences and make it easier for psychiatrists to work with general practitioners and allied health professionals, thereby ensuring better coordinated care for patients. Three new items (855, 857 and 858) cover the organisation of a community case conference and a further three (861, 864 and 866) cover the organisation of a discharge case conference. Where a consultant psychiatrist organises a case conference a multidisciplinary team requires the involvement of a minimum of three formal care providers from different disciplines. The consultant psychiatrist and one other medical practitioner (other than a specialist or a consultant physician) are counted towards the minimum of three.

Items 855, 857, and 858 apply to a community case conference (including a case conference conducted in a residential aged care facility) organised to discuss one patient in detail and applies only to a service in relation to a patient who suffers

from at least one medical condition that has been (or is likely to be) present for at least 6 months, or that is terminal. Items 855, 857, and 858 do not apply to an in-patient of a hospital.

For items 861, 864 and 866 a discharge case conference is a case conference carried out in relation to a patient before the patient is discharged from a hospital. Items 861, 864 or 866 are payable not more than once for each hospital admission.

The purpose of a case conference is to establish and coordinate the management of the care needs of the patient.

A case conference is a process by which a multidisciplinary team carries out the following activities:

- discusses a patient's history;
- identifies the patient's multidisciplinary care needs;
- identifies outcomes to be achieved by members of the case conference team giving care and service to the patient;
- identifies tasks that need to be undertaken to achieve these outcomes, and allocates those tasks to members of the case conference team; and assesses whether previously identified outcomes (if any) have been achieved.

For the purposes of items 855 to 866, a multidisciplinary team requires the involvement of a minimum of three formal care providers from different disciplines, each of whom provides a different kind of care or service to the patient, and one of whom must be the patient's usual medical practitioner. The consultant psychiatrist and the medical practitioner are counted toward the minimum of three.

The patient's carer may be included as a member of the team (See A.49.8 below), in addition to the minimum of three health or care providers but do not count towards the minimum of three for Medicare purposes.

For the purposes of items 855 to 866 a consultant psychiatrist should generally be the consultant psychiatrist that has provided the majority of services to the patient over the previous 12 months and/or will provide the majority of services to the patient over the coming 12 months.

For the purposes of A.49.5, "formal care provider" includes in addition to the consultant psychiatrist and a medical practitioner (other than a specialist or consultant physician):

- allied health professionals such as, but not limited to: Aboriginal health care workers; asthma educators; audiologists; dental therapists; dentists; diabetes educators; dieticians; mental health workers; occupational therapists; optometrists; orthoptists; orthotists or prosthetists; pharmacists; physiotherapists; podiatrists; psychologists; registered nurses; social workers; speech pathologists.
- home and community service providers, or care organisers, such as: education providers; "meals on wheels" providers; personal care workers (workers who are paid to provide care services); probation officers.

The involvement of a patient's carer, such as a friend or family member, in a multidisciplinary case conference team can provide significant benefits in terms of coordination of care for the patient. Where the patient has a carer, the consultant psychiatrist should consider inviting the carer to be an additional member of the multidisciplinary case conference team, with the patient's agreement and where the carer's input is likely to be relevant to the subject matter of the case conference. The involvement of the patient's carer is not counted towards the minimum of three members.

Where the patient's carer is not a member of the multidisciplinary team, the practitioner should involve the carer and provide information to the carer where appropriate and with the patient's agreement. However, the practitioner should take account of the impact of the tasks identified in the case conference on the capacity of the carer to provide support to the patient. Additional responsibilities should not be assigned to the patient's carer without the carer's agreement.

Organisation of a case conference

Organise and coordinate a case conference means undertaking the following activities in relation to a case conference:

- explaining to the patient the nature of a case conference, and asking the patient whether the patient agrees to the case conference taking place; and
- recording the patient's agreement to the case conference; and
- recording the day on which the conference was held, and the times at which the conference started and ended; and
- recording the names of the participants; and
- recording the matters mentioned in A.49.4 and putting a copy of that record in the patient's medical records; and
- offering the patient (and the patient's carer, if appropriate and with the patient's agreement), and giving each other member of the team a summary of the conference; and
- discussing the outcomes of the case conference with the patient.

General requirements

In circumstances where the patient's usual medical practitioner, is not available to be a member of the case conference team, another medical practitioner known to the patient may be substituted.

It is expected that a patient would not normally require more than 5 case conferences in a 12-month period.

The case conference must be arranged in advance within a time frame that allows for all the participants to attend. The minimum three care providers must be present for the whole of the case conference. All participants must be in communication with each other throughout the conference, either face to face, by telephone or by video link, or a combination of these.

In explaining to the patient the nature of a case conference and asking the patient whether he or she agrees to the case conference taking place, the medical practitioner should:

- Inform the patient that his or her medical history, diagnosis and care preferences will be discussed with other care providers;
- Provide an opportunity for the patient to specify what medical and personal information he or she wants to be conveyed to or withheld from the other case conference team members; and
- Inform the patient that he or she will incur a charge for the service provided by the practitioner for which a Medicare rebate will be payable.
- Inform the patient of any additional costs he or she will incur. The benefit is not claimable (and an account should not be rendered) until all components of these items have been provided. (See General Notes 7.6)

A.53.. CASE CONFERENCE BY CONSULTANT PHYSICIANS IN GERIATRIC/REHABILITATION MEDICINE - (ITEM 880)

Item 880 applies only to a service provided by a consultant physician or a specialist in the specialty of Geriatric or Rehabilitation Medicine who has completed the additional requirements of the Royal Australasian College of Physicians for recognition in the subspecialty of geriatric medicine or rehabilitation medicine. The service must be in relation to an admitted patient in a hospital (not including a patient in a residential aged care facility) who is receiving one of the following types of specialist care:

- geriatric evaluation and management (GEM), in which the clinical intent is to maximise health status and/or optimise the living arrangements for a patient with multidimensional medical conditions with disabilities and psychosocial problems, who is usually (but not always) an older patient; or
- rehabilitation care, in which the clinical intent is to improve the functional status of a patient with an impairment or disability.

Both types of care are evidenced by multi-disciplinary management and regular assessments against a plan with negotiated goals and indicative time-frames. A case conference is usually held on each patient once a week throughout the patient's admission, usually as part of a regular scheduled team meeting, at which all the inpatients under the consultant physician's care are discussed in sequence.

The specific responsibilities of the coordinating consultant physician or specialist are defined as:

- coordinating and facilitating the multidisciplinary team meeting;
- resolving any disagreement or conflict so that management consensus can be achieved;
- clarifying responsibilities; and
- ensuring that the input of participants and the outcome of the case conference is appropriately recorded.

The multidisciplinary team participating in the case conference must include a minimum of three formal inpatient care providers from different disciplines, including at least two providers from different allied health disciplines (listed at dot point 2 of A24.7). The consultant physician or specialist is counted toward the minimum of three. Although they may attend the case conference, neither the patient nor his or her informal carer, or any other medical practitioner can be counted toward the minimum of three.

The case conference must be arranged in advance, within a time frame that allows for all the participants to attend. The minimum of three formal inpatient care providers must be present for the whole of the case conference.

Prior informed consent must be obtained from the patient, or the patient's agent including informing the patient that he or she will incur a charge for the service for which a Medicare rebate will be payable.

Item 880 is not payable more than once a week or on the same day as a claim for any of the physician discharge case conferencing items 830, 832, 834, 835, 837 and 838, in respect of a particular patient.

A.54.. NEUROSURGERY SPECIALIST REFERRED CONSULTATION - (ITEMS 6007 TO 6015)

Referred consultations provided by specialist neurosurgeons will be covered under items 6007 to 6015. These new items replace the use of specialist items 104 and 105 for referred consultations by neurosurgeons.

The neurosurgical consultation structure comprises an initial consultation (item 6007) and four categories of subsequent consultations (items 6009-6015). These categories relate to the time AND level of complexity of the attendance i.e

- (i) Level 1 - 6009
- (ii) Level 2 - 6011
- (iii) Level 3 - 6013
- (iv) Level 4 - 6015

The following provides further guidance for neurosurgeons in utilising the appropriate items in common clinical situations:

- (i) Initial consultation item 6007 will replace item 104.
- (ii) Subsequent consultation items 6009-6015 will replace item 105

Item 6009 (subsequent consultation on a patient for 15 mins or less) covers a minor subsequent attendance which is straightforward in nature. Some examples of a minor attendance would include consulting with the patient for the purpose of issuing a repeat script for anticonvulsant medications or the routine review of a patient with a ventriculo-peritoneal shunt.

Item 6011 (subsequent consultation on a patient for a duration of between 16 to 30 mins) would involve an detailed and comprehensive examination of the patient which is greater in complexity than would be provided under item 6009, arranging or evaluating any necessary investigations and include detailed relevant patient notes. Where a management plan is formulated it is expected that this plan is discussed in detail with the patient and a written record included in the patient notes. Some examples of a detailed neurosurgical attendance would include:

- the reviewing of neuroimaging for the monitoring of a tumour or lesion and discussion of the results with the patient (e.g. meningioma, spinal cord tumour);
- consultation on a patient to review imaging for spinal cord/cauda equina/ nerve root compression from a disc prolapse and discussion of results; or
- consultation on a patient prior to insertion of a ventriculo-peritoneal shunt)

Item 6013 (subsequent consultation on a patient with complex neurological conditions for the duration of between 31 to 45 mins) should involve a extensive and comprehensive examination of the patient greater in complexity than under item 6011, arranging or evaluating any necessary investigations and include detailed relevant patient notes. Item 6013 would be expected to cover complications, adverse outcomes, or review of chronic conditions. Where a management plan is formulated it is expected that this plan is discussed in detail with the patient and a written record be included in the patient notes. Some examples of an extensive neurosurgical attendance would include:

- an attendance on a patient prior to a craniotomy for cerebral tumour;
- surgery for spinal tumour;
- revision of spinal surgery;
- epilepsy surgery; or
- for the treatment of cerebral aneurysm.

Examination of such patients would include full cranial nerve examination or examination of upper and lower limb nervous system.

Item 6015 (subsequent consultation on a patient with complex neurological conditions for a duration of more than 45 mins) should involve an exhaustive examination of the patient that is more comprehensive than 6013 and any ordering or evaluation of investigations and include detailed relevant patient notes. It would be expected to cover complications, adverse outcomes, or review of chronic conditions. Where a management plan is formulated it is expected that this plan is thoroughly discussed with the patient and a written record be included in the patient notes. An exhaustive neurosurgical consultation includes:

- managing adverse neurological outcomes;
- detailed discussion when multiple modalities are available for treatment (e.g. clipping versus coiling for management of a cerebral aneurysm, surgical resection versus radiosurgery for cerebral tumour); or
- discussion where surgical intervention is likely to result in a neurological deficit but surgery is critical to patient's life or to stop progressive neurologic decline (e.g. cranial nerve dysfunction, motor dysfunction secondary to a cerebral or spinal cord lesion).

Examination of such patients would include exhaustive neurosurgical examination including full neurological examination (cranial nerves and limbs) or detailed 'focused examination' (e.g.: brachial plexus examination)

Complex neurosurgical problems referred to in items 6013 and 6015 include:

- deterioration in neurologic function following cranial or spinal surgery;
- presentation with new neurologic signs/symptoms; multifocal spinal and cranial disease (e.g. neurofibromatosis); or

- chronic pain states following spinal surgery (including discussion of other treatment options and referral to pain management)

NOTE: It is expected that informed financial consent be obtained from the patient where possible.

A.55.. CANCER CARE CASE CONFERENCE - (ITEMS 871 AND 872)

For the purposes of these items:

- private patients in public or private hospitals or the community with a malignancy of a solid organ or tissue or a systemic cancer such as a leukaemia or lymphoma are covered, with the exception of patients whose only cancer is a non-melanoma skin cancer;
- the billing medical practitioner may be from any area of medical practice and must be a treating doctor of the patient discussed at the case conference. A treating doctor should generally have treated or provided a formal diagnosis of the patient's cancer in the past 12 months or expect to do so within the next 12 months. Attending non-treating clinicians, allied health providers or support staff are not eligible to bill the item.
- only one practitioner is eligible to claim item 871 for each patient case conference. This should be the doctor who assumes responsibility for leading and coordinating the case conference, ensures that records are kept and that the patient is informed of the outcome of the case conference. In most cases this will be the lead treating doctor.
- each billing practitioner must ensure that his or her patient is informed that a charge will be incurred for the case conference for which a Medicare rebate will be payable;
- participants must be in communication with each other throughout the case conference, either face-to-face, or by telephone or video link;
- suitable allied health practitioners would generally be from one of the following disciplines: aboriginal health care worker; asthma educator; audiologist; dental therapist; dentist; diabetes educator; dietician; mental health worker; occupational therapist; optometrist; orthoptist; orthotist or prosthetist; pharmacist; physiotherapist; podiatrist; psychologist; registered nurse; social worker; or, speech pathologist;
- in general, it is expected that no more than two case conferences per patient per year will be billed by a practitioner; and
- cancer care case conferences are for the purpose of developing a cancer treatment plan in a multidisciplinary team meeting and should not be billed against case conference items for other purposes eg community or discharge case conferences.

A.56.. NON-DIRECTIVE PREGNANCY SUPPORT COUNSELLING SERVICE - (ITEM 4001)

Overview

The Pregnancy Support Counselling initiative commenced on 1 November 2006. It provides for Medicare benefits to be paid for non-directive pregnancy support counselling services provided to women who are concerned about a current pregnancy, or a pregnancy that occurred in the preceding 12 months, by an eligible medical practitioner (including a general practitioner, but not including a specialist or consultant physician) or allied health professional on referral from a medical practitioner. The term 'GP' is used hereafter as a generic reference to medical practitioners (including a general practitioner, but not including a specialist or consultant physician) able to provide these services.

There are four MBS items for the provision of non-directive pregnancy support counselling services:

- Item 4001 – services provided by an eligible GP;
- Item 81000 – services provided by an eligible psychologist;
- Item 81005 – services provided by an eligible social worker; and
- Item 81010 – services provided by an eligible mental health nurse.

This notes relate to provision of a non-directive pregnancy support counselling service by an eligible GP.

Non-directive counselling is a form of counselling based on the understanding that, in many situations, people can resolve their own problems without being provided with a solution by the counsellor. The counsellor's role is to encourage the person to express their feelings but not suggest what decision the person should make. By listening and reflecting back what the person reveals to them, the counsellor helps them to explore and understand their feelings. With this understanding, the person is able to make the decision which is best for them.

The service involves the GP undertaking a safe, confidential process that helps the patient explore concerns they have about a current pregnancy or a pregnancy that occurred in the preceding 12 months. This includes providing, on request, unbiased, evidence-based information about all options and services available to the patient.

The service may be used to address any pregnancy related issues for which non-directive counselling is appropriate.

Patient eligibility

Medicare rebates for non-directive pregnancy support counselling services provided using item 4001 are available to

women who are concerned about a current pregnancy or a pregnancy that occurred in the preceding 12 months.

Partners of eligible patients may attend each or any counselling session, however, only one fee applies to each service provided.

Medicare benefits

Medicare benefits are payable for up to three non-directive pregnancy support counselling services per patient, per pregnancy, from any of the following items - 4001, 81000, 81005 and 81010.

Where the patient is unsure of the number of Medicare rebated non-directive pregnancy support counselling services they have already accessed, the patient may check with Medicare Australia on 132 011. Alternatively, the GP may check with Medicare Australia (although the patient must be present to give permission).

Item 10990 or item 10991 can also be claimed in conjunction with item 4001 provided the conditions of the relevant item, 10990 or 10991, are satisfied.

Minimum Requirements

This service may only be provided by a GP who has completed appropriate non-directive pregnancy counselling training.

A.57.. TELEHEALTH PATIENT-END SUPPORT SERVICES BY HEALTH PROFESSIONALS

These notes provide information on the telehealth MBS attendance items for medical practitioners to provide clinical support to their patients, when clinically relevant, during video consultations with specialists or consultant physicians under items 2100, 2122, 2125, 2126, 2137, 2138, 2143, 2147, 2179, 2195, 2199 and 2220 in Group A30.

Telehealth patient-end support services can only be claimed where:

- a Medicare eligible specialist service is claimed;
- the service is rendered in Australia; and
- where this is necessary for the provision of the specialist service.

A video consultation will involve a single specialist or consultant physician attending to the patient, with the possible participation of another medical practitioner, a participating nurse practitioner, a participating midwife, practice nurse or Aboriginal health worker at the patient end. The above time-tiered items provide for patient-end support services in various settings including, consulting rooms, other than consulting rooms, eligible residential aged care services and Aboriginal Medical Services.

Clinical indications

The specialist or consultant physician must be satisfied that it is clinically appropriate to provide a video consultation to a patient. The decision to provide clinically relevant support to the patient is the responsibility of the specialist or physician.

Telehealth specialist services can be provided to patients when there is no patient-end support service provided.

Collaborative Consultation

The practitioner, who provides assistance to the patient where this is necessary for the provision of the specialist service, may seek assistance from a health professional (e.g. a practice nurse or Aboriginal health worker) but only one item is billable for the patient-end support service. The practitioner must be present during part or all of the consultation in order to bill an appropriate time-tiered MBS item. Any time spent by another health professional called to assist with the consultation may not be counted against the overall time taken to complete the video consultation.

Restrictions

The MBS telehealth attendance items are not payable for services to an admitted hospital patient (this includes hospital in the home patients). Benefits are not payable for telephone or email consultations. In order to fulfill the item descriptor there must be a visual and audio link between the patient and the remote practitioner. If the remote practitioner is unable to establish both a video and audio link with the patient, a MBS rebate for a telehealth attendance is not payable.

Eligible Geographical Areas

From 1 January 2013, geographic eligibility for telehealth services funded under Medicare will be determined according to the Australian Standard Geographical Classification Remoteness Area (ASGC-RA) classifications. A Telehealth Eligible Area will be those areas that are outside a Major City (RA1) according to ASGC-RA. Patients and providers are able to check their eligibility by following the links on the MBS Online website (www.mbsonline.gov.au/telehealth).

From 1 November 2012, there is a requirement for the patient and specialist to be located a minimum of 15km apart at the time of the consultation. Minimum distance between specialist and patient video consultations are measured by the most

direct (ie least distance) route by road. The patient or the specialist is not permitted to travel to an area outside the minimum 15 km distance in order to claim a video conference.

This rule will not apply to specialist video consultation with patients who are a care recipient in a residential care service; or at an Aboriginal Medical Service or an Aboriginal Community Controlled Health Service for which a direction made under subsection 19(2) of the *Health Insurance Act 1973* as these patients are able to receive telehealth services anywhere in Australia.

Telehealth Eligible Service Areas are defined at www.mbsonline.gov.au/telehealth_eligible_areas

Record Keeping

Participating telehealth practitioners must keep contemporaneous notes of the consultation including documenting that the service was performed by video conference, the date, time and the people who participated.

Only clinical details recorded at the time of the attendance count towards the time of the consultation. It does not include information added at a later time, such as reports of investigations.

Multiple attendances on the same day

In some situations a patient may receive a telehealth consultation and a face to face consultation by the same or different practitioner on the same day.

Medicare benefits may be paid for more than one video consultation on a patient on the same day by the same practitioner, provided the second (and any following) video consultations are not a continuation of the initial or earlier video consultations. Practitioners will need to provide the times of each consultation on the patient's account or bulk billing voucher.

Extended Medicare Safety Net (EMSN)

Items which provide for telehealth patient-end support services are subject to EMSN caps equal to 300% of the schedule fee (to a maximum of \$500). This is consistent with Government policy relating to capping EMSN for MBS consultation services.

Aftercare Rule

Video consultations are subject to the same aftercare rules as face to face consultations.

Referrals

The referral procedure for a video consultation is the same as for conventional face-to-face consultations.

Technical requirements

In order to fulfill the item descriptor there must be a visual and audio link between the patient and the remote practitioner. If the remote practitioner is unable to establish both a video and audio link with the patient, a MBS rebate for a specialist video consultation is not payable.

Individual clinicians must be confident that the technology used is able to satisfy the item descriptor and that software and hardware used to deliver a videoconference meets the applicable laws for security and privacy.

Bulk billing

Bulk bill incentive items 10990 or 10991 may be billed in conjunction with the telehealth items 2100, 2122, 2125, 2126, 2137, 2138, 2143, 2147, 2179, 2195, 2199 and 2220.

Duration of attendance

The practitioner attending at the patient end of the video consultation does not need to be present for the entire consultation, only as long as is clinically relevant - this can be established in consultation with the specialist. The MBS fee payable for the supporting practitioner will be determined by the total time spent assisting the patient. This time does not need to be continuous.

A.58.. TELEHEALTH SPECIALIST SERVICES

These notes provide information on the telehealth MBS video consultation items by specialists, consultant physicians and psychiatrists. A video consultation involves a single specialist, consultant physician or psychiatrist attending a patient, with the possible support of another medical practitioner, a participating nurse practitioner, a participating midwife, practice nurse or Aboriginal health worker at the patient end of the video conference. The decision as to whether the patient requires clinical support at the patient end of the specialist service is based on whether the support is necessary for the

provision of the specialist service. Telehealth specialist services can be provided to patients when there is no patient-end support service provided.

MBS items numbers 99, 112, 149, 288, 389, 2820, 3015, 6016, 13210, 16399 and 17609 allow a range of existing MBS attendance items to be provided via video conferencing. These items have a derived fee which is equal to 50% of the schedule fee for the consultation item claimed (e.g. 50% of the schedule fee for item 104) when billed with one of the associated consultation items (such as 104). A patient rebate of 85% for the derived fee is payable.

From 1 January 2013, six new MBS item numbers (113, 114, 384, 2799, 3003 and 6004) are introduced to provide for an initial attendance via videoconferencing by a specialist, consultant physician, consultant occupational physician, pain medicine specialist/consultant physician, palliative medicine specialist/consultant physician or neurosurgeon where the service is 10 minutes or less. The new items are stand alone items and will not have a derived fee.

Where an attendance is more than 10 minutes, practitioners should use the existing item numbers consistent with the current arrangements. Normal restrictions which apply for initial consultations will also apply for these items. For example, if a patient has an initial consultation via telehealth, they cannot also claim an initial face-to-face consultation as part of the same course of treatment.

Clinical indications

The specialist, consultant physician or psychiatrist must be satisfied that it is clinically appropriate to provide a video consultation to a patient. The decision to provide clinically relevant support to the patient is the responsibility of the specialist, consultant physician or psychiatrist.

Telehealth specialist services can be provided to patients when there is no patient-end support service provided.

Restrictions

The MBS telehealth attendance items are not payable for services to an admitted hospital patient (this includes hospital in the home patients). Benefits are not payable for telephone or email consultations. In order to fulfill the item descriptor there must be a visual and audio link between the patient and the remote practitioner. If the remote practitioner is unable to establish both a video and audio link with the patient, a MBS rebate for a telehealth attendance is not payable.

Billing Requirements

All video consultations provided by specialists, consultant physicians or psychiatrists must be **separately billed**. That is, only the relevant telehealth MBS consultation item and the associated derived item are to be itemised on the account/bill/voucher. Any other service/item billed should be itemised on a separate account/bill/voucher. This will ensure the claim is accurately assessed as being a video consultation and paid accordingly.

Practitioners should not use the notation 'telehealth', 'verbal consent' or 'Patient unable to sign' to overcome administrative difficulties to obtaining a patient signature for bulk billed claims (for further information see mbsonline.gov.au/telehealth).

Eligible Geographical Areas

From 1 January 2013, geographic eligibility for telehealth services funded under Medicare will be determined according to the Australian Standard Geographical Classification Remoteness Area (ASGC-RA) classifications. A Telehealth Eligible Area will be those areas that are outside a Major City (RA1) according to ASGC-RA. Patients and providers are able to check their eligibility by following the links on the MBS Online website (www.mbsonline.gov.au/telehealth).

From 1 November 2012, there is a requirement for the patient and specialist to be located a minimum of 15km apart at the time of the consultation. Minimum distance between specialist and patient video consultations are measured by the most direct (ie least distance) route by road. The patient or the specialist is not permitted to travel to an area outside the minimum 15 km distance in order to claim a video conference.

This rule will not apply to specialist video consultation with patients who are a care recipient in a residential care service; or at an Aboriginal Medical Service or an Aboriginal Community Controlled Health Service for which a direction made under subsection 19(2) of the *Health Insurance Act 1973* as these patients are able to receive telehealth services anywhere in Australia.

Telehealth Eligible Service Areas are defined at www.mbsonline.gov.au/telehealth-eligible-areas

Record Keeping

Participating telehealth practitioners must keep contemporaneous notes of the consultation including documenting that the service was performed by video conference, the date, time and the people who participated.

Only clinical details recorded at the time of the attendance count towards the time of the consultation. It does not include information added at a later time, such as reports of investigations.

Extended Medicare Safety Net (EMSN)

All telehealth consultations are subject to EMSN caps. The EMSN caps for ART and Obstetric telehealth items 13210 and 16399 were set in reference to the EMSN caps applying to the base ART and Obstetric consultation items.

The EMSN caps for all other telehealth consultation items are equal to 300% of the schedule fee (to a maximum of \$500). The maximum EMSN benefit for a telehealth consultation is equal to the sum of the EMSN cap for the base item and the EMSN cap for the telehealth items.

Aftercare Rule

Video consultations are subject to the same aftercare rules as practitioners providing face-to-face consultations.

Multiple attendances on the same day

In some situations a patient may receive a telehealth consultation and a face to face consultation by the same or different practitioner on the same day.

Medicare benefits may be paid for more than one video consultation on a patient on the same day by the same practitioner, provided the second (and any following) video consultations are not a continuation of the initial or earlier video consultations. Practitioners will need to provide the times of each consultation on the patient's account or bulk billing voucher.

Individual clinicians must be confident that the technology used is able to satisfy the item descriptor and that software and hardware used to deliver a videoconference meets the applicable laws for security and privacy.

O.1.. BENEFITS FOR SERVICES BY PARTICIPATING OPTOMETRISTS

All Australian residents and certain categories of visitors to Australia can claim Medicare benefits for services by participating optometrists. The *Health Insurance Act 1973* contains legislation covering the major elements of the Medicare program.

Responsibility for regulating the Medicare program lies with the Australian Government through the Department of Health and Ageing. Medicare Australia is responsible for consideration of applications for the acceptance of optometric Undertakings and for the day to day operation of Medicare and the payment of benefits.

O.2.. PARTICIPATION BY OPTOMETRISTS

Medicare pays benefits for services provided by optometrists who have signed an agreement to participate in arrangements with the Commonwealth Government. This agreement is formally known as the "Common Form of Undertaking - Participating Optometrists" and is often referred to as the 'Participating Agreement' or the 'Undertaking'.

An optometrist registered under a law in any State or Territory of Australia, who wishes to become a participating optometrist, is required to sign the Common Form of Undertaking and an employer of optometrists must sign a separate Common Form of Undertaking except where the optometrist and the owner of the business are the same person.

Where the optometric practice is conducted in a corporate form, such as a company or partnership, it is necessary for the corporation to become a "participating optometrist", and an additional Undertaking must be signed by a person who has authority to give the Undertaking on behalf of the organisation.

The Undertaking sets out the obligations to be met under the arrangements. Copies of the Undertaking may be obtained from the Medicare Australia website at www.medicareaustralia.gov.au or by calling 132 150 (charges may apply).

Where an employer of optometrists completes an Undertaking, that Undertaking must identify premises owned by them or in their possession at which he or she provides services of a kind to which the Undertaking relates. The relevant details are to be included in schedules 2 and 3 of the Undertaking. An Undertaking completed by an individual optometrist does not need to identify the premises from which services are to be provided as the Undertaking applies to all premises from which the optometrist will provide services.

When completed, the Undertaking should be returned to:

Manager (Provider Eligibility and Accreditation)
Medicare Australia
PO Box 1001
Tuggeranong ACT 2901.

The Minister may refuse to accept an Undertaking given by an optometrist. In these circumstances the optometrist will be notified in writing of the refusal and is given 30 days to forward a written request to the Minister, to have the matter reviewed.

After acceptance by the Minister, or his delegate, of the completed Undertaking, a letter of acceptance of the Undertaking will be forwarded to the optometrist.

The Manager (Provider Eligibility and Accreditation) must be notified in writing of any changes to the details furnished by an optometrist in schedule 2 and schedule 3 of the Undertaking.

Participating optometrists may at any time terminate Undertakings either wholly or as they relate to particular premises, by notifying:

Manager (Provider Eligibility and Accreditation)
Medicare Australia
PO Box 1001
Tuggeranong ACT 2901.

The date of termination may not be earlier than 30 days after the date on which the notice is served.

O.3.. PROVIDER NUMBERS

To ensure that benefits are paid only for services provided by optometrists registered with the Optometry Board of Australia, each optometrist providing services for which a Medicare benefit is payable requires an individual provider number.

Provider numbers will be issued only to registered optometrists. Corporations, other business entities and individuals who are not registered optometrists will not be issued with provider numbers.

Provider numbers are allocated to enable claims for Medicare benefits to be processed. The number may be up to eight characters. The second last character identifies the practice location, the last being a check character.

Optometrists can obtain a provider number from Medicare Australia. A separate provider number is issued for each location at which an optometrist practises and has current registration. Provider numbers for additional practice locations may also be obtained from Medicare Australia following confirmation of registration. Optometrists cannot use another optometrist's provider number.

Locum Tenens

An optometrist who has signed a Common Form of Undertaking and is to provide services at a practice location as a locum for more than 2 weeks or will return to the practice on a regular basis for short periods should apply for a provider number for that location.

If the locum is to provide services at a practice for less than 2 weeks, the locum can use their own provider number or can obtain an additional provider number for that location.

Normally, Medicare benefits are payable for services rendered by an optometrist only when the optometrist has completed a Common Form of Undertaking. However, benefits may be claimed for services provided by an optometrist who has not signed the Undertaking if the optometrist has provided them on behalf of an optometrist who has signed the Undertaking.

To ensure benefits are payable when a locum practises in these circumstances, the locum optometrist should:

- Check that they will be providing optometry services on behalf of a participating optometrist i.e. their employer has a current Common Form of Undertaking.
- Complete the Schedule which is available on Medicare Australia's website at www.medicareaustralia.gov.au, before commencing the locum arrangement of the name and address of the participating optometrist on whose behalf they will be providing services.

Locums can direct Medicare payments to a third party, for example the principal of the practice, by either arranging a pay group link and/or by nominating the principal as the payee provider on bulk bill stationery.

O.4.. PATIENT ELIGIBILITY

An "eligible person" is a person who resides permanently in Australia. This includes New Zealand citizens and holders of permanent residence visas. Applicants for permanent residence may also be eligible persons, depending on circumstances. Eligible persons must enrol with Medicare before they can receive Medicare benefits.

Medicare covers services provided only in Australia. It does not refund treatment or evacuation expenses overseas.

Medicare Cards

The **green** Medicare card is for people permanently in Australia. Cards may be issued for individuals or families.

The **blue** Medicare card bearing the words "INTERIM CARD" is for people who have applied for permanent residence.

Visitors from countries with which Australia has a Reciprocal Health Care Agreement (RHCA) receive a card bearing the words "RECIPROCAL HEALTH CARE"

Visitors to Australia and temporary residents

Visitors and temporary residents in Australia are not eligible for Medicare and should therefore have adequate private health insurance.

Reciprocal Health Care Agreements

Australia has Reciprocal Health Care Agreements with New Zealand, Ireland, the United Kingdom, the Netherlands, Sweden, Finland, Norway, Italy, Belgium and Malta.

Visitors from these countries are entitled to immediately necessary medical treatment while they are in Australia, comprising public hospital care (as public patients), Medicare benefits for out of hospital services and drugs under the Pharmaceutical Benefits Scheme (PBS). Visitors must enrol with Medicare Australia to receive benefits. A passport is sufficient for public hospital care and PBS drugs.

Exceptions:

- Visitors from Ireland and New Zealand are entitled to public hospital care and PBS drugs, and should present their passports before treatment as they are not issued with Medicare cards.
- Visitors from Italy and Malta are covered for a period of six months only.

The Agreements do not cover treatment as a private patient in a public or private hospital. People visiting Australia for the purpose of receiving treatment are not covered. Visitors from New Zealand and the Republic of Ireland are NOT entitled to optometric treatment under a RHCA and all other RHCA visitors are only entitled to immediately necessary treatment.

O.5.. BENEFITS FOR SERVICES BY PARTICIPATING OPTOMETRISTS

What services are covered?

The services coming within the scope of the optometric benefit arrangements are those clinically relevant services ordinarily rendered by the optometrist in relation to a consultation on ocular or vision problems or related procedures. *The Health Insurance Act 1973*, defines a 'clinically relevant service' as a service rendered by an optometrist that is generally accepted in the optometric profession as being necessary for the appropriate treatment of the patient to whom it is rendered.

Benefits may only be claimed when:

- a service has been performed and a clinical record of the service has been made;
- a significant consultation or examination procedure has been carried out;
- the service has been performed at premises to which the Undertaking relates;
- the service has involved the personal attendance of both the patient and the optometrist; and
- the service is "clinically relevant" (as defined in the *Health Insurance Act 1973*).

Where Medicare benefits are not payable

Medicare benefits may not be claimed for attendances for:

- (a) delivery, dispensing, adjustment or repairs of visual aids;
- (b) filling of prescriptions written by other practitioners.

Benefits are not payable for optometric services associated with:

- (a) cosmetic surgery
- (b) refractive surgery
- (c) tests for fitness to undertake sporting, leisure or vocational activities
- (d) compulsory examinations or tests to obtain any commercial licence (e.g. flying or driving)
- (e) entrance to schools or other educational facilities
- (f) compulsory examinations for admissions to aged care facilities
- (g) vision screening

Medicare benefits are not payable for services in the following circumstances:

- (a) where the expenses for the service are paid or payable to a recognised (public) hospital;
- (b) where an attendance on behalf of teaching institutions on patients of supervised students of optometry;
- (c) where the service is not "clinically relevant" (as described in the *Health Insurance Act 1973*, i.e. a service rendered by an optometrist that is generally accepted in the optometric profession as being necessary for the appropriate treatment of the patient to whom it is rendered).

Unless the Minister otherwise directs, a benefit is not payable in respect of an optometric service where:

- (a) the service has been rendered by or on behalf of, or under an arrangement with, the Commonwealth, a State or a local governing body or an authority established by a law of the Commonwealth, a law of a State or a law of an internal Territory; or
- (b) the service was rendered in one or more of the following circumstances –
 - (i) the employer arranges or requests the consultation
 - (ii) the results are provided to the employer by the optometrist
 - (iii) the employer requires that the employee have their eyes examined
 - (iv) the account for the consultation is sent to the employer
 - (v) the consultation takes place at the patient's workplace or in a mobile consulting room at the patient's workplace.

Services rendered to an optometrist's dependants, employer or practice partner or dependants

A condition of the participating arrangement is that the optometrist agrees not to submit an account or a claim for services rendered to any dependants of the optometrist, to his or her employer or practice partner or any dependants of that employer or partner.

A 'dependant' person is a spouse or a child. The following provides definitions of these dependant persons:

a *spouse*, in relation to a dependant person means:

- (a) a person who is legally married to, and is not living, on a permanent basis, separately and apart from, that person; and
- (b) a de facto spouse of that person.

a *child*, in relation to a dependant person means:

- (a) a child under the age of 16 years who is in the custody, care and control of the person or the spouse of the person; and
- (b) a person who:
 - (i) has attained the age of 16 years who is in the custody, care and control of the person or the spouse of the person; or
 - (ii) is receiving full time education at a school, college or university; and
 - (iii) is not being paid a disability support pension under the *Social Security Act 1991*; and
 - (iv) is wholly or substantially dependent on the person or on the spouse of the person.

O.6.. SCHEDULE FEES AND MEDICARE BENEFITS

Schedule fees and Medicare benefits

Optometrists participating in the scheme agree not to charge more than the Schedule fees for services covered by Medicare, and also, that charges for appliances shall not include any amount related to consultation procedures for which benefits are payable. The only exceptions are for Item 10907 and in relation to domiciliary visits.

The services provided by participating optometrists which attract benefits are set out in the *Health Insurance (General Medical Services Table) Regulations*.

Medicare benefits are payable at 85% of the Schedule fee for services rendered with a maximum gap payment for any one service of \$74.50 (indexed annually) between the Medicare rebate and the Schedule fee.

Under the original Medicare safety net, the Medicare benefit for out-of-hospital services is increased to 100% of the Schedule Fee (up from 85%) once an annual threshold in gap costs is reached. Gap costs refer to the difference between the Medicare benefit (85%) and the Schedule Fee. The threshold from 1 January 2013 is \$421.70 and is indexed annually. This threshold applies to all Medicare-eligible singles and families.

Extended Medicare Safety Net

Under the extended Medicare safety net (EMSN), once an annual threshold in out-of-pocket costs for out-of-hospital Medicare services is reached, Medicare will pay for 80% of any future out-of-pocket costs for out-of-hospital Medicare services for the remainder of the calendar year. However, where the item has an EMSN benefit cap, there is a maximum limit on the EMSN benefit that will be paid for that item. Further explanation about EMSN benefit caps is provided on the MBS Online website. Out-of-pocket costs refer to the difference between the Medicare benefit and the fee charged by the practitioner.

In 2013, the threshold for singles and families that hold a Commonwealth concession card, families that received Family Tax Benefit Part (A) (FTB(A)) and families that qualify for notional FTB (A) is \$610.70. The threshold for all other singles and families is \$1,221.90.

The thresholds for the EMSN are indexed on 1 January each year.

Individuals are automatically registered with Medicare Australia for the safety nets; however couples and families are required to register in order to be recognised as a family for the purposes of the safety nets. In most cases, registered families have their expenses combined to reach the safety net thresholds. This may help to qualify for safety net benefits more quickly. Registration forms can be obtained from Medicare Australia offices, or completed online at www.medicareaustralia.gov.au.

Limiting rule for patient claims

Where a fee charged for a service is less than the Medicare benefit, the benefit will be reduced to the amount of the fee actually charged. In no case will the benefit payable exceed the fee charged.

Multiple attendances

Payment of benefit may be made for several attendances on a patient on the same day by the same optometrist provided that the subsequent attendances are not a continuation of the initial or earlier attendances. However, there should be a reasonable lapse of time between the services before they can be regarded as separate attendances.

Where two or more attendances are made on the one day by the same optometrist the time of each attendance should be stated on the account (e.g. 10.30 am and 3.15 pm) in order to assist in the payment of benefits. Times do not need to be specified where a perimetry item is performed in association with a consultation item.

In some circumstances a subsequent consultation on the same day may be judged to be a continuation of an earlier attendance and a second benefit is not payable. For example, a preliminary eye examination may be concluded with the instillation of mydriatic or cycloplegic drops and some time later additional examination procedures are undertaken. These sessions are regarded as being one attendance for benefit purposes.

Referred comprehensive initial consultations (Item 10905) - Read in conjunction with 09 referrals

For the purposes of Item 10905, the referring optometrist, having considered the patient's need for the referred consultation, is required to provide a written referral, dated and signed, and setting out the patient's condition and the reason for the referral.

Benefits will be paid at the level of Item 10905 providing the referral is received before the provision of the service, and providing the account, receipt or bulk-billing form contains the name and provider number of the referring optometrist. Referrals from medical practitioners do not attract benefit under item 10905.

The optometrist claiming the Item 10905 service is obliged to retain the written referral for a period of twenty-four months.

Referrals must be at "arms length". That is to say, no commercial arrangements or connections should exist between the optometrists.

Second comprehensive initial consultation within 24 months of a previous comprehensive consultation (Item 10907)

Where a patient receives a comprehensive initial consultation within 24 months of a previous comprehensive consultation provided by another optometrist, an additional fee may be charged provided that the service is not bulk-billed. The actual

additional amount charged is a matter between the optometrist and the patient, but it must not exceed an amount equal to the difference between the Schedule fees for Item 10900 and Item 10907.

In circumstances where an additional fee is charged the optometrist must inform the patient of the benefit payable for Item 10907 at the time of the consultation and that the additional fee will not attract benefits.

Where it is necessary for the optometrist to seek patient information from Medicare Australia in order to determine appropriate itemisation of accounts, receipts or bulk-billed claims, the optometrist must ensure that:-

- (a) the patient is advised of the need to seek the information and the reason the information is required;
- (b) the patient's informed consent to the release of information has been obtained; and
- (c) the patient's records verify the patient's consent to the release of information.

Significant change in visual function requiring comprehensive re-evaluation (Item 10912)

Significant changes in visual function which justify the charging of Item 10912 could include documented changes of:

- vision or visual acuity of 2 lines (0.2 logMAR) or more (corrected or uncorrected)
- visual fields or previously undetected field loss
- binocular vision
- contrast sensitivity or previously undetected contrast sensitivity loss.

New signs or symptoms requiring comprehensive re-evaluation (Item 10913)

When charging Item 10913 the optometrist should document the new signs or symptoms suffered by the patient on the patient's record card.

Progressive disorder requiring comprehensive re-evaluation (Item 10914)

When charging Item 10914, the optometrist should document the nature of the progressive disorder suffered by the patient on the patient's record card. Progressive disorders may include conditions such as maculopathy (including age related maculopathy) cataract, corneal dystrophies, glaucoma etc.

Examination of the eyes of a patient with diabetes mellitus (Item 10915)

Where an examination of the eyes, with the instillation of a mydriatic, of a patient with diabetes mellitus is being conducted, where possible this item should be billed rather than item 10914 to assist in identifying whether such patients are receiving appropriate eye care.

Domiciliary visits (Items 10931 – 10933)

Where patients are unable to travel to an optometrist's practice for treatment, and where the request for treatment is initiated by the patient, a domiciliary visit may be conducted, which involves the optometrist travelling to the patient's place of residence, and transporting the necessary equipment. Where possible, it is preferable that the patient travel to the practice so that the full range of equipment is available for the examination of the patient.

Benefits are payable under items 10931 – 10933 to provide some financial assistance in the form of a loading to the optometrist, in recompense for travel costs and packing and unpacking of equipment. The loading is in addition to the consultation item. For the purposes of the loading, acceptable places of residence for domiciliary visits are:

- the patient's home,
- a residential aged care facility as defined by the *Aged Care Act 1997*, or
- an institution which means a place (other than a residential aged care facility or hospital) at which residential accommodation and/or day care is made available to any of the following categories: disadvantaged children, juvenile offenders, aged persons, chronically ill psychiatric patients, homeless persons, unemployed persons, persons suffering from alcoholism, persons addicted to drugs, or physically or intellectually disabled persons.

Visits to a hospital are not covered by the new loading, but are covered by the previous arrangements, that is, where a visit to a hospital is provided at the patient's request, an extra fee not exceeding the fee for item 10900 may be charged, in addition to the Schedule fee, providing the service is not bulk-billed. Benefits are not payable in respect of the private charge.

Items 10931 – 10933 may be used whether or not the optometrist chooses to bulk-bill but it is important that if the consultation is bulk-billed the loading is also, and no private charge can then be levied. If the consultation is not bulk-billed, the loading should also not be bulk-billed and a private charge may be levied. The additional private charge must be calculated so that the **total** charges for the basic service, loading and private charge do not exceed an amount which equals twice the fee for item 10900. The usual requirement that the patient must have requested the domiciliary visit applies.

The choice of appropriate item in the range 10931 - 10933 depends on how many patients are seen at the one location. Benefits are payable under item 10931 where the optometrist travels to see one patient at a single location. Item 10931 can be billed in addition to the consultation item. If the optometrist goes on to see another single patient **at a different**

location, that patient can also be billed an item 10931 plus the consultation. However, if two patients are visited at a single location on the same occasion, each of the two patients should be billed item 10932 as well as the consultation item applying to each patient. Similarly, if three patients are visited at a single location on the same occasion, each of the three patients should be billed item 10933 as well as the consultation item applying to each patient.

Where more than three patients are seen at the same location, additional benefits for domiciliary visits are not payable for the fourth, fifth etc patients. On such occasions, the first three patients should be billed item 10933 as well as the appropriate consultation item, and all subsequent patients may only be billed the appropriate consultation item. Where multiple patients are seen at one location on one occasion, there is no provision for patients to be 'grouped' into twos and threes for billing purposes.

Where a private charge is levied for a domiciliary visit, bulk-billing is precluded. Benefits are not payable in respect of the private charge and the patient should be informed of this. Private charges should be shown separately on accounts issued by optometrists and must not be included in the fees for the service. Domiciliary visit loading items cannot be claimed in conjunction with brief initial consultation item 10916, or with computerised perimetry items 10940 or 10941.

Release of prescription

Where a spectacle prescription is prepared for the patient, it becomes the property of the patient, who is free to have the spectacles dispensed by any person of the patient's choice. The optometrist will ensure that the patient is made aware that he or she is entitled to a copy of the spectacle prescription.

Contact lens prescriptions are excluded from the above provision, although the prescription remains the property of the patient and should be available to the patient at the completion of the prescription and fitting process.

Reminder notices

The optometrist will ensure that any notice sent to a patient suggesting re-examination is sent solely on the basis of the clinical needs of the patient.

Aftercare period following surgery

Medicare schedule items that apply to surgery include all professional attendances necessary for the post-operative treatment of the patient. The aftercare period includes all post-operative treatment, whether provided by a medical practitioner or an optometrist. The amount and duration of the aftercare may vary but includes all attendances until recovery from the operation. Attendances provided by an optometrist in the aftercare period do not attract a Medicare benefit.

The rebate for cataract surgery includes payment for aftercare attendances so payment for aftercare services provided by an optometrist on behalf of a surgeon should be arranged with the surgeon. The optometrist should not charge the patient. In the case of cataract surgery, the first visit following surgery for which the optometrist can charge a rebatable fee is generally the attendance at which a prescription for spectacles or contact lenses is written.

Medicare benefits are not available for refractive surgery, consultations in preparation for the surgery or consultations in the aftercare period. Charges for attendances by optometrists may be made directly to the patient or to the surgeon depending on the arrangements made prior to surgery. Accounts and the receipt issued to the patient should clearly indicate the fee is non-rebatable.

Computerised Perimetry Services (Items 10940 and 10941)

Benefit under items 10940 and 10941 is payable where full quantitative computerised perimetry (automated absolute static threshold but not including multifocal multichannel objective perimetry) has been performed by an optometrist on both eyes (item 10940) or one eye (item 10941) where indicated by the presence of relevant ocular disease or suspected pathology of the visual pathways or brain. Item 10940 for bilateral procedures cannot be claimed for patients who are totally blind in one eye. In this instance, item 10941 for unilateral procedures should be claimed, where appropriate.

These items can be billed either in association with comprehensive consultation items 10900, 10905, 10907, 10912, 10913, 10914 or 10915, or independently, but they cannot be billed with items 10916 or 10918. An assessment and report is required and, where referral to an ophthalmologist for further treatment is required, the printed results of the perimetry should be provided to the ophthalmologist to discourage repetition of perimetry unless clinically necessary. If Medicare benefits are to be claimed, a maximum of 2 perimetry services in any 12 month period may be provided.

Low Vision Assessment (Item 10942)

A benefit is payable under item 10942 where one or more of the tests outlined in the item description are carried out on a patient who has already been established during a comprehensive consultation as having low vision, as specifically defined in the item. This item is not intended for patients expected to undergo cataract surgery in the near future who may temporarily meet the criteria for having low vision.

Item 10942 may be claimed on the same day as either a comprehensive initial consultation or a subsequent consultation, but only where the additional low vision testing has been carried out on an eligible patient. Item 10942 is not intended to be claimed with a brief initial consultation, or with any of the contact lens items.

Children's vision assessment (Item 10943)

Children aged 0 to 2 years, and 15 years and over, are not eligible for item 10943 and may be treated under appropriate attendance items.

A benefit is payable under item 10943 where one or more of the assessment and testing procedures outlined in the item description are carried out on a patient aged 3 - 14 years inclusive, and where a finding of significant binocular or accommodative dysfunction is the outcome of the consultation and assessment/testing. The conditions to be assessed under this item are primarily amblyopia and strabismus, but dysfunctions relating to vergences are also covered, providing well established and evidence based optometry practice is observed.

A benefit is not payable under item 10943 for the assessment of learning difficulties or learning disabilities.

Item 10943 may be claimed on the same day as either a comprehensive consultation or a subsequent consultation, but only where the additional assessment/testing has been carried out on an eligible child. Item 10943 is not intended to be claimed with a brief initial consultation, or with any of the contact lens items.

O.7.. BILLING PROCEDURES

There are three ways benefits may be paid for optometric services:

- (a) the claimant may pay the optometrist's account in full and then claim benefits from a Medicare Australia office by submitting the account and the receipt;
- (b) the claimant may submit the unpaid account to Medicare Australia which will then send a cheque in favour of the optometrist, to the claimant; or
- (c) the optometrist may bill Medicare instead of the patient for the consultation. This is known as bulk billing. If an optometrist direct-bills, he/she undertakes to accept the relevant Medicare benefit as full payment for the consultation. Additional charges for that service (irrespective of the purpose or title of the charge) cannot be raised against the patient.

Note: Additional charges must not be levied in respect of domiciliary visits and consultations covered by Item 10907 if the services are bulk-billed.

Claiming of benefits

The patient, upon receipt of an optometrist's account, has two options open for paying the account and receiving benefits.

Paid accounts

If the account has been paid in full the claimant can obtain a cash benefit (up to certain limits) from a Medicare Australia office. Alternatively they may lodge a claim by post or in the Medicare Australia office drop box, by fax in selected pharmacies and Rural Transaction Centres, or telephone (in rural areas throughout Australia) for a payment by Electronic Funds Transfer (EFT) or cheque.

Practitioners seeking information regarding registration to allow EFT payments and other E-Business transactions, can do so by viewing the Health Professionals section at the Medicare Australia website at www.medicareaustralia.gov.au

Unpaid accounts

Where the patient has not paid the account in full, the unpaid account may be presented to Medicare Australia with a completed Medicare claim form. In this case Medicare Australia will forward to the claimant a benefit cheque made payable to the optometrist.

It is the patient's responsibility to forward the cheque to the optometrist and make arrangements for payment of the balance of the account, if any. "Pay optometrist" cheques involving Medicare benefits must (by law), not be sent direct to optometrists, or to the claimant at an optometrist's address (even if requested by the claimant to do so). "Pay optometrist" cheques are required to be forwarded to the claimant's last known address as recorded with Medicare Australia.

When issuing a receipt to a patient for an account that is being paid wholly or in part by a Medicare "pay optometrist" cheque the optometrist should indicate on the receipt that a "Medicare cheque for \$..... was involved in the payment of the account". The receipt should also include any money paid by the claimant or patient.

Itemised accounts

When an optometrist bills a patient for a service, the patient should be issued with a correctly itemised account and receipt to enable him/her to claim Medicare benefits. Where both a consultation and computerised perimetry occur, these may be itemised on the same account.

Medicare benefits are only payable in respect of optometric services where it is recorded on the account setting out the fee for the service or on the receipt for the fee in respect of each service to each patient, the following information:-

- (a) patient's name;
- (b) date on which the service(s) was rendered;
- (c) a description of the service(s) (e.g. "initial consultation, "subsequent consultation" or "contact lens consultation" and/or "computerised perimetry" in those cases where it is performed);
- (d) Medicare Benefits Schedule item number(s);
- (e) the name and practice address or name and provider number of the optometrist who actually rendered the service(s). Where the optometrist has more than one practice location, the provider number used should be that which is applicable to the practice location where the service(s) was given;
- (f) the fee charged for the service(s);
- (g) the time each service began if the optometrist attended the patient on more than one occasion on the same day and on each occasion rendered a professional service relating to an optometric item, except where a perimetry item is performed in association with a consultation item, where times do not need to be specified.

The optometrist billing for the service bears responsibility for the accuracy and completeness of the information included on accounts, receipts and assignment of benefits forms even where such information has been recorded by an employee of the optometrist.

Payment of benefits could be delayed or disallowed if the account does not clearly identify the service as one which qualifies for Medicare benefits or that the practitioner is a registered optometrist practising at the address where the service was rendered. It is important to ensure that an appropriate description of the service, the item number and the optometrist's provider number are included on accounts, receipts and assignment of benefit forms.

Details of any charges made other than for services, e.g. a dispensing charge, a charge for a domiciliary visit, should be shown separately either on the same account or on a separate account.

Patients must be eligible to receive Medicare benefits and must also meet the clinical requirements outlined in the relevant item descriptors.

Duplicate accounts

Only one original itemised account per service should be issued, except in circumstances where both a consultation and computerised perimetry occur, in which case these may be itemised on the same original account. Duplicates of accounts or receipts should be clearly marked "duplicate" and should be issued only where the original has been lost. Duplicates should not be issued as a routine system for "accounts rendered".

Assignment of benefit (bulk billed) arrangements

Under the *Health Insurance Act 1973* an Assignment of Benefit (bulk-billing) facility for professional services is available to all persons in Australia who are eligible for benefit under the Medicare program. This facility is NOT confined to pensioners or people in special need.

If an optometrist bulk-bills, he/she undertakes to accept the relevant Medicare benefit as full payment for the service. Additional charges for that service (irrespective of the purpose or title of the charge) cannot be raised against the patient. Under these arrangements:-

- the patient's Medicare number must be quoted on all bulk-bill assignment of benefit forms for that patient;
- the assignment of benefit forms provided are loose leaf to enable the patient details to be imprinted from the Medicare Card;
- the forms include information required by Regulations under Section 19(6) of the *Health Insurance Act 1973*;
- the optometrist must cause the particulars relating to the professional service to be set out on the assignment of benefit form, before the patient signs the form and cause the patient to receive a copy of the form as soon as practicable after the patient signs it;

Where a patient is unable to sign the assignment form:

- the signature of the patient's parent, guardian or other responsible person (other than the doctor, doctor's staff, hospital proprietor, hospital staff, residential aged care facility proprietor or residential aged care facility staff) is acceptable; or
- In the absence of a "responsible person" the patient signature section should be left blank.

Where the signature space is either left blank or another person signs on the patient's behalf, the form **must** include:

- the notation "Patient unable to sign" and
- in the section headed 'Practitioner's Use', an explanation should be given as to why the patient was unable to sign (e.g. unconscious, injured hand etc.) and this note should be signed or initialled by the doctor. If in the opinion of the practitioner the reason is of such a "sensitive" nature that revealing it would constitute an unacceptable breach of patient confidentiality or unduly embarrass or distress the recipient of the patient's copy of the assignment of benefits form, a concessional reason "due to medical condition" to signify that such a situation exists may be substituted for the actual reason. However, this should not be used routinely and in most cases it is expected that the reason given will be more specific.

Use of Medicare cards in bulk billing

The Medicare card plays an important part in bulk-billed services as it can be used to imprint the patient details (including Medicare number) on the basic assignment of benefit forms. A special Medicare imprinter is used for this purpose and is available free of charge, on request, from Medicare Australia.

The patient details may, of course, be written on the bulk-bill form, but the use of the card to imprint patient details assists optometrists and ensures accuracy of information. The latter is essential to ensure that the processing of a claim by Medicare Australia is expedited.

The Medicare card number must be quoted on bulk-bill assignment of benefit forms. If the number is not available, then the bulk bill payment option should not be used as there is a risk that the patient may not be eligible and Medicare benefits not payable.

Where a patient presents without a Medicare card and indicates that he/she has been issued with a card but does not know the details, the optometrist may contact Medicare Australia on 132 150 to obtain the number.

It is important for the optometrist to check the eligibility of their patients for Medicare benefits by reference to the card, as entitlement is limited to the "valid to" date shown on the bottom of the card. Additionally the card will show if a person is enrolled through a Reciprocal Health Care Agreement.

Assignment of benefit forms

Only the approved assignment of benefit forms available from Medicare Australia can be used to bulk bill patients for optometric services and no other form can be used without its approval.

(a) Form DB2-OP

This form is designed for the use of optical scanning equipment and is used to assign benefits for optometrical services. It is loose leaf to enable imprinting of patient details from the Medicare card and comprises a throw away cover sheet (after imprinting), a Medicare copy, a Practitioner copy and a Patient copy.

(b) Form DB4

This is a continuous stationery version of Form DB2 and has been designed for use on most office accounting machines.

The Claim for Assigned Benefits (Form DB1N, DB1H)

Optometrists who accept assigned benefits must claim from Medicare Australia using either Claim for Assigned Benefits form DB1N or DB1H. The DB1N form should be used where services are rendered to persons for treatment provided out of hospital or day hospital treatment. The DB1H form should be used where services are rendered to persons while hospital treatment is provided in a hospital or day hospital facility (other than public patients). Both forms have been designed to enable benefit for a claim to be directed to an optometrist other than the one who rendered the services. The facility is intended for use in situations such as where a short term locum is acting on behalf of the principal optometrist and setting the locum up with a provider number and pay-group link for the principal optometrist's practice is impractical. Optometrists should note that this facility cannot be used to generate payments to or through a person who does not have a provider number.

Each claim form must be accompanied by the assignment of benefit forms to which the claim relates.

The DB1N and DB1H are also loose leaf to enable imprinting of the optometrist's details using the special Medicare imprinter. For this purpose, practitioner cards, showing the optometrist's name, practice address and provider number are available from Medicare on request.

Time limits applicable to lodgement of bulk bill claims for benefits

A time limit of two years applies to the lodgement of claims with Medicare Australia under the bulk billed (assignment of benefits) arrangements. This means that Medicare benefits are not payable for any service where the service was rendered more than two years earlier than the date the claim was lodged with Medicare Australia.

Provision exists whereby in certain circumstances (e.g. hardship cases, third party or workers' compensation cases), the Minister may waive the time limits. Special forms for this purpose are available, if required, from the Medicare Australia website www.medicareaustralia.gov.au or the processing centre to which bulk bill claims are directed.

O.8.. LIMITATIONS ON BENEFITS

Single Course of Attention

A reference to a single course of attention means:-

- (a) In the case of Items 10900 to 10918 - a course of attention by one or more optometrists in relation to a specific episode of optometric care.
- (b) In relation to Items 10921 to 10930 - a course of attention, including all associated attendances, by one or more optometrists for the purpose of prescribing and fitting of contact lenses. This includes those after-care visits necessary to ensure the satisfactory performance of the lenses.

Initial consultations

The initial consultation item (Item 10900) is payable once only within 24 months of the previous standard consultation (Item 10900, 10905, 10907, 10912, 10913, 10914 or 10915). However, a benefit is payable under Item 10912, 10913, 10914 or 10915 where the patient has an ocular condition which necessitates a further course of attention being started within 24 months of the previous initial consultation. The conditions which qualify for a further course of attention are contained in the descriptions of these items (see relevant paragraphs at 06).

Where an attendance would have been covered by Item 10900, 10905, 10907, 10912, 10913, 10914 or 10915 but is of 15 minutes duration or less, Item 10916 (Short consultation) applies.

Second or subsequent consultations (Item 10918)

Each consultation, apart from the initial consultation, in a single course of attention, other than a course of attention involving the fitting and prescription of contact lenses, is covered by Item 10918.

Contact lens consultations (Items 10921 to 10930)

In the case of contact lens consultations, benefit is payable only where the patient is one of the prescribed classes of patient entitled to benefit for contact lens consultations as described in Items 10921 to 10929.

For claims under Items 10921, 10922, 10923, 10925 and 10930, eligibility is based on the patient's distance spectacle prescription, determining the spherical equivalent by adding to the spherical prescription, half the cylindrical correction.

Medicare benefits are not payable for Item 10929 in circumstances where patients want contact lenses for:

- (a) reasons of appearance (because they do not want to wear spectacles);
- (b) sporting purposes;
- (c) work purposes; or
- (d) psychological reasons (because they cannot cope with spectacles).

All attendances subsequent to the initial consultation in a course of attention involving the prescription and fitting of contact lenses are collectively regarded as a single service under Items 10921 to 10930, as appropriate. The date of service is deemed to be the date on which the contact lenses are delivered to the patient. In some cases, where the patient decides not to proceed with contact lenses, no Medicare fee is payable because the patient has not taken delivery of the lenses. In such instances, the patient may be charged a non-rebatable (private) fee for a 'part' service. Any visits related to the prescribing and fitting of lenses are regarded to be covered by the relevant item in the range 10921 to 10930. The bulk item includes those aftercare visits necessary to ensure the satisfactory performance of the lenses. This interpretation is unaltered by the frequency of aftercare visits associated with various lens types including extended wear lenses. Consultations during the aftercare period that are unrelated to the prescription and fitting of contact lenses or that are not part of normal aftercare may be billed under other appropriate items (not Items 10921 to 10930).

For patients not eligible for Medicare rebates for contact lens care, fees charged for contact lens consultations are a matter between the practitioner and the patient. Any account for consultations involving the fitting and prescription of contact lenses issued to a patient who does not fall into the specified categories should be prepared in such a way that it cannot be used to obtain benefits. No Medicare item number should be attached to any service that does not attract benefits and the optometrist should annotate the account with wording such as "Medicare benefits not payable".

Where an optometrist wishes to apportion the total fee to show the appropriate optometric consultation benefit and the balance of the fee, he or she should ensure that the balance is described in such a way (e.g. balance of account) that it cannot be mistaken as being a separate consultation. In particular no Medicare item number should be shown against the balance.

When a patient receives a course of attention involving the prescription and fitting of contact lenses an account should not be issued (or an assignment form completed) until the date on which the patient takes delivery of the lenses.

Benefit under Items 10921 to 10929 is payable once only in any period of 36 consecutive months except where circumstances are met under Item 10930 within a 36 month period.

Additional payments for optometrists visiting remote and very remote locations (Visiting Optometrists Scheme)

Special arrangements exist under the provisions of Section 129A of the *Health Insurance Act 1973* to provide financial incentives to optometrists to deliver outreach optometric services to rural and remote locations, which would not otherwise have ready access to primary eye care, with no additional charge to patients. Optometrists are encouraged to provide outreach services to national priority locations, particularly remote and very remote locations, Aboriginal and Torres Strait Islander communities and rural locations with an identified need for optometry services.

Under these arrangements, financial assistance may be provided to approved participating optometrists to cover costs associated with delivering outreach services, including travel, accommodation and meals, facility fees and an absence from practice allowance to compensate for 'loss of business opportunity' due to the time spent travelling to and from an outreach location.

This assistance is provided because the participating nature of the benefit arrangements does not permit optometrists to charge fees higher than Medicare Schedule fees to offset the additional costs involved in visiting rural and remote locations.

A national call for expressions of interest will be undertaken on an annual basis, although applications for priority areas may be considered on a needs basis at any time. Visiting optometrists should also note that Regional Eye Health Coordinators located in several Aboriginal Community Controlled Health Services in each State and Territory may be able to assist in arranging and establishing ongoing visits. Optometrists interested in providing an outreach optometric service should contact the relevant State or Northern Territory Office of the Australian Government Department of Health and Ageing.

O.9.. REFERRALS (READ IN CONNECTION WITH THE RELEVANT PARAGRAPHS AT O6)

General

Optometrists are required to refer a patient for medical attention when it becomes apparent to them that the patient's condition is such that it would be more appropriate for treatment to be undertaken by a medical practitioner.

Optometrists may refer patients directly to specialist ophthalmologists with the patient being able to claim benefits for the ophthalmologist's services at the referred specialist rate.

Optometrists may refer patients directly to another optometrist, based on the clinical needs of the patient.

A referral letter or note must have been issued by the optometrist for all such services provided by specialist ophthalmologists or optometrists in order for patients to be eligible for Medicare benefits at the referred rate. Unless such a letter or note has been provided, benefits will be paid at the unreferred rate.

Medicare benefits at the referred rate are not paid for patients referred by optometrists to consultant physicians or to specialists other than ophthalmologists. See relevant paragraph O9 regarding emergency situations.

What is a referral?

For the purposes of the optometric arrangements, a "referral" is a request to a specialist ophthalmologist or another optometrist for investigation, opinion, treatment and/or management of a condition or problem of a patient or for the performance of a specific examination(s) or test(s).

Subject to the exceptions in the paragraph below, for a valid "referral" to take place:

- (a) the referring optometrist must have turned his or her mind to the patient's need for referral and communicate relevant information about the patient to the specialist ophthalmologist or optometrist to whom the patient is referred (but this does not necessarily mean an attendance on the occasion of the referral);
- (b) the instrument of referral must be in writing by way of a letter or note and must be signed and dated by the referring optometrist; and
- (c) the practitioner to whom the patient is referred must have received the instrument of referral on or prior to the occasion of the professional service to which the referral relates.

The exceptions to the requirements in the above paragraph are that:

- (a) sub-paragraphs (b) and (c) do not apply to an emergency situation where the specialist ophthalmologist was of the opinion that the service be rendered as quickly as possible (see paragraph below on emergency situations); and

- (b) sub-paragraph (c) does not apply to instances where a written referral was completed by a referring optometrist but was lost, stolen or destroyed.

Period for which referral is valid

A referral from an optometrist to an ophthalmologist is valid for 12 months unless the optometrist specifies on the referral that the referral is for a different period (e.g. 3, 6 or 18 months or valid indefinitely).

The referral applies for the period specified in the referral from the date that the ophthalmologist provides the first service to the patient. If there is no period specified in the referral then the referral is valid for 12 months from the date of the first service provided by the ophthalmologist.

Referrals for longer than 12 months should be made only when the patient's clinical condition requires continuing care and management.

An optometrist may write a new referral when a patient presents with a condition unrelated to the condition for which the previous referral to an ophthalmologist was written. In these circumstances Medicare benefits for the consultation with the ophthalmologist would be payable at initial consultation rates.

A new course of treatment for which Medicare benefits would be payable at the initial consultation rates will also be paid where the referring optometrist:-

- (a) deems it necessary for the patient's condition to be reviewed; and
- (b) the patient is seen by the ophthalmologist outside the currency of the previous referral; and
- (c) the patient was last seen by the specialist ophthalmologist more than 9 months earlier than the attendance following a new referral.

Self referral

Optometrists may refer themselves to specialist ophthalmologists or other optometrists and Medicare benefits are payable at referred rates.

Lost, stolen or destroyed referrals

If a referral has been made but the letter or note of referral has been lost, stolen or destroyed, benefits will be payable at the referred rate if the account, receipt or the assignment form shows the name of the referring practitioner, the practice address or provider number of the referring practitioner (if either of these are known to the consultant physician or specialist) and the words 'Lost referral'. This provision only applies to the initial attendance. For subsequent attendances to attract Medicare benefits at the referred rate a duplicate or replacement letter of referral must be obtained by the specialist or the consultant physician.

Emergency situations

Medicare benefits are payable even though there is no written referral in an emergency situation (as defined in the *Health Insurance Regulations 1975*). The specialist or the consultant physician should be of the opinion that the service must be rendered as quickly as possible and endorses the account, receipt or assignment form as an "Emergency referral".

A referral must be obtained from a medical practitioner or, in the case of a specialist ophthalmologist, a medical practitioner or an optometrist if attendances subsequent to the emergency attendance are to attract Medicare benefits at the referred rate.

O.10.. PROVISION FOR REVIEW OF THE SCHEDULE

Optometric Benefits Consultative Committee (OBCC)

The OBCC is an advisory committee established in 1990 by arrangement between the Minister and Optometrists Association Australia.

The OBCC's functions are:

- (a) to consider the appropriateness of existing Medicare Benefits Schedule items, including the need to combine, delete or create items, and the need to amend item descriptions;
- (b) to undertake reviews of particular services and to report on the appropriateness of the existing structure of the Schedule, having regard to current optometric practice;
- (c) to provide a forum for discussion on fees and fee relativities for individual optometric items in the Medicare Benefits Schedule (but not so as to involve a general review of the overall level of optometric fees);
- (d) to consider and advise on the appropriateness of the participating optometrists' arrangements and the Common Form of Undertaking (as specified in the *Health Insurance Act 1973* and related legislation) and the administrative rules and interpretations which determine the payment of benefits for optometric services or the level of benefits;

- (e) to investigate specific matters associated with the participating optometrists' arrangements and to advise on desirable changes.

The OBCC comprises two representatives from the Department of Health and Ageing, two representatives from Medicare Australia, and three representatives from Optometrists Association Australia.

O.11.. PROVISION FOR REVIEW OF PRACTITIONER BEHAVIOUR

Professional Services Review (PSR) Scheme

The Professional Services Review (PSR) Scheme is a scheme for reviewing and investigating the provision of services by a health practitioner to determine whether the practitioner has engaged in inappropriate practice in the rendering or initiating of Medicare services or in prescribing under the Pharmaceutical Benefits Scheme (PBS). 'Practitioner' is defined in Section 81 of the *Health Insurance Act 1973* and includes: medical practitioners, dentists, optometrists, chiropractors, midwives, nurse practitioners, physiotherapists, podiatrists and osteopaths.

Section 82 of the *Health Insurance Act 1973* defines inappropriate practice as conduct that is such that a PSR Committee could reasonably conclude that it would be unacceptable to the general body of the members of the profession in which the practitioner was practising when he or she rendered or initiated the services. It is also an offence under Section 82 for a person who is an officer of a body corporate to knowingly, recklessly or negligently cause or permit a practitioner employed by the person to engage in such conduct.

Medicare Australia monitors health practitioners' claiming patterns. Where an anomaly is detected, for which a satisfactory explanation cannot be provided, Medicare Australia can request that the Director of PSR review the provision of services by the practitioner. On receiving the request, the Director must decide whether to conduct a review and in which manner the review will be conducted. The Director is authorised to require that documents and information be provided.

Following a review, the Director must:

- (a) decide to take no further action; or
- (b) enter into an agreement with the person under review (which must then be ratified by an independent Determining Authority); or
- (c) refer the matter to a PSR Committee.

A PSR Committee consists of the Chairperson and 2 other panel members who must be members of the same profession as the practitioner under review. However, up to two additional Committee members may be appointed to provide a wider range of clinical expertise.

The Committee is authorised to:

- (a) investigate any aspect of the provision of the referred services, and without being limited by the reasons given in the review request or by a Director's report following the review;
- (b) hold hearings and require the person under review to attend and give evidence;
- (c) require the production of documents (including clinical notes).

A PSR Committee may not make a finding of inappropriate practice unless it has given the person under review notice of its intention to review them, the reasons for its findings, and an opportunity to respond. In reaching their decision, a PSR Committee is required to consider whether or not the practitioner has kept adequate and contemporaneous patient records. It will be up to the peer judgement of the PSR

The standards which determine if a record is adequate and contemporaneous are prescribed in the *Health Insurance (Professional Services Review) Regulations 1999*.

To be **adequate**, the patient or clinical record needs to:

- clearly identify the name of the patient; and
 - contain a separate entry for each attendance by the patient for a service and the date on which the service was rendered or initiated; and
 - each entry needs to provide clinical information adequate to explain the type of service rendered or initiated;
- and
- each entry needs to be sufficiently comprehensible that another practitioner, relying on the record, can effectively undertake the patient's ongoing care.

To be **contemporaneous**, the patient or clinical record should be completed at the time that the service was rendered or initiated or as soon as practicable afterwards. Records for hospital patients are usually kept by the hospital and the practitioner could rely on these records to document in-patient care.

The practitioner under review is permitted to make submissions to the PSR Committee before key decisions or a final report is made.

If a PSR Committee finds that the person under review has engaged in inappropriate practice, the findings will be reported to the Determining Authority to decide what action should be taken:

- (i) a reprimand;
- (ii) counselling;
- (iii) repayment of Medicare benefits; and/or
- (iv) complete or partial disqualification from Medicare benefit arrangements for up to three years.

Further information on the Professional Services Review is available at www.psr.gov.au or on Medicare compliance is available at www.medicareaustralia.gov.au/provider/business/audits/index.jsp

Penalties

Penalties of up to \$10,000 or imprisonment for up to five years, or both may be imposed on any person who makes a statement (either orally or in writing) or who issues or presents a document that is false or misleading in a material particular and which is capable of being used with a claim for benefits. In addition, any practitioner who is found guilty of such offences shall be subject to examination by a Medicare Participation Review Committee (MPRC) and may be counselled or reprimanded or may have services wholly or partially disqualified from the Medicare benefit arrangements.

A penalty of up to \$1,000 or imprisonment for up to three months, or both, may be imposed on any person who obtains a patient's signature on an assignment of benefit form without necessary details having been entered on the form before the patient signs or who fails to cause a patient to be given a copy of the completed form.

Medicare Participation Review Committee

The Medicare Participation Review Committee determines what administrative action should be taken against a practitioner who:

- (a) has been successfully prosecuted for relevant criminal offences; or
- (b) has been found to have engaged in inappropriate practice under the Professional Services Review scheme and has received Final Determinations on two (or more) occasions.

The Committee can take no further action, counsel or reprimand the practitioner, or determine that the practitioner be disqualified from Medicare for a particular period or in relation to particular services for up to five years.

Medicare benefits are not payable in respect of services rendered by a practitioner who has been fully disqualified, or partly disqualified in relation to relevant services under the *Health Insurance Act 1973* (Section 19B applies).

Schedules of Services

Each professional service contained in the Schedule has been allocated a unique item number. Located with the item number and description for each service is the Schedule fee and Medicare benefit, together with a reference to an explanatory note relating to the item (if applicable).

If the service attracts an anaesthetic, the word (Anaes.) appears following the description. Where an operation qualifies for the payment of benefits for an assistant, the relevant items are identified by the inclusion of the word (Assist.) in the item description. Medicare benefits are not payable for surgical assistance associated with procedures which have not been so identified.

In some cases two levels of fees are applied to the same service in General Medical Services, with each level of fee being allocated a separate item number. The item identified by the letter "S" applies in the case where the procedure has been rendered by a recognised specialist in the practice of his or her specialty and the patient has been referred. The item identified by the letter "G" applies in any other circumstance.

Higher rates of benefits are also provided for consultations by a recognised consultant physician where the patient has been referred by another medical practitioner or an approved dental practitioner (oral surgeons).

Differential fees and benefits also apply to services listed in Category 5 (Diagnostic Imaging Services). The conditions relating to these services are set out in Category 5.

Explanatory Notes

Explanatory notes relating to the Medicare benefit arrangements and notes that have general application to services are located at the beginning of the schedule, while notes relating to specific items are located at the beginning of each Category. While there may be a reference following the description of an item to specific notes relating to that item, there may also be general notes relating to each Group of items.

SUBGROUP 2 - CASE CONFERENCES

MULTIDISCIPLINARY CASE CONFERENCE - MEDICAL PRACTITIONER (OTHER THAN A SPECIALIST OR CONSULTANT PHYSICIAN)

These services are for patients who:

- (a) have at least one medical condition that:
 - i. has been (or is likely to be) present for at least six months; or
 - ii. is terminal; and
 - (b) require ongoing care from a multidisciplinary case conference team which includes:
 - i. a medical practitioner; and
 - ii. at least two other members, each of whom provides a different kind of care or service to the patient
- and is not a family carer of the patient, and one of whom may be another medical practitioner.

For the purposes of items 735-758, a multidisciplinary case conference is a process by which a multidisciplinary case conference team:

- (a) discusses a patient’s history; and
- (b) identifies the patient’s multidisciplinary care needs; and
- (c) identifies outcomes to be achieved by members of the case conference team giving care and service to the patient; and
- (d) identifies tasks that need to be undertaken to achieve these outcomes, and allocates those tasks to members of the case conference team; and
- (e) assesses whether previously identified outcomes (if any) have been achieved.

Participation in a multidisciplinary case conference must be at the request of the person who organises and coordinates the conference.

Professional attendance on a patient by a specialist practising in his or her specialty of neurosurgery if:

- (a) the attendance is by video conference; and
 - (b) the attendance is for a service:
 - (i) provided with item 6007 lasting more than 10 minutes; or
 - (ii) provided with item 6009, 6011, 6013 or 6015; and
 - (c) the patient is not an admitted patient; and
 - (d) the patient:
 - (i) is located both:
 - (A) within a telehealth eligible area; and
 - (B) at the time of the attendance—at least 15 kms by road from the specialist; or
 - (ii) is a care recipient in a residential care service; or
 - (iii) is a patient of:
 - (A) an Aboriginal Medical Service; or
 - (B) an Aboriginal Community Controlled Health Service;
- for which a direction made under subsection 19 (2) of the Act applies.

Extended Medicare Safety Net Cap: 300% of the Derived fee for this item, or \$500, whichever is the lesser amount
(See para A58 of explanatory notes to this Category)

6016

Derived Fee: 50% of the fee for item 6007, 6009, 6011, 6013 or 6015. Benefit: 85% of the derived fee

SUMMARY OF CHANGES FROM 1/03/2013

The 1/03/2013 changes to the MBS are summarised below and are identified in the Schedule pages by one or more of the following words appearing above the item number

(a) new item	New
(b) amended description	Amend
(c) fee amended	Fee
(d) item number changed	Renum
(e) EMSN changed	EMSN

New items from 1/03/2013

11244

Amended Descriptions from 1/03/2013

11503 11602 11604 11605 11708 11709 11820

D.1.1. ELECTROENCEPHALOGRAPHY (EEG), PROLONGED RECORDING - (ITEM 11003)

Item 11003 covers an extended EEG recording of at least 3 hours duration, other than ambulatory or video recording, including Multiple Sleep Latency Testing (MSLT).

D.1.2. ELECTROENCEPHALOGRAPHY (EEG), AMBULATORY OR VIDEO - (ITEMS 11004 AND 11005)

Items 11004 and 11005 cover prolonged ambulatory or video EEG, recording of at least 3 hours duration for:

- Diagnosing the basis of episodic neurological dysfunction;
- Characterising the nature of a patient's epileptic seizures;
- Localising seizures in patients with uncontrolled epilepsy, with a view to surgery; or
- Assessing treatment response where subclinical seizures are suspected.

D.1.3. NEUROMUSCULAR DIAGNOSIS - (ITEM 11012)

Based on advice from the Australian Association of Neurologists, Medicare benefits are not payable under Item 11012 for quantitative sensory nerve testing using "Neurometer CPT" diagnostic devices. The advice indicated that the device was still in the evaluation and research stage and did not have widespread clinical application.

D.1.4. INVESTIGATION OF CENTRAL NERVOUS SYSTEM EVOKED RESPONSES - (ITEMS 11024 AND 11027)

In the context of these items a study refers to one or more averaged samples of electrical activity recorded from one or more sites in the central nervous system in response to the same stimulus.

Second or subsequent studies refer to either stimulating the point of stimulation (e.g. right eye or left median nerve) with a different stimulus or stimulating another point of stimulation (e.g. left eye or right median nerve).

NOTE: Items 11024 and 11027 are not intended to cover bio-feedback techniques.

D.1.5. ELECTRORETINOGRAPHY - (ITEMS 11204, 11205, 11210 AND 11211)

Current professional guidelines and standards for electroretinography, electroculography and pattern retinography are produced by the International Society for Clinical Electrophysiology of Vision (ISCEV).

D.1.6. COMPUTERISED PERIMETRY PRINTED RESULTS - (ITEMS 11221 TO 11225)

Computerised perimetry performed by optometrists is covered by MBS items 10940 and 10941. Items 11221 - 11225 should not be used to repeat perimetry unless clinically necessary - such as where the results of the perimetry have been provided by the optometrist referring the patient to an ophthalmologist.

D.1.7. COMPUTERISED PERIMETRY - (ITEMS 11222 AND 11225)

Item 11222 for bilateral procedures cannot be claimed for patients who are totally blind in one eye. In this instance, item 11225 for unilateral procedures should be claimed, where appropriate.

Claims for benefits in respect of Items 11222 and 11225 should be accompanied by clinical details confirming the presence of one of the conditions identified in the item.

Claims for benefits for these services should be lodged with Medicare Australia for referral to the National Office of the Department of Human Services for assessment by the Medicare Claims Review Panel (MCRP) and must be accompanied by sufficient clinical and/or photographic evidence to enable the Department of Human Services to determine the eligibility of the service for the payment of benefits.

Practitioners may also apply to the Department of Human Services for prospective approval for proposed surgery.

Applications for approval should be in a sealed envelope marked 'Medical-in Confidence' addressed to:

The MCRP Officer
PO Box 9822
SYDNEY NSW 2001

D.1.8. ORBITAL CONTENTS - (ITEMS 11240, 11241, 11242 AND 11243)

Item 11240 and 11241 may only be utilised once per patient per practitioner. Where an additional service is necessary items 11242 and 11243 should be utilised.

Partial coherence interferometry may also be referred to as optical (or ocular) coherence biometry/tomography or laser Doppler interferometry.

D.1.9. BRAIN STEM EVOKED RESPONSE AUDIOMETRY - (ITEM 11300)

Item 11300 can be claimed for the programming of a cochlear speech processor.

D.1.10. ELECTROCOCHLEOGRAPHY - (ITEM 11304)

Item 11304 refers to electrocochleography with insertion of electrodes through the tympanic membrane.

D.1.11. NON-DETERMINATE AUDIOMETRY - (ITEM 11306)

This refers to screening audiometry covering those services, one or more, referred to in Items 11309-11321 when not performed under the conditions set out in paragraph D1.13.

D.1.12. AUDIOLOGY SERVICES - (ITEMS 11309 TO 11321)

A medical service specified in Items 11309 to 11321 shall be taken to be a medical service for the purposes of payment of benefits if, and only if, it is rendered:

- (a) in conditions that allow the establishment of determinate thresholds;
- (b) in a sound attenuated environment with background noise conditions that comply with Australian Standard AS/NZS 1269.3-2005; and
- (c) using calibrated equipment that complies with Australian Standard AS IEC 60645.1-22002, AS IEC 60645.2-2002 and AS IEC 60645.3-2002.

D.1.13. OTO-ACOUSTIC EMISSION AUDIOMETRY - (ITEM 11332)

Medicare benefits are not payable under Item 11332 for routine screening of infants. The equipment used to provide this service must be capable of displaying the recorded emission and not just a pass/fail indicator.

D.1.14. RESPIRATORY FUNCTION TESTS - (ITEM 11503)

The investigations listed hereunder would attract benefits under Item 11503. This list has been prepared in consultation with the Thoracic Society of Australia and New Zealand.

- (a) Carbon monoxide diffusing capacity by any method
- (b) Absolute lung volumes by any method
- (c) Assessment of arterial carbon dioxide tension or cardiac output - re breathing method
- (d) Assessment of pulmonary distensibility involving measurement of lung volumes and oesophageal pressure
- (e) Measurement of airway or pulmonary resistance by any method
- (f) Measurement of respiratory muscle strength involving the measurement of trans-diaphragmatic or oesophageal pressures
- (g) Assessment of phrenic nerve function involving percutaneous stimulation and measurement of the compound action potential of the diaphragm
- (h) Measurement of the resistance of the anterior nares or pharynx
- (i) Inhalation provocation testing, including pre-provocation spirometry, the construction of a dose response curve, using histamine, cholinergic agents, non-isotonic fluids or powder and post-bronchodilator spirometry
- (j) Exercise testing using incremental workloads with monitoring of ventilatory and cardiac responses at rest, during exercise and recovery on premises equipped with a mechanical ventilator and defibrillator
- (k) Tests of distribution of ventilation involving inhalation of inert gases
- (l) Measurement of gas exchange involving simultaneous collection of arterial blood and expired air with measurements of the partial pressures of oxygen and carbon dioxide in gas and blood
- (m) Multiple inert gas elimination techniques for measuring ventilation perfusion ratios in the lung
- (n) Continuous monitoring of pulmonary function other than spirometry, tidal breathing and minute ventilation, of at least 6 hours duration
- (o) Ventilatory and/or occlusion pressure responses to progressive hypercapnia and progressive hypoxia
- (p) Monitoring pulmonary arterial pressure at rest or during exercise
- (q) Measurement of the strength of inspiratory and expiratory muscles at multiple lung volumes
- (r) Measurement of the respiratory muscle endurance/fatigability by any technique
- (s) Measurement of respiratory muscle strength before and after intravenous injection of placebo and anticholinesterase drugs
- (t) Simulated altitude test involving exposure to hypoxic gas mixtures and measurement of ventilation, heart rate and oxygen saturation at rest and/or during exercise and observation of the effect of supplemental oxygen
- (u) Inhalation provocation testing to specific sensitising agents

- (v) Spirometry performed before and after simple exercise testing undertaken as a provocation test for the investigation of asthma, in premises capable of performing complex lung function tests and equipped with a mechanical ventilator and defibrillator

D.1.15. CAPSULE ENDOSCOPY - (ITEM 11820 AND 11823)

Capsule endoscopy is primarily used to view the small bowel, which cannot be viewed by upper gastrointestinal endoscopy and colonoscopy.

Conjoint committee

The Conjoint Committee comprises representatives from the Gastroenterological Society of Australia (GESA), the Royal Australasian College of Physicians (RACP) and the Royal Australasian College of Surgeons (RACS). For the purposes of Items 11820 and 11823, specialists or consultant physicians performing this procedure must have endoscopic training recognised by The Conjoint Committee for the Recognition of Training in Gastrointestinal Endoscopy, and the Department of Human Services notified of that recognition.

D.1.16. EPICUTANEOUS PATCH TESTING - (ITEMS 12012, 12015 AND 12018)

A standard epicutaneous patch test battery refers to the European Standard Series or the International Contact Research Group Standard Series.

D.1.17. ADMINISTRATION OF THYROTROPIN ALFA-RCH FOR THE DETECTION OF RECURRENT WELL-DIFFERENTIATED THYROID CANCER - (ITEM 12201)

Thyrotropin alfa-rch is a diagnostic agent that allows patients to remain on thyroid hormone therapy while being assessed for recurrent cancer. This item was introduced following an assessment by the Medical Services Advisory Committee (MSAC) of the available evidence relating to the safety, effectiveness and cost-effectiveness of thyrotropin alfa-rch. MSAC found that the use of thyrotropin alfa-rch is associated with a lower diagnostic accuracy than when the patient has withdrawn from thyroid hormone therapy. Accordingly, benefits are payable under the item only for patients in whom thyroid hormone therapy withdrawal is medically contraindicated and where concurrent whole body study using radioactive iodine and serum thyroglobulin are undertaken. Services provided to patients who do not demonstrate the indications set out in item 12201 do not attract benefits under the item.

“**Severe psychiatric illness**” is defined as patients with a severe pre-existing psychiatric illness who are currently under specialist psychiatric care.

The item includes the cost of supplying thyrotropin alfa-rch and the equivalent of a subsequent specialist attendance. “Administration” means an attendance by the specialist or consultant physician (the administering practitioner) that includes:

- an assessment that the patient meets the criteria prescribed by the item;
the supply of thyrotropin alfa-rch;
- ensuring that thyrotropin alfa-rch is injected (either by the administering practitioner or by another practitioner) in two doses at 24 hour intervals, with the second dose being administered 72 hours prior to whole body study with radioactive iodine and serum thyroglobulin test; and
- arranging the whole body radioactive iodine study and the serum thyroglobulin test.

Where thyrotropin alfa-rch is injected by the administering practitioner, benefits are not payable for an attendance on the day the second dose is administered. Where thyrotropin alfa-rch is injected by: a general practitioner - benefits are payable under a Level A consultation (item 3); other practitioners - benefits are payable under item 52.

D.1.18. INVESTIGATIONS FOR SLEEP APNOEA - (ITEMS 12203, 12207, 12210, 12213, 12215, 12217 AND 12250)

Claims for benefits in respect of items 12207, 12215 and 12217 should be accompanied by clinical details confirming the presence of the conditions set out above. Claims for benefits for these services should be lodged with the Department of Human Services for referral to the National Office of the Department of Human Services for assessment by the Medicare Claims Review Panel (MCRP) and must be accompanied by sufficient clinical and/or photographic evidence to enable the Department of Human Services to determine the eligibility of the service for the payment of benefits.

Practitioners may also apply to the Department of Human Services for prospective approval for proposed surgery.

Applications for approval should be addressed in a sealed envelope marked “Medical-in-Confidence” to:

**The MCRP Officer
PO Box 9822
SYDNEY NSW 2001**

In relation to item 12250 for home-based sleep studies, no other Category 2 MBS item may be billed for home-based sleep studies.

D.1.19. BONE DENSITOMETRY - (ITEMS 12306 TO 12323)

Item 12321 is intended to allow for bone mineral density measurement following a significant change in therapy - e.g. a change in the class of drugs - rather than for a change in the dosage regimen.

Item 12323 enables the payment of a Medicare benefit for a bone densitometry service performed on a patient aged 70 years or over. The Government has decided to expand access to Medicare subsidised bone mineral density testing to coincide with the expanded eligibility for the osteoporosis medication 'alendronate' under the Pharmaceutical Benefits Scheme.

An examination under any of these items covers the measurement of 2 or more sites, interpretation and provision of a report. Two or more sites must include the measurement of bone density of the lumbar spine and proximal femur. If technical difficulties preclude measurement at these sites, other sites can be used for the purpose of measurements. The measurement of bone mineral density at either forearms or both heels or in combination is excluded for the purpose of Medicare benefit.

Referrals

Bone densitometry services are available on the basis of referral by a medical practitioner to a specialist or consultant physician. However, providers of bone densitometry to whom a patient is referred for management may determine that a bone densitometry service is required in line with the provisions of Items 12306, 12309, 12312, 12315, 12318, 12321 and 12323.

For Items 12306 and 12309 the referral should specify the indication for the test, namely:

- (a) 1 or more fractures occurring after minimal trauma; or
- (b) monitoring of low bone mineral density proven by previous bone densitometry.

For Item 12312 the referral should specify the indication for the test, namely:

- (a) prolonged glucocorticoid therapy;
- (b) conditions associated with excess glucocorticoid secretion;
- (c) male hypogonadism; or
- (d) female hypogonadism lasting more than 6 months before the age of 45.

For Item 12315 the referral should specify the indication for the test, namely:

- (a) primary hyperparathyroidism;
- (b) chronic liver disease;
- (c) chronic renal disease;
- (d) proven malabsorptive disorders;
- (e) rheumatoid arthritis; or
- (f) conditions associated with thyroxine excess.

For Item 12318 the referral should specify the indication for the test, namely:

- (a) prolonged glucocorticoid therapy;
- (b) conditions associated with excess glucocorticoid secretion;
- (c) male hypogonadism;
- (d) female hypogonadism lasting more than 6 months before the age of 45;
- (e) primary hyperparathyroidism;
- (f) chronic liver disease;
- (g) chronic renal disease;
- (h) proven malabsorptive disorders;
- (i) rheumatoid arthritis; or
- (j) conditions associated with thyroxine excess.

Definitions

Low bone mineral density is present when the bone (organ) mineral density falls more than 1.5 standard deviations below the age matched mean or more than 2.5 standard deviations below the young normal mean at the same site and in the same gender.

For Items 12312 and 12318

- (a) 'Prolonged glucocorticoid therapy' is defined as the commencement of a dosage of inhaled glucocorticoid equivalent to or greater than 800 micrograms beclomethasone dipropionate or budesonide per day; or

- (b) a supraphysiological glucocorticoid dosage equivalent to or greater than 7.5 mg prednisolone in an adult taken orally per day;
for a period anticipated to last for at least 4 months.
Glucocorticoid therapy must be contemporaneous with the current scan. Patients no longer on steroids would not qualify for benefits.

For Items 12312 and 12318

- (a) Male hypogonadism is defined as serum testosterone levels below the age matched normal range.
(b) Female hypogonadism is defined as serum oestrogen levels below the age matched normal range.

For Items 12315 and 12318

A malabsorptive disorder is defined as one or more of the following:

- (a) malabsorption of fat, defined as faecal fat estimated at greater than 18 gm per 72 hours on a normal fat diet; or
(b) bowel disease with presumptive vitamin D malabsorption as indicated by a sub-normal circulating 25-hydroxyvitamin D level; or
(c) histologically proven Coeliac disease.

Schedules of Services

Each professional service contained in the Schedule has been allocated a unique item number. Located with the item number and description for each service is the Schedule fee and Medicare benefit, together with a reference to an explanatory note relating to the item (if applicable).

If the service attracts an anaesthetic, the word (Anaes.) appears following the description. Where an operation qualifies for the payment of benefits for an assistant, the relevant items are identified by the inclusion of the word (Assist.) in the item description. Medicare benefits are not payable for surgical assistance associated with procedures which have not been so identified.

In some cases two levels of fees are applied to the same service in General Medical Services, with each level of fee being allocated a separate item number. The item identified by the letter "S" applies in the case where the procedure has been rendered by a recognised specialist in the practice of his or her specialty and the patient has been referred. The item identified by the letter "G" applies in any other circumstance.

Higher rates of benefits are also provided for consultations by a recognised consultant physician where the patient has been referred by another medical practitioner or an approved dental practitioner (oral surgeons).

Differential fees and benefits also apply to services listed in Category 5 (Diagnostic Imaging Services). The conditions relating to these services are set out in Category 5.

Explanatory Notes

Explanatory notes relating to the Medicare benefit arrangements and notes that have general application to services are located at the beginning of the schedule, while notes relating to specific items are located at the beginning of each Category. While there may be a reference following the description of an item to specific notes relating to that item, there may also be general notes relating to each Group of items.

DIAGNOSTIC	NEUROLOGY
GROUP D1 - MISCELLANEOUS DIAGNOSTIC PROCEDURES AND INVESTIGATIONS	
<i>SUBGROUP 1 - NEUROLOGY</i>	
11000	ELECTROENCEPHALOGRAPHY, not being a service: (a) associated with a service to which item 11003, 11006 or 11009 applies; or (b) involving quantitative topographic mapping using neurometrics or similar devices (Anaes.) Fee: \$123.10 Benefit: 75% = \$92.35 85% = \$104.65
11003	ELECTROENCEPHALOGRAPHY, prolonged recording of at least 3 hours duration, not being a service: (a) associated with a service to which item 11000, 11004, 11005, 11006 or 11009 applies; and (b) involving quantitative topographic mapping using neurometrics or similar devices <i>(See para D1.1 of explanatory notes to this Category)</i> Fee: \$325.70 Benefit: 75% = \$244.30 85% = \$276.85
11004	ELECTROENCEPHALOGRAPHY, ambulatory or video, prolonged recording of at least 3 hours duration up to 24 hours duration, recording on the first day, not being a service: (a) associated with a service to which item 11000, 11003, 11005, 11006 or 11009 applies; and (b) involving quantitative topographic mapping using neurometrics or similar devices <i>(See para D1.2 of explanatory notes to this Category)</i> Fee: \$325.70 Benefit: 75% = \$244.30 85% = \$276.85
11005	ELECTROENCEPHALOGRAPHY, ambulatory or video, prolonged recording of at least 3 hours duration up to 24 hours duration, recording on each day subsequent to the first day, not being a service: (a) associated with a service to which item 11000, 11003, 11004, 11006 or 11009 applies; or (b) involving quantitative topographic mapping using neurometrics or similar devices <i>(See para D1.2 of explanatory notes to this Category)</i> Fee: \$325.70 Benefit: 75% = \$244.30 85% = \$276.85
11006	ELECTROENCEPHALOGRAPHY, temporosphenoidal, not being a service involving quantitative topographic mapping using neurometrics or similar devices Fee: \$167.00 Benefit: 75% = \$125.25 85% = \$141.95
11009	ELECTROCORTICOGRAPHY Fee: \$227.75 Benefit: 75% = \$170.85 85% = \$193.60
11012	NEUROMUSCULAR ELECTRODIAGNOSIS conduction studies on 1 nerve OR ELECTROMYOGRAPHY of 1 or more muscles using concentric needle electrodes OR both these examinations (not being a service associated with a service to which item 11015 or 11018 applies) <i>(See para D1.3 of explanatory notes to this Category)</i> Fee: \$112.00 Benefit: 75% = \$84.00 85% = \$95.20
11015	NEUROMUSCULAR ELECTRODIAGNOSIS conduction studies on 2 or 3 nerves with or without electromyography (not being a service associated with a service to which item 11012 or 11018 applies) Fee: \$149.90 Benefit: 75% = \$112.45 85% = \$127.45
11018	NEUROMUSCULAR ELECTRODIAGNOSIS conduction studies on 4 or more nerves with or without electromyography OR recordings from single fibres of nerves and muscles OR both of these examinations (not being a service associated with a service to which item 11012 or 11015 applies) Fee: \$223.95 Benefit: 75% = \$168.00 85% = \$190.40
11021	NEUROMUSCULAR ELECTRODIAGNOSIS repetitive stimulation for study of neuromuscular conduction OR electromyography with quantitative computerised analysis OR both of these examinations Fee: \$149.90 Benefit: 75% = \$112.45 85% = \$127.45
11024	CENTRAL NERVOUS SYSTEM EVOKED RESPONSES, INVESTIGATION OF, by computerised averaging techniques, not being a service involving quantitative topographic mapping of event-related potentials or multifocal multichannel objective perimetry - 1 or 2 studies <i>(See para D1.4 of explanatory notes to this Category)</i> Fee: \$113.85 Benefit: 75% = \$85.40 85% = \$96.80
11027	CENTRAL NERVOUS SYSTEM EVOKED RESPONSES, INVESTIGATION OF, by computerised averaging techniques, not being a service involving quantitative topographic mapping of event-related potentials or multifocal multichannel objective perimetry - 3 or more studies <i>(See para D1.4 of explanatory notes to this Category)</i> Fee: \$168.90 Benefit: 75% = \$126.70 85% = \$143.60

DIAGNOSTIC	OPHTHALMOLOGY
SUBGROUP 2 - OPHTHALMOLOGY	
11200	PROVOCATIVE TEST OR TESTS FOR OPEN ANGLE GLAUCOMA, including water drinking Fee: \$40.80 Benefit: 75% = \$30.60 85% = \$34.70
11204	ELECTRORETINOGRAPHY of one or both eyes by computerised averaging techniques, including 3 or more studies performed according to current professional guidelines or standards <i>(See para D1.5 of explanatory notes to this Category)</i> Fee: \$108.25 Benefit: 75% = \$81.20 85% = \$92.05
11205	ELECTROOCULOGRAPHY of one or both eyes performed according to current professional guidelines or standards <i>(See para D1.5 of explanatory notes to this Category)</i> Fee: \$108.25 Benefit: 75% = \$81.20 85% = \$92.05
11210	PATTERN ELECTRORETINOGRAPHY of one or both eyes by computerised averaging techniques, including 3 or more studies performed according to current professional guidelines or standards <i>(See para D1.5 of explanatory notes to this Category)</i> Fee: \$108.25 Benefit: 75% = \$81.20 85% = \$92.05
11211	DARK ADAPTOMETRY of one or both eyes with a quantitative (log cd/m2) estimation of threshold in log lumens at 45 minutes of dark adaptations <i>(See para D1.5 of explanatory notes to this Category)</i> Fee: \$108.25 Benefit: 75% = \$81.20 85% = \$92.05
11215	RETINAL PHOTOGRAPHY, multiple exposures of 1 eye with intravenous dye injection Fee: \$123.00 Benefit: 75% = \$92.25 85% = \$104.55
11218	RETINAL PHOTOGRAPHY, multiple exposures of both eyes with intravenous dye injection Fee: \$151.95 Benefit: 75% = \$114.00 85% = \$129.20
11221	FULL QUANTITATIVE COMPUTERISED PERIMETRY - (automated absolute static threshold) not being a service involving multifocal multichannel objective perimetry, performed by or on behalf of a specialist in the practice of his or her specialty, where indicated by the presence of relevant ocular disease or suspected pathology of the visual pathways or brain with assessment and report, <u>bilateral</u> - to a maximum of 2 examinations (including examinations to which item 11224 applies) in any 12 month period <i>(See para D1.6 of explanatory notes to this Category)</i> Fee: \$67.75 Benefit: 75% = \$50.85 85% = \$57.60
11222	FULL QUANTITATIVE COMPUTERISED PERIMETRY (automated absolute static threshold) not being a service involving multifocal multichannel objective perimetry, performed by or on behalf of a specialist in the practice of his or her specialty, with assessment and report, <u>bilateral</u> , where it can be demonstrated that a further examination is indicated in the same 12 month period to which Item 11221 applies due to presence of one of the following conditions:- <ul style="list-style-type: none"> . established glaucoma (where surgery may be required within a six month period) where there has been definite progression of damage over a 12 month period; . established neurological disease which may be progressive and where a visual field is necessary for the management of the patient; or . monitoring for ocular disease or disease of the visual pathways which may be caused by systemic drug toxicity, where there may also be other disease such as glaucoma or neurological disease - each additional examination <i>(See para D1.6 and D1.7 of explanatory notes to this Category)</i> Fee: \$67.75 Benefit: 75% = \$50.85 85% = \$57.60
11224	FULL QUANTITATIVE COMPUTERISED PERIMETRY - (automated absolute static threshold) not being a service involving multifocal multichannel objective perimetry, performed by or on behalf of a specialist in the practice of his or her specialty, where indicated by the presence of relevant ocular disease or suspected pathology of the visual pathways or brain with assessment and report, <u>unilateral</u> - to a maximum of 2 examinations (including examinations to which item 11221 applies) in any 12 month period <i>(See para D1.6 of explanatory notes to this Category)</i> Fee: \$40.85 Benefit: 75% = \$30.65 85% = \$34.75

Amended Descriptions from 1/03/2013

33806

T.1.1. HYPERBARIC OXYGEN THERAPY - (ITEMS 13015, 13020, 13025 AND 13030)

Hyperbaric Oxygen Therapy not covered by these items would attract benefits on an attendance basis. For the purposes of these items, a comprehensive hyperbaric medicine facility means a separate hospital area that, on a 24 hour basis:

- (a) is equipped and staffed so that it is capable of providing to a patient:
 - hyperbaric oxygen therapy at a treatment pressure of at least 2.8 atmospheric pressure absolute (180 kilo pascal gauge pressure); and
 - mechanical ventilation and invasive cardiovascular monitoring within a monoplace or multiplace chamber for the duration of the hyperbaric treatment.
- (b) is supported by:
 - at least one specialist with training in Diving and Hyperbaric Medicine, or medical practitioner who holds the Diploma of Diving and Hyperbaric Medicine of the South Pacific Underwater Medicine Society who is rostered and immediately available to the facility during normal working hours;
- (c) and is staffed by:
 - a registered medical practitioner with training in Diving and Hyperbaric Medicine who is present in the hyperbaric facility and immediately available at all times when patients are undergoing treatment; and
 - a registered nurse with specific training in hyperbaric patient care to the published standards of the Hyperbaric Oxygen Facility Industry Guidelines (Draft Australian Standard SF346) who is present during hyperbaric oxygen therapy.
- (d) has defined admission and discharge policies.

Item 13015 provides coverage for hyperbaric oxygen treatment of soft tissue radiation injury and radio necrosis, and hypoxic problem wounds in non-diabetic patients. It is funded on an interim basis pending Ministerial decision informed from the MSAC recommendations in 2011 (MSAC review 1054.1).

T.1.2. HAEMODIALYSIS - (ITEMS 13100 AND 13103)

Item 13100 covers the supervision in hospital by a medical specialist for the management of dialysis, haemofiltration, haemoperfusion or peritoneal dialysis in the patient who is not stabilised where the total attendance time by the supervising medical specialist exceeds 45 minutes.

Item 13103 covers the supervision in hospital by a medical specialist for the management of dialysis, haemofiltration, haemoperfusion or peritoneal dialysis in a stabilised patient, or in the case of an unstabilised patient, where the total attendance time by the supervising medical specialist does not exceed 45 minutes.

T.1.3. CONSULTANT PHYSICIAN SUPERVISION OF HOME DIALYSIS - (ITEM 13104)

Item 13104 covers the planning and management of dialysis and the supervision of a patient on home dialysis by a consultant physician in the practice of his or her specialty of renal medicine. Planning and management would cover the consultant physician participating in patient management discussions coordinated by renal centres. Supervision of the patient at home can be undertaken by telephone or other electronic medium, and includes:

- Regular ordering, performance and interpretation of appropriate biochemical and haematological studies (generally monthly);
- Feed-back of results to the home patient and his or her treating general physician;
- Adjustments to medications and dialysis therapies based upon these results;
- Co-ordination of regular investigations required to keep patient on active transplantation lists, where relevant;
- Referral to, and communication with, other specialists involved in the care of the patient; and
- Being available to advise the patient or the patient's agent.

A record of the services provided should be made in the patient's clinical notes.

The schedule fee equates to one hour of time spent undertaking these activities. It is expected that the item will be claimed once per month, to a maximum of 12 claims per year. The patient should be informed that he or she will incur a charge for which a Medicare rebate will be payable.

This item includes dialysis conducted in a residential aged care facility. In remote areas, where a patient's home is an unsuitable environment for home dialysis due to a lack of space, or the absence of telecommunication, electricity and water utilities, the item includes dialysis in a community facility such as the local primary health care clinic.

T.1.4. ASSISTED REPRODUCTIVE TECHNOLOGY ART SERVICES - (ITEMS 13200 TO 13221)

From 1 January 2010, the Medicare items for ART services, including In-Vitro Fertilisation (IVF), have been restructured in consultation with the ART profession and the patient group ACCESS. The new structure better reflects current clinical practice and will help to spread the cost of EMSN caps across the treatment cycle. For further information on the changes to the EMSN see the fact sheet under Latest News on MBS Online.

There are no restrictions on the number of cycles that patients can have nor are there any age restrictions for these items.

The new structure includes two new items (13201 and 13202) and a number of amended items. Item 13200 has been amended and will provide for an **initial** treatment cycle in a single calendar year. New item 13201 has been introduced for a **subsequent** treatment cycle in association with items 13200 and 13202. New item 13202 covers an incomplete stimulated cycle, and can be billed as an initial treatment cycle in a single calendar year.

Embryology laboratory services covered by Items 13200, 13201 and 13206 have been amended to include the preparation of sperm together with egg recovery from aspirated follicular fluid, insemination, monitoring of fertilisation and embryo development, and preparation of gametes or embryos for transfer and freezing.

Items 13200, 13201, 13202, 13206, 13215 and 13218, do not include services provided in relation to artificial insemination.

Item 13221 has been amended to exclude sperm preparation for assisted reproductive technology using IVF. This item now provides for the preparation of sperm for the purpose of artificial insemination and can only be rendered in conjunction with item 13203.

Medicare benefits are not payable in respect of ANY other item in the Medicare Benefits Schedule (including Pathology and Diagnostic Imaging) in lieu of or in conjunction with items 13200 – 13221 but excluding item 13202. Specifically, Medicare benefits are not payable for these items in association with items 104, 105, 14203, 14206, 35637, pathology tests or diagnostic imaging.

A treatment cycle that is a series of treatments for the purposes of ART services is defined as beginning either on the day on which treatment by superovulatory drugs is commenced or on the first day of the patient's menstrual cycle, and ending not more than 30 days later.

The date of service in respect of treatment covered by Items 13200, 13201, 13203, 13206, 13209 and 13218 is **DEEMED** to be the **FIRST DAY** of the treatment cycle.

Items 13200, 13201, 13202 and 13203 are linked to the supply of hormones under the Section 100 (National Health Act) arrangements. Providers must notify Medicare Australia of Medicare card numbers of patients using hormones under this program, and hormones are only supplied for patients claiming one of these four items.

Medicare benefits are not payable for assisted reproductive services rendered in conjunction with surrogacy arrangements where surrogacy is defined as 'an arrangement whereby a woman agrees to become pregnant and to bear a child for another person or persons to whom she will transfer guardianship and custodial rights at or shortly after birth'.

NOTE: Items 14203 and 14206 are not payable for artificial insemination.

T.1.5. INTRACYTOPLASMIC SPERM INJECTION - (ITEM 13251)

Item 13251 provides for intracytoplasmic sperm injection for male factor infertility under the following circumstances:

- where fertilisation with standard IVF is highly unlikely to be successful; or
- where in a previous cycle of IVF, the fertilisation rate has failed due to low or no fertilisation.

Item 13251 excludes a service to which item 13218 applies. Sperm retrieval procedures associated with intracytoplasmic sperm injection are covered under items 37605 and 37606.

Items 13251, 37605, 37606 do not include services provided in relation to artificial insemination using the husband's or donated sperm.

T.1.6. PERIPHERALLY INSERTED CENTRAL CATHETERS

Peripherally inserted central catheters (PICC) are an alternative to standard percutaneous central venous catheter placement or surgically placed intravenous catheters where long-term venous access is required for ongoing patient therapy.

Medicare benefits for PICC can be claimed under central vein catheterisation items 13318, 13319, 13815 and 22020.

These items are for central vein catheterisation (where the tip of the catheter is positioned in a central vein) and cannot be used for venous catheters where the tip is positioned in a peripheral vein.

T.1.7. ADMINISTRATION OF BLOOD OR BONE MARROW ALREADY COLLECTED (ITEM 13706)

Item 13706 is payable for the transfusion of blood, or platelets or white blood cells or bone marrow or gamma globulins. This item is not payable when gamma globulin is administered intramuscularly.

T.1.8. COLLECTION OF BLOOD - (ITEM 13709)

Medicare benefits are payable under Item 13709 for collection of blood for autologous transfusions in respect of an impending operation (whether or not the blood is used), or when homologous blood is required in an emergency situation.

Medicare benefits are not payable under Item 13709 for collection of blood for long-term storage for possible future autologous transfusion, or for other forms of directed blood donation.

T.1.9. INTENSIVE CARE UNITS - (ITEMS 13870 TO 13888)

'Intensive Care Unit' means a separate hospital area that:

- (a) is equipped and staffed so as to be capable of providing to a patient:
 - (i) mechanical ventilation for a period of several days; and
 - (ii) invasive cardiovascular monitoring; and
- (b) is supported by:
 - (i) at least one specialist or consultant physician in the specialty of intensive care who is immediately available and exclusively rostered to the ICU during normal working hours; and
 - (ii) a registered medical practitioner who is present in the hospital and immediately available to the unit at all times; and
 - (iii) a registered nurse for at least 18 hours in each day; and
- (c) has defined admission and discharge policies.

"**immediately available**" means that the intensivist must be predominantly present in the ICU during normal working hours. Reasonable absences from the ICU would be acceptable to attend conferences, meetings and other commitments which might involve absences of up to 2 hours during the working day.

"**exclusively rostered**" means that the specialist's sole clinical commitment is to intensive care associated activities and is not involved in any other duties that may preclude immediate availability to intensive care if required.

For Neonatal Intensive Care Units an 'Intensive Care Unit' means a separate hospital area that:

- (a) is equipped and staffed so as to be capable of providing to a patient, being a newly-born child:
 - (i) mechanical ventilation for a period of several days; and
 - (ii) invasive cardiovascular monitoring; and
- (b) is supported by:
 - (i) at least one consultant physician in the specialty of paediatric medicine, appointed to manage the unit, and who is immediately available and exclusively rostered to the ICU during normal working hours; and
 - (ii) a registered medical practitioner who is present in the hospital and immediately available to the unit at all times; and
 - (iii) a registered nurse for at least 18 hours in each day; and
- (c) has defined admission and discharge policies.

Medicare benefits are payable under the 'management' items only once per day irrespective of the number of intensivists involved with the patient on that day. However, benefits are also payable for an attendance by another specialist/consultant physician who is not managing the patient but who has been asked to attend the patient. Where appropriate, accounts should be endorsed to the effect that the consultation was not part of the patient's intensive care management in order to identify which consultations should attract benefits in addition to the intensive care items.

In respect of Neonatal Intensive Care Units, as defined above, benefits are payable for admissions of babies who meet the following criteria:-

- (i) all babies weighing less than 1000gms;
- (ii) all babies with an endotracheal tube, and for the 24 hours following endotracheal tube removal;
- (iii) all babies requiring Constant Positive Airway Pressure (CPAP) for acute respiratory instability;
- (iv) all babies requiring more than 40% oxygen for more than 4 hours;
- (v) all babies requiring an arterial line for blood gas or pressure monitoring; or
- (vi) all babies having frequent seizures.

Cases may arise where babies admitted to a Neonatal Intensive Care Unit under the above criteria who, because they no longer satisfy the criteria are ready for discharge, in accordance with accepted discharge policies, but who are physically retained in the Neonatal Intensive Care Unit for other reasons. For benefit purposes such babies must be deemed as being

discharged from the Neonatal Intensive Care Unit and not eligible for benefits under items 13870, 13873, 13876, 13881, 13882, 13885 and 13888.

Likewise, Medicare benefits are not payable under items 13870, 13873, 13876, 13881, 13882, 13885 and 13888 in respect of babies not meeting the above criteria, but who, for whatever other reasons, are physically located in a Neonatal Intensive Care Unit.

Medicare benefits are payable for admissions to an Intensive Care Unit following surgery only where clear clinical justification for post-operative intensive care exists.

T.1.10. PROCEDURES ASSOCIATED WITH INTENSIVE CARE - (ITEMS 13818, 13842, 13847, 13848 AND 13857)

Item 13818 covers the insertion of a right heart balloon catheter (Swan-Ganz catheter). Benefits are payable under this item only once per day except where a second discrete operation is performed on that day.

Benefits are payable under items 13876 (within an ICU) and 11600 (outside an ICU) once only for each type of pressure, up to a maximum of 4 pressures per patient per calendar day, and irrespective of the number of the practitioners involved in monitoring the pressures.

If a service covered by Item 13842 is provided outside of an ICU, in association with, for example, an anaesthetic, benefits are payable for Item 13842 in addition to Item 13870 where the services are performed on the same day. Where this occurs, accounts should be endorsed "performed outside of an Intensive Care Unit" against Item 13842.

Items 13847 and 13848

Item 13847 covers management of counterpulsation by intraaortic balloon on the first day and includes initial and subsequent consultations and monitoring of parameters. Insertion of the intraaortic balloon is covered under item 38609. Management on each day subsequent to the first is covered under item 13848.

"management" of counterpulsation of intraaortic balloon means full haemodynamic assessment and management on several occasions during the day.

Item 13857 covers the establishment of airway access and initiation of ventilation on a patient outside intensive care for the purpose of subsequent ventilatory support in intensive care. Benefits are not payable under Item 13857 where airway access and ventilation is initiated in the context of an anaesthetic for surgery even if it is likely that following surgery the patient will be ventilated in an ICU. In such cases the appropriate anaesthetic item/s should be itemised.

Medicare benefits are not payable for sampling by arterial puncture under Item 13839 in addition to Item 13870 (and 13873) on the same day. Benefits are payable under Item 13842 (Intra-arterial cannulation) in addition to Item 13870 (and 13873) when performed on the same day.

T.1.11. MANAGEMENT AND PROCEDURES IN INTENSIVE CARE UNIT - (ITEMS 13870, 13873, 13876)

Medicare benefits are only payable for management and procedures in intensive care covered by items 13870, 13873, 13876, 13882, 13885 and 13888 where the service is provided by a specialist or consultant physician who is immediately available and exclusively rostered for intensive care.

Items 13870 and 13873

Medicare Benefits Schedule fees for Items 13870 and 13873 represent global daily fees covering all attendances by the intensivist in the ICU (and attendances provided by support medical personnel) and all electrocardiographic monitoring, arterial sampling and, bladder catheterisation performed on the patient on the one day. If a patient is transferred from one ICU to another it would be necessary for an arrangement to be made between the two ICUs regarding the billing of the patient.

Items 13870 and 13873 should be itemised on accounts according to each calendar day and not per 24 hour period. For periods when patients are in an ICU for very short periods (say less than 2 hours) with minimal ICU management during that time, a fee should not be raised.

Item 13876

Item 13876 covers the monitoring of pressures in an ICU. Benefits are paid only once for each type of pressure, up to a maximum of 4 pressures per patient per calendar day and irrespective of the number of medical practitioners involved in the monitoring of pressures in an ICU.

Item 11600

Item 11600 covers the monitoring of pressures outside the ICU by practitioners not associated with the ICU. Benefits are paid only once for each type of pressure, up to a maximum of 4 pressures per patient per calendar day and irrespective of the number of practitioners involved in monitoring the pressures.

T.1.12. CYTOTOXIC CHEMOTHERAPY ADMINISTRATION - (ITEM 13915)

Following a recommendation of a National Health and Medical Research Council review committee in 2005, Medicare benefits are no longer payable for professional services rendered for the purpose of administering microwave (UHF radiowave) cancer therapy, including the intravenous injection of drugs used in the therapy.

T.1.13. IMPLANTED PUMP OR RESERVOIR/DRUG DELIVERY DEVICE - (ITEMS 13939 AND 13942)

The schedule fee for Items 13939 and 13942 includes a component to cover accessing of the drug delivery device. Accordingly, benefits are not payable under Item 13945 (Long-term implanted drug delivery device, accessing of) in addition to Items 13939 and 13942.

T.1.14. PUVA OR UVB THERAPY - (ITEMS 14050 AND 14053)

A component for any necessary subsequent consultation has been included in the Schedule fee for these items. However, the initial consultation preceding commencement of a course of therapy would attract benefits.

T.1.15. LASER PHOTOCOAGULATION - (ITEMS 14106 TO 14124)

The Australasian College of Dermatologists has advised that the following ranges (applicable to an average 4 year old child and an adult) should be used as a reference to the treatment areas specified in Items 14106 - 14124:

Entire forehead	50 -75 cm ²
Cheek	55 - 85 cm ²
Nose	10 -25 cm ²
Chin	10 - 30 cm ²
Unilateral midline anterior - posterior neck	60 - 220 cm ²
Dorsum of hand	25 - 80 cm ²
Forearm	100 - 250 cm ²
Upper arm	105 - 320 cm ²

T.1.16. LASER PHOTOCOAGULATION (ITEM 14124)

Item 14124 applies where additional treatments are indicated in a 12 month period and are only claimable for haemangiomas of infancy.

Claims for benefits for this services should be lodged with Medicare Australia for referral to the National Office of Medicare Australia for assessment by the Medicare Claims Review Panel (MCRP) and must be accompanied by sufficient clinical and/or photographic evidence to enable Medicare Australia to determine the eligibility of the service for the payment of benefits.

Practitioners may also apply to Medicare Australia for prospective approval for proposed surgery.

Applications for approval should be addressed to:

**The MCRP Officer
PO Box 1001
Tuggeranong ACT 2901**

T.1.17. FACIAL INJECTIONS OF POLY-L-LACTIC ACID - (ITEMS 14201 AND 14202)

Poly-L-lactic acid is listed within the standard arrangements on the Pharmaceutical Benefits Scheme (PBS) as an Authority Required listing for initial and maintenance treatments, for facial administration only, of severe facial lipoatrophy caused by therapy for HIV infection.

T.1.18. HORMONE AND LIVING TISSUE IMPLANTATION - (ITEMS 14203 AND 14206)

Items 14203 and 14206 are not payable for artificial insemination.

T.1.19. IMPLANTABLE DRUG DELIVERY SYSTEM FOR THE TREATMENT OF SEVERE CHRONIC SPASTICITY - (ITEMS 14227 TO 14242)

Baclofen is provided under Section 100 of the Pharmaceutical Benefits Scheme for the following indications: Severe chronic spasticity, where oral agents have failed or have caused unacceptable side effects, in patients with chronic spasticity:

- (a) of cerebral origin; or
- (b) due to multiple sclerosis; or
- (c) due to spinal cord injury; or
- (d) due to spinal cord disease.

Items 14227 to 14242 should be used in accordance with these restrictions.

T.1.20. IMMUNOMODULATING AGENT - (ITEM 14245)

Item 14245 applies only to a service provided by a medical practitioner who is registered by the Medicare Australia CEO to participate in the arrangements made, under paragraph 100 (1) (b) of the National Health Act 1953, for the purpose of providing an adequate pharmaceutical service for persons requiring treatment with an immunomodulating agent.

These drugs are associated with risk of anaphylaxis which must be treated by a medical practitioner. For this reason a medical practitioner needs to be available at all times during the infusion in case of an emergency.

T.1.21. THERAPEUTIC PROCEDURES MAY BE PROVIDED BY A SPECIALIST TRAINEE (ITEMS 13015 TO 51318)

(1) Items 13015 to 51318 (excluding 13209 (T1) 16400 to 16500 (T4), 16590 to 16591 (T4), 17610 to 17690 (T6) and 18350 to 18373 (T11) apply to a medical service provided by;

- (a) A medical practitioner, or;
 - (b) A specialist trainee under the direct supervision of a medical practitioner.
- (2) For paragraph (1) (b), a medical service provided by a specialist trainee is taken to have been provided by the supervising medical practitioner.
- (3) In this rule: Specialist trainee means a medical practitioner who is undertaking an Australian Medical Council (AMC) accredited Medical College Training Program. Direct Supervision means personal and continuous attendance for the duration of the service.

T.1.22. TELEHEALTH SPECIALIST SERVICES

These notes provide information on the telehealth MBS video consultation items by specialists, consultant physicians and psychiatrists. A video consultation involves a single specialist, consultant physician or psychiatrist attending a patient, with the possible support of another medical practitioner, a participating nurse practitioner, a participating midwife, practice nurse or Aboriginal health worker at the patient end of the video conference. The decision as to whether the patient requires clinical support at the patient end of the specialist service is based on whether the support is necessary for the provision of the specialist service. Telehealth specialist services can be provided to patients when there is no patient-end support service provided.

MBS items numbers 99, 112, 149, 288, 389, 2820, 3015, 6016, 13210, 16399 and 17609 allow a range of existing MBS attendance items to be provided via video conferencing. These items have a derived fee which is equal to 50% of the schedule fee for the consultation item claimed (e.g. 50% of the schedule fee for item 104) when billed with one of the associated consultation items (such as 104). A patient rebate of 85% for the derived fee is payable.

From 1 January 2013, six new MBS item numbers (113, 114, 384, 2799, 3003 and 6004) are introduced to provide for an initial attendance via videoconferencing by a specialist, consultant physician, consultant occupational physician, pain medicine specialist/consultant physician, palliative medicine specialist/consultant physician or neurosurgeon where the service is 10 minutes or less. The new items are stand alone items and will not have a derived fee.

Where an attendance is more than 10 minutes, practitioners should use the existing item numbers consistent with the current arrangements. Normal restrictions which apply for initial consultations will also apply for these items. For example, if a patient has an initial consultation via telehealth, they cannot also claim an initial face-to-face consultation as part of the same course of treatment.

Clinical indications

The specialist, consultant physician or psychiatrist must be satisfied that it is clinically appropriate to provide a video consultation to a patient. The decision to provide clinically relevant support to the patient is the responsibility of the specialist, consultant physician or psychiatrist.

Telehealth specialist services can be provided to patients when there is no patient-end support service provided.

Restrictions

The MBS telehealth attendance items are not payable for services to an admitted hospital patient (this includes hospital in the home patients). Benefits are not payable for telephone or email consultations. In order to fulfill the item descriptor there must be a visual and audio link between the patient and the remote practitioner. If the remote practitioner is unable to establish both a video and audio link with the patient, a MBS rebate for a telehealth attendance is not payable.

Billing Requirements

All video consultations provided by specialists, consultant physicians or psychiatrists must be **separately billed**. That is, only the relevant telehealth MBS consultation item and the associated derived item are to be itemised on the account/bill/voucher. Any other service/item billed should be itemised on a separate account/bill/voucher. This will ensure the claim is accurately assessed as being a video consultation and paid accordingly.

Practitioners should not use the notation 'telehealth', 'verbal consent' or 'Patient unable to sign' to overcome administrative difficulties to obtaining a patient signature for bulk billed claims (for further information see mbsonline.gov.au/telehealth).

Eligible Geographical Areas

From 1 January 2013, geographic eligibility for telehealth services funded under Medicare will be determined according to the Australian Standard Geographical Classification Remoteness Area (ASGC-RA) classifications. A Telehealth Eligible Area will be those areas that are outside a Major City (RA1) according to ASGC-RA. Patients and providers are able to check their eligibility by following the links on the MBS Online website (www.mbsonline.gov.au/telehealth).

From 1 November 2012, there is a requirement for the patient and specialist to be located a minimum of 15km apart at the time of the consultation. Minimum distance between specialist and patient video consultations are measured by the most direct (ie least distance) route by road. The patient or the specialist is not permitted to travel to an area outside the minimum 15 km distance in order to claim a video conference.

This rule will not apply to specialist video consultation with patients who are a care recipient in a residential care service; or at an Aboriginal Medical Service or an Aboriginal Community Controlled Health Service for which a direction made under subsection 19(2) of the *Health Insurance Act 1973* as these patients are able to receive telehealth services anywhere in Australia.

Telehealth Eligible Service Areas are defined at www.mbsonline.gov.au/telehealth_eligible_areas

Record Keeping

Participating telehealth practitioners must keep contemporaneous notes of the consultation including documenting that the service was performed by video conference, the date, time and the people who participated.

Only clinical details recorded at the time of the attendance count towards the time of the consultation. It does not include information added at a later time, such as reports of investigations.

Extended Medicare Safety Net (EMSN)

All telehealth consultations are subject to EMSN caps. The EMSN caps for ART and Obstetric telehealth items 13210 and 16399 were set in reference to the EMSN caps applying to the base ART and Obstetric consultation items.

The EMSN caps for all other telehealth consultation items are equal to 300% of the schedule fee (to a maximum of \$500). The maximum EMSN benefit for a telehealth consultation is equal to the sum of the EMSN cap for the base item and the EMSN cap for the telehealth items.

Aftercare Rule

Video consultations are subject to the same aftercare rules as practitioners providing face-to-face consultations.

Multiple attendances on the same day

In some situations a patient may receive a telehealth consultation and a face to face consultation by the same or different practitioner on the same day.

Medicare benefits may be paid for more than one video consultation on a patient on the same day by the same practitioner, provided the second (and any following) video consultations are not a continuation of the initial or earlier video consultations. Practitioners will need to provide the times of each consultation on the patient's account or bulk billing voucher.

Referrals

The referral procedure for a video consultation is the same as for conventional face-to-face consultations.

Technical requirements

In order to fulfill the item descriptor there must be a visual and audio link between the patient and the remote practitioner. If the remote practitioner is unable to establish both a video and audio link with the patient, a MBS rebate for a telehealth attendance is not payable.

Individual clinicians must be confident that the technology used is able to satisfy the item descriptor and that software and hardware used to deliver a videoconference meets the applicable laws for security and privacy.

T.2.1. RADIATION ONCOLOGY - GENERAL

The level of benefits for radiotherapy depends on the number of fields irradiated and the number of times treatment is given.

Treatment by rotational therapy (including rotational therapy using volumetric modulated arc therapy or intensity modulated arc therapy) is considered to be equivalent to the irradiation of three fields (i.e., irradiation of one field plus two additional fields). For example, each attendance for orthovoltage rotational therapy at the rate of 3 or more treatments per week would attract benefit under Item 15100 plus twice Item 15103. Similarly, each attendance for arc therapy of the prostate using a dual photon linear accelerator would attract benefits under 15248 plus twice 15263. Benefits are payable once only per attendance for treatment irrespective of whether one or more arcs are involved.

Benefits for consultations rendered on the same day as treatment and/or planning services are only payable where they are clinically relevant. A clinically relevant service is one that is generally accepted by the relevant profession as being necessary for the appropriate treatment of the patient.

T.2.2. BRACHYTHERAPY OF THE PROSTATE - (ITEM 15338)

One of the requirements of item 15338 is that patients have a Gleason score of less than or equal to 7. However, where the patient has a score of 7, comprising a primary score of 4 and a secondary score of 3 (ie. $4+3=7$), it is recommended that low dose rate brachytherapy form part of a combined modality treatment.

Low dose brachytherapy of the prostate should be performed in patients with favourable anatomy allowing adequate access to the prostate without pubic arch interference and who have a life expectancy of at least greater than 10 years.

An 'approved site' for the purposes of this item is one at which radiation oncology services may be performed lawfully under the law of the State or Territory in which the site is located.

T.2.3. PLANNING SERVICES - (ITEMS 15500 TO 15562 AND 15850)

A planning episode involves field setting and dosimetry. One plan only will attract Medicare benefits in a course of treatment. However, benefits are payable for a plan for brachytherapy and a plan for megavoltage or teletherapy treatment, when rendered in the same course of treatment.

- further planning items where planning is undertaken in respect of a different tumour site to that (or those) specified in the original prescription by the radiation oncologist; and
- a plan for brachytherapy and a plan for megavoltage or teletherapy treatment, when rendered in the same course of treatment.

Items 15500 to 15533 (inclusive) are for a planning episode for 2D conformal radiotherapy. Items 15550 to 15562 (inclusive) are for a planning episode for 3D conformal radiotherapy.

It is expected that the 2D simulation items (15500, 15503, and 15506) would be used in association with the 2D planning items (15518, 15521, and 15524) in a planning episode. However there may be instances where it may be appropriate to use the 3D Planning items (15556, 15559, and 15562) in association with the 2D simulation items (15500, 15503, and 15506) in a planning episode. The 3D simulation items (15550 and 15553) can only be billed in association with the 3D planning items (15556, 15559, and 15562) in a planning episode.

Item 15850 covers radiation source localisation for high dose brachytherapy treatment. Item 15850 applies to brachytherapy provided to any part of the body.

T.2.4. TREATMENT VERIFICATION - (ITEMS 15700 TO 15705, 15710 AND 15800)

In these items, 'treatment verification' means:

a quality assurance procedure designed to facilitate accurate and reproducible delivery of the radiotherapy/brachytherapy to the prescribed site(s) or region(s) of the body as defined in the treatment prescription and/or associated dose plan(s) and which utilises the capture and assessment of appropriate images using:

- (a) x-rays (this includes portal imaging, either megavoltage or kilovoltage, using a linear accelerator)
- (b) computed tomography; or
- (c) ultrasound, where the ultrasound equipment is capable of producing images in at least three dimensions (unidimensional ultrasound is not covered); together with a record of the assessment(s) and any correction(s) of significant treatment delivery inaccuracies detected.

Item 15700 covers the acquisition of images in one plane and incorporates both single or double exposures. The item may be itemised once only per attendance for treatment, irrespective of the number of treatment sites verified at that attendance.

Item 15705 (multiple projections) applies where images in more than one plane are taken, for example orthogonal views to confirm the isocentre. It can be itemised only where verification is undertaken of treatments involving three or more fields. It can be itemised where single projections are acquired for multiple sites, eg multiple metastases for palliative patients. Item 15705 can be itemised only once per attendance for treatment, irrespective of the number of treatment sites verified at that attendance.

15710 applies to volumetric verification imaging using acquisition by computed tomography. It can be itemised only where verification is undertaken of treatments involving three or more fields and only once per attendance for treatment, irrespective of the number of treatment sites verified at that attendance.

Items 15700, 15705 and 15710:

- may not be claimed together for the same attendance at which treatment is rendered
- must only be itemised when the verification procedure has been prescribed in the treatment plan and the image has been reviewed by a radiation oncologist

Item 15800 - Benefits are payable once only per attendance at which treatment is verified.

T.3.1. THERAPEUTIC DOSE OF YTTRIUM 90 - (ITEM 16003)

This item cannot be claimed for selective internal radiation therapy (SIRT).

See items 35404, 35406 and 35408 for SIRT using SIR_Spheres (yttrium-90 microspheres).

T.4.1. ANTENATAL SERVICE PROVIDED BY A NURSE, MIDWIFE OR AN ABORIGINAL AND TORRES STRAIT ISLANDER HEALTH PRACTITIONER - (ITEM 16400)

Item 16400 can only be claimed by a medical practitioner (including a vocationally registered or non-vocationally registered GP, a specialist or a consultant physician) where an antenatal service is provided to a patient by a midwife, nurse or Aboriginal and Torres Strait Islander health practitioner on behalf of the medical practitioner at, or from an eligible practice location in a regional, rural or remote area.

A regional, rural or remote area is classified as a RRMA 3-7 area under the Rural Remote Metropolitan Areas classification system.

Evidence based national or regional guidelines should be used in the delivery of this antenatal service.

An eligible practice location is the place associated with the medical practitioner's Medicare provider number from which the service has been provided. If you are unsure if the location is in an eligible area you can call Medicare Australia on 132 150.

A midwife means a registered midwife who holds a current practising certificate as a midwife issued by a State or Territory regulatory authority and who is employed by, or whose services are otherwise retained by, the medical practitioner or their practice.

A nurse means a registered or enrolled nurse who holds a current practising certificate as a nurse issued by a State or Territory regulatory authority and who is employed by, or whose services are otherwise retained by, the medical practitioner or their practice. The nurse must have appropriate training and skills to provide an antenatal service.

An Aboriginal and Torres Strait Islander health practitioner means a person who has been registered as an Aboriginal and Torres Strait Islander health practitioner by the Aboriginal and Torres Strait Islander Health Practice Board of Australia and meets the Board's registration standards. The Aboriginal and Torres Strait Islander health practitioner must be employed or retained by a general practice, or by a health service that has an exemption to claim Medicare benefits under subsection 19(2) of the Health Insurance Act 1973.

An Aboriginal and Torres Strait Islander health practitioner may use any of the titles authorised by the Aboriginal and Torres Strait Islander Health Practice Board: Aboriginal health practitioner; Aboriginal and Torres Strait Islander health practitioner; or Torres Strait Islander health practitioner.

The midwife, nurse or Aboriginal and Torres Strait Islander health practitioner must also comply with any relevant legislative or regulatory requirements regarding the provision of the antenatal service.

The medical practitioner under whose supervision the antenatal service is provided retains responsibility for the health, safety and clinical outcomes of the patient. The medical practitioner must be satisfied that the midwife, nurse or Aboriginal and Torres Strait Islander health practitioner is appropriately registered, qualified and trained, and covered by indemnity insurance to undertake antenatal services.

Supervision at a distance is recognised as an acceptable form of supervision. This means that the medical practitioner does not have to be physically present at the time the service is provided. However, the medical practitioner should be able to be contacted if required.

The medical practitioner is not required to see the patient or to be present while the antenatal service is being provided by the midwife, nurse or Aboriginal and Torres Strait Islander health practitioner. It is up to the medical practitioner to decide whether they need to see the patient. Where a consultation with the medical practitioner has taken place prior to or following the antenatal service, the medical practitioner is entitled to claim for their own professional service, but item 16400 cannot be claimed in these circumstances.

Item 16400 cannot be claimed in conjunction with another antenatal attendance item for the same patient, on the same day by the same practitioner.

A bulk billing incentive item (10990, 10991 or 10992) cannot be claimed in conjunction with item 16400. An incentive payment is incorporated into the schedule fee.

Item 16400 can only be claimed 10 times per pregnancy.

Item 16400 cannot be claimed for an admitted patient of a hospital.

T.4.2. ITEMS FOR INITIAL AND SUBSEQUENT OBSTETRIC ATTENDANCES (ITEMS 16401 AND 16404)

16401 and 16404 replace items 104 and 105 for any specialist obstetric attendance relating to pregnancy. This includes any initial and subsequent attendance with a specialist obstetrician for discussion of pregnancy or pregnancy related conditions or complications, or any postnatal care provided to the patient subsequent to the expiration of normal aftercare period. Item 16500 is still claimed for routine antenatal attendances. These items are subject to Extended Medicare Safety Net caps.

T.4.3. ANTENATAL CARE - (ITEM 16500)

In addition to routine antenatal attendances covered by Item 16500 the following services, where rendered during the antenatal period, attract benefits:-

- (a) Items 16501, 16502, 16504, 16505, 16508, 16509 (but not normally before the 24th week of pregnancy), 16511, 16512, 16514 and 16600 to 16636.
- (b) The initial consultation at which pregnancy is diagnosed.
- (c) The first referred consultation by a specialist obstetrician when called in to advise on the pregnancy.
- (d) All other services, excluding those in Category 1 and Group T4 of Category 3 not mentioned above.
- (e) Treatment of an intercurrent condition not directly related to the pregnancy.

Item 16504 relates to the treatment of habitual miscarriage by injection of hormones. A case becomes one of habitual miscarriage following two consecutive spontaneous miscarriages or where progesterone deficiency has been proved by hormonal assay of cells obtained from a smear of the lateral vaginal wall.

Item 16514 relates to antenatal cardiotocography in the management of high risk pregnancy. Benefits for this service are not attracted when performed during the course of the labour and delivery.

T.4.4. EXTERNAL CEPHALIC VERSION FOR BREECH PRESENTATION - (ITEM 16501)

Contraindications for this item are as follows:

- antepartum haemorrhage (APH)
- multiple pregnancy,
- fetal anomaly,
- intrauterine growth retardation (IUGR),
- caesarean section scar,
- uterine anomalies,
- obvious cephalopelvic disproportion,
- isoimmunization,
- premature rupture of the membranes.

T.4.5. LABOUR AND DELIVERY - (ITEMS 16515, 16518, 16519 AND 16525)

Benefits for management of labour and delivery covered by Items 16515, 16518, 16519 and 16525 includes the following (where indicated):-

- - surgical and/or intravenous infusion induction of labour;
- - forceps or vacuum extraction;
- - evacuation of products of conception by manual removal (not being an independent procedure);
- - episiotomy or repair of tears.

Item 16519 covers delivery by any means including Caesarean section. If, however, a patient is referred, or her care is transferred to another medical practitioner for the specific purpose of delivery by Caesarean section, whether because of an emergency situation or otherwise, then Item 16520 would be the appropriate item.

In some instances the obstetrician may not be able to be present at all stages of confinement. In these circumstances, Medicare benefits are payable under Item 16519 provided that the doctor attends the patient as soon as possible during the confinement and assumes full responsibility for the mother and baby.

Two items in Group T9 provide benefits for assistance by a medical practitioner at a Caesarean section. Item 51306 relates to those instances where the Caesarean section is the only procedure performed, while Item 51309 applies when other operative procedures are performed at the same time.

As a rule, 24 weeks would be the period distinguishing a miscarriage from a premature confinement. However, if a live birth has taken place before 24 weeks and the foetus survives for a reasonable period, benefit would be payable under the appropriate confinement item.

Where, during labour, a medical practitioner hands the patient over to another medical practitioner, benefits are payable under Item 16518 for the referring practitioner's services. The second practitioner's services would attract benefits under Item 16515 (i.e., management of vaginal delivery) or Item 16520 (Caesarean section). If another medical practitioner is called in for the management of the labour and delivery, benefits for the referring practitioner's services should be assessed under Item 16500 for the routine antenatal attendances and on a consultation basis for the postnatal attendances, if performed.

At a high risk delivery benefits will be payable for the attendance of any medical practitioner (called in by the doctor in charge of the delivery) for the purposes of resuscitation and subsequent supervision of the neonate. Examples of high risk deliveries include cases of difficult vaginal delivery, Caesarean section or the delivery of babies with Rh problems and babies of toxæmic mothers.

T.4.6. CAESAREAN SECTION - (ITEM 16520)

Benefits under this item are attracted only where the patient has been specifically referred to another medical practitioner for the management of the delivery by Caesarean section and the practitioner carrying out the procedure has not rendered any antenatal care. Caesarean sections performed in any other circumstances attract benefits under Item 16519.

T.4.7. COMPLICATED CONFINEMENT - (ITEM 16522)

Conditions that pose a significant risk of maternal death referred to in Item 16522 include:

- severe pre-eclampsia as defined in the Consensus Statement on the Management of Hypertension in Pregnancy, published in the Medical Journal of Australia, Volume 158 on 17 May 1993, and as revised;
- cardiac disease (co-managed with a consultant physician or a specialist physician);
- coagulopathy;
- severe autoimmune disease;
- previous organ transplant; or

- pre-existing renal or hepatic failure.

T.4.8. LABOUR AND DELIVERY WHERE CARE IS TRANSFERRED BY A PARTICIPATING MIDWIFE - (ITEMS 16527 TO 16528)

Where the inter-partum care of a woman is transferred to a medical practitioner by a participating midwife for management of birth, item 16527 or 16528 would apply depending on the service provided.

Where care is transferred by a participating midwife prior to the commencement of labour, items 16519 or 16522 would apply.

T.4.9. ITEMS FOR PLANNING AND MANAGEMENT OF A PREGNANCY (ITEM 16590)

Item 16590 is intended to provide for the planning and management of pregnancy that has progressed beyond 20 weeks, where the medical practitioner is intending to undertake the delivery for a privately admitted patient. From 1 January 2010 a new item, 16591, has been introduced to reflect the different responsibilities of GPs and obstetricians who plan to manage the pregnancy, labour and birth, and those who are part of a shared care arrangement. Medical practitioners who do not plan to undertake the delivery of a privately admitted patient should claim item 16591. Both 16590 and 16591 are subject to Extended Medicare Safety Net caps and should only be claimed by a patient once per pregnancy.

T.4.10. POST-PARTUM CARE - (ITEMS 16564 TO 16573)

The Schedule fees and benefits payable for Items 16519 and 16520 cover all postnatal attendances on the mother and the baby, except in the following circumstances:-

- (i) where the medical services rendered are outside those covered by a consultation, e.g., blood transfusion;
- (ii) where the condition of the mother and/or baby is such as to require the services of another practitioner (e.g., paediatrician, gynaecologist, etc);
- (iii) where the patient is transferred, at arms length, to another medical practitioner for routine post-partum, care (eg mother and/or baby returning from a larger centre to a country town or transferring between hospitals following confinement). In such cases routine postnatal attendances attract benefits on an attendance basis. The transfer of a patient within a group practice would not qualify for benefits under this arrangement except in the case of Items 16515 and 16518. These items cover those occasions when a patient is handed over while in labour from the practitioner who under normal circumstances would have delivered the baby, but because of compelling circumstances decides to transfer the patient to another practitioner for the delivery;
- (iv) where during the postnatal period a condition occurs which requires treatment outside the scope of normal postnatal care;
- (v) in the management of premature babies (i.e. babies born prior to the end of the 37th week of pregnancy or where the birth weight of the baby is less than 2500 grams) during the period that close supervision is necessary.

Normal postnatal care by a medical practitioner would include:-

- (i) uncomplicated care and check of
 - lochia
 - fundus
 - perineum and vulva/episiotomy site
 - temperature
 - bladder/urination
 - bowels
- (ii) advice and support for establishment of breast feeding
- (iii) psychological assessment and support
- (iv) Rhesus status
- (v) Rubella status and immunisation
- (vi) contraception advice/management

Examinations of apparently normal newborn infants by consultant or specialist paediatricians do not attract benefits

Items 16564 to 16573 relate to postnatal complications and should not be itemised in respect of a normal delivery. To qualify for benefits under these items, the patient is required to be transferred to theatre, or be administered general anaesthesia or epidural injection for the performance of the procedure. Utilisation of the items will be closely monitored to ensure appropriate usage.

T.4.11. INTERVENTIONAL TECHNIQUES - (ITEMS 16600 TO 16636)

For Items 16600 to 16636, 35518 and 35674 there is no component in the Schedule fee for the associated ultrasound. Benefits are attracted for the ultrasound under the appropriate items in Group II of the Diagnostic Imaging Services Table.

If diagnostic ultrasound is performed on a separate occasion to the procedure, benefits would be payable under the appropriate ultrasound item.

Item 51312 provides a benefit for assistance by a medical practitioner at interventional techniques covered by Items 16606, 16609, 16612, 16615, 16627 and 16633.

T.4.12. TELEHEALTH SPECIALIST SERVICES

These notes provide information on the telehealth MBS video consultation items by specialists, consultant physicians and psychiatrists. A video consultation involves a single specialist, consultant physician or psychiatrist attending a patient, with the possible support of another medical practitioner, a participating nurse practitioner, a participating midwife, practice nurse or Aboriginal health worker at the patient end of the video conference. The decision as to whether the patient requires clinical support at the patient end of the specialist service is based on whether the support is necessary for the provision of the specialist service. Telehealth specialist services can be provided to patients when there is no patient-end support service provided.

MBS items numbers 99, 112, 149, 288, 389, 2820, 3015, 6016, 13210, 16399 and 17609 allow a range of existing MBS attendance items to be provided via video conferencing. These items have a derived fee which is equal to 50% of the schedule fee for the consultation item claimed (e.g. 50% of the schedule fee for item 104) when billed with one of the associated consultation items (such as 104). A patient rebate of 85% for the derived fee is payable.

From 1 January 2013, six new MBS item numbers (113, 114, 384, 2799, 3003 and 6004) are introduced to provide for an initial attendance via videoconferencing by a specialist, consultant physician, consultant occupational physician, pain medicine specialist/consultant physician, palliative medicine specialist/consultant physician or neurosurgeon where the service is 10 minutes or less. The new items are stand alone items and will not have a derived fee.

Where an attendance is more than 10 minutes, practitioners should use the existing item numbers consistent with the current arrangements. Normal restrictions which apply for initial consultations will also apply for these items. For example, if a patient has an initial consultation via telehealth, they cannot also claim an initial face-to-face consultation as part of the same course of treatment.

Clinical indications

The specialist, consultant physician or psychiatrist must be satisfied that it is clinically appropriate to provide a video consultation to a patient. The decision to provide clinically relevant support to the patient is the responsibility of the specialist, consultant physician or psychiatrist.

Telehealth specialist services can be provided to patients when there is no patient-end support service provided.

Restrictions

The MBS telehealth attendance items are not payable for services to an admitted hospital patient (this includes hospital in the home patients). Benefits are not payable for telephone or email consultations. In order to fulfill the item descriptor there must be a visual and audio link between the patient and the remote practitioner. If the remote practitioner is unable to establish both a video and audio link with the patient, a MBS rebate for a telehealth attendance is not payable.

Billing Requirements

All video consultations provided by specialists, consultant physicians or psychiatrists must be **separately billed**. That is, only the relevant telehealth MBS consultation item and the associated derived item are to be itemised on the account/bill/voucher. Any other service/item billed should be itemised on a separate account/bill/voucher. This will ensure the claim is accurately assessed as being a video consultation and paid accordingly.

Practitioners should not use the notation 'telehealth', 'verbal consent' or 'Patient unable to sign' to overcome administrative difficulties to obtaining a patient signature for bulk billed claims (for further information see mbsonline.gov.au/telehealth).

Eligible Geographical Areas

From 1 January 2013, geographic eligibility for telehealth services funded under Medicare will be determined according to the Australian Standard Geographical Classification Remoteness Area (ASGC-RA) classifications. A Telehealth Eligible Area will be those areas that are outside a Major City (RA1) according to ASGC-RA. Patients and providers are able to check their eligibility by following the links on the MBS Online website (www.mbsonline.gov.au/telehealth).

From 1 November 2012, there is a requirement for the patient and specialist to be located a minimum of 15km apart at the time of the consultation. Minimum distance between specialist and patient video consultations are measured by the most direct (ie least distance) route by road. The patient or the specialist is not permitted to travel to an area outside the minimum 15 km distance in order to claim a video conference.

This rule will not apply to specialist video consultation with patients who are a care recipient in a residential care service; or at an Aboriginal Medical Service or an Aboriginal Community Controlled Health Service for which a direction made under subsection 19(2) of the *Health Insurance Act 1973* as these patients are able to receive telehealth services anywhere in Australia.

Telehealth Eligible Service Areas are defined at www.mbsonline.gov.au/telehealth_eligible_areas

Record Keeping

Participating telehealth practitioners must keep contemporaneous notes of the consultation including documenting that the service was performed by video conference, the date, time and the people who participated.

Only clinical details recorded at the time of the attendance count towards the time of the consultation. It does not include information added at a later time, such as reports of investigations.

Extended Medicare Safety Net (EMSN)

All telehealth consultations are subject to EMSN caps. The EMSN caps for ART and Obstetric telehealth items 13210 and 16399 were set in reference to the EMSN caps applying to the base ART and Obstetric consultation items.

The EMSN caps for all other telehealth consultation items are equal to 300% of the schedule fee (to a maximum of \$500). The maximum EMSN benefit for a telehealth consultation is equal to the sum of the EMSN cap for the base item and the EMSN cap for the telehealth items.

Aftercare Rule

Video consultations are subject to the same aftercare rules as practitioners providing face-to-face consultations.

Multiple attendances on the same day

In some situations a patient may receive a telehealth consultation and a face to face consultation by the same or different practitioner on the same day.

Medicare benefits may be paid for more than one video consultation on a patient on the same day by the same practitioner, provided the second (and any following) video consultations are not a continuation of the initial or earlier video consultations. Practitioners will need to provide the times of each consultation on the patient's account or bulk billing voucher.

Referrals

The referral procedure for a video consultation is the same as for conventional face-to-face consultations.

Technical requirements

In order to fulfill the item descriptor there must be a visual and audio link between the patient and the remote practitioner. If the remote practitioner is unable to establish both a video and audio link with the patient, a MBS rebate for a telehealth attendance is not payable.

Individual clinicians must be confident that the technology used is able to satisfy the item descriptor and that software and hardware used to deliver a videoconference meets the applicable laws for security and privacy.

T.6.1. PRE-ANAESTHESIA CONSULTATIONS BY AN ANAESTHETIST - (ITEMS 17610 TO 17625)

Pre-anaesthesia consultations are covered by items in the range 17610 - 17625.

Pre-anaesthesia consultations comprise 4 time-based items utilising 15 minute increments up to and exceeding 45 minutes, in conjunction with content-based descriptors. A pre-anaesthesia consultation will attract benefits under the appropriate items based on **BOTH** the duration of the consultation **AND** the complexity of the consultation in accordance with the requirements outlined in the content-based item descriptions.

Whether or not the proposed procedure proceeds, the pre-anaesthetic attendance will attract benefits under the appropriate consultation item in the range 17610 – 17625, as determined by the duration and content of the consultation.

The following provides further guidance on utilisation of the appropriate items in common clinical situations:

- (i) Item 17610 (15 mins or less) – a pre-anaesthesia consultation of a straightforward nature occurring prior to investigative procedures and other routine surgery. This item covers routine pre-anaesthesia consultation services including the taking of a brief history, a limited examination of the patient including the cardio-respiratory system and brief discussion of an anaesthesia plan with the patient.
- (ii) Item 17615 (16-30 mins) - a pre-anaesthesia consultation of between 16 to 30 minutes duration AND of significantly greater complexity than that required under item 17610. To qualify for benefits patients will be undergoing advanced surgery or will have complex medical problems. The consultation will involve a more extensive examination of the patient, for example: the cardio-respiratory system, the upper airway, anatomy relevant to regional anaesthesia and invasive monitoring. An anaesthesia plan of management should be formulated, of which there should be a written record included in the patient notes.
- (iii) Item 17620 (31-45 mins) – a pre-anaesthesia consultation of high complexity involving all of the requirements of item 17615 and of between 31 to 45 minutes duration. The pre-anaesthesia consultation will also involve evaluation of relevant patient investigations and the formulation of an anaesthesia plan of management of which there should be a written record in the patient notes.
- (iv) Item 17625 (more than 45 mins) - a pre-anaesthesia consultation of high complexity involving all of the requirements of item 17615 and item 17620 and of more than 45 minutes duration. The pre-anaesthesia consultation will also involve evaluation of relevant patient investigations as well as discussion of the patient's medical condition and/or anaesthesia plan of management with other relevant healthcare professionals. An anaesthesia plan of management should be formulated, of which there should be a written record included in the patient notes.

Some examples of advanced surgery that may require a longer consultation under items 17615-17625 would include:

- Bowel resection
- Caesarean section
- Neonatal surgery
- Major laparotomies
- Radical cancer resection
- Major reconstructive surgery eg free flap transfers, breast reconstruction
- major joint arthroplasty
- joint reconstruction
- Thoracotomy
- Craniotomy
- Spinal surgery eg spinal fusion, discectomy
- Major vascular surgery eg aortic aneurysm repair, arterial bypass surgery, carotid artery endarterectomy

Some examples of complex medical problems in relation to items 17615-17625 would include:

- Major cardiac problems – e.g cardiomyopathy, unstable ischaemic heart disease, heart failure
- Major respiratory disease – e.g COPD, respiratory failure, acute lung conditions eg. infection and asthma,
- Major neurological conditions – CVA, intra/extra cerebral haemorrhage, cerebral palsy and/or major intellectual disability, degenerative conditions of the CNS
- Major metabolic conditions – e.g unstable diabetes, uncontrolled hyperthyroidism, renal failure, liver failure, immune deficiency

- Anaesthetic problems – eg past history of awareness, known or anticipated difficulty with securing the airway, malignant hyperpyrexia, drug allergy,
- Other conditions –
 - patients with history of stroke/TIA's presenting for vascular surgery
 - patients on anti-platelet agents presenting for major surgery requiring management of anticoagulant status
 - patients with poor respiratory/cardiac function presenting for major surgery requiring management of perioperative medications, analgesia and monitoring

NOTE I:

It is important to note that:

- patients undergoing the types of advanced surgery listed above but who are otherwise of reasonable health and who, therefore, do not require a longer pre-anaesthesia consultation as provided for under items 17615-17625, would qualify for benefits under item 17610; and
- not all patients with complex medical problems will qualify for a longer consultation under items 17615-17625. For example, patients who have reasonably stable diabetes may only require a short consultation, covered under item 17610. Similarly, patients with reasonably well controlled emphysema (COPD) undergoing minor surgery may only require a short pre-anaesthesia consultation (item 17610), whereas the same patient scheduled for an upper abdominal laparotomy and with recent onset angina with the possible need for ICU postoperatively may require a longer consultation.

NOTE II:

- Consultation services covered by pain specialists items in the range 2801-3000 cannot be claimed in conjunction with items 17610-17625
- The consultation time under items 17610 – 17625 only applies to the period of active attendance on the patient and does not include time spent in discussion with other health care practitioners.
- The requirement of a written patient management plan in items 17615-17625 or the discussion of the management plan with other health care professions, where this occurs, does not relate to and cannot be claimed in conjunction GP Management Plans, Team Care Arrangements, Multidisciplinary Care Plans or Case Conference items in Group A15 of the MBS.

T.6.2. REFERRED ANAESTHESIA CONSULTATIONS - (ITEMS 17640 TO 17655)

Referred anaesthesia consultations (other than pre-anaesthesia attendances) where the patient is referred will be covered by new items in the range 17640 - 17655. These new items replace the use of specialist referred items 104 and 105. Items 104 and 105 will no longer apply to referred anaesthesia consultations provided by specialist anaesthetists.

Referred anaesthesia consultations comprise 4 time-based items utilising 15 minute increments up to and exceeding 45 minutes, in conjunction with content-based descriptors. Services covered by these specialist referred items include consultations in association with the following:

- (i) Acute pain management
 - Postoperative, utilising specialised techniques eg Patient Controlled Analgesia System (PCAS)
 - as an independent service eg pain control following fractured ribs requiring nerve blocks
 - obstetric pain management
- (ii) Perioperative management of patients
 - postoperative management of cardiac, respiratory and fluid balance problems following major surgery
 - vascular access procedures (other than intra-operative peripheral vascular access procedures)

Items 17645 – 17655 will involve the examination of multiple systems and the formulation of a written management plan. Items 17650 and 17655 would also entail the ordering and/or evaluation of relevant patient investigations.

NOTE :

- It should be noted that the consultation time under items 17640 – 17655 only applies to the period of active attendance on the patient and does not include time spent in discussion with other health care practitioners.
- Consultation services covered by pain medicine specialist items in the range 2801-3000 cannot be claimed in conjunction with items 17640 – 17655.
- The requirement of a written patient management plan in items 17645-17655 or the discussion of the management plan with other health care professions, where this occurs, does not relate to and cannot be claimed in conjunction GP Management Plans, Team Care Arrangements, Multidisciplinary Care Plans or Case Conference items in Group A15 of the MBS.

It would be expected that in the vast majority of cases, the insertion of a peripheral venous cannula (other than in association with anaesthesia) where the patient is referred, would attract benefit under item 17640. However, in exceptional clinical circumstances, where the procedure is considerably more difficult and exceeds 15 minutes, such as for

patients with chronic disease undergoing long term intravenous therapy, paediatric patients or patients having chemotherapy, item 17645 would apply.

T.6.3. ANAESTHETIST CONSULTATIONS - OTHER - (ITEMS 17680, 17690)

A consultation occurring immediately before the institution of major regional blockade for a patient in labour is covered by item 17680.

Item 17690 can only be claimed where all of the conditions set out in (a) to (d) of item 17690 have been met.

Item 17690 can only be claimed in conjunction with a service covered by items 17615, 17620, or 17625.

Item 17690 cannot be claimed where the pre-anaesthesia consultation covered by items 17615, 17620 or 17625 is provided on the same day as admission to hospital for the subsequent episode of care involving anaesthesia services.

NOTE: Consultation services covered by pain medicine specialist items in the range 2801-3000 cannot be claimed in conjunction with anaesthesia consultation items 17610 – 17690.

T.6.4. TELEHEALTH SPECIALIST SERVICES

These notes provide information on the telehealth MBS video consultation items by specialists, consultant physicians and psychiatrists. A video consultation involves a single specialist, consultant physician or psychiatrist attending a patient, with the possible support of another medical practitioner, a participating nurse practitioner, a participating midwife, practice nurse or Aboriginal health worker at the patient end of the video conference. The decision as to whether the patient requires clinical support at the patient end of the specialist service is based on whether the support is necessary for the provision of the specialist service. Telehealth specialist services can be provided to patients when there is no patient-end support service provided.

MBS items numbers 99, 112, 149, 288, 389, 2820, 3015, 6016, 13210, 16399 and 17609 allow a range of existing MBS attendance items to be provided via video conferencing. These items have a derived fee which is equal to 50% of the schedule fee for the consultation item claimed (e.g. 50% of the schedule fee for item 104) when billed with one of the associated consultation items (such as 104). A patient rebate of 85% for the derived fee is payable.

From 1 January 2013, six new MBS item numbers (113, 114, 384, 2799, 3003 and 6004) are introduced to provide for an initial attendance via videoconferencing by a specialist, consultant physician, consultant occupational physician, pain medicine specialist/consultant physician, palliative medicine specialist/consultant physician or neurosurgeon where the service is 10 minutes or less. The new items are stand alone items and will not have a derived fee.

Where an attendance is more than 10 minutes, practitioners should use the existing item numbers consistent with the current arrangements. Normal restrictions which apply for initial consultations will also apply for these items. For example, if a patient has an initial consultation via telehealth, they cannot also claim an initial face-to-face consultation as part of the same course of treatment.

Clinical indications

The specialist, consultant physician or psychiatrist must be satisfied that it is clinically appropriate to provide a video consultation to a patient. The decision to provide clinically relevant support to the patient is the responsibility of the specialist, consultant physician or psychiatrist.

Telehealth specialist services can be provided to patients when there is no patient-end support service provided.

Benefits are not payable for telephone or email consultations. In order to fulfill the item descriptor there must be a visual and audio link between the patient and the remote practitioner. If the remote practitioner is unable to establish both a video and audio link with the patient, a MBS rebate for a telehealth attendance is not payable.

Billing Requirements

All video consultations provided by specialists, consultant physicians or psychiatrists must be **separately billed**. That is, only the relevant telehealth MBS consultation item and the associated derived item are to be itemised on the account/bill/voucher. Any other service/item billed should be itemised on a separate account/bill/voucher. This will ensure the claim is accurately assessed as being a video consultation and paid accordingly.

Practitioners should not use the notation ‘telehealth’, ‘verbal consent’ or ‘Patient unable to sign’ to overcome administrative difficulties to obtaining a patient signature for bulk billed claims (for further information see mbsonline.gov.au/telehealth).

Eligible Geographical Areas

From 1 January 2013, geographic eligibility for telehealth services funded under Medicare will be determined according to the Australian Standard Geographical Classification Remoteness Area (ASGC-RA) classifications. A Telehealth Eligible Area will be those areas that are outside a Major City (RA1) according to ASGC-RA. Only clinical details recorded at the time of the attendance count towards the time of the consultation. It does not include information added at a later time, such as reports of investigations.

Extended Medicare Safety Net (EMSN)

All telehealth consultations are subject to EMSN caps. The EMSN caps for ART and Obstetric telehealth items 13210 and 16399 were set in reference to the EMSN caps applying to the base ART and Obstetric consultation items.

The EMSN caps for all other telehealth consultation items are equal to 300% of the schedule fee (to a maximum of \$500). The maximum EMSN benefit for a telehealth consultation is equal to the sum of the EMSN cap for the base item and the EMSN cap for the telehealth items.

Aftercare Rule

Video consultations are subject to the same aftercare rules as practitioners providing face-to-face consultations.

Individual clinicians must be confident that the technology used is able to satisfy the item descriptor and that software and hardware used to deliver a videoconference meets the applicable laws for security and privacy.

T.7.1. REGIONAL OR FIELD NERVE BLOCKS - GENERAL

A nerve block is interpreted as the anaesthetising of a substantial segment of the body innervated by a large nerve or an area supplied by a smaller nerve where the technique demands expert anatomical knowledge and a high degree of precision.

Where anaesthesia combines a regional nerve block with general anaesthesia for an operative procedure, benefit will be paid only under the relevant anaesthesia item as set out in Group T10.

Where a regional or field nerve block is administered by a medical practitioner other than the practitioner carrying out the operation, the block attracts benefits under the Group T10 anaesthesia item and not the block item in Group T7.

Where a regional or field nerve block which is covered by an item in Group T7 is administered by a medical practitioner in the course of a surgical procedure undertaken by that practitioner, then such a block will attract benefit under the appropriate Group T7 item.

When a block is carried out in cases not associated with an operation, such as for intractable pain or during labour, the service falls under Group T7.

Digital ring analgesia, local infiltration into tissue surrounding a lesion or paracervical (uterine) analgesia are not eligible for the payment of Medicare benefits under items within Group T7. Where procedures are carried out with local infiltration or digital block as the means of anaesthesia, that anaesthesia is considered to be part of the procedure.

T.7.2. MAINTENANCE OF REGIONAL OR FIELD NERVE BLOCK - (ITEMS 18222 AND 18225)

Medicare benefit is attracted under these items only when the service is performed other than by the operating surgeon. This does not preclude benefits for an obstetrician performing an epidural block during labour.

When the service is performed by the operating surgeon during the post-operative period of an operation it is considered to be part of the normal aftercare. In these circumstances a Medicare benefit is not attracted.

T.7.3. INTRATHECAL OR EPIDURAL INJECTION - (ITEM 18232)

This items covers caudal infusion/injection.

T.7.4. INTRATHECAL OR EPIDURAL INFUSION - (ITEMS 18226 AND 18227)

Items 18226 and 18227 apply where intrathecal or epidural analgesia is required for obstetric patients in the after hours period. For these items, the after hours period is defined as the period from 8pm to 8am on any weekday, or any time on a Saturday, Sunday or a public holiday.

Medicare benefits are only payable under item 18227 where more than 50% of the service is provided in the after hours period, benefits would be payable under item 18219.

T.7.5. REGIONAL OR FIELD NERVE BLOCKS - (ITEMS 18234 TO 18298)

Items in the range 18234 - 18298 are intended to cover the injection of anaesthetic into the nerve or nerve sheath and not for the treatment of carpal tunnel or similar compression syndromes.

Paravertebral nerve block items 18274 and 18276 cover the provision of regional anaesthesia for surgical and related procedures for the management acute pain or of chronic pain related to radiculopathy. Infiltration of the soft tissue of the paravertebral area for the treatment of other pain symptoms does not attract benefit under these items. Additionally, items 18274 and 18276 do not cover facet joint blocks/injections. This procedure is covered under item 39013.

Item 18292 may not be claimed for the injection of botulinum toxin, but may be claimed where a neurolytic agent (such as phenol) is used to treat the obturator nerve in patients receiving botulinum toxin injections under items 18354, 18356, or 18358 for a dynamic foot deformity.

T.8.1. SURGICAL OPERATIONS

Many items in Group T8 of the Schedule are qualified by one of the following phrases:

- "as an independent procedure";
- "not being a service associated with a service to which another item in this Group applies"; or
- "not being a service to which another item in this Group applies"

An explanation of each of these phrases is as follows.

As an Independent Procedure

The inclusion of this phrase in the description of an item precludes payment of benefits when:-

- (i) a procedure so qualified is associated with another procedure that is performed through the same incision, e.g. nephrostomy (Item 36552) in the course of an open operation on the kidney for another purpose;
- (ii) such procedure is combined with another in the same body area, e.g. direct examination of larynx (Item 41846) with another operation on the larynx or trachea;
- (iii) the procedure is an integral part of the performance of another procedure, e.g. removal of foreign body (Item 30067/30068) in conjunction with debridement of deep or extensive contaminated wound of soft tissue, including suturing of that wound when performed under general anaesthetic (Item 30023).

Not Being a Service Associated with a Service to which another Item in this Group Applies

"Not being a service associated with a service to which another item in this Group applies" means that benefit is not payable for any other item in that Group when it is performed on the same occasion as this item. eg item 30106.

"Not being a service associated with a service to which Item applies" means that when this item is performed on the same occasion as the reference item no benefit is payable. eg item 39330.

Not Being a Service to which another Item in this Group Applies

"Not being a service to which another item in this Group applies" means that this item may be itemised if there is no specific item relating to the service performed, e.g. Item 30387 (Laparotomy involving operation on abdominal viscera (including pelvic viscera), not being a service to which another item in this Group applies). Benefits may be attracted for an item with this qualification as well as benefits for another service during the course of the same operation.

T.8.2. MULTIPLE OPERATION RULE

The fees for two or more operations, listed in Group T8 (other than Subgroup 12 of that Group), performed on a patient on the one occasion (except as provided in paragraph T8.2.3) are calculated by the following rule:-

- 100% for the item with the greatest Schedule fee
- plus 50% for the item with the next greatest Schedule fee
- plus 25% for each other item.

Note:

- (a) Fees so calculated which result in a sum which is not a multiple of 5 cents are to be taken to the next higher multiple of 5 cents.
- (b) Where two or more operations performed on the one occasion have Schedule fees which are equal, one of these amounts shall be treated as being greater than the other or others of those amounts.
- (c) The Schedule fee for benefits purposes is the aggregate of the fees calculated in accordance with the above formula.
- (d) For these purposes the term "operation" only refers to all items in Group T8 (other than Subgroup 12 of that Group).

This rule does not apply to an operation which is one of two or more operations performed under the one anaesthetic on the same patient if the medical practitioner who performed the operation did not also perform or assist at the other operation or any of the other operations, or administer the anaesthetic. In such cases the fees specified in the Schedule apply.

Where two medical practitioners operate independently and either performs more than one operation, the method of assessment outlined above would apply in respect of the services performed by each medical practitioner.

If the operation comprises a combination of procedures which are commonly performed together and for which a specific combined item is provided in the Schedule, it is regarded as the one item and service in applying the multiple operation rule.

There are a number of items in the Schedule where the description indicates that the item applies only when rendered in association with another procedure. The Schedule fees for such items have therefore been determined on the basis that they would always be subject to the "multiple operation rule".

Where the need arises for the patient to be returned to the operating theatre on the same day as the original procedure for further surgery due to post-operative complications, which would not be considered as normal aftercare - see paragraph T8.2, such procedures would generally not be subject to the "multiple operation rule". Accounts should be endorsed to the effect that they are separate procedures so that a separate benefit may be paid.

Extended Medicare Safety Net Cap

The Extended Medicare Safety Net (EMSN) benefit cap for items subject to the multiple operations rule, where all items in that claim are subject to a cap are calculated from the abated (reduced) schedule fee.

For example, if an item has a Schedule fee of \$100 and an EMSN benefit cap equal to 80 per cent of the schedule fee, the calculated EMSN benefit cap would be \$80. However, if the schedule fee for the item is reduced by 50 per cent in accordance with the multiple operations rule provisions, and all items in that claim carry a cap, the calculated EMSN benefit cap for the item is \$40 (50% of \$100*80%).

T.8.3. PROCEDURE PERFORMED WITH LOCAL INFILTRATION OR DIGITAL BLOCK

It is to be noted that where a procedure is carried out with local infiltration or digital block as the means of anaesthesia, that anaesthesia is considered to be part of the procedure and an additional benefit is therefore not payable.

T.8.4. AFTERCARE (POST-OPERATIVE TREATMENT)

Definition

Section 3(5) of the Health Insurance Act 1973 states that services included in the Schedule (other than attendances) include all professional attendances necessary for the purposes of post-operative treatment of the patient. For the purposes of this book, post-operative treatment is generally referred to as "aftercare".

Aftercare is deemed to include all post-operative treatment rendered by medical practitioners, and includes all attendances until recovery from the operation, the final check or examination, regardless of whether the attendances are at the hospital, private rooms, or the patient's home. Aftercare need not necessarily be limited to treatment given by the surgeon or to treatment given by any one medical practitioner.

The medical practitioner determines each individual aftercare period depending on the needs of the patient as the amount and duration of aftercare following an operation may vary between patients for the same operation, as well as between different operations.

Private Patients

Medicare will not normally pay for any consultations during an aftercare period as the Schedule fee for most operations, procedures, fractures and dislocations listed in the MBS item includes a component of aftercare.

There are some instances where the aftercare component has been excluded from the MBS item and this is clearly indicated in the item description.

There are also some minor operations that are merely stages in the treatment of a particular condition. As such, attendances subsequent to these services should not be regarded as aftercare but rather as a continuation of the treatment of the original condition and attract benefits. Likewise, there are a number of services which may be performed during the aftercare period for pain relief which would also attract benefits. This includes all items in Groups T6 and T7, and items 39013, 39100, 39115, 39118, 39121, 39127, 39130, 39133, 39136, 39324 and 39327.

Where there may be doubt as to whether an item actually does include the aftercare, the item description includes the words "including aftercare".

If a service is provided during the aftercare phase for a condition not related to the operation, then this can be claimed, provided the account identifies the service as 'Not normal aftercare', with a brief explanation of the reason for the additional services.

If a patient was admitted as a private patient in a public hospital, then unless the MBS item does not include aftercare, no Medicare benefits are payable for aftercare. If however, a surgeon delegates aftercare to a patient's medical practitioner, then a Medicare benefit may be apportioned on the basis of 75% for the operation and 25% for the aftercare. Where the benefit is apportioned between two or more medical practitioners, no more than 100% of the benefit for the procedure will be paid.

Medicare benefits are not payable for surgical procedures performed primarily for cosmetic reasons. However, benefits are payable for certain procedures when performed for specific medical reasons, such as breast reconstruction following mastectomy. Surgical procedures not listed on the MBS do not attract a Medicare benefit.

Where an initial or subsequent consultation relates to the assessment and discussion of options for treatment and, a cosmetic or other non-rebatable service are discussed, this would be considered a rebatable service under Medicare. Where a consultation relates entirely to a cosmetic or other non-Medicare rebatable service (either before or after that

service has taken place), then that consultation is not rebatable under Medicare. Any aftercare associated with a cosmetic or non-Medicare rebatable service is also not rebatable under Medicare.

Public Patients

All care directly related to a public in-patient's care should be provided free of charge. Where a patient has received in-patient treatment in a hospital as a public patient (as defined in Section 3(1) of the Health Insurance Act 1973), routine and non-routine aftercare directly related to that episode of admitted care will be provided free of charge as part of the public hospital service, regardless of where it is provided, on behalf of the state or territory as required by the National Healthcare Agreement. In this case no Medicare benefit is payable.

Notwithstanding this, where a public patient independently chooses to consult a private medical practitioner for aftercare, then the clinically relevant service provided during this professional attendance will attract Medicare benefits.

Where a public patient independently chooses to consult a private medical practitioner for aftercare following treatment from a public hospital emergency department, then the clinically relevant service provided during this professional attendance will attract Medicare benefits.

Fractures

Where the aftercare for fractures is delegated to a doctor at a place other than where the initial reduction was carried out, then Medicare benefits may be apportioned on a 50:50 basis rather than on the 75:25 basis for surgical operations.

Where the reduction of a fracture is carried out by hospital staff in the out-patient or emergency department of a public hospital, and the patient is then referred to a private practitioner for aftercare, Medicare benefits are payable for the aftercare on an attendance basis.

The following table shows the period which has been adopted as reasonable for the after-care of fractures:-

Treatment of fracture of	After-care Period
Terminal phalanx of finger or thumb	6 weeks
Proximal phalanx of finger or thumb	6 weeks
Middle phalanx of finger	6 weeks
One or more metacarpals not involving base of first carpometacarpal joint	6 weeks
First metacarpal involving carpometacarpal joint (Bennett's fracture)	8 weeks
Carpus (excluding navicular)	6 weeks
Navicular or carpal scaphoid	3 months
Colles'/Smith/Barton's fracture of wrist	3 months
Distal end of radius or ulna, involving wrist	8 weeks
Radius	8 weeks
Ulna	8 weeks
Both shafts of forearm or humerus	3 months
Clavicle or sternum	4 weeks
Scapula	6 weeks
Pelvis (excluding symphysis pubis) or sacrum	4 months
Symphysis pubis	4 months
Femur	6 months
Fibula or tarsus (excepting os calcis or os talus)	8 weeks
Tibia or patella	4 months
Both shafts of leg, ankle (Potts fracture) with or without dislocation, os calcis (calcaneus) or os talus	4 months
Metatarsals - one or more	6 weeks
Phalanx of toe (other than great toe)	6 weeks
More than one phalanx of toe (other than great toe)	6 weeks
Distal phalanx of great toe	8 weeks
Proximal phalanx of great toe	8 weeks
Nasal bones, requiring reduction	4 weeks
Nasal bones, requiring reduction and involving osteotomies	4 weeks
Maxilla or mandible, unilateral or bilateral, not requiring splinting	6 weeks
Maxilla or mandible, requiring splinting or wiring of teeth	3 months
Maxilla or mandible, circumosseous fixation of	3 months
Maxilla or mandible, external skeletal fixation of	3 months
Zygoma	6 weeks

Spine (excluding sacrum), transverse process or bone other than vertebral body requiring immobilisation in plaster or traction by skull calipers	3 months
Spine (excluding sacrum), vertebral body, without involvement of cord, requiring immobilisation in plaster or traction by skull calipers	6 months
Spine (excluding sacrum), vertebral body, with involvement of cord	6 months

Note: This list is a guide only and each case should be judged on individual merits.

T.8.5. ABANDONED SURGERY - (ITEM 30001)

Item 30001 applies where the procedure has been commenced but is then discontinued for medical reasons or for other reasons which are beyond the surgeon's control (eg equipment failure).

An operative procedure commences when the:

- a) patient is in the procedure room or on the bed or operation table where the procedure is to be performed; and
- b) patient is anaesthetised or operative site is sufficiently anaesthetised for the procedure to commence; and
- c) patient is positioned or the operative site is prepared with antiseptic or draping.

Where an abandoned procedure eligible for a benefit under item 30001 attracts an assistant under the provisions of the items listed in Group T9 (Assistance at Operations), the fee for the surgical assistant is calculated as 50% of the assistance fee that would have applied under the relevant item from Group T9.

Practitioners claiming an assistant fee for abandoned surgery should itemise their accounts with the relevant item from group T9. Such claims should include an account endorsement "assistance at abandoned surgery" or similar and should be accompanied by full clinical details of the circumstances of the operation, including details of the surgery proposed and the reasons for the operation being discontinued.

T.8.6. REPAIR OF WOUND - (ITEMS 30023 TO 30049)

The repair of wound referred to in these items must be undertaken by suture, tissue adhesive resin (such as methyl methacrylate) or clips. These items do not cover repair of wound at time of surgery.

Item 30023 covers debridement of traumatic, "deep or extensively contaminated" wound. Benefits are not payable under this item for debridement which would be expected to be encountered as part of an operative approach to the treatment of fractures.

For the purpose of items 30026 to 30049 the term 'superficial' means affecting skin and subcutaneous tissue including fat and the term 'deeper tissue' means all tissues deep to but not including subcutaneous tissue such as fascia and muscle.

T.8.7. BIOPSY FOR DIAGNOSTIC PURPOSES - (ITEMS 30071 TO 30096)

Needle aspiration biopsy attracts benefits on an attendance basis and not under item 30078.

Item 30071 should be used when a biopsy (including shave) of a lesion is required to confirm a diagnosis and would facilitate the appropriate management of that lesion. If the shave biopsy results in a definitive excision of the lesion, only 30071 can be claimed.

Items 30071-30096 require that the specimen be sent for pathological examination.

The aftercare period for item 30071 is 2 days rather than the standard aftercare period for skin excision of 10 days.

T.8.8. LIPECTOMY - (ITEMS 30165 TO 30177)

Multiple lipectomies, e.g., both buttocks and both thighs attract benefits under Item 30171 once only, i.e. the multiple operation rule does not apply. Medicare benefits are not payable in respect of liposuction, except in the circumstances outlined in Items 45584 and 45585.

Lipectomy items 30165 and 30177 may not be claimed for patients if performed within 12 months after the most recent pregnancy.

Lipectomy items 30165 to 30177 cannot be claimed in association with items 45564, 45565 or 45530. Where the abdomen requires closure with reconstruction of the umbilicus following free tissue transfer (45564, 45565) or breast reconstruction (45530), item 45569 is to be claimed.

T.8.9. TREATMENT OF KERATOSES, WARTS ETC (ITEMS 30185, 30186, 30187, 30189, 30192 AND 36815)

Treatment of seborrheic keratoses by any means, attracts benefits on an attendance basis only.

Treatment of fewer than 10 solar keratoses by ablative techniques such as cryotherapy attracts benefits on an attendance basis only. Where 10 or more solar keratoses are treated by ablative techniques, benefits are payable under item 30192. Where one or more solar keratoses are treated by electrosurgical destruction, simple curettage or shave excision, benefits are payable under item 30195.

Warts and molluscum contagiosum where treated by any means attract benefits on an attendance basis except where:

- (a) admission for treatment in an operating theatre of an accredited day surgery facility or hospital is required. In this circumstance, benefits are paid under item 30189 where a definitive removal of the wart or molluscum contagiosum is to be undertaken.
- (b) benefits have been paid under item 30189, and recurrence occurs.
- (c) definitive removal of palmar or plantar warts is undertaken. In these circumstances, where less than 10 palmar or plantar warts are treated, by methods other than ablative techniques alone, benefits are paid under item 30186, with fees progressively reducing as for multi operations, and where 10 or more palmar or plantar warts are treated, by methods other than ablative techniques alone, benefits are paid as a flat fee under item 30185.
- (d) palmar and plantar warts are treated by laser and require treatment in an operating theatre of an accredited day surgery facility or hospital. In this circumstance, benefits are paid under item 30187.

Ablative techniques include cryotherapy and chemical removal.

T.8.10. CRYOTHERAPY AND SERIAL CURETTAGE EXCISION - (ITEMS 30196 TO 30203)

In items 30196 and 30197, serial curettage excision, as opposed to simple curettage, refers to the technique where the margin having been defined, the lesion is carefully excised by a skin curette using a series of dissections and cauterisations so that all extensions and infiltrations of the lesion are removed.

For the purposes of Items 30196 to 30203 (inclusive), the requirement for histopathological proof of malignancy is satisfied where multiple lesions are to be removed from the one anatomical region if a single lesion from that region is histologically tested and proven for malignancy.

For the purposes of items 30196 to 30203 (inclusive), an anatomical region is defined as: hand, forearm, upper arm, shoulder, upper trunk or chest (anterior and posterior), lower trunk (anterior or posterior) or abdomen (anterior lower trunk), buttock, genital area/perineum, upper leg, lower leg and foot, neck, face (six sections: left/right lower, left/right mid and left/right upper third) and scalp.

The Department of Human Services (DHS) has developed a [Health Practitioner Guideline to substantiate proof of malignancy where required for MBS items](#) which is located on the DHS website.

T.8.11. TELANGIECTASES OR STARBURST VESSELS - (ITEMS 30213 AND 30214)

These items are restricted to treatment on the head and/or neck. A session of less than 20 minutes duration attracts benefits on an attendance basis.

Item 30213 is restricted to a maximum of 6 sessions in a 12 month period. Where additional treatments are indicated in that period, item 30214 should be used.

Claims for benefits under item 30214 should be accompanied by full clinical details, including pre-operative colour photographs, to verify the need for additional services. Where digital photographs are supplied, the practitioner must sign each photograph to certify that the digital photograph has not been altered.

The claim and the additional information should be lodged with Medicare Australia for referral to the National Office of Medicare Australia for assessment by the Medicare Claims Review Panel (MCRP) and must be accompanied by sufficient clinical and/or photographic evidence to enable Medicare Australia to determine the eligibility of the service for the payment of benefits.

Practitioners may also apply to Medicare Australia for prospective approval for proposed surgery.

Applications for approval should be addressed in a sealed envelope marked 'Medical-in Confidence' to:

**The MCRP Officer
PO Box 9822**

T.8.12. SENTINEL NODE BIOPSY FOR BREAST CANCER - (ITEMS 30299 TO 30303)

The Medical Services Advisory Committee (MSAC) evaluated the available evidence and found that sentinel lymph node biopsy is safe and effective in identifying sentinel lymph nodes, but that the long term outcomes of sentinel lymph node biopsy compared to lymph node clearance are uncertain. As a result, interim Medicare funding is available for these items pending the outcome of clinical trials and further consideration by the MSAC.

For items 30299 and 30300, both lymphoscintigraphy and lymphotropic dye injection must be used, unless the patient has an allergy to the lymphotropic dye.

For the purposes of these items, the axillary lymph node levels referred to are as follows:

- **Level I** - axillary lymph nodes up to the inferior border of pectoralis minor.
- **Level II** - axillary lymph nodes up to the superior border of pectoralis minor.
- **Level III** - axillary lymph nodes extending above the superior border of pectoralis minor.

T.8.13. DISSECTION OF AXILLARY LYMPH NODES - (ITEMS 30335 AND 30336)

For the purposes of Items 30335 and 30336, the definitions of lymph node levels referred to are set out below.

Anatomically, the dissection extends from below upwards as follows:

- **Level I** - dissection of axillary lymph nodes up to the inferior border of pectoralis minor.
- **Level II** - dissection of axillary lymph nodes up to the superior border of pectoralis minor.
- **Level III** - dissection of axillary lymph nodes extending above the superior border of pectoralis minor.

T.8.14. LAPAROTOMY AND OTHER PROCEDURES ON THE ABDOMINAL VISCERA - (ITEM 30375)

Procedures on the abdominal viscera may be performed by laparotomy or laparoscopically. Item 30375 covers several operations on abdominal viscera not dissimilar in time and complexity. Where more than one of the procedures are performed during the one operation, each procedure may be itemised according to the multiple operation formula.

T.8.15. DIAGNOSTIC LAPAROSCOPY - (ITEM 30390)

If a diagnostic laparoscopy procedure is performed at a different time on the same day to another laparoscopic service, the procedures are considered to be un-associated services. The claim for benefits should be annotated to indicate that the two services were performed on separate occasions, otherwise the claims will be considered to be a single service.

T.8.16. MAJOR ABDOMINAL INCISION - (ITEM 30396)

A major abdominal incision is one that gives access through an open wound to all compartments of the abdominal cavity. Item 30396 is intended for open surgical incisions only and not those performed laparoscopically.

T.8.17. GASTROINTESTINAL ENDOSCOPIC PROCEDURES - (ITEMS 30473 TO 30481, 30484 TO 30487, 30490 TO 30494, 30680 TO 32023, 32084 TO 32095, 32103, 32104 AND 32106)

The following are guidelines for appropriate minimum standards for the performance of GI endoscopy in relation to (a) cleaning, disinfection and sterilisation procedures, and (b) anaesthetic and resuscitation equipment.

These guidelines are based on the advice of the Gastroenterological Society of Australia, the Sections of HPB and Upper GI and of Colon and Rectal Surgery of the Royal Australasian College of Surgeons, and the Colorectal Surgical Society of Australia.

Cleaning, disinfection and sterilisation procedures

Endoscopic procedures should be performed in facilities where endoscope and accessory reprocessing protocols follow procedures outlined in:

- i. Infection and Endoscopy (3rd edition), Gastroenterological Society of Australia;
- ii. Australian Guidelines for the Prevention and Control of Infection in Healthcare (NHMRC, 2010); and
- iii. Australian Standard AS 4187-1994 (and Amendments), Standards Association of Australia.

Anaesthetic and resuscitation equipment

Where the patient is anaesthetised, anaesthetic equipment, administration and monitoring, and post-operative and resuscitation facilities should conform to the standards outlined in 'Sedation for Endoscopy', Australian & New Zealand College of Anaesthetists, Gastroenterological Society of Australia and Royal Australasian College of Surgeons.

Conjoint Committee

For the purposes of Item 32023, the procedure is to be performed by a colorectal surgeon or gastroenterologist with endoscopic training who is recognised by the Conjoint Committee for the Recognition of Training in Gastrointestinal Endoscopy.

T.8.18. REVISION OF GASTRIC REDUCTION, GASTROPLASTY OR BYPASS - (ITEM 30514)

Revision of gastric procedure, for example to correct misplacement of the gastric band or other adverse effects of the initial surgery, involves complete reversal of the initial surgery immediately followed by another reduction, gastroplasty or bypass procedure. For revision item 30514 can be claimed with either item 30511 or 30512, whichever is relevant. For cases where division of adhesions exceeds 45 minutes either item 30378 (laparotomy) or item 30393 (laparoscopy) can also be claimed.

T.8.19. GASTRECTOMY, SUB-TOTAL RADICAL - (ITEM 30523)

The item differs from total radical Gastrectomy (Item 30524) in that a small part of the stomach is left behind. It involves resection of the greater omentum and posterior abdominal wall lymph nodes with or without splenectomy.

T.8.20. ANTI REFLUX OPERATIONS - (ITEMS 30527 TO 30533, 31464 AND 31466)

These items cover various operations for reflux oesophagitis. Where the only procedure performed is the simple closure of a diaphragmatic hiatus benefit would be attracted under Item 30387 (Laparotomy involving operation on abdominal viscera, including pelvic viscera, not being a service to which another item in this Group applies).

T.8.21. RADIOFREQUENCY ABLATION OF MUCOSAL METAPLASIA FOR THE TREATMENT OF BARRETT'S OESOPHAGUS (ITEM 30687)

The diagnosis of high grade dysplasia is recommended to be confirmed by two expert pathologists with experience in upper gastrointestinal pathology.

A multidisciplinary team should review treatment options for patients with high grade dysplasia and would typically include upper gastrointestinal surgeons and/or interventional gastroenterologists.

T.8.22. ENDOSCOPIC OR ENDOBRONCHIAL ULTRASOUND +/- FINE NEEDLE ASPIRATION - (ITEMS 30688 - 30710)

For the purposes of these items the following definitions apply:

Biopsy means the removal of solid tissue by core sampling or forceps

FNA means aspiration of cellular material from solid tissue via a small gauge needle.

The provider should make a record of the findings of the ultrasound imaging in the patient's notes for any service claimed against items 30688 to 30710.

Endoscopic ultrasound is an appropriate investigation for patients in whom there is a strong clinical suspicion of pancreatic neoplasia with negative imaging (such as CT scanning). Scenarios include, but are not restricted to:

- A middle aged or elderly patient with a first attack of otherwise unexplained (eg negative abdominal CT) first episode of acute pancreatitis; or
- A patient with biochemical evidence of a neuroendocrine tumour.

The procedure is not claimable for periodic surveillance of patients at increased risk of pancreatic cancer, such as chronic pancreatitis. However, EUS would be appropriate for a patient with chronic pancreatitis in whom there was a clinical suspicion of pancreatic cancer (eg: a pancreatic mass occurring on a background of chronic pancreatitis).

T.8.23. REMOVAL OF SKIN LESIONS - (ITEMS 31200 TO 31355)

The excision of warts and seborrheic keratoses attracts benefits on an attendance basis with the exceptions outlined in T8.13 of the explanatory notes to this category. Excision of pre-malignant lesions including solar keratoses where clinically indicated are covered by items 31200 to 31240.

The excision of suspicious pigmented lesions for diagnostic purposes attract benefits under items 31205 to 31240. Only if a further more extensive excision is undertaken should the items covering excision of malignancies be used.

Items 31200 and 31245 *do not require* the specimen to be sent for histological confirmation. Items 31205 to 31240 and 31250 *require* that the specimen be sent for histological examination. Items 31255 to 31335 *require* that a specimen has

been sent for histological confirmation of malignancy, and any subsequent specimens are sent for histological examination. Confirmation of malignancy *must* be received before itemisation of accounts for Medicare benefits purposes.

Where histological results are available at the time of issuing accounts, the histological diagnosis will decide the appropriate itemisation. If the histological report shows the lesion to be benign, items 31205 to 31240 should be used. Malignant tumours are covered by items 31255 to 31355.

A practitioner providing the first treatment episode for a primary BCC/SCC must use the appropriate item from the following: 31255; 31260; 31265; 31270; 31275; 31280; 31285; or 31290.

Where residual BCC/SCC remains following an initial excision of a primary lesion and the same practitioner is excising that residual BCC/SCC then the appropriate item must be claimed from the following: 31256; 31261; 31266; 31271; 31276; 31281; 31286 or 31291.

Where residual BCC/SCC remains following an initial excision of a primary lesion and a practitioner other than the practitioner that performed the previous excision is excising that residual BCC/SCC then the appropriate item must be claimed from the following: 31257; 31262; 31267; 31272; 31277; 31282; 31287 or 31292.

Where a BCC/SCC was removed and complete excision of the lesion was confirmed, but a BCC/SCC has recurred at the primary site, then the items providing for recurrent BCC/SCC would usually apply.

A practitioner excising a recurrent BCC/SCC of the head or neck and who is a specialist in the practice of his or her specialty or a practitioner other than the practitioner who provided previous treatment (where the lesion was removed by previous surgery, serial cautery and curettage, radiotherapy or two prolonged freeze/thaw cycles of liquid nitrogen therapy) must use item 31295.

A practitioner excising a recurrent BCC/SCC from an area other than the head or neck or who otherwise does not meet the criteria as described under item 31295 must use the appropriate item from the following 31258; 31263; 31268; 31273; 31278; 31283; 31288 or 31293.

For the purpose of these items, the tumour/lesion size should be determined by the macroscopic measurement of the surface diameter of the tumour/lesion or, for elliptical tumours/lesions, by the average surface diameter. The relevant size of the lesion relates to that measured in situ before excision. Suture of wound following surgical excision also includes closure by tissue adhesive resin, clips or similar.

Definitive surgical excision for items 31300 to 31335 is defined as “surgical removal with an adequate margin and, as a result, no further surgery is indicated at that site of excision.

It will be necessary for practitioners to retain copies of histological reports.

Items 31245 and 31250 do not cover shave excision.

T.8.24. REMOVAL OF SKIN LESION FROM FACE - (ITEMS 31235 TO 31245, 31265 TO 31278, 31310 TO 31320)

For the purposes of these items, the face is defined as that portion of the head anterior to the hairline and above the jawline.

T.8.25. DISSECTION OF LYMPH NODES OF NECK - (ITEMS 31423 TO 31438)

For the purposes of these items, the lymph node levels referred to are as follows:-

Level I	Submandibular and submental lymph nodes
Level II	Lymph nodes of the upper aspect of the neck including the jugulodigastric node, upper jugular chain nodes and upper spinal accessory nodes
Level III	Lymph nodes deep to the middle third of the sternomastoid muscle consisting of mid jugular chain nodes, the lower most of which is the jugulo-omohyoid node, lying at the level where the omohyoid muscle crosses the internal jugular vein
Level IV	Lower jugular chain nodes, including those nodes overlying the scalenus anterior muscle
Level V	Posterior triangle nodes, which are usually distributed along the spinal accessory nerve in the posterior triangle

Comprehensive dissection involves all 5 neck levels while **selective** dissection involves the removal of only certain lymph node groups, for example:-

Item 31426 (removal of 3 lymph node levels) - e.g. supraomohyoid neck dissection (levels I-III) or lateral neck dissection (levels II-IV).

Item 31429 (removal of 4 lymph node levels) - e.g. posterolateral neck dissection (levels II-V) or anterolateral neck dissection (levels I-IV)

Other combinations of node levels may be removed according to clinical circumstances.

T.8.26. EXCISION OF BREAST LESIONS, ABNORMALITIES OR TUMOURS - MALIGNANT OR BENIGN - (ITEMS 31500 TO 31515)

Therapeutic biopsy or excision of breast lesions, abnormalities or tumours under Items: 31500, 31503, 31506, 31509, 31512, 31515 either singularly or in combination should not be claimed when using the Advanced Breast Biopsy Instrumentation (ABBI) procedure, or any other large core breast biopsy device.

T.8.27. SUBCUTANEOUS MASTECTOMY - (ITEMS 31521, 31524 AND 31527)

When, after completing a subcutaneous mastectomy a prosthesis is inserted, benefits are payable for the latter procedure under Item 45527, the multiple operation formula applying.

Claims for benefits under item 45585 are not payable in association with 31521 or 31527.

T.8.28. FINE NEEDLE ASPIRATION OF BREAST LESION - (ITEM 31533)

An impalpable lesion includes those lesions that clinically require definition by ultrasound or mammography for accurate or safe sampling, eg. lesions in association with breast prostheses or in areas of breast thickening.

T.8.29. DIAGNOSTIC BIOPSY OF BREAST USING ADVANCED BREAST BIOPSY INSTRUMENTATION - (ITEMS 31539 AND 31545)

For the purposes of Items 31539 and 31545, surgeons performing this procedure should have evidence of appropriate training via a course approved by the Breast Section of the Royal Australasian College of Surgeons, have experience in the procedure, and Medicare Australia notified of their eligibility to perform this procedure.

The ABBI procedure is contraindicated and should not be performed on the following subset of patients:

- Patients with mass, asymmetry or clustered microcalcifications that cannot be targeted using digital imaging equipment;
- Patients unable to lie prone and still for 30 to 60 minutes;
- Breasts less than 20mm in thickness when compressed;
- Women on anticoagulants;
- Lesions that are too close to the chest wall to allow cannula access;
- Patients weighing more than 135kg;
- Women with prosthetic breast implants.

T.8.30. PREOPERATIVE LOCALISATION OF BREAST LESION PRIOR TO THE USE OF ADVANCED BREAST BIOPSY INSTRUMENTATION - (ITEM 31542)

For the purposes of item 31542, radiologists eligible to perform the procedure must have been identified by the Royal Australian and New Zealand College of Radiologists as having sufficient training and experience in this procedure, and Medicare Australia notified of their eligibility to perform this procedure.

T.8.31. PER ANAL EXCISION OF RECTAL TUMOUR USING RECTOSCOPY - (ITEMS 32103, 32104 AND 32106)

Surgeons performing these procedures should be colorectal surgeons and have undergone appropriate training which is recognised by the Colorectal Surgical Society of Australasia.

Items 32103, 32104 and 32106 cannot be claimed in conjunction with each other or with anterior resection items 32024 or 32025 for the same patient, on the same day, by any practitioner.

T.8.32. VARICOSE VEINS - (ITEMS 32500 TO 32517)

Claims for benefits under item 32501 should be accompanied by full clinical details, including pre-operative colour photographs, to verify the need for additional services.

Where digital photographs are supplied, the practitioner must sign each photograph to certify that the digital photograph has not been altered. The claim and the additional information should be lodged with the Department of Human Services

for referral to the National Office of the Department of Human Services for assessment by the Medicare Claims Review Panel (MCRP) and must be accompanied by sufficient clinical and/or photographic evidence to enable the Department of Human Services to determine the eligibility of the service for the payment of benefits.

Practitioners may also apply to the Department of Human Services for prospective approval for proposed surgery.

Applications for approval should be addressed in a sealed envelope marked 'Medical-in Confidence' to:

The MCRP Officer
PO Box 9822
SYDNEY NSW 2001

Items 32500 to 32517

In relation to endovenous laser therapy (ELT) and/or radiofrequency diathermy/ablation, Rule 2.44.14 of the *Health Insurance (General Medical Services Table) Regulations* (GMST) means the following:

- ELT and/or radiofrequency diathermy/ablation are not payable if they are billed under any varicose vein items (32500 to 32517) or vascular item 35321.
- If ELT and/or radiofrequency diathermy/ablation are provided on the same occasion as these MBS items, the ELT and radiofrequency diathermy/ablation services must be itemised separately on the invoice, showing the full fees for each service separately to the fees billed against the MBS items.
- We strongly recommend that a practitioner who intends to bill ELT and/or radiofrequency diathermy/ablation on the same occasion as providing MBS services contact Department of Human Services' provider information line on 132 150 to confirm Department of Human Services' requirements for correct itemisation of MBS and non-MBS services on a single invoice.
- The Department of Human Services monitors billing practices associated with MBS items and any billing which stands out as being out of line with most practitioners may warrant the attention of the Department of Human Services.
- In light of the policy clarification of GMST Rule 2.44.14, with effect from 1 May 2009, the Department of Human Services will be able to track any apparent cost-shifting (of ELT and/or radiofrequency diathermy/ablation) to the MBS items detailed in GMST Rule 2.44.14 or to other MBS items

T.8.33. ENDOVENOUS LASER THERAPY (ITEMS 32520 AND 32522)

It is recommended that the medical practitioner performing the endovenous laser therapy (ELT) has successfully completed a substantial course of study and training in the management of venous disease, which has been endorsed by their relevant professional organisation.

ELT is recommended in cases where it is documented by duplex ultrasound that the great or small saphenous vein (or one of its major tributaries) demonstrates reflux of 0.5 seconds or longer.

T.8.34. UTERINE ARTERY EMBOLISATION - (ITEM 35410)

This item was introduced on an interim basis in November 2006 following a recommendation of the Medical Services Advisory Committee (MSAC), pending the outcome of clinical trials and further consideration by the MSAC. The requirement for specialist referral by a gynaecologist for uterine artery embolisation was a MSAC recommendation. Providers should retain the instrument of specialist referral for each patient from the date of the procedure, as this may be subject to audit by Medicare Australia.

T.8.35. ENDOVASCULAR COILING OF INTRACRANIAL ANEURYSMS - (ITEM 35412)

This service includes balloon angioplasty and insertion of stents (assisted coiling) associated with intracranial aneurysm coiling. The use of liquid embolics alone is not covered by this item. Digital Subtraction Angiography (DSA) done to diagnose the aneurysm (items 60009 and either 60072, 60075 or 60078) is claimable, however this must be clearly noted on the claim and in the clinical notes as separate from the intra-operative DSA done with the coiling procedure.

T.8.36. ARTERIAL AND VENOUS PATCHES - (ITEMS 33545 TO 33551 AND 34815)

Vascular surgery items have been constructed on the basis that arteriotomy and venotomy wounds are closed by simple suture without the use of a patch.

Where a patch angioplasty is used to enlarge a narrowed vein, artery or arteriovenous fistula, the correct item would be 34815 or 34518. If the vein is harvested for the patch through a separate incision, Item 33551 would also apply, in accordance with the multiple operation rule.

If a patch graft is involved in conjunction with an operative procedure included in Items 33500 - 33542, 33803, 33806, 33815, 33833 or 34142, the patch graft would attract benefits under Item 33545 or 33548 in addition to the item for the primary operation (under the multiple operation rule). Where vein is harvested for the patch through a separate incision Item 33551 would also apply.

T.8.37. CAROTID PERCUTANEOUS TRANSLUMINAL ANGIOPLASTY WITH STENTING - (ITEM 35307)

This item is introduced into the Schedule following a recommendation of the Medical Services Advisory Committee (MSAC). MSAC recommended that "CPTAS should be funded for patients who meet the criteria for CEA (carotid endarterectomy) but are unfit for open surgery (CEA)." A continuing review of the item usage will be undertaken.

The indications for CEA are: >50% stenosis of carotid artery associated with stroke or transient ischaemic attack; or, >80% asymptomatic carotid stenosis. Medical comorbidities which would be considered to make patients at high risk of anaesthetic perioperative complications at open CEA are: significant coronary artery disease; severe heart failure; severe pulmonary disease; or, age greater than 80 years. Surgical conditions which would make patients unfit for open surgery are: recurrent stenosis post CEA; high cervical internal carotid lesion (above C2); low common carotid lesion below the clavicle; contralateral carotid occlusion; contralateral laryngeal nerve palsy; tracheostomy; or, prior radiation therapy of the neck or neck dissection.

T.8.38. PERIPHERAL ARTERIAL OR VENOUS CATHETERISATION - (ITEM 35317)

Item 35317 is restricted to the regional delivery of thrombolytic, vasoactive or chemotherapeutic oncologic agents in association with a radiological service. This item is not intended for infusions with systemic effect.

T.8.39. PERIPHERAL ARTERIAL OR VENOUS EMBOLISATION - (ITEM 35321)

As set out in Rule 2.44.14 in the *Health Insurance (General Medical Services Table) Regulations*, item 35321 does not apply to the service described in that item if the service is provided at the same time as, or in connection with, endovenous laser treatment for varicose veins.

T.8.40. SELECTIVE INTERNAL RADIATION THERAPY (SIRT) USING SIR-SPHERES - (ITEMS 35404, 35406 AND 35408)

These items were introduced into the Schedule on an interim basis in May 2006 following a recommendation of the Medical Services Advisory Committee (MSAC) pending the outcome of clinical trials and further consideration by the MSAC. SIRT should not be performed in an outpatient or day patient setting to ensure patient and radiation safety requirements are met.

T.8.41. PERCUTANEOUS TRANSLUMINAL CORONARY ANGIOPLASTY - (ITEMS 38309, 38312, 38315 AND 38318)

A coronary artery lesion is considered to be complex when the lesion is a chronic total occlusion, located at an ostial site, angulated, tortuous or greater than 1cm in length. Percutaneous transluminal coronary rotational atherectomy is suitable for revascularisation of complex and heavily calcified coronary artery stenoses in patients for whom coronary artery bypass graft surgery is contraindicated.

Each of the items 38309, 38312, 38315 and 38318 describes an episode of service. As such, only one item in this range can be claimed in a single episode.

T.8.42. COLPOSCOPIC EXAMINATION - (ITEM 35614)

It should be noted that colposcopic examination (screening) of women during the course of a consultation does not attract Medicare benefits under Item 35614 except in the following circumstances:- (i) where the patient has had an abnormal cervical smear; (ii) where there is a history of ingestion of oestrogen by the patient's mother during her pregnancy; or (iii) where the patient has been referred by another medical practitioner because of suspicious signs of genital cancer.

T.8.43. HYSTEROSCOPY - (ITEM 35626)

Hysteroscopy undertaken in the office/consulting rooms can be claimed under this item where the conditions set out in the description of the item are met.

T.8.44. CURETTAGE OF UTERUS UNDER GA OR MAJOR NERVE BLOCK - (ITEMS 35639 AND 35640)

Uterine scraping or biopsy using small curettes (e.g. Sharman's or Zeppelin's) and requiring minimal dilatation of the cervix, not necessitating a general anaesthesia, does not attract benefits under these items but would be paid under Item 35620 where malignancy is suspected, or otherwise on an attendance basis.

T.8.45. NEOPLASTIC CHANGES OF THE CERVIX - (ITEMS 35644-35648)

The term "previously confirmed intraepithelial neoplastic changes of the cervix" in these items refers to diagnosis made by either cytologic, colposcopic or histologic methods. This may also include persistent human papilloma virus (HPV) changes of the cervix.

T.8.46. STERILISATION OF MINORS - LEGAL REQUIREMENTS - (ITEMS 35657, 35687, 35688, 35691, 37622 AND 37623)

- (i) It is unlawful throughout Australia to conduct a sterilisation procedure on a minor which is not a by-product of surgery appropriately carried out to treat malfunction or disease (eg malignancies of the reproductive tract) unless legal authorisation has been obtained.
- (ii) Practitioners are liable to be subject to criminal and civil action if such a sterilisation procedure is performed on a minor (a person under 18 years of age) which is not authorised by the Family Court of Australia or another court or tribunal with jurisdiction to give such authorisation.
- (iii) Parents/guardians have no legal authority to consent on behalf of minors to such sterilisation procedures. Medicare Benefits are only payable for sterilisation procedures that are clinically relevant professional services as defined in Section 3 (1) of the *Health Insurance Act 1973*.

T.8.47. DEBULKING OF UTERUS - (ITEM 35658)

Benefits are payable under Item 35658, using the multiple operation rule, in addition to vaginal hysterectomy.

T.8.48. NEPHRECTOMY - (ITEMS 36526 AND 36527)

Items 36526 and 36527 are only claimable where the practitioner has a high index of suspicion of malignancy which cannot be confirmed by biopsy prior to surgery being performed, due to the biopsy being either clinically inappropriate, or the specimen provided showing an inconclusive diagnosis.

T.8.49. SACRAL NERVE STIMULATION - (ITEMS 36658, 36660, AND 36662)

Items 36658, 36660, and 36662 only apply in the following circumstances:

- (a) the patient has received a sacral nerve stimulation implant for the management of refractory urinary incontinence or urge retention;
- (b) the patient requires replacement or removal of the pulse generator and/or leads for the neurostimulator device; and
- (c) the service referred to in paragraph (a) was rendered to the patient prior to 30 April 1998 and a Medicare benefit was paid for that service under item 30000, 39134, 39139 or 39140.

T.8.50. SACRAL NERVE STIMULATION (ITEMS 36663-36668)

A two-stage process of testing and treatment is required to ensure suitability for Sacral Nerve Stimulation for detrusor overactivity or non obstructive urinary retention where urethral obstruction has been urodynamically excluded. The testing phase involves acute and sub-chronic testing. The first stage includes peripheral nerve evaluation and patients who achieve greater than 50% improvement in urinary incontinence or retention episodes during testing will be eligible to receive permanent SNS treatment.

T.8.51. URETEROSCOPY - (ITEM 36803)

Item 36803 refers to ureteroscopy of one ureter when performed for the purpose of inspection alone. It may not be used when one of the other ureteroscopy numbers (Items 36806 or 36809) or pyeloscopy numbers (Items 36652, 36654 or 36656) is used for a ureteroscopic procedure performed in the same ureter or collecting system. It may be used when inspection alone is carried out in one ureter independently from a ureteroscopic or pyeloscopy procedure in another ureter or collecting system. If Item number 36803 is used with one of the other above 5 numbers, it must be specified that item number 36803 refers to ureteroscopy performed in another ureter eg 36654 (Right side) and 36803 (Left side). 36803 may also be used in this way if there is a partial or complete duplex collecting system eg 36809 (Lower pole moiety ureter, Left side) and 36803 (Upper pole moiety ureter, Left side).

Item numbers 36806 and 36809 may only be used together when 2 independent ureteroscopic procedures are performed in separate ureters. These separate ureters may be components of a complete or partial duplex system. If both these numbers are used together, the Regulations require qualification of these item numbers by the site, as is necessary with 36803 eg 36806 (Right side) and 36809 (Left side).

T.8.52. SELECTIVE CORONARY ANGIOGRAPHY - (ITEMS 38215 TO 38246)

Each item in the range 38215-38240 describes an episode of service. As such, only one item in this range can be claimed in a single episode.

Item 38243 may be billed once only immediately prior to any coronary interventional procedure, including situations where a second operator performs any coronary interventional procedure after diagnostic angiography by the first operator.

Item 38246 may be billed when the same operator performs diagnostic coronary angiography and then proceeds directly with any coronary interventional procedure during the same occasion of service. Consequently, it may not be billed in conjunction with items 38215, 38218, 38220, 38222, 38225, 38228, 38231, 38234, 38237, 38240 or 38243. In the event that the same operator performed any coronary interventional procedure immediately after the diagnostic procedure described by item 38231, 38237 or 38240, that item may be billed as an alternative to item 38246.

Items in the range 38215 - 38246 cannot be claimed for any intravascular ultrasound (IVUS) procedure therefore Medicare Benefits are not payable for IVUS.

T.8.53. TRANSURETHRAL NEEDLE ABLATION (TUNA) OF THE PROSTATE - (ITEMS 37201 AND 37202)

Moderate to severe lower urinary tract symptoms are defined using the American Urological Association (AUA) Symptom Score or the International Prostate Symptom Score (IPSS).

Patients not medically fit for transurethral resection of the prostate (TURP) can be defined as:

- (i) Those patients who have a high risk of developing a serious complication from the surgery. Retrograde ejaculation is **not** considered to be a serious complication of TURP.
- (ii) Those patients with a co-morbidity which may substantially increase the risk of TURP or the risk of the anaesthetic necessary for TURP.

T.8.54. GOLD FIDUCIAL MARKERS INTO THE PROSTATE - (ITEM 37217)

Item 37217 is for the insertion of gold fiducial markers into the prostate or prostate surgical bed as markers for radiotherapy. The service can not be claimed under item 37218 or any other surgical item.

This item is introduced into the Schedule on an interim basis pending the outcome of an evaluation being undertaken by the Medical Services Advisory Committee (MSAC).

Further information on the review of this service is available from the MSAC Secretariat.

T.8.55. BRACHYTHERAPY OF THE PROSTATE - (ITEM 37220)

One of the requirements of item 37220 is that patients have a Gleason score of less than or equal to 7. However, where the patient has a score of 7, comprising a primary score of 4 and a secondary score of 3 (ie. 4+3=7), it is recommended that low dose rate brachytherapy form part of a combined modality treatment.

Low dose rate brachytherapy of the prostate should be performed in patients, with favourable anatomy allowing adequate access to the prostate without pubic arch interference, and who have a life expectancy of greater than 10 years.

An 'approved site' for the purposes of this item is one at which radiation oncology services may be performed lawfully under the law of the State or Territory in which the site is located.

T.8.56. HIGH DOSE RATE BRACHYTHERAPY - (ITEM 37227)

Item 37227 covers the service undertaken by a urologist or radiation oncologist as part of the High Dose Rate Brachytherapy procedure, in association with a radiation oncologist. If the service is undertaken by a urologist, a radiation oncologist must be present in person at the time of the service. The removal of the catheters following completion of the Brachytherapy is also covered under this item.

T.8.57. RADICAL OR DEBULKING OPERATION FOR OVARIAN TUMOUR - (ITEM 35720)

This item refers to the operation for carcinoma of the ovary where the bulk of the tumour and the omentum are removed. Where this procedure is undertaken in association with hysterectomy benefits are payable under both item numbers with the application of the multiple operation formula.

T.8.58. TRANSCUTANEOUS SPERM RETRIEVAL - (ITEM 37605)

Item 37605 covers transcutaneous sperm retrieval for the purposes of intracytoplasmic sperm injection (item 13251) for male factor infertility, in association with assisted reproductive technologies.

Item 37605 provides for the procedure to be performed unilaterally. Where it is clinically necessary to perform the service bilaterally, the multiple operation rule would apply, in accordance with point T8.5 of these Explanatory Notes.

Where the procedure is carried out under local infiltration as the means of anaesthesia, additional benefit is not payable for the anaesthesia component as this is considered to be part of the procedure.

T.8.59. SURGICAL SPERM RETRIEVAL, BY OPEN APPROACH - (ITEM 37606)

Item 37606 covers open sperm retrieval for the purposes of intracytoplasmic sperm injection (item 13251) for male factor infertility, in association with assisted reproductive technologies. Item 37606 provides for the procedure to be performed unilaterally. Where it is clinically necessary to perform the service bilaterally, the multiple operation rule would apply.

Benefits for item 37606 may be claimed in conjunction with a service or services provided under item 37605, where an open approach is clinically necessary following an unsuccessful percutaneous approach. Likewise, such services would be subject to the multiple operation rule.

Benefit is not payable for item 37606 in conjunction with item 37604.

T.8.60. CARDIAC PACEMAKER INSERTION - (ITEMS 38209, 38212, 38350, 38353 AND 38356)

The fees for the insertion of a pacemaker (Items 38350, 38353 and 38356) cover the testing of cardiac conduction or conduction threshold, etc related to the pacemaker and pacemaker function.

Accordingly, additional benefits are not payable for such routine testing under Item 38209 or 38212 (Cardiac electrophysiological studies).

T.8.61. IMPLANTABLE ECG LOOP RECORDER - (ITEM 38285)

The fee for implantation of the loop recorder (item 38285) covers the initial programming and testing of the device for satisfactory rhythm capture. Benefits are payable only once per day.

The term “recurrent” refers to more than one episode of syncope, where events occur at intervals of 1 week or longer. The term “other available cardiac investigations” includes the following:

- a complete history and physical examination that excludes a primary neurological cause of syncope and does not exclude a cardiac cause;
- *electrocardiography (ECG) (items 1170-11702);*
- *echocardiography (items 55113-55115);*
- *continuous ECG recording or ambulatory ECG monitoring (items 11708-11711);*
- *up-right tilt table test (item 11724); and*
- cardiac electrophysiological study, unless there is reasonable medical reason to waive this requirement (item 38209).

T.8.62. TRANSLUMINAL INSERTION OF STENT OR STENTS - (ITEM 38306)

Item 38306 should only be billed once per occlusion site. It is not appropriate to bill item 38306 multiple times for the insertion of more than one stent at the same occlusion site in the same artery. However, it would be appropriate to claim this item multiple times for insertion of stents into the same artery at different occlusion sites or into another artery or occlusion site. It is expected that the practitioner will note the details of the artery or site into which the stents were placed, in order for Medicare Australia to process the claims.

T.8.63. PERMANENT CARDIAC SYNCHRONISATION DEVICE (ITEMS 38365, 38368 AND 38654)

Items 38365, 38368 and 38654 apply only to patients who meet the criteria listed in the item descriptor, and to patients who do not meet the criteria listed in the descriptor but have previously had a CRT device and transvenous left ventricular electrode inserted and who prior to its insertion met the criteria and now need the device replaced.

T.8.64. INTRAVASCULAR EXTRACTION OF PERMANENT PACING LEADS - (ITEM 38358)

For the purposes of Item 38358 specialists or consultant physicians claiming this item must have training recognised by the Lead Extraction Advisory Committee of the Cardiac Society of Australia and New Zealand, and Medicare Australia notified of that recognition. The procedure should only be undertaken in a hospital capable of providing cardiac surgery.

T.8.65. CARDIAC RESYNCHRONISATION THERAPY - (ITEM 38371)

Item 38371 applies only to patients who meet the criteria listed in the item descriptor, and to patients who do not meet the criteria listed in the descriptor but have previously had an CRT device capable of defibrillation inserted and who prior to its insertion met the criteria and now need the device replaced.

T.8.66. IMPLANTABLE CARDIOVERTER DEFIBRILLATOR - (ITEMS 38384 AND 38387)

Items 38384 and 38387 apply only to patients who meet the criteria listed in the item descriptor, and to patients who do not meet the criteria listed in the descriptor but have previously had an ICD device inserted and who prior to its insertion met the criteria and now need the device replaced.

T.8.67. CARDIAC AND THORACIC SURGICAL ITEMS - (ITEMS 38470 TO 38766)

Items 38470 to 38766 must be performed using open exposure or minimally invasive surgery which excludes percutaneous and transcatheter techniques unless otherwise stated in the item.

T.8.68. CORONARY ARTERY BYPASS - (ITEMS 38497 TO 38504)

The fees for Items 38497 and 38498 include the harvesting of vein graft material. Harvesting of internal mammary artery and/or vein graft material is covered in the fees for Items 38500, 38501, 38503 and 38504. Where harvesting of an artery other than the internal mammary artery is undertaken, benefits are payable under Item 38496 on the multiple operation basis. The procedure of coronary artery bypass grafting using arterial graft is covered by Item 38500, 38501, 38503 or 38504 irrespective of the origin of the arterial graft.

Items 38498, 38501 and 38504 require that either a clinical or medical perfusionist are present in the operating theatre throughout the procedure in case it is necessary to convert to an on-pump procedure and cardiopulmonary bypass is required.

If it is necessary to provide cardiopulmonary bypass items 38498, 38501 and 38504 cannot be claimed. The procedure should be claimed under items 38497, 38500 or 38503 as appropriate in conjunction with the relevant cardiopulmonary bypass procedures.

T.8.69. RE-OPERATION VIA MEDIAN STERNOTOMY - (ITEM 38640)

Medicare benefits are payable for Item 38640 plus the item/s covering the major surgical procedure/s performed at the time of the re-operation, using the multiple operation formula. Benefits are not payable for Item 38640 in association with Item 38656, 38643 or 38647.

T.8.70. SKULL BASE SURGERY - (ITEMS 39640 TO 39662)

The surgical management of lesions involving the skull base (base of anterior, middle and posterior fossae) often requires the skills of several surgeons or a number of surgeons from different surgical specialties working together or in tandem during the operative session. These operations are usually not staged because of the need for definitive closure of the dura, subcutaneous tissues, and skin to avoid serious infections such as osteomyelitis and/or meningitis.

Items 39640 to 39662 cover the removal of the tumour, which would normally be performed by a neurosurgeon. Other items are available to cover procedures performed as a part of skull base surgery by practitioners in other specialities, such as ENT and plastic and reconstructive surgery.

T.8.71. INTRADISCAL INJECTION OF CHYMOPAPAIN - (ITEM 40336)

The fee for this item includes routine post-operative care. Associated radiological services attract benefits under the appropriate item in Group I3.

T.8.72. REMOVAL OF VENTILATING TUBE FROM EAR - (ITEM 41500)

Benefits are not payable under Item 41500 for removal of ventilating tube. This service attracts benefits on an attendance basis.

T.8.73. MEATOPLASTY - (ITEM 41515)

When this procedure is associated with Item 41530, 41548, 41557, 41560 or 41563 the multiple operation rule applies.

T.8.74. RECONSTRUCTION OF AUDITORY CANAL - (ITEM 41524)

When associated with Item 41557, 41560 or 41563 the multiple operation rule applies.

T.8.75. REMOVAL OF NASAL POLYP OR POLYPI - (ITEMS 41662, 41665 AND 41668)

Where such polyps are removed in association with another intranasal procedure, Medicare benefit is paid under Item 41662. However where the associated procedure is of lesser value than Items 41665/41668, benefit for removal of polypi would be paid under Items 41665/41668.

T.8.76. LARYNX, DIRECT EXAMINATION - (ITEM 41846)

Benefit is not attracted under this item when an anaesthetist examines the larynx during the course of administration of a general anaesthetic.

T.8.77. MICROLARYNGOSCOPY - (ITEM 41858)

This item covers the removal of "juvenile papillomata" by mechanical means, e.g. cup forceps. Item 41861 refers to the removal by laser surgery.

T.8.78. IMBEDDED FOREIGN BODY - (ITEM 42644)

For the purpose of item 42644, an imbedded foreign body is one that is sub-epithelial or intra-epithelial and is completely removed using a hypodermic needle, foreign body gouge or similar surgical instrument with magnification provided by a slit lamp biomicroscope, loupe or similar device.

Item 42644 also provides for the removal of rust rings from the cornea, which requires the use of a dental burr, foreign body gouge or similar instrument with magnification by a slit lamp biomicroscope.

Where the imbedded foreign body is not completely removed, benefits are payable under the relevant attendance item.

T.8.79. CORNEAL INCISIONS - (ITEM 42672)

The description of this item refers to two sets of calculations, one performed some time prior to the operation, the other during the course of the operation. Both of these measurements are included in the Schedule fee and benefit for Item 42672.

T.8.80. CATARACT SURGERY (ITEMS 42698 AND 42701)

Items 42698 and 42701 provide for intraocular lens extraction and replacement as a separate procedure to be used in instances when lens removal and replacements are contraindicated at the same operation, such as in patients presenting with proliferative diabetic retinopathy or recurrent uveitis.

T.8.81. POSTERIOR JUXTASCLERAL DEPOT INJECTION - (ITEM 42741)

For the purpose of item 42741, the therapeutic substance must be registered with the Therapeutic Goods Administration (or listed on the Pharmaceutical Benefits Schedule, if so listed) as being suitable for injection for the treatment of predominantly (greater than or equal to 50%) classic, subfoveal choroidal neovascularisation due to age-related macular degeneration, as diagnosed by fluorescein angiography, in a patient with a baseline visual acuity equal to or better than 6/60.

T.8.82. CYCLODESTRUCTIVE PROCEDURES - (ITEMS 42770)

Item 42770 is restricted to a maximum of 2 treatments in a 2 year period.

T.8.83. INSERTION OF DRAINAGE DEVICE FOR GLAUCOMA (ITEM 42752)

Item 42752 provides for the insertion of a drainage device for the treatment of glaucoma patients who are at high risk of failure of trabeculectomy (such as patients who have aggressive neovascular glaucoma or extensive conjunctival scarring); have iridocorneal endothelial syndrome; inflammatory (uveitic) glaucoma; or aphakic glaucoma.

T.8.84. LASER TRABECULOPLASTY - (ITEMS 42782 AND 42783)

Item 42782 is restricted to a maximum of 4 treatments in a 2 year period. Where additional treatments are necessary in that period Item 42783 should be utilised.

Claims for benefits for item 42783 should be accompanied by full clinical details to verify the need for additional services. The claim and the additional information should be lodged with Medicare Australia for referral to the National Office of Medicare Australia for assessment by the Medicare Claims Review Panel (MCRP) and must be accompanied by sufficient clinical and/or photographic evidence to enable Medicare Australia to determine the eligibility of the service for the payment of benefits.

Practitioners may also apply to Medicare Australia for prospective approval for proposed surgery.

Applications for approval should be addressed in a sealed envelope marked 'Medical-in Confidence' to:

T.8.85. LASER IRIDOTOMY - (ITEMS 42785 AND 42786)

Item 42785 is restricted to a maximum of 2 treatments in a 2 year period. Where additional treatments are necessary in that period Item 42786 should be utilised.

Claims for benefits should be accompanied by full clinical details to verify the need for additional services. The claim and the additional information should be lodged with Medicare Australia for referral to the National Office of Medicare Australia for assessment by the Medicare Claims Review Panel (MCRP) and must be accompanied by sufficient clinical and/or photographic evidence to enable Medicare Australia to determine the eligibility of the service for the payment of benefits.

Practitioners may also apply to Medicare Australia for prospective approval for proposed surgery.

Applications for approval should be addressed in a sealed envelope marked 'Medical-in Confidence' to:

**The MCRP Officer
PO Box 9822
SYDNEY NSW 2001**

T.8.86. LASER CAPSULOTOMY - (ITEMS 42788 AND 42789)

Item 42788 is restricted to a maximum of 2 treatments in a 2 year period. Where additional treatments are necessary in that period Item 42789 should be utilised.

Claims for benefits for item 42789 should be accompanied by full clinical details to verify the need for additional services. The claim and the additional information should be lodged with Medicare Australia for referral to the National Office of Medicare Australia for assessment by the Medicare Claims Review Panel (MCRP) and must be accompanied by sufficient clinical and/or photographic evidence to enable Medicare Australia to determine the eligibility of the service for the payment of benefits.

Practitioners may also apply to Medicare Australia for prospective approval for proposed surgery.

Applications for approval should be addressed in a sealed envelope marked 'Medical-in Confidence' to:

**The MCRP Officer
PO Box 9822
SYDNEY NSW 2001**

T.8.87. LASER VITREOLYSIS OR CORTICOLYSIS OF LENS MATERIAL OR FIBRINOLYSIS - (ITEMS 42791 AND 42792)

Item 42791 is restricted to a maximum of 2 treatments in a 2 year period. Where additional treatments are necessary in that period Item 42792 should be utilised.

Claims for benefits for item 42792 should be accompanied by full clinical details to verify the need for additional services. The claim and the additional information should be lodged with Medicare Australia for referral to the National Office of Medicare Australia for assessment by the Medicare Claims Review Panel (MCRP) and must be accompanied by sufficient clinical and/or photographic evidence to enable Medicare Australia to determine the eligibility of the service for the payment of benefits.

Practitioners may also apply to Medicare Australia for prospective approval for proposed surgery.

Applications for approval should be addressed in a sealed envelope marked 'Medical-in Confidence' to:

**The MCRP Officer
PO Box 9822

T.8.88. DIVISION OF SUTURE BY LASER - (ITEM 42794)

Benefits under this item are restricted to a maximum of 2 treatments in a 2 year period. There is no provision for additional treatments in that period.

T.8.89. LASER COAGULATION OF CORNEAL OR SCLERAL BLOOD VESSELS - (ITEM 42797)

Benefits under this item are restricted to 4 treatments in a 2 year period. There is no provision for additional treatments in that period.

Benefits are not payable under Item 42797 for procedures undertaken for cosmetic purposes (see paragraph 13.1.2 of the General Explanatory Notes).

T.8.90. OPHTHALMIC SUTURES - (ITEM 42845)

This item refers to the occasion when readjustment has to be made to the sutures to vary the angle of deviation of the eye. It does not cover the mere tightening of the loosely tied sutures without repositioning, or adjustment performed prior to the patient leaving the operating theatre.

T.8.91. FULL FACE CHEMICAL PEEL - (ITEMS 45019 AND 45020)

These items relate to full face chemical peel in the circumstances outlined in the item descriptors. Claims for benefits should be accompanied by full clinical details, including pre-operative colour photographs, to confirm that the conditions for payment of benefits have been met. Where digital photographs are supplied, the practitioner must sign each photograph to certify that the digital photograph has not been altered. The claim and the additional information should be lodged with Medicare Australia for referral to the National Office of Medicare Australia for assessment by the Medicare Claims Review Panel (MCRP) and must be accompanied by sufficient clinical and/or photographic evidence to enable Medicare Australia to determine the eligibility of the service for the payment of benefits.

Practitioners may also apply to Medicare Australia for prospective approval for proposed surgery.

Applications for approval should be addressed in a sealed envelope marked 'Medical-in Confidence' to:

**The MCRP Officer
PO Box 9822
SYDNEY NSW 2001**

T.8.92. ABRASIVE THERAPY/RESURFACING - (ITEMS 45021 TO 45026)

For the purposes of the above items, one aesthetic area is any of the following of the whole face (considered to be divided into six segments):- forehead; right cheek; left cheek; nose; upper lip; and chin.

Items 45021 and 45024 cover abrasive therapy only. For the purposes of these items, abrasive therapy requires the removal of the epidermis and into the deeper papillary dermis. Services performed using a laser are not eligible for benefits under these items.

Items 45025 and 45026 do not cover the use of fractional (Fraxel®) laser therapy.

T.8.93. FOREIGN IMPLANT - (ITEM 45051)

For Medicare benefits to be payable for this item the intention of the implantation must be either to reconstruct facial or body contours which have been damaged by trauma or disease or to correct a deformity which has been pathologically caused.

T.8.94. ESCHAROTOMY - (ITEM 45054)

Benefits are payable once only under Item 45054 for each limb (or chest) regardless of the number of incisions to each of these areas.

T.8.95. LOCAL SKIN FLAP - DEFINITION

Medicare benefits for flaps are only payable when clinically appropriate. Clinically appropriate in this instance means that the flap or graft is required to close the defect because the defect cannot be closed directly, or because the flap is required to adapt scar position optimally with regard to skin creases or landmarks, maintain contour on the face or neck, or prevent distortion of adjacent structures or apertures.

A local skin flap is an area of skin and subcutaneous tissue designed to be elevated from the skin adjoining a defect requiring closure. The flap remains partially attached by its pedicle and is moved into the defect by rotation, advancement or transposition, or a combination of these manoeuvres. A benefit is only payable when the flap is required for adequate wound closure. A secondary defect will be created which may be closed by direct suture, skin grafting or sometimes a further local skin flap. This later procedure will also attract benefit if closed by graft or flap repair but not when closed by direct suture.

By definition, direct wound closure (e.g. by suture) does not constitute skin flap repair. Similarly, angled, curved or trapdoor incisions which are used for exposure and which are sutured back in the same position relative to the adjacent tissues are not skin flap repairs. Undermining of the edges of a wound prior to suturing is considered a normal part of wound closure and is not considered a skin flap repair.

A "Z" plasty is a particular type of transposition flap repair. Although 2 flaps are created, benefit will be paid on the basis of Items 45200, 45203 or 45206 once only.

Items where benefit for local skin flap repair (if indicated as above) is payable, include:

30023, 30180, 30186, 30269, 31205-31340, 45030, 45033, 45036-45045, 45506, 45512, 45626.

Note: This list is not all-inclusive and there are circumstances where other services might involve flap repair.

The following items are examples of where local flap repair would usually not be payable. If further advice is required, Medicare Australia should be contacted.

30026-30052, 30099-30114, 30165-30177, 31200, 45520, 45522, 45524, 45563, 45587, 45632-45644, 45659, 45662, 45677-45713.

T.8.96. FREE GRAFTING TO BURNS - (ITEMS 45406 TO 45418)

Items 45406 to 45418 cover split skin grafting using autografts, homografts or xenografts.

T.8.97. REVISION OF SCAR - (ITEMS 45506 TO 45518)

For the purposes of items 45506 to 45518, revision of scar refers to modification of existing scars (traumatic, surgical or pathological) that is designed to decrease scar width, adapt scar position with regard to skin creases and landmarks, release scars from adhering to underlying structures, improve scar contour in keeping with undamaged skin or restore the shape of facial aperture.

Items 45506 to 45518 are only claimable when performed by a specialist in the practice of his or her specialty or where undertaken in the operating theatre of a hospital.

Only items 45506 and 45512, for the face and neck, can be claimed in association with items providing for graft or flap services.

For excision of scar services which do not meet the requirements of the revision of scar items as defined, the appropriate item in the range 31200 to 31240 should be claimed.

T.8.98. AUGMENTATION MAMMAPLASTY - (ITEMS 45524, 45527 AND 45528)

Medicare benefit is generally not attracted under item 45524 unless the asymmetry in breast size is greater than 10%. Augmentation of a second breast some time after an initial augmentation of one side would not attract benefits. Benefits are not payable for augmentation mammoplasty services performed using fat transfer to the breast.

Item 45528 applies where bilateral mammoplasty is indicated because of malformation of breast tissue, disease or trauma of the breast, (but not as a result of previous cosmetic surgery) other than covered under item 45524 or 45527. Claims for benefits under this item should be accompanied by full clinical details, including pre-operative colour photographs. Where digital photographs are supplied, the practitioner must sign each photograph to certify that the digital photograph has not been altered. The claim and the additional information should be lodged with Medicare, for referral to the National Office of Medicare Australia, in a sealed envelope marked 'Medical-in-Confidence'.

Applications for approval should be addressed to:

**The MCRP Officer
PO Box 9822**

SYDNEY NSW 2001

Practitioners may also apply to Medicare Australia for prospective approval for proposed surgery.

T.8.99. BREAST RECONSTRUCTION, MYOCUTANEOUS FLAP - (ITEM 45530)

When a prosthesis is inserted in conjunction with this operation, benefit would be attracted under Item 45527, the multiple operation rule applying. Benefits would also be payable for nipple reconstruction (Item 45545) when performed.

When claiming item 45530 for a rectus abdominis flap; item 45569 should be claimed for closure of the abdomen and reconstruction of the umbilicus, and item 45570 may be claimed if repair of the musculoaponeurotic layer is required. When claiming item 45530 for a latissimus dorsi flap, no item for the closure of the musculoaponeurotic layer should be claimed as it is expected that repair will be by direct suture. In the small number of cases, when a latissimus dorsi flap is used, and repair by means other than direct suture is required, use of item 45203 would be appropriate.

Items 30165, 30168, 30171, 30174 or 30177 (lipectomy items) should not be claimed in association with item 45530 as stated in the *Health Insurance (General Medical Services Table) Regulations*.

T.8.100. BREAST PROSTHESIS, REMOVAL AND REPLACEMENT OF - (ITEMS 45552 TO 45555)

It is generally expected that the replacement prosthesis will be the same size as the prosthesis that is removed. Medicare benefits are not payable for services under items 45552-45555 where the procedure is performed solely to increase breast size.

T.8.101. BREAST PTOSIS - (ITEMS 45556 TO 45559)

For the purposes of item 45556, Medicare benefit is only payable for the correction of breast ptosis when performed unilaterally, to match the position of the contralateral breast. This item is payable only once per patient. Additional benefit is not payable if this procedure is also performed on the contralateral breast.

Items 45557 and 45558 apply where correction of breast ptosis is indicated because the nipple is inferior to the infra-mammary groove.

Claims for benefits for items 45557, 45558 and 45559 should be accompanied by full clinical details including colour photographs including an anterolateral view. Where digital photographs are supplied, the practitioner must sign each photograph to certify that the digital photograph has not been altered. The claim and the additional information should be lodged with Medicare, for referral to the National Office of the Commission, in a sealed envelope marked 'Medical-in Confidence'. These items are payable only once per patient.

Applications for approval should be addressed to:

The MCRP Officer
PO Box 9822
SYDNEY NSW 2001

Practitioners may also apply to Medicare Australia for prospective approval for proposed surgery.

T.8.102. NIPPLE AND/OR AREOLA RECONSTRUCTION - (ITEMS 45545 AND 45546)

Item 45545 involves the taking of tissue from, for example, the other breast, the ear lobe and the inside of the upper thigh with or without local flap.

Item 45546 covers the non-surgical creation of nipple or areola by intradermal colouration.

T.8.103. LIPOSUCTION - (ITEMS 45584, 45585 AND 45586)

Medicare benefits for liposuction are generally attracted under item 45584, that is for the treatment of post-traumatic pseudolipoma. Such trauma must be significant and result in large haematoma and localised swelling. Only on very rare occasions would benefits be payable for bilateral liposuction.

Where liposuction is indicated for the treatment of Barraquer-Simon's Syndrome (pathological lipodystrophy of hips, buttocks, thighs, and knees or lower legs), lymphoedema or macrodystrophia lipomatosa item 45585 applies.

Claims for benefits under items 45585 and 45586 should be accompanied by full clinical details, including pre-operative colour photographs.

Where digital photographs are supplied, the practitioner must sign each photograph to certify that the digital photograph has not been altered. The claim and the additional information should be lodged with Medicare, for referral to the Medicare Claims Review Panel, in a sealed envelope marked 'Medical-in-Confidence'.

Applications for approval should be addressed to:

The MCRP Officer
PO Box 9822
SYDNEY NSW 2001

Practitioners may also apply to Medicare Australia for Prospective approval for proposed surgery.

T.8.104. MELOPLASTY FOR CORRECTION OF FACIAL ASYMMETRY - (ITEMS 45587 AND 45588)

Benefits are payable under items 45587 and 45588 for face-lift operations performed to correct soft tissue abnormalities of the face due to causes other than the ageing process.

Where bilateral meloplasty is indicated because of congenital malformation for conditions such as drooping from the angles of the mouth and deep pitting of the skin resulting from severe acne scarring, disease or trauma (but not as a result of previous cosmetic surgery), item 45588 applies. Claims for benefits under this item should be accompanied by full clinical details, including pre-operative colour photographs. Where digital photographs are supplied, the practitioner must sign each photograph to certify that the digital photograph has not been altered. The claim and the additional information should be lodged with Medicare, for referral to the National Office of the Commission, in a sealed envelope marked 'Medical-in Confidence'.

Applications for approval should be addressed to:

The MCRP Officer
PO Box 9822
SYDNEY NSW 2001

Practitioners may also apply to Medicare Australia for prospective approval for proposed surgery.

For the purpose of items 45587 and 45588 severe acne scarring is defined as scarring on the face or cheeks that is obvious from a distance of 2 metres.

T.8.105. REDUCTION OF EYELIDS - (ITEMS 45617 AND 45620)

Where a reduction is performed for a medical condition of one eyelid, it may be necessary to undertake a similar compensating procedure on the other eyelid to restore symmetry. The latter operation would also attract benefits. Where there is doubt as to whether benefits would be payable, advice should be sought from a medical adviser of Medicare Australia.

T.8.106. RHINOPLASTY - (ITEMS 45638, 45639)

Benefits are payable for septoplasty (item 41671) where performed in conjunction with rhinoplasty.

Item 45638 applies where surgery is indicated for correction of nasal obstruction, post-traumatic deformity (but not as a result of previous elective cosmetic surgery), or both.

Item 45639 applies where surgery is indicated for the correction of significant developmental deformity. Developmental deformity includes cleft nose, bifid tip and twisted nose. Claims for benefits under this item should be accompanied by full clinical details and pre-operative photographs, including front, base (ie inferior view) and two laterals of the nose. Where digital photographs are supplied, the practitioner must sign each photograph to certify that the digital photograph has not been altered. The claim and the additional information should be lodged with Medicare, for referral to the National Office of the Commission, in a sealed envelope marked 'Medical-in Confidence'.

Applications for approval should be addressed to:

The MCRP Officer
PO Box 9822
SYDNEY NSW 2001

Practitioners may also apply to Medicare Australia for prospective approval for proposed surgery.

T.8.107. CONTOUR RESTORATION - (ITEM 45647)

For the purpose of item 45647, a region in relation to the face is defined as either being upper left or right, mid left or right or lower left or right. Accounts should be annotated with region/s to which the service applies.

T.8.108. VERMILIONECTOMY - (ITEM 45669)

Item 45669 covers treatment of the entire lip.

T.8.109. OSTEOTOMY OF JAW - (ITEMS 45720 TO 45752)

The fee and benefit for these items include the various forms of internal or dental fixation, jaw immobilisation, the transposition of nerves and vessels and bone grafts taken from the same site. Bone grafts taken from a separate site, eg iliac crest, would attract additional benefit under Item 47726 or 47729 for the harvesting, plus Item 48239 or 48242 for the grafting.

For the purposes of these items, a reference to maxilla includes the zygoma.

Item 75621 for the provision of fitting of surgical templates may be claimed in association with the appropriate orthognathic surgical items in the range of 45720 to 45754 for prescribed dental patients registered under the Cleft Lip and Cleft Palate Scheme.

T.8.110. GENIOPLASTY - (ITEM 45761)

Genioplasty attracts benefit once only although a section is made on both sides of the symphysis of the mandible.

T.8.111. TUMOUR, CYST, ULCER OR SCAR - (ITEMS 45801 TO 45813)

It is recognised that odontogenic keratocysts, although not neoplastic, often require the same surgical management as benign tumours.

T.8.112. FRACTURE OF MANDIBLE OR MAXILLA - (ITEMS 45975 TO 45996)

There are two maxillae in the skull and for the purpose of these items the mandible is regarded as comprising two bones.

T.8.113. REDUCTION OF DISLOCATION OR FRACTURE

Closed reduction means treatment of a dislocation or fracture by non-operative reduction, and includes the use of percutaneous fixation or external splintage by cast or splints.

Open reduction means treatment of a dislocation or fracture by either operative exposure including the use of any internal or external fixation; or non-operative (closed reduction) where intra-medullary or external fixation is used.

Where the treatment of a fracture requires reduction on more than one occasion to achieve an adequate alignment, benefits are payable for each separate occasion at which reduction is performed under the appropriate item covering the fracture being treated.

The treatment of fractures/dislocations not specifically covered by an item in Subgroup 15 (Orthopaedic) attracts benefits on an attendance basis.

T.8.114. REMOVAL OF MULTIPLE EXOSTOSES (ITEMS 47933 AND 47936)

Items 47933 and 47936 provide for removal of multiple exostoses when undertaken via the same incision.

T.8.115. LUMBAR DISCECTOMY - (ITEM 48636)

Following an MSAC assessment of Intradiscal Electrothermal Annuloplasty (IDETA), it was recommended that public funding not be supported for IDETA at this time therefore medical benefits are not payable for the IDETA procedure. A restriction has been placed on the item 48636 (lumbar discectomy). This item cannot be claimed for IDETA.

T.8.116. DISCECTOMY IN RELATION TO ANTERIOR INTERBODY SPINAL FUSION - (ITEMS 48660 TO 48675)

Benefits are not payable for discectomy items claimed in association with anterior interbody fusion items unless discectomy is required to remove expelled fragments of disc or is undertaken at a level different from where the fusion is performed.

T.8.117. INTERNAL FIXATION - (ITEMS 48678 TO 48690)

Benefits under these items are only attracted where internal fixation is carried out in association with spinal fusion covered by Items 48642 to 48675. The multiple rule would apply in each instance.

T.8.118. WRIST SURGERY - (ITEMS 49200 TO 49227)

For the purposes of these items, the wrist includes both the radiocarpal joint and the midcarpal joint.

T.8.119. DIAGNOSTIC ARTHROSCOPY AND ARTHROSCOPIC SURGERY OF THE KNEE (ITEMS 49557 AND 49563)

The Medical Services Advisory Committee (MSAC) evaluated the available evidence and did not support public funding for matrix-induced autologous chondrocyte implantation (MACI) or autologous chondrocyte implantation (ACI) for the treatment of chondral defects in the knee and other joints, due to the increased cost compared to existing procedures and the lack of evidence showing short term or long-term improvements in clinical outcomes. Medicare benefits are not payable in association with this technology.

T.8.120. PAEDIATRIC PATIENTS - (ITEMS 50450 TO 50658)

For the purpose of Medicare benefits a paediatric patient is considered to be a patient under the age of eighteen years, except in those instances where an item provides further specifications (i.e. fracture items for paediatric patients which state “with open growth plates”).

T.8.121. TREATMENT OF FRACTURES IN PAEDIATRIC PATIENTS - (ITEMS 50500 TO 50588)

Items 50552 and 50560 apply to fractures that may arise during delivery and at an age when anaesthesia poses a significant risk and thus reduction is usually performed in the neonatal unit or nursery.

Item 50576 provides for closed reduction in the skeletally immature patient and will require application of a hip spica cast and related aftercare.

Medicare benefits are payable for services that specify reduction with or without internal fixation by open or percutaneous means, where reduction is carried out on the growth plate or joint surface or both.

T.8.122. NON-RESECTABLE HEPATOCELLULAR CARCINOMA DESTRUCTION OF BY OPEN OR LAPAROSCOPIC RADIOFREQUENCY ABLATION - (ITEM 50952)

A multi-disciplinary team for the purposes of item 50952 would include a hepatobiliary surgeon, interventional radiologist and a gastroenterologist or oncologist.

T.8.123. PARACENTESIS OF ANTERIOR CHAMBER OR VITREOUS CAVITY AND/OR INTRAVITREAL INJECTION - (ITEMS 42738 TO 42740)

Items 42738 and 42739 provide for paracentesis for the injection of therapeutic substances and/or the removal of aqueous or vitreous, when undertaken as an independent procedure. That is, not in conjunction with other intraocular surgery.

Item 42739 should be claimed for patients requiring anaesthetic services for the procedure. Advice from the Royal Australian and New Zealand College of Ophthalmologists is that independent injections require only topical anaesthesia, with or without subconjunctival anaesthesia, except in specific circumstances as outlined below where additional anaesthetic services may be indicated:

- nystagmus or eye movement disorder;
- cognitive impairment precluding safe intravitreal injection without sedation;
- a patient under the age of 18 years;
- a patient unable to tolerate intravitreal injection under local anaesthetic without sedation; or
- endophthalmitis or other inflammation requiring more extensive anaesthesia (eg peribulbar).

Practitioners billing item 42739 must keep clinical notes outlining the basis for the use of anaesthetic.

Item 42740 provides for intravitreal injection of therapeutic substances and/or the removal of vitreous for diagnostic purposes when performed in conjunction with other intraocular surgery including with a service to which Item 42809 (retinal photocoagulation) applies.

T.9.1. ASSISTANCE AT OPERATIONS - (ITEMS 51300 TO 51318)

Items covering operations which are eligible for benefits for surgical assistance have been identified by the inclusion of the word "Assist." in the item description. Medicare benefits are not payable for surgical assistance associated with procedures which have not been so identified.

The assistance must be rendered by a medical practitioner other than the surgeon, the anaesthetist or the assistant anaesthetist.

Where more than one practitioner provides assistance to a surgeon no additional benefits are payable. The assistance benefit payable is the same irrespective of the number of practitioners providing surgical assistance.

NOTE: The Benefit in respect of assistance at an operation is not payable unless the assistance is rendered by a medical practitioner other than the anaesthetist or assistant anaesthetist. The amount specified is the amount payable whether the assistance is rendered by one or more medical practitioners.

Assistance at Multiple Operations

Where surgical assistance is provided at two or more operations performed on a patient on the one occasion the multiple operation formula is applied to all the operations to determine the surgeon's fee for Medicare benefits purposes. The multiple-operation formula is then applied to those items at which assistance was rendered and for which Medicare benefits for surgical assistance is payable to determine the abated fee level for assistance. The abated fee is used to determine the appropriate Schedule item covering the surgical assistance (ie either Item 51300 or 51303).

Multiple Operation Rule - Surgeon

Item A - \$300@100%
Item B - \$250@50%
Item C - \$200@25%
Item D - \$150@25%

Multiple Operation Rule - Assistant

Item A (Assist.) - \$300@100%
Item B (No Assist.)
Item C (Assist.) - \$200@50%
Item D (Assist.) - \$150@25%

The derived fee applicable to Item 51303 is calculated on the basis of one-fifth of the abated Schedule fee for the surgery which attracts an assistance rebate.

Surgeons Operating Independently

Where two surgeons operate independently (ie neither assists the other or administers the anaesthetic) the procedures they perform are considered as two separate operations, and therefore, where a surgical assistant is engaged by each, or one of the surgeons, benefits for surgical assistance are payable in the same manner as if the surgeons were operating separately.

T.9.2. BENEFITS PAYABLE UNDER ITEM 51300

Medicare benefits are payable under item 51300 for assistance rendered at any operation identified by the word "Assist." for which the fee does not exceed the fee threshold specified in the item descriptor, or at a series or combination of operations identified by the word "Assist." for which the aggregate Schedule fee threshold specified in the item descriptor has not been exceeded.

T.9.3. BENEFITS PAYABLE UNDER ITEM 51303

Medicare benefits are payable under item 51303 for assistance rendered at any operation identified by the word "Assist." for which the fee exceeds the fee threshold specified in the item descriptor or at a series or combination of operations identified by the word "Assist." for which the aggregate Schedule fee exceeds the threshold specified in the item descriptor.

T.9.4. BENEFITS PAYABLE UNDER ITEM 51309

Medicare benefits are payable under item 51309 for assistance rendered at any operation identified by the word "Assist." or a series or combination of operations identified by the word "Assist." and assistance at a delivery involving Caesarean section.

Where assistance is provided at a Caesarean section delivery and at a procedure or procedures which have not been identified by the word "Assist.", benefits are payable under item 51306.

T.9.5. ASSISTANCE AT CATARACT AND INTRAOCULAR LENS SURGERY - (ITEM 51318)

The reference to "previous significant surgical complication" covers vitreous loss, rupture of posterior capsule, loss of nuclear material into the vitreous, intraocular haemorrhage, intraocular infection (endophthalmitis), cystoid macular oedema, corneal decompensation or retinal detachment.

T.10.1. RELATIVE VALUE GUIDE FOR ANAESTHETICS - (GROUP T10)

Overview of the RVG

The RVG groups anaesthesia services within anatomical regions. These items are listed in the MBS under Group T10, Subgroups 1-16 Anaesthesia for radiological and other therapeutic and diagnostic services are grouped separately under Subgroup 17. Also included in the RVG format are certain additional monitoring and therapeutic services, such as blood pressure monitoring (item 22012) and central vein catheterisation (item 22020) when performed in association with the administration of anaesthesia. These services are listed at subgroup 19. The RVG also provides for assistance at anaesthesia under certain circumstances. These items are listed at subgroup 26.

Details of the billing requirements for the RVG are available from the Medicare Australia website.

The RVG is based on an anaesthesia unit system reflecting the complexity of the service and the total time taken for the service. Each unit has been assigned a dollar value.

Under the RVG, the Medicare benefit for anaesthesia in connection with a procedure is comprised of up to three components:

The basic units allocated to each anaesthetic procedure, reflecting the complexity of the procedure (an item in the range 20100-21997). For example:

20702	INITIATION AND MANAGEMENT OF ANAESTHESIA for percutaneous liver biopsy (4 basic units) Fee: \$77.80 Benefit: 75% \$58.35 85% \$66.15
-------	---

the time unit allocation reflecting the total time of the anaesthesia (an item in the range 23010-24136), for example;

23033	- 41 MINUTES to 45 MINUTES (3 units) Fee: \$58.35 Benefit: 75% = \$43.80 85% = \$ 49.60
-------	--

plus, where appropriate

modifying units recognising certain added complexities in anaesthesia (an item/s in the range 25000-25020), for example

25015	ANAESTHESIA, PERFUSION OR ASSISTANCE AT ANAESTHESIA where the patients age is less than 12 months of age or 70 years or greater (1 unit) Fee: \$19.45 Benefit: 75% \$14.60 85% \$16.55
-------	---

Each assistant at anaesthesia service in subgroup 26 has also been allocated a number of base units. The total time that the assistant anaesthetist was in active attendance on the patient is then added, along with modifiers, as appropriate, to establish the fee for the assistant service. For example:

25200	ASSISTANCE IN THE ADMINISTRATION OF ANAESTHESIA on a patient in imminent danger of death requiring continuous life saving emergency treatment , to the exclusion of all other patients Derived Fee: An amount of \$97.25 (5 basic units) plus an item in the range 23010-24136) plus, where applicable, an item/s in the range 25000 – 25020
-------	--

As with anaesthesia, where whole body perfusion is performed, the Schedule fee is determined on the base units allocated to the service (item 22060), the total time for the perfusion, and modifying units, as appropriate i.e

(a) the basic units allocated to whole body perfusion under item 22060;

22060	WHOLE BODY PERFUSION, CARDIAC BYPASS, using heart-lung machine or equivalent (20 basic units) Fee: \$389.00 Benefit: 75% = \$291.75 85% = \$330.65
-------	---

(b) plus, the time unit allocation reflecting the total time of the perfusion (an item in the range 23010 – 24136), for example;

23033	41 MINUTES TO 45 MINUTES (3 basic units) Fee: \$58.35 Benefit: 75% = \$43.80 85% = \$ 49.60
-------	--

plus, where appropriate

(c) modifying units recognising certain added complexities in perfusion (an item/s in the range 25000 – 25020) for example

25015	ANAESTHESIA, PERFUSION OR ASSISTANCE AT ANAESTHESIA
-------	---

- where the patient's age is up to one year or 70 years or greater (1 basic units)
Fee: \$19.45 Benefit: 75% \$14.60 85% \$16.55

T.10.2. ELIGIBLE SERVICES

Generally, a Medicare benefit is only payable for anaesthesia which is performed in connection with an “eligible” service. Under the Health Insurance Regulations, an “eligible” service is defined as a clinically relevant professional service which is listed in the Schedule and which has been identified as attracting an anaesthetic fee.

T.10.3. RVG UNIT VALUES

Basic Units

The RVG basic unit allocation represents the complexity of the anaesthetic procedure relative to the anatomical site and physiological impact of the surgery.

Time Units

The number of time units is calculated from the total time of the anaesthesia service, the assistant at anaesthesia service or the whole body perfusion service:

- *for anaesthesia*, time is considered to begin when the anaesthetist commences exclusive and continuous care of the patient for anaesthesia. Time ends when the anaesthetist is no longer in professional attendance, that is, when the patient is safely placed under the supervision of other personnel;
- *for assistance at anaesthesia*, time is taken to be the period that the assistant anaesthetist is in active attendance on the patient during anaesthesia; and
- *for perfusion*, perfusion time begins with the commencement of anaesthesia and finishes with the closure of the chest.

For up to and including the first - 2 hours of time, each 15 minutes (or part thereof) constitutes 1 time unit. For time beyond 2 hours, each time unit equates to 10 minutes (or part thereof).

For statistical purposes, the first 2 hours of time after the first 15 minutes is represented in the Medicare Benefits Schedule by item numbers in 5 minute increments. For example:

	ANAESTHESIA, ASSISTANCE AT ANAESTHESIA OR PERFUSION TIME - for anaesthesia in connection with an eligible medical service or a dental service or assistance at anaesthesia in connection with an eligible medical service or for perfusion in connection with an eligible medical service		
23010	15 MINUTES OR LESS (1 unit) Fee: \$19.45	Benefit: 75%= \$14.60	Benefit: 85% = \$16.55
23021	16 MINUTES TO 20 MINUTES (2 units) Fee: \$38.90	Benefit: 75%= \$29.20	Benefit: 85% = \$33.10
23022	21 MINUTES to 25 MINUTES (2 units) Fee: \$38.90	Benefit: 75%= \$29.20	Benefit: 85% = \$33.10
23023	- 26 MINUTES to 30 MINUTES (2 units) Fee: \$38.90	Benefit: 75%= \$29.20	Benefit: 85% = \$33.10
23031	- 31 MINUTES to 35 MINUTES (3 units) Fee: \$58.35	Benefit: 75%= \$43.80	Benefit: 85% = \$49.60
23032	- 36 MINUTES to 40 MINUTES (3 units) Fee: \$58.35	Benefit: 75%= \$43.80	Benefit: 85% = \$49.60
23033	- 41 MINUTES to 45 MINUTES (3 units) Fee: \$58.35	Benefit: 75%= \$43.80	Benefit: 85% = \$49.60

For services lasting between 15 minutes and two hours, the appropriate 5 minute item number should be included on accounts.

Modifying Units (25000 – 25050)

Modifying units have been included in the RVG to recognise added complexities in anaesthesia or perfusion, associated with the patient’s age, physical status or the requirement for emergency surgery. These cover the following clinical

situations:

- **ASA physical status indicator 3 - A patient with severe systemic disease that significantly limits activity (item 25000).** This would include: severely limiting heart disease; severe diabetes with vascular complications or moderate to severe degrees of pulmonary insufficiency.

Some examples of clinical situations to which ASA 3 would apply are:

- a patient with ischaemic heart disease such that they encounter angina frequently on exertion thus significantly limiting activities;
- a patient with chronic airflow limitation who gets short of breath such that the patient cannot complete one flight of stairs without pausing;
- a patient who has suffered a stroke and is left with a residual neurological deficit to the extent that it significantly limits normal activity, such as hemiparesis; or
- a patient who has renal failure requiring regular dialysis.

- **ASA physical status indicator 4 - A patient with severe systemic disease which is a constant threat to life (item 25005).** This covers patients with severe systemic disorders that are already life-threatening, not always correctable by an operation. This would include: patients with heart disease showing marked signs of cardiac failure; persistent angina or advanced degrees of pulmonary, hepatic, renal or endocrine insufficiency.

ASA physical status indicator 4 would be characterised by the following clinical examples:

- a person with coronary disease such that they get angina daily on minimum exertion thus severely curtailing their normal activities;
- a person with end stage emphysema who is breathless on minimum exertion such as brushing their hair or walking less than 20 metres; or
- a person with severe diabetes which affects multiple organ systems where they may have one or more of the following examples:-
 - severe visual impairment or significant peripheral vascular disease such that they may get intermittent claudication on walking less than 20 metres; or
 - severe coronary artery disease such that they suffer from cardiac failure and/or angina whereby they are limited to minimal activity.

- **ASA physical status indicator 5 - a moribund patient who is not expected to survive for 24 hours with or without the operation (item 25010).** This would include: a burst abdominal aneurysm with profound shock; major cerebral trauma with rapidly increasing intracranial pressure or massive pulmonary embolus.

The following are some examples that would equate to ASA physical status indicator 5

- a burst abdominal aneurysm with profound shock;
- major cerebral trauma with increasing intracranial pressure; or
- massive pulmonary embolus.

NOTE: It should be noted that the Medicare Benefits Schedule does NOT include modifying units for patients assessed as ASA physical status indicator 2. Some examples of ASA 2 would include:

- a patient with controlled hypertension which has no affect on the patient's normal lifestyle;
- a patient with coronary artery disease that results in angina occurring on substantial exertion but not limiting normal activity; or
- a patient with insulin dependant diabetes which is well controlled and has minimal effect on normal lifestyle.”

- **Where the patient is less than 12 months or age or 70 years or greater (item 25015).**

- **For anaesthesia, assistance at anaesthesia or a perfusion service in association with an *emergency procedure (item 25020).**

- **For anaesthesia or assistance at anaesthesia in association with an *after hours emergency procedure (items 25025 and 25030).**

- **For a perfusion service in association with *after hours emergency surgery (item 25050).**

*** NOTE:** It should be noted that the emergency modifier and the after hours emergency modifiers cannot both be claimed in the one anaesthesia assistance at anaesthesia or perfusion episode.

It should also be noted that modifiers are not stand alone services and can only be claimed in association with anaesthesia, assistance at anaesthesia or with a perfusion service covered by item 22060.

Definition of Emergency

For the purposes of both the emergency modifier and the after hours emergency modifiers, emergency is defined as

existing where the patient requires immediate treatment without which there would be significant threat to life or body part.

Definition of After Hours

For the purposes of the after hours emergency modifier items, the after hours period is defined as being the period from 8pm to 8am on any weekday or at any time on a Saturday, a Sunday or a public holiday. Benefit for the After Hours Emergency Modifiers is only payable where more than 50% of the time for the emergency anaesthesia, the assistance at emergency anaesthesia or the perfusion service is provided in the after hours period. In situations where less than the 50% of the time for the service falls in the after hours period, the emergency modifier rather than the after hours emergency modifier applies. For information about deriving the fee for the service where the after hours emergency modifier applies.

T.10.4. DERIVING THE SCHEDULE FEE UNDER THE RVG

The Schedule fee for each component of anaesthesia (base items, time items and modifier items) in the RVG Schedule is derived by applying the unit value to the total number of anaesthesia units for each component. For example:

<i>ITEM</i>	<i>DESCRIPTION</i>		<i>SCHEDULE FEE</i>
RVG	Anaesthesia Service	Units	SCHEDULE FEE (Units x \$ 19.45)
20840	Anaesthesia for resection of perforated bowel	6	\$116.70
23200	Time – 4 hours 40 minutes	24	\$466.80
25000	Modifier - Physical status	1	\$19.45
22012	Central Venous Pressure Monitoring	3	\$58.35

After Hours Emergency Services

When deriving the fee for the after hours emergency modifier for anaesthesia or assistance at anaesthesia, the 50% loading applies to the anaesthesia or assistance service from Group T10 and to any additional clinically relevant therapeutic or diagnostic service from Group T10, Subgroup 18, provided during the anaesthesia episode. For example:

<i>ITEM</i>	<i>DESCRIPTION</i>	UNITS	<i>SCHEDULE FEE (Units x \$19.45)</i>
20840	Anaesthesia for resection of perforated bowel	6	\$ 116.70
23190	Time – 4 hours 40 minutes	24	\$466.80
25000	Modifier - Physical status	1	\$19.45
22012	Central Venous Pressure Monitoring	3	\$58.35
	TOTAL UNITS	34	Schedule fee = \$661.30
25025	Anaesthesia After Hours Emergency Modifier		Schedule Fee \$661.30 x 50% =330.65

Definition of Radical Surgery for the RVG

Where the term radical appears in an item description, it refers to an extensive surgical procedure, performed for the treatment of malignancy. It usually denotes extensive block dissection not only of the malignant tissue, but also of the surrounding tissue, particularly fat and lymphatic drainage systems. See notes T10.18 and T10.22 which clarify the definitions of the words "extensive" and "radical" used in items 20192 and 20474.

Multiple Anaesthesia Services

Where anaesthesia is provided for services covered by multiple items in the RVG, Medicare benefit is only payable for the RVG item with the highest basic unit value. However, the time component should include the total anaesthesia time taken for all services. For example:

ITEM	DESCRIPTION	UNITS	SCHEDULE FEE
20790	Anaesthesia for Cholecystectomy	8	\$155.60
20752	Incisional Hernia	6	(lower value - fee not payable) \$116.70
23111	Time – 2hrs 30mins	11	\$213.95
25015	Physical Status – Over 70	1	\$19.45

Prolonged Anaesthesia

Under the RVG, the previous rules that related to prolonged anaesthesia no longer apply. Where anaesthesia is prolonged beyond that which an anaesthetist would normally encounter for a particular service, the RVG provides for the anaesthetist to claim the total anaesthesia time for the procedure/s.

T.10.5. MINIMUM REQUIREMENTS FOR CLAIMING BENEFITS UNDER ITEMS IN THE RVG (INCLUDING SEDATION)

Medicare benefits for RVG services (including sedation) are only payable where both the staffing and the facility in which the service was rendered meets the following minimum guidelines. These guidelines are based on protocols established by the Australian and New Zealand College of Anaesthetists (ANZCA).

Staffing

- Techniques intended to produce loss of consciousness must not be used unless an anaesthetist is present to care exclusively for the patient;
- Where the patient is a young child, is elderly or has any serious medical condition (such as significant cardio-respiratory disease or danger of airway compromise), an anaesthetist should be present to administer sedation and monitor the patient;
- In all other cases, an appropriately trained medical practitioner, other than the proceduralist, is required to be in exclusive attendance on the patient during the procedure, to administer sedation and to monitor the patient; and
- There must be sufficient equipment (including oxygen, suction and appropriate medication), to enable resuscitation should it become necessary.

Facilities

The procedure must be performed in a location which is adequate in size and staffed and equipped to deal with a cardiopulmonary emergency. This must include:

- An operating table, trolley or chair which can be readily tilted;
- Adequate uncluttered floor space to perform resuscitation, should this become necessary;
- Adequate suction and room lighting;
- A supply of oxygen and suitable devices for the administration of oxygen to a spontaneously breathing patient;
- A self inflating bag suitable for artificial ventilation together with a range of equipment for advance airway management;
- Appropriate drugs for cardiopulmonary resuscitation;
- A pulse oximeter; and
- Ready access to a defibrillator.

These requirements apply equally to dental anaesthesia or sedation services provided under items in Group T10, Subgroup 20 of the RVG.

T.10.6. ACCOUNT REQUIREMENTS

Before a benefit will be paid for the administration of anaesthesia, or for the services of an assistant anaesthetist, a number of details additional to those set out at paragraph 7.1 of the General Explanatory Notes of the Medicare Benefits Schedule are required on the anaesthetist's account:

- **the anaesthetist's account** must show the name/s of the medical practitioner/s who performed the associated operation/s. In addition, where the after hours emergency modifier applies to the anaesthesia service, the account must include the start time, the end time and total time of the anaesthetic.
- **the assistant anaesthetist's account** must show the names/s of the medical practitioners who performed the associated operation/s, as well as the name of the principal anaesthetist. In addition, where the after hours emergency modifier applies, the assistant anaesthetist's account must record the start time, the end time and the total time for which he or she was providing professional attention to the patient during the anaesthetic.
- **the perfusionist's account** must record the start time, end time and total time of the perfusion service where the after hours emergency modifier is claimed.

T.10.7. GENERAL INFORMATION

The Health Insurance Act provides that where anaesthesia is administered to a patient, the premedication of the patient in preparation for anaesthesia is deemed to form part of the administration of anaesthesia. The administration of anaesthesia also includes the pre-anaesthesia consultation with the patient in preparation for that administration, except where such consultation entails a separate attendance carried out at a place other than an operating theatre or an anaesthesia induction room. The pre-anaesthesia consultation for a patient should be performed in association with a clinically relevant service.

Except in special circumstances, benefit is not payable for the administration of anaesthesia listed in Subgroups 1-18, unless the anaesthesia is administered by a medical practitioner other than the medical practitioner who renders the medical service in connection with which anaesthesia is administered.

Fees and benefits for anaesthesia services under the RVG cover all essential components in the administration of the anaesthesia service. Separate benefit may be attracted, however, for complementary services such as central venous pressure and direct arterial pressure monitoring (see note T10.9).

It should be noted that additional benefit is not payable for intravenous infusion or electrocardiographic monitoring, provision for which has been made in the value determined for the anaesthetic units.

The Medicare benefit derived under the RVG for the administration of anaesthesia is the benefit payable for that service irrespective of whether one or more than one medical practitioner administers it. However, benefit is provided under Subgroup 24 for the services of one assistant anaesthetist (who must not be either the surgeon or assistant surgeon (see Note 10.9))

Where a regional nerve block or field nerve block is administered by a medical practitioner other than the practitioner carrying out the operation, the block is assessed as an anaesthesia item according to the advice in paragraph T10.4. When a block is carried out in cases not associated with an operation, such as for intractable pain or during labour, the service falls under Group T7.

When a regional nerve block or field nerve block covered by an item in Group T7 of the Schedule is administered by a medical practitioner in the course of a surgical procedure undertaken by him/her, then such a block will attract benefit under the appropriate item in Group T7.

It should be noted that where a procedure is carried out with local infiltration or digital block as the means of anaesthesia, that anaesthesia is considered to be part of the procedure and an additional benefit is therefore not payable.

It may happen that the professional service for which the anaesthesia is administered does not itself attract a benefit because it is part of the after-care of an operation. This does not, however, affect the benefit payable for the anaesthesia service. Benefit is payable for anaesthesia administered in connection with such a professional service (or combination of services) even though no benefit is payable for the associated professional service.

The administration of epidural anaesthesia during labour is covered by Item 18216 or 18219 in Group T7 of the Schedule whether administered by the medical practitioner undertaking the confinement or by another medical practitioner. Subsequent "top-ups" are covered by Item 18222 or 18225.

T.10.8. ADDITIONAL SERVICES PERFORMED IN CONNECTION WITH ANAESTHESIA - SUBGROUP 19

Included in the RVG format are a number of additional or complimentary services which may be provided in connection with anaesthesia such as pulmonary artery pressure monitoring (item 22012) and intra-arterial cannulation (item 22025).

These items (with the exception of peri-operative nerve blocks (22030-22050)) and perfusion services (22055-22075) have also been retained in the MBS in the non-RVG format, for use by practitioners who provide these services other than in association with anaesthesia.

Where an anaesthetist provides an additional (clinically relevant) service during anaesthesia that is not one listed in Subgroup 19 (excluding intravenous infusion or electrocardiographic monitoring) the relevant non-RVG item should be claimed.

Items 22012 and 22014

Benefits are payable under items 22012 and 22014 only once for each type of pressure, up to a maximum of 4 pressures per patient per calendar day, and irrespective of the number of practitioners involved in monitoring the pressures.

T.10.9. ASSISTANCE IN THE ADMINISTRATION OF ANAESTHESIA

The RVG provides for a separate benefit to be paid for the services of an assistant anaesthetist in connection with an operation or series of operations in specified circumstances, as outlined below. This benefit is payable only in respect of one assistant anaesthetist who must not be the surgeon or assistant surgeon.

Therapeutic and Diagnostic services covered by Subgroup 19 items (such as blood transfusion, pressure monitoring, insertion of CVC, etc) are payable only once per patient per anaesthetic episode. Where these services are provided by the assistant anaesthetist these services are eligible for Medicare benefits only where the same service is not also claimed by the primary anaesthetist

Assistance at anaesthesia in connection with emergency treatment (Item 25200)

Item 25200 provides for assistance at anaesthesia where the patient is in imminent danger of death. Situations where imminent danger of death requiring an assistant anaesthetist might arise include: complex airway problems, anaphylaxis or allergic reactions, malignant hyperpyrexia, neonatal and complicated paediatric anaesthesia, massive blood loss and subsequent resuscitation, intra-operative cardiac arrest, critically ill patients from intensive care units or inability to wean critically ill patients from pulmonary bypass.

Assistance in the administration of elective anaesthesia (Item 25205)

A separate benefit is payable under Item 25205 for the services of an assistant anaesthetist in connection with elective anaesthesia in the circumstances outlined in the item descriptor. This benefit is only payable in respect of one assistant anaesthetist who must not be the surgeon or assistant surgeon.

For the purposes of Item 25205, a 'complex paediatric case' involves one or more of the following:-

- (i) the need for invasive monitoring (intravascular or transoesophageal); or
- (ii) organ transplantation; or
- (iii) craniofacial surgery; or
- (iv) major tumour resection; or
- (v) separation of conjoint twins.

T.10.10. PERFUSION SERVICES - (ITEMS 22055 TO 22075)

Perfusion services covered by items 22055-22075 have been included in the RVG format.

The 'Time' component for item 22060 is defined as beginning with the commencement of anaesthesia and finishing with the closure of the chest.

Items 22065, 22070 and 22075 may only be used in association with item 22060.

Medicare benefits are not payable for perfusion unless the perfusion is performed by a medical practitioner other than the medical practitioner who renders the associated medical service in Group T8 or the medical practitioner who administers the anaesthesia listed in the RVG in Group T10. The service must be performed by a medical practitioner in order to attract Medicare benefits. The "on behalf of" provisions do not apply.

T.10.11. ANAESTHESIA AS A THERAPEUTIC PROCEDURE - (ITEM 21965)

Claims for benefits for this service should be lodged with Medicare Australia for referral to the National Office of Medicare Australia for assessment by the Medicare Claims Review Panel (MCRP) and must be accompanied by sufficient clinical and/or photographic evidence to enable Medicare Australia to determine the eligibility of the service for the payment of benefits.

Practitioners may also apply to Medicare Australia for prospective approval for proposed surgery.

Applications for approval should be addressed to:

**The MCRP Officer
PO Box 9822
SYDNEY NSW 2001**

T.10.12. DISCONTINUED PROCEDURE - (ITEM 21990)

Claims for benefits under Item 21990 should be submitted to Medicare for approval of benefits and should include full details of the circumstances, including details of the surgery/procedure which had been proposed and the reason for it being discontinued.

T.10.13. ANAESTHESIA IN CONNECTION WITH A PROCEDURE NOT IDENTIFIED AS ATTRACTING A MEDICARE BENEFIT FOR ANAESTHESIA - (ITEM 21997)

Payment of benefit for Item 21997 is not restricted to the service being performed in connection with a surgical service in Group T8. Item 21997 may be performed with any item in the Medicare Benefits Schedule that has not been identified as attracting a Medicare benefit for anaesthesia (including attendances) in circumstances where anaesthesia is considered clinically necessary.

Claims for benefits for this service should be lodged with Medicare Australia for referral to the National Office of Medicare Australia for assessment by the Medicare Claims Review Panel (MCRP) and must be accompanied by sufficient clinical and/or photographic evidence to enable Medicare Australia to determine the eligibility of the service for the payment of benefits.

Practitioners may also apply to Medicare Australia for prospective approval for proposed surgery.

Applications for approval should be addressed to:

**The MCRP Officer
PO Box 9822
SYDNEY NSW 2001**

T.10.14. ANAESTHESIA IN CONNECTION WITH A DENTAL SERVICE - (ITEMS 22900 AND 22905)

Items 22900 and 22905 cover the administration of anaesthesia in connection with a dental service that is not a service covered by an item in the Medicare Benefits Schedule i.e removal of teeth and restorative dental work. Therefore, the requirement that anaesthesia be performed in association with an 'eligible' service (as defined in point T10.2) does not apply to dental anaesthesia items 22900 and 22905.

T.10.15. ANAESTHESIA IN CONNECTION WITH CLEFT LIP AND CLEFT PALATE REPAIR - (ITEMS 20102 AND 20172)

Anaesthesia associated with cleft lip and cleft palate repair is covered in Subgroup 1 of the RVG Schedule, under items 20102 and 20172.

T.10.16. ANAESTHESIA IN CONNECTION WITH AN ORAL AND MAXILLOFACIAL SERVICE - (CATEGORY 4 OF THE MEDICARE BENEFITS SCHEDULE)

Benefit for anaesthesia provided by a medical practitioner in association with an Oral and Maxillofacial service (Category 4 of the Medicare Benefits Schedule) is derived using the RVG. Benefit for anaesthesia for oral and maxillofacial services should be claimed under the appropriate RVG item from Subgroup 1 or 2.

T.10.17. INTRA-OPERATIVE BLOCKS FOR POST OPERATIVE PAIN - (ITEMS 22031 TO 22050)

Benefits are only payable for intra-operative nerve blocks performed for the management of post-operative pain that are specifically catered for under items 22031 to 22050.

T.10.18. ANAESTHESIA IN CONNECTION WITH EXTENSIVE SURGERY ON FACIAL BONES - (ITEM 20192)

The term 'extensive' in relation to this item is defined as major facial bone surgery or reconstruction including major resection or osteotomies or osteectomies of mandibles and/or maxillae, surgery for prognathism or surgery for Le Fort II or III fractures.

T.10.19. INTRATHECAL OR EPIDURAL INJECTION FOR CONTROL OF POST-OPERATIVE PAIN - INITIAL - (ITEM 22031)

Benefits are payable under item 22031 for the initial intrathecal or epidural injection of a therapeutic substance/s, in association with anaesthesia and surgery, for the control of post-operative pain. Benefit is not payable for subsequent intra-operative intrathecal and epidural injection (item 22036) in the same anaesthetic episode. Where subsequent infusion is provided post operatively, to maintain analgesia, benefit would be payable under items 18222 or 18225.

T.10.20. INTRATHECAL OR EPIDURAL INJECTION FOR CONTROL OF POST-OPERATIVE PAIN - SUBSEQUENT - (ITEM 22036)

Benefits are payable under item 22036 for subsequent intrathecal or epidural injection of a therapeutic substance/s, in association with anaesthesia and surgery, performed intra-operatively, for postoperative pain management, where the catheter is already in-situ. Benefits are not payable under this item where the initial injection was performed intra-operatively, under item 22031, in the same anaesthetic episode.

T.10.21. REGIONAL OR FIELD NERVE BLOCKS FOR POST-OPERATIVE PAIN - (ITEMS 22040 - 22050)

Benefits are payable under Items 22040 to 22050 in addition to the general anaesthesia for the related procedure.

T.10.22. ANAESTHESIA FOR RADICAL PROCEDURES ON THE CHEST WALL - (ITEM 20474)

Radical procedures on the chest wall referred to in item 20474 would include procedures such as pectus excavatum.

T.10.23. ANAESTHESIA FOR EXTENSIVE SPINE OR SPINAL CORD PROCEDURES - (ITEM 20670)

This item covers major spinal surgery involving multiple levels of the spinal cord and spinal fusion where performed. Procedures covered under this item would include the Harrington Rod technique. Surgery on individual spinal levels would be covered under items 20600, 20620 and 20630.

T.10.24. ANAESTHESIA FOR FEMORAL ARTERY EMBOLLECTOMY - (ITEM 21274)

Item 21274 covers anaesthesia for femoral artery embolectomy. Grafts involving intra-abdominal vessels would be covered under item 20880.

T.10.25. ANAESTHESIA FOR CARDIAC CATHETERISATION - (ITEM 21941)

Item 21941 does not include either central vein catheterisation or insertion of right heart balloon catheter. Anaesthesia for these procedures is covered under item 21943.

T.10.26. ANAESTHESIA FOR 2 DIMENSIONAL REAL TIME TRANSOESOPHAGEAL ECHOCARDIOGRAPHY - (ITEM 21936)

Benefits are payable for anaesthesia in connection with 2 dimensional real time transoesophageal echocardiography, (including intra-operative echocardiography) which includes doppler techniques, real time colour flow mapping and recording onto video tape or digital medium.

T.10.27. ANAESTHESIA FOR SERVICES ON THE UPPER AND LOWER ABDOMEN - (SUBGROUPS 6 AND7)

Establishing whether an RVG anaesthetic item pertains to the upper or lower abdomen, depends on whether the majority of the associated surgery was performed in the region above or below the umbilicus.

Some examples of upper abdomen would be:

- laparoscopy on upper abdominal viscera;
- laparoscopy with operative focus superior to the umbilical port;
- surgery to the liver, gallbladder and ducts, stomach, pancreas, small bowel to DJ flexure;
- the kidneys in their normal location (as opposed to pelvic kidney); or
- spleen or bowel (where it involves a diaphragmatic hernia or adhesions to gallbladder bed).

Some examples of lower abdomen would be:

- abdominal wall below the umbilicus;
- laparoscopy on lower abdominal viscera;
- laparoscopy with operative focus inferior to the umbilical port;
- surgery on the jejunum, ileum, or colon;
- surgery on the appendix; or
- surgery associated with the female reproductive system.

T.10.28. ANAESTHESIA FOR MICROVASCULAR FREE TISSUE FLAP SURGERY - (ITEMS 20230, 20355, 20475, 20704, 20804, 20905, 21155, 21275, 21455, 21535, 21685, 21785 AND 21865)

Benefits are only payable where complete free tissue flap surgery is undertaken involving microsurgical arterial and venous anastomoses. Benefits do not apply for microsurgical rotation flaps or for re-implementation of digits or either the hand or the foot.

T.10.29. ANAESTHESIA FOR ENDOSCOPIC URETERIC SURGERY - INCLUDING LASER PROCEDURE - (ITEM 20911)

Benefits are not payable under item 20911 for diagnostic ureteroscopy.

T.11.1. BOTULINUM TOXIN - (ITEMS 18350 TO 18373)

The Therapeutic Goods Administration (TGA) assesses each indication for the therapeutic use of botulinum toxin on an individual basis. There are currently two botulinum toxin agents with TGA registration (Botox and Dysport). Each has undergone a separate evaluation of its safety and efficacy by the TGA as they are neither bioequivalent, nor dose equivalent. When claiming under an item for the injection of botulinum toxin, only the botulinum toxin agent specified in the item can be used. Benefits are not payable where an agent other than that specified in the item is used.

The TGA assesses each indication for the therapeutic use of botulinum toxin by assessment of clinical evidence for its use in paediatric or adult patients. Where an indication has been assessed for adult use, data has generally been assessed using patients over 12 years of age. Paediatric indications have been assessed using data from patients under 18 years of age. Botulinum toxin should only be administered to patients under the age of 18 where an item is for a paediatric indication, and patients over 12 years of age where the item is for an adult indication, unless otherwise specified.

Items for the administration of botulinum toxin can only be claimed by a medical practitioner who is registered by Medicare Australia to participate in the arrangements under Section 100 of the *National Health Act 1953* relating to the use and supply of Botulinum Toxin.

Items 18354, 18356 and 18358 for the treatment of equinus, equinovarus or equinovalgus are limited to a maximum of 4 injections per patient on any one day (2 per limb). Accounts should be annotated with the limb which has been treated. Item 18292 may not be claimed for the injection of botulinum toxin, but may be claimed where a neurolytic agent (such as phenol) is used, in addition to botulinum toxin injection(s), to treat the obturator nerve in patients with a dynamic foot deformity.

Items 18354 to 18358 have been extended to patients 18 years of age and older who have commenced on the PBS subsidised treatment as a paediatric patient. This is in line with the extension of the PBS listing for the supply of the drug for this indication under Section 100(1)(b) of the *National Health Act 1953*.

Botulinum Toxin, which is not supplied and administered in accordance with the arrangements under Section 100 of the *National Health Act 1953*, is not free of charge to patients. Where a charge is made for the Botulinum Toxin administered, it must be separately listed on the account and not billed to Medicare.

The Department of Human Services (DHS) has developed a [Health Practitioner Guideline to substantiate that a patient had a pre-existing condition at the time of the service](#) which is located on the DHS website.

Schedules of Services

Each professional service contained in the Schedule has been allocated a unique item number. Located with the item number and description for each service is the Schedule fee and Medicare benefit, together with a reference to an explanatory note relating to the item (if applicable).

If the service attracts an anaesthetic, the word (Anaes.) appears following the description. Where an operation qualifies for the payment of benefits for an assistant, the relevant items are identified by the inclusion of the word (Assist.) in the item description. Medicare benefits are not payable for surgical assistance associated with procedures which have not been so identified.

In some cases two levels of fees are applied to the same service in General Medical Services, with each level of fee being allocated a separate item number. The item identified by the letter "S" applies in the case where the procedure has been rendered by a recognised specialist in the practice of his or her specialty and the patient has been referred. The item identified by the letter "G" applies in any other circumstance.

Higher rates of benefits are also provided for consultations by a recognised consultant physician where the patient has been referred by another medical practitioner or an approved dental practitioner (oral surgeons).

Differential fees and benefits also apply to services listed in Category 5 (Diagnostic Imaging Services). The conditions relating to these services are set out in Category 5.

Explanatory Notes

Explanatory notes relating to the Medicare benefit arrangements and notes that have general application to services are located at the beginning of the schedule, while notes relating to specific items are located at the beginning of each Category. While there may be a reference following the description of an item to specific notes relating to that item, there may also be general notes relating to each Group of items.

MISCELLANEOUS		HYPERBARIC OXYGEN THERAPY	
GROUP T1 - MISCELLANEOUS THERAPEUTIC PROCEDURES			
<i>SUBGROUP 1 - HYPERBARIC OXYGEN THERAPY</i>			
13015	HYPERBARIC, OXYGEN THERAPY, for treatment of localised non-neurological soft tissue radiation injuries excluding radiation-induced soft tissue lymphoedema of the arm after treatment for breast cancer, performed in a comprehensive hyperbaric medicine facility, under the supervision of a medical practitioner qualified in hyperbaric medicine, for a period in the hyperbaric chamber of between 1 hour 30 minutes and 3 hours, including any associated attendance. <i>(See para T1.1 of explanatory notes to this Category)</i>	Fee: \$254.75	Benefit: 75% = \$191.10 85% = \$216.55
13020	HYPERBARIC OXYGEN THERAPY, for treatment of decompression illness, gas gangrene, air or gas embolism; diabetic wounds including diabetic gangrene and diabetic foot ulcers; necrotising soft tissue infections including necrotising fasciitis or Fournier's gangrene; or for the prevention and treatment of osteoradionecrosis, performed in a comprehensive hyperbaric medicine facility, under the supervision of a medical practitioner qualified in hyperbaric medicine, for a period in the hyperbaric chamber of between 1 hour 30 minutes and 3 hours, including any associated attendance <i>(See para T1.1 of explanatory notes to this Category)</i>	Fee: \$258.85	Benefit: 75% = \$194.15 85% = \$220.05
13025	HYPERBARIC OXYGEN THERAPY for treatment of decompression illness, air or gas embolism, performed in a comprehensive hyperbaric medicine facility, under the supervision of a medical practitioner qualified in hyperbaric medicine, for a period in the hyperbaric chamber greater than 3 hours, including any associated attendance - per hour (or part of an hour) <i>(See para T1.1 of explanatory notes to this Category)</i>	Fee: \$115.70	Benefit: 75% = \$86.80 85% = \$98.35
13030	HYPERBARIC OXYGEN THERAPY performed in a comprehensive hyperbaric medicine facility where the medical practitioner is pressurised in the hyperbaric chamber for the purpose of providing continuous life saving emergency treatment, including any associated attendance - per hour (or part of an hour) <i>(See para T1.1 of explanatory notes to this Category)</i>	Fee: \$163.45	Benefit: 75% = \$122.60 85% = \$138.95
<i>SUBGROUP 2 - DIALYSIS</i>			
13100	SUPERVISION IN HOSPITAL by a medical specialist of haemodialysis, haemofiltration, haemoperfusion or peritoneal dialysis, including all professional attendances, where the total attendance time on the patient by the supervising medical specialist exceeds 45 minutes in 1 day <i>(See para T1.2 of explanatory notes to this Category)</i>	Fee: \$136.65	Benefit: 75% = \$102.50 85% = \$116.20
13103	SUPERVISION IN HOSPITAL by a medical specialist of haemodialysis, haemofiltration, haemoperfusion or peritoneal dialysis, including all professional attendances, where the total attendance time on the patient by the supervising medical specialist does not exceed 45 minutes in 1 day <i>(See para T1.2 of explanatory notes to this Category)</i>	Fee: \$71.20	Benefit: 75% = \$53.40 85% = \$60.55
13104	Planning and management of home dialysis (either haemodialysis or peritoneal dialysis), by a consultant physician in the practice of his or her specialty of renal medicine, for a patient with end-stage renal disease, and supervision of that patient on self-administered dialysis, to a maximum of 12 claims per year <i>(See para T1.3 of explanatory notes to this Category)</i>	Fee: \$147.95	Benefit: 85% = \$125.80
13106	DECLOTTING OF AN ARTERIOVENOUS SHUNT	Fee: \$121.35	Benefit: 75% = \$91.05 85% = \$103.15
13109	INDWELLING PERITONEAL CATHETER (Tenckhoff or similar) FOR DIALYSIS INSERTION AND FIXATION OF (Anaes.)	Fee: \$227.75	Benefit: 75% = \$170.85 85% = \$193.60
13110	TENCKHOFF PERITONEAL DIALYSIS CATHETER, removal of (including catheter cuffs) (Anaes.)	Fee: \$228.50	Benefit: 75% = \$171.40 85% = \$194.25
13112	PERITONEAL DIALYSIS, establishment of, by abdominal puncture and insertion of temporary catheter (including associated consultation) (Anaes.)	Fee: \$136.65	Benefit: 75% = \$102.50 85% = \$116.20

MISCELLANEOUS	ASSISTED REPRODUCTIVE SERVICES
SUBGROUP 3 - ASSISTED REPRODUCTIVE SERVICES	
13200	<p>ASSISTED REPRODUCTIVE TECHNOLOGIES SUPEROVULATED TREATMENT CYCLE PROCEEDING TO OOCYTE RETRIEVAL, involving the use of drugs to induce superovulation, and including quantitative estimation of hormones, semen preparation, ultrasound examinations, all treatment counselling and embryology laboratory services but excluding artificial insemination or transfer of frozen embryos or donated embryos or ova or a service to which item 13201, 13202, 13203, 13206, 13218 applies – being services rendered during 1 treatment cycle - INITIAL cycle in a single calendar year (See para T1.4 of explanatory notes to this Category)</p> <p>Fee: \$3,110.75 Benefit: 75% = \$2,333.10 85% = \$3,036.25 Extended Medicare Safety Net Cap: \$1,675.50</p>
13201	<p>ASSISTED REPRODUCTIVE TECHNOLOGIES SUPEROVULATED TREATMENT CYCLE PROCEEDING TO OOCYTE RETRIEVAL, involving the use of drugs to induce superovulation, and including quantitative estimation of hormones, semen preparation, ultrasound examinations, all treatment counselling and embryology laboratory services but excluding artificial insemination or transfer of frozen embryos or donated embryos or ova or a service to which item 13200, 13202, 13203, 13206, 13218 applies – being services rendered during 1 treatment cycle - each cycle SUBSEQUENT to the first in a single calendar year (See para T1.4 of explanatory notes to this Category)</p> <p>Fee: \$2,909.75 Benefit: 75% = \$2,182.35 85% = \$2,835.25 Extended Medicare Safety Net Cap: \$2,432.15</p>
13202	<p>ASSISTED REPRODUCTIVE TECHNOLOGIES SUPEROVULATED TREATMENT CYCLE THAT IS CANCELLED BEFORE OOCYTE RETRIEVAL, involving the use of drugs to induce superovulation and including quantitative estimation of hormones, semen preparation, ultrasound examinations, but excluding artificial insemination or transfer of frozen embryos or donated embryos or ova or a service to which Item 13200, 13201, 13203, 13206, 13218, applies being services rendered during 1 treatment cycle (See para T1.4 of explanatory notes to this Category)</p> <p>Fee: \$465.55 Benefit: 75% = \$349.20 85% = \$395.75 Extended Medicare Safety Net Cap: \$64.95</p>
13203	<p>OVULATION MONITORING SERVICES, for artificial insemination – including quantitative estimation of hormones and ultrasound examinations, being services rendered during 1 treatment cycle but excluding a service to which Item 13200, 13201, 13202, 13206, 13212, 13215, 13218, applies (See para T1.4 of explanatory notes to this Category)</p> <p>Fee: \$486.75 Benefit: 75% = \$365.10 85% = \$413.75 Extended Medicare Safety Net Cap: \$108.15</p>
13206	<p>ASSISTED REPRODUCTIVE TECHNOLOGIES TREATMENT CYCLE using either the natural cycle or oral medication only to induce oocyte growth and development, and including quantitative estimation of hormones, semen preparation, ultrasound examinations, all treatment counselling and embryology laboratory services but excluding artificial insemination, frozen embryo transfer or donated embryos or ova or treatment involving the use of injectable drugs to induce superovulation being services rendered during 1 treatment cycle but only if rendered in conjunction with a service to which item 13212 applies (See para T1.4 of explanatory notes to this Category)</p> <p>Fee: \$465.55 Benefit: 75% = \$349.20 85% = \$395.75 Extended Medicare Safety Net Cap: \$64.95</p>
13209	<p>PLANNING and MANAGEMENT of a referred patient by a specialist for the purpose of treatment by assisted reproductive technologies or for artificial insemination payable once only during 1 treatment cycle (See para T1.4 of explanatory notes to this Category)</p> <p>Fee: \$84.70 Benefit: 75% = \$63.55 85% = \$72.00 Extended Medicare Safety Net Cap: \$10.90</p>
13210	<p>Professional attendance on a patient by a specialist practising in his or her specialty if:</p> <ul style="list-style-type: none"> (a) the attendance is by video conference; and (b) item 13209 applies to the attendance; and (c) the patient is not an admitted patient; and (d) the patient: <ul style="list-style-type: none"> (i) is located both: <ul style="list-style-type: none"> (A) within a telehealth eligible area; and (B) at the time of the attendance—at least 15 kms by road from the specialist; or (ii) is a care recipient in a residential care service; or (iii) is a patient of: <ul style="list-style-type: none"> (A) an Aboriginal Medical Service; or (B) an Aboriginal Community Controlled Health Service for which a direction made under subsection 19 (2) of the Act applies <p>(See para T1.22 of explanatory notes to this Category)</p> <p>Derived Fee: 50% of the fee for item 13209. Benefit: 85% of the derived fee Extended Medicare Safety Net Cap: \$5.30</p>

MISCELLANEOUS		PAEDIATRIC & NEONATAL	
13212	OOCYTE RETRIEVAL for the purposes of assisted reproductive technologies – only if rendered in conjunction with a service to which Item 13200, 13201 or 13206 applies (Anaes.) (See para T1.4 of explanatory notes to this Category) Fee: \$354.45 Benefit: 75% = \$265.85 85% = \$301.30 Extended Medicare Safety Net Cap: \$70.35		
13215	TRANSFER OF EMBRYOS or both ova and sperm to the female reproductive system, excluding artificial insemination – only if rendered in conjunction with a service to which item 13200, 13201, 13206 or 13218 applies, being services rendered in 1 treatment cycle (Anaes.) (See para T1.4 of explanatory notes to this Category) Fee: \$111.10 Benefit: 75% = \$83.35 85% = \$94.45 Extended Medicare Safety Net Cap: \$48.70		
13218	PREPARATION of frozen or donated embryos or donated oocytes for transfer to the female reproductive system, by any means and including quantitative estimation of hormones and all treatment counselling but excluding artificial insemination services rendered in 1 treatment cycle and excluding a service to which item 13200, 13201, 13202, 13203, 13206, 13212 applies (Anaes.) (See para T1.4 of explanatory notes to this Category) Fee: \$793.55 Benefit: 75% = \$595.20 85% = \$719.05 Extended Medicare Safety Net Cap: \$702.65		
13221	PREPARATION OF SEMEN for the purposes of artificial insemination - only if rendered in conjunction with a service to which item 13203 applies (See para T1.4 of explanatory notes to this Category) Fee: \$50.80 Benefit: 75% = \$38.10 85% = \$43.20 Extended Medicare Safety Net Cap: \$21.70		
13251	INTRACYTOPLASMIC SPERM INJECTION for the purposes of assisted reproductive technologies, for male factor infertility, excluding a service to which Item 13203 or 13218 applies (See para T1.5 of explanatory notes to this Category) Fee: \$417.95 Benefit: 75% = \$313.50 85% = \$355.30 Extended Medicare Safety Net Cap: \$108.15		
13290	SEMEN, collection of, from a patient with spinal injuries or medically induced impotence, for the purposes of analysis, storage or assisted reproduction, by a medical practitioner using a vibrator or electro-ejaculation device including catheterisation and drainage of bladder where required Fee: \$204.25 Benefit: 75% = \$153.20 85% = \$173.65		
13292	SEMEN, collection of, from a patient with spinal injuries or medically induced impotence, for the purposes of analysis, storage or assisted reproduction, by a medical practitioner using a vibrator or electro-ejaculation device including catheterisation and drainage of bladder where required, under general anaesthetic, in a hospital (Anaes.) Fee: \$408.70 Benefit: 75% = \$306.55 85% = \$347.40		
SUBGROUP 4 - PAEDIATRIC & NEONATAL			
13300	UMBILICAL OR SCALP VEIN CATHETERISATION in a NEONATE with or without infusion; or cannulation of a vein in a neonate Fee: \$56.95 Benefit: 75% = \$42.75 85% = \$48.45		
13303	UMBILICAL ARTERY CATHETERISATION with or without infusion Fee: \$84.40 Benefit: 75% = \$63.30 85% = \$71.75		
13306	BLOOD TRANSFUSION with venesection and complete replacement of blood, including collection from donor Fee: \$334.10 Benefit: 75% = \$250.60 85% = \$284.00		
13309	BLOOD TRANSFUSION with venesection and complete replacement of blood, using blood already collected Fee: \$284.85 Benefit: 75% = \$213.65 85% = \$242.15		
13312	BLOOD for pathology test, collection of, BY FEMORAL OR EXTERNAL JUGULAR VEIN PUNCTURE IN INFANTS Fee: \$28.45 Benefit: 75% = \$21.35 85% = \$24.20		
13318	CENTRAL VEIN CATHETERISATION - by open exposure in a person under 12 years of age (Anaes.) (See para T1.6 of explanatory notes to this Category) Fee: \$227.45 Benefit: 75% = \$170.60 85% = \$193.35		
13319	CENTRAL VEIN CATHETERISATION in a neonate via peripheral vein (Anaes.) Fee: \$227.45 Benefit: 75% = \$170.60 85% = \$193.35		

MISCELLANEOUS	CARDIOVASCULAR
	SUBGROUP 5 - CARDIOVASCULAR
13400	RESTORATION OF CARDIAC RHYTHM by electrical stimulation (cardioversion), other than in the course of cardiac surgery (Anaes.) Fee: \$96.80 Benefit: 75% = \$72.60 85% = \$82.30
	SUBGROUP 6 - GASTROENTEROLOGY
13500	GASTRIC HYPOTHERMIA by closed circuit circulation of refrigerant IN THE ABSENCE OF GASTROINTESTINAL HAEMORRHAGE Fee: \$180.30 Benefit: 75% = \$135.25 85% = \$153.30
13503	GASTRIC HYPOTHERMIA by closed circuit circulation of refrigerant FOR UPPER GASTROINTESTINAL HAEMORRHAGE Fee: \$360.70 Benefit: 75% = \$270.55 85% = \$306.60
13506	GASTRO-OESOPHAGEAL balloon intubation, Minnesota, Sengstaken-Blakemore or similar, for control of bleeding from gastric oesophageal varices Fee: \$184.50 Benefit: 75% = \$138.40 85% = \$156.85
	SUBGROUP 8 - HAEMATOLOGY
13700	HARVESTING OF HOMOLOGOUS (including allogeneic) or AUTOLOGOUS bone marrow for the purpose of transplantation (Anaes.) Fee: \$333.25 Benefit: 75% = \$249.95 85% = \$283.30
13703	ADMINISTRATION OF BLOOD, including collection from donor Fee: \$119.50 Benefit: 75% = \$89.65 85% = \$101.60
13706	ADMINISTRATION OF BLOOD or bone marrow already collected (See para T1.7 of explanatory notes to this Category) Fee: \$83.35 Benefit: 75% = \$62.55 85% = \$70.85
13709	COLLECTION OF BLOOD for autologous transfusion or when homologous blood is required for immediate transfusion in emergency situation (See para T1.8 of explanatory notes to this Category) Fee: \$48.45 Benefit: 75% = \$36.35 85% = \$41.20
13750	THERAPEUTIC HAEMAPHERESIS for the removal of plasma or cellular (or both) elements of blood, utilising continuous or intermittent flow techniques; including morphological tests for cell counts and viability studies, if performed; continuous monitoring of vital signs, fluid balance, blood volume and other parameters with continuous registered nurse attendance under the supervision of a consultant physician, not being a service associated with a service to which item 13755 applies -payable once per day Fee: \$136.65 Benefit: 75% = \$102.50 85% = \$116.20
13755	DONOR HAEMAPHERESIS for the collection of blood products for transfusion, utilising continuous or intermitten flow techniques; including morphological tests for cell counts and viability studies; continuous monitoring of vital signs, fluid balance, blood volume and other parameters; with continuous registered nurse attendance under the supervision of a consultant physician; not being a service associated with a service to which item 13750 applies - payable once per day Fee: \$136.65 Benefit: 75% = \$102.50 85% = \$116.20
13757	THERAPEUTIC VENESECTION for the management of haemochromatosis, polycythemia vera or porphyria cutanea tarda Fee: \$72.95 Benefit: 75% = \$54.75 85% = \$62.05
13760	IN VITRO PROCESSING (and cryopreservation) of bone marrow or peripheral blood for autologous stem cell transplantation as an adjunct to high dose chemotherapy for: . chemosensitive intermediate or high grade non-Hodgkin's lymphoma at high risk of relapse following first line chemotherapy; or . Hodgkin's disease which has relapsed following, or is refractory to, chemotherapy; or . acute myelogenous leukaemia in first remission, where suitable genotypically matched sibling donor is not available for allogenic bone marrow transplant; or . multiple myeloma in remission (complete or partial) following standard dose chemotherapy; or . small round cell sarcomas; or . primitive neuroectodermal tumour; or . germ cell tumours which have relapsed following, or are refractory to, chemotherapy; . germ cell tumours which have had an incomplete response to first line therapy. - performed under the supervision of a consultant physician - each day. Fee: \$762.60 Benefit: 75% = \$571.95 85% = \$688.10

MISCELLANEOUS	INTENSIVE CARE
	SUBGROUP 9 - PROCEDURES ASSOCIATED WITH INTENSIVE CARE AND CARDIOPULMONARY SUPPORT
13815	CENTRAL VEIN CATHETERISATION by percutaneous or open exposure not being a service to which item 13318 applies (Anaes.) (See para T1.6 of explanatory notes to this Category) Fee: \$85.25 Benefit: 75% = \$63.95 85% = \$72.50
13818	RIGHT HEART BALLOON CATHETER, insertion of, including pulmonary wedge pressure and cardiac output measurement (Anaes.) (See para T1.10 of explanatory notes to this Category) Fee: \$113.70 Benefit: 75% = \$85.30 85% = \$96.65
13830	INTRACRANIAL PRESSURE, monitoring of, by intraventricular or subdural catheter, subarachnoid bolt or similar, by a specialist or consultant physician - each day Fee: \$75.35 Benefit: 75% = \$56.55 85% = \$64.05
13839	ARTERIAL PUNCTURE and collection of blood for diagnostic purposes Fee: \$23.05 Benefit: 75% = \$17.30 85% = \$19.60
13842	INTRAARTERIAL CANNULATION for the purpose of taking multiple arterial blood samples for blood gas analysis (See para T1.10 of explanatory notes to this Category) Fee: \$69.30 Benefit: 75% = \$52.00 85% = \$58.95
13847	COUNTERPULSATION BY INTRAAORTIC BALLOON management on the first day including initial and subsequent consultations and monitoring of parameters (Anaes.) (See para T1.10 of explanatory notes to this Category) Fee: \$156.10 Benefit: 75% = \$117.10 85% = \$132.70
13848	COUNTERPULSATION BY INTRAAORTIC BALLOON management on each day subsequent to the first, including associated consultations and monitoring of parameters (See para T1.10 of explanatory notes to this Category) Fee: \$131.05 Benefit: 75% = \$98.30 85% = \$111.40
13851	CIRCULATORY SUPPORT DEVICE, management of, on first day Fee: \$493.65 Benefit: 75% = \$370.25 85% = \$419.65
13854	CIRCULATORY SUPPORT DEVICE, management of, on each day subsequent to the first Fee: \$114.85 Benefit: 75% = \$86.15 85% = \$97.65
13857	AIRWAY ACCESS, ESTABLISHMENT OF AND INITIATION OF MECHANICAL VENTILATION (other than in the context of an anaesthetic for surgery), outside an Intensive Care Unit, for the purpose of subsequent ventilatory support in an Intensive Care Unit (See para T1.10 of explanatory notes to this Category) Fee: \$146.40 Benefit: 75% = \$109.80 85% = \$124.45
	SUBGROUP 10 - MANAGEMENT AND PROCEDURES UNDERTAKEN IN AN INTENSIVE CARE UNIT
	<i>(Note: See para T1.8 of Explanatory Notes to this Category for definition of an Intensive Care Unit)</i>
13870	MANAGEMENT of a patient in an Intensive Care Unit by a specialist or consultant physician who is immediately available and exclusively rostered for intensive care - including initial and subsequent attendances, electrocardiographic monitoring, arterial sampling and bladder catheterisation - management on the first day (See para T1.9 and T1.11 of explanatory notes to this Category) Fee: \$362.10 Benefit: 75% = \$271.60
13873	MANAGEMENT of a patient in an Intensive Care Unit by a specialist or consultant physician who is immediately available and exclusively rostered for intensive care - including all attendances, electrocardiographic monitoring, arterial sampling and bladder catheterisation - management on each day subsequent to the first day (See para T1.9 and T1.11 of explanatory notes to this Category) Fee: \$268.60 Benefit: 75% = \$201.45

MISCELLANEOUS		CHEMOTHERAPEUTIC	
13876	CENTRAL VENOUS PRESSURE, pulmonary arterial pressure, systemic arterial pressure or cardiac intracavity pressure, continuous monitoring by indwelling catheter in an intensive care unit and managed by a specialist or consultant physician who is immediately available and exclusively rostered for intensive care - once only for each type of pressure on any calendar day (up to a maximum of 4 pressures) <i>(See para T1.9 and T1.11 of explanatory notes to this Category)</i> Fee: \$76.90 Benefit: 75% = \$57.70		
13881	AIRWAY ACCESS, ESTABLISHMENT OF AND INITIATION OF MECHANICAL VENTILATION, in an Intensive Care Unit, not in association with any anaesthetic service, by a specialist or consultant physician for the purpose of subsequent ventilatory support <i>(See para T1.9 and T1.11 of explanatory notes to this Category)</i> Fee: \$146.40 Benefit: 75% = \$109.80		
13882	VENTILATORY SUPPORT in an Intensive Care Unit, management of, by invasive means, or by non-invasive means where the only alternative to non-invasive ventilatory support would be invasive ventilatory support, by a specialist or consultant physician who is immediately available and exclusively rostered for intensive care, each day <i>(See para T1.9 and T1.11 of explanatory notes to this Category)</i> Fee: \$115.25 Benefit: 75% = \$86.45		
13885	CONTINUOUS ARTERIO VENOUS OR VENO VENOUS HAEMOFILTRATION, in an intensive care unit, management by a specialist or consultant physician who is immediately available and exclusively rostered for intensive care - on the first day <i>(See para T1.9 and T1.11 of explanatory notes to this Category)</i> Fee: \$153.65 Benefit: 75% = \$115.25		
13888	CONTINUOUS ARTERIO VENOUS OR VENO VENOUS HAEMOFILTRATION, in an intensive care unit, management by a specialist or consultant physician who is immediately available and exclusively rostered for intensive care - on each day subsequent to the first day <i>(See para T1.9 and T1.11 of explanatory notes to this Category)</i> Fee: \$76.90 Benefit: 75% = \$57.70		
SUBGROUP 11 - CHEMOTHERAPEUTIC PROCEDURES			
13915	CYTOTOXIC CHEMOTHERAPY, administration of, either by intravenous push technique (directly into a vein, or a butterfly needle, or the side-arm of an infusion) or by intravenous infusion of not more than 1 hours duration - payable once only on the same day, not being a service associated with photodynamic therapy with verteporfin or for the administration of drugs used immediately prior to, or with microwave (UHF radiowave) cancer therapy alone <i>(See para T1.12 of explanatory notes to this Category)</i> Fee: \$65.05 Benefit: 75% = \$48.80 85% = \$55.30		
13918	CYTOTOXIC CHEMOTHERAPY, administration of, by intravenous infusion of more than 1 hours duration but not more than 6 hours duration - payable once only on the same day Fee: \$97.95 Benefit: 75% = \$73.50 85% = \$83.30		
13921	CYTOTOXIC CHEMOTHERAPY, administration of, by intravenous infusion of more than 6 hours duration - for the first day of treatment Fee: \$110.80 Benefit: 75% = \$83.10 85% = \$94.20		
13924	CYTOTOXIC CHEMOTHERAPY, administration of, by intravenous infusion of more than 6 hours duration - on each day subsequent to the first in the same continuous treatment episode Fee: \$65.25 Benefit: 75% = \$48.95 85% = \$55.50		
13927	CYTOTOXIC CHEMOTHERAPY, administration of, either by intra-arterial push technique (directly into an artery, a butterfly needle or the side-arm of an infusion) or by intra-arterial infusion of not more than 1 hours duration - payable once only on the same day Fee: \$84.40 Benefit: 75% = \$63.30 85% = \$71.75		
13930	CYTOTOXIC CHEMOTHERAPY, administration of, by intra-arterial infusion of more than 1 hours duration but not more than 6 hours duration - payable once only on the same day Fee: \$117.80 Benefit: 75% = \$88.35 85% = \$100.15		
13933	CYTOTOXIC CHEMOTHERAPY, administration of, by intra-arterial infusion of more than 6 hours duration - for the first day of treatment Fee: \$130.70 Benefit: 75% = \$98.05 85% = \$111.10		
13936	CYTOTOXIC CHEMOTHERAPY, administration of, by intra-arterial infusion of more than 6 hours duration - on each day subsequent to the first in the same continuous treatment episode Fee: \$85.15 Benefit: 75% = \$63.90 85% = \$72.40		

MISCELLANEOUS	DERMATOLOGY
13939	<p>IMPLANTED PUMP OR RESERVOIR, loading of, with a cytotoxic agent or agents, not being a service associated with a service to which item 13915, 13918, 13921, 13924, 13927, 13930, 13933, 13936 or 13945 applies (See para T1.13 of explanatory notes to this Category)</p> <p>Fee: \$97.95 Benefit: 75% = \$73.50 85% = \$83.30</p>

MISCELLANEOUS		OTHER
14118	LASER PHOTOCOAGULATION using laser light within the wave length of 510-1064nm in the treatment of port wine stains, haemangiomas of infancy, cafe-au-lait macules and naevi of Ota, other than melanocytic naevi (common moles), including any associated consultation, up to a maximum of 6 sessions (including any sessions to which items 14100 to 14118 and 30213 apply) in any 12 month period - area of treatment more than 250cm ² (Anaes.) (See para T1.15 of explanatory notes to this Category) Fee: \$325.75 Benefit: 75% = \$244.35 85% = \$276.90	
14124	LASER PHOTOCOAGULATION using laser light within the wave length of 510-1064nm in the treatment of haemangiomas of infancy, including any associated consultation - <i>where a 7th or subsequent session (including any sessions to which items 14100 to 14118 and 30213 apply) is indicated in a 12 month period</i> (Anaes.) (See para T1.15 and T1.16 of explanatory notes to this Category) Fee: \$152.50 Benefit: 75% = \$114.40 85% = \$129.65	
SUBGROUP 13 - OTHER THERAPEUTIC PROCEDURES		
14200	GASTRIC LAVAGE in the treatment of ingested poison Fee: \$59.80 Benefit: 75% = \$44.85 85% = \$50.85	
14201	POLY-L-LACTIC ACID, one or more injections of, for the initial session only, for the treatment of severe facial lipoatrophy caused by antiretroviral therapy, when prescribed in accordance with the National Health Act 1953 - once per patient (See para T1.17 of explanatory notes to this Category) Fee: \$236.85 Benefit: 75% = \$177.65 85% = \$201.35 Extended Medicare Safety Net Cap: \$35.55	
14202	POLY-L-LACTIC ACID, one or more injections of (subsequent sessions), for the continuation of treatment of severe facial lipoatrophy caused by antiretroviral therapy, when prescribed in accordance with the National Health Act 1953 (See para T1.17 of explanatory notes to this Category) Fee: \$119.90 Benefit: 75% = \$89.95 85% = \$101.95 Extended Medicare Safety Net Cap: \$18.00	
14203	HORMONE OR LIVING TISSUE IMPLANTATION, by direct implantation involving incision and suture (Anaes.) (See para T1.18 of explanatory notes to this Category) Fee: \$51.15 Benefit: 75% = \$38.40 85% = \$43.50	
14206	HORMONE OR LIVING TISSUE IMPLANTATION by cannula (See para T1.18 of explanatory notes to this Category) Fee: \$35.60 Benefit: 75% = \$26.70 85% = \$30.30	
14209	INTRAARTERIAL INFUSION or retrograde intravenous perfusion of a sympatholytic agent Fee: \$88.70 Benefit: 75% = \$66.55 85% = \$75.40	
14212	INTUSSUSCEPTION, management of fluid or gas reduction for (Anaes.) Fee: \$185.30 Benefit: 75% = \$139.00 85% = \$157.55	
14215	LONG-TERM IMPLANTED RESERVOIR associated with the adjustable gastric band, accessing of to add or remove fluid Fee: \$97.95 Benefit: 75% = \$73.50 85% = \$83.30	
14218	IMPLANTED INFUSION PUMP REFILLING OF reservoir, with a therapeutic agent or agents, for infusion to the subarachnoid or epidural space, with or without re-programming of a programmable pump, for the management of chronic intractable pain Fee: \$97.95 Benefit: 75% = \$73.50 85% = \$83.30	
14221	LONG-TERM IMPLANTED DEVICE FOR DELIVERY OF THERAPEUTIC AGENTS, accessing of, not being a service associated with a service to which item 13945 applies Fee: \$52.50 Benefit: 75% = \$39.40 85% = \$44.65	
14224	ELECTROCONVULSIVE THERAPY, with or without the use of stimulus dosing techniques, including any electroencephalographic monitoring and associated consultation (Anaes.) Fee: \$70.35 Benefit: 75% = \$52.80 85% = \$59.80	
14227	IMPLANTED INFUSION PUMP, REFILLING of reservoir, with baclofen, for infusion to the subarachnoid or epidural space, with or without re-programming of a programmable pump, for the management of severe chronic spasticity (See para T1.19 of explanatory notes to this Category) Fee: \$97.95 Benefit: 75% = \$73.50 85% = \$83.30	

MISCELLANEOUS	OTHER
14230	Intrathecal or epidural SPINAL CATHETER insertion or replacement of, for connection to a subcutaneous implanted infusion pump, for the management of severe chronic spasticity with baclofen (Anaes.) (Assist.) <i>(See para T1.19 of explanatory notes to this Category)</i> Fee: \$298.05 Benefit: 75% = \$223.55
14233	INFUSION PUMP, subcutaneous implantation or replacement of, and connection to intrathecal or epidural catheter, and loading of reservoir with baclofen, with or without programming of the pump, for the management of severe chronic spasticity (Anaes.) (Assist.) <i>(See para T1.19 of explanatory notes to this Category)</i> Fee: \$361.90 Benefit: 75% = \$271.45
14236	INFUSION PUMP, subcutaneous implantation of, AND intrathecal or epidural SPINAL CATHETER insertion, and connection of pump to catheter and loading of reservoir with baclofen, with or without programming of the pump, for the management of severe chronic spasticity (Anaes.) (Assist.) <i>(See para T1.19 of explanatory notes to this Category)</i> Fee: \$659.95 Benefit: 75% = \$495.00
14239	Removal of subcutaneously IMPLANTED INFUSION PUMP, OR removal or repositioning of intrathecal or epidural SPINAL CATHETER, for the management of severe chronic spasticity (Anaes.) <i>(See para T1.19 of explanatory notes to this Category)</i> Fee: \$159.40 Benefit: 75% = \$119.55
14242	SUBCUTANEOUS RESERVOIR AND SPINAL CATHETER, insertion of, for the management of severe chronic spasticity (Anaes.) <i>(See para T1.19 of explanatory notes to this Category)</i> Fee: \$473.65 Benefit: 75% = \$355.25
14245	IMMUNOMODULATING AGENT, administration of, by intravenous infusion for at least 2 hours duration - payable once only on the same day and where the agent is provided under section 100 of the Pharmaceutical Benefits Scheme <i>(See para T1.20 of explanatory notes to this Category)</i> Fee: \$97.95 Benefit: 75% = \$73.50 85% = \$83.30

RADIATION ONCOLOGY		SUPERFICIAL	
GROUP T2 - RADIATION ONCOLOGY			
<i>SUBGROUP 1 - SUPERFICIAL</i>			
<i>(Benefits for administration of general anaesthetic for radiotherapy are payable under Group T10)</i>			
	RADIOTHERAPY, SUPERFICIAL (including treatment with xrays, radium rays or other radioactive substances), not being a service to which another item in this Group applies each attendance at which fractionated treatment is given - 1 field		
15000	Fee: \$42.55	Benefit: 75% = \$31.95	85% = \$36.20
15003	- 2 or more fields up to a maximum of 5 additional fields Derived Fee: The fee for item 15000 plus for each field in excess of 1, an amount of \$17.10		
	RADIOTHERAPY, SUPERFICIAL, attendance at which single dose technique is applied - 1 field		
15006	Fee: \$94.35	Benefit: 75% = \$70.80	85% = \$80.20
15009	- 2 or more fields up to a maximum of 5 additional fields Derived Fee: The fee for item 15006 plus for each field in excess of 1, an amount of \$18.55		
	RADIOTHERAPY, SUPERFICIAL each attendance at which treatment is given to an eye		
15012	Fee: \$53.45	Benefit: 75% = \$40.10	85% = \$45.45
<i>SUBGROUP 2 - ORTHOVOLTAGE</i>			
	RADIOTHERAPY, DEEP OR ORTHOVOLTAGE each attendance at which fractionated treatment is given at 3 or more treatments per week - 1 field		
15100	Fee: \$47.70	Benefit: 75% = \$35.80	85% = \$40.55
15103	- 2 or more fields up to a maximum of 5 additional fields (rotational therapy being 3 fields) Derived Fee: The fee for item 15100 plus for each field in excess of 1, an amount of \$18.80		
	RADIOTHERAPY, DEEP OR ORTHOVOLTAGE each attendance at which fractionated treatment is given at 2 treatments per week or less frequently - 1 field		
15106	Fee: \$56.30	Benefit: 75% = \$42.25	85% = \$47.90
15109	- 2 or more fields up to a maximum of 5 additional fields (rotational therapy being 3 fields) Derived Fee: The fee for item 15106 plus for each field in excess of 1, an amount of \$22.70		
	RADIOTHERAPY, DEEP OR ORTHOVOLTAGE attendance at which single dose technique is applied 1 field		
15112	Fee: \$120.25	Benefit: 75% = \$90.20	85% = \$102.25
15115	- 2 or more fields up to a maximum of 5 additional fields (rotational therapy being 3 fields) Derived Fee: The fee for item 15112 plus for each field in excess of 1, an amount of \$47.30		
<i>SUBGROUP 3 - MEGAVOLTAGE</i>			
	RADIATION ONCOLOGY TREATMENT, using cobalt unit or caesium teletherapy unit each attendance at which treatment is given - 1 field		
15211	Fee: \$54.70	Benefit: 75% = \$41.05	85% = \$46.50
15214	- 2 or more fields up to a maximum of 5 additional fields (rotational therapy being 3 fields) Derived Fee: The fee for item 15211 plus for each field in excess of 1, an amount of \$31.90		
	RADIATION ONCOLOGY TREATMENT, using a single photon energy linear accelerator with or without electron facilities - each attendance at which treatment is given - 1 field - treatment delivered to primary site (lung)		
15215	Fee: \$59.65	Benefit: 75% = \$44.75	85% = \$50.75
	RADIATION ONCOLOGY TREATMENT, using a single photon energy linear accelerator with or without electron facilities - each attendance at which treatment is given - 1 field - treatment delivered to primary site (prostate)		
15218	Fee: \$59.65	Benefit: 75% = \$44.75	85% = \$50.75

RADIATION ONCOLOGY		MEGAVOLTAGE
15221	RADIATION ONCOLOGY TREATMENT, using a single photon energy linear accelerator with or without electron facilities - each attendance at which treatment is given - 1 field - treatment delivered to primary site (breast) Fee: \$59.65 Benefit: 75% = \$44.75 85% = \$50.75	
15224	RADIATION ONCOLOGY TREATMENT, using a single photon energy linear accelerator with or without electron facilities - each attendance at which treatment is given - 1 field - treatment delivered to primary site for diseases and conditions not covered by items 15215, 15218 and 15221 Fee: \$59.65 Benefit: 75% = \$44.75 85% = \$50.75	
15227	RADIATION ONCOLOGY TREATMENT, using a single photon energy linear accelerator with or without electron facilities - each attendance at which treatment is given - 1 field - treatment delivered to secondary site Fee: \$59.65 Benefit: 75% = \$44.75 85% = \$50.75	
15230	RADIATION ONCOLOGY TREATMENT, using a single photon energy linear accelerator with or without electron facilities - each attendance at which treatment is given - 2 or more fields up to a maximum of 5 additional fields (rotational therapy being 3 fields) - treatment delivered to primary site (lung) Derived Fee: The fee for item 15215 plus for each field in excess of 1, an amount of \$37.95	
15233	RADIATION ONCOLOGY TREATMENT, using a single photon energy linear accelerator with or without electron facilities - each attendance at which treatment is given - 2 or more fields up to a maximum of 5 additional fields (rotational therapy being 3 fields) - treatment delivered to primary site (prostate) Derived Fee: The fee for item 15218 plus for each field in excess of 1, an amount of \$37.95	
15236	RADIATION ONCOLOGY TREATMENT, using a single photon energy linear accelerator with or without electron facilities - each attendance at which treatment is given - 2 or more fields up to a maximum of 5 additional fields (rotational therapy being 3 fields) - treatment delivered to primary site (breast) Derived Fee: The fee for item 15221 plus for each field in excess of 1, an amount of \$37.95	
15239	RADIATION ONCOLOGY TREATMENT, using a single photon energy linear accelerator with or without electron facilities - each attendance at which treatment is given - 2 or more fields up to a maximum of 5 additional fields (rotational therapy being 3 fields) - treatment delivered to primary site for diseases and conditions not covered by items 15230, 15233 or 15236 Derived Fee: The fee for item 15224 plus for each field in excess of 1, an amount of \$37.95	
15242	RADIATION ONCOLOGY TREATMENT, using a single photon energy linear accelerator with or without electron facilities - each attendance at which treatment is given - 2 or more fields up to a maximum of 5 additional fields (rotational therapy being 3 fields) - treatment delivered to secondary site Derived Fee: The fee for item 15227 plus for each field in excess of 1, an amount of \$37.95	
15245	RADIATION ONCOLOGY TREATMENT, using a dual photon energy linear accelerator with a minimum higher energy of at least 10MV photons, with electron facilities - each attendance at which treatment is given - 1 field - treatment delivered to primary site (lung) Fee: \$59.65 Benefit: 75% = \$44.75 85% = \$50.75	
15248	RADIATION ONCOLOGY TREATMENT, using a dual photon energy linear accelerator with a minimum higher energy of at least 10MV photons, with electron facilities - each attendance at which treatment is given - 1 field - treatment delivered to primary site (prostate) Fee: \$59.65 Benefit: 75% = \$44.75 85% = \$50.75	
15251	RADIATION ONCOLOGY TREATMENT, using a dual photon energy linear accelerator with a minimum higher energy of at least 10MV photons, with electron facilities - each attendance at which treatment is given - 1 field - treatment delivered to primary site (breast) Fee: \$59.65 Benefit: 75% = \$44.75 85% = \$50.75	
15254	RADIATION ONCOLOGY TREATMENT, using a dual photon energy linear accelerator with a minimum higher energy of at least 10MV photons, with electron facilities - each attendance at which treatment is given - 1 field - treatment delivered to primary site for diseases and conditions not covered by items 15245, 15248 or 15251 Fee: \$59.65 Benefit: 75% = \$44.75 85% = \$50.75	
15257	RADIATION ONCOLOGY TREATMENT, using a dual photon energy linear accelerator with a minimum higher energy of at least 10MV photons, with electron facilities - each attendance at which treatment is given - 1 field - treatment delivered to secondary site Fee: \$59.65 Benefit: 75% = \$44.75 85% = \$50.75	
15260	RADIATION ONCOLOGY TREATMENT, using a dual photon energy linear accelerator with a minimum higher energy of at least 10MV photons, with electron facilities - each attendance at which treatment is given - 2 or more fields up to a maximum of 5 additional fields (rotational therapy being 3 fields) - treatment delivered to primary site (lung) Derived Fee: The fee for item 15245 plus for each field in excess of 1, an amount of \$37.95	

RADIATION ONCOLOGY		BRACHYTHERAPY
15263	RADIATION ONCOLOGY TREATMENT, using a dual photon energy linear accelerator with a minimum higher energy of at least 10MV photons, with electron facilities - each attendance at which treatment is given - 2 or more fields up to a maximum of 5 additional fields (rotational therapy being 3 fields) - treatment delivered to primary site (prostate) Derived Fee: The fee for item 15248 plus for each field in excess of 1, an amount of \$37.95	
15266	RADIATION ONCOLOGY TREATMENT, using a dual photon energy linear accelerator with a minimum higher energy of at least 10MV photons, with electron facilities - each attendance at which treatment is given - 2 or more fields up to a maximum of 5 additional fields (rotational therapy being 3 fields) - treatment delivered to primary site (breast) Derived Fee: The fee for item 15251 plus for each field in excess of 1, an amount of \$37.95	
15269	RADIATION ONCOLOGY TREATMENT, using a dual photon energy linear accelerator with a minimum higher energy of at least 10MV photons, with electron facilities - each attendance at which treatment is given - 2 or more fields up to a maximum of 5 additional fields (rotational therapy being 3 fields) - treatment delivered to primary site for diseases and conditions not covered by items 15260, 15263 or 15266 Derived Fee: The fee for item 15254 plus for each field in excess of 1, an amount of \$37.95	
15272	RADIATION ONCOLOGY TREATMENT, using a dual photon energy linear accelerator with a minimum higher energy of at least 10MV photons, with electron facilities - each attendance at which treatment is given - 2 or more fields up to a maximum of 5 additional fields (rotational therapy being 3 fields) - treatment delivered to secondary site Derived Fee: The fee for item 15257 plus for each field in excess of 1, an amount of \$37.95

SUBGROUP 22 - ANAESTHESIA/PERFUSION MODIFYING UNITS - PHYSICAL STATUS			
ANAESTHESIA, PERFUSION or ASSISTANCE AT ANAESTHESIA			
(a) for anaesthesia performed in association with an item in the range 20100 to 21997 or 22900 to 22905; or			
(b) for perfusion performed in association with item 22060; or			
(c) for assistance at anaesthesia performed in association with items 25200 to 25205			
Where the patient has severe systemic disease equivalent to ASA physical status indicator 3 (1 basic units)			
<i>(See para T10.3 of explanatory notes to this Category)</i>			
25000	Fee: \$19.80	Benefit: 75% = \$14.85	85% = \$16.85
Where the patient has severe systemic disease which is a constant threat to life equivalent to ASA physical status indicator 4 (2 basic units)			
<i>(See para T10.3 of explanatory notes to this Category)</i>			
25005	Fee: \$39.60	Benefit: 75% = \$29.70	85% = \$33.70

RELATIVE VALUE GUIDE		ANAESTHESIA MODIFYING UNITS
25010	For a patient who is not expected to survive for 24 hours with or without the operation, equivalent to ASA physical status indicator 5 (3 basic units) (See para T10.3 of explanatory notes to this Category) Fee: \$59.40 Benefit: 75% = \$44.55 85% = \$50.50	
SUBGROUP 23 - ANAESTHESIA/PERFUSION MODIFYING UNITS - OTHER		
25015	ANAESTHESIA, PERFUSION OR ASSISTANCE AT ANAESTHESIA - where the patient is less than 12 months of age or 70 years or greater (1 basic units) Fee: \$19.80 Benefit: 75% = \$14.85 85% = \$16.85	
25020	ANAESTHESIA, PERFUSION OR ASSISTANCE AT ANAESTHESIA - where the patient requires immediate treatment without which there would be significant threat to life or body part - not being a service associated with a service to which item 25025 or 25030 or 25050 applies (2 basic units) (See para T10.3 of explanatory notes to this Category) Fee: \$39.60 Benefit: 75% = \$29.70 85% = \$33.70	
SUBGROUP 24 - ANAESTHESIA AFTER HOURS EMERGENCY MODIFIER		
25025	EMERGENCY ANAESTHESIA performed in the after hours period where the patient requires immediate treatment without which there would be significant threat to life or body part and where more than 50% of the time for the emergency anaesthesia service is provided in the after hours period, being the period from 8pm to 8am on any weekday, or at any time on a Saturday, a Sunday or a public holiday - not being a service associated with a service to which item 25020, 25030 or 25050 applies (See para T10.3 of explanatory notes to this Category) Derived Fee: An additional amount of 50% of the fee for the anaesthetic service. That is: (a) an anaesthesia item/s in the range 20100 - 21997 or 22900, plus (b) an item in the range 23010 - 24136, plus (c) where applicable, an item in the range 25000-25015, plus (d) where performed, any associated therapeutic or diagnostic service/s in the range 22001-22051	
25030	ASSISTANCE AT AFTER HOURS EMERGENCY ANAESTHESIA where the patient requires immediate treatment without which there would be significant threat to life or body part and where more than 50% of the time for which the assistant is in professional attendance on the patient is provided in the after hours period, being the period from 8pm to 8am on any weekday, or at any time on a Saturday, a Sunday or a public holiday - not being a service associated with a service to which item 25020, 25025 or 25050 applies (See para T10.3 of explanatory notes to this Category) Derived Fee: An additional amount of 50% of the fee for assistance at anaesthesia. That is: (a) an assistant anaesthesia item in the range 25200 - 25205, plus (b) an item in the range 23010 - 24136, plus (c) where applicable, an item in the range 25000-25015, plus (d) where performed, any associated therapeutic or diagnostic service/s in the range 22001-22051	
SUBGROUP 25 - PERFUSION AFTER HOURS EMERGENCY MODIFIER		
25050	AFTER HOURS EMERGENCY PERFUSION where the patient requires immediate treatment without which there would be significant threat to life or body part and where more than 50% of the perfusion service is provided in the after hours period, being the period from 8pm to 8am on any weekday, or at any time on a Saturday, a Sunday or a public holiday - not being a service associated with a service to which item 25020, 25025 or 25030 applies (See para T10.3 of explanatory notes to this Category) Derived Fee: An additional amount of 50% of the fee for the perfusion service. That is: (a) item 22060, plus (b) an item in the range 23010 - 24136, plus (c) where applicable, an item in the range 25000 - 25015, plus (d) where performed, any associated therapeutic or diagnostic service/s in the range 22001-22051 or 22065-22075	
SUBGROUP 26 - ASSISTANCE AT ANAESTHESIA		
25200	ASSISTANCE IN THE ADMINISTRATION OF ANAESTHESIA on a patient in imminent danger of death requiring continuous life saving emergency treatment, to the exclusion of all other patients (5 basic units) (See para T10.9 of explanatory notes to this Category) Derived Fee: An amount of \$99.0 (5 basic units) plus an item in the range 23010 - 24136 plus, where applicable - an item in the range 25000 - 25020 plus, where performed, any associated therapeutic or diagnostic service/s in the range 22001 - 22051	

25205	<p>ASSISTANCE IN THE ADMINISTRATION OF ELECTIVE ANAESTHESIA where:</p> <ul style="list-style-type: none"> (i) the patient has complex airway problems; or (ii) the patient is a neonate or a complex paediatric case; or (iii) there is anticipated to be massive blood loss (greater than 50% of blood volume) during the procedure; or (iv) the patient is critically ill, with multiple organ failure; or (v) where the anaesthesia time exceeds 6 hours <p>and the assistance is provided to the exclusion of all other patients (5 basic units) <i>(See para T10.9 of explanatory notes to this Category)</i></p> <p>Derived Fee: An amount of \$99.0 (5 basic units) plus an item in the range 23010 - 24136 plus, where applicable - an item in the range 25000 - 25020 plus, where performed, any associated therapeutic or diagnostic service/s in the range 22001 - 22051</p>

34121	ARTERIO-VEIN FISTULA OF AN EXTREMITY, dissection and repair of, with restoration of continuity (Anaes.) (Assist.) Fee: \$1,105.35	Benefit: 75% = \$829.05	
34124	ARTERIO-VEIN FISTULA OF THE NECK, dissection and repair of, with restoration of continuity (Anaes.) (Assist.) Fee: \$1,210.80	Benefit: 75% = \$908.10	
34127	ARTERIO-VEIN FISTULA OF THE ABDOMEN, dissection and repair of, with restoration of continuity (Anaes.) (Assist.) Fee: \$1,586.75	Benefit: 75% = \$1,190.10	
34130	SURGICALLY CREATED ARTERIO-VEIN FISTULA OF AN EXTREMITY, closure of (Anaes.) (Assist.) Fee: \$496.30	Benefit: 75% = \$372.25 85% = \$421.90	
34133	SCALENOTOMY (Anaes.) (Assist.) Fee: \$556.60	Benefit: 75% = \$417.45	

OPERATIONS		VASCULAR
34136	FIRST RIB, resection of portion of (Anaes.) (Assist.) Fee: \$894.75 Benefit: 75% = \$671.10	
34139	CERVICAL RIB, removal of, or other operation for removal of thoracic outlet compression, not being a service to which another item in this Sub-group applies (Anaes.) (Assist.) Fee: \$894.75 Benefit: 75% = \$671.10	
34142	COELIAC ARTERY, decompression of, for coeliac artery compression syndrome, as an independent procedure (Anaes.) (Assist.) Fee: \$1,105.35 Benefit: 75% = \$829.05	
34145	POPLITEAL ARTERY, exploration of, for popliteal entrapment, with or without division of fibrous tissue and muscle (Anaes.) (Assist.) Fee: \$804.65 Benefit: 75% = \$603.50	
34148	CAROTID ASSOCIATED TUMOUR, resection of, with or without repair or reconstruction of internal or common carotid arteries, when tumour is 4cm or less in maximum diameter (Anaes.) (Assist.) Fee: \$1,436.30 Benefit: 75% = \$1,077.25	
34151	CAROTID ASSOCIATED TUMOUR, resection of, with or without repair or reconstruction of internal or common carotid arteries, when tumour is greater than 4cm in maximum diameter (Anaes.) (Assist.) Fee: \$1,962.65 Benefit: 75% = \$1,472.00	
34154	RECURRENT CAROTID ASSOCIATED TUMOUR, resection of, with or without repair or replacement of portion of internal or common carotid arteries (Anaes.) (Assist.) Fee: \$2,338.75 Benefit: 75% = \$1,754.10 85% = \$2,264.25	
34157	NECK, excision of infected bypass graft, including closure of vessel or vessels (Anaes.) (Assist.) Fee: \$1,188.20 Benefit: 75% = \$891.15	
34160	AORTO-DUODENAL FISTULA, repair of, by suture of aorta and repair of duodenum (Anaes.) (Assist.) Fee: \$2,225.90 Benefit: 75% = \$1,669.45	
34163	AORTO-DUODENAL FISTULA, repair of, by insertion of aortic graft and repair of duodenum (Anaes.) (Assist.) Fee: \$2,857.55 Benefit: 75% = \$2,143.20	
34166	AORTO-DUODENAL FISTULA, repair of, by oversewing of abdominal aorta, repair of duodenum and axillo-bifemoral grafting (Anaes.) (Assist.) Fee: \$2,857.55 Benefit: 75% = \$2,143.20	
34169	INFECTED BYPASS GRAFT FROM TRUNK, excision of, including closure of arteries (Anaes.) (Assist.) Fee: \$1,586.75 Benefit: 75% = \$1,190.10	
34172	INFECTED AXILLO-FEMORAL OR FEMORO-FEMORAL GRAFT, excision of, including closure of arteries (Anaes.) (Assist.) Fee: \$1,293.40 Benefit: 75% = \$970.05	
34175	INFECTED BYPASS GRAFT FROM EXTREMITIES, excision of including closure of arteries (Anaes.) (Assist.) Fee: \$1,188.20 Benefit: 75% = \$891.15	
<i>OPERATIONS FOR VASCULAR ACCESS</i>		
34500	ARTERIOVENOUS SHUNT, EXTERNAL, insertion of (Anaes.) (Assist.) Fee: \$308.40 Benefit: 75% = \$231.30 85% = \$262.15	
34503	ARTERIOVENOUS ANASTOMOSIS OF UPPER OR LOWER LIMB, in conjunction with another venous or arterial operation (Anaes.) (Assist.) Fee: \$413.55 Benefit: 75% = \$310.20	
34506	ARTERIOVENOUS SHUNT, EXTERNAL, removal of (Anaes.) (Assist.) Fee: \$210.45 Benefit: 75% = \$157.85	
34509	ARTERIOVENOUS ANASTOMOSIS OF UPPER OR LOWER LIMB, not in conjunction with another venous or arterial operation (Anaes.) (Assist.) Fee: \$977.55 Benefit: 75% = \$733.20	
34512	ARTERIOVENOUS ACCESS DEVICE, insertion of (Anaes.) (Assist.) Fee: \$1,075.40 Benefit: 75% = \$806.55	

OPERATIONS		VASCULAR
34515	ARTERIOVENOUS ACCESS DEVICE, thrombectomy of (Anaes.) (Assist.) Fee: \$767.00 Benefit: 75% = \$575.25	
34518	STENOSIS OF ARTERIOVENOUS FISTULA OR PROSTHETIC ARTERIOVENOUS ACCESS DEVICE, correction of (Anaes.) (Assist.) Fee: \$1,285.75 Benefit: 75% = \$964.35	
34521	INTRA-ABDOMINAL ARTERY OR VEIN, cannulation of, for infusion chemotherapy, by open operation (excluding aftercare) (Anaes.) (Assist.) Fee: \$789.95 Benefit: 75% = \$592.50	
34524	ARTERIAL CANNULATION for infusion chemotherapy by open operation, not being a service to which item 34521 applies (excluding after-care) (Anaes.) (Assist.) Fee: \$413.55 Benefit: 75% = \$310.20	
34527	CENTRAL VEIN CATHETERISATION by <u>open technique</u> , using subcutaneous tunnel with pump or access port as with Hickman or Broviac catheter or other chemotherapy delivery device, including any associated percutaneous central vein catheterisation (Anaes.) Fee: \$551.60 Benefit: 75% = \$413.70 85% = \$477.10	
34528	CENTRAL VEIN CATHETERISATION by <u>percutaneous technique</u> , using subcutaneous tunnel with pump or access port as with Hickman or Broviac catheter or other chemotherapy delivery device (Anaes.) Fee: \$272.40 Benefit: 75% = \$204.30 85% = \$231.55	
34530	HICKMAN OR BROVIAC CATHETER, OR OTHER CHEMOTHERAPY DEVICE, removal of, by open surgical procedure in the operating theatre of a hospital or approved day-hospital (Anaes.) Fee: \$204.25 Benefit: 75% = \$153.20 85% = \$173.65	
34533	ISOLATED LIMB PERFUSION, including cannulation of artery and vein at commencement of procedure, regional perfusion for chemotherapy, or other therapy, repair of arteriotomy and venotomy at conclusion of procedure (excluding aftercare) (Anaes.) (Assist.) Fee: \$1,240.65 Benefit: 75% = \$930.50 85% = \$1,166.15	
34538	CENTRAL VEIN CATHETERISATION by percutaneous technique, using subcutaneous tunnelled cuffed catheter or similar device, for the administration of haemodialysis or parenteral nutrition (Anaes.) Fee: \$272.40 Benefit: 75% = \$204.30 85% = \$231.55	
34539	TUNNELLED CUFFED CATHETER, OR SIMILAR DEVICE, removal of, by open surgical procedure in the operating theatre of a hospital (Anaes.) Fee: \$204.25 Benefit: 75% = \$153.20 85% = \$173.65	
COMPLEX VENOUS OPERATIONS		
34800	INFERIOR VENA CAVA, plication, ligation, or application of caval clip (Anaes.) (Assist.) Fee: \$812.15 Benefit: 75% = \$609.15 85% = \$737.65	
34803	INFERIOR VENA CAVA, reconstruction of or bypass by vein or synthetic material (Anaes.) (Assist.) Fee: \$1,789.85 Benefit: 75% = \$1,342.40	
34806	CROSS LEG BYPASS GRAFTING, saphenous to iliac or femoral vein (Anaes.) (Assist.) Fee: \$970.05 Benefit: 75% = \$727.55	
34809	SAPHENOUS VEIN ANASTOMOSIS to femoral or popliteal vein for femoral vein bypass (Anaes.) (Assist.) Fee: \$970.05 Benefit: 75% = \$727.55	
34812	VENOUS STENOSIS OR OCCLUSION, vein bypass for, using vein or synthetic material, not being a service associated with a service to which item 34806 or 34809 applies (Anaes.) (Assist.) Fee: \$1,173.05 Benefit: 75% = \$879.80	
34815	VEIN STENOSIS, patch angioplasty for, (excluding vein graft stenosis)-using vein or synthetic material (Anaes.) (Assist.) <i>(See para T8.36 of explanatory notes to this Category)</i> Fee: \$970.05 Benefit: 75% = \$727.55	
34818	VENOUS VALVE, plication or repair to restore valve competency (Anaes.) (Assist.) Fee: \$1,067.80 Benefit: 75% = \$800.85	

OPERATIONS		VASCULAR
34821	VEIN TRANSPLANT to restore valvular function (Anaes.) (Assist.) Fee: \$1,451.45 Benefit: 75% = \$1,088.60 85% = \$1,376.95	
34824	EXTERNAL STENT, application of, to restore venous valve competency to superficial vein - 1 stent (Anaes.) (Assist.) Fee: \$496.30 Benefit: 75% = \$372.25	
34827	EXTERNAL STENTS, application of, to restore venous valve competency to superficial vein or veins - more than 1 stent (Anaes.) (Assist.) Fee: \$601.65 Benefit: 75% = \$451.25	
34830	EXTERNAL STENT, application of, to restore venous valve competency to deep vein (1 stent) (Anaes.) (Assist.) Fee: \$707.00 Benefit: 75% = \$530.25 85% = \$632.50	
34833	EXTERNAL STENTS, application of, to restore venous valve competency to deep vein or veins (more than 1 stent) (Anaes.) (Assist.) Fee: \$917.40 Benefit: 75% = \$688.05	
SYMPATHECTOMY		
35000	LUMBAR SYMPATHECTOMY (Anaes.) (Assist.) Fee: \$707.00 Benefit: 75% = \$530.25 85% = \$632.50	
35003	CERVICAL OR UPPER THORACIC SYMPATHECTOMY by any surgical approach (Anaes.) (Assist.) Fee: \$917.40 Benefit: 75% = \$688.05	
35006	CERVICAL OR UPPER THORACIC SYMPATHECTOMY, where operation is a reoperation for previous incomplete sympathectomy by any surgical approach (Anaes.) (Assist.) Fee: \$1,150.55 Benefit: 75% = \$862.95	
35009	LUMBAR SYMPATHECTOMY, where operation is following chemical sympathectomy or for previous incomplete surgical sympathectomy (Anaes.) (Assist.) Fee: \$894.75 Benefit: 75% = \$671.10	
35012	SACRAL or PRE-SACRAL SYMPATHECTOMY (Anaes.) (Assist.) Fee: \$707.00 Benefit: 75% = \$530.25	
DEBRIDEMENT AND AMPUTATIONS FOR VASCULAR DISEASE		
35100	ISCHAEMIC LIMB, debridement of necrotic material, gangrenous tissue, or slough in, in the operating theatre of a hospital, when debridement includes muscle, tendon or bone (Anaes.) (Assist.) Fee: \$368.55 Benefit: 75% = \$276.45	
35103	ISCHAEMIC LIMB, debridement of necrotic material, gangrenous tissue, or slough in, in the operating theatre of a hospital, superficial tissue only (Anaes.) Fee: \$234.55 Benefit: 75% = \$175.95 85% = \$199.40	
MISCELLANEOUS VASCULAR PROCEDURES		
35200	OPERATIVE ARTERIOGRAPHY OR VENOGRAPHY, 1 or more of, performed during the course of an operative procedure on an artery or vein, 1 site (Anaes.) Fee: \$171.50 Benefit: 75% = \$128.65	
35202	MAJOR ARTERIES OR VEINS IN THE NECK, ABDOMEN OR EXTREMITIES, access to, as part of RE-OPERATION after prior surgery on these vessels (Anaes.) (Assist.) Fee: \$817.10 Benefit: 75% = \$612.85	
ENDOVASCULAR INTERVENTIONAL PROCEDURES		
35300	TRANSLUMINAL BALLOON ANGIOPLASTY of 1 peripheral artery or vein of 1 limb, percutaneous or by open exposure, excluding associated radiological services or preparation, and excluding aftercare (Anaes.) (Assist.) Fee: \$515.35 Benefit: 75% = \$386.55 85% = \$440.85	
35303	TRANSLUMINAL BALLOON ANGIOPLASTY of aortic arch branches, aortic visceral branches, or more than 1 peripheral artery or vein of 1 limb, percutaneous or by open exposure, excluding associated radiological services or preparation, and excluding aftercare (Anaes.) (Assist.) Fee: \$660.80 Benefit: 75% = \$495.60 85% = \$586.30	

OPERATIONS		VASCULAR
35331	RETRIEVAL OF INFERIOR VENA CAVAL FILTER, percutaneous or by open exposure, not including associated radiological services or preparation, and not including aftercare (Anaes.) Fee: \$592.45 Benefit: 75% = \$444.35	
35360	Retrieval of foreign body in PULMONARY ARTERY, percutaneous or by open exposure, not including associated radiological services or preparation, and not including aftercare <i>(foreign body does not include an instrument inserted for the purpose of a service being rendered)</i> (Anaes.) (Assist.) Fee: \$828.20 Benefit: 75% = \$621.15	
35361	Retrieval of foreign body in RIGHT ATRIUM, percutaneous or by open exposure, not including associated radiological services or preparation, and not including aftercare <i>(foreign body does not include an instrument inserted for the purpose of a service being rendered)</i> (Anaes.) (Assist.) Fee: \$710.30 Benefit: 75% = \$532.75	
35362	Retrieval of foreign body in INFERIOR VENA CAVA or AORTA, percutaneous or by open exposure, not including associated radiological services or preparation, and not including aftercare <i>(foreign body does not include an instrument inserted for the purpose of a service being rendered)</i> (Anaes.) (Assist.) Fee: \$592.45 Benefit: 75% = \$444.35	
35363	Retrieval of foreign body in PERIPHERAL VEIN or PERIPHERAL ARTERY, percutaneous or by open exposure, not including associated radiological services or preparation, and not including aftercare <i>(foreign body does not include an instrument inserted for the purpose of a service being rendered)</i> (Anaes.) (Assist.) Fee: \$474.65 Benefit: 75% = \$356.00	
INTERVENTIONAL RADIOLOGY PROCEDURES		
35404	DOSIMETRY, HANDLING AND INJECTION OF SIR-SPHERES for selective internal radiation therapy of hepatic metastases which are secondary to colorectal cancer and are not suitable for resection or ablation, used in combination with systemic chemotherapy using 5-fluorouracil (5FU) and leucovorin, not being a service to which item 35317, 35319, 35320 or 35321 applies The procedure must be performed by a specialist or consultant physician recognised in the specialties of nuclear medicine or radiation oncology on an admitted patient in a hospital. To be claimed once in the patient's lifetime only. <i>(See para T8.40 of explanatory notes to this Category)</i> Fee: \$346.60 Benefit: 75% = \$259.95	
35406	Trans-femoral catheterisation of the hepatic artery to administer SIR-Spheres to embolise the microvasculature of hepatic metastases which are secondary to colorectal cancer and are not suitable for resection or ablation, for selective internal radiation therapy used in combination with systemic chemotherapy using 5-fluorouracil (5FU) and leucovorin, not being a service to which item 35317, 35319, 35320 or 35321 applies excluding associated radiological services or preparation, and excluding aftercare (Anaes.) (Assist.) <i>(See para T8.40 of explanatory notes to this Category)</i> Fee: \$813.30 Benefit: 75% = \$610.00	
35408	Catheterisation of the hepatic artery via a permanently implanted hepatic artery port to administer SIR-Spheres to embolise the microvasculature of hepatic metastases which are secondary to colorectal cancer and are not suitable for resection or ablation, for selective internal radiation therapy used in combination with systemic chemotherapy using 5-fluorouracil (5FU) and leucovorin, not being a service to which item 35317, 35319, 35320 or 35321 applies excluding associated radiological services or preparation, and excluding aftercare (Anaes.) (Assist.) <i>(See para T8.40 of explanatory notes to this Category)</i> Fee: \$610.10 Benefit: 75% = \$457.60	
35410	UTERINE ARTERY CATHETERISATION with percutaneous administration of occlusive agents, for the treatment of symptomatic uterine fibroids in a patient who has been referred for uterine artery embolisation by a specialist gynaecologist, excluding associated radiological services or preparation, and excluding aftercare (Anaes.) (Assist.) <i>(See para T8.34 of explanatory notes to this Category)</i> Fee: \$813.30 Benefit: 75% = \$610.00 85% = \$738.80	
35412	Intracranial aneurysm, ruptured or unruptured, endovascular occlusion with detachable coils, and assisted coiling if performed, with parent artery preservation, not for use with liquid embolics only, including intra-operative imaging, but in association with pre-operative diagnostic imaging items 60009 and either 60072, 60075 or 60078, including aftercare (Anaes.) (Assist.) <i>(See para T8.35 of explanatory notes to this Category)</i> Fee: \$2,857.55 Benefit: 75% = \$2,143.20 85% = \$2,783.05	

OPERATIONS		GYNAECOLOGICAL	
SUBGROUP 4 - GYNAECOLOGICAL			
35500	GYNAECOLOGICAL EXAMINATION UNDER ANAESTHESIA, not being a service associated with a service to which another item in this Group applies (Anaes.) Fee: \$81.30 Benefit: 75% = \$61.00 85% = \$69.15		
35502	INTRAUTERINE DEVICE, INTRODUCTION OF, for the control of idiopathic menorrhagia, AND ENDOMETRIAL BIOPSY to exclude endometrial pathology, not being a service associated with a service to which another item in this Group applies (Anaes.) Fee: \$80.15 Benefit: 75% = \$60.15 85% = \$68.15		
35503	INTRAUTERINE CONTRACEPTIVE DEVICE, INTRODUCTION OF, not being a service associated with a service to which another item in this Group applies (Anaes.) Fee: \$53.55 Benefit: 75% = \$40.20 85% = \$45.55		
35506	INTRAUTERINE CONTRACEPTIVE DEVICE, REMOVAL OF UNDER GENERAL ANAESTHESIA, not being a service associated with a service to which another item in this Group applies (Anaes.) Fee: \$53.70 Benefit: 75% = \$40.30 85% = \$45.65		
35507	VULVAL OR VAGINAL WARTS, removal of under general anaesthesia, or under regional or field nerve block (excluding pudendal block) requiring admission to a hospital, where the time taken is less than or equal to 45 minutes - not being a service associated with a service to which item 32177 or 32180 applies (Anaes.) Fee: \$174.45 Benefit: 75% = \$130.85 85% = \$148.30		
35508	VULVAL OR VAGINAL WARTS, removal of under general anaesthesia, or under regional or field nerve block (excluding pudendal block) requiring admission to a hospital, where the time taken is greater than 45 minutes - not being a service associated with a service to which item 32177 or 32180 applies (Anaes.) (Assist.) Fee: \$256.95 Benefit: 75% = \$192.75 85% = \$218.45

38350	<p>SINGLE CHAMBER PERMANENT TRANSVENOUS ELECTRODE, insertion, removal or replacement of, including cardiac electrophysiological services where used for pacemaker implantation (Anaes.) (See para T8.60 of explanatory notes to this Category)</p> <p>Fee: \$638.65 Benefit: 75% = \$479.00</p>	
38353	<p>PERMANENT CARDIAC PACEMAKER, insertion, removal or replacement of, not for cardiac resynchronisation therapy, including cardiac electrophysiological services where used for pacemaker implantation (Anaes.) (See para T8.60 of explanatory notes to this Category)</p> <p>Fee: \$255.45 Benefit: 75% = \$191.60</p>	
38356	<p>DUAL CHAMBER PERMANENT TRANSVENOUS ELECTRODES, insertion, removal or replacement of, including cardiac electrophysiological services where used for pacemaker implantation (Anaes.) (See para T8.60 of explanatory notes to this Category)</p> <p>Fee: \$837.35 Benefit: 75% = \$628.05</p>	
38358	<p>Extraction of chronically implanted transvenous pacing or defibrillator lead or leads, by percutaneous method where the leads have been in situ for greater than six months and require removal with locking stylets, snares and/or extraction sheaths in a facility where cardiac surgery is available, in association with item 61109 or 60509 (Anaes.) (Assist.) (See para T8.64 of explanatory notes to this Category)</p> <p>Fee: \$2,868.05 Benefit: 75% = \$2,151.05</p>	
38359	<p>PERICARDIUM, paracentesis of (excluding aftercare) (Anaes.)</p> <p>Fee: \$133.55 Benefit: 75% = \$100.20 85% = \$113.55</p>	
38362	<p>INTRA-AORTIC BALLOON PUMP, percutaneous insertion of (Anaes.)</p> <p>Fee: \$384.95 Benefit: 75% = \$288.75 85% = \$327.25</p>	
38365	<p>PERMANENT CARDIAC SYNCHRONISATION DEVICE, insertion, removal or replacement of, for patients who have moderate to severe chronic heart failure (NYHA class III or IV) despite optimised medical therapy and who meet all of the following criteria:</p> <ul style="list-style-type: none"> - sinus rhythm - a left ventricular ejection fraction of less than or equal to 35% - a QRS duration greater than or equal to 120ms. (Anaes.) <p>(See para T8.63 of explanatory notes to this Category)</p> <p>Fee: \$255.45 Benefit: 75% = \$191.60</p>	

OPERATIONS	CARDIO-THORACIC
38368	<p>PERMANENT TRANSVENOUS LEFT VENTRICULAR ELECTRODE, insertion, removal or replacement of through the coronary sinus, for the purpose of cardiac resynchronisation therapy, for patients who have moderate to severe chronic heart failure (NYHA class III or IV) despite optimised medical therapy and who meet all of the following criteria:</p> <ul style="list-style-type: none"> - sinus rhythm - a left ventricular ejection fraction of less than or equal to 35% - a QRS duration greater than or equal to 120ms. <p>Where the service includes right heart catheterisation and any associated venogram of left ventricular veins. Not being a service associated with a service to which items 38200 and 35200 apply (Anaes.) (See para T8.63 of explanatory notes to this Category)</p> <p>Fee: \$1,224.60 Benefit: 75% = \$918.45</p>
38371	<p>PERMANENT CARDIAC SYNCHRONISATION DEVICE CAPABLE OF DEFIBRILLATION, insertion, removal or replacement of, for patients who have moderate to severe chronic heart failure (NYHA class III or IV) despite optimised medical therapy who meet all of the following criteria:</p> <ul style="list-style-type: none"> - sinus rhythm - a left ventricular ejection fraction of less than or equal to 35% - a QRS duration greater than or equal to 120ms. (Anaes.) <p>(See para T8.65 of explanatory notes to this Category)</p> <p>Fee: \$287.85 Benefit: 75% = \$215.90 85% = \$244.70</p>
38384	<p>AUTOMATIC DEFIBRILLATOR, insertion of patches for, or insertion of transvenous endocardial defibrillation electrodes for, primary prevention of sudden cardiac death in:</p> <ul style="list-style-type: none"> - patients with a left ventricular ejection fraction of less than or equal to 30% at least one month after a myocardial infarct when the patient has received optimised medical therapy; or - patients with chronic heart failure associated with mild to moderate symptoms (NYHA II and III) and a left ventricular ejection fraction less than or equal to 35% when the patient has received optimised medical therapy. <p>Not being a service associated with a service to which item 38213 applies (Anaes.) (Assist.)</p> <p>Fee: \$1,052.65 Benefit: 75% = \$789.50 85% = \$978.15</p>
38387	<p>AUTOMATIC DEFIBRILLATOR GENERATOR, insertion or replacement of for, primary prevention of sudden cardiac death in:</p> <ul style="list-style-type: none"> - patients with a left ventricular ejection fraction of less than or equal to 30% at least one month after a myocardial infarct when the patient has received optimised medical therapy; or - patients with chronic heart failure associated with mild to moderate symptoms (NYHA II and III) and a left ventricular ejection fraction less than or equal to 35% when the patient has received optimised medical therapy. <p>Not being a service associated with a service to which item 38213 applies, not for defibrillators capable of cardiac resynchronisation therapy (Anaes.) (Assist.)</p> <p>Fee: \$287.85 Benefit: 75% = \$215.90 85% = \$244.70</p>
38390	<p>AUTOMATIC DEFIBRILLATOR, insertion of patches for, or insertion of transvenous endocardial defibrillation electrodes for - not for patients with heart failure or as primary prevention for tachycardia arrhythmias. Not being a service associated with a service to which item 38213 applies (Anaes.) (Assist.)</p> <p>Fee: \$1,052.65 Benefit: 75% = \$789.50 85% = \$978.15</p>
38393	<p>AUTOMATIC DEFIBRILLATOR GENERATOR, insertion or replacement of for - not for patients with heart failure or as primary prevention for tachycardia arrhythmias. Not being a service associated with a service to which item 38213 applies. (Anaes.) (Assist.)</p> <p>Fee: \$287.85 Benefit: 75% = \$215.90 85% = \$244.70</p>
THORACIC SURGERY	
38415	<p>EMPHYEMA, radical operation for, involving resection of rib (Anaes.) (Assist.)</p> <p>Fee: \$399.35 Benefit: 75% = \$299.55 85% = \$339.45</p>
38418	<p>THORACOTOMY, exploratory, with or without biopsy (Anaes.) (Assist.)</p> <p>Fee: \$958.40 Benefit: 75% = \$718.80</p>
38421	<p>THORACOTOMY, with pulmonary decortication (Anaes.) (Assist.)</p> <p>Fee: \$1,532.00 Benefit: 75% = \$1,149.00</p>
38424	<p>THORACOTOMY, with pleurectomy or pleurodesis, OR ENUCLEATION OF HYDATID cysts (Anaes.) (Assist.)</p> <p>Fee: \$958.40 Benefit: 75% = \$718.80</p>

OPERATIONS		CARDIO-THORACIC
38427	THORACOPLASTY (complete) - 3 or more ribs (Anaes.) (Assist.) Fee: \$1,183.40 Benefit: 75% = \$887.55	
38430	THORACOPLASTY (in stages) each stage (Anaes.) (Assist.) Fee: \$609.90 Benefit: 75% = \$457.45	
38436	THORACOSCOPY, with or without division of pleural adhesions, including insertion of intercostal catheter where necessary, with or without biopsy (Anaes.) Fee: \$249.75 Benefit: 75% = \$187.35	
38438	PNEUMONECTOMY or LOBECTOMY or SEGMENTECTOMY not being a service associated with a service to which Item 38418 applies (Anaes.) (Assist.) Fee: \$1,532.00 Benefit: 75% = \$1,149.00	
38440	LUNG, wedge resection of (Anaes.) (Assist.) Fee: \$1,147.20 Benefit: 75% = \$860.40	
38441	RADICAL LOBECTOMY or PNEUMONECTOMY including resection of chest wall, diaphragm, pericardium, or formal mediastinal node dissection (Anaes.) (Assist.) Fee: \$1,815.20 Benefit: 75% = \$1,361.40	
38446	THORACOTOMY or STERNOTOMY, for removal of thymus or mediastinal tumour (Anaes.) (Assist.) Fee: \$1,183.40 Benefit: 75% = \$887.55	
38447	PERICARDIECTOMY via sternotomy or anterolateral thoracotomy without cardiopulmonary bypass (Anaes.) (Assist.) Fee: \$1,532.00 Benefit: 75% = \$1,149.00	
38448	MEDIASTINUM, cervical exploration of, with or without biopsy (Anaes.) (Assist.) Fee: \$363.05 Benefit: 75% = \$272.30	
38449	PERICARDIECTOMY via sternotomy or anterolateral thoracotomy with cardiopulmonary bypass (Anaes.) (Assist.) Fee: \$2,143.20 Benefit: 75% = \$1,607.40	
38450	PERICARDIUM, transthoracic open surgical drainage of (Anaes.) (Assist.) Fee: \$856.65 Benefit: 75% = \$642.50	
38452	PERICARDIUM, sub-xiphoid drainage of (Anaes.) (Assist.) Fee: \$573.70 Benefit: 75% = \$430.30	
38453	TRACHEAL excision and repair without cardiopulmonary bypass (Anaes.) (Assist.) Fee: \$1,720.90 Benefit: 75% = \$1,290.70	
38455	TRACHEAL EXCISION AND REPAIR OF, with cardiopulmonary bypass (Anaes.) (Assist.) Fee: \$2,327.70 Benefit: 75% = \$1,745.80	
38456	INTRATHORACIC OPERATION on heart, lungs, great vessels, bronchial tree, oesophagus or mediastinum, or on more than 1 of those organs, not being a service to which another item in this Group applies (Anaes.) (Assist.) Fee: \$1,532.00 Benefit: 75% = \$1,149.00	
38457	PECTUS EXCAVATUM or PECTUS CARINATUM, repair or radical correction of (Anaes.) (Assist.) Fee: \$1,430.25 Benefit: 75% = \$1,072.70	
38458	PECTUS EXCAVATUM, repair of, with implantation of subcutaneous prosthesis (Anaes.) (Assist.) Fee: \$762.35 Benefit: 75% = \$571.80	
38460	STERNAL WIRE OR WIRES, removal of (Anaes.) Fee: \$275.40 Benefit: 75% = \$206.55	
38462	STERNOTOMY WOUND, debridement of, not involving reopening of the mediastinum (Anaes.) Fee: \$326.45 Benefit: 75% = \$244.85	
38464	STERNOTOMY WOUND, debridement of, involving curettage of infected bone with or without removal of wires but not involving reopening of the mediastinum (Anaes.) Fee: \$354.80 Benefit: 75% = \$266.10	

OPERATIONS		CARDIO-THORACIC
38466	STERNUM, reoperation on, for dehiscence or infection involving reopening of the mediastinum, with or without rewiring (Anaes.) (Assist.) Fee: \$958.00 Benefit: 75% = \$718.50	
38468	STERNUM AND MEDIASTINUM, reoperation for infection of, involving muscle advancement flaps or greater omentum (Anaes.) (Assist.) Fee: \$1,476.15 Benefit: 75% = \$1,107.15	
38469	STERNUM AND MEDIASTINUM, reoperation for infection of, involving muscle advancement flaps and greater omentum (Anaes.) (Assist.) Fee: \$1,720.90 Benefit: 75% = \$1,290.70	
CARDIAC SURGERY PROCEDURES		
38470	PERMANENT MYOCARDIAL ELECTRODE, insertion of, by thoracotomy or sternotomy (Anaes.) (Assist.) <i>(See para T8.67 of explanatory notes to this Category)</i> Fee: \$958.40 Benefit: 75% = \$718.80	
38473	PERMANENT PACEMAKER ELECTRODE, insertion by open surgical approach (Anaes.) (Assist.) <i>(See para T8.67 of explanatory notes to this Category)</i> Fee: \$573.70 Benefit: 75% = \$430.30	
VALVULAR PROCEDURES		
38475	VALVE ANNULOPLASTY without insertion of ring, not being a service associated with a service to which item 38480 or 38481 applies (Anaes.) (Assist.) <i>(See para T8.67 of explanatory notes to this Category)</i> Fee: \$831.75 Benefit: 75% = \$623.85	
38477	VALVE ANNULOPLASTY with insertion of ring not being a service to which item 38478 applies (Anaes.) (Assist.) <i>(See para T8.67 of explanatory notes to this Category)</i> Fee: \$2,003.35 Benefit: 75% = \$1,502.55	
38478	VALVE ANNULOPLASTY with insertion of ring performed in conjunction with item 38480 or 38481 (Anaes.) (Assist.) <i>(See para T8.67 of explanatory notes to this Category)</i> Fee: \$970.40 Benefit: 75% = \$727.80	
38480	VALVE REPAIR, 1 leaflet (Anaes.) (Assist.) <i>(See para T8.67 of explanatory notes to this Category)</i> Fee: \$2,003.35 Benefit: 75% = \$1,502.55	
38481	VALVE REPAIR, 2 or more leaflets (Anaes.) (Assist.) <i>(See para T8.67 of explanatory notes to this Category)</i> Fee: \$2,280.65 Benefit: 75% = \$1,710.50	
38483	AORTIC VALVE LEAFLET OR LEAFLETS, decalcification of, not being a service to which item 38475, 38477, 38480, 38481, 38488 or 38489 applies (Anaes.) (Assist.) <i>(See para T8.67 of explanatory notes to this Category)</i> Fee: \$1,720.90 Benefit: 75% = \$1,290.70	
38485	MITRAL ANNULUS, reconstruction of, after decalcification, when performed in association with valve surgery (Anaes.) (Assist.) <i>(See para T8.67 of explanatory notes to this Category)</i> Fee: \$817.10 Benefit: 75% = \$612.85	
38487	MITRAL VALVE, open valvotomy of (Anaes.) (Assist.) <i>(See para T8.67 of explanatory notes to this Category)</i> Fee: \$1,720.90 Benefit: 75% = \$1,290.70	
38488	VALVE REPLACEMENT with BIOPROSTHESIS OR MECHANICAL PROSTHESIS (Anaes.) (Assist.) <i>(See para T8.67 of explanatory notes to this Category)</i> Fee: \$1,909.60 Benefit: 75% = \$1,432.20	
38489	VALVE REPLACEMENT with allograft (subcoronary or cylindrical implant), or unstented xenograft (Anaes.) (Assist.) <i>(See para T8.67 of explanatory notes to this Category)</i> Fee: \$2,271.05 Benefit: 75% = \$1,703.30	

OPERATIONS		CARDIO-THORACIC
38490	SUB-VALVULAR STRUCTURES, reconstruction and re-implantation of, associated with mitral and tricuspid valve replacement (Anaes.) (Assist.) (See para T8.67 of explanatory notes to this Category) Fee: \$554.55 Benefit: 75% = \$415.95	
38493	OPERATIVE MANAGEMENT of acute infective endocarditis, in association with heart valve surgery (Anaes.) (Assist.) (See para T8.67 of explanatory notes to this Category) Fee: \$1,957.60 Benefit: 75% = \$1,468.20	
SURGERY FOR ISCHAEMIC HEART DISEASE		
38496	ARTERY HARVESTING (other than internal mammary), for coronary artery bypass (Anaes.) (Assist.) (See para T8.67 of explanatory notes to this Category) Fee: \$623.95 Benefit: 75% = \$468.00	
38497	CORONARY ARTERY BYPASS with cardiopulmonary bypass, using saphenous vein graft or grafts only, including harvesting of vein graft material where performed, not being a service associated with a service to which items 38498, 38500, 38501, 38503 or 38504 apply (Anaes.) (Assist.) (See para T8.67 and T8.68 of explanatory notes to this Category) Fee: \$2,047.60 Benefit: 75% = \$1,535.70	
38498	CORONARY ARTERY BYPASS with the aid of tissue stabilisers, performed without cardiopulmonary bypass , using saphenous vein graft or grafts only, including harvesting of vein graft material where performed, either via a median sternotomy or other minimally invasive technique and where a stand-by perfusionist is present, not being a service associated with a service to which items 38497, 38500, 38501, 38503, 38504 or 38600 apply (Anaes.) (Assist.) (See para T8.67 and T8.68 of explanatory notes to this Category) Fee: \$2,047.60 Benefit: 75% = \$1,535.70	
38500	CORONARY ARTERY BYPASS with cardiopulmonary bypass, using single arterial graft, with or without vein graft or grafts, including harvesting of internal mammary artery or vein graft material where performed, not being a service associated with a service to which items 38497, 38498, 38501, 38503 or 38504 apply (Anaes.) (Assist.) (See para T8.67 and T8.68 of explanatory notes to this Category) Fee: \$2,200.00 Benefit: 75% = \$1,650.00	
38501	CORONARY ARTERY BYPASS with the aid of tissue stabilisers, performed without cardiopulmonary bypass , using single arterial graft, with or without vein graft or grafts, including harvesting of internal mammary artery or vein graft material where performed, either via a median sternotomy or other minimally invasive technique and where a stand-by perfusionist is present, not being a service associated with a service to which items 38497, 38498, 38500, 38503, 38504 or 38600 apply (Anaes.) (Assist.) (See para T8.67 and T8.68 of explanatory notes to this Category) Fee: \$2,200.00 Benefit: 75% = \$1,650.00	
38503	CORONARY ARTERY BYPASS with cardiopulmonary bypass, using 2 or more arterial grafts, with or without vein graft or grafts, including harvesting of internal mammary artery or vein graft material where performed, not being a service associated with a service to which items 38497, 38498, 38500, 38501 or 38504 apply (Anaes.) (Assist.) (See para T8.67 and T8.68 of explanatory notes to this Category) Fee: \$2,388.70 Benefit: 75% = \$1,791.55	
38504	CORONARY ARTERY BYPASS with the aid of tissue stabilisers, performed without cardiopulmonary bypass , using 2 or more arterial grafts, with or without vein graft or grafts, including harvesting of internal mammary artery or vein graft material where performed, either via a median sternotomy or other minimally invasive technique and where a stand-by perfusionist is present, not being a service associated with a service to which items 38497, 38498, 38500, 38501, 38503 or 38600 apply (Anaes.) (Assist.) (See para T8.67 and T8.68 of explanatory notes to this Category) Fee: \$2,388.70 Benefit: 75% = \$1,791.55	
38505	CORONARY ENDARTERECTOMY, by open operation, including repair with 1 or more patch grafts, each vessel (Anaes.) (Assist.) (See para T8.67 of explanatory notes to this Category) Fee: \$277.25 Benefit: 75% = \$207.95	
38506	LEFT VENTRICULAR ANEURYSM, plication of (Anaes.) (Assist.) (See para T8.67 of explanatory notes to this Category) Fee: \$1,626.25 Benefit: 75% = \$1,219.70	
38507	LEFT VENTRICULAR ANEURYSM resection with primary repair (Anaes.) (Assist.) (See para T8.67 of explanatory notes to this Category) Fee: \$1,909.20 Benefit: 75% = \$1,431.90	

OPERATIONS		CARDIO-THORACIC
38508	LEFT VENTRICULAR ANEURYSM resection with patch reconstruction of the left ventricle (Anaes.) (Assist.) (See para T8.67 of explanatory notes to this Category) Fee: \$2,388.70 Benefit: 75% = \$1,791.55	
38509	ISCHAEMIC VENTRICULAR SEPTAL RUPTURE, repair of (Anaes.) (Assist.) (See para T8.67 of explanatory notes to this Category) Fee: \$2,388.70 Benefit: 75% = \$1,791.55	
ARRHYTHMIA SURGERY		
38512	DIVISION OF ACCESSORY PATHWAY, isolation procedure, procedure on atrioventricular node or perinodal tissues involving 1 atrial chamber only (Anaes.) (Assist.) (See para T8.67 of explanatory notes to this Category) Fee: \$2,098.45 Benefit: 75% = \$1,573.85	
38515	DIVISION OF ACCESSORY PATHWAY, isolation procedure, procedure on atrioventricular node or perinodal tissues involving both atrial chambers and including curative surgery for atrial fibrillation (Anaes.) (Assist.) (See para T8.67 of explanatory notes to this Category) Fee: \$2,671.95 Benefit: 75% = \$2,004.00	
38518	VENTRICULAR ARRHYTHMIA with mapping and muscle ablation, with or without aneurysmectomy (Anaes.) (Assist.) (See para T8.67 of explanatory notes to this Category) Fee: \$2,868.05 Benefit: 75% = \$2,151.05	
PROCEDURES ON THORACIC AORTA		
38550	ASCENDING THORACIC AORTA, repair or replacement of, not involving valve replacement or repair or coronary artery implantation (Anaes.) (Assist.) (See para T8.67 of explanatory notes to this Category) Fee: \$2,146.15 Benefit: 75% = \$1,609.65	
38553	ASCENDING THORACIC AORTA, repair or replacement of, with aortic valve replacement or repair, without implantation of coronary arteries (Anaes.) (Assist.) (See para T8.67 of explanatory notes to this Category) Fee: \$2,719.75 Benefit: 75% = \$2,039.85	
38556	ASCENDING THORACIC AORTA, repair or replacement of, with aortic valve replacement or repair, and implantation of coronary arteries (Anaes.) (Assist.) (See para T8.67 of explanatory notes to this Category) Fee: \$3,104.70 Benefit: 75% = \$2,328.55	
38559	AORTIC ARCH and ASCENDING THORACIC AORTA, repair or replacement of, not involving valve replacement or repair or coronary artery implantation (Anaes.) (Assist.) (See para T8.67 of explanatory notes to this Category) Fee: \$2,531.00 Benefit: 75% = \$1,898.25	
38562	AORTIC ARCH and ASCENDING THORACIC AORTA, repair or replacement of, with aortic valve replacement or repair, without implantation of coronary arteries (Anaes.) (Assist.) (See para T8.67 of explanatory notes to this Category) Fee: \$3,104.70 Benefit: 75% = \$2,328.55	
38565	AORTIC ARCH and ASCENDING THORACIC AORTA, repair or replacement of, with aortic valve replacement or repair, and implantation of coronary arteries (Anaes.) (Assist.) (See para T8.67 of explanatory notes to this Category) Fee: \$3,482.25 Benefit: 75% = \$2,611.70	
38568	DESCENDING THORACIC AORTA, repair or replacement of, without shunt or cardiopulmonary bypass, by open exposure, percutaneous or endovascular means (Anaes.) (Assist.) (See para T8.67 of explanatory notes to this Category) Fee: \$1,862.95 Benefit: 75% = \$1,397.25	
38571	DESCENDING THORACIC AORTA, repair or replacement of, using shunt or cardiopulmonary bypass (Anaes.) (Assist.) (See para T8.67 of explanatory notes to this Category) Fee: \$2,051.75 Benefit: 75% = \$1,538.85	

OPERATIONS		CARDIO-THORACIC
38572	OPERATIVE MANAGEMENT OF ACUTE RUPTURE OR DISSECTION, in conjunction with procedures on the thoracic aorta (Anaes.) (Assist.) (See para T8.67 of explanatory notes to this Category) Fee: \$1,987.05 Benefit: 75% = \$1,490.30	
38577	CANNULATION FOR, and supervision and monitoring of, the administration of retrograde cerebral perfusion during deep hypothermic arrest (Assist.) (See para T8.67 of explanatory notes to this Category) Fee: \$554.55 Benefit: 75% = \$415.95	
TECHNIQUES FOR PRESERVATION OF ARRESTED HEART		
38588	CANNULATION of the coronary sinus for, and supervision of, the retrograde administration of blood or crystalloid for cardioplegia, including pressure monitoring (Assist.) (See para T8.67 of explanatory notes to this Category) Fee: \$416.05 Benefit: 75% = \$312.05	
CIRCULATORY SUPPORT PROCEDURES		
38600	CENTRAL CANNULATION for cardiopulmonary bypass excluding post-operative management, not being a service associated with a service to which another item in this Subgroup applies (Anaes.) (Assist.) (See para T8.67 of explanatory notes to this Category) Fee: \$1,532.00 Benefit: 75% = \$1,149.00	
38603	PERIPHERAL CANNULATION for cardiopulmonary bypass excluding post-operative management (Anaes.) (Assist.) (See para T8.67 of explanatory notes to this Category) Fee: \$958.40 Benefit: 75% = \$718.80	
38609	INTRA-AORTIC BALLOON PUMP, insertion of, by arteriotomy (Anaes.) (Assist.) (See para T8.67 of explanatory notes to this Category) Fee: \$479.15 Benefit: 75% = \$359.40	
38612	INTRA-AORTIC BALLOON PUMP, removal of, with closure of artery by direct suture (Anaes.) (Assist.) (See para T8.67 of explanatory notes to this Category) Fee: \$537.10 Benefit: 75% = \$402.85 85% = \$462.60	
38613	INTRA-AORTIC BALLOON PUMP, removal of, with closure of artery by patch graft (Anaes.) (Assist.) (See para T8.67 of explanatory notes to this Category) Fee: \$674.05 Benefit: 75% = \$505.55	
38615	LEFT OR RIGHT VENTRICULAR ASSIST DEVICE, insertion of (Anaes.) (Assist.) (See para T8.67 of explanatory notes to this Category) Fee: \$1,532.00 Benefit: 75% = \$1,149.00	
38618	LEFT AND RIGHT VENTRICULAR ASSIST DEVICE, insertion of (Anaes.) (Assist.) (See para T8.67 of explanatory notes to this Category) Fee: \$1,909.60 Benefit: 75% = \$1,432.20	
38621	LEFT OR RIGHT VENTRICULAR ASSIST DEVICE, removal of, as an independent procedure (Anaes.) (Assist.) (See para T8.67 of explanatory notes to this Category) Fee: \$762.35 Benefit: 75% = \$571.80	
38624	LEFT AND RIGHT VENTRICULAR ASSIST DEVICE, removal of, as an independent procedure (Anaes.) (Assist.) (See para T8.67 of explanatory notes to this Category) Fee: \$856.65 Benefit: 75% = \$642.50	
38627	EXTRA-CORPOREAL MEMBRANE OXYGENATION, BYPASS OR VENTRICULAR ASSIST DEVICE CANNULAE, adjustment and re-positioning of, by open operation, in patients supported by these devices (Anaes.) (Assist.) (See para T8.67 of explanatory notes to this Category) Fee: \$669.60 Benefit: 75% = \$502.20	
RE-OPERATION		
38637	PATENT DISEASED coronary artery bypass vein graft or grafts, dissection, disconnection and oversewing of (Anaes.) (Assist.) (See para T8.67 of explanatory notes to this Category) Fee: \$554.55 Benefit: 75% = \$415.95	

OPERATIONS	CARDIO-THORACIC
38640	RE-OPERATION via median sternotomy, for any procedure, including any divisions of adhesions where the time taken to divide the adhesions is 45 minutes or less (Anaes.) (Assist.) (See para T8.67 and T8.69 of explanatory notes to this Category) Fee: \$958.40 Benefit: 75% = \$718.80
MISCELLANEOUS CARDIOTHORACIC SURGICAL PROCEDURES	
38643	THORACOTOMY OR STERNOTOMY involving division of adhesions where the time taken to divide the adhesions exceeds 45 minutes (Anaes.) (Assist.) (See para T8.67 of explanatory notes to this Category) Fee: \$1,067.40 Benefit: 75% = \$800.55
38647	THORACOTOMY OR STERNOTOMY involving division of extensive adhesions where the time taken to divide the adhesions exceeds 2 hours (Anaes.) (Assist.) (See para T8.67 of explanatory notes to this Category) Fee: \$2,134.50 Benefit: 75% = \$1,600.90
38650	MYOMECTIONY or MYOTOMY for hypertrophic obstructive cardiomyopathy (Anaes.) (Assist.) (See para T8.67 of explanatory notes to this Category) Fee: \$1,909.60 Benefit: 75% = \$1,432.20
38653	OPEN HEART SURGERY, not being a service to which another item in this Group applies (Anaes.) (Assist.) (See para T8.67 of explanatory notes to this Category) Fee: \$1,909.60 Benefit: 75% = \$1,432.20
38654	PERMANENT LEFT VENTRICULAR ELECTRODE, insertion, removal or replacement of via open thoracotomy, for the purpose of cardiac resynchronisation therapy, for patients who have moderate to severe chronic heart failure (NYHA class III or IV) despite optimised medical therapy and who meet all of the following criteria: - sinus rhythm - a left ventricular ejection fraction of less than or equal to 35% - a QRS duration greater than or equal to 120ms. (Anaes.) (Assist.) (See para T8.63 and T8.67 of explanatory notes to this Category) Fee: \$1,224.60 Benefit: 75% = \$918.45
38656	THORACOTOMY or median sternotomy for post-operative bleeding (Anaes.) (Assist.) (See para T8.67 of explanatory notes to this Category) Fee: \$958.40 Benefit: 75% = \$718.80
CARDIAC TUMOURS	
38670	CARDIAC TUMOUR, excision of, involving the wall of the atrium or inter-atrial septum, without patch or conduit reconstruction (Anaes.) (Assist.) (See para T8.67 of explanatory notes to this Category) Fee: \$1,909.20 Benefit: 75% = \$1,431.90
38673	CARDIAC TUMOUR, excision of, involving the wall of the atrium or inter-atrial septum, requiring reconstruction with patch or conduit (Anaes.) (Assist.) (See para T8.67 of explanatory notes to this Category) Fee: \$2,148.85 Benefit: 75% = \$1,611.65
38677	CARDIAC TUMOUR arising from ventricular myocardium, partial thickness excision of (Anaes.) (Assist.) (See para T8.67 of explanatory notes to this Category) Fee: \$2,010.35 Benefit: 75% = \$1,507.80
38680	CARDIAC TUMOUR arising from ventricular myocardium, full thickness excision of including repair or reconstruction (Anaes.) (Assist.) Fee: \$2,384.55 Benefit: 75% = \$1,788.45 85% = \$2,310.05
CONGENITAL CARDIAC SURGERY	
38700	PATENT DUCTUS ARTERIOSUS, shunt, collateral or other single large vessel, division or ligation of, without cardiopulmonary bypass, for congenital heart disease (Anaes.) (Assist.) (See para T8.67 of explanatory notes to this Category) Fee: \$1,067.40 Benefit: 75% = \$800.55

OPERATIONS		CARDIO-THORACIC
38703	PATENT DUCTUS ARTERIOSUS, shunt, collateral or other single large vessel, division or ligation of, with cardiopulmonary bypass, for congenital heart disease (Anaes.) (Assist.) (See para T8.67 of explanatory notes to this Category) Fee: \$1,924.10 Benefit: 75% = \$1,443.10	
38706	AORTA, anastomosis or repair of, without cardiopulmonary bypass, for congenital heart disease (Anaes.) (Assist.) (See para T8.67 of explanatory notes to this Category) Fee: \$1,822.40 Benefit: 75% = \$1,366.80	
38709	AORTA, anastomosis or repair of, with cardiopulmonary bypass, for congenital heart disease (Anaes.) (Assist.) (See para T8.67 of explanatory notes to this Category) Fee: \$2,134.50 Benefit: 75% = \$1,600.90	
38712	AORTIC INTERRUPTION, repair of, for congenital heart disease (Anaes.) (Assist.) (See para T8.67 of explanatory notes to this Category) Fee: \$2,563.15 Benefit: 75% = \$1,922.40	
38715	MAIN PULMONARY ARTERY, banding, debanding or repair of, without cardiopulmonary bypass, for congenital heart disease (Anaes.) (Assist.) (See para T8.67 of explanatory notes to this Category) Fee: \$1,706.30 Benefit: 75% = \$1,279.75	
38718	MAIN PULMONARY ARTERY, banding, debanding or repair of, with cardiopulmonary bypass, for congenital heart disease (Anaes.) (Assist.) (See para T8.67 of explanatory notes to this Category) Fee: \$2,134.50 Benefit: 75% = \$1,600.90	
38721	VENA CAVA, anastomosis or repair of, without cardiopulmonary bypass, for congenital heart disease (Anaes.) (Assist.) (See para T8.67 of explanatory notes to this Category) Fee: \$1,495.80 Benefit: 75% = \$1,121.85	
38724	VENA CAVA, anastomosis or repair of, with cardiopulmonary bypass, for congenital heart disease (Anaes.) (Assist.) (See para T8.67 of explanatory notes to this Category) Fee: \$2,134.50 Benefit: 75% = \$1,600.90	
38727	INTRATHORACIC VESSELS, anastomosis or repair of, without cardiopulmonary bypass, not being a service to which item 38700, 38703, 38706, 38709, 38712, 38715, 38718, 38721 or 38724 applies, for congenital heart disease (Anaes.) (Assist.) (See para T8.67 of explanatory notes to this Category) Fee: \$1,495.80 Benefit: 75% = \$1,121.85	
38730	INTRATHORACIC VESSELS, anastomosis or repair of, with cardiopulmonary bypass, not being a service to which item 38700, 38703, 38706, 38709, 38712, 38715, 38718, 38721 or 38724 applies, for congenital heart disease (Anaes.) (Assist.) Fee: \$2,134.50 Benefit: 75% = \$1,600.90	
38733	SYSTEMIC PULMONARY or CAVO-PULMONARY SHUNT, creation of, without cardiopulmonary bypass, for congenital heart disease (Anaes.) (Assist.) (See para T8.67 of explanatory notes to this Category) Fee: \$1,495.80 Benefit: 75% = \$1,121.85	
38736	SYSTEMIC PULMONARY or CAVO-PULMONARY SHUNT, creation of, with cardiopulmonary bypass, for congenital heart disease (Anaes.) (Assist.) (See para T8.67 of explanatory notes to this Category) Fee: \$2,134.50 Benefit: 75% = \$1,600.90	
38739	ATRIAL SEPTECTOMY, with or without cardiopulmonary bypass, for congenital heart disease (Anaes.) (Assist.) (See para T8.67 of explanatory notes to this Category) Fee: \$1,924.10 Benefit: 75% = \$1,443.10	
38742	ATRIAL SEPTAL DEFECT, closure by open exposure direct suture or patch, for congenital heart disease (Anaes.) (Assist.) (See para T8.67 of explanatory notes to this Category) Fee: \$1,924.10 Benefit: 75% = \$1,443.10	
38745	INTRA-ATRIAL BAFFLE, insertion of, for congenital heart disease (Anaes.) (Assist.) (See para T8.67 of explanatory notes to this Category) Fee: \$2,134.50 Benefit: 75% = \$1,600.90	

OPERATIONS		CARDIO-THORACIC	
38748	VENTRICULAR SEPTECTOMY, for congenital heart disease (Anaes.) (Assist.) (See para T8.67 of explanatory notes to this Category) Fee: \$2,134.50 Benefit: 75% = \$1,600.90		
38751	VENTRICULAR SEPTAL DEFECT, closure by direct suture or patch, for congenital heart disease (Anaes.) (Assist.) (See para T8.67 of explanatory notes to this Category) Fee: \$2,134.50 Benefit: 75% = \$1,600.90		
38754	INTRAVENTRICULAR BAFFLE OR CONDUIT, insertion of, for congenital heart disease (Anaes.) (Assist.) (See para T8.67 of explanatory notes to this Category) Fee: \$2,671.95 Benefit: 75% = \$2,004.00		
38757	EXTRACARDIAC CONDUIT, insertion of, for congenital heart disease (Anaes.) (Assist.) (See para T8.67 of explanatory notes to this Category) Fee: \$2,134.50 Benefit: 75% = \$1,600.90		
38760	EXTRACARDIAC CONDUIT, replacement of, for congenital heart disease (Anaes.) (Assist.) (See para T8.67 of explanatory notes to this Category) Fee: \$2,134.50 Benefit: 75% = \$1,600.90		
38763	VENTRICULAR MYECTOMY, for relief of ventricular obstruction, right or left, for congenital heart disease (Anaes.) (Assist.) (See para T8.67 of explanatory notes to this Category) Fee: \$2,134.50 Benefit: 75% = \$1,600.90		
38766	VENTRICULAR AUGMENTATION, right or left, for congenital heart disease (Anaes.) (Assist.) (See para T8.67 of explanatory notes to this Category) Fee: \$2,134.50 Benefit: 75% = \$1,600.90		
MISCELLANEOUS PROCEDURES ON THE CHEST			
38800	THORACIC CAVITY, aspiration of, for diagnostic purposes, not being a service associated with a service to which item 38803 applies Fee: \$38.50 Benefit: 75% = \$28.90 85% = \$32.75		
38803	THORACIC CAVITY, aspiration of, with therapeutic drainage (paracentesis), with or without diagnostic sample Fee: \$76.90 Benefit: 75% = \$57.70 85% = \$65.40		
38806	INTERCOSTAL DRAIN, insertion of, not involving resection of rib (excluding aftercare) (Anaes.) Fee: \$133.55 Benefit: 75% = \$100.20 85% = \$113.55		
38809	INTERCOSTAL DRAIN, insertion of, with pleurodesis and not involving resection of rib (excluding aftercare) (Anaes.) Fee: \$164.55 Benefit: 75% = \$123.45 85% = \$139.90		
38812	PERCUTANEOUS NEEDLE BIOPSY of lung (Anaes.) Fee: \$209.15 Benefit: 75% = \$156.90 85% = \$177.80		
SUBGROUP 7 - NEUROSURGICAL			
GENERAL			
39000	LUMBAR PUNCTURE (Anaes.) Fee: \$75.30 Benefit: 75% = \$56.50 85% = \$64.05		
39003	CISTERNAL PUNCTURE (Anaes.) Fee: \$85.65 Benefit: 75% = \$64.25 85% = \$72.85		
39006	VENTRICULAR PUNCTURE (not including burr-hole) (Anaes.) Fee: \$159.40 Benefit: 75% = \$119.55 85% = \$135.50		
39009	SUBDURAL HAEMORRHAGE, tap for, each tap (Anaes.) Fee: \$59.35 Benefit: 75% = \$44.55		
39012	BURR-HOLE, single, preparatory to ventricular puncture or for inspection purpose - not being a service to which another item applies (Anaes.) Fee: \$237.60 Benefit: 75% = \$178.20		

OPERATIONS		NEUROSURGICAL
39013	INJECTION UNDER IMAGE INTENSIFICATION with 1 or more of contrast media, local anaesthetic or corticosteroid into 1 or more zygo-apophyseal or costo-transverse joints or 1 or more primary posterior rami of spinal nerves (Anaes.) Fee: \$109.15 Benefit: 75% = \$81.90 85% = \$92.80	
39015	VENTRICULAR RESERVOIR, EXTERNAL VENTRICULAR DRAIN or INTRACRANIAL PRESSURE MONITORING DEVICE, insertion of - including burr-hole (excluding after-care) (Anaes.) (Assist.) Fee: \$376.00 Benefit: 75% = \$282.00	
39018	CEREBROSPINAL FLUID reservoir, insertion of (Anaes.) (Assist.) Fee: \$376.00 Benefit: 75% = \$282.00	
<i>PAIN RELIEF</i>		
39100	INJECTION OF PRIMARY BRANCH OF TRIGEMINAL NERVE with alcohol, cortisone, phenol, or similar substance (Anaes.) Fee: \$237.60 Benefit: 75% = \$178.20 85% = \$202.00	
39106	NEURECTOMY, INTRACRANIAL, for trigeminal neuralgia (Anaes.) (Assist.) Fee: \$1,188.20 Benefit: 75% = \$891.15	
39109	TRIGEMINAL GANGLIOTOMY by radiofrequency, balloon or glycerol (Anaes.) Fee: \$443.70 Benefit: 75% = \$332.80 85% = \$377.15	
39112	CRANIAL NERVE, intracranial decompression of, using microsurgical techniques (Anaes.) (Assist.) Fee: \$1,541.50 Benefit: 75% = \$1,156.15	
39115	PERCUTANEOUS NEUROTOMY of posterior divisions (or rami) of spinal nerves by any method, including any associated spinal, epidural or regional nerve block (payable once only in a 30 day period) (Anaes.) Fee: \$75.30 Benefit: 75% = \$56.50 85% = \$64.05	
39118	PERCUTANEOUS NEUROTOMY for facet joint denervation by radio-frequency probe or cryoprobe using radiological imaging control (Anaes.) (Assist.) Fee: \$297.85 Benefit: 75% = \$223.40 85% = \$253.20	
39121	PERCUTANEOUS CORDOTOMY (Anaes.) (Assist.) Fee: \$631.75 Benefit: 75% = \$473.85 85% = \$557.25	
39124	CORDOTOMY OR MYELOTOMY, partial or total laminectomy for, or operation for dorsal root entry zone (Drez) lesion (Anaes.) (Assist.) Fee: \$1,616.80 Benefit: 75% = \$1,212.60	
39125	Intrathecal or epidural SPINAL CATHETER insertion or replacement of, and connection to a subcutaneous implanted infusion pump, for the management of chronic intractable pain (Anaes.) (Assist.) Fee: \$298.05 Benefit: 75% = \$223.55	
39126	INFUSION PUMP, subcutaneous implantation or replacement of, and connection of the pump to an intrathecal or epidural catheter, and filling of reservoir with a therapeutic agent or agents, with or without programming the pump, for the management of chronic intractable pain (Anaes.) (Assist.) Fee: \$361.90 Benefit: 75% = \$271.45	
39127	SUBCUTANEOUS RESERVOIR AND SPINAL CATHETER, insertion of, for the management of chronic intractable pain (Anaes.) Fee: \$473.65 Benefit: 75% = \$355.25	
39128	INFUSION PUMP, subcutaneous implantation of, AND intrathecal or epidural SPINAL CATHETER insertion of, and connection of pump to catheter, and filling of reservoir with a therapeutic agent or agents, with or without programming the pump, for the management of chronic intractable pain (Anaes.) (Assist.) Fee: \$659.95 Benefit: 75% = \$495.00	
39130	EPIDURAL LEAD, percutaneous placement of, including intraoperative test stimulation, for the management of chronic intractable neuropathic pain or pain from refractory angina pectoris, to a maximum of 4 leads (Anaes.) Fee: \$674.15 Benefit: 75% = \$505.65	
39131	ELECTRODES, epidural or peripheral nerve, management of patient and adjustment or reprogramming of neurostimulator by a medical practitioner, for the management of chronic intractable neuropathic pain or pain from refractory angina pectoris - each day Fee: \$127.80 Benefit: 75% = \$95.85 85% = \$108.65	

OPERATIONS		NEUROSURGICAL
39133	Removal of subcutaneously IMPLANTED INFUSION PUMP OR removal or repositioning of intrathecal or epidural SPINAL CATHETER, for the management of chronic intractable pain (Anaes.) Fee: \$159.40 Benefit: 75% = \$119.55	
39134	NEUROSTIMULATOR or RECEIVER, subcutaneous placement of, including placement and connection of extension wires to epidural or peripheral nerve electrodes, for the management of chronic intractable neuropathic pain or pain from refractory angina pectoris (Anaes.) (Assist.) Fee: \$340.60 Benefit: 75% = \$255.45	
39135	NEUROSTIMULATOR or RECEIVER, that was inserted for the management of chronic intractable neuropathic pain or pain from refractory angina pectoris, removal of, performed in the operating theatre of a hospital (Anaes.) Fee: \$159.40 Benefit: 75% = \$119.55 85% = \$135.50	
39136	LEAD, epidural or peripheral nerve that was inserted for the management of chronic intractable neuropathic pain or pain from refractory angina pectoris, removal of, performed in the operating theatre of a hospital (Anaes.) Fee: \$159.40 Benefit: 75% = \$119.55	
39137	LEAD, epidural or peripheral nerve that was inserted for the management of chronic intractable neuropathic pain or pain from refractory angina pectoris, surgical repositioning to correct displacement or unsatisfactory positioning, including intraoperative test stimulation, not being a service to which item 39130, 39138 or 39139 applies (Anaes.) Fee: \$605.35 Benefit: 75% = \$454.05	
39138	PERIPHERAL NERVE LEAD, surgical placement of, including intraoperative test stimulation, for the management of chronic intractable neuropathic pain or pain from refractory angina pectoris, to a maximum of 4 leads (Anaes.) (Assist.) Fee: \$674.15 Benefit: 75% = \$505.65	
39139	EPIDURAL LEAD, surgical placement of one or more by partial or total laminectomy, including intraoperative test stimulation, for the management of chronic intractable neuropathic pain or pain from refractory angina pectoris (Anaes.) (Assist.) Fee: \$905.10 Benefit: 75% = \$678.85	
39140	EPIDURAL CATHETER, insertion of, under imaging control, with epidurogram and epidural therapeutic injection for lysis of adhesions (Anaes.) Fee: \$292.85 Benefit: 75% = \$219.65 85% = \$248.95	
<i>PERIPHERAL NERVES</i>		
39300	CUTANEOUS NERVE (including digital nerve), primary repair of, using microsurgical techniques (Anaes.) (Assist.) Fee: \$353.35 Benefit: 75% = \$265.05	
39303	CUTANEOUS NERVE (including digital nerve), secondary repair of, using microsurgical techniques (Anaes.) (Assist.) Fee: \$466.10 Benefit: 75% = \$349.60	
39306	NERVE TRUNK, primary repair of, using microsurgical techniques (Anaes.) (Assist.) Fee: \$676.80 Benefit: 75% = \$507.60	
39309	NERVE TRUNK, secondary repair of, using microsurgical techniques (Anaes.) (Assist.) Fee: \$714.35 Benefit: 75% = \$535.80	
39312	NERVE TRUNK, (interfascicular), neurolysis of, using microsurgical techniques (Anaes.) (Assist.) Fee: \$398.55 Benefit: 75% = \$298.95	
39315	NERVE TRUNK, nerve graft to, (cable graft) including harvesting of nerve graft using microsurgical techniques (Anaes.) (Assist.) Fee: \$1,030.20 Benefit: 75% = \$772.65	
39318	CUTANEOUS NERVE (including digital nerve), nerve graft to, using microsurgical techniques (Anaes.) (Assist.) Fee: \$639.20 Benefit: 75% = \$479.40	
39321	NERVE, transposition of (Anaes.) (Assist.) Fee: \$473.65 Benefit: 75% = \$355.25	
39323	PERCUTANEOUS NEUROTOMY by cryotherapy or radiofrequency lesion generator, not being a service to which another item applies (Anaes.) (Assist.) Fee: \$276.80 Benefit: 75% = \$207.60 85% = \$235.30	
39324	NEURECTOMY, NEUROTOMY or removal of tumour from superficial peripheral nerve, by open operation (Anaes.) (Assist.) Fee: \$276.80 Benefit: 75% = \$207.60 85% = \$235.30	

OPERATIONS		NEUROSURGICAL
39327	NEURECTOMY, NEUROTOMY or removal of tumour from deep peripheral or cranial nerve, by open operation, not being a service to which item 41575, 41576, 41578 or 41579 applies (Anaes.) (Assist.) Fee: \$473.75 Benefit: 75% = \$355.35	
39330	NEUROLYSIS by open operation without transposition, not being a service associated with a service to which item 39312 applies (Anaes.) (Assist.) Fee: \$276.80 Benefit: 75% = \$207.60	
39331	CARPAL TUNNEL RELEASE (division of transverse carpal ligament), by any method (Anaes.) Fee: \$276.80 Benefit: 75% = \$207.60 85% = \$235.30	
39333	BRACHIAL PLEXUS, exploration of, not being a service to which another item in this Group applies (Anaes.) (Assist.) Fee: \$398.55 Benefit: 75% = \$298.95 85% = \$338.80	
CRANIAL NERVES		
39500	VESTIBULAR NERVE, section of, via posterior fossa (Anaes.) (Assist.) Fee: \$1,270.90 Benefit: 75% = \$953.20	
39503	FACIO-HYPOGLOSSAL nerve or FACIO-ACCESSORY nerve, anastomosis of (Anaes.) (Assist.) Fee: \$955.00 Benefit: 75% = \$716.25	
CRANIO-CEREBRAL INJURIES		
39600	INTRACRANIAL HAEMORRHAGE, burr-hole craniotomy for - including burr-holes (Anaes.) (Assist.) Fee: \$473.65 Benefit: 75% = \$355.25	
39603	INTRACRANIAL HAEMORRHAGE, osteoplastic craniotomy or extensive craniectomy and removal of haematoma (Anaes.) (Assist.) Fee: \$1,195.70 Benefit: 75% = \$896.80	
39606	FRACTURED SKULL, depressed or comminuted, operation for (Anaes.) (Assist.) Fee: \$797.10 Benefit: 75% = \$597.85	
39609	FRACTURED SKULL, compound, without dural penetration, operation for (Anaes.) (Assist.) Fee: \$955.00 Benefit: 75% = \$716.25	
39612	FRACTURED SKULL, compound, depressed or complicated, with dural penetration and brain laceration, operation for (Anaes.) (Assist.) Fee: \$1,120.45 Benefit: 75% = \$840.35	
39615	FRACTURED SKULL with rhinorrhoea or otorrhoea, cranioplasty and repair of (Anaes.) (Assist.) Fee: \$1,195.70 Benefit: 75% = \$896.80	
SKULL BASE SURGERY		
39640	TUMOUR INVOLVING ANTERIOR CRANIAL FOSSA, removal of, involving craniotomy, radical excision of the skull base, and dural repair (Anaes.) (Assist.) <i>(See para T8.70 of explanatory notes to this Category)</i> Fee: \$3,031.65 Benefit: 75% = \$2,273.75	
39642	TUMOUR INVOLVING ANTERIOR CRANIAL FOSSA, removal of, involving frontal craniotomy with lateral rhinotomy for clearance of paranasal sinus extension (intracranial procedure) (Anaes.) (Assist.) <i>(See para T8.70 of explanatory notes to this Category)</i> Fee: \$3,187.25 Benefit: 75% = \$2,390.45	
39646	TUMOUR INVOLVING ANTERIOR CRANIAL FOSSA, removal of, involving frontal craniotomy with lateral rhinotomy and radical clearance of paranasal sinus and orbital fossa extensions, with intracranial decompression of the optic nerve, (intracranial procedure) (Anaes.) (Assist.) <i>(See para T8.70 of explanatory notes to this Category)</i> Fee: \$3,653.60 Benefit: 75% = \$2,740.20	
39650	TUMOUR INVOLVING MIDDLE CRANIAL FOSSA AND INFRA-TEMPORAL FOSSA, removal of, craniotomy and radical or sub-total radical excision, with division and reconstruction of zygomatic arch, (intracranial procedure) (Anaes.) (Assist.) <i>(See para T8.70 of explanatory notes to this Category)</i> Fee: \$2,642.95 Benefit: 75% = \$1,982.25	

OPERATIONS	NEUROSURGICAL
39653	PETRO-CLIVAL AND CLIVAL TUMOUR, removal of, by supra and infratentorial approaches for radical or sub-total radical excision (intracranial procedure), not being a service to which item 39654 or 39656 applies (Anaes.) (Assist.) <i>(See para T8.70 of explanatory notes to this Category)</i> Fee: \$4,703.15 Benefit: 75% = \$3,527.40
39654	PETRO-CLIVAL AND CLIVAL TUMOUR, removal of, by supra and infratentorial approaches for radical or sub-total radical excision, (intracranial procedure), conjoint surgery, principal surgeon (Anaes.) (Assist.) <i>(See para T8.70 of explanatory notes to this Category)</i> Fee: \$3,420.50 Benefit: 75% = \$2,565.40
39656	PETRO-CLIVAL AND CLIVAL TUMOUR, removal of, by supra and infratentorial approaches for radical or sub-total radical excision, (intracranial procedure) conjoint surgery, co-surgeon (Assist.) <i>(See para T8.70 of explanatory notes to this Category)</i> Fee: \$2,565.30 Benefit: 75% = \$1,924.00
39658	TUMOUR INVOLVING THE CLIVUS, radical or sub-total radical excision of, involving transoral or transmaxillary approach (Anaes.) (Assist.) <i>(See para T8.70 of explanatory notes to this Category)</i> Fee: \$3,031.65 Benefit: 75% = \$2,273.75
39660	TUMOUR OR VASCULAR LESION OF CAVERNOUS SINUS, radical excision of, involving craniotomy with or without intracranial carotid artery exposure (Anaes.) (Assist.) <i>(See para T8.70 of explanatory notes to this Category)</i> Fee: \$3,031.65 Benefit: 75% = \$2,273.75
39662	TUMOUR OR VASCULAR LESION OF FORAMEN MAGNUM, radical excision of, via transcondylar or far lateral suboccipital approach (Anaes.) (Assist.) <i>(See para T8.70 of explanatory notes to this Category)</i> Fee: \$3,031.65 Benefit: 75% = \$2,273.75
INTRA-CRANIAL NEOPLASMS	
39700	SKULL TUMOUR, benign or malignant, excision of, excluding cranioplasty (Anaes.) (Assist.) Fee: \$556.60 Benefit: 75% = \$417.45
39703	INTRACRANIAL tumour, cyst or other brain tissue, burr-hole and biopsy of, or drainage of, or both (Anaes.) (Assist.) Fee: \$519.00 Benefit: 75% = \$389.25
39706	INTRACRANIAL tumour, biopsy or decompression of via osteoplastic flap OR biopsy and decompression of via osteoplastic flap (Anaes.) (Assist.) Fee: \$1,112.85 Benefit: 75% = \$834.65
39709	CRANIOTOMY for removal of glioma, metastatic carcinoma or any other tumour in cerebrum, cerebellum or brain stem - not being a service to which another item in this Sub-group applies (Anaes.) (Assist.) Fee: \$1,586.75 Benefit: 75% = \$1,190.10
39712	CRANIOTOMY FOR REMOVAL OF MENINGIOMA, pinealoma, cranio-pharyngioma, intraventricular tumour or any other intracranial tumour, not being a service to which another item in this Sub-group applies (Anaes.) (Assist.) Fee: \$2,865.00 Benefit: 75% = \$2,148.75
39715	PITUITARY TUMOUR, removal of, by transcranial or transphenoidal approach (Anaes.) (Assist.) Fee: \$1,985.30 Benefit: 75% = \$1,489.00
39718	ARACHNOIDAL CYST, craniotomy for (Anaes.) (Assist.) Fee: \$872.30 Benefit: 75% = \$654.25
39721	CRANIOTOMY, involving osteoplastic flap, for re-opening post-operatively for haemorrhage, swelling, etc (Anaes.) (Assist.) Fee: \$797.10 Benefit: 75% = \$597.85
CEREBROVASCULAR DISEASE	
39800	ANEURYSM, clipping or reinforcement of sac (Anaes.) (Assist.) Fee: \$2,857.55 Benefit: 75% = \$2,143.20
39803	INTRACRANIAL ARTERIOVENOUS MALFORMATION, excision of (Anaes.) (Assist.) Fee: \$2,857.55 Benefit: 75% = \$2,143.20

OPERATIONS		NEUROSURGICAL
39806	ANEURYSM, or arteriovenous malformation, intracranial proximal artery clipping of (Anaes.) (Assist.) Fee: \$1,285.75 Benefit: 75% = \$964.35	
39812	INTRACRANIAL ANEURYSM or arteriovenous fistula, ligation of cervical vessel or vessels (Anaes.) (Assist.) Fee: \$631.75 Benefit: 75% = \$473.85	
39815	CAROTID-CAVERNOUS FISTULA, obliteration of - combined cervical and intracranial procedure (Anaes.) (Assist.) Fee: \$1,827.25 Benefit: 75% = \$1,370.45 85% = \$1,752.75	
39818	EXTRACRANIAL TO INTRACRANIAL BYPASS using superficial temporal artery (Anaes.) (Assist.) Fee: \$1,827.25 Benefit: 75% = \$1,370.45	
39821	EXTRACRANIAL TO INTRACRANIAL BYPASS using saphenous vein graft (Anaes.) (Assist.) Fee: \$2,169.75 Benefit: 75% = \$1,627.35	
<i>INFECTION</i>		
39900	INTRACRANIAL INFECTION, drainage of, via burr-hole - including burr-hole (Anaes.) (Assist.) Fee: \$519.00 Benefit: 75% = \$389.25	
39903	INTRACRANIAL ABSCESS, excision of (Anaes.) (Assist.) Fee: \$1,586.75 Benefit: 75% = \$1,190.10	
39906	OSTEOMYELITIS OF SKULL or removal of infected bone flap, craniectomy for (Anaes.) (Assist.) Fee: \$797.10 Benefit: 75% = \$597.85	
<i>CEREBROSPINAL FLUID CIRCULATION DISORDERS</i>		
40000	VENTRICULO-CISTERNOSTOMY (Torkildsen's operation) (Anaes.) (Assist.) Fee: \$917.40 Benefit: 75% = \$688.05	
40003	CRANIAL OR CISTERNAL SHUNT DIVERSION, insertion of (Anaes.) (Assist.) Fee: \$917.40 Benefit: 75% = \$688.05	
40006	LUMBAR SHUNT DIVERSION, insertion of (Anaes.) (Assist.) Fee: \$721.95 Benefit: 75% = \$541.50	
40009	CRANIAL, CISTERNAL OR LUMBAR SHUNT, revision or removal of (Anaes.) (Assist.) Fee: \$526.40 Benefit: 75% = \$394.80	
40012	THIRD VENTRICULOSTOMY (open or endoscopic) with or without endoscopic septum pellucidotomy (Anaes.) (Assist.) Fee: \$1,030.20 Benefit: 75% = \$772.65	
40015	SUBTEMPORAL DECOMPRESSION (Anaes.) (Assist.) Fee: \$638.65 Benefit: 75% = \$479.00	
40018	LUMBAR CEREBROSPINAL FLUID DRAIN, insertion of (Anaes.) Fee: \$159.40 Benefit: 75% = \$119.55 85% = \$135.50	
<i>CONGENITAL DISORDERS</i>		
40100	MENINGOCELE, excision and closure of (Anaes.) (Assist.) Fee: \$691.75 Benefit: 75% = \$518.85	
40103	MYELOMENINGOCELE, excision and closure of, including skin flaps or Z plasty where performed (Anaes.) (Assist.) Fee: \$1,015.25 Benefit: 75% = \$761.45	
40106	ARNOLD-CHIARI MALFORMATION, decompression of (Anaes.) (Assist.) Fee: \$1,030.20 Benefit: 75% = \$772.65	
40109	ENCEPHALOCOELE, excision and closure of (Anaes.) (Assist.) Fee: \$1,112.85 Benefit: 75% = \$834.65	
40112	TETHERED CORD, release of, including lipomeningocele or diastematomyelia (Anaes.) (Assist.) Fee: \$1,428.75 Benefit: 75% = \$1,071.60	

OPERATIONS	NEUROSURGICAL
40115	CRANIOSTENOSIS, operation for - single suture (Anaes.) (Assist.) Fee: \$721.95 Benefit: 75% = \$541.50
40118	CRANIOSTENOSIS, operation for - more than 1 suture (Anaes.) (Assist.) Fee: \$955.00 Benefit: 75% = \$716.25
<i>SPINAL DISORDERS</i>	
40300	INTERVERTEBRAL DISC OR DISCS, partial or total laminectomy for removal of (Anaes.) (Assist.) Fee: \$955.00 Benefit: 75% = \$716.25
40301	INTERVERTEBRAL DISC OR DISCS, microsurgical partial or total discectomy of (Anaes.) (Assist.) Fee: \$958.00 Benefit: 75% = \$718.50
40303	RECURRENT DISC LESION OR SPINAL STENOSIS, or both, partial or total laminectomy for - 1 level (Anaes.) (Assist.) Fee: \$1,090.35 Benefit: 75% = \$817.80
40306	SPINAL STENOSIS, partial or total laminectomy for, involving more than 1 vertebral interspace (disc level) (Anaes.) (Assist.) Fee: \$1,436.30 Benefit: 75% = \$1,077.25
40309	EEXTRADURAL TUMOUR OR ABSCESS, partial or total laminectomy for (Anaes.) (Assist.) Fee: \$1,090.35 Benefit: 75% = \$817.80
40312	INTRADURAL LESION, partial or total laminectomy for, not being a service to which another item in this Group applies (Anaes.) (Assist.) Fee: \$1,466.30 Benefit: 75% = \$1,099.75
40315	CRANIOCERVICAL JUNCTION LESION, transoral approach for (Anaes.) (Assist.) Fee: \$1,586.75 Benefit: 75% = \$1,190.10
40316	ODONTOID screw fixation (Anaes.) (Assist.) Fee: \$2,079.75 Benefit: 75% = \$1,559.85
40318	INTRAMEDULLARY TUMOUR OR ARTERIOVENOUS MALFORMATION, partial or total laminectomy and radical excision of (Anaes.) (Assist.) Fee: \$1,985.30 Benefit: 75% = \$1,489.00
40321	POSTERIOR SPINAL FUSION, not being a service to which items 40324 and 40327 apply (Anaes.) (Assist.) Fee: \$1,090.35 Benefit: 75% = \$817.80
40324	PARTIAL OR TOTAL LAMINECTOMY FOLLOWED BY POSTERIOR FUSION, performed by neurosurgeon and orthopaedic surgeon operating together – laminectomy, including aftercare (Anaes.) (Assist.) Fee: \$639.20 Benefit: 75% = \$479.40
40327	PARTIAL OR TOTAL LAMINECTOMY FOLLOWED BY POSTERIOR FUSION, performed by neurosurgeon and orthopaedic surgeon operating together – posterior fusion, including aftercare (Assist.) Fee: \$639.20 Benefit: 75% = \$479.40
40330	SPINAL RHIZOLYSIS involving exposure of spinal nerve roots – for lateral recess, exit foraminal stenosis, adhesive radiculopathy or extensive epidural fibrosis, at 1 or more levels – with or without partial or total laminectomy (Anaes.) (Assist.) Fee: \$955.00 Benefit: 75% = \$716.25
40331	CERVICAL DECOMPRESSION of spinal cord with or without involvement of nerve roots, without fusion, 1 level, by any approach, not being a service to which item 40330 applies (Anaes.) (Assist.) Fee: \$955.00 Benefit: 75% = \$716.25
40332	CERVICAL DECOMPRESSION of spinal cord with or without involvement of nerve roots, including anterior fusion, 1 level, not being a service to which item 40330 applies (Anaes.) (Assist.) Fee: \$1,558.30 Benefit: 75% = \$1,168.75
40333	CERVICAL PARTIAL OR TOTAL DISCECTOMY (ANTERIOR), without fusion (Anaes.) (Assist.) Fee: \$797.10 Benefit: 75% = \$597.85
40334	CERVICAL DECOMPRESSION of spinal cord with or without involvement of nerve roots, without fusion, more than 1 level, by any approach, not being a service to which item 40330 applies (Anaes.) (Assist.) Fee: \$1,053.90 Benefit: 75% = \$790.45

OPERATIONS	NEUROSURGICAL
40335	CERVICAL DECOMPRESSION of spinal cord with or without involvement of nerve roots, including anterior fusion, more than 1 level, by any approach, not being a service to which item 40330 applies (Anaes.) (Assist.) Fee: \$1,935.60 Benefit: 75% = \$1,451.70
40336	INTRADISCAL INJECTION OF CHYMOPAPAIN (DISCASE) - 1 disc (Anaes.) (Assist.) <i>(See para T8.71 of explanatory notes to this Category)</i> Fee: \$315.90 Benefit: 75% = \$236.95
40339	HYDROMYELIA, plugging of obex for, with or without duroplasty (Anaes.) (Assist.) Fee: \$1,586.75 Benefit: 75% = \$1,190.10
40342	HYDROMYELIA, craniotomy and partial or total laminectomy for, with cavity packing and CSF shunt (Anaes.) (Assist.) Fee: \$1,466.30 Benefit: 75% = \$1,099.75
40345	THORACIC DECOMPRESSION of spinal cord with or without involvement of nerve roots, via pedicle or costotransversectomy (Anaes.) (Assist.) Fee: \$1,365.00 Benefit: 75% = \$1,023.75
40348	THORACIC DECOMPRESSION of spinal cord via thoracotomy with vertebrectomy, not including stabilisation procedure (Anaes.) (Assist.) Fee: \$1,733.10 Benefit: 75% = \$1,299.85
40351	THORACO-LUMBAR or high lumbar anterior decompression of spinal cord, not including stabilisation procedure (Anaes.) (Assist.) Fee: \$1,733.10 Benefit: 75% = \$1,299.85
SKULL RECONSTRUCTION	
40600	CRANIOPLASTY, reconstructive (Anaes.) (Assist.) Fee: \$955.00 Benefit: 75% = \$716.25
EPILEPSY	
40700	CORPUS CALLOSUM, anterior section of, for epilepsy (Anaes.) (Assist.) Fee: \$1,744.65 Benefit: 75% = \$1,308.50
40703	CORTICECTOMY, TOPECTOMY or PARTIAL LOBECTOMY for epilepsy (Anaes.) (Assist.) Fee: \$1,466.30 Benefit: 75% = \$1,099.75
40706	HEMISPHERECTOMY for intractable epilepsy (Anaes.) (Assist.) Fee: \$2,143.10 Benefit: 75% = \$1,607.35 85% = \$2,068.60
40709	BURR-HOLE PLACEMENT of intracranial depth or surface electrodes (Anaes.) (Assist.) Fee: \$519.00 Benefit: 75% = \$389.25
40712	INTRACRANIAL ELECTRODE PLACEMENT via craniotomy (Anaes.) (Assist.) Fee: \$1,045.20 Benefit: 75% = \$783.90
STEREOTACTIC PROCEDURES	
40800	STEREOTACTIC ANATOMICAL LOCALISATION, as an independent procedure (Anaes.) (Assist.) Fee: \$638.65 Benefit: 75% = \$479.00 85% = \$564.15
40801	FUNCTIONAL STEREOTACTIC procedure including computer assisted anatomical localisation, physiological localisation, and lesion production in the basal ganglia, brain stem or deep white matter tracts, not being a service associated with deep brain stimulation for Parkinson's disease, essential tremor or dystonia (Anaes.) (Assist.) Fee: \$1,745.80 Benefit: 75% = \$1,309.35
40803	INTRACRANIAL STEREOTACTIC PROCEDURE BY ANY METHOD, not being a service to which item 40800 or 40801 applies (Anaes.) (Assist.) Fee: \$1,195.70 Benefit: 75% = \$896.80 85% = \$1,121.20

OPERATIONS	NEUROSURGICAL
40850	<p>DEEP BRAIN STIMULATION (unilateral) functional stereotactic procedure including computer assisted anatomical localisation, physiological localisation including twist drill, burr hole craniotomy or craniectomy and insertion of electrodes for the treatment of:</p> <p>Parkinson's disease where the patient's response to medical therapy is not sustained and is accompanied by unacceptable motor fluctuations; or Essential tremor or dystonia where the patient's symptoms cause severe disability. (Anaes.) (Assist.)</p> <p>Fee: \$2,264.45 Benefit: 75% = \$1,698.35</p>
40851	<p>DEEP BRAIN STIMULATION (bilateral) functional stereotactic procedure including computer assisted anatomical localisation, physiological localisation including twist drill, burr hole craniotomy or craniectomy and insertion of electrodes for the treatment of:</p> <p>Parkinson's disease where the patient's response to medical therapy is not sustained and is accompanied by unacceptable motor fluctuations; or Essential tremor or dystonia where the patient's symptoms cause severe disability. MISCELLANEOUS	
40903	<p>NEUROENDOSCOPY, for inspection of an intraventricular lesion, with or without biopsy including burr hole (Anaes.) (Assist.)</p> <p>Fee: \$554.55 Benefit: 75% = \$415.95</p>

OPERATIONS		EAR, NOSE AND THROAT	
40905	CRANIOTOMY, performed in association with items 45767, 45776, 45782 and 45785 for the correction of craniofacial abnormalities (Anaes.) Fee: \$601.70	Benefit: 75% = \$451.30	85% = \$527.20
SUBGROUP 8 - EAR, NOSE AND THROAT			
41500	EAR, foreign body (other than ventilating tube) in, removal of, other than by simple syringing (Anaes.) <i>(See para T8.72 of explanatory notes to this Category)</i> Fee: \$82.50	Benefit: 75% = \$61.90	85% = \$70.15
41503	EAR, foreign body in, removal of, involving incision of external auditory canal (Anaes.) Fee: \$238.80	Benefit: 75% = \$179.10	85% = \$203.00
41506	AURAL POLYP, removal of (Anaes.) Fee: \$144.00	Benefit: 75% = \$108.00	85% = \$122.40
41509	EXTERNAL AUDITORY MEATUS, surgical removal of keratosis obturans from, not being a service to which another item in this Group applies (Anaes.) Fee: \$162.95	Benefit: 75% = \$122.25	85% = \$138.55
41512	MEATOPLASTY involving removal of cartilage or bone or both cartilage and bone, not being a service to which item 41515 applies (Anaes.) (Assist.) Fee: \$585.90	Benefit: 75% = \$439.45	
41515	MEATOPLASTY involving removal of cartilage or bone or both cartilage and bone, being a service associated with a service to which item 41530, 41548, 41557, 41560 or 41563 applies (Anaes.) (Assist.) <i>(See para T8.73 of explanatory notes to this Category)</i> Fee: \$384.55	Benefit: 75% = \$288.45	
41518	EXTERNAL AUDITORY MEATUS, removal of EXOSTOSES IN (Anaes.) (Assist.) Fee: \$928.75	Benefit: 75% = \$696.60	
41521	Correction of AUDITORY CANAL STENOSIS, including meatoplasty, with or without grafting (Anaes.) (Assist.) Fee: \$988.85	Benefit: 75% = \$741.65	
41524	RECONSTRUCTION OF EXTERNAL AUDITORY CANAL, being a service associated with a service to which items 41557, 41560 and 41563 apply (Anaes.) (Assist.) <i>(See para T8.74 of explanatory notes to this Category)</i> Fee: \$285.70	Benefit: 75% = \$214.30	
41527	MYRINGOPLASTY, transcanal approach (Rosen incision) (Anaes.) (Assist.) Fee: \$587.60	Benefit: 75% = \$440.70	
41530	MYRINGOPLASTY, postaural or endaural approach with or without mastoid inspection (Anaes.) Fee: \$957.30	Benefit: 75% = \$718.00	
41533	ATTICOTOMY without reconstruction of the bony defect, with or without myringoplasty (Anaes.) (Assist.) Fee: \$1,144.30	Benefit: 75% = \$858.25	
41536	ATTICOTOMY with reconstruction of the bony defect, with or without myringoplasty (Anaes.) (Assist.) Fee: \$1,281.70	Benefit: 75% = \$961.30	
41539	OSSICULAR CHAIN RECONSTRUCTION (Anaes.) (Assist.) Fee: \$1,089.90	Benefit: 75% = \$817.45	
41542	OSSICULAR CHAIN RECONSTRUCTION AND MYRINGOPLASTY (Anaes.) (Assist.) Fee: \$1,194.25	Benefit: 75% = \$895.70	
41545	MASTOIDECTOMY (CORTICAL) (Anaes.) (Assist.) Fee: \$521.25	Benefit: 75% = \$390.95	
41548	OBLITERATION OF THE MASTOID CAVITY (Anaes.) (Assist.) Fee: \$691.75	Benefit: 75% = \$518.85	
41551	MASTOIDECTOMY, intact wall technique, with myringoplasty (Anaes.) (Assist.) Fee: \$1,593.05	Benefit: 75% = \$1,194.80	

OPERATIONS		EAR, NOSE AND THROAT
41554	MASTOIDECTOMY, intact wall technique, with myringoplasty and ossicular chain reconstruction (Anaes.) (Assist.) Fee: \$1,876.95 Benefit: 75% = \$1,407.75	
41557	MASTOIDECTOMY (RADICAL OR MODIFIED RADICAL) (Anaes.) (Assist.) Fee: \$1,089.90 Benefit: 75% = \$817.45	
41560	MASTOIDECTOMY (RADICAL OR MODIFIED RADICAL) AND MYRINGOPLASTY (Anaes.) Fee: \$1,194.25 Benefit: 75% = \$895.70	
41563	MASTOIDECTOMY (RADICAL OR MODIFIED RADICAL), MYRINGOPLASTY AND OSSICULAR CHAIN RECONSTRUCTION (Anaes.) (Assist.) Fee: \$1,478.40 Benefit: 75% = \$1,108.80	
41564	MASTOIDECTOMY (RADICAL OR MODIFIED RADICAL), OBLITERATION OF THE MASTOID CAVITY, BLIND SAC CLOSURE OF EXTERNAL AUDITORY CANAL AND OBLITERATION OF EUSTACHIAN TUBE (Anaes.) (Assist.) Fee: \$1,911.80 Benefit: 75% = \$1,433.85	
41566	REVISION OF MASTOIDECTOMY (radical, modified radical or intact wall), including myringoplasty (Anaes.) (Assist.) Fee: \$1,089.90 Benefit: 75% = \$817.45	
41569	DECOMPRESSION OF FACIAL NERVE in its mastoid portion (Anaes.) (Assist.) Fee: \$1,194.25 Benefit: 75% = \$895.70	
41572	LABYRINTHOTOMY OR DESTRUCTION OF LABYRINTH (Anaes.) (Assist.) Fee: \$1,033.20 Benefit: 75% = \$774.90	
41575	CEREBELLO PONTINE ANGLE TUMOUR, removal of by 2 surgeons operating conjointly, by transmastoid, translabyrinthine or retromastoid approach transmastoid, translabyrinthine or retromastoid procedure (including aftercare) (Anaes.) (Assist.) Fee: \$2,435.70 Benefit: 75% = \$1,826.80	
41576	CEREBELLO - PONTINE ANGLE TUMOUR, removal of, by transmastoid, translabyrinthine or retromastoid approach - intracranial procedure (including aftercare) not being a service to which item 41578 or 41579 applies (Anaes.) (Assist.) Fee: \$3,653.60 Benefit: 75% = \$2,740.20	
41578	CEREBELLO PONTINE ANGLE TUMOUR, removal of, by transmastoid, translabyrinthine or retromastoid approach, (intracranial procedure) - conjoint surgery, principal surgeon (Anaes.) (Assist.) Fee: \$2,435.70 Benefit: 75% = \$1,826.80	
41579	CEREBELLO-PONTINE ANGLE TUMOUR, removal of, by transmastoid, translabyrinthine or retromastoid approach, (intracranial procedure) - conjoint surgery, co-surgeon (Assist.) Fee: \$1,826.75 Benefit: 75% = \$1,370.10	
41581	TUMOUR INVOLVING INFRA-TEMPORAL FOSSA, removal of, involving craniotomy and radical excision of (Anaes.) (Assist.) Fee: \$2,801.55 Benefit: 75% = \$2,101.20

42662	SCLERA, transplantation of, full thickness, including collection of donor material (Anaes.) (Assist.) Fee: \$902.30 Benefit: 75% = \$676.75		
42665	SCLERA, transplantation of, superficial or lamellar, including collection of donor material (Anaes.) (Assist.) Fee: \$601.65 Benefit: 75% = \$451.25 85% = \$527.15		
42667	RUNNING CORNEAL SUTURE, manipulation of, performed within 4 months of corneal grafting, to reduce astigmatism where a reduction of 2 dioptres of astigmatism is obtained, including any associated consultation Fee: \$141.95 Benefit: 75% = \$106.50 85% = \$120.70		
42668	CORNEAL SUTURES, removal of, not earlier than 6 weeks after operation requiring use of slit lamp or operating microscope (Anaes.) Fee: \$75.30 Benefit: 75% = \$56.50 85% = \$64.05		

OPERATIONS		OPHTHALMOLOGY	
42672	CORNEAL INCISIONS, to correct corneal astigmatism of more than 1½ dioptres following anterior segment surgery, including appropriate measurements and calculations, performed as an independent procedure (Anaes.) (Assist.) (See para T8.79 of explanatory notes to this Category) Fee: \$902.30 Benefit: 75% = \$676.75 85% = \$827.80		
42673	ADDITIONAL CORNEAL INCISIONS, to correct corneal astigmatism of more than 1½ dioptres, including appropriate measurements and calculations, performed in conjunction with other anterior segment surgery (Anaes.) (Assist.) Fee: \$451.10 Benefit: 75% = \$338.35 85% = \$383.45		
42676	CONJUNCTIVA, biopsy of, as an independent procedure Fee: \$115.70 Benefit: 75% = \$86.80 85% = \$98.35		
42677	CONJUNCTIVA, CAUTERY OF, INCLUDING TREATMENT OF PANNUS each attendance at which treatment is given including any associated consultation (Anaes.) Fee: \$60.95 Benefit: 75% = \$45.75 85% = \$51.85		
42680	CONJUNCTIVA, cryotherapy to, for melanotic lesions or similar using CO ² or N ² O (Anaes.) Fee: \$300.75 Benefit: 75% = \$225.60 85% = \$255.65		
42683	CONJUNCTIVAL CYSTS, removal of, requiring admission to hospital or approved day-hospital facility (Anaes.) Fee: \$120.35 Benefit: 75% = \$90.30		
42686	PTERYGIUM, removal of (Anaes.) Fee: \$273.65 Benefit: 75% = \$205.25 85% = \$232.65		
42689	PINGUECULA, removal of, not being a service associated with the fitting of contact lenses (Anaes.) Fee: \$117.35 Benefit: 75% = \$88.05 85% = \$99.75		
42692	LIMBIC TUMOUR, removal of, excluding Pterygium (Anaes.) (Assist.) Fee: \$276.80 Benefit: 75% = \$207.60 85% = \$235.30		
42695	LIMBIC TUMOUR, excision of, requiring keratectomy or sclerectomy, excluding Pterygium (Anaes.) (Assist.) Fee: \$451.10 Benefit: 75% = \$338.35 85% = \$383.45		
42698	LENS EXTRACTION, excluding surgery performed for the correction of refractive error <i>except for anisometropia greater than 3 dioptres following the removal of cataract in the first eye</i> (Anaes.) (See para T8.80 of explanatory notes to this Category) Fee: \$594.75 Benefit: 75% = \$446.10 85% = \$520.25		
42701	INTRAOCULAR LENS, insertion of, excluding surgery performed for the correction of refractive error <i>except for anisometropia greater than 3 dioptres following the removal of cataract in the first eye</i> (Anaes.) (See para T8.80 of explanatory notes to this Category) Fee: \$331.70 Benefit: 75% = \$248.80 85% = \$281.95		
42702	LENS EXTRACTION AND INSERTION OF INTRAOCULAR LENS, excluding surgery performed for the correction of refractive error except for anisometropia greater than 3 dioptres following the removal of cataract in the first eye (Anaes.) Fee: \$760.65 Benefit: 75% = \$570.50 85% = \$686.15 Extended Medicare Safety Net Cap: \$114.10		
42703	INTRAOCULAR LENS or IRIS PROSTHESIS insertion of, into the posterior chamber with fixation to the iris or sclera (Anaes.) (Assist.) Fee: \$572.05 Benefit: 75% = \$429.05 85% = \$497.55		
42704	INTRAOCULAR LENS, REMOVAL or REPOSITIONING of by open operation, not being a service associated with a service to which item 42701 applies (Anaes.) Fee: \$466.10 Benefit: 75% = \$349.60 85% = \$396.20		
42707	INTRAOCULAR LENS, REMOVAL of and REPLACEMENT with a different lens, excluding surgery performed for the correction of refractive error except for anisometropia greater than 3 dioptres following the removal of cataract in the first eye (Anaes.) Fee: \$797.10 Benefit: 75% = \$597.85 85% = \$722.60		
42710	INTRAOCULAR LENS, removal of, and replacement with a lens inserted into the posterior chamber and fixated to the iris or sclera (Anaes.) (Assist.) Fee: \$902.30 Benefit: 75% = \$676.75 85% = \$827.80		

OPERATIONS		OPHTHALMOLOGY	
42713	IRIS SUTURING, McCannell technique or similar, for fixation of intraocular lens or repair of iris defect (Anaes.) (Assist.) Fee: \$376.00 Benefit: 75% = \$282.00 85% = \$319.60		
42716	CATARACT, JUVENILE, removal of, including subsequent needlings (Anaes.) (Assist.) Fee: \$1,195.70 Benefit: 75% = \$896.80 85% = \$1,121.20		
42719	REMOVAL OF VITREOUS, and/or CAPSULAR or LENS MATERIAL, via a limbal approach, not being a service associated with a service to which item 42698, 42702, 42716, 42725 or 42731 applies (Anaes.) (Assist.) Fee: \$519.00 Benefit: 75% = \$389.25 85% = \$444.50		
42725	VITRECTOMY via pars plana sclerotomies including the removal of vitreous, division of bands or removal of epiretinal membranes (Anaes.) (Assist.) Fee: \$1,338.45 Benefit: 75% = \$1,003.85		
42731	LIMBAL OR PARS PLANA LENSECTOMY combined with vitrectomy, not being a service associated with items 42698, 42702, 42719, or 42725 (Anaes.) (Assist.) Fee: \$1,519.00 Benefit: 75% = \$1,139.25		
42734	CAPSULOTOMY, other than by laser (Anaes.) (Assist.) Fee: \$300.75 Benefit: 75% = \$225.60 85% = \$255.65		
42737	NEEDLING OF POSTERIOR CAPSULE (Anaes.) (Assist.) Fee: \$300.75 Benefit: 75% = \$225.60 85% = \$255.65		
42738	PARACENTESIS OF ANTERIOR CHAMBER OR VITREOUS CAVITY, or both, for the injection of therapeutic substances, or the removal of aqueous or vitreous humours for diagnostic or therapeutic purposes, 1 or more of, as an independent procedure. <i>(See para T8.123 of explanatory notes to this Category)</i> Fee: \$300.75 Benefit: 75% = \$225.60 85% = \$255.65 Extended Medicare Safety Net Cap: \$240.60		
42739	PARACENTESIS OF ANTERIOR CHAMBER OR VITREOUS CAVITY, or both, for the injection of therapeutic substances, or the removal of aqueous or vitreous humours for diagnostic or therapeutic purposes, 1 or more of, as an independent procedure, for a patient requiring anaesthetic services. (Anaes.) <i>(See para T8.123 of explanatory notes to this Category)</i> Fee: \$300.75 Benefit: 75% = \$225.60 85% = \$255.65 Extended Medicare Safety Net Cap: \$240.60		
42740	INTRAVITREAL INJECTION OF THERAPEUTIC SUBSTANCES, or the removal of vitreous humour for diagnostic purposes, 1 or more of, as a procedure associated with other intraocular surgery. (Anaes.) <i>(See para T8.123 of explanatory notes to this Category)</i> Fee: \$300.75 Benefit: 75% = \$225.60 85% = \$255.65 Extended Medicare Safety Net Cap: \$240.60		
42741	Posterior juxtасcleral depot injection of a therapeutic substance, for the treatment of subfoveal choroidal neovascularisation due to age-related macular degeneration, 1 or more of (Anaes.) <i>(See para T8.81 of explanatory notes to this Category)</i> Fee: \$300.75 Benefit: 75% = \$225.60 85% = \$255.65

45817	OPERATION on SKULL for OSTEOMYELITIS (Anaes.) (Assist.)	Fee: \$464.50	Benefit: 75% = \$348.40 85% = \$394.85
45819	OPERATION ON ANY COMBINATION OF ADJOINING BONES IN THE ORAL AND MAXILLOFACIAL REGION, being bones referred to in item 45817 (Anaes.) (Assist.)	Fee: \$587.55	Benefit: 75% = \$440.70 85% = \$513.05
45821	BONE GROWTH STIMULATOR IN THE ORAL AND MAXILLOFACIAL REGION, insertion of (Anaes.) (Assist.)	Fee: \$380.80	Benefit: 75% = \$285.60 85% = \$323.70
45823	ARCH BARS, 1 or more, which were inserted for dental fixation purposes to the maxilla or mandible, <u>removal of</u> , requiring general anaesthesia where undertaken in the operating theatre of a hospital (Anaes.)	Fee: \$108.90	Benefit: 75% = \$81.70 85% = \$92.60
45825	MANDIBULAR OR PALATAL EXOSTOSIS, excision of (Anaes.) (Assist.)	Fee: \$338.35	Benefit: 75% = \$253.80 85% = \$287.60
45827	MYLOHYOID RIDGE, reduction of (Anaes.) (Assist.)	Fee: \$323.40	Benefit: 75% = \$242.55 85% = \$274.90
45829	MAXILLARY TUBEROSITY, reduction of (Anaes.)	Fee: \$246.70	Benefit: 75% = \$185.05 85% = \$209.70
45831	PAPILLARY HYPERPLASIA OF THE PALATE, removal of - less than 5 lesions (Anaes.) (Assist.)	Fee: \$323.40	Benefit: 75% = \$242.55 85% = \$274.90

OPERATIONS		PLASTIC & RECONSTRUCTIVE	
45833	PAPILLARY HYPERPLASIA OF THE PALATE, removal of - 5 to 20 lesions (Anaes.) (Assist.) Fee: \$406.05 Benefit: 75% = \$304.55 85% = \$345.15		
45835	PAPILLARY HYPERPLASIA OF THE PALATE, removal of - more than 20 lesions (Anaes.) (Assist.) Fee: \$503.85 Benefit: 75% = \$377.90 85% = \$429.35		
45837	VESTIBULOPLASTY, submucosal or open, including excision of muscle and skin or mucosal graft when performed - unilateral or bilateral (Anaes.) (Assist.) Fee: \$586.50 Benefit: 75% = \$439.90 85% = \$512.00		
45839	FLOOR OF MOUTH LOWERING (Obwegeser or similar procedure), including excision of muscle and skin or mucosal graft when performed - unilateral (Anaes.) (Assist.) Fee: \$586.50 Benefit: 75% = \$439.90 85% = \$512.00		
45841	ALVEOLAR RIDGE AUGMENTATION with bone or alloplast or both - unilateral (Anaes.) (Assist.) Fee: \$473.65 Benefit: 75% = \$355.25 85% = \$402.65		
45843	ALVEOLAR RIDGE AUGMENTATION - unilateral, insertion of tissue expanding device into maxillary or mandibular alveolar ridge region for (Anaes.) (Assist.) Fee: \$290.50 Benefit: 75% = \$217.90 85% = \$246.95		
45845	OSSEO-INTEGRATION PROCEDURE - intra-oral implantation of titanium fixture to facilitate restoration of the dentition following resection of part of the maxilla or mandible for benign or malignant tumours (Anaes.) Fee: \$503.85 Benefit: 75% = \$377.90 85% = \$429.35		
45847	OSSEO-INTEGRATION PROCEDURE - fixation of transmucosal abutment to fixtures placed following resection of part of the maxilla or mandible for benign or malignant tumours (Anaes.) Fee: \$186.50 Benefit: 75% = \$139.90 85% = \$158.55		
45849	MAXILLARY SINUS, BONE GRAFT to floor of maxillary sinus following elevation of mucosal lining (sinus lift procedure), (unilateral) (Anaes.) (Assist.) Fee: \$580.90 Benefit: 75% = \$435.70 85% = \$506.40		
45851	TEMPOROMANDIBULAR JOINT, manipulation of, performed in the operating theatre of a hospital, not being a service associated with a service to which another item in this Subgroup applies (Anaes.) Fee: \$142.95 Benefit: 75% = \$107.25 85% = \$121.55		
45853	ABSENT CONDYLE and ASCENDING RAMUS in hemifacial microsomia, construction of, not including harvesting of graft material (Anaes.) (Assist.) Fee: \$890.85 Benefit: 75% = \$668.15 85% = \$816.35		
45855	TEMPOROMANDIBULAR JOINT, arthroscopy of, with or without biopsy, not being a service associated with any other arthroscopic procedure of that joint (Anaes.) (Assist.) Fee: \$408.70 Benefit: 75% = \$306.55 85% = \$347.40		
45857	TEMPOROMANDIBULAR JOINT, arthroscopy of, removal of loose bodies, debridement, or treatment of adhesions - 1 or more such procedure of that joint, not being a service associated with any other arthroscopic procedure of the temporomandibular joint (Anaes.) (Assist.) Fee: \$653.80 Benefit: 75% = \$490.35 85% = \$579.30		
45859	TEMPOROMANDIBULAR JOINT, arthrotomy of, not being a service to which another item in this Subgroup applies (Anaes.) (Assist.) Fee: \$329.60 Benefit: 75% = \$247.20 85% = \$280.20		
45861	TEMPOROMANDIBULAR JOINT, open surgical exploration of, with or without microsurgical techniques (Anaes.) (Assist.) Fee: \$872.30 Benefit: 75% = \$654.25 85% = \$797.80		
45863	TEMPOROMANDIBULAR JOINT, open surgical exploration of, with condylectomy or condylotomy, with or without microsurgical techniques (Anaes.) (Assist.) Fee: \$967.00 Benefit: 75% = \$725.25 85% = \$892.50		
45865	ARTHROCENTESIS, irrigation of temporomandibular joint after insertion of 2 cannuli into the appropriate joint space(s) (Anaes.) (Assist.) Fee: \$290.50 Benefit: 75% = \$217.90 85% = \$246.95		

OPERATIONS		PLASTIC & RECONSTRUCTIVE	
45867	TEMPOROMANDIBULAR JOINT, synovectomy of, not being a service to which another item in this Subgroup applies (Anaes.) (Assist.) Fee: \$312.30	Benefit: 75% = \$234.25	85% = \$265.50
45869	TEMPOROMANDIBULAR JOINT, open surgical exploration of, with or without meniscus or capsular surgery, including partial or total meniscectomy when performed, with or without microsurgical techniques (Anaes.) (Assist.) Fee: \$1,188.20	Benefit: 75% = \$891.15	85% = \$1,113.70
45871	TEMPOROMANDIBULAR JOINT, open surgical exploration of, with meniscus, capsular and condylar head surgery, with or without microsurgical techniques (Anaes.) (Assist.) Fee: \$1,338.45	Benefit: 75% = \$1,003.85	85% = \$1,263.95
45873	TEMPOROMANDIBULAR JOINT, surgery of, involving procedures to which items 45863, 45867, 45869 and 45871 apply and also involving the use of tissue flaps, or cartilage graft, or allograft implants, with or without microsurgical techniques (Anaes.) (Assist.) Fee: \$1,504.05	Benefit: 75% = \$1,128.05	85% = \$1,429.55
45875	TEMPOROMANDIBULAR JOINT, stabilisation of, involving 1 or more of: repair of capsule, repair of ligament or internal fixation, not being a service to which another item in this Subgroup applies (Anaes.) (Assist.) Fee: \$470.70	Benefit: 75% = \$353.05	85% = \$400.10
45877	TEMPOROMANDIBULAR JOINT, arthrodesis of, with synovectomy if performed, not being a service to which another item in this Subgroup applies (Anaes.) (Assist.) Fee: \$470.70	Benefit: 75% = \$353.05	85% = \$400.10
45879	TEMPOROMANDIBULAR JOINT OR JOINTS, application of external fixator to, other than for treatment of fractures (Anaes.) (Assist.) Fee: \$312.30	Benefit: 75% = \$234.25	85% = \$265.50
45882	The treatment of a premalignant lesion of the oral mucosa by a treatment using cryotherapy, diathermy or carbon dioxide laser. Fee: \$43.00	Benefit: 75% = \$32.25	85% = \$36.55
45885	Facial, mandibular or lingual artery or vein or artery and vein, ligation of, not being a service to which item 41707 applies (Anaes.) (Assist.) Fee: \$443.70	Benefit: 75% = \$332.80	85% = \$377.15
45888	FOREIGN BODY, in the oral and maxillofacial region, deep, removal of using interventional imaging techniques (Anaes.) (Assist.) Fee: \$413.55	Benefit: 75% = \$310.20	85% = \$351.55
45891	SINGLE-STAGE LOCAL FLAP where indicated, repair to 1 defect, using temporalis muscle (Anaes.) (Assist.) Fee: \$602.45	Benefit: 75% = \$451.85	85% = \$527.95
45894	FREE GRAFTING, in the oral and maxillofacial region, (mucosa or split skin) of a granulating area (Anaes.) Fee: \$204.70	Benefit: 75% = \$153.55	85% = \$174.00
45897	ALVEOLAR CLEFT (congenital) unilateral, grafting of, including plastic closure of associated oro-nasal fistulae and ridge augmentation (Anaes.) (Assist.) Fee: \$1,069.10	Benefit: 75% = \$801.85	85% = \$994.60
45900	MANDIBLE, fixation by intermaxillary wiring, excluding wiring for obesity Fee: \$241.15	Benefit: 75% = \$180.90	85% = \$205.00
45939	PERIPHERAL BRANCHES OF THE TRIGEMINAL NERVE, cryosurgery of, for pain relief (Anaes.) (Assist.) Fee: \$447.10	Benefit: 75% = \$335.35	85% = \$380.05
45945	MANDIBLE, treatment of a dislocation of, requiring open reduction (Anaes.) Fee: \$118.70	Benefit: 75% = \$89.05	85% = \$100.90
45975	MAXILLA, unilateral or bilateral, treatment of fracture of, not requiring splinting (See para T8.112 of explanatory notes to this Category) Fee: \$129.20	Benefit: 75% = \$96.90	85% = \$109.85
45978	MANDIBLE, treatment of fracture of, not requiring splinting (See para T8.112 of explanatory notes to this Category) Fee: \$157.85	Benefit: 75% = \$118.40	85% = \$134.20

OPERATIONS		HAND SURGERY
45981	ZYGOMATIC BONE, treatment of fracture of, not requiring surgical reduction (See para T8.112 of explanatory notes to this Category) Fee: \$85.65 Benefit: 75% = \$64.25 85% = \$72.85	
45984	MAXILLA, treatment of a complicated fracture of, involving viscera, blood vessels or nerves requiring open reduction not involving plate(s) (Anaes.) (Assist.) (See para T8.112 of explanatory notes to this Category) Fee: \$616.65 Benefit: 75% = \$462.50 85% = \$542.15	
45987	MANDIBLE, treatment of a complicated fracture of, involving viscera, blood vessels or nerves, requiring open reduction not involving plate(s) (Anaes.) (Assist.) (See para T8.112 of explanatory notes to this Category) Fee: \$616.65 Benefit: 75% = \$462.50 85% = \$542.15	
45990	MAXILLA, treatment of a complicated fracture of, involving viscera, blood vessels or nerves requiring open reduction involving the use of plate(s) (Anaes.) (Assist.) (See para T8.112 of explanatory notes to this Category) Fee: \$842.25 Benefit: 75% = \$631.70 85% = \$767.75

SUBGROUP 14 - HAND SURGERY		
<i>Note: Items 46300 to 46534 are restricted to surgery on the hand/s.</i>		
46300	INTER-PHALANGEAL JOINT or METACARPOPHALANGEAL JOINT, arthrodesis of, with synovectomy if performed (Anaes.) (Assist.) Fee: \$338.40 Benefit: 75% = \$253.80	
46303	CARPOMETACARPAL JOINT, arthrodesis of, with synovectomy if performed (Anaes.) (Assist.) Fee: \$376.10 Benefit: 75% = \$282.10	
46306	INTERPHALANGEAL JOINT or METACARPOPHALANGEAL JOINT, interposition arthroplasty of and including tendon transfers or realignment on the 1 ray (Anaes.) (Assist.) Fee: \$526.50 Benefit: 75% = \$394.90	
46307	INTERPHALANGEAL JOINT OR METACARPOPHALANGEAL JOINT - volar plate arthroplasty for traumatic deformity including tendon transfers or realignment on the 1 ray (Anaes.) (Assist.) Fee: \$526.50 Benefit: 75% = \$394.90	
46309	INTERPHALANGEAL JOINT or METACARPOPHALANGEAL JOINT, total replacement arthroplasty or hemiarthroplasty of, including associated synovectomy, tendon transfer or realignment - 1 joint (Anaes.) (Assist.) Fee: \$526.50 Benefit: 75% = \$394.90	
46312	INTERPHALANGEAL JOINT or METACARPOPHALANGEAL JOINT, total replacement arthroplasty or hemiarthroplasty of, including associated synovectomy, tendon transfer or realignment - 2 joints (Anaes.) (Assist.) Fee: \$676.95 Benefit: 75% = \$507.75	
46315	INTERPHALANGEAL JOINT or METACARPOPHALANGEAL JOINT, total replacement arthroplasty or hemiarthroplasty of, including associated synovectomy, tendon transfer or realignment - 3 joints (Anaes.) (Assist.) Fee: \$902.55 Benefit: 75% = \$676.95	
46318	INTERPHALANGEAL JOINT or METACARPOPHALANGEAL JOINT, total replacement arthroplasty or hemiarthroplasty of, including associated synovectomy, tendon transfer or realignment - 4 joints (Anaes.) (Assist.) Fee: \$1,128.25 Benefit: 75% = \$846.20	
46321	INTERPHALANGEAL JOINT OR METACARPOPHALANGEAL JOINT, total replacement arthroplasty or hemiarthroplasty of, including associated synovectomy, tendon transfer or realignment - 5 or more joints (Anaes.) (Assist.) Fee: \$1,353.90 Benefit: 75% = \$1,015.45 85% = \$1,279.40	

OPERATIONS	HAND SURGERY
46381	INTER-PHALANGEAL JOINT, joint capsule release when performed in conjunction with operation for Dupuytren's Contracture - each procedure (Anaes.) (Assist.) Fee: \$300.80 Benefit: 75% = \$225.60
46384	Z PLASTY (or similar local flap procedure) when performed in conjunction with operation for Dupuytren's Contracture - 1 such procedure (Anaes.) (Assist.) Fee: \$300.80 Benefit: 75% = \$225.60
46387	DUPUYTREN'S CONTRACTURE, fasciectomy for, from 1 ray, including dissection of nerves - operation for recurrence in that ray (Anaes.) (Assist.) Fee: \$620.60 Benefit: 75% = \$465.45 85% = \$546.10
46390	DUPUYTREN'S CONTRACTURE, fasciectomy for, from 2 rays, including dissection of nerves - operation for recurrence in those rays (Anaes.) (Assist.) Fee: \$827.50 Benefit: 75% = \$620.65
46393	DUPUYTREN'S CONTRACTURE, fasciectomy for, from 3 or more rays, including dissection of nerves - operation for recurrence in those rays (Anaes.) (Assist.) Fee: \$959.00 Benefit: 75% = \$719.25
46396	PHALANX OR METACARPAL OF THE HAND, osteotomy or osteectomy of, and excluding services to which item 47933 or 47936 apply (Anaes.) (Assist.) Fee: \$329.60 Benefit: 75% = \$247.20 85% = \$280.20
46399	PHALANX OR METACARPAL OF THE HAND, osteotomy of, with internal fixation (Anaes.) (Assist.) Fee: \$517.80 Benefit: 75% = \$388.35
46402	PHALANX or METACARPAL, bone grafting of, for pseudarthrosis (non-union), including obtaining of graft material (Anaes.) (Assist.) Fee: \$517.80 Benefit: 75% = \$388.35
46405	PHALANX or METACARPAL, bone grafting of, for pseudarthrosis (non-union), involving internal fixation and including obtaining of graft material (Anaes.) (Assist.) Fee: \$631.90 Benefit: 75% = \$473.95
46408	TENDON, reconstruction of, by tendon graft (Anaes.) (Assist.) Fee: \$692.00 Benefit: 75% = \$519.00
46411	FLEXOR TENDON PULLEY, reconstruction of, by graft (Anaes.) (Assist.) Fee: \$406.15 Benefit: 75% = \$304.65
46414	ARTIFICIAL TENDON PROSTHESIS, INSERTION OF, in preparation for tendon grafting (Anaes.) (Assist.) Fee: \$526.40 Benefit: 75% = \$394.80 85% = \$451.90
46417	TENDON transfer for restoration of hand function, each transfer (Anaes.) (Assist.) Fee: \$488.85 Benefit: 75% = \$366.65
46420	EXTENSOR TENDON OF HAND OR WRIST, primary repair of, each tendon (Anaes.) Fee: \$204.60 Benefit: 75% = \$153.45 85% = \$173.95
46423	EXTENSOR TENDON OF HAND OR WRIST, secondary repair of, each tendon (Anaes.) (Assist.) Fee: \$327.15 Benefit: 75% = \$245.40 85% = \$278.10
46426	FLEXOR TENDON OF HAND OR WRIST, primary repair of, proximal to A1 pulley, each tendon (Anaes.) (Assist.) Fee: \$338.40 Benefit: 75% = \$253.80
46429	FLEXOR TENDON OF HAND OR WRIST, secondary repair of, proximal to A1 pulley, each tendon (Anaes.) (Assist.) Fee: \$413.65 Benefit: 75% = \$310.25 85% = \$351.65
46432	FLEXOR TENDON OF HAND, primary repair of, distal to A1 pulley, each tendon (Anaes.) (Assist.) Fee: \$451.35 Benefit: 75% = \$338.55
46435	FLEXOR TENDON OF HAND, secondary repair of, distal to A1 pulley, each tendon (Anaes.) (Assist.) Fee: \$526.50 Benefit: 75% = \$394.90

38757,38760,38763,38766	

vein catheterisation, via subcutaneous tunnel	34527,34528	Chondroplasty of knee	49503,49506
Cerebello-pontine angle tumour	41575,41576,41578	Chordee, correction of	37417
41579		Chorionic villus sampling	16603
- retromastoid removal of	41575,41576,41578	Chymopapain (Discase), intradiscal injection of	40336
41579		Cicatrical flexion/extension contracture, joint, correction	50112
- translabyrinthine removal	41575,41576,41578	Ciliary body and/or iris, excision of tumour	42767
41579		Circulatory support device, management of	13851,13854
- transmastoid removal	41575,41576,41578	support procedures	38362,38600,38603
41579		38609,38612,38613,38615,38618,38621,38624	
Cerebral palsy, hips or knees, application of cast under GA	50390	Circumcision	30653,30656,30659
perfusion, retrograde, cannulation for	38577	30660	
single event multilevel surgery	50450,50451,50455	arrest of post-operative haemorrhage	30663
50456,50460,50461,50465,50466,50470,50471,50475		Cisternal puncture	39003
50476		shunt diversion, insertion of	40003
tumour, craniotomy for removal	39712	shunt, revision or removal of	40009
ventricle, puncture of	39006	Clavicle, dislocation, treatment of	47003,47006
Cerebrospinal fluid drain, lumbar, insertion of	40018	fracture, treatment of	47462,47465
fluid reservoir, insertion of	39018	operation for acute osteomyelitis	43503
Cervical decompression of spinal cord	40331-40335	operation for chronic osteomyelitis	43512
discectomy (anterior), without fusion	40333	osteectomy/osteotomy	48406,48409
oesophagectomy	30294	Claw toe, correction of	49848
oesophagostomy, closure or plastic repair of	30293	Cleft lip, operations for	45677,45680,45683
re-exploration for hyperparathyroidism	30317	45686,45689,45692,45695,45698,45701,45704	
rib, removal of	34139	palate, correction of	45707,45710,45713
sympathectomy	35003,35006	Clitoris, amputation of, medically indicated	35530
Cervix, amputation or repair of	35617,35618	Clitoroplasty, reduction, ambiguous genitalia	37845,37848
cauterisation of, other than by chemical means	35608	Clival tumour, removal of	39653,39654,39656
colposcopic examination of	35614	39658	
colposcopy with biopsy and diathermy	35646	Cloaca, persistent, correction of	43969
cone biopsy of	35617,35618	Cloacal exstrophy, neonatal, operation for	43882
diathermy of	35608,35646	Club hand, radial, centralisation/radialisation	50399
electrocoagulation diathermy	35644,35645	Coccyx, excision of	30672
ionisation of	35608	Cochlear implant, insertion with mastoidectomy	41617
large loop excision	35647,35648	Cochleotomy, or repair of round window	41614
laser therapy (restriction applies)	35539,35542,35545	Coeliac artery, decompression of	34142
punch biopsy	35608	Colectomy, subtotal, of large intestine	32004,32005
purse string ligation	16511	total, for Hirschsprung's, paediatric	43996
removal of polyp from	35611	total, with excision rectum/anastomosis	32051,32054,32057
removal of purse string ligature	16512	total, with excision rectum/ileostomy	32015,32018,32021
repair of extensive laceration/s	16571	total, with ileo-rectal anastomosis	32012
repair of, not otherwise covered	35617,35618	total, with ileostomy	32009
residual stump, removal of, abdominal approach	35612	Colles' fracture of radius, treatment of	47369,47372,47375
residual stump, removal of, vaginal approach	35613	treatment of paediatric	50508,50512
Chalazion, extirpation of	42575	Colonic atresia, neonatal, laparotomy for	43816
Chemical peel, full face	45019,45020	lavage, total, intra-operative	32186
Chemotherapy	13915,13918,13921	reservoir, construction of	32029
13924,13927,13930,13933,13936		Colonic stent, insertion of	32023
device for drug delivery, loading of	13939,13942,13945	Colonoscopy, fiberoptic	32084,32087,32090
device, insertion, central vein catheterisation	34527,34528	32093	
device, removal of	34530	Colorectal strictures, endoscopic dilatation of	32094
infusion, cannulation for	34521,34524	Colostomy, closure of	30562
Chest, or limb, decompression escharotomy	45054	colostomy	30375
Chloasma, full face chemical peel	45019,45020	entero-	30515
Choanal atresia, repair/correction	45645,45646	refashioning of	30563
Cholangiogram, percutaneous transhepatic	30440	with laparotomy, neonatal anorectal malformation	43822
Cholangiography, operative	30439	Colotomy	30375
Cholangiopancreatography	30484	Colpoperineorrhaphy	35571,35573
Cholecystectomy	30443,30445,30446	Colpopexy, sacral	35597
30448,30449		sacrospinous	35568
Cholecystoduodenostomy	30460,31472	Colposcopy, using Hinselmann-type instrument	35614
Cholecystoenterostomy	30460,31472	with other procedures	35644-35647
Cholecystostomy	30375	Colpotomy	35572
Choledochal cyst, resection of	43972,43975	Composite graft to nose, ear or eyelid	45656
Choledochoduodenostomy	30460,30461	Condylectomy	45611,48406,48424
Choledochointerostomy	30460,30461	of mandible	45611
Choledochogastrostomy	30461	Condylectomy/condylotomy	45863
Choledochojejunostomy	30460,30461	Cone biopsy of cervix	35617,35618
Choledochoscopy	30442,30452	Confinement	16515,16518-16520,16522
Choledochotomy	30454,30455,30457	16525	
Chondro-cutaneous or chondro-mucosal graft	45656	Congenital absence of vagina, reconstruction for	35565

atresia, auditory canal reconstruction	45662	Cryotherapy for detached retina	42773
heart disease, operations for	38700,38703,38706	for trichiasis	42587
38709,38712,38715,38718,38721,38724,38727,38730		hepatic, destruction of liver tumours	30419
38733,38736,38739,38742,38745,38748,38751,38754		of peripheral nerves	39323
38757,38760,38763,38766		of skin lesions	30189,30192,30195
Conjunctiva, cautery of	42677	to haemorrhoids with rubber band ligation	32135
biopsy of	42676	to nose, for haemorrhage	41680
cryotherapy to	42680	to retina, independent procedure	42818
Conjunctival cysts, removal of	42683	Crystalloid, retrograde admin for cardioplegia	38588
graft over cornea	42638	Curettage, for evacuation of gravid uterus	35643
lacerations not involving sclera	30032	uterus (D and C)	35639,35640
peritomy	42632	Cutaneous neoplastic lesions, treatment of	30195
Conjunctivorhinostomy	42629	nerve, nerve graft to	39318
Contour reconstruction, insertion of foreign implant	45051	nerve, repair of	39300,39303
restoration of face, autologous bone/cartilage graft	45647	ureterostomy, closure of	36621
Contraceptive device, intra-uterine, introduction of	35503	vesical fistula, operation for	37023
device, intra-uterine, removal under GA	35506	vesicostomy, establishment of	37026
Contracted socket, reconstruction	42527	Cyclodestructive procedures treatment of glaucoma	42770
Contracture, cicatricial flexion/extension of joint, correction	50112	Cyst, arachnoidal, craniotomy for	39718
Dupuytren's, subcutaneous fasciotomy for	46366	Baker's, excision of	30114
flexor/extensor, digits of hand, correction of	46492	Bartholin's, cautery destruction of	35516,35517
Cordotomy, laminectomy for	39124	Bartholin's, excision of	35512,35513
percutaneous	39121	Bartholin's, marsupialisation of	35516,35517
Cornea, conjunctival graft over	42638	bone, injection into or aspiration of	47900
epithelial debridement for corneal ulcer/erosion	42650	brain, operations for	39703
epithelial debridement for keratoplasty	42651	branchial, removal of	30286
removal of imbedded foreign body	42644	broad ligament, excision of	35712,35713,35716
removal of superficial foreign body	30061	35717	
transplantation of	42653,42656,42659	bronchogenic, thoracotomy and excision	43912
Corneal, laser coagulation of blood vessels	42797	choledochal, resection of	43972,43975
additional incisions for astigmatism	42673	enterogenous, thoracotomy and excision	43912
incisions for astigmatism	42672	epididymal, removal of	37601
keratoplasty, epithelial debridement for	42651	fimbrial, excision of	35712,35713,35716
perforations, sealing of	42635	35717	
scars, excision of	42647	hydatid, liver, treatment of	30434,30436-30438
suture, running, manipulation of	42667	hydatid, lungs, enucleation of	38424
sutures, removal of	42668	intracranial, needling and drainage of	39703
ulcer, epithelial debridement of cornea for	42650	kidney, removal from	36558
Coronary artery bypass operations	38497,38498,38500	liver, laparoscopic marsupialisation	30416,30417
38501,38503,38504		mucous, of mouth, removal	30282,30283
angiography, selective	38215,38218,38220	not otherwise covered, removal of (OMS)	45801,45803,45805
38222,38225,38228,38231,38234,38237,38240,38241		45807,45809	
38243,38246		other, removal of	31200,31205,31210
artery bypass vein graft, dissection	38637	31215,31220,31225,31230,31235,31240	
endarterectomy, open operation	38505	ovarian, aspiration of	35518
Coronary pressure wire	38241	ovarian, excision of, with laparotomy	35712,35713,35716
Corpus callosum, anterior section of, for epilepsy	40700	35717	
Corticectomy, for epilepsy	40703	pancreatic, anastomosis	30586,30587
Corticolysis of lens material	42791,42792	parovarian, excision of, with laparotomy	35712,35713,35716
Costo-transverse joint, injection into	39013	35717	
Counterpulsation, intra-aortic balloon, management	13847,13848	pharyngeal, removal of	41813
Cranial nerve, intracranial decompression of	39112	pilonidal, excision of	30675,30676
shunt diversion, insertion of	40003	renal, excision of	36558
shunt, revision or removal of	40009	skin/subcutaneous/mucous membrane, removal of	31200,31205,31210
vault reconstruction	45785	31215,31220,31225,31230,31235,31240	
Craniectomy and removal of haematoma	39603	tarsal, extirpation of	42575
for osteomyelitis/removal infected bone	39906	thyroglossal, removal of	30313,30314
Cranio-cervical junction lesion, transoral approach for	40315	vaginal, excision of	35557
Cranio-pharyngioma, craniotomy for removal of	39712	vallecular, removal of	41813
Cranioplasty and repair of fractured skull	39615	Cystadenomatoid malformation, neonatal, thoracotomy	43861
reconstructive	40600	Cystocele, repair of	35570
Cranio-stenosis, operations for	40115,40118	Cystoscopy, with	36836
Craniotomy and tumour removal	39709,39712	- controlled hydrodilatation of bladder	36827
burr-hole for intracranial haemorrhage	39600	- diathermy or resection of bladder tumour/s	36845
for arachnoidal cyst	39718	- endoscopic incision/resection	36825,36854
for hydromyelia (with laminectomy)	40342	- injection into bladder wall	36851
for reopening post-op for haemorrhage/swelling	39721	- insertion of ureteric stent, or brush biopsy	36821
Cricopharyngeal myotomy	41776	- insertion of urethral prosthesis	36811
Cricothyrostomy	41884	- laser destruction of bladder tumours	36840
Cruciate ligaments, reconstruction/repair	49536,49539,49542	- lavage of blood clots from bladder	36842
		- removal of foreign body	36833

- resection of ureterocele	36848	Digit, amputation of	46464,46465,46468
- ureteric catheterisation	36818,36824	46471,46474,46477,46480	
- ureteric meatotomy	36830	distal, excision of ganglion/mucous cyst	46495
- urethroscopy with/without urethral dilatation	36812	extra, amputation of	46464
- without litholapaxy	36863	flexor/extensor contracture, correction of	46492
- without urethroscopy	36815	or ray, transposition/transfer, vascular pedicle	46507
Cystostomy, suprapubic	37008	synovectomy of tendon/s	46348,46351,46354
Cystotomy, suprapubic	37008,37011	46357,46360	
Cytotoxic agent, instillation into body cavity	13948	transposition/transfer, vascular pedicle	46507
D			
D and C	35639,35640	Digital nail, toe, removal of	47904,47906
Dacryocystectomy	42596	nerve, nerve graft to	39318
Dacryocystorhinostomy	42623,42626	nerve, repair of	39300,39303
Debridement of contaminated wound	30023	Direct flap repair	45209,45212,45215
of tissue, ischaemic limb	35100,35103	45218,45221,45224	
Debulking operation, gynaecological malignancy	35720	Disc, intervertebral, laminectomy for removal	40300
Decompression fasciotomy, calf/forearm	47975,47978,47981	intervertebral, microsurgical discectomy of	40301
fasciotomy, hand	47981	lesion, recurrent, laminectomy for	40303
of Arnold-Chiari malformation	40106	lumbar intervertebral, total artificial replacement	48691-48693
of facial nerve, mastoid portion	41569	Discectomy, cervical (anterior), without fusion	40333
of intracranial tumour	39706	microsurgical, of intervertebral disc/s	40301
operation for priapism	37393	percutaneous lumbar	48636
subtemporal	40015	discontinuation of surgical procedure on medical groups	30001
Deep organ, percutaneous aspiration biopsy	30094	Disimpaction of faeces under GA	32153
tissue or organ, biopsy of	30074,30075,30078	Dissection, lymph nodes of neck	31423,31426,31429
Defibrillator generator, insertion/replacement	38393	31432,31435,31438	
insertion of patches for	38390	Diverticulum, bladder, excision/obliteration	37020
Delorme procedure	32111	Meckel's, removal of	30375
Dermabrasion	45021,45024	urethral, excision of	37372
Dermo-fat or fascia graft	45018	Dohlman's operation	41773
Dermoid, excision of		Donald-Fothergill operation	35577
nasal, excision of	41729	Donor haemapheresis	13755
oral and maxillofacial region	45801,45803,45805	Double balloon enteroscopy	30680,30682,30684
45807		30686	
orbital, excision of	42574	Double balloon enteroscopy	30680,30682,30684
periobital, excision of	42573	30686	
Detached retina, diathermy/cryotherapy	42773	Double vagina, excision of septum	35566
retina, removal of silicone band	42812	Drez lesion, operation for	39124
retina, resection/buckling/revision	42776	Drill biopsy of lymph gland/deep tissue/organ	30078
device for delivery of therapeutic agents	14221,14224,14227	Drug delivery device, loading of	13939,13942,13945
14230,14233,14236,14239,14242		drug delivery system for spasticity management	14227,14230,14233
drug delivery system	39125,39126,39128	14236,14239,14242	
39133		Duct, salivary gland, diathermy/dilatation	30262
drug delivery system for spasticity management	14227,14230,14233	salivary gland, major, transposition of	41910
14236,14239,14242		salivary gland, marsupialisation	30265,30266
pump or reservoir, loading of	14218	salivary gland, meatotomy	30265,30266
reservoir associated with adjustable gastric band	14215	salivary gland, removal of calculus	30265,30266
Dialysis, peritoneal	13112	Ducts submandibular, removal of	30255
supervision in home	13104	Duodenal atresia, duodeno-duodenostomy/jejunostomy	43807
supervision in hospital	13100,13103	intubation	30487,30488
Diaphragm, plication of for eventration	43915	stenosis, duodeno-duodenostomy/jejunostomy	43807
Diaphragmatic hernia, neonatal, repair of	43837,43840	ulcer, perforated, suture	30375
hernia, repair of	30600,30601	Duodenoduodenostomy for duodenal atresia/stenosis	43807
Diaphyseal aclasia, removal of lesion/s from bone	50426	Duodenojejunostomy for duodenal atresia/stenosis	43807
Diastematomyelia, tethered cord, release of	40112	Duodenoscopy	30473,30476,30478
Diathermy of bladder tumours	36840,36845	Dupuytren's contracture, operations for	46366,46369,46372
cervix	35608,35646	46375,46378,46381,46384,46387,46390,46393	
detached retina	42773	Dysthyroid eye disease, decompression of orbit	42545
electrocoagulation, of cervix	35644,35645	E	
palmar or plantar wart	30186	E.C.T.	14224
perforation of tympanum	41641	Ear, composite graft to	45656
pharynx	41674	drum perforation, excision of rim	41644
rectal polyps with sigmoidoscopy	32078	external, complex total reconstruction of	45660,45661
salivary gland duct	30262	full thickness laceration, repair of	30052
septum	41674	full thickness wedge excision of	45665
starburst vessels, head or neck	30213,30214	lop, bat or similar deformity, correction of	45659
telangiectases, head or neck	30213,30214	middle, clearance of	41635,41638
turbinates	41674	middle, exploration of	41629
urethra	37318	middle, insertion of tube for drainage of	41632
		middle, operation for abscess or inflammation of	41626

removal of foreign body from toilet, using operating microscope	41500,41503 41647	laser therapy of gastrointestinal tract	30479
Eclampsia, treatment of	16509	manipulation/extraction of ureteric calculus	36857
Ectopic bladder, 'turning-in' operation	37842	prostatectomy	37203,37206
pregnancy, removal of	35676-35678	resection of pharyngeal pouch	41773
pregnancy, ultrasound guided needling and injection	35674	sphincterotomy	30485
Ectropion, correction of	45626	stenting of bile duct	30491
tarsal cauterisation for	42581	transanal endoscopic microsurgery	32103,32104,32106
Elbow, arthrodesis of	49106	ultrasound	30688,30690,30692 30694
arthroscopic surgery of	49121	Endoscopic ultrasound fine needle aspiration	30696
arthroscopy of, diagnostic	49118	Endoscopy with balloon dilatation gastric stricture	30475
arthrotomy of	49100	Enterocoele, repair of	35571
dislocation, treatment of	47018,47021	Enterocolitis, acute neonatal necrotising, laparotomy	43828,43831
flexorplasty/tendon transfer to restore function	50405	necrotising stricture, bowel resection	43834
ligamentous stabilisation of	49103	Enterocolostomy	30515
radial head, replacement of	49112	Enterocutaneous fistula, radical repair of	30382
revision arthroplasty	49116,49117	Enteroenterostomy	30515
total replacement of	49115	Enterostomy, closure of	30562
total synovectomy of	49109	enterostomy	30375
Electrical stimulation, maximal perineal stimulation, restoration cardiac rhythm	13400	Enterotomy, intra-operative, for endoscopy	30568
Electroconvulsive therapy	14224	enterotomy	30375
Electrode(s), epidural, insertion by laminectomy	39139	Entropion, correction of	45626
epidural, percutaneous insertion of	39130	repair of	42866
epidural, percutaneous, management of	39131	Enucleation of eye	42506,42509
graciloplasty, insertion of	32206	hydatid cysts of lung	38424
intracranial placement	40709,40712	Epicondylitis, open operation for	47903
myocardial, permanent, insertion, thoracotomy	38470	Epididymal cyst, excision of	37601

 hormone or living tissue 14203,14206
 Impotence, injection for investigation/treatment 37415
 Incidental appendectomy 30574
 Incisional hernia, repair of 30403
 Incomplete confinement 16518
 Incontinence, anal, Parks' intersphincteric procedure 32126
 bladder stress, suprapubic operation 37044
 male urinary, injection for treatment of 37339
 stress, sling operation for 35599
 Indirect flap 45227,45230,45233
 45236,45239
 Induction, management, second trimester labour 16525
 Indwelling oesophageal tube, gastrostomy for fixation 30375
 Infantile hydrocele, repair of 30612,30614
 Infection, acute intercurrent, complicating pregnancy 16508
 Inferior vena cava, thrombectomy 33810,33811
 vena caval filter, insertion of 35330
 Inflammation of middle ear, operation for 41626
 Infliximab 14245
 Infliximab 14245
 Infusion chemotherapy 13915,13918,13921
 13924,13927,13930,13933,13936
 chemotherapy, cannulation for 34521,34524
 device, automated, spinal, insertion of 39125-39128
 intra-arterial, sympatholytic agent 14209
 Ingrowing eyelashes, operation for 45626
 nail of finger or thumb, resection of 46528,46531
 nail of toe, resection of 47915,47916
 Inguinal abscess, incision of 30223
 hernia, repair of 30609,30612,30614
 hernia, repair, age less than 3 months 44108,44111,44114
 Injection, alcohol, etc, around nerve or in muscle
 alcohol, cortisone, phenol into trigeminal nerve 39100
 alcohol, retrobulbar 42824
 hormones, for habitual miscarriage 16504
 into angioma (restriction applies) 45027
 into prostate 37218
 into spinal joints or nerves 39013
 sclerosant fluid into pilonidal sinus 30679
 Injections, multiple, for skin lesions 30207
 Inlay graft, using a mould 45445
 Innocent bone tumour, excision of 30241
 Innominate artery, endarterectomy of 33506
 insertion of, for drainage of middle ear 41632

Insufflation Fallopian tubes, for patency (Rubin test)	35706	tumour, biopsy and/or decompression	39706
Intensive care management/procedures	13815,13818,13830 13839,13842,13847,13848,13851,13854,13857,13870 13873,13876,13881,13882,13885,13888	tumour, burr-hole biopsy for	39703,39706
Intercostal drain, insertion of	38806,38809	tumour, craniotomy and removal of	39709,39712
Internal auditory meatus, exploration of	41599	Intradiscal injection of chymopapain	40336
drainage of empyema, without rib resection	38806,38809	Intradural lesion, laminectomy for, not otherwise covered	40312
Interosseous muscle space of hand, fasciotomy of	47981	Intrahepatic bypass	30466,30467
Interphalangeal joint, arthrodesis of	46300	Intramedullary tumour, laminectomy and radical excision	40318
joint, arthrotomy of	46327,46330	Intranasal operation on antrum/removal of foreign body	41716
joint, dislocation, treatment of	47036,47039	operation on frontal sinus or ethmoid sinuses	41737
joint, hemiarthroplasty	46309,46312,46315 46318,46321	operation on sphenoidal sinus	41752
joint, interposition arthroplasty of	46306	Intrascleral ball or cartilage, insertion of	42515
joint, joint capsule release of	46381	Intrathecal infusion device, revision of	39133
joint, ligamentous repair	46333	steroid injection	18232
joint, synovectomy/capsulectomy/debridement	46336	Intrathoracic operation on heart, lungs, etc, other vessels, anastomosis/repair	38727,38730
joint, total replacement arthroplasty of	46309,46312,46315 46318,46321	Intrauterine contraceptive device, introduction of	35503
joint, volar plate arthroplasty	46307	contraceptive device, removal of under GA	35506
Interscapulothoracic amputation or disarticulation	44334	device, introduction of, for idiopathic menorrhagia	35502
Interventional endovascular procedures	35300,35303,35306 35307,35309,35312,35315,35317,35319-35321,35324 35327,35330	growth retardation, attendance for	16508
Intervertebral disc/s, laminectomy for removal of	40300	Intravascular injections	
disc, lumbar, total artificial replacement	48691-48693	pressure monitoring	13876
disc/s, microsurgical discectomy of	40301	Intravenous infusion chemotherapy	13915,13918,13921 13924
Intestinal conduit or reservoir, endoscopic examination	36860	perfusion of a sympatholytic agent	14209
duct, patent vitello, excision of	43945	regional anaesthesia of limb	18213
malrotation, neonatal, laparotomy for	43801,43804	Intraventricular baffle, insertion of	38754
obstruction, surgical relief of	30387	Intubation, small bowel	30487,30488
plication, Noble type, with enterolysis	30375	Intussusception, reduction of	30375
remnant, abdominal wall vitello, excision of	43942	management fluid/gas reduction for	14212
resection, large	32000,32003	paediatric, operations for	43933,43936
resection, small	30565,30566	Invitro fertilisation	13200,13203,13206 13209,13212,13215,13218,13221
sling procedure prior to radiotherapy	32183	processing of bone marrow	13760
urinary conduit, revision	36609	Ionisation, cervix	35608
urinary reservoir, continent, formation	36606	Iridectomy	42764
Intra-abdominal artery/vein, cannulation, chemotherapy	34521	and sclerectomy, for glaucoma (Lagrange's op)	42746
malignancy, radical or debulking operation	30392	following intraocular procedures	42857
Intra-anal abscess, drainage of	32174,32175	Iridenceleisis	42746
Intra-aortic balloon, counterpulsation, management	13847,13848	Iridocyclectomy	42767
balloon pump, insertion of	38362,38609	Iridotomy	42764
balloon pump, removal of	38612,38613	laser	42785,42786
Intra-arterial cannulisation for blood collection	13842	Iris and ciliary body, excision of tumour of	42767
infusion chemotherapy	13927,13930,13933 13936	excision of tumour of	42764
infusion, of sympatholytic agent	14209	tumour, laser photocoagulation of	42806
Intra-atrial baffle, insertion of	38745	Ischaemic limb, debridement of deep tissue	35100
Intra-epithelial neoplasia, laser therapy for	35539,35542,35545	limb, debridement of superficial tissue	35103
Intra-ocular excision of dermoid of eye	42574	ventricular septal rupture, repair of	38509
foreign body, removal of	42563,42569	Ischio-rectal abscess, drainage of	32174,32175
procedures, resuturing of wound after	42857	abscess, incision with drainage	30223
Intra-operative ultrasound, biliary tract	30439		
staging of intra-abdominal tumours	30441	J	
Intra-oral tumour, radical excision of	30275	Jacket, plaster, application of, to spine	47708
Intra-orbital abscess, drainage of	42572	Jaw, dislocation, treatment of	47000
Intracerebral tumour, craniotomy and removal of	39709	aspiration biopsy of cyst/s	45799
Intracranial abscess, excision of	39903	operation on, for acute osteomyelitis	43503
aneurysm, clipping or reinforcement of sac	39800	operation on, for chronic osteomyelitis	43512,45815
aneurysm, endovascular coiling	35412	reconstruction operation	45596,45597,45599 45602,45605,45608,45611
aneurysm, ligation of cervical vessel/s	39812	Jejunal atresia, bowel resection and anastomosis	43810
arteriovenous malformation, excision of	39803	extension, percutaneous gastrostomy tube	31460
cyst, drainage of via burr-hole	39703	Jejunostomy, operative feeding	31462
electrode placement	40709,40712	Joint, application of external fixator, not for fracture	50130
haemorrhage, burr-hole craniotomy for	39600,39603	arthrodesis of	50109
infection, drainage of via burr-hole	39900	arthroplasty of, not otherwise covered	50127
neurectomy, for trigeminal neuralgia	39106	arthroscopy of	50100
pressure monitoring device, insertion of	39015	arthrotomy of	50103
pressure monitoring, catheter/subarachnoid bolt	13830	cicatrical flexion contracture of, correction	50112
stereotactic procedures	40800,40803	deformity, correction of	50300

dislocation, treatment of	47024,47027,47030	Lacrimal canalicular system, establishment patency	42599,42602
47033,47036,47039,47042,47045		canaliculus, immediate repair of	42605
finger/hand, debridement of	46336	drainage by insertion of glass tube	42608
greater trochanter, transplantation of	50121	gland, excision of palpebral lobe	42593
manipulation of	50115	passages, obstruction, probing for	42610,42611,42614
sacro-iliac, arthrodesis	49300	42615	
sacro-iliac, disruption of	47513	sac, excision of	42596
stabilisation, repair capsule/ligament	50106	Lagrange's operation (iridectomy and sclerectomy)	42746
subtalar, arthrodesis of	50118	Laminectomy and insertion of epidural implant	39139
synovectomy of, not otherwise covered	50104	followed by posterior fusion	40324,40327

30660		Peritomy, conjunctival	42632
correction of chordee	37417,37418	Peritoneal adhesions, division, with laparotomy	30376,30378,30379
frenuloplasty	37435	biopsies, multiple, with infracolic omentectomy	35726
injection for impotence	37415	catheter, insertion and fixation of	13109
lengthening by translocation of corpora	37423	catheter, removal of	13110
paraphimosis, reduction of under GA	30666	dialysis	13112
partial amputation of	37402	Peritoneo venous (Leveen) shunt, insertion of	30408
repair of avulsion	37411	Peritonitis, laparotomy for	30394
repair of laceration of cavernous tissue, or fracture	37408	Peritonsillar abscess, incision of	41807
surgery for penile drainage causing impotence	37420	Periurethral injection for urinary incontinence	37339
Peptic ulcer, bleeding, control of	30505,30506,30508	Perthes, hips or knees, application of cast under GA	50390
30509		Petro-clival and clival tumour, removal of	39653,39654,39656
ulcer, perforated, suture of	30375	Peyronie's plaque, operation for	37417
Per anal release, rectal stricture	32114	Phalanges, amputation/splitting, congenital	
Percutaneous aspiration biopsy of deep organ	30094	abnormalities	50396
biliary dilatation	30495	Phalanx, bone grafting of, for pseudarthrosis	46402,46405
biliary drainage	30440,30451,30495	distal, for osteomyelitis	46459
biliary stenting	30492	finger or thumb, fractures, treatment of	47300,47303,47306
cordotomy	39121	47309,47312,47315,47318,47321,47324,47327,47330	
drainage of deep abscess, imaging guided	30224	47333	
endoscopic gastrostomy	30481,30482	middle or proximal, for osteomyelitis	46462
epidural electrode, insertion	39130	operation for acute osteomyelitis	43500
epidural electrodes, management of	39131	operation for chronic osteomyelitis	43512
epidural implant, removal	39136	osteectomy or osteotomy of	46399,48400,48403
gastrostomy tube, jejunal extension	31460	toe, fracture, treatment of	47663,47666,47672
liver biopsy	30409	47678	
lumbar discectomy	48636	Pharyngeal adhesions, division of	41758
needle biopsy of lung	38812	bands or lingual tonsils, removal of	41804
neurotomy for facet joint denervation	39118	cysts, removal of	41813
neurotomy of peripheral nerves	39323	flap for velo-pharyngeal incompetence	45716
neurotomy of spinal nerves	39115	pouch, endoscopic resection (Dohlman's op)	41773
retrieval of foreign body	35360-35363	pouch, removal of	41770
retrieval of inferior vena caval filter	35331	Pharyngectomy, partial	41782,41785
transhepatic cholangiogram, imaging guided	30440	Pharyngoplasty	45716
ureteric stent exchange	36608	Pharyngotomy (lateral)	41779
Perforated duodenal ulcer, suture of	30375	Pharynx, cauterisation or diathermy	41674
gastric ulcer, suture of	30375	removal of foreign body from	30061
peptic ulcer, suture of	30375	Photocoagulation, laser, vascular lesions	14100,14106,14109
Perforating wound of eyeball, repair of	42551,42554,42557	14112,14115,14118,14124	
Perfusion of donor kidney, continuous	22055	of xenon arc	42782,42783
of limb or organ	22055	Photoiridosyneresis, laser	42808
retrograde, cerebral (if performed)	22075	Photomydriasis, laser	42807
retrograde, intravenous, sympatholytic agent	14209	Phototherapeutic, keratectomy	42810

Pigeon chest, correction of	38457	Preeclampsia, treatment of	16509
Pilonidal cyst or sinus, excision of	30675,30676	Pregnancy, attendance for complication by	16508
sinus, injection of sclerosant fluid	30679	- diabetes or anaemia	16502
Pin, orthopaedic, insertion of	47921	- intrauterine growth retardation	16508
wire or screw, buried, removal of	47924,47927	- threatened premature labour	16502,16508
Pinealoma, craniotomy for removal of	39712	multiple, attendance other than routine antenatal	16502
Pinguecula, removal of	42689	Premalignant skin lesions, treatment of	30192
Pinhole urinary meatus, dilatation of	37300	Premature labour, attendances not routine antenatal	16502,16508
Pirogoff's amputation of foot	44361	Prepuce, breakdown of adhesions of	
Pitanguy abdominoplasty	30177	operations on	30653,30656,30659
Pituitary tumour, removal of	39715	30660,30663,30666	
Placement of catheters	38220,38222,38243	Presacral and sacrococcygeal tumour, excision of	32036
Placenta, retained, evacuation of	16564	sympathectomy	35012
Placentography, preparation for	36800	Pressure monitoring, intracranial	13830
Plantar fasciotomy, radical	49854	monitoring, intravascular	13876
warts, removal of	30186,30187	Priapism, decompression of	37393
Plaster jacket, application of, to spine	47708	shunt operation for	37396
Plastic procedures to pelvi-ureteric junction	36564	Primary repair of cutaneous nerve	39300
reconstruction for bicornuate uterus	35680	repair of extensor tendon of hand or wrist	46420
reconstruction of lacrimal canaliculus	42602	repair of flexor tendon of hand or wrist	46426,46432
repair, direct flap	45209,45212,45215	repair of nerve trunk	39306
45218,45221,45224		restoration of alimentary continuity	41843
repair, of cervical oesophagostomy	30293	Proctectomy, perineal	32047
repair, single stage, local flap	45200,45203,45206	Proctocolectomy with ileostomy	32015,32018,32021
repair, to enlarge vaginal orifice	35569	Products of conception, retained, evacuation of	16564
Plate, rod or nail, removal of	47930	Progesterone implant	14203,14206
Pleura, percutaneous biopsy of	30090	Proof puncture of maxillary antrum	41698,41701
Pleural effusion	38803	Prostate, biopsy of	37212,37215,37218
Pleurectomy with thoracotomy	38424	37219	
pleurodesis	38424	diathermy or visual laser destruction of	37224
pleurodesis	38436	endoscopic laser ablation	37207,37208
Plexus, brachial, exploration of	39333	high energy transurethral microwave thermotherapy	37230,37233
Plication, intestinal, with enterolysis, Noble type	30375	total excision of	37209-37211
Pneumonectomy	38438,38441	transurethral microwave thermotherapy	37230,37233
Poison, ingested, gastric-lavage in the treatment of	14200	Prostate, impantation of gold fiducial markers	37217
Polycythemia	13757	Prostatectomy, endoscopic	37203,37206
Polyhydramnios, attendance, not routine antenatal	16502	open	37200
Polyp, anal, excision of	32142,32145	radical	37210,37211
aural, removal of	41506,41509	Prostatic abscess, endoscopic drainage of	37221
cervix, removal of	35611	abscess, open drainage of	37212
larynx, removal of	41852	coil, insertion of	37223
nasal, removal of	41662,41665,41668	Prosthesis, breast, manipulation fibrous tissue	
rectal, removal with sigmoidoscopy	32078,32081	surrounding	
uterus, removal of	35639,35640	breast, removal and/or replacement	45548,45551-45555
Polypectomy, with hysteroscopy	35633	knee, removal of	49515
Popliteal artery, exploration of, for popliteal		oesophageal, insertion of	30490
entrapment	34145	shoulder, removal of	48927
vessel, ligation or exploration, other	34103	Pseudarthrosis, bone grafting of metatarsal for	46402,46405
Porta hepatitis, radical resection for carcinoma	30461	bone grafting of phalanx for	46402,46405
Portacath, laparotomy with insertion of	30400	Pterygium, removal of	42686
Portal hypertension, operations for	30602,30603,30605	Ptosis of eyelid, correction of	45623-45625
30606		breast, correction of (unilateral)	45556,45557
Porto caval shunt for portal hypertension	30602	Pulmonary artery, banding of	38715,38718
Portoenterostomy for biliary atresia	43978	artery catheterisation	13818
Posterior chamber, removal of silicone oil	42815	decortication with thoracotomy	38421
juxtasceral Depot injection	42741	Pulp space infection of foot, incision for	47912
sclerotomy	42734	space infection of hand, incision for	46525
spinal fusion	40321,40324,40327	Pulse generator, subcutaneous placement	39134
vaginal compartment repair	35571,35573	Pump or reservoir, loading of	14218
Postero-lateral bone graft to spine	48648,48651	implanted, associated with adjustable gastric band	31441
Postnasal space, examination under GA	41653	Punch biopsy of synovial membrane	30087
space, direct examination with/without biopsy	41761	Punctum, occlusion of	42620-42622
Postnatal care	16564,16567,16570	snip operation	42617

ORAL AND MAXILLOFACIAL SERVICES
CATEGORY 4

SUMMARY OF CHANGES FROM 1/03/2013

The 1/03/2013 changes to the MBS are summarised below and are identified in the Schedule pages by one or more of the following words appearing above the item number

(a) new item	New
(b) amended description	Amend
(c) fee amended	Fee
(d) item number changed	Renum
(e) EMSN changed	EMSN

There are no changes to this Category for 1 March 2013.

OM.1.1. BENEFITS FOR MEDICAL SERVICES PERFORMED BY APPROVED DENTAL PRACTITIONERS

Under the provisions of the *Health Insurance Act 1973* (the Act), Medicare benefits are payable where an eligible person incurs medical expenses in respect of certain professional services rendered by a approved dental practitioner approved before 1 November 2004.

Category 4 is restricted to those dental practitioners who were approved by the Minister prior to 1 November 2004 for the provision of oral and maxillofacial surgery services and relevant attendances.

Approved dental practitioners may also request certain diagnostic imaging services – refer to Category 5 – Diagnostic Imaging Services for more information.

OM.1.2. CHANGES TO THE SCHEME EFFECTIVE FROM 1 NOVEMBER 2004

From 1 November 2004, access to Category 4 is restricted to those dental practitioners who were approved by the Minister prior to 1 November 2004. No new approvals will be granted after that date.

Background

Since 2000, practitioners performing oral and maxillofacial surgery in Australia are required to have both dental and medical qualifications in order to sit for their FRACDS(OMS) exam. This effectively means that since then, any practitioner who has obtained an FRACDS(OMS) or equivalent can access Category 3 of the MBS because they are medically qualified. The Government, in consultation with the Australian and New Zealand Association of Oral and Maxillofacial Surgeons, the Australian Dental Association, the Royal Australian College of Surgeons, the Royal Australian College of Dental Surgeons and the Australian Medical Association, has agreed that access by new practitioners to Category 4 will be withdrawn from 1 November 2004. Practitioners who were approved prior to that date will continue to have access to Category 4. The long-term proposal is that once all practitioners who currently access Category 4 have left the workforce, Category 4 will be removed from the Medicare Benefits Schedule.

Details of the services attracting Medicare benefits are set out in the Medicare Benefits Schedule.

OM.2.1. DEFINITION OF ORAL AND MAXILLOFACIAL SURGERY

Oral and Maxillofacial Surgery is defined as the surgical specialty which deals with the diagnosis, surgical and adjunctive treatment of diseases, injuries and defects of the oral and maxillofacial region.

OM.2.2. SERVICES THAT CAN BE PROVIDED

Dental practitioners holding the FRACDS (OMS) or equivalent who were approved by the Minister prior to 1 November 2004 may perform prescribed oral and maxillofacial services listed in this category. All dental practitioners approved for the purposes of subsection 3(1) of the Act are also recognised to perform those items of oral and maxillofacial surgery listed in Group C2 of the booklet “Medicare Benefits for Treatment of Cleft Lip and Cleft Palate Conditions”.

It is emphasised that -

- the sole purpose of granting approval to dental practitioners is to enable payment of Medicare benefits;
- the services set out in Groups 01 to 011 of the Medicare Benefits Schedule book, and in the Cleft Lip and Cleft Palate Schedule are the only ones for which Medicare benefits are payable when the services are performed by an eligible dental practitioner.

OM.3.1. PRINCIPLES OF INTERPRETATION

Each professional service listed in the Schedule is a complete medical service in itself. Where a service is rendered partly by one practitioner and partly by another, only the one amount of benefit is payable.

OM.3.2. MULTIPLE OPERATION RULE

The Schedule fees for two or more operations performed on a patient on the one occasion are calculated by the following rule:-

100% for the item with the greatest Schedule fee, plus 50% for the item with the next greatest Schedule fee, plus 25% for each other item.

NOTE:

1. Fees so calculated which result in a sum which is not a multiple of 5 cents are to be taken to the next higher multiple of 5 cents

2. Where two or more operations performed on the one occasion have fees which are equal, one of these amounts shall be treated as being greater than the other or others of those amounts.
3. The Schedule fee for benefits purposes is the aggregate of the fees calculated in accordance with the above formula.

The above rule does not apply to an operation which is one of two or more operations performed under the one anaesthetic on the same patient by different dental practitioners unless either practitioner assists the other. In this case, the fees and benefits specified in the Schedule apply. For these purposes the term "operation" includes all services in Groups O3 to O9.

If the operation comprises a combination of procedures which are commonly performed together and for which a specific combined item is provided in the Schedule, it is regarded as the one item and service in applying the multiple operation rule.

OM.3.3. AFTER CARE (POST-OPERATIVE TREATMENT)

The fee specified for each of the operations listed in the Schedule contains a component for the consequential after-care customarily provided unless otherwise indicated. After-care is deemed to include all post-operative treatment rendered by practitioners and need not necessarily be limited to treatment given by the approved dental practitioner or to treatment given by any one practitioner. This does not preclude, however, the payment of benefit for professional services for the treatment by a dental practitioner of an intercurrent condition or an unusual complication arising from the operation.

Some minor operations are merely stages in the treatment of a particular condition. Professional services by dental practitioners subsequent to such operations should not be regarded as after-care but rather as continuation of the treatment of the original condition and should attract benefit. Item 52057 is a service to which this policy applies.

OM.3.4. ADMINISTRATION OF ANAESTHETICS BY MEDICAL PRACTITIONERS

When a medical practitioner administers an anaesthetic in connection with a procedure prescribed for the payment of Medicare benefits (and the procedure has been performed by an approved dental practitioner), Medicare benefits are payable for the administration of the anaesthetic on the same basis as if the procedure had been rendered by a medical practitioner.

The Schedule fee for anaesthesia is established using the RVG schedule at Category 3 - Group T10.

Before the payment of benefits for the administration of anaesthesia, or for the services of an assistant anaesthetist, a number of additional details are required on the anaesthetist's account:

- The anaesthetist's account must show the name/s of the medical practitioner/s who performed the associated operation/s. Also, where the after hours emergency modifier applies to the anaesthesia service, the account must include the start time, the end time and the total time of the anaesthesia;
- The assistant anaesthetist's account must show the name/s of the medical practitioners who performed the associated operation/s, as well as the name of the principle anaesthetist. In addition, where the after hours emergency modifier applies, the assistant anaesthetist's account must record the start time, the end time and the total time for which he or she was providing professional attention to the patient during the anaesthesia.

OM.4.1. CONSULTATIONS - (ITEMS 51700 AND 51703)

The consultation item numbers (51700 and 51703) are to be used by approved dental practitioners in the practice of oral and maxillofacial surgery.

The referral must be from a registered dental practitioner or a medical practitioner.

OM.4.2. ASSISTANCE AT OPERATIONS - (ITEMS 51800 AND 51803)

Items covering operations which are eligible for benefits for assistance by an approved dental practitioner in the practice of oral and maxillofacial surgery or surgical assistance have been identified by the inclusion of the word "Assist" in the item description. Medicare benefits are not payable for surgical assistance associated with procedures which have not been so identified.

The assistance must be rendered by a practitioner other than the surgeon, the anaesthetist or the assistant anaesthetist.

Where more than one practitioner provides assistance to an approved dental practitioner no additional benefits are payable. The assistance benefit is the same irrespective of the number of practitioners providing assistance.

Benefits payable under item 51800

Medicare benefits are payable under Item 51800 for assistance rendered at the following procedures:

51900, 51904, 52010, 52018, 52039, 52048, 52051, 52062, 52063, 52066, 52078, 52090, 52092, 52095, 52105, 52108, 52111, 52130, 52138, 52141, 52144, 52147, 52182, 52300, 52303, 52312, 52315, 52321, 52324, 52336, 52339, 52424, 52440, 52452, 52480, 52482, 52600, 52603, 52609, 52612, 52615, 52624, 52626, 52627, 52800, 52803, 52806, 52809, 52818, 52824, 52828, 52830, 53006, 53009, 53016, 53215, 53220, 53225, 53226, 53236, 53239, 53242, 53406, 53409, 53412, 53413, 53415, 53416, 53453, 53460.

Where assistance with any of the above procedures is provided by a medical practitioner, benefits are payable under item 51300.

Benefits payable under Item 51803

Medicare benefits are payable under Item 51803 for assistance rendered at the following procedures:

51906, 52054, 52094, 52114, 52117, 52120, 52122, 52123, 52126, 52129, 52131, 52148, 52158, 52184, 52186, 52306, 52330, 52333, 52337, 52342, 52345, 52348, 52351, 52354, 52357, 52360, 52363, 52366, 52369, 52372, 52375, 52378, 52379, 52380, 52382, 52430, 52442, 52444, 52446, 52456, 52484, 52618, 52621, 52812, 52815, 52821, 52832, 53015, 53017, 53019, 53209, 53212, 53218, 53221, 53224, 53227, 53230, 53233, 53414, 53418, 53419, 53422, 53423, 53424, 53425, 53427, 53429, 53455.

or at a combination of procedures (including those identified as payable under item 51800 above) for which the aggregate fee exceeds the amount specified in the item.

Where assistance with any of the above procedures is provided by a medical practitioner, benefits are payable under Item 51303.

Assistance at multiple operations

Where assistance is provided at two or more operations performed on a patient on the one occasion the multi operation formula is applied to all the operations to determine the surgical fee payable to each approved dental practitioner. The multi-operation formula is then applied to those items at which assistance was rendered and for which Medicare benefits for assistance is payable to determine the abated fee level for assistance. The abated fee is used to determine the appropriate Schedule item covering the surgical assistance (ie either Items 51800/51300 or 51803/51303).

The derived fee applicable to Item 51803/51303 is calculated on the basis of one-fifth of the abated Schedule fee for the surgery.

OM.4.3. REPAIR OF WOUND - (ITEM 51900)

Item 51900 covers debridement of “deep and extensively contaminated” wound. Benefits are not payable under this item for debridement which would be expected to be encountered as part of an operative approach to the treatment of fractures.

OM.4.4. LIPECTOMY, WEDGE EXCISION - TWO OR MORE EXCISIONS - (ITEM 51906)

Multiple lipectomies attract benefits under Item 51906 once only, i.e. the multiple operation rule does not apply.

Medicare benefits are not payable in respect of liposuction.

OM.4.5. UPPER AERODIGESTIVE TRACT ENDOSCOPIC PROCEDURE - (ITEM 52035)

The following are guidelines of appropriate minimum standards for the performance of GI endoscopy in relation to (a) cleaning, disinfection and sterilisation procedures, and (b) anaesthetic and resuscitation equipment. These guidelines are based on the advice of the Gastroenterological Society of Australia, the Sections of HPB and Upper GI and of Colon and Rectal Surgery of the Royal Australasian College of Surgeons, and the Colorectal Surgical Society of Australia.

Cleaning, disinfection and sterilisation procedures

Endoscopic procedures should be performed in facilities where endoscope and accessory reprocessing protocols follow procedures outlined in:-

- (i) 'Infection and Endoscopy' (3rd edition), Gastroenterological Society of Australia;
- (ii) 'Infection control in the health care setting - Guidelines for the prevention of transmission of infectious diseases', National Health and Medical Research Council; and
- (iii) Australian Standard AS 4187-1994 (and Amendments), Standards Association of Australia.

Anaesthetic and resuscitation equipment

Where the patient is anaesthetised, anaesthetic equipment, administration and monitoring, and post operative and resuscitation facilities should conform to the standards outlined in 'Sedation for Endoscopy', Australian & New Zealand College of Anaesthetists, Gastroenterological Society of Australia and Royal Australasian College of Surgeons. These

guidelines will be taken into account in determining appropriate practice in the context of the Professional Services Review process.

OM.4.6. TUMOUR, CYST, ULCER OR SCAR - (ITEMS 52036 TO 52054)

It is recognised that odontogenic keratocysts, although not neoplastic, often require the surgical management of benign tumours.

OM.4.7. ASPIRATION OF HAEMATOMA - (ITEM 52056)

Aspiration of haematoma is indicated in clinical situations where incision may leave an unsightly scar or where access is difficult for conventional drainage.

OM.4.8. OSTEOTOMY OF JAW - (ITEMS 52342 TO 52375)

The fee and benefit for these items include the various forms of internal or dental fixation, jaw immobilisation, the transposition of nerves and vessels and bone grafts taken from the same site.

Bone grafts taken from a separate site, e.g. iliac crest, would attract additional benefit under Item 52318 or 52319 for the harvesting, plus item 52130 or 52131 for the grafting.

Where the site of grafting under item 52131 requires closure by single stage local flap, item 52300 may be claimed where clinically appropriate. Clinically appropriate in this instance means that the flap is required to close defects because the defect cannot be closed directly.

A local skin flap is an area of skin or subcutaneous tissue designed to be elevated from the skin adjoining a defect requiring closure. The flap remains partially attached by pedicle and is moved to the defect by rotation, advancement or transposition, or a combination of these manoeuvres.

Benefits are only payable where the flap is required for adequate wound closure. A secondary defect will be created which may be closed by direct suture, skin grafting or sometimes a further local skin flap. This latter procedure will also attract benefit if closed by graft or flap repair but not been closed by direct suture.

By definition, direct wound closure (e.g. by suture) does not constitute skin flap. Similarly, angled, curved or trapdoor incisions which are used for exposure and which are sutured back into the same position relative to the adjacent tissues are not skin flap repairs. Undermining of the edges of the wound prior to suturing is considered a normal part of wound closure and is not considered to skin flap repair.

For the purposes of these items, a reference to maxilla includes the zygoma.

OM.4.9. GENIOPLASTY - (ITEM 52378)

Genioplasty attracts benefit once only although a section is made on both sides of the symphysis of the mandible.

OM.4.10. FRACTURE OF MANDIBLE OR MAXILLA - (ITEMS 53400 TO 53439)

There are two maxillae in the skull and for the purpose of these items the mandible is regarded as comprising two bones.

Hence a bilateral fracture of the mandible would be assessed as:

- Item 53409 x 1½;
- two maxillae and one side of the mandible as Item 53406 x 1½ + 53409 x ¼.

Splinting in Item 53406 or 53409 refers to cap splints, arch bars, silver (cast metal) or acrylic splints.

OM.4.11. SKIN SENSITIVITY TESTING - (ITEM 53600)

The allergens are local anaesthetics and the contents of anaesthetic capsules, acrylic and other polymers and metals.

OM.4.12. DESTRUCTION OF NERVE BRANCH BY NEUROLYTIC AGENT - (ITEM 53706)

Item 53706 includes the use of botulinum toxin as a neurolytic agent.

Schedules of Services

Each professional service contained in the Schedule has been allocated a unique item number. Located with the item number and description for each service is the Schedule fee and Medicare benefit, together with a reference to an explanatory note relating to the item (if applicable).

If the service attracts an anaesthetic, the word (Anaes.) appears following the description. Where an operation qualifies for the payment of benefits for an assistant, the relevant items are identified by the inclusion of the word (Assist.) in the item description. Medicare benefits are not payable for surgical assistance associated with procedures which have not been so identified.

In some cases two levels of fees are applied to the same service in General Medical Services, with each level of fee being allocated a separate item number. The item identified by the letter "S" applies in the case where the procedure has been rendered by a recognised specialist in the practice of his or her specialty and the patient has been referred. The item identified by the letter "G" applies in any other circumstance.

Higher rates of benefits are also provided for consultations by a recognised consultant physician where the patient has been referred by another medical practitioner or an approved dental practitioner (oral surgeons).

Differential fees and benefits also apply to services listed in Category 5 (Diagnostic Imaging Services). The conditions relating to these services are set out in Category 5.

Explanatory Notes

Explanatory notes relating to the Medicare benefit arrangements and notes that have general application to services are located at the beginning of the schedule, while notes relating to specific items are located at the beginning of each Category. While there may be a reference following the description of an item to specific notes relating to that item, there may also be general notes relating to each Group of items.

ORAL & MAXILLOFACIAL		ORAL & MAXILLOFACIAL	
GROUP 01 - CONSULTATIONS			
APPROVED DENTAL PRACTITIONER, REFERRED CONSULTATION - SURGERY, HOSPITAL OR RESIDENTIAL AGED CARE FACILITY			
51700	Professional attendance (other than a second or subsequent attendance in a single course of treatment) by an approved dental practitioner, at consulting rooms, hospital or residential aged care facility where the patient is referred to him or her <i>(See para OM4.1 of explanatory notes to this Category)</i>	Fee: \$85.55	Benefit: 75% = \$64.20 85% = \$72.75
51703	Professional attendance by an approved dental practitioner, each attendance subsequent to the first in a single course of treatment at consulting rooms, hospital or residential aged care facility where the patient is referred to him or her <i>(See para OM4.1 of explanatory notes to this Category)</i>	Fee: \$43.00	Benefit: 75% = \$32.25 85% = \$36.55

GROUP O2 - ASSISTANCE AT OPERATION	
51800	<p>Assistance by an approved dental practitioner in the practice of oral and maxillofacial surgery at any operation identified by the word "Assist." for which the fee does not exceed \$558.30 or at a series or combination of operations identified by the word "Assist." where the fee for the series or combination of operations identified by the word "Assist." does not exceed \$558.30 <i>(See para OM4.2 of explanatory notes to this Category)</i></p> <p>Fee: \$86.30 Benefit: 75% = \$64.75 85% = \$73.40</p>

53209	GLENOID FOSSA, ZYGOMATIC ARCH and TEMPORAL BONE, reconstruction of (Obwegeser technique) (Anaes.) (Assist.) Fee: \$1,649.10 Benefit: 75% = \$1,236.85 85% = \$1,574.60
53212	ABSENT CONDYLE and ASCENDING RAMUS in hemifacial microsomia, construction of, not including harvesting of graft material (Anaes.) (Assist.) Fee: \$890.85 Benefit: 75% = \$668.15 85% = \$816.35
53215	TEMPOROMANDIBULAR JOINT, arthroscopy of, with or without biopsy, not being a service associated with any other arthroscopic procedure of that joint (Anaes.) (Assist.) Fee: \$408.70 Benefit: 75% = \$306.55 85% = \$347.40
53218	TEMPOROMANDIBULAR JOINT, arthroscopy of, removal of loose bodies, debridement, or treatment of adhesions - 1 or more such procedures (Anaes.) (Assist.) Fee: \$653.80 Benefit: 75% = \$490.35 85% = \$579.30
53220	TEMPOROMANDIBULAR JOINT, arthrotomy of, not being a service to which another item in this Group applies (Anaes.) (Assist.) Fee: \$329.60 Benefit: 75% = \$247.20 85% = \$280.20
53221	TEMPOROMANDIBULAR JOINT, open surgical exploration of, with or without microsurgical techniques (Anaes.) (Assist.) Fee: \$872.30 Benefit: 75% = \$654.25 85% = \$797.80
53224	TEMPOROMANDIBULAR JOINT, open surgical exploration of, with condylectomy or condylotomy, with or without microsurgical techniques (Anaes.) (Assist.) Fee: \$967.00 Benefit: 75% = \$725.25 85% = \$892.50
53225	ARTHROCENTESIS, irrigation of temporomandibular joint after insertion of 2 cannuli into the appropriate joint space(s) (Anaes.) (Assist.) Fee: \$290.50 Benefit: 75% = \$217.90 85% = \$246.95
53226	TEMPOROMANDIBULAR JOINT, synovectomy of, not being a service to which another item in this Group applies (Anaes.) (Assist.) Fee: \$312.30 Benefit: 75% = \$234.25 85% = \$265.50
53227	TEMPOROMANDIBULAR JOINT, open surgical exploration of, with or without meniscus or capsular surgery, including meniscectomy when performed, with or without microsurgical techniques (Anaes.) (Assist.) Fee: \$1,188.20 Benefit: 75% = \$891.15 85% = \$1,113.70
53230	TEMPOROMANDIBULAR JOINT, open surgical exploration of, with meniscus, capsular and condylar head surgery, with or without microsurgical techniques (Anaes.) (Assist.) Fee: \$1,338.45 Benefit: 75% = \$1,003.85 85% = \$1,263.95
53233	TEMPOROMANDIBULAR JOINT, surgery of, involving procedures to which items 53224, 53226, 53227 and 53230 apply and also involving the use of tissue flaps, or cartilage graft, or allograft implants, with or without microsurgical techniques (Anaes.) (Assist.) Fee: \$1,504.05 Benefit: 75% = \$1,128.05 85% = \$1,429.55
53236	TEMPOROMANDIBULAR JOINT, stabilisation of, involving 1 or more of: repair of capsule, repair of ligament or internal fixation, not being a service to which another item in this Group applies (Anaes.) (Assist.) Fee: \$470.70 Benefit: 75% = \$353.05 85% = \$400.10
53239	TEMPOROMANDIBULAR JOINT, arthrodesis of, not being a service to which another item in this Group applies (Anaes.) (Assist.) Fee: \$470.70 Benefit: 75% = \$353.05 85% = \$400.10

ORAL & MAXILLOFACIAL**ORAL & MAXILLOFACIAL**

53242	TEMPOROMANDIBULAR JOINT OR JOINTS, application of external fixator to, other than for treatment of fractures (Anaes.) (Assist.) Fee: \$312.30 Benefit: 75% = \$234.25 85% = \$265.50
-------	---

GROUP O9 - TREATMENT OF FRACTURES	
53400	MAXILLA, unilateral or bilateral, treatment of fracture of, not requiring splinting (See para OM4.10 of explanatory notes to this Category) Fee: \$129.20 Benefit: 75% = \$96.90 85% = \$109.85
53403	MANDIBLE, treatment of fracture of, not requiring splinting (See para OM4.10 of explanatory notes to this Category) Fee: \$157.85 Benefit: 75% = \$118.40 85% = \$134.20
53406	MAXILLA, treatment of fracture of, requiring splinting, wiring of teeth, circumosseous fixation or external fixation (Anaes.) (Assist.) (See para OM4.10 of explanatory notes to this Category) Fee: \$406.65 Benefit: 75% = \$305.00 85% = \$345.70
53409	MANDIBLE, treatment of fracture of, requiring splinting, wiring of teeth, circumosseous fixation or external fixation (Anaes.) (Assist.) (See para OM4.10 of explanatory notes to this Category) Fee: \$406.65 Benefit: 75% = \$305.00 85% = \$345.70
53410	ZYGOMATIC BONE, treatment of fracture of, not requiring surgical reduction (See para OM4.10 of explanatory notes to this Category) Fee: \$85.65 Benefit: 75% = \$64.25 85% = \$72.85
53411	ZYGOMATIC BONE, treatment of fracture of, requiring surgical reduction by a temporal, intra-oral or other approach (Anaes.) (See para OM4.10 of explanatory notes to this Category) Fee: \$238.80 Benefit: 75% = \$179.10 85% = \$203.00
53412	ZYGOMATIC BONE, treatment of fracture of, requiring surgical reduction and involving internal or external fixation at 1 site (Anaes.) (Assist.) (See para OM4.10 of explanatory notes to this Category) Fee: \$392.10 Benefit: 75% = \$294.10 85% = \$333.30
53413	ZYGOMATIC BONE, treatment of fracture of, requiring surgical reduction and involving internal or external fixation or both at 2 sites (Anaes.) (Assist.) (See para OM4.10 of explanatory notes to this Category) Fee: \$480.35 Benefit: 75% = \$360.30 85% = \$408.30
53414	ZYGOMATIC BONE, treatment of fracture of, requiring surgical reduction and involving internal or external fixation or both at 3 sites (Anaes.) (Assist.) (See para OM4.10 of explanatory notes to this Category) Fee: \$551.85 Benefit: 75% = \$413.90 85% = \$477.35
53415	MAXILLA, treatment of fracture of, requiring open reduction (Anaes.) (Assist.) (See para OM4.10 of explanatory notes to this Category) Fee: \$435.65 Benefit: 75% = \$326.75 85% = \$370.35
53416	MANDIBLE, treatment of fracture of, requiring open reduction (Anaes.) (Assist.) (See para OM4.10 of explanatory notes to this Category) Fee: \$435.65 Benefit: 75% = \$326.75 85% = \$370.35
53418	MAXILLA, treatment of fracture of, requiring open reduction and internal fixation not involving plate(s) (Anaes.) (Assist.) (See para OM4.10 of explanatory notes to this Category) Fee: \$566.35 Benefit: 75% = \$424.80 85% = \$491.85
53419	MANDIBLE, treatment of fracture of, requiring open reduction and internal fixation not involving plate(s) (Anaes.) (Assist.) (See para OM4.10 of explanatory notes to this Category) Fee: \$566.35 Benefit: 75% = \$424.80 85% = \$491.85
53422	MAXILLA, treatment of fracture of, requiring open reduction and internal fixation involving plate(s) (Anaes.) (Assist.) (See para OM4.10 of explanatory notes to this Category) Fee: \$718.75 Benefit: 75% = \$539.10 85% = \$644.25
53423	MANDIBLE, treatment of fracture of, requiring open reduction and internal fixation involving plate(s) (Anaes.) (Assist.) (See para OM4.10 of explanatory notes to this Category) Fee: \$718.75 Benefit: 75% = \$539.10 85% = \$644.25

ORAL & MAXILLOFACIAL		ORAL & MAXILLOFACIAL	
53424	MAXILLA, treatment of a complicated fracture of, involving viscera, blood vessels or nerves, requiring open reduction not involving plate(s) (Anaes.) (Assist.) (See para OM4.10 of explanatory notes to this Category) Fee: \$616.65 Benefit: 75% = \$462.50 85% = \$542.15		
53425	MANDIBLE, treatment of a complicated fracture of, involving viscera, blood vessels or nerves, requiring open reduction not involving plate(s) (Anaes.) (Assist.) (See para OM4.10 of explanatory notes to this Category) Fee: \$616.65 Benefit: 75% = \$462.50 85% = \$542.15		
53427	MAXILLA, treatment of a complicated fracture of, involving viscera, blood vessels or nerves, requiring open reduction involving the use of plate(s) (Anaes.) (Assist.) (See para OM4.10 of explanatory notes to this Category) Fee: \$842.25 Benefit: 75% = \$631.70 85% = \$767.75		
53429	MANDIBLE, treatment of a complicated fracture of, involving viscera, blood vessels or nerves, requiring open reduction involving the use of plate(s) (Anaes.) (Assist.) (See para OM4.10 of explanatory notes to this Category) Fee: \$842.25 Benefit: 75% = \$631.70 85% = \$767.75		
53439	MANDIBLE, treatment of a closed fracture of, involving a joint surface (Anaes.) (See para OM4.10 of explanatory notes to this Category) Fee: \$238.80 Benefit: 75% = \$179.10 85% = \$203.00		
53453	ORBITAL CAVITY, reconstruction of a wall or floor with or without foreign implant (Anaes.) (Assist.) Fee: \$483.25 Benefit: 75% = \$362.45 85% = \$410.80		
53455	ORBITAL CAVITY, bone or cartilage graft to orbital wall or floor including reduction of prolapsed or entrapped orbital contents (Anaes.) (Assist.) Fee: \$567.65 Benefit: 75% = \$425.75 85% = \$493.15		
53458	NASAL BONES, treatment of fracture of, not being a service to which item 53459 or 53460 applies Fee: \$43.05 Benefit: 75% = \$32.30 85% = \$36.60		
53459	NASAL BONES, treatment of fracture of, by reduction (Anaes.) Fee: \$235.50 Benefit: 75% = \$176.65 85% = \$200.20		
53460	NASAL BONES, treatment of fractures of, by open reduction involving osteotomies (Anaes.) (Assist.) Fee: \$480.35 Benefit: 75% = \$360.30 85% = \$408.30		

	GROUP O10 - DIAGNOSTIC PROCEDURES AND INVESTIGATIONS		
	SKIN SENSITIVITY TESTING for allergens to anaesthetics and materials used in OMS surgery, USING 1 TO 20 ALLERGENS <i>(See para OM4.11 of explanatory notes to this Category)</i>		
53600	Fee: \$38.95	Benefit: 75% = \$29.25	85% = \$33.15

GROUP O11 - REGIONAL OR FIELD NERVE BLOCKS	
	(Note. Where an anaesthetic combines a regional nerve block with a general anaesthetic for an operative procedure, benefits will be paid only under the anaesthetic item relevant to the operation. The items in this Group are to be used in the practice of oral and maxillofacial surgery and are not to be used for dental procedures (eg. restorative dentistry or dental extraction.))
53700	TRIGEMINAL NERVE, primary division of, injection of an anaesthetic agent Fee: \$124.85 Benefit: 75% = \$93.65 85% = \$106.15
53702	TRIGEMINAL NERVE, peripheral branch of, injection of an anaesthetic agent Fee: \$62.50 Benefit: 75% = \$46.90 85% = \$53.15
53704	FACIAL NERVE, injection of an anaesthetic agent Fee: \$37.65 Benefit: 75% = \$28.25 85% = \$32.05
53706	NERVE BRANCH, destruction by a neurolytic agent, not being a service to which any other item in this Group applies <i>(See para OM4.12 of explanatory notes to this Category)</i> Fee: \$124.85 Benefit: 75% = \$93.65 85% = \$106.15

SUMMARY OF CHANGES FROM 1/03/2013

The 1/03/2013 changes to the MBS are summarised below and are identified in the Schedule pages by one or more of the following words appearing above the item number

(a) new item	New
(b) amended description	Amend
(c) fee amended	Fee
(d) item number changed	Renum
(e) EMSN changed	EMSN

There are no changes to this Category for 1 March 2013.

DIA... DIAGNOSTIC IMAGING SERVICES - OVERVIEW

Section 4AA of the *Health Insurance Act 1973* (the Act) enables the *Health Insurance (Diagnostic Imaging Services Table) Regulations* to prescribe a table of diagnostic imaging services that sets out rules for interpretation of the table, items of diagnostic imaging services and the amount of fees applicable to each item.

For further information on diagnostic imaging, visit the Department of Health and Ageing website at www.health.gov.au

DIB... WHAT IS A DIAGNOSTIC IMAGING SERVICE

A diagnostic imaging service is defined in the Act as meaning “an R-type diagnostic imaging service or an NR-type diagnostic imaging service to which an item in the DIST applies”.

A diagnostic imaging procedure is defined in the Act as ‘a procedure for the production of images (for example x-rays, computerised tomography scans, ultrasound scans, magnetic resonance imaging scans and nuclear scans) for use in the rendering of diagnostic imaging services’.

The Schedule fee for each diagnostic imaging service described in the DIST covers both the diagnostic imaging procedure and the reading and report on that procedure by the diagnostic imaging service provider. Exceptions to the reporting requirement are as follows:

- (a) where the service is provided in conjunction with a surgical procedure, the findings may be noted on the operation record (items 55054, 55130, 55135, 55848, 55850, 57341, 57345, 59312, 59314, 60506, 60509 and 61109);
- (b) where a service is provided in preparation of a radiological procedure (items 60918 and 60927).

As for all Medicare services, diagnostic imaging services have to be clinically relevant before they are eligible for Medicare benefits. A clinically relevant service is a service that is generally accepted in the profession as being necessary for the appropriate treatment of the patient.

For NR-type services (and R-type services provided without a request under the exemption provisions – see DID – ‘Exemptions from the written request requirements for R-type diagnostic imaging services’), the clinical relevance of the service is determined by the providing practitioner. For R-type services rendered at the request of another practitioner, responsibility for determining the clinical relevance of the service lies with the requesting practitioner.

DIC... WHO MAY PROVIDE A DIAGNOSTIC IMAGING SERVICE

Unless otherwise stated, a diagnostic imaging service specified in the DIST may be provided by:

- a) a medical practitioner; or
- b) a person, other than a medical practitioner, who:
 - i) is employed by a medical practitioner; or
 - ii) provides the service under the supervision of a medical practitioner in accordance with accepted medical practice.

For the purposes of Medicare, however, the rendering practitioner is the medical practitioner who provides the report.

Medicare benefits are not payable, for example, when a medical practitioner refers patients to self-employed paramedical personnel, such as radiographers or other persons, who either bill the patient or the practitioner requesting the service.

Reports provided by practitioners located outside Australia

Under the Act, Medicare benefits are only payable for services rendered in Australia. Where a service consists of a number of components, such as a diagnostic imaging service, all components need to be rendered in Australia in order to qualify for Medicare benefits. For diagnostic imaging services, this means that all elements of the service, including the preparation of report on the procedure, would need to be rendered in Australia.

As such, Medicare benefits are not payable for services which have been reported on by medical practitioners located outside Australia.

Who may perform a Diagnostic Radiology Procedure:

All items in Group I3 (excluding Sub-group 10) must be performed by:

- a) a medical practitioner;
- b) a medical radiation practitioner who is:
 - i) employed by a medical practitioner; or

- ii) performing the procedure under the supervision of a medical practitioner in accordance with accepted medical practice.

A medical radiation practitioner means a person registered or licenced as a medical radiation practitioner under a law of a State or Territory.

However, for a service mentioned in items 57901 to 57969, a diagnostic imaging procedure may also be performed by a dental practitioner who:

- (a) may request the service because of the operation of subsection 16B (2) of the Health Insurance Act 1973; and
- (b) either:
 - (i) is employed by a medical practitioner; or
 - (ii) provides the service under the supervision of a medical practitioner in accordance with accepted medical practice.

Exceptions to this requirement

Requirements on who must perform a diagnostic radiology procedure do not apply where the service is performed in:

- a) RA2, RA3 OR RA4; OR
- b) both:
 - i) in RA1; and
 - ii) RRMA4 or RRMA5

RA1 means an inner regional area as classified by the ASGC.

RA2 means an outer regional area as classified by the ASGC.

RA3 means a remote area as classified by the ASGC.

RA4 means a very remote area as classified by the ASGC.

RRMA4 means a small rural centre as classified by the Rural, Remote and Metropolitan Areas Classification.

RRMA5 means a rural centre with an urban centre population of less than 10,000 persons as classified by the Rural, Remote and Metropolitan Areas Classification.

However, diagnostic radiology procedures in these areas must also be performed by a medical practitioner; or a person, other than a medical practitioner, who:

- a) is employed by a medical practitioner; or
- b) provides the service under the supervision of a medical practitioner in accordance with accepted medical practice.

DID... REQUESTS FOR DIAGNOSTIC IMAGING SERVICES

Request requirements

Medicare benefits are not payable for diagnostic imaging services that are classified as R-type (requested) services unless prior to commencing the relevant service, the practitioner receives a signed and dated request from a requesting practitioner who determined the service was necessary.

Before requesting a diagnostic imaging service, the requesting practitioner must turn his or her mind to the clinical relevance of the request and determine that the service is necessary for the appropriate professional care of the patient. For example: an ultrasound to determine the sex of a foetus is not a clinically relevant service (unless there is an indication that the sex of the foetus will determine further courses of treatment, eg. a genetic background to a sex-related disease or condition).

There are exemptions to the request requirements in specified circumstances. These circumstances are detailed under DID - 'Exemptions from the written request requirements for R-type diagnostic imaging services'

Who may request a diagnostic imaging service

The following practitioners may request a diagnostic imaging service:

- Specialists and consultant physicians can request any diagnostic imaging service.
- Other medical practitioners can request any service and specific Magnetic Resonance Imaging Services – see DIO.
- A medical practitioner, on behalf of the treating practitioner, for example, by a resident medical officer at a hospital on behalf of the patient's treating practitioner.
- Dental Practitioners, Physiotherapists, Chiropractors, Osteopaths and Podiatrists registered or licensed under State or Territory laws

- Participating nurse practitioners and participating midwives.

All dental practitioners may request the following items:

56025, 56026, 57509, 57515, 57521, 57527, 57901, 57902, 57903, 57906, 57909, 57912, 57915, 57918, 57921, 57924, 57927, 57930, 57933, 57939, 57942, 57945, 57960, 57963, 57966, 57969, 58100, 58300, 58503, 58903, 59733, 59739, 59751, 60100, 60500, 60503.

In addition to these items, oral and maxillofacial surgeons, prosthodontists, dental specialists (periodontists, endodontists, pedodontists, orthodontists) and specialists in oral medicine and oral pathology are also able to request the following items:

Oral and maxillofacial surgeons

55028, 55030, 55032, 56001, 56007, 56010, 56013, 56016, 56022, 56028, 56030, 56036, 56041, 56047, 56050, 56053, 56056, 56062, 56068, 56070, 56076, 56101, 56107, 56141, 56147, 56219, 56220, 56224, 56227, 56230, 56259, 56301, 56307, 56341, 56347, 56401, 56407, 56409, 56412, 56441, 56447, 56449, 56452, 56501, 56507, 56541, 56547, 56801, 56807, 56841, 56847, 57001, 57007, 57041, 57047, 57341, 57345, 57703, 57709, 57712, 57715, 58103, 58106, 58108, 58109, 58112, 58115, 58306, 58506, 58521, 58524, 58527, 58909, 59103, 59703, 60000, 60003, 60006, 60009, 60506, 60509, 61109, 61372, 61421, 61425, 61429, 61430, 61433, 61434, 61446, 61449, 61450, 61453, 61454, 61457, 61462, 63007, 63334.

Prosthodontists

55028, 56013, 56016, 56022, 56028, 56053, 56056, 56062, 56068, 58306, 61421, 61425, 61429, 61430, 61433, 61434, 61446, 61449, 61450, 61453, 61454, 61457, 61462, 63334.

Dental specialists (periodontists, endodontists, pedodontists, orthodontists).

56022, 56062, 58306, 61421, 61454, 61457, 63334.

Specialists in oral medicine and/or oral pathology

55028, 55030, 55032, 56001, 56007, 56010, 56013, 56016, 56022, 56028, 56041, 56047, 56050, 56053, 56056, 56062, 56068, 56101, 56107, 56141, 56147, 56301, 56307, 56341, 56347, 56401, 56407, 56441, 56447, 57341, 57345, 58306, 58506, 58909, 59103, 59703, 60000, 60003, 60006, 60009, 60506, 60509, 61109, 61372, 61421, 61425, 61429, 61430, 61433, 61434, 61446, 61449, 61450, 61453, 61454, 61457, 61462, 63007, 63334.

Physiotherapists, Chiropractors and Osteopaths may request:

57712, 57715, 58100 to 58106 (inclusive), 58109, 58112, 58120 and 58121

See para DIM of explanatory notes

Podiatrists may request:

55836, 55840, 55844, 57521, 57527.

Participating Nurse Practitioners may request:

55036, 55070, 55076, 55600, 55800, 55804, 55808, 55812, 55816, 55820, 55824, 55828, 55832, 55836, 55840, 55844, 55848, 55850, 55852, 57509, 57515, 57521, and 58503 to 58527 (inclusive).

Participating Midwives may request:

55700, 55704, 55706, 55707 and 55718

Form of a request

Responsibility for the adequacy of requesting details rests with the requesting practitioner. A request for a diagnostic imaging service does not have to be in a particular form. However, the legislation provides that a request must be in writing and contain sufficient information, in terms that are generally understood by the profession, to clearly identify the item/s of service requested. This includes, where relevant, noting on the request the clinical indication(s) for the requested service. The provision of additional relevant clinical information can often assist the service provider and enhance the overall service provided to the patient. As such, this practice is actively encouraged.

A written request must be signed and dated and contain the name and address or name and provider number in respect of the place of practice of the requesting practitioner.

Referral to specified provider not required

It is not necessary that a written request for a diagnostic imaging service be addressed to a particular provider or that, if the request is addressed to a particular provider, the service must be rendered by that provider. Request forms containing relevant information about a diagnostic imaging provider supplied, or made available to, a requesting practitioner by a diagnostic imaging provider on, or after, 1 August 2012 must include a statement that informs the patient that the request may be taken to a diagnostic imaging provider of the patient's choice.

Request for more than one service and limit on time to render services

The requesting practitioner may use a single request to order a number of diagnostic imaging services. However, all services provided under this request must be rendered within seven days after the rendering of the first service.
Contravention of request requirements

A practitioner who, without reasonable excuse makes a request for a diagnostic imaging service that does not include the required information in his or her request or in a request made on his or her behalf is guilty of an offence under the Health Insurance Act 1973 punishable, upon conviction, by a fine of \$1000.

A practitioner who renders "R-type" diagnostic imaging services and who, without reasonable excuse, provides either directly or indirectly to a requesting practitioner a document to be used in the making of a request which would contravene the request information requirements is guilty of an offence under the Health Insurance Act 1973 punishable, upon conviction, by a fine of \$1000.

Exemptions from the written request requirements for R-type diagnostic imaging services

There are exemptions from the general written request requirements (R-type) diagnostic imaging services and these are outlined as follows:

Consultant physician or specialist

A consultant physician or specialist is a medical practitioner recognised for the purposes of the Health Insurance Act 1973 as a specialist or consultant physician, in a particular specialty.

Except for R-type items which in their description state that a referral is required (such as most R-type items in General Ultrasound and items 59300, 59303), a written request is not required for the payment of Medicare benefits when the diagnostic imaging service is provided by or on behalf of a consultant physician or a specialist (other than a specialist in

diagnostic radiology) in his or her specialty and after clinical assessment he/she determines that the service was necessary. For details required for accounts/receipts see DIF.

However, if in the referral to the consultant physician or specialist, the referring practitioner specifically requests a diagnostic imaging service (eg to a cardiologist to perform an echocardiogram) the service provided is a requested, not self-determined service. If further services are subsequently provided, these further services are self-determined – see “Additional services”.

Additional services

A written request is not required for a diagnostic imaging service if that service was provided after one which has been formally requested and the providing practitioner determines that, on the basis of the results obtained from the requested service, that an additional service was necessary. However, the following services cannot be self- determined as “additional services”:

- R-type items which in their description (such as most R-type items in General Ultrasound and items 59300, 59303) state that a referral is required (practitioners should claim the NR item in these circumstances);
- MRI services; and
- services not otherwise able to be requested by the original requesting practitioner.

For details required for accounts/receipts see DIF.

Substituted services

- A provider may substitute a service for the service originally requested when:
- the provider determines, from the clinical information provided on the request, that the substituted service would be more appropriate for the diagnosis of the patient’s condition; and
- the provider has consulted with the requesting practitioner or taken all reasonable steps to do so before providing the substituted service; and
- the substituted service was one that would be accepted as a more appropriate service in the circumstances by the practitioner’s speciality group.

However, the following services cannot be substituted:

- R-type items which in their description (such as most R-type items in General Ultrasound and items 59300, 59303) state that a referral is required;
- MRI services; and
- services not otherwise able to be requested by the original requesting practitioner.

For details required for accounts/receipts see DIF.

Remote areas

A written request is not required for the payment of Medicare benefits for a R-type diagnostic imaging service rendered by a medical practitioner in a remote area provided:

- the R-type service is not one for which there is a corresponding NR-type service; and
- the medical practitioner rendering the service has been granted a remote area exemption for that service.

For details required for accounts/receipts see DIF.

Definition of remote area

The definition of a remote area is one that is more than 30 kilometres by road from:

- a) a hospital which provides a radiology service under the direction of a specialist in the specialty of diagnostic radiology; and
- b) a free-standing radiology facility under the direction of a specialist in the specialty of diagnostic radiology.

Application for remote area exemption

A medical practitioner, other than a consultant physician or specialist, who believes that he or she qualifies for exemption under the remote area definition, should obtain an application form from Medicare Australia’s website www.medicareaustralia.gov.au or by contacting Medicare Australia, Provider Liaison Section, on 132150 for the cost of a local call.

Quality assurance requirement for remote area exemption

Application for, or continuation of, a remote area exemption will be contingent on practitioners being enrolled in an approved continuing medical education and quality assurance program. For further information, please contact the Australian College of Rural and Remote Medicine (ACRRM) on (07) 3105 8200.

Emergencies

The written request requirement does not apply if the providing practitioner determines that, because the need for the service arose in an emergency, the service should be performed as quickly as possible.

For details required for accounts/receipts see DIF.

Lost requests

The written request requirement does not apply where:

- the person who received the diagnostic imaging service, or someone acting on that person's behalf, claimed that a written request had been made for such a service but that the request had been lost; and
- the provider of the diagnostic imaging service or that provider's agent or employee obtained confirmation from the requesting practitioner that the request had been made.

The lost request exemption is applicable only to services that the practitioner could originally request.

For details required for accounts/receipts see DIF.

Pre-existing diagnostic imaging practices

The legislation provides for exemption from the written request requirement for services provided by practitioners who have operated pre-existing diagnostic imaging practices. The exemption applies to the services covered by the following Items: 57712, 57715, 57901, 57902, 57903, 57912, 57915, 57921, 58100, 58103, 58106, 58108, 58109, 58112, 58115, 58521, 58524, 58527, 58700, 58924 and 59103.

To qualify for this "grandparent" exemption the providing practitioner must:

- a) be treating his or her own patient;
 - b) have determined that the service was necessary;
 - c) have rendered between 17 October 1988 and 16 October 1990 at least 50 services (which resulted in the payment of Medicare benefits) of the kind which have been designated "R-type" services from 1 May 1991;
 - d) provide the exempted services at the practice location where the services which enabled the practitioner to qualify for the "grandparent" exemption were rendered; and
 - e) be enrolled in an approved continuing medical education and quality assurance program from 1 January 2001.
- For further information, please contact the Royal Australian College of General Practitioners (RACGP) on (03) 8699 0414 or Australian College of Rural and Remote Medicine (ACRRM) on (07) 3105 8200.

Benefits are only payable for services exempted under these provisions where the service was provided by the exempted medical practitioner at the exempted location. Exemptions are not transferable.

For details required for accounts/receipts see DIF.

Retention of requests

A medical practitioner who has rendered an R-type diagnostic imaging service in response to a written request must retain that request for a period of 18 months commencing on the day on which the service was rendered.

A medical practitioner must, if requested by the Medicare Australia CEO, produce written requests retained by that practitioner for an R-type diagnostic imaging service as soon as practicable and in any case by the end of the day after the day on which the Medicare Australia CEO's request was made. An employee of Medicare Australia is authorised to make and retain copies of or take and retain extracts from written requests or written confirmations of lost requests.

A medical practitioner who, without reasonable excuse, fails to comply with the above requirements is guilty of an offence under the Health Insurance Act 1973 punishable, upon conviction, by a fine of \$1000.

The Department of Human Services (DHS) has developed a [Health Practitioner Guideline to substantiate that a valid request existed \(pathology or diagnostic imaging\)](#) which is located on the DHS website.

DIE... REGISTRATION OF SITE UNDERTAKING DIAGNOSTIC IMAGING PROCEDURES

All sites (including hospitals) and bases for mobile equipment at or from which diagnostic imaging procedures are performed need to be registered with Medicare Australia for the purposes of Medicare.

Registered sites and bases for mobile equipment are allocated a Location Specific Practice Number (LSPN). The LSPN is a unique identifier comprising a six digit numeric and is required on all accounts, receipts and Medicare assignment of benefits forms for diagnostic imaging services before patients can receive Medicare benefits. In addition, benefits are not payable unless there is equipment of appropriate type listed on the register for the practice.

Sites or bases for mobile equipment need only register once. To maintain registration, sites are required to advise Medicare Australia of any changes to their primary information within 28 days of the change occurring. Primary information is:

- proprietor details;
- ACN (for companies);
- business name and ABN;
- address of practice site or base for mobile equipment;
- type of equipment located at the site;
- information about any health care provider not employed at, or contracted to provide services for the site or base, who has an interest in any of the equipment listed on the register.

Every 12 months, Medicare Australia will send the proprietor or authorised representative details of the information contained on the register for the practice site or base for mobile equipment. These details need to be either confirmed or updated (if necessary).

Registration will be suspended if a proprietor fails to respond to notices from Medicare Australia about registration details. The suspension will be lifted as soon as the notices are responded to and Medicare benefits will be backdated for the period of suspension.

Registration will be cancelled after a continuous period of three months suspension. Cancellation under these circumstances is taken to have commenced from the date of suspension.

The proprietor may, at any time, request cancellation of the registration of a practice site or base for mobile equipment. Otherwise, registration may be cancelled by Medicare Australia if the registration was obtained improperly (false information supplied) or if the proprietor fails to notify Medicare Australia of primary information. A decision to cancel a registration will only be made following due consideration of a submission by the site or base. The proprietor may apply to the Administrative Appeals Tribunal for a review of this decision. If registration is cancelled involuntarily, the proprietor may not apply to re-register the site or base for a period of 12 months unless permitted to do so.

Proprietors of unregistered practices (including where the registration is under suspension or has been cancelled) need to either advise patients in writing or display a notice that no Medicare benefits will be payable for the diagnostic imaging services.

For full details about Location Specific Practice Numbers, including how to register a practice site. A list of LSPN registrations is available on Medicare Australia's website at www.medicareaustralia.gov.au/yourhealth/our_services/lspn_search.htm and this allows practitioners and the general public to verify the registration status of practice sites eligible for Medicare benefits.

From 1 July 2010 practices applying for an LSPN will also need to apply for and be accredited under the Stage II Diagnostic Imaging Accreditation Scheme in order to be eligible to provide diagnostic imaging services under Medicare.

ACCREDITATION OF SITES UNDERTAKING DIAGNOSTIC IMAGING SERVICES

Background

In June 2007, legislation was enacted to amend the Health Insurance Act 1973 to establish a diagnostic imaging accreditation scheme under which mandatory accreditation would be linked to the payment of Medicare benefits for radiology and non-radiology services.

The Scheme commenced on 1 July 2008 and covered only practices providing radiology services. From 1 July 2010, the Scheme continued the accreditation arrangements for practices providing radiology services, and broadened the scope of the scheme to include practices providing non-radiology services such as cardiac ultrasound and angiography, obstetric and gynaecological ultrasound and nuclear medicine imaging services.

ACCREDITATION OF PRACTICES UNDERTAKING DIAGNOSTIC IMAGING SERVICES

Background

In 2007, the Diagnostic Imaging Accreditation Scheme (the Scheme) was established by the Health Insurance Amendment (Diagnostic Imaging Accreditation) Act 2007 to ensure Medicare funding is directed to diagnostic imaging services that are safe, effective and responsive to the needs of health care consumers.

The Scheme was implemented in two stages.

Stage 1

In 2008 Stage 1 of the Scheme commenced requiring practices providing radiology and some ultrasound services to meet a minimum of 3 entry level standards.

Stage 2

In 2009 the Scheme was broadened to mandate accreditation for all practices providing Medicare rebateable diagnostic imaging services and increasing the number of standards from 3 entry level Practice Standards to 15 full suite Practice Accreditation Standards.

The deadline for Practices to attain the full suite of accreditation standards was phased in to allow practices time to meet the increased number of standards. Practices accredited under Stage 1 of the Scheme were required to meet the new standard by 1 July 2012, whereas Practices who gained entry into the Scheme in Stage 2 have until 2013 to become fully accredited.

First time accreditation

New practices entering the Scheme may choose to be accredited against either three entry-level Practice Standards or the full suite of Practice Accreditation Standards. Practices initially choosing to be accredited against the entry level Standards have a further period two years to become accredited against the full suite of Standards.

Re-accreditation of Practices

Practices previously accredited must seek re-accreditation against the full suite of Practice Standards and cannot apply for re-accreditation against the entry level Standards.

Medicare rebateable diagnostic imaging services

All Practices intending to render any diagnostic imaging services for the purpose of Medicare benefits must be accredited under the Scheme. This includes non-radiology services such as cardiac ultrasound and angiography, obstetrics and gynaecological ultrasound and nuclear medicine imaging services

Non-Accredited Practices

Practices may choose not to be accredited and still provide diagnostic imaging services, but these services do not attract a Medicare rebate.

Practices providing non Medicare funded diagnostic imaging services are bound by the requirements of the Health Insurance Act 1973 (Div 5/Section 23DZZIAE) to inform patients prior to carrying out the service, that the Practice is not accredited and as such the service does not attract a Medicare rebate

The Medical Imaging Accreditation Program (MIAP)

For a number of years the Royal Australian and New Zealand College of Radiologist (RANZCR) has delivered a voluntary accreditation program jointly with the National Association of Testing Authorities, Australia.

Practices participating in MIAP can seek recognition of their MIAP accreditation under the Scheme. This recognition will grant MIAP Practices accreditation against the full suite of Standards until the date of the expiration of the recognised MIAP accreditation. By this date Practices will need to either provide their Approved Accreditor with evidence of renewal of MIAP accreditation or have been granted accreditation against the full suite of Standard

The Accreditation Standards

The current Practice Accreditation Standards are made up of three entry level Practice Accreditation Standards and the full suite of Practice Accreditation Standards. If a practice is applying for accreditation against the entry level Practice Accreditation Standards, an accreditation decision will be made within 15 business days of the lodgement of an application for accreditation. If a practice is applying for accreditation against the full suite of Practice Accreditation Standards, an accreditation decision will be made within 30 business days of the lodgement of an application for accreditation.

From the date of being granted accreditation, the practice site can provide diagnostic imaging services under Medicare.

Entry Level Standards

1. Registration and Licensing Standard
2. Radiation and Safety Standard
3. Equipment Inventory Standard

Full Suite Accreditation Standards

- Part 1- Organisational Standards
- Part 2 – Pre-procedure Standards
- Part 3 – Procedure Standards
- Part 4 – Post Procedure Standards

Applying for accreditation

Whether a practice is applying for accreditation against entry-level standards or the full suite of Practice Accreditation Standards, the application process is the same. A practice is required to submit to an approved accreditor either:

- an application for accreditation providing written documentary evidence of compliance with the entry level accreditation standards or the full suite Practice Accreditation Standards; or
- written evidence of accreditation under the Medical Imaging Accreditation Program (MIAP) jointly administered by the Royal Australian and New Zealand College of Radiologists (RANZCR) and the National Association of Testing Authorities Australia (NATA).

Renewal of Accreditation

Practices awarded accreditation against the full suite of Practice Accreditation Standards enter the maintenance program which requires them to be re-accredited every 4 years.

Approved Accreditors

There are three Accreditation agencies approved by the Minister for Health to provide Accreditation services:

Health and Disability Auditing Australia (HDAAu) **Ph: 1800 601 696**

National Association of Testing Authorities (NATA) **Ph: 1800 621 666**

Quality in Practice (QIP) **Ph: 1300 888 329**

DIF... DETAILS REQUIRED ON ACCOUNTS, RECEIPTS AND MEDICARE ASSIGNMENT OF BENEFIT FORMS

In addition to the normal particulars of the patient, date of service, the services performed and the fees charged, the details which must be entered on accounts or receipts, and Medicare assignment of benefits forms in respect of diagnostic imaging services are as follows:

- the Location Specific Practice Number (LSPN) of the diagnostic imaging premises or mobile facility where the diagnostic imaging procedure was undertaken;
- if the professional service is provided by a specialist in diagnostic radiology the name and either the address of the place of practice, or the provider number, of that specialist;
- if the medical practitioner is not a specialist in diagnostic radiology the name and either the practice address or provider number of the practitioner who is claiming or receiving fees;
- for "R-type" (requested) services and services rendered subsequent to lost requests, the account or receipt or the Medicare assignment form must indicate the date of the request and the name and provider number, or the name and address, of the requesting practitioner.
- services that are *self-determined* must be endorsed with the letters 'SD' to indicate that the service was self-determined. Services are classified as self determined when rendered:

- by a *consultant physician or specialist*, in the course of that consultant physician or specialist practicing his or her specialty (other than a specialist in diagnostic radiology), or
- to provide *additional services* to those specified in the original request and the additional services are of the type that would have otherwise required a referral from a specialist or consultant physician; or
- in a *remote area*, or
- under a *pre-existing diagnostic imaging practice exemption*.
- *substituted services* the account etc. must be endorsed 'SS'.
- *emergencies*, the account etc. must be endorsed "emergency".
- *lost requests* the account etc. must be endorsed "lost request".

DIG... MAINTAINING RECORDS OF DIAGNOSTIC IMAGING SERVICES

Providers of diagnostic imaging services must keep records of diagnostic imaging services in a manner that facilitates retrieval on the basis of the patient's name and date of service. Records of R-type diagnostic imaging services must be retained for a period of 18 months commencing on the day on which the service was rendered.

The records must include the report by the providing practitioner on the diagnostic imaging service. For ultrasound services, where the service is performed on behalf of a medical practitioner the report must record the name of the sonographer.

- Where the provider *substitutes* a service for the service originally requested, the provider's records must include:
 - words indicating that the providing practitioner has consulted with the requesting practitioner and the date of consultation; or
 - if the providing practitioner has not consulted with the requesting practitioner, sufficient information to demonstrate that he or she has taken all reasonable steps to do so.
- For services rendered after a *lost request*, the records must include words to the effect that the request was lost but confirmed by the requesting practitioner and the manner of confirmation, eg. how and when.
- For *emergency services*, the records must indicate the nature of the emergency.

If requested by the Managing Director, Medicare Australia, records retained by a providing practitioner must be produced to an officer of Medicare Australia as soon as practicable but in any event within seven days after the day the Managing Director requests the production of those records. Medicare Australia officers may make and retain copies, or take and retain extracts, of such records.

A medical practitioner who, without reasonable excuse, contravenes any of the above provisions is guilty of an offence under the *Health Insurance Act 1973* punishable, upon conviction, by a fine of \$1000.

DIH... CONTRAVENTION OF STATE AND TERRITORY LAWS AND DISQUALIFIED PRACTITIONERS

Medicare benefits are not payable where a diagnostic imaging service is provided by, or on behalf of, a medical practitioner, and the provision of that service by that practitioner or any other person contravenes a State or Territory law which, directly or indirectly, relates to the use of diagnostic imaging procedures or equipment. The Managing Director of Medicare Australia may notify the relevant State or Territory authorities if he/she believes that a person may have contravened a law of a State or Territory relating directly or indirectly to the use of diagnostic imaging procedures or equipment.

DII... PROHIBITED PRACTICES

Changes have been made to legislation relating to diagnostic imaging services provided under Medicare.

Amendments to the Health Insurance Act 1973 (the Act) relating to diagnostic services funded under Medicare came into effect on 1 March 2008. The changes were implemented following measures introduced in the *Health Insurance Amendment (Inappropriate and Prohibited Practices and other Measures) Act 2007*.

Who might be affected?

- Anyone who can provide or request a Medicare-funded diagnostic imaging service might be affected.
- Anyone who has a relevant connection to a provider or a requester, including relatives, bodies corporate, trusts, partnerships and employees may also be affected.

What is prohibited?

- It is unlawful to ask for, accept, offer or provide a benefit, or make a threat, that is reasonably likely to induce a requester to make diagnostic imaging requests, or is related to the business of providing diagnostic imaging services.
- It is a criminal offence to ask for, accept, offer, or provide a benefit, or make a threat, that is intended to induce requests to a particular provider.
- The prohibitions apply to the provision of benefits, or the making of threats, that are directed to a requester by a provider, whether directly or through another person.

A requester of diagnostic imaging services means:

- a medical practitioner;
- a dental practitioner, a chiropractor, a physiotherapist, a podiatrist or an osteopath (in relation to certain types of services prescribed in Regulations);
- a person who employs, or engages under a contract for services, one of the people mentioned above; or
- a person who exercises control or direction over one of the people mentioned above (in his or her professional capacity).

A provider of a diagnostic imaging service means:

- a person who renders that kind of service;
- a person who carries on a business of rendering that kind of service;
- a person who employs, or engages under a contract for services, one of the people detailed above; or
- a person who exercises control or direction over a person who renders that kind of service or a person who carries on a business of rendering that kind of service.

What is permitted?

Under the Act it is permitted to:

- share the profits of a diagnostic imaging business, provided the dividend is in proportion to the beneficiary's interest in the business;
- accept or pay remuneration, including salary, wages, commission, provided the remuneration is not substantially different from the usual remuneration paid to people engaged in similar employment;
- make or accept payments for property, goods or services, provided the amount paid is not substantially different from the market value of the property, goods or services;
- make or accept payments for shared property, goods or services, provided the amount paid is proportionate to the person's share of the cost of the property, goods or services and shared staff and/or equipment are not used to provide diagnostic imaging services;
- provide or accept property, goods or services, provided the benefit exchanged is not substantially different from the market value of the property, goods or services;

Are there any benefits, other than those described in the Act, that are permitted?

- The Minister has determined that certain types of benefit are permitted. These include items to support a requester to view diagnostic imaging reports, such as specially designed computer monitors. Modest gifts and hospitality may also be permitted, under certain circumstances.

Further information on the *Health Insurance (Permitted Benefits – diagnostic imaging services) Determination 2008* can be found on the Department of Health and Ageing website at www.health.gov.au/legislativeamendments

What are the penalties for those not complying with the provisions?

- If you breach the provisions, you could potentially be subject to a range of penalties, depending on the kind of breach, including:
 - civil penalties;
 - criminal offences;
 - referral to a Medicare Participation Review Committee (MPRC), possibly resulting in loss of access to Medicare.

For further information on Prohibited Practices visit the Department of Health and Ageing website at www.health.gov.au/legislativeamendments

DIJ... MULTIPLE SERVICES RULES

Background

There are several rules that may apply when calculating Medicare benefits payable when multiple diagnostic imaging services are provided to a patient at the same attendance (same day). These rules were developed in association with the diagnostic imaging profession representative organisations and reflect that there are efficiencies to the provider when these

services are performed on the same occasion. Unless there are clinical reasons for doing so, they should be provided to the patient at the one attendance and the efficiencies from doing this reflected in the overall fee charged.

General diagnostic imaging - multiples services

The diagnostic imaging multiple services rules apply to all diagnostic imaging services. There are three rules, and more than one rule may apply in a patient episode. The rules do not apply to diagnostic imaging services rendered in a remote area by a medical practitioner who has a remote area exemption for that area - see DID.

Rule A. When a medical practitioner renders two or more diagnostic imaging services to a patient on the same day, then: the diagnostic imaging service with the highest Schedule fee has an unchanged Schedule fee; and the Schedule fee for each additional diagnostic imaging service is reduced by \$5.

Rule B. When a medical practitioner renders at least one R-type diagnostic imaging service and at least one consultation to a patient on the same day, there is a deduction to the Schedule fee for the diagnostic imaging service with the highest Schedule fee as follows:

if the Schedule fee for the consultation is \$40 or more - by \$35; or
if the Schedule fee for the consultation is less than \$40 but more than \$15 - by \$15; or
if the Schedule fee for the consultation is less than \$15 - by the amount of that fee.

The deduction under Rule B is made once only. If there is more than one consultation, the consultation with the highest Schedule fee determines the deduction amount. There is no further deduction for additional consultations.

A 'consultation' is a service rendered under an item from Category 1 of the Medicare Benefits Schedule (MBS), that is, items 1 to 10816 inclusive.

Rule C. When a medical practitioner renders an R-type diagnostic imaging service and at least one non-consultation service to the same patient on the same day, the Schedule fee for the diagnostic imaging service with the highest Schedule fee is reduced by \$5.

A deduction under Rule C is made once only. There is no further deduction for any additional medical services.

For Rule C, a 'non-consultation' is defined as any following item from the MBS:

- Category 2, items 11000 to 12533;
- Category 3, items 13020 to 51318;
- Category 4, items 51700 to 53460;
- Cleft Lip and Palate services, items 75001 to 75854 (as specified in the 'Medicare Benefits for the treatment of cleft lip and cleft palate conditions' book.)

Pathology services are not included in Rule C.

When both Rules B and C apply, the sum of the deductions in the Schedule fee for the diagnostic imaging service with the highest Schedule fee is not to exceed that Schedule fee.

Ultrasound - Vascular

This rule applies to all vascular ultrasound items claimed on the same day of service ie whether performed at the same attendance by the same practitioner or at different attendances.

Where more than one vascular ultrasound service is provided to the same patient by the same practitioner on the same date of service, the following formula applies to the Schedule fee for each service:

- 100% for the item with the greatest Schedule fee
- plus 60% for the item with the next greatest Schedule fee
- plus 50% for each other item.

When the Schedule fee for some of the items are the same, the reduction is calculated in the following order:

- 100% for the item with the greatest Schedule fee and the lowest item number
- plus 60% for the item with the greatest Schedule fee and the second lowest item number
- plus 50% for each other item

Note: If 2 or more Schedule fees are equally the highest, the one with the lowest item number is taken to have the higher fee eg. Item 55238 and 55280, item 55238 would be considered the highest.

When calculating the benefit, it should be noted that despite the reduction, the collective items are treated as one service for the application of Rule A of the General Diagnostic Imaging Multiple Services rules and the patient gap. Examples can be found at: <http://www.medicareaustralia.gov.au/provider/pubs/doctors/index.jsp>

Magnetic Resonance Imaging (MRI) - Musculoskeletal

If a medical practitioner performs 2 or more scans from subgroup 12 and 13 for the same patient on the same day, the fees specified for items that apply to the service are affected as follows:

- (a) the item with the highest schedule fee retains 100% of the schedule fee; and
- (b) any other fee, except the highest is reduced by 50%.

Note: If 2 or more Schedule fees are equally the highest, the one with the lowest item number is taken to have the higher fee eg. Item 63322 and 63331, item 63322 would be considered the highest.

If the reduced fee is not a multiple of 5 cents, the reduced fee is taken to be the nearest amount that is a multiple of 5 cents.

In addition, the modifying item for contrast may only be claimed once for a group of services subject to this rule.

If a medical practitioner provides:

- (a) 2 or more MRI services from subgroups 12 and 13 for the same patient on the same day; and
- (b) 1 or more other diagnostic imaging services for that patient on that day

the amount of the fees payable for the MRI services is taken, for the purposes of this rule, to be an amount payable for 1 diagnostic imaging service in applying Rule A of the General Diagnostic Imaging Multiple Services rules.

DIK... GROUP I1 - ULTRASOUND

Professional supervision for ultrasound services – R-type eligible services

Ultrasound services (items 55028 to 55854) marked with the symbol (*R*) with the exception of items 55600 and 55603 are not eligible for a Medicare rebate unless the diagnostic imaging procedure is performed under the professional supervision of a:

- (a) specialist or a consultant physician in the practice of his or her specialty who is available to monitor and influence the conduct and diagnostic quality of the examination, and if necessary to personally attend the patient; or
- (b) practitioner who is not a specialist or consultant physician who meets the requirements of A or B hereunder, and who is available to monitor and influence the conduct and diagnostic quality of the examination and, if necessary, to personally attend the patient.

A. Between 1 September 1997 and 31 August 1999, at least 50 services were rendered by or on behalf of the practitioner at the location where the service was rendered and the rendering of those services entitled the payment of Medicare benefits.

B. Between 1 September 1997 and 31 August 1999, at least 50 services were rendered by or on behalf of the practitioner in nursing homes or patients' residences and the rendering of those services entitled payment of Medicare benefits.

If paragraph (a) or (b) cannot be complied with, ultrasound services are eligible for a Medicare rebate:

- (i) in an emergency; or
- (ii) in a location that is not less than 30 kilometres by the most direct road route from another practice where services that comply with paragraph (a) or (b) are available.

Note: Practitioners do not have to apply for a remote area exemption in these circumstances.

Sonographer accreditation

Sonographers performing medical ultrasound examinations (either R or NR type items) on behalf of a medical practitioner must be suitably qualified, involved in a relevant and appropriate Continuing Professional Development program and be Registered on the Register of Accredited Sonographers held by Medicare Australia. For further information, please contact the Medicare Australia, Provider Liaison Section, on 132150 for the cost of a local call or the Australasian Sonographer Accreditation Registry on (02) 8850 1144 or through their website at <http://www.asar.com.au>

Eligibility for registration

In general, to be eligible for registration, the person must:

- hold an accredited postgraduate qualification in medical ultrasound; or
- be studying ultrasound; or
- have worked as a sonographer under the direction of a medical practitioner in Australia or New Zealand (conditions apply - for assessment of eligibility status, please contact the Australasian Sonographer Accreditation Registry).

Report requirements

The sonographer's initial and surname is to be written on the report. The name of the sonographer is not required to be included on the copy of the report given to the patient. For the purpose of this rule, the "name" means the sonographer's initial and surname.

Benefits payable

As a rule, benefit is payable once only for ultrasonic examination at the one attendance, irrespective of the areas involved.

Except as indicated in the succeeding paragraphs, *attendance* means that there is a clear separation between one service and the next. For example, where there is a short time between one ultrasound and the next, benefits will be payable for one service only. As a guide, Medicare Australia will look to a separation of three hours between services and this must be stated on accounts issued for more than one service on the one day.

Where more than one ultrasound service is rendered on the one occasion and the service relates to a non-contiguous body area, and they are "clinically relevant", (ie. the service is generally accepted in the medical profession as being necessary for the appropriate treatment or management of the patient to whom it is rendered), benefits greater than the single rate may be payable. Accounts should be marked "non-contiguous body areas".

Benefits for two contiguous areas may be payable where it is generally accepted that there are different preparation requirements for the patient and a clear difference in set-up time and scanning. Accounts should be endorsed "contiguous body area with different set-up requirements".

Subgroup 1 – General Ultrasound

Post-void residual items 55084 and 55085

When a post-void residual is the only service clinically indicated and/or rendered, it is inappropriate to report a pelvic, urinary or abdominal ultrasound, instead of or in addition to this service (55084 or 55085). Similarly, if a complete pelvic, urinary or abdominal ultrasound is billed, it is inappropriate to bill separately for a post-void residual determination, since payment of this has already been included in the payment for the complete scans.

The report must contain an entry denoting the post-void residual amount and/or bladder capacity as calculated/estimated from the ultrasound device. In addition, the medical record must contain documentation of the indication for the service and the number of times performed.

Subgroup 2 – Cardiac ultrasound

Transoesophageal echocardiography - Item 55135 and consequential amendment to Item 55130

The Medical Services Advisory Committee (MSAC) has reviewed intra-operative transoesophageal echocardiography and recommended that public funding for this procedure be supported on an interim basis and be restricted to assessment of cardiac valve competence following valve replacement or repair. Item 55135 has been developed for these indications in consultation with the Australian Society of Anaesthetists, the Australian Medical Association and the Cardiac Society of Australia and New Zealand. Indications other than those recommended by MSAC will continue to be funded under item 55130. Further research will be undertaken to assist MSAC in its future evaluation of the use of intra-operative transoesophageal echocardiography.

Subgroup 3 - Vascular ultrasound

Benefits payable

Medicare benefits are only payable for:

a maximum of two vascular ultrasound studies in a seven-day period. A vascular ultrasound study may include one or more items. Additionally where a patient is referred for a bilateral study of both arms or both legs (eg both arms for item 55238), the account should indicate 'bilateral' or 'left' and 'right' to enable benefit to be paid.

clinically relevant services, that is, the service is generally accepted in the medical profession as being necessary for the appropriate treatment or management of the patient to whom it is rendered. Any decision to have a patient return on a different day to complete a multi-area diagnostic imaging service should only be made on the basis of clinical necessity.

Multiple Vascular Ultrasound Services – refer to DIJ

Separation of services on the one day/contiguous and non-contiguous body areas

These rules do not apply to the vascular ultrasound items and therefore will not impact on the MVUSSR.

Examination of peripheral vessels

Vascular ultrasound services can be claimed in conjunction with item 11612.

Subgroup 4: Urological ultrasound

Prostrate ultrasound (Items 55600 to 55604)

Benefits for these items are payable where the service is rendered in the following circumstances:

- a digital rectal examination of the prostate was personally performed by the medical practitioner who also personally rendered the ultrasound service; and

- the transducer probe or probes used meets specifications of normal frequency of 7 to 7.5 megahertz or a nominal frequency range which includes frequencies of 7 to 7.5 megahertz and which can obtain both axial and sagittal scans in 2 planes at right angles; and
- the patient was assessed prior to the service by a medical practitioner recognised in one or more of the specialties specified, not more than 60 days prior to the ultrasound service.

Items 55600 and 55601 cover the situation where the service was rendered by a medical practitioner who **did not** assess the patient, whereas items 55603 and 55604 cover the situation where the service was rendered by a medical practitioner who **did** assess the patient.

Subgroup 5: Obstetric and Gynaecological ultrasound NR Services

Medicare benefits are not payable for more than three NR-type ultrasound services in Subgroup 5 of Group II (ultrasound) that are performed on the same patient in any one pregnancy.

Clinical indications

For items where clinical indications are listed (items 55700, 55704, 55707, 55718, 55759 and 55768), or where a clinical indication is required (items 55712, 55721, 55764 and 55772) for performance of subsequent scans the referral must identify the relevant clinical indication for the service.

It should be noted that a patient must have previously had either a 55706 or 55709 ultrasound in the same pregnancy to be eligible to claim for either a 55712 or 55715 obstetric service. To be eligible to claim for either a 55721 or 55725 obstetric service, a patient must have previously had either a 55718 or 55723 ultrasound in the same pregnancy.

If the service is self-determined (items 55703, 55705, 55708, 55715, 55723, 55725, 55762, 55766, 55770 and 55774), the clinical condition or indication must be recorded in the medical practitioner's clinical notes.

Dating of pregnancy

When dating a pregnancy for the purpose of items 55700 to 55774, a patient is:

- a) "less than 12 weeks of gestation" means up to 11 weeks and 6 days of pregnancy;
- b) "12 to 16 weeks of gestation" means from 12 weeks 0 days of pregnancy up to 16 weeks plus 6 days of pregnancy (inclusive);
- c) "17 to 22 weeks of gestation" means from 17 weeks 0 days of pregnancy up to 22 weeks plus 6 days of pregnancy (inclusive); or
- d) "after 22 weeks of gestation" means from 23 weeks 0 days of pregnancy onwards
- e) "after 24 weeks of gestation" means from 25 weeks 0 days of pregnancy onwards.

Nuchal Translucency Testing

Where a nuchal translucency measurement is performed when the pregnancy is dated by a crown rump length of 45-84mm in conjunction with items 55700 (R) or 55703 (NR) or 55704 (R) or 55705 (NR), then items 55707 (R) or 55708 (NR) should be claimed. If nuchal translucency measurement for risk of foetal abnormality is performed in conjunction with any additional condition in items 55700, 55703, 55704 or 55705, only one fee is payable.

It should be noted that the Royal Australian and New Zealand College of Obstetricians and Gynaecologists (RANZCOG) provides a credentialling program for providers of nuchal translucency scans. It is anticipated that use of items 55707 and 55708 will be restricted to credentialed medical practitioners and sonographers in the future.

Multiple pregnancies

Obstetric ultrasound items 55759 to 55774 cover scanning of a patient who is experiencing a multiple pregnancy. The items incorporate a fee adjustment in recognition of the added complexity and costs associated with scanning multiple pregnancies. Based on the recommendations of the profession, the items apply only to patients where a multiple pregnancy has been confirmed by ultrasound. The items include identical restrictions and provisions as the second and third trimester items (55706-55725), and include items for referred and non-referred services.

Obstetric ultrasound and non-metropolitan providers (Items 55712, 55721, 55764 and 55772)

Where a practitioner has obstetric privileges at a non-metropolitan hospital and refers for items 55712, 55721 and 55764 and 55772, the practitioner must confirm his/her eligibility by stating 'non-metropolitan obstetric privileges' on the referral form.

In relation to items 55712, 55721, 55764 and 55772, non-metropolitan area includes any location outside of the Sydney, Melbourne, Brisbane, Adelaide, Perth, Greater Hobart, Darwin or Canberra major statistical divisions, as defined in the Australian Standard Geographical Classification 2010 published by the Australian Bureau of Statistics (publication number 1216.0 of 2010).

Subgroup 6: Musculoskeletal (MSK) ultrasound

Personal attendance

Medicare Benefits are only payable for a musculoskeletal ultrasound service (items 55800 to 55854) if the medical practitioner responsible for the conduct and report of the examination personally attends during the performance of the scan and personally examines the patient. Services that are performed because of medical necessity in a remote location are exempt from this requirement – see DID for definition of remote area. Note: Practitioners do not have to apply for a remote area exemption in these circumstances.

Equipment

Items 55800 to 55854 only apply to an ultrasound service performed using an ultrasound system which has available on-site a transducer capable of operation at, at least 7.5 megahertz.

Multiple Musculoskeletal Ultrasound Scans - items 55800 to 55846

Generally Medicare benefits are payable for more than one musculoskeletal ultrasound scan performed on the same day, however the scans are subject to Rule A of the general diagnostic imaging multiple services rules.

It is not permitted to split a bilateral scan. Where bilateral ultrasound scans are performed (or more than one area is scanned under items 55844 or 55646) the relevant item should be itemised once only on accounts and receipts or Medicare bulk billing forms. For example if both shoulders are scanned, Item 55808 (or 55810 as the case may be) should be claimed once only. This is because the item descriptor for these items covers one or both sides, or one or more areas. A patient should not be asked to make a second appointment in order to attract a benefit for multiple scans.

Shoulder and knee (Items 55808 and 55810 and 55828 and 55830)

Benefits for shoulder ultrasound items 55808 and 55810 are only payable when referral is based on the clinical indicators outlined in the item descriptions. Benefits are not payable when referred for non-specific shoulder pain alone.

Benefits for knee ultrasound items 55828 and 55830 are only payable when referral is based on the clinical indicators outlined in the item descriptions. Benefits are not payable when referred for non-specific knee pain alone or other knee conditions including:

- meniscal and cruciate ligament tears; and
- assessment of chondral surfaces.

DIL... GROUP I2 - COMPUTED TOMOGRAPHY (CT)

Capital sensitive items

A reduced Schedule fee applies to CT services provided on equipment that is 10 years old or older. This equipment must have been first installed in Australia ten or more years ago, or in the case of imported pre-used equipment, must have been first manufactured ten or more years ago. A range of items cover services provided on older equipment. These items are:

56041, 56047, 56050, 56053, 56056, 56062, 56068, 56070, 56076, 56141, 56147, 56259, 56341, 56347, 56441, 56447, 56449, 56452, 56541, 56547, 56659, 56665, 56841, 56847, 57041, 57047, 57247, 57345, 57355, 57361.

These items are identified by the addition of the letter ‘(NK)’ at the end of the item. These items should be used where services are performed on equipment ten years old or older, except where equipment is located in a remote area when items with the letter “K”, as described below, will apply.

Items 56001 to 57356 (which contain the symbol (K) at the end of the item should be used for services which are performed on a date which is less than ten years after the date on which the CT equipment used in performing the service was first installed in Australia. In the case of imported pre-used CT equipment, the services must have been performed on a date which is less than ten years from the first date of manufacture of the equipment.

For the purposes of capital sensitive items CT equipment includes the following components:

- (a) a gantry;
- (b) a couch;
- (c) a computer; and
- (d) an operator station.

Professional supervision

CT services (items 56001 to 57356) are not eligible for a Medicare rebate unless the service is performed:

- (a) under the professional supervision of a specialist in the specialty of diagnostic radiology who is available:
 - (i) to monitor and influence the conduct and diagnostic quality of the examination; and
 - (ii) if necessary, to personally attend on the patient; or
- (b) if paragraph (a) cannot be complied with
 - (i) in an emergency, or

(ii) because of medical necessity in a remote area – refer to DID.4.4 for definition of remote area.

Note: Practitioners do not have to apply for a remote area exemption in these circumstances.

Items 57360 and 57361 apply only to a CT service that is:

(a) performed under the professional supervision of a specialist or consultant physician recognised by the Conjoint Committee for the Recognition of Training in CT Coronary Angiography who is available:

- (i) to monitor and influence the conduct and diagnostic quality of the examination; and
- (ii) if necessary, to attend on the patient personally; and

(b) reported by a specialist or consultant physician recognised by the Conjoint Committee for the Recognition of Training in CT Coronary Angiography; or

(c) if paragraph (a) and (b) cannot be complied with

- (i) in an emergency, or
- (ii) because of medical necessity in a remote area – refer to DID.4.4 for definition of remote area.

Use of a hybrid PET/CT or SPECT/CT machine

CT scans rendered on hybrid Positron Emission Tomography (PET)/CT or hybrid Single Photon Emission Computed Tomography (SPECT)/CT units are eligible for a Medicare benefit provided:

- the CT scan is not solely used for the purposes of attenuation correction and anatomical correlation of any associated PET or SPECT scan; and
- the CT scan is rendered under the same conditions as those applying to services rendered on stand-alone CT equipment. For example, the service would need to be properly requested and performed under the professional supervision of a specialist radiologist, including specialist radiologists with dual nuclear medicine qualifications.

Scan of more than one area

Items have been provided to cover the common combinations of regions – see Multiple Regions below. However, where regions are scanned on the one occasion which are not covered by a combination item, for example, item 57001 (scan of brain) and item 56619 (scan of extremities), both examinations would attract separate benefit.

Multiple regions

Items have been provided to cover the common combinations of regions. The items relating to the individual contiguous regions should not be used when scans of multiple regions are performed.

More than one attendance of the patient to complete a scan

Items 56220 to 56240 and 56619 to 56665 apply once only for a service described in any of those items, regardless of the number of patient attendances required to complete the service. For example, where a request relates to two or more regions of the spine and one region only is scanned on one occasion with the balance of regions being scanned on a subsequent occasion, benefits are payable for one combination service only upon completion.

Pre contrast scans

Pre contrast scans are included in an item of service with contrast medium only when the pre-contrast scans are of the same region.

Head

Exclusion of acoustic neuroma

If an axial scan is performed for the exclusion of acoustic neuroma, Medicare benefits are payable under item 56001 or 56007.

Assessment of headache

If the service described in item 56007 or 56047 is used for the assessment of headache of a patient, the fee mentioned in the item applies only if:

- (a) a scan without intravenous contrast medium has been undertaken on the patient; and
- (b) the service is required because the result of the scan is abnormal.

This rule applies to a patient who:

- (i) is under 50 years; and
- (ii) is (apart from the headache) otherwise well; and
- (iii) has no localising symptoms or signs; and
- (iv) has no history of malignancy or immunosuppression.

Spine

CT items exist which separate the examination of the spine into the cervical, thoracic and lumbosacral regions. These items are 56220 to 56240 inclusive. They include items for CT scans of two regions of the spine (56233, 56234, 56235 and 56236) and for all three regions of the spine (56237, 56238, 56239 and 56240). Restrictions apply to the following items:

- (a) item 56233 is used where two examinations of the kind referred to in items 56220, 56221 and 56223 are performed. The item numbers of the examination which are performed must be shown on any accounts issued or patient assignment forms completed.
- (b) item 56234 is used where two examinations of the kind referred to in items 56224, 56225 and 56226 are performed. The item numbers of the examination which are performed must be shown on any accounts issued or patient assignment forms completed.
- (c) item 56235 is used where two examinations of the kind referred to in items 56227, 56228 and 56229 are performed. The item numbers of the examination which are performed must be shown on any accounts issued or patient assignment forms completed
- (d) item 56236 is used where two examinations of the kind referred to in items 56230, 56231 and 56232 are performed. The item numbers of the examination which are performed must be shown on any accounts issued or patient assignment forms completed

Example: for a CT examination of the spine where the cervical and thoracic regions are to be studied (item 56233), item numbers 56220 and 56221 must be specified.

With intrathecal contrast medium (Item 56219)

The item incorporates the cost of contrast medium for intrathecal injection and associated x-rays. Benefits are not payable for this item when rendered in association with myelograms (Item 59724). Where a myelogram is rendered under item 59724 and a CT is necessary, the relevant item would be scan of spine without intravenous contrast (Item 56220, 56221 or 56223).

Upper abdomen and pelvis

Items 56501, 56507, 56541 and 56547 are not eligible for Medicare Benefits if performed for the purpose of performing a virtual colonoscopy (otherwise known as CT colonography and CT colography). CT Colonography is covered by items 56552 and 56554.

Computed Tomography of the Colon (Items 56552 and 56554)

In items 56552 and 56554 the terms 'high risk' and 'incomplete colonoscopy' are defined as follows:

High Risk

Asymptomatic people fit into this category if they have:

- three or more first-degree or a combination of first-degree and second-degree relatives on the same side of the family diagnosed with bowel cancer (suspected hereditary non-polyposis colorectal cancer or NPCC), or
- two or more first-degree or second-degree relatives on the same side of the family diagnosed with bowel cancer, including any of the following high-risk features:
 - multiple bowel cancers in the one person
 - bowel cancer before the age of 50 years
 - at least one relative with cancer of the endometrium, ovary, stomach, small bowel, ureter, biliary tract or brain
- at least one first-degree relative with a large number of adenomas throughout the large bowel (suspected familial adenomatous polyposis or FAP), or
- somebody in the family in whom the presence of a high-risk mutation in the adenomatous polyposis coli (APC) gene or one of the mismatch repair (MMR) genes has been identified.

Source: NHMRC 2005 Clinical Practice Guidelines for the Prevention, Early Detection and Management of Colorectal Cancer - Category 3 - those at potentially high risk.

Incomplete Colonoscopy

For audit purposes, an incomplete colonoscopy is defined as one that is not completed for technical or medical reasons and must have been performed in the preceding 3 months.

Spiral angiography

Items 57350 and 57355 and items 57351 and 57356

CT spiral angiography items 57351 and 57356 apply under certain circumstances specified in the items including where a service to which items 57350 or 57355 have been performed on the same patient within the previous 12 months, whereas items 57350 and 57355 apply under the circumstances specified in the items and where the service has not been performed on the same patient within the previous 12 months.

Computed tomography of the coronary arteries (Items 57360 and 57361)

Payment of Medicare rebates for items 57360 and 57361 is limited to specialists or consultant physicians who have fulfilled the training and credentialing requirements developed by the Conjoint Committee for the Recognition of Training in CT Coronary Angiography (CTCA). The descriptors for CT spiral angiography items 57350, 57351, 57355 and 57356 and CT chest items 56301, 56307, 56341, 56347, 56801, 56807, 56841, 56847, 57001, 57007, 57041 and 57047 clarify that they are not to be used to image the coronary arteries.

DIM... GROUP I3 - DIAGNOSTIC RADIOLOGY

Examination and report

As for all diagnostic imaging services, the benefits allocated to each item from 57506 to 60509 inclusive cover the total service, ie. the image, reading and report. Separate benefits are not payable for individual components of the service, eg preliminary reading. Benefits are not separately payable for associated plain films involved with these items.

Exposure of more than one film

Where the radiographic examination of a specific area involves the exposure of more than one film, benefits are payable once only, except where special provision is made in the description of the item for the inclusion of all films taken for the purpose of the examination. This means that if a x-ray of the foot is requested, regardless of the number of exposures from different angles, the completed service comprises x-ray of the foot by one or more exposures and the report. The exception to this would be the plain x-ray of the spine items (58100 to 58115) where the item number differs dependent upon the regions of the spine that are examined at the same occasion, ie. 58112 applies where two regions are examined.

Comparison X-rays

Where it is necessary for one or more films of the opposite limb to be taken for comparison purposes, benefits are payable for radiographic examination and reporting of one limb only. Comparison views are considered to be part of the examination requested.

Subgroup 4: Radiographic examination of the spine

Multiple regions

Multiple region items require that the regions of the spine to be studied must be specified on any account issued or patient assignment form completed.

Item 58112 - spine, two regions

Where item 58112 is rendered (spine, two regions), the item numbers for the regions of the spine being studied must be specified (ie from items 58100, 58103, 58106 and 58109).

Example: for a radiographic examination of the spine where the cervical and thoracic regions are to be studied, item numbers 58100 and 58103 must be specified on any account issued or patient assignment forms completed.

Item 58115 – spine, three region

Where item 58115 is rendered (spine, three regions), the item numbers for the regions of the spine being studied must be specified (items 58100, 58103, 58106 and 58109).

Example: for a radiographic examination of the spine where the cervical, the thoracic and the lumbosacral regions are to be studied, item numbers 58100, 58103 and 58106 must be specified on any accounts issued or patient assignment forms completed.

Item 58115 & 58108 – spine, three and four region

For three and four region radiographic examinations items 58115 and 58108 do not apply when requested by a physiotherapist, chiropractor or osteopath.

Items 58120 and 58121

Items 58120 and 58121 apply to physiotherapists, chiropractors and osteopaths who request a three or four region x-ray and only allow a benefit for one of the items, per patient, per calendar year.

Hand and wrist combination X-ray

An examination of the hand and the wrist on the same side should be claimed as item 57512 (NR) or 57515 (R). If items 57506 (NR) or 57509 (R) are claimed for multiple non-adjacent areas on the same side, or areas on different sides, the account should include annotation on this eg L and R hand, hand and humerus.

Images produced using Dual Energy X-ray Absorptiometry (DEXA) equipment

X-ray items of the spine 58100 to 58115 and hip 57712 and 57715 cannot be claimed when images are produced using Dual Energy X-ray Absorptiometry (DEXA) equipment.

Subgroup 8: Radiographic examination of alimentary tract and biliary system

Plain abdominal film (Items 58900/58903)

Benefits are not attracted for Items 58900/58903 in association with barium meal examinations or cholecystograms whether provided on the same day or previous day. Preliminary plain films are covered in each study.

Subgroup 10: Radiographic examination of the breasts

Request requirements (items 59300 and 59303)

Benefits under items 59300 and 59303 are attracted only where the patient has been referred in specific circumstances as indicated in the description of the items. To facilitate these provisions, the requesting medical practitioner is required to include in the request the clinical indication for the procedure. The requesting practitioner must personally sign the request.

The reference to “with or without thermography” has been removed from the item descriptor for items 59300 and 59303 with effect from 1 November 2003. The Radiology Management Committee (RMC) at its meeting of 12 August 2003, agreed that there is no current scientific evidence to support the use of thermography in the early detection of breast cancer and in the reduction of mortality.

Professional supervision

Mammography services (items 59300 to 59318) are not eligible for a Medicare rebate unless the diagnostic imaging procedure is performed under the professional supervision of a:

- (a) specialist in the specialty of diagnostic radiology who is available to monitor and influence the conduct and diagnostic quality of the examination, and, if necessary, to personally attend on the patient; or
- (b) if paragraph (a) cannot be complied with:
 - (i) in an emergency; or
 - (ii) because of medical necessity in a remote location.

Note: Practitioners do not have to apply for a remote area exemption in these circumstances.

Subgroup 12: Radiographic examination with opaque or contrast media

Myelogram (Item 59724)

Benefits are not payable where a myelogram is rendered in association with a CT myelogram (Item 56219 - see DIL.9.1). Where it is necessary to render a CT and a myelogram, CT Items 56220, 56221 and 56223 would apply.

Subgroup 13: Angiography

Angiography services - meaning of (K) and (NK)

A reduced Schedule fees applies to cardiac angiography services provided on equipment that is 10 years old or older. This equipment must have been first installed in Australia ten or more years ago, or in the case of imported pre-used equipment, must have been first manufactured ten or more years ago.

A range of items cover services provided on older equipment. These items are 59971, 59972, 59973 and 59974, are identified by the addition of the letters ‘(NK)’ at the end of the item and should be used where services are performed on equipment ten years old or older.

Items 59903, 59912, 59925 and 59970 have the letter ‘(K)’ included at the end of the item. These items should be used where services are performed on equipment first installed in Australia less than ten years ago. In the case of imported pre-used equipment, the services must have been performed on a date which is less than ten years from the first date of manufacture of the equipment.

Digital subtraction angiography (DSA) (Items 60000-60078)

Benefits are payable only where these services are rendered in an angiography suite (a room that contains only equipment designed for angiography that is able to perform digital subtraction or rapid-sequence film angiography). Benefits are not payable when these services are rendered using mobile DSA imaging equipment as these services are covered by item 59970.

Each item includes all preparation and contrast injections other than for selective catheterisation. For Digital Subtraction Angiography (DSA), benefits are payable for a maximum of 1 DSA item (from Items 60000 to 60069). For selective DSA - 1 DSA item (from Items 60000 to 60069) and 1 item covering selective catheterisation (from 60072, 60075 or 60078).

If a DSA examination covers more than one of the specified regions/combinations, then the region/combination forming the major part of the examination should be selected, with itemisation to cover the total number of film runs obtained. A run is the injection of contrast, data acquisition, and the generation of a hard copy record.

Subgroup 16: Preparation for radiological procedure

Preparation items (Items 60918 and 60927)

Items 60918 and 60927 apply only to the preparation of a patient for a radiological procedure for a service to which any of items 59903 to 59974 apply. A report is not required for these services.

DIN... GROUP I4 - NUCLEAR MEDICINE IMAGING

General

Benefits for a nuclear scanning service are only payable when the service is performed by a specialist or consultant physician, or by a person acting on behalf of the specialist and the final report of the service is compiled by the specialist or consultant physician who performed the preliminary examination of the patient and the estimation and administration of the dosage.

Additional benefits will only be attracted for specialist physician or consultant physician attendance under Category 1 of the Schedule where there is a request for a full medical examination accompanied by a referral letter or note of referral.

Credentiailling for nuclear medicine imaging services

Payment of Medicare rebates for nuclear medicine imaging services is limited to specialists or consultant physicians who are credentiailled by the Joint Nuclear Medicine Credentiailling and Accreditation Committee of the Royal Australian College of Physicians (RACP) and the Royal Australian and New Zealand College of Radiologists (RANZCR). The scheme has been developed by the profession in consultation with Government to ensure that specialists in nuclear medicine are appropriately trained and licensed, provide appropriate personal supervision of procedures and are involved in ongoing continuing medical education.

For information regarding the Scheme and for application forms, please phone the RACP or RANZCR.

Radiopharmaceuticals

The Schedule fees for nuclear medicine imaging services incorporate the costs of radiopharmaceuticals.

Single Photon Emission Computed Tomography (SPECT)

Where SPECT has been performed in conjunction with another study and is not covered under the item descriptor or is not covered under Item 61462, no Medicare benefit is payable for the SPECT study.

Single myocardialperfusion studies (Items 61302 and 61303)

Items 61302 and 61303 apply to single myocardial perfusion studies which can only be used once and cannot be used in conjunction with any other myocardial perfusion study for an individual patient referral.

Myocardial perfusion (Items 61306 and 61307)

Items 61306 and 61307 refer to all myocardial perfusion studies involving two or more sets of imaging times related to an individual patient referral. This includes stress/rest, stress/re-injection, stress/rest and re-injection thallium studies, one or two-day technetium-based perfusion agent protocols, mixed technetium-based perfusion agent/thallium protocols and the use of gated SPECT when undertaken.

Hepatobiliary study (pre-treatment) (Item 61360)

Item 61360 - the standard hepatobiliary item - also includes allowance of the pre-procedural CCK administration for preparatory emptying of the gall bladder and also morphine augmentation.

Hepatobiliary study (infusion) (Item 61361)

Item 61361 applies specifically to a standard hepatobiliary study to which has been added an infusion of sinaclide (CCK-8) following which acquisition is continued and quantification of gallbladder ejection fraction and/or common bile duct activity time curves are performed.

Whole body studies (Items 61426-61438)

"Whole body" studies must include the trunk, head and upper and lower limbs down to the elbow and knee joints respectively, whether acquired as multiple overlapping camera views or whole body sweeps (runs) with additional camera views as required. Any study that does not fulfil these criteria is a localised study.

Repeat studies (Item 61462)

Item 61462 covers repeat planar (whole body or localised) and/or SPECT imaging performed on a separate occasion using the same administration of radiopharmaceutical. The repeat planar and SPECT imaging when performed on a separate occasion using the same administration of radiopharmaceutical should be itemised as item 61462 and the original item and date of service should be indicated for reference purposes.

This item does not apply to bone scans, adrenal studies or gastro-oesophageal reflux studies, myocardial perfusion studies, colonic transit or CFS transport studies, where allowance for performance of the delayed study is incorporated into the baseline benefit fee.

Thyroid study (Item 61473)

Item 61473 incorporates the measurement of thyroid uptake on a gamma camera using a proven technique, where clinically indicated.

Positron Emission Tomography (PET; Items 61523 to 61646).

In patients with Hodgkin's and non-Hodgkin's lymphoma (excluding indolent non-Hodgkin's lymphoma), whole body FDG PET studies should not be used for surveillance nor for assessment of patients with suspected (as opposed to confirmed) disease recurrence.

Whole body FDG PET studies should be used as an alternative rather than additional to conventional CT scanning.

Payment of Medicare rebates for PET services is limited to credentialed specialists or consultant physicians who meet eligibility requirements in the *Diagnostic Imaging Services Table Regulations*. PET services must be:

1. performed by a:
 - a) specialist or consultant physician credentialed under the Joint Nuclear Medicine Specialist Credentialing Program for the Recognition of the Credentials of Nuclear Medicine Specialists for Positron Emission Tomography overseen by the Joint Nuclear Medicine Credentialing and Accreditation Committee of the RACP and RANZCR; or
 - b) practitioner who is a Fellow of either RACP or RANZCR, and who, prior to 1 November 2011, reported 400 or more studies forming part of PET services for which a Medicare benefit was payable, and who holds a current license from the relevant State radiation licensing body to prescribe and administer the intended PET radiopharmaceuticals to humans;
2. provided in a comprehensive facility that can provide a full range of diagnostic imaging services (including PET, CT, X-Ray and diagnostic ultrasound) and cancer treatment services (including chemotherapy, radiation oncology and surgical oncology) at the one site;
3. provided using equipment that meets
 - a) The Requirements for PET Accreditation (Instrumentation & Radiation Safety) dated 4 May 2007 and issued by the Australian and New Zealand Society of Nuclear Medicine; and
 - b) NEMA NU 2-2007 Standard published by the National Electrical Manufacturers Association (USA).
4. only provided following referral from a recognised specialist or consultant physician.

All PET providers must complete a specific PET provider Statutory Declaration prior to being eligible to claim Medicare rebates. Statutory declarations can be obtained directly from Medicare Australia.

DIO... GROUP I5 - MAGNETIC RESONANCE IMAGING

Itemisation

MRI items in Group I5, items 63001 to 63522, are divided into subgroups defined according to the area of the body to be scanned, (ie head, spine, musculoskeletal system, cardiovascular system or body) and the number of occasions in a defined period in which Medicare benefits may be claimed by a patient. Subgroups are divided into individual items, with each item being for a specific clinical indication.

Eligible services

Group I5 items 63001 to 63497 apply only to a MRI or MRA service performed:

- a) on request by a recognised specialist or consultant physician, where the request made in writing identifies the clinical indication for the service;
- b) under the professional supervision of an eligible provider; and
- c) with eligible equipment.

Group I5 items 63464 to 63476 apply to a MRI service performed:

- (a) on request by a recognised specialist or consultant physician, where the request made in writing identifies the clinical indication for the service;
- (b) under the professional supervision of an eligible provider; and
- (c) with eligible equipment and partial eligible equipment.

Group I5 items 63507 to 63522 apply a MRI service performed

- a) on request by a medical practitioner other than a specialist or consultant physician, where the request made in writing identifies the clinical indication for the service;
- b) under the professional supervision of an eligible provider; and
- c) with eligible equipment and partial eligible equipment.

Group I5 items 63491 to 63497 to MRI apply to a MRI or MRA service performed

- a) on request by a medical practitioner, where the request made in writing identifies the clinical indication for the service;
- b) under the professional supervision of an eligible provider; and
- c) with eligible equipment and partial eligible equipment.

Requests

A request must be in writing and identify the clinical indications for the service.

MRI services can only be requested by a recognised specialist medical practitioner or consultant physician for the purpose of the Health Insurance Act 1973. However, there are exceptions to this provision for a limited number of MRI:

- All dental specialists, prosthodontists, oral and maxillofacial surgeons, oral medicine specialists and oral pathology specialists may request item 63334 – scan of musculoskeletal system for derangement of the temporomandibular joint (s); and
- Oral and maxillofacial surgeons and oral medicine and oral pathology specialists can also request item 63007 – scan of the head for skull base or orbital tumour.

Professional supervision

Group I5 items must be performed as follows:

- a) under the professional supervision of an eligible provider who is available to monitor and influence the conduct and diagnostic quality of the examination, including, if necessary, by personal attendance on the patient; or
- b) if paragraph (a) is not complied with:
 - i. in an emergency; or
 - ii. because of medical necessity, in a remote location (refer to DID).

Note: Practitioners do not have to apply for a remote area exemption in these circumstances.

Note: Items in subgroup 33 may only be requested by a medical practitioner other than a specialist or a consultant physician.

Eligible providers

In Group I5, an eligible provider is a specialist in diagnostic radiology who satisfies Medicare Australia that:

- a) he or she is a participant of the Royal Australian and New Zealand College of Radiologists' (RANZCR) Quality and Accreditation Program; and
- b) the equipment he or she proposes to use for providing services of the kind mentioned in Group I5 is eligible equipment or partial eligible equipment.

Eligible Provider declaration

The specialist must give Medicare Australia a statutory declaration:

- a) stating that he or she is enrolled in the RANZCR Quality and Accreditation Program;
- b) specifying the location of the MRI equipment;
- c) specifying the kinds of diagnostic imaging equipment offered at the location;
- d) stating the date of installation of the equipment (and the time of installation if this occurred on 12 May 1998); and
- e) if the equipment had not been installed before 7.30pm on 12 May 1998 (Eastern Standard Time), the specialist must also give Medicare Australia a copy of the contract for the purchase or lease of the equipment.

In addition Medicare Australia may request further supporting documentation or information. Specialists or consultant physicians are advised to contact the Provider Liaison Section, Medicare Australia on 132 150 prior to lodging a declaration.

Eligible equipment is equipment which is:

- a) is located at premises of a comprehensive practice; and
- b) is made available to the practice by a person:
 - i. who is subject to a deed with the Commonwealth that relates to the equipment; and
 - ii. for whom the deed has not been terminated; and
- c) is not identified as partial eligible equipment in the deed

Partial eligible equipment is equipment which is:

Equipment that:

- a) is located at premises of a comprehensive practice; and
- b) is made available to the practice by a person:
 - i. who is subject to a deed with the Commonwealth that relates to the equipment; and
 - ii. for whom the deed has not been terminated; and
- c) is identified as partial eligible equipment in the deed

The location of Medicare-eligible MRI machines is available at the Department of Health and Ageing's website at <http://www.health.gov.au>

Number of eligible services

- Items have been placed in subgroups according to frequency restrictions for Medicare eligibility as follows:
- Services in subgroups 1, 4, 6, 8, 11 and 18 have no frequency restriction.
- Services in subgroups 16 and 19 may be claimed on one occasion in any 12-month period.
- Services in subgroups 13, 14 and 17 may be claimed on two occasions in any 12-month period.
- Services in subgroups 2, 3, 5, 7, 9, 10, 12, 15, 21 and 33 may be claimed on three occasions only in any 12-month period.
- Items 63470 or 63473 in Subgroup 20 may be claimed only once in a patient's lifetime.
- Items 63476 in Subgroup 20 may be claimed only once in a patient's lifetime.
- Items in subgroup 22 may only be ordered in conjunction with an eligible MRI/MRA service.
- Items in subgroup 32 for item 63501 and 63502 may be claimed only one in a patient's lifetime, and 63504 and 63505 have no restrictions.

Example : Item 63271 in subgroup 10 can be claimed by a patient on three occasions in any 12 month period. If the patient had claimed Medicare benefits for the following:

Item	Date of service
63271	10/12/04
63271	18/4/05
63271	16/10/05
63271	11/12/05

The following table provides examples of further dates of service would, and would not, be eligible:

Date of service	Claimable?	Why?
12/3/05	No	Between 10/12/04 and 9/12/05, the patient would have had 4 x 63271 in 12 months - 10/12/04, 12/3/05, 18/4/05 and 16/10/05
4/3/06	No	Between 5/3/05 and 4/3/06, the patient would have had 4 x 63271 in 12 months - 18/4/05, 16/10/05, 11/12/05 and 4/3/06
20/4/06	Yes	Between 21/4/05 and 20/4/06, the patient would have had 3x 63271 in 12 months - 16/10/05, 11/12/05 and 20/4/06

The frequency restrictions are therefore considered to be rolling restrictions and not based on calendar or financial years.

In addition, restrictions on the number of services of the kind described in subgroup 12 apply to specific anatomical sites. Where an item description applies to more than one anatomical site the restriction on the number of services applies to each site.

- Item 63328, MRI scan for derangement of the knee or its supporting structures, applies to two specific anatomical sites, ie, right knee and left knee. Each anatomical site may be scanned up to 3 times in any 12-month period.

DIP... MANAGEMENT OF BULK-BILLED SERVICES

Additional bulk billing payment for diagnostic imaging services (item 64990 and 64991)

Item 64990 operates in the same way as item 10990 and item 64991 operates in the same way as item 10991, apart from the following differences:

- Item 64990 and 64991 can only be used in conjunction with items in the Diagnostic Imaging Services Table of the MBS;
- Item 64990 and 64991 applies to diagnostic imaging services self determined by general practitioners and specialists with dual qualifications acting in their capacity as general practitioners;
- Specialists and consultant physicians who provide diagnostic imaging services are not able to claim item 64990 or 64991 unless, for the purposes of the *Health Insurance Act 1973*, the medical practitioner is also a general practitioner and the service provided by the medical practitioner has not been referred to that practitioner by another medical practitioner or person with referring rights.

DIQ... BULK BILLING INCENTIVE

To provide an incentive to bulk-bill, for out of hospital services that are bulk billed the schedule fee is reduced by 5% and rebates paid at 100% of this revised fee (except for item 61369, and all items in Group I5 - Magnetic Resonance Imaging). For items in Group I5 - Magnetic Resonance Imaging, the bulk billing incentive for out of hospital services is 100% of the Schedule Fee listed in the table.

DIR... EXTENSION OF THE CAPITAL SENSITIVITY RULE TO ALL DIAGNOSTIC IMAGING EQUIPMENT

All services listed in the Diagnostic Imaging Services Table of the Medicare Benefits Schedule (MBS), excluding Positron Emission Tomography (PET) services have two different schedule fees - K items (100% of the MBS Fee) and NK items (50% of the MBS Fee) for diagnostic imaging services provided on aged equipment.

This rule, known as ‘capital sensitivity’, is currently in place for all diagnostic imaging equipment providing services under Medicare. The measure is intended to improve the quality of diagnostic imaging services by encouraging providers to upgrade and replace aged equipment as appropriate.

The provisions that currently apply to CT and angiography (i.e. a ten year effective life age and remote location exemptions based on ‘the 30km rule’) have not changed.

Further detail

For full details about the rules for claiming the K and NK items, the exemptions and the definition of upgrade, providers should access the Department of Health and Ageing’s website at www.health.gov.au/capitalsensitivity

DIS... RESTRICTION ON ITEM 55054

The Health Insurance (General Medical Services Table) Regulations now require that an item in Group T10 (Relative Value Guide) cannot be claimed in association with item 55054 (ultrasound when used in conjunction with procedures). This came into effect on 1 November 2012.

The use of ultrasound guidance provided in association with anaesthetic procedures is currently being assessed by the Medical Services Advisory Committee (MSAC) for safety, effectiveness and cost-effectiveness (MSAC Application 1183 - Ultrasound imaging in the practice of anaesthesia).

Medicare rebates will continue to be available for the procedures alone and whether individual anaesthetists choose to use ultrasound to assist with those procedures is a matter of clinical judgement for those providers.

Schedules of Services

Each professional service contained in the Schedule has been allocated a unique item number. Located with the item number and description for each service is the Schedule fee and Medicare benefit, together with a reference to an explanatory note relating to the item (if applicable).

If the service attracts an anaesthetic, the word (Anaes.) appears following the description. Where an operation qualifies for the payment of benefits for an assistant, the relevant items are identified by the inclusion of the word (Assist.) in the item description. Medicare benefits are not payable for surgical assistance associated with procedures which have not been so identified.

In some cases two levels of fees are applied to the same service in General Medical Services, with each level of fee being allocated a separate item number. The item identified by the letter "S" applies in the case where the procedure has been rendered by a recognised specialist in the practice of his or her specialty and the patient has been referred. The item identified by the letter "G" applies in any other circumstance.

Higher rates of benefits are also provided for consultations by a recognised consultant physician where the patient has been referred by another medical practitioner or an approved dental practitioner (oral surgeons).

Differential fees and benefits also apply to services listed in Category 5 (Diagnostic Imaging Services). The conditions relating to these services are set out in Category 5.

Explanatory Notes

Explanatory notes relating to the Medicare benefit arrangements and notes that have general application to services are located at the beginning of the schedule, while notes relating to specific items are located at the beginning of each Category. While there may be a reference following the description of an item to specific notes relating to that item, there may also be general notes relating to each Group of items.

SUBGROUP 9 - RADIOGRAPHIC EXAMINATION FOR LOCALISATION OF FOREIGN BODIES			
59103	Localisation of foreign body, if provided in conjunction with a service described in Subgroups 1 to 12 of Group I3 (R) (See para DIQ of explanatory notes to this Category) Fee: \$21.30 Benefit: 75% = \$16.00 85% = \$18.15		
59104	Localisation of foreign body, if provided in conjunction with a service described in Subgroups 1 to 12 of Group I3 (R) (NK) (See para DIQ of explanatory notes to this Category) Fee: \$10.65 Benefit: 75% = \$8.00 85% = \$9.10		
SUBGROUP 10 - RADIOGRAPHIC EXAMINATION OF BREASTS			
59300	(Note: These items are intended for use in the investigation of a clinical abnormality of the breast/s and NOT for individual, group or opportunistic screening of asymptomatic patients) MAMMOGRAPHY OF BOTH BREASTS, if there is a reason to suspect the presence of malignancy because of: (i) the past occurrence of breast malignancy in the patient or members of the patient's family; or (ii) symptoms or indications of malignancy found on an examination of the patient by a medical practitioner. Unless otherwise indicated, mammography includes both breasts (R) (See para DIQ of explanatory notes to this Category) Fee: \$89.50 Benefit: 75% = \$67.15 85% = \$76.10		
59301	(Note: These items are intended for use in the investigation of a clinical abnormality of the breast/s and NOT for individual, group or opportunistic screening of asymptomatic patients) MAMMOGRAPHY OF BOTH BREASTS, if there is a reason to suspect the presence of malignancy because of: (i) the past occurrence of breast malignancy in the patient or members of the patient's family; or (ii) symptoms or indications of malignancy found on an examination of the patient by a medical practitioner. Unless otherwise indicated, mammography includes both breasts (R) (NK) (See para DIQ of explanatory notes to this Category) Fee: \$44.75 Benefit: 75% = \$33.60 85% = \$38.05		

DIAGNOSTIC RADIOLOGY		IN CONNECTION WITH PREGNANCY	
59303	MAMMOGRAPHY OF ONE BREAST, if: (a) the patient is referred with a specific request for a unilateral mammogram; and (b) there is reason to suspect the presence of malignancy because of: (i) the past occurrence of breast malignancy in the patient or members of the patient's family; or (ii) symptoms or indications of malignancy found on an examination of the patient by a medical practitioner (R) <i>(See para DIQ of explanatory notes to this Category)</i>	Fee: \$53.95	Benefit: 75% = \$40.50 85% = \$45.90
59304	MAMMOGRAPHY OF ONE BREAST, if: (a) the patient is referred with a specific request for a unilateral mammogram; and (b) there is reason to suspect the presence of malignancy because of: (i) the past occurrence of breast malignancy in the patient or members of the patient's family; or (ii) symptoms or indications of malignancy found on an examination of the patient by a medical practitioner (R) (NK) <i>(See para DIQ of explanatory notes to this Category)</i>	Fee: \$27.00	Benefit: 75% = \$20.25 85% = \$22.95
59306	MAMMARY DUCTOGRAM (galactography) - 1 breast (R) <i>(See para DIQ of explanatory notes to this Category)</i>	Fee: \$100.30	Benefit: 75% = \$75.25 85% = \$85.30
59307	MAMMARY DUCTOGRAM (galactography) - 1 breast (R) (NK) <i>(See para DIQ of explanatory notes to this Category)</i>	Fee: \$50.15	Benefit: 75% = \$37.65 85% = \$42.65
59309	MAMMARY DUCTOGRAM (galactography) - 2 breasts (R) <i>(See para DIQ of explanatory notes to this Category)</i>	Fee: \$200.60	Benefit: 75% = \$150.45 85% = \$170.55
59310	MAMMARY DUCTOGRAM (galactography) - 2 breasts (R) (NK) <i>(See para DIQ of explanatory notes to this Category)</i>	Fee: \$100.30	Benefit: 75% = \$75.25 85% = \$85.30
59312	RADIOGRAPHIC EXAMINATION OF BOTH BREASTS, in conjunction with a surgical procedure on each breast, using interventional techniques - (R) <i>(See para DIQ of explanatory notes to this Category)</i>	Fee: \$87.00	Benefit: 75% = \$65.25 85% = \$73.95
59313	RADIOGRAPHIC EXAMINATION OF BOTH BREASTS, in conjunction with a surgical procedure on each breast, using interventional techniques - (R) (NK) <i>(See para DIQ of explanatory notes to this Category)</i>	Fee: \$43.50	Benefit: 75% = \$32.65 85% = \$37.00
59314	RADIOGRAPHIC EXAMINATION OF 1 BREAST, in conjunction with a surgical procedure using interventional techniques - (R) <i>(See para DIQ of explanatory notes to this Category)</i>	Fee: \$52.50	Benefit: 75% = \$39.40 85% = \$44.65
59315	RADIOGRAPHIC EXAMINATION OF 1 BREAST, in conjunction with a surgical procedure using interventional techniques - (R) (NK) <i>(See para DIQ of explanatory notes to this Category)</i>	Fee: \$26.25	Benefit: 75% = \$19.70 85% = \$22.35
59318	RADIOGRAPHIC EXAMINATION OF EXCISED BREAST TISSUE to confirm satisfactory excision of 1 or more lesions in 1 breast or both following pre-operative localisation in conjunction with a service under item 31536 - (R) <i>(See para DIQ of explanatory notes to this Category)</i>	Fee: \$47.05	Benefit: 75% = \$35.30 85% = \$40.00
59319	RADIOGRAPHIC EXAMINATION OF EXCISED BREAST TISSUE to confirm satisfactory excision of 1 or more lesions in 1 breast or both following pre-operative localisation in conjunction with a service under item 31536 - (R) (NK) <i>(See para DIQ of explanatory notes to this Category)</i>	Fee: \$23.55	Benefit: 75% = \$17.70 85% = \$20.05

SUMMARY OF CHANGES FROM 1/03/2013

The 1/03/2013 changes to the MBS are summarised below and are identified in the Schedule pages by one or more of the following words appearing above the item number

(a) new item	New
(b) amended description	Amend
(c) fee amended	Fee
(d) item number changed	Renum

P.1.1. PATHOLOGY SERVICES IN RELATION TO MEDICARE BENEFITS - OUTLINE OF ARRANGEMENTS

Basic Requirements

Determination of Necessity of Service

The treating practitioner must determine that the pathology service is necessary.

Request for Service

The service may only be provided:

- (i) in response to a request from the treating practitioner, including a participating midwife or a participating nurse practitioner, or from another Approved Pathology Practitioner and the request must be in writing (or, if oral, confirmed in writing within fourteen days); or
- (ii) if determined to be necessary by an Approved Pathology Practitioner who is treating the patient.

Services requested by participating midwives and participating nurse practitioners:

- (i) A participating midwife can request the following services:
Items 65060, 65070, 65090 to 65099 (inclusive), 65114, 66500 to 66512 (inclusive), 66545, 66548, 66566, 66743, 66750, 66751, 69303 to 69317 (inclusive), 69324, 69384 to 69415 (inclusive), 73053 and 73529.
- (ii) A participating nurse practitioner can request items in the range 65060 to 73529 (inclusive).

Provision of Service

The following conditions relate to provision of services:

- (i) the service has to be provided by or on behalf of an Approved Pathology Practitioner;
- (ii) the service has to be provided in a pathology laboratory accredited for that kind of service;
- (iii) the proprietor of the laboratory where the service is performed must be an Approved Pathology Authority;
- (iv) the Approved Pathology Practitioner providing the service must either be the proprietor of the laboratory or party to an agreement, either by way of contract of employment or otherwise, with the proprietor of the laboratory in which the service is provided; and
- (v) no benefit will be payable for services provided by an Approved Pathology Practitioner on behalf of an Approved Pathology Authority if they are not performed in the laboratories of that particular Approved Pathology Authority.

Therapeutic Goods Act 1989

For any service listed in the MBS to be eligible for a Medicare rebate, the service must be rendered in accordance with the provisions of the relevant Commonwealth and State and Territory laws. Approved Pathology Practitioners have the responsibility to ensure that the supply of medicines or medical devices used in the provision of pathology services is strictly in accordance with the provisions of the *Therapeutic Goods Act 1989*.

P.1.2. EXEMPTIONS TO BASIC REQUIREMENTS

Satisfying requirements described in pathology service

Unless the contrary intention appears, a requirement contained in the description of a pathology service in Part 2 is satisfied if:

- (a) for a requirement for information — the information:
 - (i) is included in the request for the service; or
 - (ii) was supplied in writing on an earlier occasion to the approved pathology authority that rendered the service, and has been kept by the approved pathology authority; or
- (b) for a requirement for laboratory test results — the results are:
 - (i) included in the request for the service; or
 - (ii) obtained from another laboratory test performed in the same patient episode; or
 - (iii) included in results from an earlier laboratory test that have been kept by the approved pathology authority.

Services Where Request Not Required

- (i) a pathologist-determinable service. A pathologist-determinable service is a pathology service:
 - (a) that is rendered by or on behalf of an approved pathology practitioner for a person who is a patient of that approved pathology practitioner who has determined that the service is necessary; or
 - (b) that is specified in item 73332 in-situ hybridisation testing for human epidermal growth receptor 2 or only one of immunohistochemistry items 72846, 72847, 72848, 72849 and 72850 or electronmicroscopy items 72851 and 72852 or immunocytochemistry items 73059, 73060 or 73061 and is considered necessary by the approved

pathology practitioner as a consequence of information resulting from a pathology service contained in tissue examination items 72813 – 72838 or cytology items 73045 – 73051 respectively.

Please note: a written request is required for a service contained in items 72813 to 72838 and items 73045 to 73051.

- (c) that is specified in one of the antigen detection items 69494, 69495 or 69496 is considered necessary by the approved pathology practitioner as a consequence of information provided by the requesting practitioner or by the nature or appearance of the specimen or as a consequence of information resulting from a pathology service contained in items 69303, 69306, 69312, 69318, 69321 and 69345.

Please note: a written request is required for a service contained in items 69303, 69306, 69312, 69318, 69321 and 69345.

- (d) that is specified in item 73320, HLA-B27 typing by nucleic acid amplification, and is considered necessary by the approved pathology practitioner because the results of HLA-B27 typing described in item 71147 are unsatisfactory.
- (e) that is specified in item 73305, detection of mutation of the FMRI gene by Southern Blot analysis where the results in item 73300 are inconclusive.

P.1.3. CIRCUMSTANCES WHERE MEDICARE BENEFITS NOT ATTRACTED

Services Rendered by Disqualified Practitioner

Medicare benefits are not payable for pathology services if at the time the service is rendered, the person, by or on whose behalf the service is rendered, is a person in relation to whom a determination is in force in relation to that class of services. That is, where an Approved Pathology Practitioner has breached an undertaking, and a determination has been made that Medicare benefits should not be paid during a specified period (of up to five years) in respect of specified pathology services rendered by the practitioner.

Note: An Approved Pathology Practitioner may be disqualified for reasons other than a breach of undertaking.

Certain Pathology Tests Do Not Attract Medicare Benefits

Certain tests of public health significance do not qualify for payment of Medicare benefits. Examples of services in this category are:

- examination by animal inoculation;
- Guthrie test for phenylketonuria;
- neonatal screening for hypothyroidism (T4/TSH estimation);
- neonatal screening for Cystic Fibrosis;
- neonatal screening for Galactosemia;
- pathology services used with the intention of monitoring the performance enhancing effects of any substance;
- pathology tests carried out on specimens collected from persons occupationally exposed to sexual transmission of disease where the purpose of the collection of specimens is for testing in accordance with conditions determined by the health authority of the State or Territory in which the service is performed.

In addition to the above, certain other tests do not qualify for payment of Medicare benefits. These include:

- cytotoxic food testing;
- pathology services performed for the purposes of control estimation, repeat tests (eg. for confirmation of earlier tests on the same specimen, etc);
- preparation of autogenous vaccines;
- tissue banking and preparation procedures;
- pathology services performed on stillborn babies or cadavers;
- pathology services which are performed routinely in association with the termination of pregnancy without there being any indication for the necessity of the services.

However, benefits will be paid for the following pathology tests:

- item 65060 - haemoglobin estimation;
- item 65090 - blood grouping ABO and Rh (D antigen);
- item 65096 - examination of serum for Rh and other blood group antibodies.

P.2.1. RESPONSIBILITIES OF TREATING/REQUESTING PRACTITIONERS

Form of Request

A treating practitioner may request a pathology service either orally or in writing but oral requests must be confirmed in writing within fourteen days from the day when the oral request was made.

Pathology request forms and combined pathology request/offer to assign forms which are prepared by the pathologists and distributed to requesting practitioners on or after 1 August 2012 must include the minimum information detailed under P.2.2.

All written requests for pathology services should contain the following particulars:

- (i) a description of the individual pathology services, or recognised groups of pathology tests to be rendered (see P.17.4 and the Index for acceptable terms and abbreviations). The description must be sufficient to enable the item in which the service is specified to be identified;
- (ii) the date of request;
- (iii) the surname, initials of given names, practice address and provider number of the requesting practitioner;
- (iv) the patient's name and address;
- (v) details of the hospital status of the patient, as follows (for benefit rate assessment). That is, whether the patient was or will be, at the time of the service and when the specimen is obtained:
 - (a) a private patient in a private hospital, or approved day hospital facility;
 - (b) a private patient in a recognised hospital;
 - (c) a public patient in a recognised hospital;
 - (d) an outpatient of a recognised hospital;

Offence Not to Confirm an Oral Request

A requesting practitioner who, without reasonable excuse, does not confirm in writing an oral request within fourteen days of making the oral request is guilty of an offence under the *Health Insurance Act 1973* punishable, upon conviction, by a fine not exceeding \$1,100 (10 Penalty Units in accordance with the Crimes Act 1914), and the request is deemed never to have been made.

The Department of Human Services (DHS) has developed a [Health Practitioner Guideline to substantiate that a valid request existed \(pathology or diagnostic imaging\)](#) which is located on the DHS website.

P.2.2. RESPONSIBILITIES OF APPROVED PATHOLOGY PRACTITIONERS

Form of Request

There is no official "request in writing" form, and the requesting practitioner's own stationery, or pre-printed forms supplied by Approved Pathology Practitioners/Authorities are acceptable.

For the purposes of Medicare eligible services, the minimum information requirements for a pre –printed pathology request and combined pathology request/offer to assign are detailed within the: *Health Insurance Act 1973*; *Health Insurance Regulations 1975*; *Health Insurance (Pathology Services) Regulations 1989*; and the *Privacy Act 1988*.

The following table presents the minimum details that pre-printed pathology request forms and combined pathology request/offer to assign forms must contain for the purposes of a subsequent Medicare claim:

Requesting Practitioner
a) surname and initials
b) address
c) provider number
d) date of request
Patient Details
a) name – surname, first name
b) address
c) date of birth
d) sex

e) Medicare card number
f) hospital status Two acceptable versions are as follows: State the patient’s status at the time of the service or when the specimen was collected: OR cross out the statements that do not apply Was or will the patient be, at the time of the service or when the specimen is obtained: (a) a private patient in a private hospital or approved day hospital facility (b) a private patient in a recognised hospital (c) a public patient in a recognised hospital (d) an outpatient of a recognised hospital

Tests Requested
a) an area titled “Tests Requested”

Self Determined (SD)
A tick box is required for SD. This is used when the APP determines that pathologist-determinable tests are necessary. This tick box can be put in the Clinical Notes area.

Mandatory patient advisory statement
One of the following statements: ‘Your doctor has recommended that you use (insert name of pathology provider). You are free to choose your own pathology provider. However, if your doctor has specified a particular pathologist on clinical grounds, a Medicare rebate will only be payable if that pathologist performs the service. You should discuss this with your doctor.’ ‘Your treating practitioner has recommended that you use (insert name of pathology provider). You are free to choose your own pathology provider. However, if your treating practitioner has specified a particular pathologist on clinical grounds, a Medicare rebate will only be payable if that pathologist performs the service. You should discuss this with your treating practitioner.’

Privacy Note
The wording of the note must be: “Privacy Note: The information provided will be used to assess any Medicare benefit payable for the services rendered and to facilitate the proper administration of government health programs, and may be used to update enrolment records. Its collection is authorised by the provisions of the <i>Health Insurance Act 1973</i> . The information may be disclosed to the Department of Health and Ageing or to a person in the medical practice associated with this claim, or as authorised/required by law.” The placement of the note is only necessary on the patient’s copy and could be incorporated into the clinical notes area. Alternatively, the back of the patient copy could be used if that is more practicable.

The Department of Human Services (DHS) has developed a [Health Practitioner Guideline to substantiate that a valid request existed \(pathology or diagnostic imaging\)](#) which is located on the DHS website.

Combined Request/Assignment form only
<p>Offer to Assign and Reference to Section 20A</p> <p>An example of a Section 20A Offer to Assign is as follows:</p> <p>“Medicare Agreement (Section 20A of the Health Insurance Act 1973)</p> <p>I offer to assign my right to benefits to the approved pathology practitioner who will render the requested pathology service(s) and any eligible pathologist determinable service(s) established as necessary by the practitioner.</p> <p>Patient signature _____ Date / / /”</p>
<p>Practitioners Use Only</p> <p>A text box is also required for ‘Practitioner’s Use Only’ this section is used where the patient is unable to sign and an appropriate person endorses on behalf of patient, eg.</p> <p style="text-align: center;">Practitioner’s Use Only</p> <p style="text-align: center;">_____</p> <p style="text-align: center;">(Reason patient cannot sign)</p>

An Approved Pathology Practitioner or Approved Pathology Authority who, without reasonable excuse, provides to practitioners (directly or indirectly) combined request/assignment forms which are not in accordance with the legislation is guilty of an offence under the *Health Insurance Act 1973* punishable, upon conviction, by a fine not exceeding \$1,100 (10 Penalty Units in accordance with the Crimes Act 1914).

Patient Copy

Assignment of benefits requires the patient to receive a copy of the request. The doctor must cause the particulars relating to the professional service (tests requested) to be set out on the assignment form, before the patient signs the form and cause the patient to receive a copy of the form as soon as practicable after the patient signs it.

Authority to lodge a Patient Claim electronically

Where an Approved Pathology Practitioner or Approved Pathology Authority renders a service and the patient has not assigned the benefit the Approved Pathology Practitioner or Approved Pathology Authority can lodge a claim electronically to Medicare Australia on behalf of the patient where consent is provided. This consent can be provided verbally.

Combined Online Patient Claiming Authority

Authority for APP/APA to submit an electronic patient claim on behalf of the claimant

An example of wording that could be used is:

‘I authorise the approved pathology practitioner who will render the requested pathology services, and any further pathology services which the practitioner determines to be necessary, to submit my unpaid account to Medicare, so that Medicare can assess my claim and issue me a cheque made payable to the practitioner, for the Medicare benefit.’

Patient Signature _____ Date ____/____/____

Verbal consent was provided by patient to submit unpaid account to Medicare. No signature available.

Request to Approved Pathology Authority

It is acceptable for a request to be made to an Approved Pathology Authority who is the proprietor or one of the proprietors of a laboratory instead of making the request to the Approved Pathology Practitioner who renders the service or on whose behalf the service is rendered.

Holding, Retention, Recording and Production of Request Forms

Approved Pathology Practitioners must hold a request in writing for all services requested by any other practitioner before billing patients. An Approved Pathology Practitioner is required to retain written requests/confirmation of requests for pathology services for 18 months from the day when the service was rendered. This also applies to requests which an Approved Pathology Practitioner receives of which only some tests are referred to another Approved Pathology Practitioner (the first Approved Pathology Practitioner would retain the request for 18 months). If all tests were referred, the second pathologist would retain the original request.

If the written request or written confirmation has been recorded on film or other magnetic medium approved by the Minister for Health and Ageing, for the purposes of storage and subsequent retrieval, the record so made shall be deemed to be a retention of the request or confirmation. The production or reproduction of such a record shall be deemed to be a production of the written request or written confirmation.

An Approved Pathology Practitioner or an Approved Pathology Authority is required to produce, on request from the Medicare Australia CEO, no later than the end of the day following the request from the CEO, a written request or written confirmation retained pursuant to the above paragraphs. An employee of Medicare Australia is authorised to make and retain copies of or take and retain extracts from written requests or written confirmations.

Offences in Relation to Retaining and Producing Request Forms

The following offences are punishable upon conviction by a fine not exceeding \$1000:

- (i) an Approved Pathology Practitioner who, without reasonable excuse, does not keep request forms for 18 months;
- (ii) an Approved Pathology Practitioner who, without reasonable excuse, does not produce a request form to an employee of Medicare Australia before the end of the day following the day of the Medicare Australia CEO's request.

Referral From An Approved Pathology Practitioner To Another Approved Pathology Practitioner

Where an Approved Pathology Practitioner refers some or all services requested to another Approved Pathology Practitioner not associated with the same Approved Pathology Authority the following apply:

- (i) where all the services are referred, the first Approved Pathology Practitioner should forward the original request to the second Approved Pathology Practitioner, and the document bearing the patient's assignment voucher so that the second Approved Pathology Authority can direct-bill Medicare;
- (ii) where some of the services which are listed in different items in the Schedule are referred, the first Approved Pathology Practitioner must issue his/her own request in writing listing the tests to be performed, and when necessary, forward a photocopy of the patient's assignment voucher so that the second Approved Pathology Authority can direct-bill Medicare;

in addition to the details of the first Approved Pathology Practitioner, the second Approved Pathology Practitioner must show on the account/receipt/assignment form:

- (a) name and provider number of the original requesting practitioner; and
- (b) date of original request;

(iii) under the item coning rules (which limit benefits for multiple services) only one Medicare benefit is payable for services included in coned items except for estimations covered by Rule 6 entitled "designated pathology services". The exemption allows payment of more than one Medicare benefit where various components of the one item number from the same request e.g. drug assays (items 66800 and 66812) are performed by two Approved Pathology Authorities.

Although the provisions concerning designated pathology services in Rule 6 permit similar services (e.g. hormone estimations) to be performed by 2 or more laboratories, with different Approved Pathology Authorities, the sum of the Medicare benefit payable for services provided by the laboratories concerned will not exceed the maximum amount payable under the item coning rules when a single laboratory performs all the estimations.

Notes:

- (i) the patient should be billed by each Approved Pathology Practitioner only for those services rendered by or on his/her behalf;
- (ii) photocopies of requests are not acceptable;
- (iii) in the case of "designated pathology services" 65150, 65175, 66650, 66695, 66711, 66722, 66785, 66800, 66812, 66819, 66825, 69384, 69494, 71089, 71153 or 71165 a patient episode initiation fee (PEI) is payable for the services provided by the laboratory which receives the original request and performs one or more of the estimations. However, no PEI is payable for services provided by the other laboratory which performs the remainder of the estimations. A "specimen referred fee" is payable instead. One Approved Pathology Practitioner cannot claim both a PEI and a "specimen referred fee" in relation to the same patient episode.

Offence Not To Confirm An Oral Request

An Approved Pathology Practitioner who, without reasonable excuse, does not confirm in writing an oral request to another Approved Pathology Practitioner within fourteen days of making the oral request is guilty of an offence under the *Health Insurance Act 1973* punishable, upon conviction, by a fine not exceeding \$1000, and the request is deemed never to have been made.

P.2.3. PATHOLOGY TESTS NOT COVERED BY REQUEST

An Approved Pathology Practitioner, who has been requested to perform one or more pathology services, may consider it necessary, in the interest of the patient, that additional tests to those requested be carried out. The Approved Pathology Practitioner must discuss this need with the requesting practitioner, and if the requesting practitioner determines that additional tests are necessary, the Approved Pathology Practitioner must arrange with the requesting practitioner to forward an amended or second request for those services. The account will then be issued in the ordinary way and the additional services will attract benefits providing the Approved Pathology Practitioner is a recognised specialist pathologist.

P.3.1. DETAILS REQUIRED ON ACCOUNTS, RECEIPTS OR ASSIGNMENT FORMS

General

Medicare benefit is not payable in respect of a pathology service unless specified details are provided, by the practitioner rendering the service, on his or her account, receipt or assignment form.

P.3.2. APPROVED PATHOLOGY PRACTITIONERS

In addition to holding a request in writing from the treating medical or dental practitioner or from another Approved Pathology Practitioner, the following additional details must be recorded on the account, receipt or assignment form of the Approved Pathology Practitioner providing the service:

- (i) the surname and initials of the Approved Pathology Practitioner who performed the service and either his/her practice address or the provider number for the address;
- (ii) the name of the person to whom the service was rendered;
- (iii) the date on which the service was rendered;
- (iv) the name of the requesting practitioner; or in the case of a referred test, the name of the original requesting practitioner;
- (v) the date on which the request was made; or in the case of a referred test, the date on which the original request was made;
- (vi) the requesting practitioner's provider number;
- (vii) a description of the pathology service in words which are derived from the item description in the Schedule and are of sufficient detail to identify the specific test in the Schedule that was rendered. Instead of such a full description, the abbreviations contained in the index and the group abbreviations listed at PQ.4 are acceptable alternatives (see PQ.1);

- (viii) where the Approved Pathology Practitioner determines or provides a pathology service on his/her own patient, the account must be endorsed "sd"; and
- (ix) provide collection centre identification number if the specimen was collected in a licensed collection centre (or approved pathology collection centre).

Where some services are referred from one Approved Pathology Practitioner to another Approved Pathology Practitioner, the request details to be shown on the second Approved Pathology Practitioner's account, receipt or assignment form must be identical to those of the original requesting practitioner including the date of request.

P.3.3. PRESCRIBED PATHOLOGY SERVICES

For Prescribed Pathology Services (that is, pathology items in Group P9) the medical practitioner who renders the service must ensure his or her account, receipt or assignment form includes his or her name, address or provider number, the date of the service, and a description to clearly identify the service in the Schedule that was rendered.

If the service was determined necessary by another medical practitioner who is a member of the same group practice as the practitioner who rendered the service, the name of the requesting practitioner, sufficient to identify the practitioner from other practitioners in the same group practice with the same surname, must also be included together with the date on which the request was made.

P.4.1. INBUILT MULTIPLE SERVICES RULE

The term "Multiple Services Rule" (Rule 3 of the Pathology Services Table) describes an arrangement which places limits on the benefits payable for items in the Pathology Services Table depending on the range of services performed during a single patient episode. A patient episode is defined in PO.4 of these notes.

P.4.2. EXEMPTIONS

Under Rule 4 of the Pathology Services Table, exemptions to the multiple services rule have been granted for certain specified tests. In some circumstances tests which are repeated up to 6 times over a 24 hour period, or tests which are requested up to 6 times on a single request form and are performed within 6 months of the date of request may be eligible for separate Medicare benefits. The services to which the exemptions apply are listed under Rule 4.(1 and 2) and cover seriously or chronically ill patients who require particular tests under specified circumstances. In order to claim the exemptions, accounts should be endorsed "Rule 3 Exemption".

Where a practitioner seeks an exemption to the multiple services rule for a patient whose condition requires a series of pathology investigations at various times throughout any one day or over a longer period of time, and the services required are not exempted under Rule 4, an application for exemption can be made which is endorsed "S4B(3)". Some factors that the delegate of the Minister may take into consideration in approving an exemption are: the patient is seriously ill; there are distinct and separate collections and performances of tests; and the services involve substantial additional expenses for the Approved Pathology Practitioner. These, and other clinical details, should be supplied by the practitioner when seeking an S4B(3) exemption.

If Rule 3 exemptions are endorsed "S4B(3)", claim assessment could take longer as all S4B(3) claims are passed to the delegate for assessment. S4B(3) covers all exemptions to the multiple services rule but, where applicable, specific "Rule 3 exemption" endorsements will speed up the payment of claims. Rule 3 and S4B(3) exemptions cannot be used to overcome time based restrictions within items e.g. "... each test to a maximum of 4 tests in a 12 month period".

P.5.1. EPISODE CONE

Description of Rule 18

The term "Episode Cone" describes an arrangement under which Medicare benefits payable in a patient episode for a set of pathology services, containing more than three items, ordered by a general practitioner for a non-hospitalised patient, will be equivalent to the sum of the benefits for the three items with the highest Schedule fees. Further information on the episode coning arrangements is provided in PO.5 of these notes.

P.5.2. EXEMPTIONS

Some items are not included in the count of the items performed when applying episode coning. The items which have been exempted from the cone include all the items identified in Rule 18.(1)(d) and (e).

P.6.1. BULK BILLING INCENTIVES FOR EPISODES CONSISTING OF A P10 SERVICE

The Fees for items in Group P13 are additional payments for bulk billing a patient episode consisting of a pathology service to which a Group P10 item (Pathology Episode Initiation fee) applies.

P.6.2. PATIENT EPISODE INITIATION FEES (PEIS)

Items in Groups P10 of the Pathology Services Table are only applicable to services performed:

- (i) by or on behalf of an Approved Pathology Practitioner who is a recognised specialist pathologist; and
- (ii) in private practice.

Accordingly, these fees are not payable for pathology services rendered by an Approved Pathology Practitioner, being a specialist pathologist when requested for a privately referred out-patient of a recognised hospital.

The patient episode initiation fees (PEIs) will be applicable on an episodic basis i.e. a claim may be made for the provision of pathology services requested by a practitioner in respect of one individual on the same day. For example, if a practitioner orders three pathology tests for a person on the one day, Medicare benefits will be payable for each of those tests but only one PEI will be applicable.

This Rule applies even when the treating practitioner has requested pathology tests from two or more Approved Pathology Practitioners. Thus a PEI will only be paid for the first account submitted unless an exemption listed in Rule 4 or 14.(7) applies or an exemption has been granted under "S4B(3)".

Under Rule 14.(7) two PEIs are payable in relation to the same patient episode where a referring practitioner refers two different specimens to two different Approved Pathology Authorities in the following circumstances:

- a tissue pathology specimen and any other non-tissue pathology specimen; or
- a cytopathology specimen and any other non-cytopathology specimen.

Rule 14.(8) also provides that only one PEI will be paid for the collection of specimens from a patient on one day in or by a single Approved Pathology Authority.

The patient episode initiation benefits are two-tiered. Higher benefits are paid for the collection of specimens from patients who are not private inpatients or private outpatients of a recognised hospital where the specimens are tested in a private laboratory.

A lower and uniform PEI benefit is paid where patients are private patients associated with a recognised hospital and the specimens are tested in a private laboratory or where the testing is performed by a prescribed laboratory on specimen collected from a patient eligible to claim Medicare benefits.

P.6.3. PATIENT EPISODE INITIATION FEES FOR CERTAIN TISSUE PATHOLOGY AND CYTOLOGY ITEMS

Tissue Pathology items 72813, 72816, 72817, 72818, 72823, 72824, 72825, 72826, 72830 and 72836 and Cytology items 73053, 73055 and 73057 will be subject to a different patient episode initiation fee structure - items 73922 to 73939 refer.

P.6.4. HOSPITAL, GOVERNMENT ETC LABORATORIES

The following laboratories have been prescribed for the purposes of payment of Medicare benefits as outlined in paragraphs PF.2 and PF.3:

- (i) laboratories operated by the Australian Government (these include health laboratories operated by the Australian Government Department of Health and Ageing as well as the laboratories operated by other Departments, e.g. the Departments of Defence and Veterans' Affairs operate laboratories from which pathology services are provided);
- (ii) laboratories operated by a State Government or authority of a State (laboratories operated or associated with recognised hospitals are also included);
- (iii) laboratories operated by the Northern Territory and the Australian Capital Territory; and
- (iv) laboratories operated by Australian tertiary education institutions eg Universities.

P.7.1. ASSIGNMENT OF MEDICARE BENEFITS - PATIENT ASSIGNMENT

In addition to the general arrangements relating to the assignment of benefits, as outlined at paragraph 7 of the "General Explanatory Notes" in Section 1 of this book, it should be noted that, where the treating practitioner requests pathology services but the patient does not physically attend the Approved Pathology Practitioner, the patient may complete an assignment voucher at the time of the visit to the requesting doctor offering to assign benefits for the Approved Pathology Practitioner's services.

If an Approved Pathology Practitioner refers some of the tests requested by the treating practitioner to another Approved Pathology Authority, he/she should provide the second Approved Pathology Authority with a photocopy of the patient's assignment voucher so that the second Approved Pathology Authority can also direct-bill Medicare.

P.7.2. APPROVED PATHOLOGY PRACTITIONER ELIGIBILITY

If a practitioner requests an Approved Pathology Practitioner to perform a necessary pathology service, that Approved Pathology Practitioner must personally perform the service or have it performed on his/her behalf in order to be eligible to receive benefits by way of assignment. If, however, the first Approved Pathology Practitioner arranges for the service to be rendered by a second Approved Pathology Practitioner with the same Approved Pathology Authority, the second Approved Pathology Practitioner and not the first, is eligible to receive an assignment of the Medicare benefit for the service in question.

P.8.1. ACCREDITED PATHOLOGY LABORATORIES - NEED FOR ACCREDITATION

A pathology service will not attract Medicare benefits unless that service is provided in a pathology laboratory which is accredited for that kind of service. Details of the administration of the pathology laboratory accreditation arrangements are set out below.

P.8.2. APPLYING FOR ACCREDITATION

To become an Accredited Pathology Laboratory it is necessary to lodge a completed application form with the Manager, Pathology Section, Medicare Australia, PO Box 1001, TUGGERANONG ACT 2901. The prescribed fees for Approved Pathology Laboratories are:

- \$2500 for Category GX labs
- \$2000 for Category GY labs
- \$1500 for Category B labs
- \$ 750 for Category M & S labs.

It is necessary for an application for inspection be made to the National Association of Testing Authorities (NATA) NATA is the independent body chosen to act on the Australian Government's behalf as the primary inspection agency. The Royal Australian College of General Practitioners (RACGP) has also been appointed to inspect laboratories in Category M (general practitioner) in Victoria only.

Details of laboratory categories and associated supervisory requirements can be found on the Department's internet site (www.health.gov.au/pathology).

P.8.3. EFFECTIVE PERIOD OF ACCREDITATION

Accreditation takes effect from the date of approval by the Minister for Health and Ageing. The Minister has no power to backdate an approval. Transitional accreditation may be given pending full accreditation. An application and fee are required annually.

P.8.4. ASSESSMENT OF APPLICATIONS FOR ACCREDITATION

The principles of accreditation for pathology laboratories as determined by the Minister are used to assess applications for accreditation. These principles also require pathology laboratories to address National Pathology Accreditation Advisory Council standards. Copies of the principles and standards are available from the Secretariat, National Pathology Accreditation Advisory Council (see PH.6) on (02) 6289 4017 or email npaac@health.gov.au.

P.8.5. REFUSAL OF ACCREDITATION AND RIGHT OF REVIEW

An applicant who has been notified of the intention to refuse accreditation may, within 28 days of being notified, provide further information to the Minister which may be taken into consideration prior to a final decision being made.

Applicants refused accreditation or any person affected by the decision have the right to appeal to the Administrative Appeals Tribunal.

P.8.6. NATIONAL PATHOLOGY ACCREDITATION ADVISORY COUNCIL (NPAAC)

NPAAC was established in 1979. Its functions are to develop policy for accreditation of pathology laboratories, introduce and maintain uniform standards of practice in pathology services throughout Australia and initiate and coordinate educational programs in relation to pathology practice. The agencies used to inspect laboratories on the Australian Government's behalf are required to conduct inspections using the standards set down by NPAAC. For further information the NPAAC Secretariat can be contacted on (02) 6289 4017 or email npaac@health.gov.au.

P.8.7. CHANGE OF ADDRESS/LOCATION

Laboratories are accredited for the particular premises given on the application form. Where a laboratory is relocated to other premises, any previously issued approvals for that Accredited Pathology Laboratory lapse. Medicare benefits are not

payable for any pathology services performed at the new location until a new application has been approved by the Minister for Health and Ageing. Paragraph PH.2 sets out the method for applying for accreditation.

P.8.8. CHANGE OF OWNERSHIP OF A LABORATORY

Part of the assessment of an application for an Accredited Pathology Laboratory relates to the Approved Pathology Authority status. Where the ownership, or some other material change occurs affecting the laboratory, the Minister for Health and Ageing must be provided with those changed details. Medicare benefits will not be payable for any pathology services performed on any premises other than those premises for which approval has been given.

P.8.9. APPROVED COLLECTION CENTRES (ACC)

New arrangements for specimen collection centres commenced on 1 December 2001 and replaced the Licensed Collection Centre (LCC) Scheme.

To enable the payment of Medicare benefits for pathology services performed on pathology specimens collected in a collection centre, the centre must first be approved. The exception to this rule is collection centres on the premises of recognised hospitals (recognised hospital in this context means the same as "recognized hospital" in Part 1 Section 3 of the Health Insurance Act 1973) as they do not need approval.

In order for a collection centre to be approved, a public or private Approved Pathology Authority must submit a completed application form to Medicare Australia including details of the type of application (renewal, new or cancellation of collection centre), the location of the premises, the owner, and any leasing arrangements.

Application forms can be accessed by going to Medicare Australia website www.medicareaustralia.gov.au. Completed application forms and any enquiries should be forwarded to Pathology Registration, PO Box 9822 MELBOURNE VIC 3001.

P.9.1. APPROVED PATHOLOGY PRACTITIONERS

Introduction

A pathology service will not attract Medicare benefits unless that service is provided by or on behalf of an Approved Pathology Practitioner. (Approved Pathology Practitioners must be registered medical practitioners.) Set out below is information which relates to Approved Pathology Practitioner requirements.

P.9.2. APPLYING FOR ACCEPTANCE OF THE APPROVED PATHOLOGY PRACTITIONER UNDERTAKING

To apply for acceptance of an Approved Pathology Practitioner Undertaking, it is necessary to send:

- (i) a completed application for acceptance of an Approved Pathology Practitioner Undertaking; and
- (ii) a signed Approved Pathology Practitioner Undertaking to the Pathology Registration Co-ordinator, Medicare Australia, PO Box 9822 (in your capital city).

An application form, undertaking and associated literature can be obtained from the Pathology Registration Co-ordinator.

Payment of Acceptance Fee

On receipt of advice that the Minister has accepted an undertaking, a cheque for \$500 should be despatched to the Pathology Registration Co-ordinator. Applicants are required to pay this fee within 14 days of the notice being given (ie. the day the notice is sent).

As there is no discretion under the Health Insurance Act 1973 to accept late payments, failure to pay the fee within the required time means that:

- (i) acceptance of the undertaking will be revoked;
- (ii) a new application must be completed;
- (iii) acceptance of the new undertaking cannot be backdated; and
- (iv) there will therefore be a period during which Medicare benefits cannot be paid.

Reminder Process

In administering the Approved Pathology Authority and Approved Pathology Practitioner arrangements, Medicare Australia provides reminders to ensure that:

- (i) applicants whose undertaking are about to expire are aware of the consequences of late lodgement; and
- (ii) where the 14 day period for payment of fees is about to expire and the fees have not been paid, that applicants are aware of the consequences of failure to pay on time.

P.9.3. UNDERTAKINGS

Consideration of Undertakings

The Minister is unable to accept an undertaking from a person in respect of whom there is a determination in force that the person has breached the undertaking, or from a person who, if the undertaking were accepted, would be likely to carry on the business of a prescribed person or would enable a person to avoid the financial consequences of the disqualification (or likely disqualification) of that prescribed person. A 'prescribed person' includes, amongst other things, fully or partially disqualified persons (or persons likely to be so disqualified).

Similarly an undertaking cannot be accepted unless the Minister is satisfied that the person giving such undertaking is a fit and proper person to be an Approved Pathology Practitioner.

When an undertaking has been given, the Minister may require the person giving the undertaking to provide additional information within a fixed period of time and if the person does not comply the Minister may refuse to accept the undertaking.

Refusal of Undertaking and Rights of Review

Where the Minister refuses to accept an undertaking, for any of the reasons shown above, the Minister must notify the person of the decision. The notification must include advice of a right of internal review of the decision and a right of further appeal to the Administrative Appeals Tribunal if the internal review upholds the original decision to refuse the undertaking.

Effective Period of Undertaking

The following applies:

- (i) **Date of Effect** the earliest day from which the Minister or delegate can accept an undertaking is the day of the decision in respect of the undertaking. The day the undertaking is signed is to be the day it is actually signed and must not be backdated;
- (ii) **Period of Effect** in determining the period of effect of the undertaking the Minister shall, unless the Minister considers that special circumstances exist, determine that the period of effect shall be twelve months from the day on which the undertaking comes into force. There is a requirement for the Minister to notify persons giving undertakings of the period of time for which the undertaking is to have effect, and the notice is to advise persons whose interests are affected by the decision of their rights of appeal to the Administrative Appeals Tribunal against the Minister's decision;
- (iii) **Renewals** when an undertaking is given and accepted by the Minister while a former undertaking is current, the new undertaking does not take effect until the former undertaking ceases to be in force. When an undertaking is given while a former undertaking is current and the date on which the former undertaking is to expire passes without the Minister giving notice to accept or reject the new undertaking, the former undertaking remains in force until the Minister gives such notification. This provision does not apply when the renewal application is not received by Medicare Australia until after the expiry of the existing undertaking. Under these circumstances there will be a period during which Medicare benefits cannot be paid unless the new application can be backdated to the expiry of the previous undertaking. This is a limited discretion for periods up to one month and special conditions apply; and
- (iv) **Cessation of Undertaking** the undertaking ceases to be in force if it is terminated, if the Minister revokes acceptance of the undertaking, or if the period of effect for the undertaking expires whichever event first occurs.

An Approved Pathology Practitioner may terminate an undertaking at any time providing that the practitioner gives at least 30 days notice of his/her intention to do so.

P.9.4. OBLIGATIONS AND RESPONSIBILITIES OF APPROVED PATHOLOGY PRACTITIONERS

The requirements of the legislation and the undertaking impose a number of obligations and responsibilities on Approved Pathology Practitioners and the Minister. The more complex of these not already dealt with are considered in PK, PL and PM dealing with Breaches of Undertakings, Excessive Pathology Services and Personal Supervision.

P.10.1. APPROVED PATHOLOGY AUTHORITIES

Introduction

A pathology service will not attract Medicare benefits unless the proprietor of the laboratory in which the pathology service is performed is an Approved Pathology Authority. Following is information which relates to Approved Pathology Authority requirements.

P.10.2. APPLYING FOR ACCEPTANCE OF AN APPROVED PATHOLOGY AUTHORITY UNDERTAKING

To apply for acceptance of an Approved Pathology Authority Undertaking, it is necessary to send:

- (i) a completed application for acceptance of an Approved Pathology Authority Undertaking; and
- (ii) a signed Approved Pathology Authority Undertaking.

to the Manager Pathology Section, Health Insurance Section, PO Box 1001, Tuggeranong ACT 2901. Application forms, undertakings and associated literature can be obtained from the Pathology Registration Co-ordinator.

The application and the undertaking should be completed by the proprietor of the laboratory/ies and where the proprietor is not a natural person (e.g. company or partnership), an authorised representative/s should complete the forms. This proprietor can be:

- (i) a natural person;
- (ii) partners (natural persons and/or companies) in a partnership;
- (iii) a body corporate (i.e. a company); or
- (iv) a government authority (e.g. a public hospital).

Payment of Acceptance Fee

On receipt of advice that the Minister has accepted an undertaking, a cheque for \$1,500 should be dispatched within 14 days or the undertaking will be cancelled and the whole process begun again with a consequent gap in the payment of benefits.

P.10.3. UNDERTAKINGS

Consideration of Undertakings

The Minister is unable to accept undertakings from a person in respect of whom there is a determination in force that the person has breached the undertaking, or from a person who, if the undertaking were accepted, would be likely to carry on the business of a prescribed person or would enable a person to avoid the financial consequences of the disqualification (or likely disqualification) of that prescribed person. A 'prescribed person' includes, inter alia, fully or partially disqualified persons (or persons likely to be so disqualified).

Similarly an undertaking cannot be accepted unless the Minister is satisfied that the person giving such undertaking is a fit and proper person to be an Approved Pathology Authority.

When an undertaking has been given the Minister may require the person giving the undertaking to provide additional information within a specified period of time and if the person does not comply the Minister may refuse to accept the undertaking.

Refusal of Undertaking and Rights of Review

Where the Minister refuses to accept an undertaking, the Minister must notify the person of the decision. The notification must include advice of a right of internal review of the decision and a right of further appeal to the Administrative Appeals Tribunal if the internal review upholds the original decision to refuse the undertaking.

Effective Period of Undertaking

The following applies:

- (i) **Date of Effect** the earliest day from which the Minister or delegate can accept an undertaking is the day of the decision in respect of the undertaking. The day the undertaking is signed is to be the day it is actually signed and must not be backdated;
- (ii) **Period of Effect** in determining the period of effect of the undertaking the Minister shall, unless the Minister considers that special circumstances exist, determine that the period of effect shall be twelve months from the day on which the undertaking comes into force. There is a requirement for the Minister to notify persons giving an undertaking of the period of time for which the undertaking is to have effect, and the notice is to advise persons whose interests are affected by the decision of their rights of appeal to the Administrative Appeals Tribunal against the Minister's decision;
- (iii) **Renewals** when an undertaking is given and accepted by the Minister while a former undertaking is current, the new undertaking does not take effect until the former undertaking ceases to be in force. When an undertaking is given while a former undertaking is current and the date on which the former undertaking is to expire passes without the Minister giving notice to accept or reject the new undertaking, the former undertaking remains in force until the Minister gives such notification. This provision does not apply when the renewal application is not received by Medicare Australia until after the expiry of the existing undertaking. Under these circumstances there will be a period during which Medicare benefits cannot be paid unless the new application can be backdated to the expiry of the previous undertaking. This is a limited discretion for periods up to one month and special conditions apply; and
- (iv) **Cessation of Undertaking** the undertaking ceases to be in force if it is terminated, if the Minister revokes acceptance of the undertaking, or if the period of effect for the undertaking expires whichever event first occurs.

An Approved Pathology Authority may terminate an undertaking at any time providing that at least 30 days notice of the intention to terminate the undertaking is given.

P.10.4. OBLIGATIONS AND RESPONSIBILITIES OF APPROVED PATHOLOGY AUTHORITIES

The requirements of the legislation and the undertaking impose a number of obligations and responsibilities on Approved Pathology Authorities and the Minister. The more complex of these which have not already been covered are considered in paragraphs PK and PL dealing with Breaches of Undertakings and Excessive Pathology Services.

P.11.1. BREACHES OF UNDERTAKINGS

Notice Required

Where the Minister has reasonable grounds for believing that an Approved Pathology Practitioner or an Approved Pathology Authority has breached the undertaking, the Minister is required to give notice in writing to the person explaining the grounds for that belief and inviting the person to put a submission to the Minister to show cause why no further action should be taken in the matter.

P.11.2. DECISIONS BY MINISTER

Where a person provides a submission, the Minister may decide to take no further action against the person. Alternatively the Minister may refer the matter to a Medicare Participation Review Committee, notifying the grounds for believing that the undertaking has been breached. If after 28 days no submission has been received from the person, the Minister must refer that matter to the Committee.

P.11.3. APPEALS

The Minister is empowered to suspend an undertaking where notice has been given to a Medicare Participation Review Committee of its possible breach, pending the outcome of the Committee's proceedings. The Minister must give notice in writing to the person who provided the undertaking of the determination to suspend it, and the notice shall inform the person of a right of appeal against the determination to the Administrative Appeals Tribunal. The Minister may also publish a notice of a determination in the Public Service Gazette. Rights of appeal to the Administrative Appeals Tribunal also exist in respect of any determination made by a Medicare Participation Review Committee.

P.12.1. INITIATION OF EXCESSIVE PATHOLOGY SERVICES

Notice Required

Where the Minister has reasonable grounds for believing that a person, of a specified class of persons, has initiated, or caused or permitted the initiation of excessive pathology services the Minister is required to give notice in writing to the person explaining the grounds for the belief and inviting the person to put a submission to the Minister to show cause why no further action should be taken in the matter.

P.12.2. CLASSES OF PERSONS

The classes of persons are:

- (i) the practitioner who initiated the services;
- (ii) the employer of the practitioner who caused or permitted the practitioner to initiate the services; or
- (iii) an officer of the body corporate employing the practitioner who caused or permitted the practitioner to initiate the services.

P.12.3. DECISIONS BY MINISTER FOR HEALTH AND AGEING

Where a person provides a submission, the Minister may decide to take no further action against the person. Alternatively, the Minister may refer the matter to a Professional Services Review (PSR) Committee, notifying the grounds for believing that excessive pathology services have been initiated. If after 28 days no submission has been received from the person, the Minister must refer the matter to the Committee. The Minister must give to the person notice in writing of the decision.

P.12.4. APPEALS

Unlike the procedures relating to breaches of undertaking there is no power given to the Minister to determine a penalty. The Minister's role is either deciding to take no further action or referring the matter to a PSR Committee. Accordingly, there are no rights of appeal to the Administrative Appeals Tribunal applicable to the above procedures. However, rights of appeal to the Administrative Appeals Tribunal exist in respect of any determination made by a Medicare Participation Review Committee.

P.13.1. PERSONAL SUPERVISION

Introduction

The *Health Insurance Act 1973* provides that the form of undertaking to be given by an Approved Pathology Practitioner may make provision for pathology services carried out under the personal supervision of the Approved Pathology Practitioner.

P.13.2. EXTRACT FROM UNDERTAKING

The following is an extract from the Approved Pathology Practitioner (APP) undertaking:

Part 2 – Personal supervision

2.1 I acknowledge that it is my obligation, subject to Parts 2.2 and 2.4, personally to supervise any person who renders any service on my behalf and I undertake to accept personal responsibility for the rendering of that service under the following conditions of personal supervision:

- (i) Subject to the following conditions, I will usually be physically available in the laboratory while services are being provided at the laboratory;
- (ii) I may, subject to paragraph (vi) below, be physically absent from the laboratory while services are being rendered outside its normal hours of operation but in that event I will leave with the person rendering the service particulars of the manner in which I may be contacted while the service is being rendered and I must be able to personally attend at the laboratory while the service is being rendered or formally designate another APP present while I am absent;
- (iii) I may, subject to paragraph (vi) below, be absent from the laboratory for brief periods due to illness or other personal necessity, or to take part in activities which, in accordance with normal and accepted practice, relate to the provision of services by that laboratory;
- (iv) I will personally keep a written log of my absences from the laboratory that extend beyond one workday in respect of that laboratory and will retain that log in the laboratory for 18 months from date of last entry;
- (v) If I am to be absent from the laboratory for more than 7 consecutive workdays, I will arrange for another APP to personally supervise the rendering of services in the laboratory. That arrangement shall be recorded in writing and retained in the laboratory for 18 months from date of last entry. Until such person is appointed, and his or her appointment is recorded in writing, I will remain personally responsible to comply with this undertaking;
- (vi) If a service is being rendered on my behalf by a person who is not:
 - (a) a medical practitioner;
 - (b) a scientist; or
 - (c) a person having special qualifications or skills relevant to the service being rendered;and no person in the above groups is physically present in the laboratory, then I must be physically present in the laboratory and closely supervise the rendering of the service;
- (vii) I accept responsibility for taking all reasonable steps to ensure that in regard to services rendered by me or on my behalf:
 - (a) all persons who render services are adequately trained;
 - (b) all services which are to be rendered in the laboratory are allocated to persons employed by the APA and, these persons shall have appropriate qualifications and experience to render the services;
 - (c) the methods and procedures in operation in the laboratory for the purpose of rendering services are in accordance with proper and correct practices;
 - (d) for services rendered, proper quality control methods are established and reviewed to ensure their reliability and effectiveness; and
 - (e) results of services and tests rendered are accurately recorded and sent to the treating practitioner and, where applicable, a referring practitioner;
- (viii) If I perform, or there is performed on my behalf, a service which consists of the analysis of a specimen which I know, or have reason to believe, has been taken other than in accordance with the provisions of section 16A(5AA) of the Act I will endorse, or cause to be endorsed, on the assignment form or the account for that service, as the case may be, particulars of the circumstances in which I believe, or have reason to believe, the specimen was taken.

2.2 Where services are to be rendered on my behalf in a Category B laboratory as defined in the Health Insurance (Accredited Pathology Laboratories – Approval) Principles 2002, I undertake to take all reasonable measures to ensure that the service is rendered under the supervision of an appropriate person as required by those Principles as in force from time to time.

2.3 I acknowledge to the best of my ability that any act or omission by a person, when acting with my authority, whether express or implied, that would, had it been done by me, have resulted in a breach of this undertaking, constitutes a breach of this undertaking by me.

2.4 Parts 2.1(i) to 2.1(vi) and 2.2 of this undertaking do not apply where a laboratory is limited to services (and associated equipment for those services) as detailed in Schedule 3.

P.13.3. NOTES ON THE ABOVE

Part 2 of the APP Undertaking outlines the requirements for the personal supervision by an Approved Pathology Practitioner where a pathology service is rendered by another person on behalf of the APP. It should be noted that "on behalf of" does not relieve an Approved Pathology Practitioner of professional responsibility for the service or from being personally involved in the supervision of services in the laboratory.

P.14.1. CHANGES TO THE PATHOLOGY SERVICES TABLE

Health Insurance Regulations

The *Health Insurance Act 1973* allows the Minister for Health and Ageing to determine an appropriate Pathology Services Table which is then prescribed by Regulation.

The Minister has established the Pathology Services Table Committee (PSTC) to assist in determining changes to the Table (except new medical services and technologies - see below). Any person or organisation seeking to make a submission to this Committee can contact the PSTC Secretariat on (02) 6289 4080 or e-mail pstc.secretariat@health.gov.au and/or write to: Secretary, PSTC, MDP 107, Department of Health and Ageing, GPO Box 9848, CANBERRA ACT 2601.

Pathology submissions relating to new medical services and technologies should be forwarded to the Medical Services Advisory Committee (MSAC). MSAC has been established to advise the Minister on the strength of evidence pertaining to new and emerging medical technologies and procedures in relation to their safety, effectiveness and cost effectiveness, and under what circumstances public funding should be supported.

Any person or organisation seeking to make a submission to MSAC can contact the MSAC Secretariat on (02) 6289 6811 or email msac.secretariat@health.gov.au and/or write to: MSAC Secretariat, Australian Government, Department of Health and Ageing, MDP 106, GPO Box 9848, CANBERRA ACT 2601. The application form and guidelines for applying can also be obtained from MSAC's website – www.msac.gov.au

P.15.1. EXPLANATORY NOTES - DEFINITIONS

Excessive Pathology Service

This means a pathology service for which a Medicare benefit has become or may become payable and which is not reasonably necessary for the adequate medical or dental care of the patient concerned.

P.15.2. GROUP OF PRACTITIONERS

This means:

- (i) a practitioner conducting a medical practice or a dental practice, or a participating nurse practitioner practice, or a participating midwife practice together with another practitioner, or other practitioners, participating (whether as employees or otherwise) in the provision of professional services as part of that practice; or
- (ii) two or more practitioners conducting a medical practice or a dental practice, or a participating nurse practitioner practice, or a participating midwife practice as partners; or
- (iii) those partners together with any other practitioner who participates (whether as an employee or otherwise) in the provision of professional services as part of that practice.

P.15.3. INITIATE

In relation to a pathology service this means to request the provision of pathology services for a patient.

P.15.4. PATIENT EPISODE

A patient episode comprises a pathology service or services specified in one or more items which are provided for a single patient, the need for which was determined under subsection 16A(1) of the Act on the same day, whether they were provided by one or more approved pathology practitioners on one day or over several days and whether they are requested by one or more treating practitioners. Even if a treating practitioner writes separate request forms to cover the collection of specimens at different times, where the decision to collect the multiple specimens was made at the same time, the multiple tests are deemed to belong to the same patient episode. In addition, if more than one request is made, on the same or different days, for tests on the same specimen within 14 days, they are part of the same patient episode.

Rule 4 of the Pathology Services Table provides an exemption to the above and enables services requested on one day which are performed under strictly limited circumstances for seriously or chronically ill patients with certain specified conditions to each be classified as a patient episode. See PD.2 for further information on exemptions.

Rule 14.(8) also provides that only a single patient episode initiation fee will be payable for all the specimens collected on one day from one patient in or by one Approved Pathology Authority.

P.15.5. EPISODE CONE

The episode cone is an arrangement, described in Rule 18, which effectively places an upper limit on the number of items for which Medicare benefits are payable in a patient episode. This cone only applies to services requested by general practitioners for their non-hospitalised patients. Pathology services requested for hospital in-patients, or ordered by specialists, are not subject to these coning arrangements.

When more than 3 items are requested by a general practitioner in a patient episode, the benefits payable will be equivalent to the sum of the benefits for the three items with the highest Schedule fees. Rule 18 provides that for the two items with the highest Schedule fees, Medicare benefits will be payable for each item. The remaining items are regarded as one service for which the benefit payable will be equivalent to that for the item with the third highest Schedule fee. Where items have the same Schedule fee, their item numbers are used as an artificial means to rank them.

The episode cone will apply even when the pathology services in a patient episode are performed by 2 or more Approved Pathology Authorities, with the exception of the services listed below.

The following items are not included in the count of the items performed when applying the episode cone:

- (i) all the items in Groups P10, P11, P12 and P13;
- (ii) Pap smear testing (items 73053 and 73055);
- (iii) all the items detailed at Rule 18 (e) (items 65079, 65082, 65157, 65158, 65166, 65180, 65181, 66606, 66609, 66639, 66642, 66651, 66652, 66663, 66666, 66696, 66697, 66714, 66715, 66723, 66724, 66780, 66783, 66789, 66790, 66792, 66804, 66805, 66816, 66817, 66820, 66821, 66826, 66827, 69325, 69328, 69331, 69379, 69383, 69400, 69401, 69419, 69451, 69500, 69489, 69492, 69497, 69498, 71076, 71090, 71092, 71096, 71148, 71154, 71156, 71169, 71170, 73309, 73312, 73315, 73318);
- (iv) supplementary test for Hepatitis B and Hepatitis C (item 69484); and
- (v) the carbon-labelled urea breath test to confirm or monitor *Helicobacter pylori* (item 66900).

P.15.6. PERSONAL SUPERVISION

This means that an Approved Pathology Practitioner will, to the fullest extent possible, be responsible for exercising an acceptable level of control over the rendering of pathology services. See PM.1 to PM.3 for a full description of the responsibilities involved in personal supervision.

P.15.7. PRESCRIBED PATHOLOGY SERVICE

These are simple basic pathology services which are included in Group P9 and may be performed by a medical practitioner in the practitioner's surgery without the need to obtain Approved Pathology Authority, Approved Pathology Practitioner or Accredited Pathology Laboratory status.

P.15.8. PROPRIETOR OF A LABORATORY

This means in relation to a pathology laboratory the person, authority or body of persons having effective control of:

- (i) the laboratory premises, whether or not the holder of an estate or interest in the premises;
- (ii) the use of equipment used in the laboratory; and
- (iii) the employment of staff in the laboratory.

P.15.9. SPECIALIST PATHOLOGIST

This means a medical practitioner recognised for the purposes of the Health Insurance Act 1973 as a specialist in pathology (see 5.1 of the "General Explanatory Notes" in Section 1 of this book). The principal specialty of pathology includes a number of sectional specialties. Accordingly, a medical practitioner who is recognised as a specialist in a sectional specialty of pathology is recognised as a specialist pathologist for this purpose.

P.15.10. DESIGNATED PATHOLOGY SERVICE

This means a pathology service specified in items 65150, 65175, 66650, 66695, 66711, 66722, 66785, 66800, 66812, 66819, 66825, 69384, 69494, 71089, 71153 or 71165. Where one Approved Pathology Practitioner in an Approved Pathology Authority has performed some but not all the estimations in a coned item and has requested another Approved Pathology Practitioner in another Approved Pathology Authority to do the rest, the service provided by the second practitioner is deemed to be the "designated pathology service". Thus the first practitioner claims under the appropriate item for the services which he/she provides while the second practitioner claims one of items 65150, 65175, 66650, 66695, 66711, 66722, 66785, 66800, 66812, 66819, 66825, 69384, 69494, 71089, 71153 or 71165. Where one Approved Pathology Practitioner in an Approved Pathology Authority has performed some, but not all estimations and has requested another Approved Pathology Practitioner in another Approved Pathology Authority to do the remainder, the first Approved

Pathology Practitioner can raise a "patient episode initiation fee". The second Approved Pathology Practitioner who receives the specimen can raise a "specimen referred fee".

P.16.1. INTERPRETATION OF THE SCHEDULE - ITEMS REFERRING TO 'THE DETECTION OF'

Items that contain the term 'detection of' should be taken to mean 'testing for the presence of'.

P.16.2. BLOOD GROUPING - (ITEM 65096)

Where a request includes 'Group and Hold' or 'Group and Save', the appropriate item is 65096.

P.16.3. GLYCOSYLATED HAEMOGLOBIN - (ITEM 66551)

The requirement of "established diabetes" in this item may be satisfied by:

- (a) a statement of the diagnosis by the ordering practitioner on the current request form or on a previous request form held in the database of the Approved Pathology Authority; or
- (b) two or more blood glucose levels that are in the diabetic range and is contained in the database of the Approved Pathology Authority; or
- (c) an oral glucose tolerance test result that is in the diabetic range and is contained in the database of the Approved Pathology Authority.

P.16.4. IRON STUDIES - (ITEM 66596)

Where a request includes 'Iron Studies', 'IS', 'Fe', '% saturation' or 'Iron', the relevant item is 66596.

P.16.5. FAECAL OCCULT BLOOD - (ITEMS 66764 TO 66770)

P.16.6. ANTIBIOTICS/ANTIMICROBIAL CHEMOTHERAPEUTIC AGENTS

A test for the quantitation of antibiotics/antimicrobial chemotherapeutic agents is claimable under item 66800 or 66812 - 'quantitation of a drug being used therapeutically'.

P.16.7. HUMAN IMMUNODEFICIENCY VIRUS (HIV) DIAGNOSTIC TESTS - (INCLUDED IN ITEMS 69384, 69387, 69390, 69393, 69396, 69405, 69408, 69411, 69413 AND 69415)

Prior to ordering an HIV diagnostics tests (included in items 69384, 69387, 69390, 69393, 69396, 69405, 69408, 69411, 69413, 69415) the ordering practitioner should ensure that the patient has given informed consent. Appropriate discussion should be provided to the patient. Further discussion may be necessary upon receipt of the test results.

P.16.8. HEPATITIS - (ITEM 69481)

Benefits for item 69481 are payable only if the request from the ordering practitioner indicates in writing that the patient is suspected of suffering from acute or chronic hepatitis; either by the use of the provisional diagnosis of hepatitis or by relevant clinical or laboratory information eg "hepatomegaly", "jaundice" or "abnormal liver function tests".

P.16.9. EOSINOPHIL CATIONIC PROTEIN - (ITEM 71095)

Item 71095 applies to children aged less than 12 years who cannot be reliably monitored by spirometry or flowmeter readings.

P.16.10. TISSUE PATHOLOGY AND CYTOLOGY - (ITEMS 72813 TO 73061)

When services described in Group P5 need to be performed upon material which is submitted for cytology items listed in Group P6 only the fee for the P6 item can be claimed.

P.16.11. CERVICAL AND VAGINAL CYTOLOGY - (ITEMS 73053 TO 73057)

Item 73053 applies to the cytological examination of cervical smears collected from women with no symptoms, signs or recent history suggestive of cervical neoplasia as part of routine, biennial examination for the detection of pre-cancerous or cancerous changes. This item also applies to smears repeated due to an unsatisfactory routine smear, or if there is inadequate information provided to use item 73055.

Cytological examinations carried out under item 73053 should be in accordance with the agreed National Policy on Screening for the Prevention of Cervical Cancer. This policy provides for:

- (i) an examination interval of two years for women who have no symptoms or history suggestive of abnormal cervical cytology, commencing between the ages of 18 to 20 years, or one to two years after first sexual intercourse, whichever is later; and
- (ii) cessation of cervical smears at 70 years for women who have had two normal results within the last five years. Women over 70 who have never been examined, or who request a cervical smear, should be examined.

This policy has been endorsed by the Royal Australian College of General Practitioners, the Royal Australian College of Obstetricians and Gynaecologists, The Royal College of Pathologists of Australasia, the Australian Cancer Society and the National Health and Medical Research Council.

The *Health Insurance Act 1973* excludes payment of Medicare benefits for health screening services except where Ministerial directions have been issued to enable benefits to be paid, such as the Papanicolaou test. As there is now an established policy which has the support of the relevant professional bodies, routine screening in accordance with the policy will be regarded as good medical practice.

The screening policy will not be used as a basis for determining eligibility for benefits. However, the policy will be used as a guide for reviewing practitioner profiles.

Item 73055 applies to cervical cytological examinations where the smear has been collected for the purpose of management, follow up or investigation of a previous abnormal cytology report, or collected from women with symptoms, signs or recent history suggestive of abnormal cervical cytology.

Items 73057 applies to all vaginal cytological examinations, whether for a routine examination or for the follow up or management of a previously detected abnormal smear.

For cervical smears, treating practitioners are asked to clearly identify on the request form to the pathologist, by item number, if the smear has been taken as a routine examination or for the management of a previously detected abnormality.

P.16.12. FRAGILE X (A) TESTS - (ITEMS 73300 AND 73305)

Prior to ordering these tests (73300 and 73305) the ordering practitioner should ensure the patient has given informed consent. Appropriate genetic counselling should be provided to the patient either by the treating practitioner, a genetic counselling service or by a clinical geneticist on referral. Further counselling may be necessary upon receipt of the test results.

P.16.13. ADDITIONAL BULK BILLING PAYMENT FOR PATHOLOGY SERVICES - (ITEM 74990 AND 74991)

Item 74990 operates in the same way as item 10990 and item 74991 operates in the same way as item 10991, apart from the following differences:

- Item 74990 and 74991 can only be used in conjunction with items in the Pathology Services Table of the MBS;
- Item 74990 and 74991 applies to unreferral pathology services performed by a medical practitioner which are included in Group P9 of the Pathology Services Table, and unreferral pathology services provided by category M laboratories;
- Item 74990 and item 74991 applies to pathology services self determined by general practitioners and specialists with dual qualifications acting in their capacity as general practitioners;
- Specialists and consultant physicians who provide pathology services are not able to claim item 74990 or item 74991 unless, for the purposes of the Health Insurance Act, the medical practitioner is also a general practitioner and the service provided by the medical practitioner has not been referred to that practitioner by another medical practitioner or person with referring rights.

Rules 3 and 18 of the *Health Insurance (Pathology Services Table) Regulations 2003* have been amended to exclude item 74990 and 74991 from the Multiple Services Rule and the Coning Rule.

Item 74991 can only be used where the service is provided at, or from, a practice location in a regional, rural or remote area (RRMA 3 to 7 under the Rural Remote Metropolitan Areas classification system), or in all of Tasmania.

P.16.14. TRANSFER OF EXISTING ITEMS FROM GROUP P1 (HAEMATOLOGY) TO GROUP P7 GENETICS EFFECTIVE 1 MAY 2006.

P16.14 has been created to note the transfer of existing items from Group P1 (Haematology) items 65168, 65174, 65200 and item 66794 from Group P2 (Chemistry) to Group P7 (Genetics) as items 73308, 73311, 73314, 73317 and the introduction of the new item in Group P7 (Genetics) item 73320 HLA-B27 typing by nucleic acid amplification (NAA) which was effective as of 1 May 2006.

P.17.1. ABBREVIATIONS, GROUPS OF TESTS

As stated at P3.2 of the Outline, details that must be recorded on accounts, receipts or assignment forms of an Approved Pathology Practitioner/Authority include a description of the pathology service that is of sufficient detail to identify the specific service rendered. The lists of abbreviations for group tests are contained in PQ.4. The lists of abbreviations for individual tests are contained in the Index to this Section. The abbreviations are provided to allow users to identify and refer to particular pathology services, or particular groups of pathology services, more accurately and conveniently.

The above requirements may be used for billing purposes but treating practitioners requesting pathology services are encouraged to use the approved abbreviations. In this regard treating practitioners should note that:

- pathology services cannot be self determined by a rendering pathologist responding to a request. This places the onus for medical necessity on the treating practitioner who, in normal circumstances would, if he or she was unclear in deciding the appropriate test for a clinical situation, consult a pathologist for assistance; and
- Approved Pathology Practitioners/Authorities undertake not to issue accounts etc unless the pathology service was rendered in response to an unambiguous request.

P.17.2. TESTS NOT LISTED

Tests which are not listed in the Pathology Services Table do not attract Medicare benefits. As explained at PN.1 of the Outline, changes to the Pathology Services Table can only be made by the Minister for Health and Ageing.

P.17.3. AUDIT OF CLAIMS

Medicare Australia is undertaking routine audits of claims for pathology benefits against requested services to ensure compliance with the provisions of the Health Insurance Act 1973.

P.17.4. GROUPS OF TESTS

For the purposes of recording a description of the pathology service on accounts etc, an Approved Pathology Practitioner /Authority may use group abbreviations or group descriptions for the following specified groups of tests. These groups consist of two or more tests within the same item. These groups exclude abbreviations such as MBA and TORCH.

Treating practitioners are encouraged to use these group abbreviations or group descriptions where appropriate.

For ease of identification of group tests, it is recommended that practitioners use the following abbreviations. Tests requested individually may attract Medicare benefits.

Group	Estimations included in Group	Group Abbreviation	Item Numbers
Cardiac enzymes or cardiac markers	Creatine kinase isoemzymes, Myoglobin, Troponin	CE / CM	66518, 66519
Coagulation studies	Full blood count, Prothrombin time, Activated partial thromboplastin time and two or more of the following tests – Fibrinogen, Thrombin, Clotting time, Fibrinogen degradation products, Fibrin monomer, D-dimer factor XIII screening tests	COAG	65129, 65070
Electrolytes	Sodium (NA), Potassium (K), Chloride (CL) and Bicarbonate (HCO ₃)	E	66509
Full Blood Examination	Erythrocyte count, Haematocrit, Haemoglobin, Platelet count, Red cell count, Leucocyte count, Manual or instrument generated differential, Morphological assessment of blood film where appropriate	FBE, FBC, CBC	65070
Lipid studies	Cholesterol (CHOL) and Triglycerides (TRIG)	FATS	66503
Liver function tests	Alkaline phosphatase (ALP), Alanine aminotransferase (ALT), Aspartate aminotransferase (AST), Albumin (ALB), Bilirubin (BIL), Gamma glutamyl transpeptidase (GGT), Lactate dehydrogenase (LDH), and Protein (PROT)	LFT	66512
Syphilis serology	Rapid plasma regain test (RPR), or Venereal disease research laboratory test (VDRL), and Treponema pallidum haemagglutinin test (TPHA), or Fluorescent	STS	69387

Group	Estimations included in Group	Group Abbreviation	Item Numbers
	treponemal antibody-absorption test (FTA)		
Urea, Electrolytes, Creatinine	Urea, Electrolytes, Creatinine	U&E	66512

P.18.1. COMPLEXITY LEVELS FOR HISTOPATHOLOGY ITEMS

Only one of these histopathology examination items (72813, 72816, 72817, 72818, 72823, 72824, 72825, 72826, 72827, 72828, 72830, 72836 and 72838) can be claimed in a patient episode.

The remaining items (72844, 72846, 72847, 72848, 72849, 72850, 72851, 72852, 72855, 72856 and 72857) are add-on items, covering enzyme histochemistry and immunohistochemistry, electron microscopy and frozen sections, which can be claimed in addition to the main item.

The list of complexity levels by type of specimen are contained at the back of this Section.

P.19.1. PATHOLOGY SERVICES TABLE

Rules for the Interpretation of the Pathology Services Table

Please note that in the Health Insurance (Pathology Services Table) Regulations 2010 (effective 1 November 2010) rules and sub-rules are referred to as clauses and sub-clauses. In addition in the Regulations a rule that refers to specific items within a pathology group, for example Group P1 Haematology, is listed directly above the Schedule of Services for that group. A table cross referencing the following rules with the clauses in the Regulations is at the end of this section.

1. (1) In this table

patient episode means:

(a) a pathology service or pathology services (other than a pathology service to which paragraph 1 (1) (b) refers) provided for a single patient whose need for the service or services was determined under section 16A of the Act:

- (i) on the same day; or
- (ii) if more than 1 test is performed on the 1 specimen within 14 days - on the same or different days;

whether the services:

- (iii) are requested by 1 or more practitioners; or
- (iv) are described in a single item or in more than 1 item; or
- (v) are rendered by 1 approved pathology practitioner or more than 1 approved pathology practitioner; or
- (vi) are rendered on the same or different days; or

(b) a pathology service to which rule 4 refers that is provided in the circumstances set out in that rule that relates to the service.

receiving APP means an approved pathology practitioner in an approved pathology authority who performs one or more pathology services in respect of a single patient episode following receipt of a request for those services from a referring APP.

recognised pathologist means a medical practitioner recognised as a specialist in pathology by a determination under section 3D, 3DB or 3E of the Act.

referring APP means an approved pathology practitioner in an approved pathology authority who:

- (i) has been requested to render 1 or more pathology services, all of which are requested in a single patient episode; and
- (ii) is unable, because of the lack of facilities in, or expertise or experience of the staff of, the laboratory of the authority, to render 1 or more of the pathology services; and
- (iii) requests an approved pathology practitioner (the **receiving APP**) in another approved pathology authority to render the pathology service or services that the referring APP is unable to render; and
- (iv) renders each pathology service (if any) included in that patient episode, other than the pathology service or services in respect of which the request mentioned in subparagraph (iii) is made.

serial examinations means a series of examinations requested on 1 occasion whether or not:

- (a) the materials are received on different days by the approved pathology practitioner; or
- (b) the examinations or cultures were requested on 1 or more request forms by the treating practitioner.

the Act means the *Health Insurance Act 1973*.

1. (2) In these rules, a reference to a request to an approved pathology practitioner includes a reference to a request for a pathologist-determinable service to which subsection 16A (6) of the Act applies.
1. (3) A reference in this table by number to an item that is not included in this table is a reference to the item that has that number in the general medical services table or the diagnostic imaging services table, as the case requires.
1. (4) A reference to a **Group** in the table includes every item in the Group and a reference to a **Subgroup** in the table includes every item in the Subgroup.

Precedence of items

2. (1) If a service is described:
 - (a) in an item in general terms; and
 - (b) in another item in specific terms;
 only the item that describes the service in specific terms applies to the service.
2. (2) Subject to subrule (3), if:
 - (a) subrule (1) does not apply; and
 - (b) a service is described in 2 or more items;
 only the item that provides the lower or lowest fee for the service applies to the service.
2. (3) If an item is expressed to include a pathology service that is described in another item, the other item does not apply to the service in addition to the first-mentioned item, whether or not the services described in the 2 items are requested separately.

Application of item 74990 and 74991

2. (4) Despite subrules (1), (2) and (3):
 - (a) if the pathology service described in item 74991 is provided to a person, either that item or item 74990, but not both those items, applies to the service; and
 - (b) if item 74990 or 74991 applies to a pathology service, the fee specified in that item applies in addition to the fee specified in any other item in the table that applies to the service.
2. (5) For items 74990 and 74991:

bulk-billed, in relation to a pathology service, means:

 - (a) a medicare benefit is payable to a person in respect of the service; and
 - (b) under an agreement entered into under section 20A of the Act:
 - (i) the person assigns to the practitioner by whom, or on whose behalf, the service is provided, his or her right to the payment of the medicare benefit; and
 - (ii) the practitioner accepts the assignment in full payment of his or her fee for the service provided.

Commonwealth concession card holder means a person who is a concessional beneficiary within the meaning given by subsection 84 (1) of the *National Health Act 1953*.

unreferred service means a pathology service that:

- (a) is provided to a person by, or on behalf of, a medical practitioner, being a medical practitioner who is not a consultant physician, or specialist, in any speciality (other than a medical practitioner who is, for the purposes of the Act, both a general practitioner and a consultant physician, or specialist, in a particular speciality); and
 - (b) has not been referred to the medical practitioner by another medical practitioner or person with referring rights.
2. (6) For item 74991:

ASGC means the document titled Australian Standard Geographical Classification (ASGC) 2002, published by the Australian Bureau of Statistics, as in force on 1 July 2002.

practice location, in relation to the provision of a pathology service, means the place of practice in respect of which the practitioner by whom, or on whose behalf, the service is provided, has been allocated a provider number by the Commission.

Regional, rural or remote area means an area classified as RRMA 3-7 under the Rural, Remote and Metropolitan Areas Classification.

Rural, Remote and Metropolitan Areas Classification has the meaning given by subrule 3 (1) of Part 2 of Schedule 1 to the general medical services table.

SLA means a Statistical Local Area specified in the ASGC.

SSD mean a Statistical Subdivision specified in the ASGC.

Circumstances in which services rendered following 2 requests to be taken to have been rendered following 1 request

3. (1) In subrule 3(2), **service** includes assay, estimation and test.
3. (2) Two or more pathology services (other than services to which, under rule 4, this rule does not apply) rendered for a patient following 2 or more requests are taken to have been rendered following a single request if:
- (a) the services are listed in the same item; and
 - (ab) that item is not item 74990 or 74991; and
 - (b) the patient's need for the services was determined under subsection 16A (1) of the Act on the same day even if the services are rendered by an approved pathology practitioner on more than one day.

Services to which rule 3 does not apply

4. (1) Rule 3 does not apply to a pathology service described in item 65060, 65070, 65120, 65123, 65126, 65129, 65150, 65153, 65156, 66500, 66503, 66506, 66509, 66512, 66584 or 66800, if:
- (a) the service is rendered in relation to one or more specimens taken on each of not more than 6 separate occasions in a period of 24 hours; and
 - (b) the service is rendered to an inpatient in a hospital; and
 - (c) each service must be rendered as soon as possible after collection and after authorization of the result of the previous specimen; and
 - (d) the account for the service is endorsed 'Rule 3 Exemption'.
4. (2) Rule 3 does not apply to any of the following pathology services:
- (a) estimation of prothrombin time (INR) in respect of a patient undergoing anticoagulant therapy;
 - (b) quantitative estimation of lithium in respect of a patient undergoing lithium therapy;
 - (c) a service described in item 65070 in relation to a patient undergoing chemotherapy for neoplastic disease or immunosuppressant therapy;
 - (d) a service described in item 65070 in relation to clozaril, ticlopidine hydrochloride, methotrexate, gold, sulphasalazine or penicillamine therapy of a patient;
 - (e) a service described in item 66500 - 66512 in relation to methotrexate or leflunomide therapy of a patient;
 - (f) quantitative estimation of urea, creatinine and electrolytes in relation to:
 - (i) cis-platinum or cyclosporin therapy of a patient; or
 - (ii) chronic renal failure of a patient being treated in a dialysis program conducted by a recognised hospital;
 - (g) quantitative estimation of albumin and calcium in relation to therapy of a patient with vitamin D, its metabolites or analogues;
 - (h) quantitative estimation of calcium, phosphate, magnesium, urea, creatinine and electrolytes in cancer patients receiving bisphosphonate infusions.
- if:
- (i) under a request for a service, other than a request for a service described in paragraph (a), no more than 6 tests are requested; and
 - (ii) the tests are performed within 6 months of the request; and
 - (iii) the account for the service is endorsed "Rule 3 Exemption".
4. (3) Rule 3 does not apply to a pathology service described in items 65109 or 65110 if:
- (a) The service is rendered on not more than 5 separate occasions in the case of item 65109 and 2 separate occasions in the case of item 65110 in a period of 24 hours; and
 - (b) The service is rendered in response to a written request separated in time from the previous request; and
 - (c) The account for the service is endorsed "Rule 3 Exemption".

Item taken to refer only to the first service of a particular kind

5. (1) For an item in Group P1 (Haematology):
- (a) if pathology services of a kind referred to in item 65090 or 65093 are rendered for a patient during a period when the patient is in hospital, the item applies only to the first pathology service of that kind rendered for the patient during the period; and
 - (b) if:
 - (i) tests (except tests mentioned in item 65099, 65102, 65105 and 65108) are carried out in relation to a patient episode; and
 - (ii) specimen material from the patient episode is stored; and
 - (iii) in response to a request made within 14 days of the patient episode, further tests (except tests mentioned in item 65099, 65102, 65105 and 65108) are carried out on the stored material; the later tests and the earlier tests are taken to be part of one patient episode.
5. (2) Benefits for items 65102 and 65108 are payable only if a minimum of 6 units are issued for the patient's care in any 1 day.
- 5.(3) For items 65099 and 65102:
compatibility tests by crossmatch means that, in addition to all the tests described in paragraphs (a) and (b) of the item, donor red cells from each unit must have been tested directly against the serum of the patient by 1 or more accepted crossmatching techniques.

Certain items not to apply to a service referred by one pathology practitioner to another

6. (1) In this rule:

designated pathology service means a pathology service in respect of tests relating to a single patient episode that are tests of the kind described in item 65150, 65175, 66650, 66695, 66711, 66722, 66785, 66800, 66812, 66819, 66825, 69384, 69494, 71089, 71153 or 71165.

6. (2) This rule applies in respect of a designated pathology service where:
- (a) an approved pathology practitioner (**practitioner A**) in an approved pathology authority:
 - (i) has been requested to render the designated pathology service; and
 - (ii) is unable, because of the lack of facilities in, or expertise or experience of the staff of, the laboratory of the authority, to render 1 or more of the tests included in the service; and
 - (iii) requests an approved pathology practitioner (**practitioner B**) in another approved pathology authority to render the test or tests that practitioner A is unable to render; and
 - (iv) renders each test (if any) included in the service, other than the test or tests in respect of which the request mentioned in subparagraph (iii) is made; and
 - (b) the tests mentioned in subparagraph (a) (iv) that practitioner A renders are not tests constituting a service described in item 65156, 65179, 66653, 66712, 66734, 66788, 66806, 66815, 66822, 66828, 69496, 71093, 71159 or 71168.
6. (3) If this rule applies in respect of a designated pathology service:
- (a) item 65150, 65153, 65175, 65176, 65177, 65178, 66650, 66695, 66698, 66701, 66704, 66707, 66711, 66722, 66725, 66728, 66731, 66785, 66800, 66803, 66812, 66819, 66825, 69384, 69387, 69390, 69393, 69396, 69494, 69495, 71089, 71091, 71153, 71155, 71157, 71165, 71166 or 71167 (as the case requires) applies in respect of the test or tests rendered by practitioner A; and
 - (b) where practitioner B renders a service under a request referred to in subparagraph (2) (a) (iii) and:
 - (i) practitioner A has rendered one or more of the tests that the service comprises - subject to subrule (4), the amount specified in item 65158, 65181, 66652, 66697, 66715, 66724, 66790, 66805, 66817, 66821, 66827, 69401, 69498, 71092, 71156 or 71170 (as the case requires) shall be taken to be the fee for each test that the service comprises; or
 - (ii) practitioner A has not rendered any of the tests that the service comprises -
 - (A) the amount specified in item 65157, 65180, 66651, 66696, 66714, 66723, 66789, 66804, 66816, 66820, 66826, 69400, 69497, 71090, 71154 or 71169 (as the case requires) shall be taken to be the fee for the first test that the service comprises; and
 - (B) subject to subrule (4), the amount specified in item 65158, 65181, 66652, 66697, 66715, 66724, 66790, 66805, 66817, 66821, 66827, 69401, 69498, 71092, 71156 or 71170 (as the case requires) shall be taken to be the fee for each subsequent test that the service comprises.

6. (4) For paragraph (3) (b), the maximum number of tests to which item 65158, 65181, 66652, 66697, 66715, 66724, 66790, 66805, 66817, 66821, 66827, 69401, 69498, 71092, 71156 or 71170 applies is:
- (a) for item 66652, 66715, 66790, 66817, 66821 or 66827:
2 – X; and
 - (b) for item 65158, 66805, 69498 or 71092:
3 – X; and
 - (c) for item 71156 or 71170:
4 – X; and
 - (d) for item 65181 or 66724:
5 – X; and

where X is the number of tests rendered by practitioner A in relation to the designated pathology service in respect of which the request mentioned in that paragraph is made.

6. (5) Items in Group P10 (Patient episode initiation) do not apply to the second mentioned approved pathology practitioner in subrule (2).

Items not to be split

7. Except as stated in rule 6, the amount specified in an item is payable only to one approved pathology practitioner in respect of a single patient episode.

Creatinine ratios – Group P2 (chemical)

8. A pathology service mentioned in an item (except item 66500) in Group P2 (chemical) that:
- (a) involves the measurement of a substance in urine; and
 - (b) requires calculation of a substance/creatinine ratio;
- is taken to include the measurement of creatinine necessary for the calculation.

Thyroid function testing

9. (1) For item 66719:
abnormal level of TSH means a level of TSH that is outside the normal reference range in respect of the particular method of assay used to determine the level.
9. (2) Except where paragraph (a) of item 66719 is satisfied, the amount specified in the item is not payable in respect of a pathology service described in the item unless the pathologist who renders the service has a written statement from the medical practitioner who requested the service that satisfies subrule (3).
9. (3) The written statement from the medical practitioner must indicate:
- (a) that the tests are required for a particular purpose, being a purpose specified in paragraph (b) of item 66719; or
 - (b) that the medical practitioner who requested the tests suspects the patient has pituitary dysfunction; or
 - (c) that the patient is on drugs that interfere with thyroid hormone metabolism or function.

Meaning of "serial examinations or cultures"

10. For an item in Group P3 (Microbiology):
- (a) **serial examinations or cultures** means a series of examinations or cultures requested on 1 occasion whether or not:
 - (i) the materials are received on different days by the approved pathology practitioner; or
 - (ii) the examinations or cultures were requested on 1 or more request forms by the treating practitioner; and
 - (b) if:
 - (i) tests are carried out in relation to a patient episode; and
 - (ii) specimen material from the patient episode is stored; and
 - (iii) in response to a request made within 14 days of the patient episode, further tests are carried out on the stored material;

the later tests and the earlier tests are taken to be part of one patient episode.

Investigation for hepatitis serology

11. A medicare benefit is not payable in respect of more than one of items 69475, 69478 and 69481 in a patient episode.

Tests in Group P4 (Immunology) relating to antibodies

12. For items in Group P4 (Immunology), in items 71119, 71121, 71123 and 71125, if:
- (a) tests are carried out in relation to a patient episode; and
 - (b) specimen material from the patient episode is stored; and
 - (c) in response to a request made within 14 days of the patient episode, further tests are carried out on the stored material;
- the later tests and the earlier tests are taken to be part of one patient episode.

Tests on biopsy material - Group P5 (Tissue pathology) and Group P6 (Cytology)

13. (1) For items in Group P5 (Tissue pathology):
- (a) **biopsy material** means all tissue received by the Approved Pathology Practitioner:
 - (i) from a medical procedure or group of medical procedures performed on a patient at the same time; or
 - (ii) after being expelled spontaneously from a patient.
 - (b) **cytology** means microscopic examination of 1 or more stained preparations of cells separated naturally or artificially from their normal environment by methods recognised as adequate to demonstrate their structure to a degree sufficient to enable an opinion to be formed about whether they are likely to be normal, abnormal but benign, or abnormal and malignant but, in accordance with customary laboratory practice, does not include examination of a blood film and a bone marrow aspirate; and
 - (c) **separately identified specimen** means an individual specimen collected, identified so that it is clearly distinguished from any other specimen, and sent for testing by or on behalf of the treating practitioner responsible for the procedure in which the specimen was taken.
13. (2) For Groups P5 and P6 of the pathology services table, services in Group P6 include any services described in Group P5 on the material submitted for a test in Group P6.
13. (3) For subrule (2), any sample submitted for cytology from which a cell block is prepared does not qualify for a Group P5 item.
- 13.(4) If more than 1 of the services mentioned in items 72813, 72816, 72817, 72818, 72823, 72824, 72825, 72826, 72827, 72828, 72830, 72836 and 72838 are performed in a single patient episode, only the fee for the item performed having the highest specified fee is applicable to the services.
- 13.(5) If more than 1 histopathological examinations are performed on separate specimens, of different complexity levels, from a single patient episode, a medicare benefit is payable only for the examination that has the highest schedule fee.
- 13.(6) In items 72813, 72816, 72817, 72818, 72823, 72824, 72825, 72826, 72827, 72828, 72830, 72836 and 72838 a reference to a **complexity level** is a reference to the level given to a specimen type mentioned in Part 4 of this Table.
- 13.(7) If more than 1 of the services mentioned in items 72846, 72847, 72848; 72849 and 72850 or 73059, 73060, 73061, 73064 and 73065 are performed in a single patient episode, a medicare benefit is payable only for the item performed that has the highest scheduled fee.
- 13.(8) If more than 1 of the services mentioned in items 73049, 73051, 73062, 73063, 73066 and 73067 are performed in a single patient episode, only the fee for the item performed having the higher or highest specified fee applies to the services.

Items in Groups P10 (Patient episode initiation) and P11 (Specimen referred) not to apply in certain circumstances

14. (1) For this rule and items in Groups P10 (Patient episode initiation) and P11 (Specimen referred):

approved collection centre has the same meaning as in Part IIA of the Act.

institution means a place at which residential accommodation or day care is, or both residential accommodation and day care are, made available to:

- (a) disadvantaged children; or
 - (b) juvenile offenders; or
 - (c) aged persons; or
 - (d) chronically ill psychiatric patients; or
 - (e) homeless persons; or
 - (f) unemployed persons; or
 - (g) persons suffering from alcoholism; or
 - (h) persons addicted to drugs; or
 - (i) physically or mentally handicapped persons;
- but does not include:
- (j) a hospital; or
 - (k) a residential aged care home; or
 - (l) accommodation for aged persons that is attached to a residential aged care home or situated within a residential aged care home.

prescribed laboratory means a laboratory operated by:

- (a) the Australian Government; or
- (b) an authority of the Commonwealth; or
- (c) a State or internal Territory; or
- (d) an authority of a State or internal Territory; or
- (e) an Australian tertiary education institution.

specimen collection centre has the same meaning as in Part IIA of the Act.

treating practitioner has the same meaning as in paragraph 16A(1)(a) of the Act.

- 14. (2)** If a service described in an item in Group P10 is rendered by, or on behalf of, an approved pathology practitioner who is a recognised pathologist, the relevant one of those items does not apply to the service if:
- (a) the service is rendered upon a request made in the course of a service provided to a public patient in a recognised hospital or when attending an outpatient service of a recognised hospital.
- 14. (3)** An item in Group P10 or P11 does not apply to a pathology service to which subsection 16A (7) of the Act applies.
- 14. (4)** An item in Group P10 or P11 does not apply to a pathology service unless at least 1 item in Groups P1 to P8 also applies to the service.
- 14. (5)** Subject to subrule (7), if one item in Group P10 applies to a patient episode, no other item in the Group applies to the patient episode.
- 14. (6)** An item in Group P11 applies only to the approved pathology practitioner or approved pathology authority to whom the specimen mentioned in the item was referred.
- 14. (7)** If, in respect of the same patient episode:
- (a) services referred to in 1 or more items in Group P5 and 1 or more of Groups P1, P2, P3, P4, P6, P7 and P8 are rendered by an approved pathology practitioner in the laboratory of another approved pathology authority; or
 - (b) services referred to in 1 or more items in Group P6 and 1 or more of Groups P1, P2, P3, P4, P5, P7 and P8 are rendered by another approved pathology practitioner in the laboratory of another approved pathology authority;
- the fee specified in the applicable item in Group P10 is payable to both approved pathology practitioners.
- 14. (8)** If more than one specimen is collected from a person on the same day for the provision of pathology services:
- (a) in accordance with more than 1 request; and
 - (b) in or by a single approved pathology authority;
- the fee specified in the applicable item in Group P10 applies once only to the services unless an exemption listed in Rule 4 applies or an exemption has been granted under Rule 3 “S4B(3)”.
- 14. (9)** The amount specified in item 73940 is payable only once in respect of a single patient episode.

Application of an item in Group P11 (Specimen referred) to a service excludes certain other items

15. If item 73940 applies to a patient episode, none of the items in Group P10 applies to any pathology service rendered by the approved pathology authority or approved pathology practitioner who claimed item 73940 in respect of the patient episode.

Circumstances in which an item in Group P11 (Specimen referred) does not apply

16. (1) An item in Group P11 does not apply to a referral if:
- (a) a service in respect of the same patient episode has been carried out by the referring approved pathology authority; and
 - (b) the approved pathology authority to which the referral is made is related to the referring approved pathology authority.
16. (2) An approved pathology authority is *related to* another approved pathology authority for subrule (1) if:
- (a) both approved pathology authorities are employed (including employed under contract) by the same person, whether or not the person is also an approved pathology authority; or
 - (b) either of the approved pathology authorities is employed (including employed under contract) by the other; or
 - (c) both approved pathology authorities are corporations and are related corporations within the meaning of the Corporations Act; or
 - (d) the approved pathology authorities are partners (whether or not either or both of the approved pathology authorities are individuals and whether or not other persons are in partnership with either or both of the approved pathology authorities); or
 - (e) both approved pathology authorities are operated by the Commonwealth or an authority of the Commonwealth; or
 - (f) both approved pathology authorities are operated by the same State or internal Territory or an authority of the same State or internal Territory.
16. (3) An item in Group P11 does not apply to a referral if the following common tests are referred either singly or in combination (except if the following items are referred in combination with other items not similarly specified): 65060, 65070, 65120, 66500, 66503, 66506, 66509, 66512, 66536, 66596, 69300, 69303, 69333 or 73527.

Abbreviations

17. (1) The abbreviations in Part 4 of this table may be used to identify particular pathology services or groups of pathology services.
17. (2) The names of services or drugs not listed in Part 4 of this table must be written in full.

Certain pathology services to be treated as 1 service

18. (1) In this rule:

general practitioner means a medical practitioner who:

- (a) is not a consultant physician in any specialty; and
- (b) is not a specialist in any specialty.

set of pathology services means a group of pathology services:

- (a) that consists of services that are described in at least 4 different items; and
- (b) all of which are requested in a single patient episode; and
- (c) each of which relates to a patient who is not an admitted patient of a hospital; and
- (d) excludes services referred to in an item in Group P10, Group P11, Group P12 or Group P13, items 66900, 69484, 73053 and 73055; and
- (e) excludes services described in the following items:

65079, 65082, 65157, 65158, 65166, 65180, 65181, 66606, 66609, 66610, 66639, 66642, 66651, 66652, 66663, 66666, 66696, 66697, 66714, 66715, 66723, 66724, 66780, 66783, 66789, 66790, 66792, 66804, 66805, 66816, 66817, 66820, 66821, 66826, 66827, 66832, 69325, 69328, 69331, 69379, 69383, 69400, 69401, 69419, 69451, 69500, 69484, 69489, 69492, 69497, 69498, 71076, 71090, 71092, 71096, 71148, 71154, 71156, 71169, 71170, 73309, 73312, 73315, 73318, 73321 and 73324;

where those services are performed by an approved pathology practitioner in an accredited pathology laboratory of an approved pathology authority following referral by another approved pathology practitioner in an accredited pathology laboratory of an approved pathology authority which is not **related to** the first mentioned approved pathology authority.

- (1A) An approved pathology authority is **related to** another approved pathology authority for the purposes of paragraph 18(1)(e) if that approved pathology authority would be related to the other approved pathology authority for the purposes of rule 16(2).
18. (2) If a general practitioner requests a set of pathology services, the pathology services in the set are to be treated as individual pathology services in accordance with this rule.
18. (3) If the fee specified in 1 item that describes any of the services in the set of pathology services is higher than the fees specified in the other items that describe the services in the set:
- (a) the pathology service described in the first-mentioned item is to be treated as 1 pathology service; and
 - (b) either:
 - (i) the pathology service in the set that is described in the item that specifies the second-highest fee is to be treated as 1 pathology service; or
 - (ii) if 2 or more items that describe any of those services specify the second-highest fee — the pathology service described in the item that specifies the second-highest fee, and has the lowest item number, is to be treated as 1 pathology service; and
 - (c) the pathology services in the set, other than the services that are to be treated as 1 pathology service under paragraphs (a) and (b), are to be treated as 1 pathology service.
18. (4) If the fees specified in 2 or more items that describe any of the services in the set of pathology services are the same, and higher than the fees specified in the other items that describe the services in the set:
- (a) the pathology service in the set that is described in the item that specifies the highest fee, and has the lowest item number, is to be treated as 1 pathology service; and
 - (b) the pathology service in the set that is described in the item that specifies the highest fee, and has the second-lowest item number, is to be treated as 1 pathology service; and
 - (c) the pathology services in the set, other than the services that are to be treated as 1 pathology service under paragraphs (a) and (b), are to be treated as 1 pathology service.
18. (5) If pathology services are to be treated as 1 pathology service under paragraph (3) (c) or (4) (c), the fee for the 1 pathology service is the highest fee specified in any of the items that describe the pathology services that are to be treated as the 1 pathology service.

Hepatitis C viral RNA testing

19. For item 69499 and 69500:
Hepatitis C sero-positive, for a patient, means 2 different assays of Hepatitis C antibodies are positive.
- serological status is uncertain***, for a patient, means any result where 2 different assays of Hepatitis C antibodies are inconclusive.

Haemochromatosis testing

20. For items 73317 and 73318:
elevated serum ferritin for a patient, means a level of ferritin above the normal reference range in respect of the particular method of assay used to determine the level.

Serum B12 and red cell folate testing

21. (1) For items 66599 and 66602, a medicare benefit is not payable for more than 3 episodes of services described in item 66599 or 66602, or any combination of those items, in a 12 month period.
21. (2) A medicare benefit is not payable for a service described in item 66599 if the service was provided as part of the same patient episode as a service described in item 66602.

Nutritional and toxicity metals testing

22. (1) For this rule:
nutritional metals testing group means items 66819, 66820, 66821 and 66822.
metal toxicity testing group means items 66825, 66826, 66827, 66828, 66831 and 66832.
22. (2) An item in the nutritional metals testing group or the metal toxicity testing group does not apply in relation to a service performed if medicare benefits are paid or payable for tests that are performed for the same patient in 3 patient episodes requested within 6 months before the request for that service, under any of:
- (a) that item; or
 - (b) the other item in the same group; or
 - (c) an item in the other group.

Antineutrophil Cytoplasmic Antibody

23. A request for Antineutrophil Cytoplasmic Antibody immunofluorescence test (ANCA) shall be deemed to include requests for antineutrophil proteinase 3 antibody test (PR-3 ANCA) and antimyeloperoxidase antibody test (MPO ANCA) where the immunofluorescence test for ANCA is abnormal, or has been abnormal, or those specific antibodies have been previously detected.

Satisfying Requirements Described in Items

24. Unless stated elsewhere in these rules, where an item contains a requirement, this requirement is satisfied if:
- (a) The requirement/s as stipulated in the item descriptor are contained in the request form; or
 - (b) The requirement/s as stipulated in the item descriptor were supplied previously in writing to the APA and this documentation is retained by the APA; or
 - (c) The results of other laboratory tests performed in the same episode meet the requirement/s as stipulated in the item descriptor; or
 - (d) The results of laboratory tests that meet the requirement/s as stipulated in the item descriptor are supplied on the request form; or
- The results of laboratory tests that meet the requirement/s as stipulated in the item descriptor are contained in the APA's records.

Limitation on certain items

- 25.
- (a) For any particular patient, items 66539, 66605, 66606, 66607, 66610, 69380, 69488, 69489, 71075, 71127, 71135 or 71137 is applicable not more than twice in a 12 month period.
 - (b) For any particular patient, item 66626 is applicable not more than 36 times in a 12 month period.
 - (c) For any particular patient, items 66655, 66659, 69482, 69491, 69499 or 69500 are applicable not more than once in a 12 month period.
 - (d) For any particular patient, item 66750 or 66751 is applicable not more than once in a pregnancy.
 - (e) For any particular patient, item 69336 is applicable not more than once in each period of 7 days.
 - (f) For any particular patient, items 66551, 66660, 69445, 69451, 69483, 71079 or 73523 are applicable not more than 4 times in a 12 month period.
 - (g) For any particular patient, items 66554, 66830 and 71077 are applicable not more than 6 times in a 12 month period.
 - (h) For any particular patient, item 66819, 66820, 66821, 66822, 66825, 66826, 66827 or 66828 is applicable not more than 3 times in a 6 month period.
 - (i) For any particular patient, items 69418 and 69419 are applicable not more than twice in a 24 month period.

Antigen Detection – Group P3 (Microbiology)

26. If the service listed in 69316, 69317, 69319, 69494, 69495, 69496, 69497 or 69498 is a pathologist determinable service the specialist pathologist is required to record the reasons for determining the need for this service.
27. If the service rendered in 71148, 73320 or 73321 is a pathologist determinable service, the specialist pathologist is required to record the reason for determining the need for this service including the result of the service in 71147.

Schedules of Services

Each professional service contained in the Schedule has been allocated a unique item number. Located with the item number and description for each service is the Schedule fee and Medicare benefit, together with a reference to an explanatory note relating to the item (if applicable).

If the service attracts an anaesthetic, the word (Anaes.) appears following the description. Where an operation qualifies for the payment of benefits for an assistant, the relevant items are identified by the inclusion of the word (Assist.) in the item description. Medicare benefits are not payable for surgical assistance associated with procedures which have not been so identified.

In some cases two levels of fees are applied to the same service in General Medical Services, with each level of fee being allocated a separate item number. The item identified by the letter "S" applies in the case where the procedure has been rendered by a recognised specialist in the practice of his or her specialty and the patient has been referred. The item identified by the letter "G" applies in any other circumstance.

Higher rates of benefits are also provided for consultations by a recognised consultant physician where the patient has been referred by another medical practitioner or an approved dental practitioner (oral surgeons).

Differential fees and benefits also apply to services listed in Category 5 (Diagnostic Imaging Services). The conditions relating to these services are set out in Category 5.

Explanatory Notes

Explanatory notes relating to the Medicare benefit arrangements and notes that have general application to services are located at the beginning of the schedule, while notes relating to specific items are located at the beginning of each Category. While there may be a reference following the description of an item to specific notes relating to that item, there may also be general notes relating to each Group of items.

PATHOLOGY	PATHOLOGY
	GROUP P1 - HAEMATOLOGY
65060	Haemoglobin, erythrocyte sedimentation rate, blood viscosity - 1 or more tests Fee: \$7.85 Benefit: 75% = \$5.90 85% = \$6.70
65066	Examination of: (a) a blood film by special stains to demonstrate Heinz bodies, parasites or iron; or (b) a blood film by enzyme cytochemistry for neutrophil alkaline phosphatase, alpha-naphthyl acetate esterase or chloroacetate esterase; or (c) a blood film using any other special staining methods including periodic acid Schiff and Sudan Black; or (d) a urinary sediment for haemosiderin including a service described in item 65072 Fee: \$10.40 Benefit: 75% = \$7.80 85% = \$8.85
65070	Erythrocyte count, haematocrit, haemoglobin, calculation or measurement of red cell index or indices, platelet count, leucocyte count and manual or instrument generated differential count - not being a service where haemoglobin only is requested - one or more instrument generated set of results from a single sample; and (if performed) (a) a morphological assessment of a blood film; (b) any service in item 65060 or 65072 Fee: \$16.95 Benefit: 75% = \$12.75 85% = \$14.45
65072	Examination for reticulocytes including a reticulocyte count by any method - 1 or more tests Fee: \$10.20 Benefit: 75% = \$7.65 85% = \$8.70
65075	Haemolysis or metabolic enzymes - assessment by: (a) erythrocyte autohaemolysis test; or (b) erythrocyte osmotic fragility test; or (c) sugar water test; or (d) G-6-P D (qualitative or quantitative) test; or (e) pyruvate kinase (qualitative or quantitative) test; or (f) acid haemolysis test; or (g) quantitation of muramidase in serum or urine; or (h) Donath Landsteiner antibody test; or (i) other erythrocyte metabolic enzyme tests 1 or more tests Fee: \$51.95 Benefit: 75% = \$39.00 85% = \$44.20
65078	Tests for the diagnosis of thalassaemia consisting of haemoglobin electrophoresis or chromatography and at least 2 of: (a) examination for HbH; or (b) quantitation of HbA2; or (c) quantitation of HbF; including (if performed) any service described in item 65060 or 65070 Fee: \$90.20 Benefit: 75% = \$67.65 85% = \$76.70
65079	Tests described in item 65078 if rendered by a receiving APP - 1 or more tests (Item is subject to rule 18) Fee: \$90.20 Benefit: 75% = \$67.65 85% = \$76.70
65081	Tests for the investigation of haemoglobinopathy consisting of haemoglobin electrophoresis or chromatography and at least 1 of: (a) heat denaturation test; or (b) isopropanol precipitation test; or (c) tests for the presence of haemoglobin S; or (d) quantitation of any haemoglobin fraction (including S, C, D, E); including (if performed) any service described in item 65060, 65070 or 65078 Fee: \$96.60 Benefit: 75% = \$72.45 85% = \$82.15
65082	Tests described in item 65081 if rendered by a receiving APP - 1 or more tests (Item is subject to rule 18) Fee: \$96.60 Benefit: 75% = \$72.45 85% = \$82.15
65084	Bone marrow trephine biopsy - histopathological examination of sections of bone marrow and examination of aspirated material (including clot sections where necessary), including (if performed): any test described in item 65060, 65066 or 65070 Fee: \$165.85 Benefit: 75% = \$124.40 85% = \$141.00
65087	Bone marrow - examination of aspirated material (including clot sections where necessary), including (if performed): any test described in item 65060, 65066 or 65070 Fee: \$83.10 Benefit: 75% = \$62.35 85% = \$70.65

PATHOLOGY		PATHOLOGY	
65120	Prothrombin time (including INR where appropriate), activated partial thromboplastin time, thrombin time (including test for the presence of heparin), test for factor XIII deficiency (qualitative), Echis test, Stypven test, reptilase time, fibrinogen, or 1 of fibrinogen degradation products, fibrin monomer or D-dimer - 1 test Fee: \$13.70 Benefit: 75% = \$10.30 85% = \$11.65		
65123	2 tests described in item 65120 Fee: \$20.35 Benefit: 75% = \$15.30 85% = \$17.30

65137	Test for the presence of lupus anticoagulant not being a service associated with any service to which items 65175, 65176, 65177, 65178 and 65179 apply Fee: \$25.35 Benefit: 75% = \$19.05 85% = \$21.55		
65142	Confirmation or clarification of an abnormal or indeterminate result from a test described in item 65175, by testing a specimen collected on a different day - 1 or more tests Fee: \$25.35 Benefit: 75% = \$19.05 85% = \$21.55		
65144	Platelet aggregation in response to ADP, collagen, 5HT, ristocetin or other substances; or heparin, low molecular weight heparins, heparinoid or other drugs - 1 or more tests Fee: \$56.55 Benefit: 75% = \$42.45 85% = \$48.10		
65147	Quantitation of anti-Xa activity when monitoring is required for a patient receiving a low molecular weight heparin or heparinoid - 1 test Fee: \$37.90 Benefit: 75% = \$28.45 85% = \$32.25		
65150	Quantitation of von Willebrand factor antigen, von Willebrand factor activity (ristocetin cofactor assay), von Willebrand factor collagen binding activity, factor II, factor V, factor VII, factor VIII, factor IX, factor X, factor XI, factor XII, factor XIII, Fletcher factor, Fitzgerald factor, circulating coagulation factor inhibitors other than by Bethesda assay - 1 test (Item is subject to rule 6) Fee: \$70.90 Benefit: 75% = \$53.20 85% = \$60.30		
65153	2 tests described in item 65150 (Item is subject to rule 6) Fee: \$141.85 Benefit: 75% = \$106.40 85% = \$120.60		
65156	3 or more tests described in item 65150 (Item is subject to rule 6) Fee: \$212.75 Benefit: 75% = \$159.60 85% = \$180.85		
65157	A test described in item 65150, if rendered by a receiving APP, where no tests in the item have been rendered by the referring APP - 1 test (Item is subject to rule 6 and 18) Fee: \$70.90 Benefit: 75% = \$53.20 85% = \$60.30		
65158	Tests described in item 65150, other than that described in 65157, if rendered by a receiving APP - each test to a maximum of 2 tests (Item is subject to rule 6 and 18) Fee: \$70.90 Benefit: 75% = \$53.20 85% = \$60.30		
65159	Quantitation of circulating coagulation factor inhibitors by Bethesda assay - 1 test Fee: \$70.90 Benefit: 75% = \$53.20 85% = \$60.30		
65162	Examination of a maternal blood film for the presence of fetal red blood cells (Kleihauer test) Fee: \$10.45 Benefit: 75% = \$7.85 85% = \$8.90		
65165	Detection and quantitation of fetal red blood cells in the maternal circulation by detection of red cell antigens using flow cytometric methods including (if performed) any test described in item 65070 or 65162 Fee: \$34.45 Benefit: 75% = \$25.85 85% = \$29.30		
65166	A test described in item 65165 if rendered by a receiving APP - 1 or more tests (Item is subject to rule 18) Fee: \$34.45 Benefit: 75% = \$25.85 85% = \$29.30		

PATHOLOGY		PATHOLOGY	
65171	Test for the presence of antithrombin III deficiency, protein C deficiency, protein S deficiency or activated protein C resistance in a first degree relative of a person who has a proven defect of any of the above - 1 or more tests Fee: \$25.35 Benefit: 75% = \$19.05 85% = \$21.55		
65175	Test for the presence of antithrombin III deficiency, protein C deficiency, protein S deficiency, lupus anticoagulant, activated protein C resistance - where the request for the test(s) specifically identifies that the patient has a history of venous thromboembolism - quantitation by 1 or more techniques - 1 test (Item is subject to Rule 6) Fee: \$25.35 Benefit: 75% = \$19.05 85% = \$21.55		
65176	2 tests described in item 65175 (Item is subject to rule 6) Fee: \$48.65 Benefit: 75% = \$36.50 85% = \$41.40		
65177	3 tests described in item 65175 (Item is subject to rule 6) Fee: \$71.95 Benefit: 75% = \$54.00 85% = \$61.20		
65178	4 tests described in item 65175 (Item is subject to rule 6) Fee: \$95.20 Benefit: 75% = \$71.40 85% = \$80.95		
65179	5 tests described in item 65175 (Item is subject to rule 6) Fee: \$118.50 Benefit: 75% = \$88.90 85% = \$100.75		
65180	A test described in item 65175, if rendered by a receiving APA, where no tests in the item have been rendered by the referring APA - 1 test (Item is subject to rule 6 and 18) Fee: \$25.35 Benefit: 75% = \$19.05 85% = \$21.55		
65181	Tests described in item 65175, other than that described in 65180, if rendered by a receiving APA - each test to a maximum of 4 tests (Item is subject to rule 6 and 18) Fee: \$23.30 Benefit: 75% = \$17.50 85% = \$19.85		

PATHOLOGY		PATHOLOGY	
66557	Quantitation of fructosamine performed in the management of established diabetes - each test to a maximum of 4 tests in a 12 month period Fee: \$9.70	Benefit: 75% = \$7.30	85% = \$8.25
66560	Microalbumin - quantitation in urine Fee: \$20.10	Benefit: 75% = \$15.10	85% = \$17.10
66563	Osmolality, estimation by osmometer, in serum or in urine - 1 or more tests Fee: \$24.70	Benefit: 75% = \$18.55	85% = \$21.00
66566	Quantitation of: (a) blood gases (including pO ₂ , oxygen saturation and pCO ₂); and (b) bicarbonate and pH; including any other measurement (eg. haemoglobin, lactate, potassium or ionised calcium) or calculation performed on the same specimen - 1 or more tests on 1 specimen Fee: \$33.70	Benefit: 75% = \$25.30	85% = \$28.65
66569	Quantitation of blood gases, bicarbonate and pH as described in item 66566 on 2 specimens performed within any 1 day Fee: \$42.60	Benefit: 75% = \$31.95	85% = \$36.25
66572	Quantitation of blood gases, bicarbonate and pH as described in item 66566 on 3 specimens performed within any 1 day Fee: \$51.55	Benefit: 75% = \$38.70	85% = \$43.85
66575	Quantitation of blood gases, bicarbonate and pH as described in item 66566 on 4 specimens performed within any 1 day Fee: \$60.45	Benefit: 75% = \$45.35	85% = \$51.40
66578	Quantitation of blood gases, bicarbonate and pH as described in item 66566 on 5 specimens performed within any 1 day Fee: \$69.35	Benefit: 75% = \$52.05	85% = \$58.95
66581	Quantitation of blood gases, bicarbonate and pH as described in item 66566 on 6 or more specimens performed within any 1 day Fee: \$78.25	Benefit: 75% = \$58.70	85% = \$66.55
66584	Quantitation of ionised calcium (except if performed as part of item 66566) - 1 test Fee: \$9.70	Benefit: 75% = \$7.30	85% = \$8.25
66587	Urine acidification test for the diagnosis of renal tubular acidosis including the administration of an acid load, and pH measurements on 4 or more urine specimens and at least 1 blood specimen Fee: \$47.55	Benefit: 75% = \$35.70	85% = \$40.45
66590	Calculus, analysis of 1 or more Fee: \$30.60	Benefit: 75% = \$22.95	85% = \$26.05
66593	Ferritin - quantitation, except if requested as part of iron studies Fee: \$18.00	Benefit: 75% = \$13.50	85% = \$15.30
66596	Iron studies, consisting of quantitation of: (a) serum iron; and (b) transferrin or iron binding capacity; and (c) ferritin Fee: \$32.55	Benefit: 75% = \$24.45	85% = \$27.70
66599	Serum B12 or red cell folate and, if required, serum folate (Item is subject to rule 21) Fee: \$23.60	Benefit: 75% = \$17.70	85% = \$20.10
66602	Serum B12 and red cell folate and, if required, serum folate (Item is subject to rule 21) Fee: \$42.95	Benefit: 75% = \$32.25	85% = \$36.55
66605	Vitamins - quantitation of vitamins B1, B2, B3, B6 or C in blood, urine or other body fluid - 1 or more tests Fee: \$30.60	Benefit: 75% = \$22.95	85% = \$26.05
66606	A test described in item 66605 if rendered by a receiving APP - 1 or more tests (Item is subject to rule 18 and 25) Fee: \$30.60	Benefit: 75% = \$22.95	85% = \$26.05

PATHOLOGY		PATHOLOGY	
66651	A test described in item 66650 if rendered by a receiving APP, where no tests in the item have been rendered by the referring APP - 1 test (Item is subject to rule 6 and 18) Fee: \$24.35	Benefit: 75% = \$18.30	85% = \$20.70
66652	A test described in item 66650 if rendered by a receiving APP - other than that described in 66651, if rendered by a receiving APP, 1 test (Item is subject to rule 6 and 18) Fee: \$20.30	Benefit: 75% = \$15.25	85% = \$17.30
66653	2 or more tests described in item 66650 (Item is subject to rule 6) Fee: \$44.60	Benefit: 75% = \$33.45	85% = \$37.95
66655	Prostate specific antigen - quantitation - 1 of this item in a 12 month period (Item is subject to rule 25) Fee: \$20.15	Benefit: 75% = \$15.15	85% = \$17.15
66656	Prostate specific antigen - quantitation in the monitoring of previously diagnosed prostatic disease (including a test described in item 66655) Fee: \$20.15	Benefit: 75% = \$15.15	85% = \$17.15
66659	Prostate specific antigen - quantitation of 2 or more fractions of PSA and any derived index including (if performed) a test described in item 66656, in the followup of a PSA result that lies at or above the age related median but below the age related, method specific 97.5% reference limit - 1 of this item in a 12 month period (Item is subject to rule 25) Fee: \$37.30	Benefit: 75% = \$28.00	85% = \$31.75
66660	Prostate specific antigen – quantitation of 2 or more fractions of PSA and any derived index including (if performed) a test described in item 66656, in the follow up of a PSA result that lies at or above the age related, method specific 97.5% reference limit, but below a value of 10 ug/L – 4 of this item in a 12 month period. (Item is subject to rule 25) Fee: \$37.30	Benefit: 75% = \$28.00	85% = \$31.75
66662	Quantitation of hormone receptors on proven primary breast or ovarian carcinoma or a metastasis from a breast or ovarian carcinoma or a subsequent lesion in the breast - 1 or more tests Fee: \$79.95	Benefit: 75% = \$60.00	85% = \$68.00
66663	A test described in item 66662 if rendered by a receiving APP - 1 or more tests (Item is subject to rule 18) Fee: \$79.95	Benefit: 75% = \$60.00	85% = \$68.00
66665	Lead quantitation in blood or urine (other than for occupational health screening purposes) to a maximum of 3 tests in a 6 month period - each test Fee: \$30.60	Benefit: 75% = \$22.95	85% = \$26.05
66666	A test described in item 66665 if rendered by a receiving APP - 1 or more tests (Item is subject to rule 18) Fee: \$30.60	Benefit: 75% = \$22.95	85% = \$26.05
66667	Quantitation of serum zinc in a patient receiving intravenous alimentation - each test Fee: \$30.60	Benefit: 75% = \$22.95	85% = \$26.05
66671	Quantitation of serum aluminium in a patient in a renal dialysis program - each test Fee: \$36.90	Benefit: 75% = \$27.70	85% = \$31.40
66674	Quantitation of: (a) faecal fat; or (b) breath hydrogen in response to loading with disaccharides; 1 or more tests within a 28 day period Fee: \$39.95	Benefit: 75% = \$30.00	85% = \$34.00
66677	Test for tryptic activity in faeces in the investigation of diarrhoea of longer than 4 weeks duration in children under 6 years old Fee: \$11.15	Benefit: 75% = \$8.40	85% = \$9.50
66680	Quantitation of disaccharidases and other enzymes in intestinal tissue - 1 or more tests Fee: \$74.45	Benefit: 75% = \$55.85	85% = \$63.30

PATHOLOGY		PATHOLOGY	
66715	Tests described in item 66711, other than that described in 66714, if rendered by a receiving APP, each test to a maximum of 1 test (Item is subject to rule 6 and 18) Fee: \$12.85	Benefit: 75% = \$9.65	85% = \$10.95
66716	TSH quantitation Fee: \$25.05	Benefit: 75% = \$18.80	85% = \$21.30
66719	Thyroid function tests (comprising the service described in item 66716 and 1 or more of the following tests - free thyroxine, free T3, for a patient, if at least 1 of the following conditions is satisfied: (a) the patient has an abnormal level of TSH; (b) the tests are performed: (i) for the purpose of monitoring thyroid disease in the patient; or (ii) to investigate the sick euthyroid syndrome if the patient is an admitted patient; or (iii) to investigate dementia or psychiatric illness of the patient; or (iv) to investigate amenorrhoea or infertility of the patient; (c) the medical practitioner who requested the tests suspects the patient has a pituitary dysfunction; (d) the patient is on drugs that interfere with thyroid hormone metabolism or function (Item is subject to rule 9) Fee: \$34.80	Benefit: 75% = \$26.10	85% = \$29.60
66722	TSH quantitation described in item 66716 and 1 test described in item 66695 (This fee applies where 1 laboratory, or more than 1 laboratory belonging to the same APA, performs the only 2 tests specified on the request form or performs 2 tests and refers the rest to the laboratory of a separate APA) (Item is subject to rule 6) Fee: \$37.90	Benefit: 75% = \$28.45	85% = \$32.25
66723	Tests described in item 66722, that is, TSH quantitation and 1 test described in 66695, if rendered by a receiving APP, where no tests in the item have been rendered by the referring APP - 1 test (Item is subject to rule 6 and 18) Fee: \$37.90	Benefit: 75% = \$28.45	85% = \$32.25
66724	Tests described in item 66722, if rendered by a receiving APP, other than that described in 66723. It is to include a quantitation of TSH - each test to a maximum of 4 tests described in item 66695 (Item is subject to rule 6 and 18) Fee: \$13.15	Benefit: 75% = \$9.90	85% = \$11.20
66725	TSH quantitation described in item 66716 and 2 tests described in item 66695 (This fee applies where 1 laboratory, or more than 1 laboratory belonging to the same APA, performs the only 3 tests specified on the request form or performs 3 tests and refers the rest to the laboratory of a separate APA) (Item is subject to rule 6) Fee: \$51.05	Benefit: 75% = \$38.30	85% = \$43.40
66728	TSH quantitation described in item 66716 and 3 tests described in item 66695 (This fee applies where 1 laboratory, or more than 1 laboratory belonging to the same APA, performs the only 4 tests specified on the request form or performs 4 tests and refers the rest to the laboratory of a separate APA) (Item is subject to rule 6) Fee: \$64.20	Benefit: 75% = \$48.15	85% = \$54.60
66731	TSH quantitation described in item 66716 and 4 tests described in item 66695 (This fee applies where 1 laboratory, or more than 1 laboratory belonging to the same APA, performs the only 5 tests specified on the request form or performs 5 tests and refers the rest to the laboratory of a separate APA) (Item is subject to rule 6) Fee: \$77.40	Benefit: 75% = \$58.05	85% = \$65.80
66734	TSH quantitation described in item 66716 and 5 tests described in item 66695 (This fee applies where 1 laboratory, or more than 1 laboratory belonging to the same APA, performs 6 or more tests specified on the request form) (Item is subject to rule 6) Fee: \$90.55	Benefit: 75% = \$67.95	85% = \$77.00

PATHOLOGY		PATHOLOGY	
66743	Quantitation of alpha-fetoprotein in serum or other body fluids during pregnancy except if requested as part of items 66750 or 66751 Fee: \$20.10	Benefit: 75% = \$15.10	85% = \$17.10
66749	Amniotic fluid, spectrophotometric examination of, and quantitation of: (a) lecithin/sphingomyelin ratio; or (b) palmitic acid, phosphatidylglycerol or lamellar body phospholipid; or (c) bilirubin, including correction for haemoglobin 1 or more tests Fee: \$32.95	Benefit: 75% = \$24.75	85% = \$28.05
66750	Quantitation, in pregnancy, of any two of the following - total human chorionic gonadotrophin (total HCG), free alpha human chorionic gonadotrophin (free alpha HCG), free beta human chorionic gonadotrophin (free beta HCG), pregnancy associated plasma protein A (PAPP-A), unconjugated oestriol (uE ₃), alpha-fetoprotein (AFP) - to detect foetal abnormality, including a service described in 1 or more of items 73527 and 73529 (if performed) - (Item is subject to rule 25) Fee: \$39.75	Benefit: 75% = \$29.85	85% = \$33.80
66751	Quantitation, in pregnancy, of any three or more tests described in 66750 (Item is subject to rule 25) Fee: \$55.25	Benefit: 75% = \$41.45	85% = \$47.00
66752	Quantitation of acetoacetate, beta-hydroxybutyrate, citrate, oxalate, total free fatty acids, cysteine, homocysteine, cystine, lactate, pyruvate or other amino acids and hydroxyproline (except if performed as part of item 66773 or 66776) - 1 test Fee: \$24.70	Benefit: 75% = \$18.55	85% = \$21.00
66755	2 or more tests described in item 66752 Fee: \$38.85	Benefit: 75% = \$29.15	85% = \$33.05
66756	Quantitation of 10 or more amino acids for the diagnosis of inborn errors of metabolism - up to 4 tests in a 12 month period on specimens of plasma, CSF and urine. Fee: \$98.30	Benefit: 75% = \$73.75	85% = \$83.60
66757	Quantitation of 10 or more amino acids for monitoring of previously diagnosed inborn errors of metabolism in 1 tissue type. Fee: \$98.30	Benefit: 75% = \$73.75	85% = \$83.60
66758	Quantitation of angiotensin converting enzyme, or cholinesterase - 1 or more tests Fee: \$24.70	Benefit: 75% = \$18.55	85% = \$21.00
66761	Test for reducing substances in faeces by any method (except reagent strip or dipstick) Fee: \$13.15	Benefit: 75% = \$9.90	85% = \$11.20
66764	Examination for faecal occult blood (including tests for haemoglobin and its derivatives in the faeces except by reagent strip or dip stick methods) with a maximum of 3 examinations on specimens collected on separate days in a 28 day period Fee: \$8.90	Benefit: 75% = \$6.70	85% = \$7.60
66767	2 examinations described in item 66764 performed on separately collected and identified specimens Fee: \$17.85	Benefit: 75% = \$13.40	85% = \$15.20
66770	3 examinations described in item 66764 performed on separately collected and identified specimens Fee: \$26.70	Benefit: 75% = \$20.05	85% = \$22.70
66773	Quantitation of products of collagen breakdown or formation for the monitoring of patients with proven low bone mineral density, and if performed, a service described in item 66752 - 1 or more tests <i>(Low bone densitometry is defined in the explanatory notes to Category 2 - Diagnostic Procedures and Investigations of the Medicare Benefits Schedule)</i> Fee: \$24.65	Benefit: 75% = \$18.50	85% = \$21.00
66776	Quantitation of products of collagen breakdown or formation for the monitoring of patients with metabolic bone disease or Paget's disease of bone, and if performed, a service described in item 66752 - 1 or more tests Fee: \$24.65	Benefit: 75% = \$18.50	85% = \$21.00
66779	Adrenaline, noradrenaline, dopamine, histamine, hydroxyindoleacetic acid (SHIAA), hydroxymethoxymandelic acid (HMMA), homovanillic acid (HVA), metanephrines, methoxyhydroxyphenylethylene glycol (MHPG), phenylacetic acid (PAA) or serotonin quantitation - 1 or more tests Fee: \$39.95	Benefit: 75% = \$30.00	85% = \$34.00

PATHOLOGY		PATHOLOGY	
66780	A test described in item 66779 if rendered by a receiving APP - 1 or more tests (Item is subject to rule 18) Fee: \$39.95 Benefit: 75% = \$30.00 85% = \$34.00		
66782	Porphyrins or porphyrins precursors - detection in plasma, red cells, urine or faeces - 1 or more tests Fee: \$13.15 Benefit: 75% = \$9.90 85% = \$11.20		
66783	A test described in item 66782 if rendered by a receiving APP - 1 or more tests (Item is subject to rule 18) Fee: \$13.15 Benefit: 75% = \$9.90 85% = \$11.20		
66785	Porphyrins or porphyrins precursors - quantitation in plasma, red cells, urine or faeces - 1 test (Item is subject to rule 6) Fee: \$39.95 Benefit: 75% = \$30.00 85% = \$34.00		
66788	Porphyrins or porphyrins precursors - quantitation in plasma, red cells, urine or faeces - 2 or more tests (Item is subject to rule 6) Fee: \$65.85 Benefit: 75% = \$49.40 85% = \$56.00		
66789	A test described in item 66785 if rendered by a receiving APP, where no tests in the item have been rendered by the referring APP - 1 test (Item is subject to rule 6 and 18) Fee: \$39.95 Benefit: 75% = \$30.00 85% = \$34.00		
66790	A test described in item 66785 other than that described in 66789, if rendered by a receiving APP - to a maximum of 1 test (Item is subject to rule 6 and 18) Fee: \$25.90 Benefit: 75% = \$19.45 85% = \$22.05		
66791	Porphyrin biosynthetic enzymes - measurement of activity in blood cells or other tissues - 1 or more tests Fee: \$74.45 Benefit: 75% = \$55.85 85% = \$63.30		
66792	A test described in item 66791 if rendered by a receiving APP - 1 or more tests (Item is subject to rule 18) Fee: \$74.45 Benefit: 75% = \$55.85 85% = \$63.30		
66800	Quantitation in blood, urine or other body fluid by any method (except reagent tablet or reagent strip) of any of the following being used therapeutically by the patient from whom the specimen was taken: amikacin, carbamazepine, digoxin, disopyramide, ethanol, ethosuximide, gentamicin, lithium, lignocaine, netilmicin, paracetamol, phenobarbitone, primidone, phenytoin, procainamide, quinidine, salicylate, theophylline, tobramycin, valproate or vancomycin - 1 test (Item to be subject to rule 6) <i>(See para P16.6 of explanatory notes to this Category)</i> Fee: \$18.15 Benefit: 75% = \$13.65 85% = \$15.45		
66803	2 tests described in item 66800 (Item is subject to rule 6) Fee: \$30.50 Benefit: 75% = \$22.90 85% = \$25.95		
66804	A test described in item 66800 if rendered by a receiving APP, where no tests in the item have been rendered by the referring APP - 1 test (Item is subject to rule 6 and 18) Fee: \$18.15 Benefit: 75% = \$13.65 85% = \$15.45		
66805	A test described in item 66800 other than that described in 66804, if rendered by a receiving APP - each test to a maximum of 2 tests (Item is subject to rule 6 and 18) Fee: \$12.35 Benefit: 75% = \$9.30 85% = \$10.50		
66806	3 tests described in item 66800 (Item is subject to rule 6) Fee: \$41.85 Benefit: 75% = \$31.40 85% = \$35.60		

PATHOLOGY		PATHOLOGY	
66812	Quantitation, not elsewhere described in this Table by any method or methods, in blood, urine or other body fluid, of a drug being used therapeutically by the patient from whom the specimen was taken - 1 test (This fee applies where 1 laboratory performs the only test specified on the request form or performs 1 test and refers the rest to the laboratory of a separate APA) (Item is subject to rule 6) (See para P16.6 of explanatory notes to this Category)	Fee: \$34.80	Benefit: 75% = \$26.10 85% = \$29.60
66815	2 tests described in item 66812 (This fee applies where 1 laboratory, or more than 1 laboratory belonging to the same APA, performs the only 2 tests specified on the request form or performs 2 tests and refers the rest to the laboratory of a separate APA) (Item is subject to rule 6)	Fee: \$59.55	Benefit: 75% = \$44.70 85% = \$50.65
66816	A test described in item 66812 if rendered by a receiving APP, where no tests in the item have been rendered by the referring APP - 1 test (Item is subject to rule 6 and 18)	Fee: \$34.80	Benefit: 75% = \$26.10 85% = \$29.60
66817	A test described in item 66812, other than that described in 66816, if rendered by a receiving APP - to a maximum of 1 test (Item is subject to rule 6 and 18)	Fee: \$24.75	Benefit: 75% = \$18.60 85% = \$21.05
66819	Quantitation of copper, manganese, selenium, or zinc (except if item 66667 applies), in blood, urine or other body fluid - 1 test. (Item is subject to rule 6, 22 and 25)	Fee: \$30.60	Benefit: 75% = \$22.95 85% = \$26.05
66820	A test described in item 66819 if rendered by a receiving APP, where no tests in the item have been rendered by the referring APP - 1 test (Item is subject to rule 6, 18, 22 and 25)	Fee: \$30.60	Benefit: 75% = \$22.95 85% = \$26.05
66821	A test described in item 66819 other than that described in 66820 if rendered by a receiving APP to a maximum of 1 test (Item is subject to rule 6, 18, 22 and 25)	Fee: \$21.80	Benefit: 75% = \$16.35 85% = \$18.55
66822	Quantitation of copper, manganese, selenium, or zinc (except if item 66667 applies), in blood, urine or other body fluid - 2 or more tests. (Item is subject to rule 6, 22 and 25)	Fee: \$52.45	Benefit: 75% = \$39.35 85% = \$44.60
66825	Quantitation of aluminium (except if item 66671 applies), arsenic, beryllium, cadmium, chromium, gold, mercury, nickel, or strontium, in blood, urine or other body fluid or tissue - 1 test. To a maximum of 3 of this item in a 6 month period (Item is subject to rule 6, 22 and 25)	Fee: \$30.60	Benefit: 75% = \$22.95 85% = \$26.05
66826	A test described in item 66825 if rendered by a receiving APP where no tests have been rendered by the referring APP - 1 test (Item is subject to rules 6, 18, 22 and 25)	Fee: \$30.60	Benefit: 75% = \$22.95 85% = \$26.05
66827	A test described in item 66825, other than that described in 66826, if rendered by a receiving APP to a maximum of 1 test (Item is subject to rules 6, 18, 22 and 25)	Fee: \$21.80	Benefit: 75% = \$16.35 85% = \$18.55
66828	Quantitation of aluminium (except if item 66671 applies), arsenic, beryllium, cadmium, chromium, gold, mercury, nickel, or strontium, in blood, urine or other body fluid or tissue - 2 or more tests. 71058	Examination as described in item 71057 of 2 or more specimen types Fee: \$50.50 Benefit: 75% = \$37.90 85% = \$42.95	
71059	Immunofixation or immunoelectrophoresis or isoelectric focusing of: (a) urine for detection of Bence Jones proteins; or (b) serum, plasma or other body fluid; and characterisation of a paraprotein or cryoglobulin - examination of 1 specimen type (eg. serum, urine or CSF) Fee: \$35.65 Benefit: 75% = \$26.75 85% = \$30.35	
71060	Examination as described in item 71059 of 2 or more specimen types Fee: \$44.05 Benefit: 75% = \$33.05 85% = \$37.45	
71062	Electrophoresis and immunofixation or immunoelectrophoresis or isoelectric focussing of CSF for the detection of oligoclonal bands and including if required electrophoresis of the patient's serum for comparison purposes - 1 or more tests Fee: \$44.05 Benefit: 75% = \$33.05 85% = \$37.45	
71064	Detection and quantitation of cryoglobulins or cryofibrinogen - 1 or more tests Fee: \$20.75 Benefit: 75% = \$15.60 85% = \$17.65	
71066	Quantitation of total immunoglobulin A by any method in serum, urine or other body fluid - 1 test Fee: \$14.55 Benefit: 75% = \$10.95 85% = \$12.40	
71068	Quantitation of total immunoglobulin G by any method in serum, urine or other body fluid - 1 test Fee: \$14.55 Benefit: 75% = \$10.95 85% = \$12.40	
71069	2 tests described in items 71066, 71068, 71072 or 71074 Fee: \$22.75 Benefit: 75% = \$17.10 85% = \$19.35	
71071	3 or more tests described in items 71066, 71068, 71072 or 71074 Fee: \$30.95 Benefit: 75% = \$23.25 85% = \$26.35	
71072	Quantitation of total immunoglobulin M by any method in serum, urine or other body fluid - 1 test Fee: \$14.55 Benefit: 75% = \$10.95 85% = \$12.40	
71073	Quantitation of all 4 immunoglobulin G subclasses Fee: \$106.15 Benefit: 75% = \$79.65 85% = \$90.25	
71074	Quantitation of total immunoglobulin D by any method in serum, urine or other body fluid - 1 test Fee: \$14.55 Benefit: 75% = \$10.95 85% = \$12.40	
71075	Quantitation of immunoglobulin E (total), 1 test. (Item is subject to rule 25) Fee: \$23.00 Benefit: 75% = \$17.25 85% = \$19.55	
71076	A test described in item 71073 if rendered by a receiving APP - 1 test (Item is subject to rule 18) Fee: \$106.15 Benefit: 75% = \$79.65 85% = \$90.25	
71077	Quantitation of immunoglobulin E (total) in the follow up of a patient with proven immunoglobulin-E-secreting myeloma, proven congenital immunodeficiency or proven allergic bronchopulmonary aspergillosis, 1 test. (Item is subject to rule 25) Fee: \$27.05 Benefit: 75% = \$20.30 85% = \$23.00	
71079	Detection of specific immunoglobulin E antibodies to single or multiple potential allergens, 1 test (Item is subject to rule 25) Fee: \$26.80 Benefit: 75% = \$20.10 85% = \$22.80	

PATHOLOGY		PATHOLOGY
71081	Quantitation of total haemolytic complement Fee: \$40.55 Benefit: 75% = \$30.45 85% = \$34.50	
71083	Quantitation of complement components C3 and C4 or properdin factor B - 1 test Fee: \$20.15 Benefit: 75% = \$15.15 85% = \$17.15	
71085	2 tests described in item 71083 Fee: \$28.95 Benefit: 75% = \$21.75 85% = \$24.65	
71087	3 or more tests described in item 71083 Fee: \$37.70 Benefit: 75% = \$28.30 85% = \$32.05	
71089	Quantitation of complement components or breakdown products of complement proteins not elsewhere described in an item in this Schedule - 1 test (Item is subject to rule 6) Fee: \$29.15 Benefit: 75% = \$21.90 85% = \$24.80	
71090	A test described in item 71089, if rendered by a receiving APP, where no tests in the item have been rendered by the referring APP - 1 test (Item is subject to rule 6 and 18) Fee: \$29.15 Benefit: 75% = \$21.90 85% = \$24.80	
71091	2 tests described in item 71089 (Item is subject to rule 6) Fee: \$52.85 Benefit: 75% = \$39.65 85% = \$44.95	
71092	Tests described in item 71089, other than that described in 71090, if rendered by a receiving APP - each test to a maximum of 2 tests (Item is subject to rule 6 and 18) Fee: \$23.70 Benefit: 75% = \$17.80 85% = \$20.15	
71093	3 or more tests described in item 71089 (Item is subject to rule 6) Fee: \$76.45 Benefit: 75% = \$57.35 85% = \$65.00	
71095	Quantitation of serum or plasma eosinophil cationic protein, or both, to a maximum of 3 assays in 1 year, for monitoring the response to therapy in corticosteroid treated asthma, in a child aged less than 12 years (See para P16.9 of explanatory notes to this Category) Fee: \$40.55 Benefit: 75% = \$30.45 85% = \$34.50	
71096	A test described in item 71095 if rendered by a receiving APP. (Item is subject to rule 18) Fee: \$40.55 Benefit: 75% = \$30.45 85% = \$34.50	
71097	Antinuclear antibodies - detection in serum or other body fluids, including quantitation if required Fee: \$24.45 Benefit: 75% = \$18.35 85% = \$20.80	
71099	Double-stranded DNA antibodies - quantitation by 1 or more methods other than the Crithidia method Fee: \$26.50 Benefit: 75% = \$19.90 85% = \$22.55	
71101	Antibodies to 1 or more extractable nuclear antigens - detection in serum or other body fluids Fee: \$17.40 Benefit: 75% = \$13.05 85% = \$14.80	
71103	Characterisation of an antibody detected in a service described in item 71101 (including that service) Fee: \$52.05 Benefit: 75% = \$39.05 85% = \$44.25	
71106	Rheumatoid factor - detection by any technique in serum or other body fluids, including quantitation if required Fee: \$11.30 Benefit: 75% = \$8.50 85% = \$9.65	
71119	Antibodies to tissue antigens not elsewhere specified in this Table - detection, including quantitation if required, of 1 antibody Fee: \$17.35 Benefit: 75% = \$13.05 85% = \$14.75	
71121	Detection of 2 antibodies specified in item 71119 Fee: \$20.80 Benefit: 75% = \$15.60 85% = \$17.70	
71123	Detection of 3 antibodies specified in item 71119 Fee: \$24.25 Benefit: 75% = \$18.20 85% = \$20.65	

PATHOLOGY		PATHOLOGY	
71125	Detection of 4 or more antibodies specified in item 71119 Fee: \$27.65 Benefit: 75% = \$20.75 85% = \$23.55		
71127	Functional tests for lymphocytes - quantitation other than by microscopy of: (a) proliferation induced by 1 or more mitogens; or (b) proliferation induced by 1 or more antigens; or (c) estimation of 1 or more mixed lymphocyte reactions; including a test described in item 65066 or 65070 (if performed), 1 of this item to a maximum of 2 in a 12 month period Fee: \$176.35 Benefit: 75% = \$132.30 85% = \$149.90		
71129	2 tests described in item 71127 Fee: \$217.85 Benefit: 75% = \$163.40 85% = \$185.20		
71131	3 or more tests described in item 71127 Fee: \$259.35 Benefit: 75% = \$194.55 85% = \$220.45		
71133	Investigation of recurrent infection by qualitative assessment for the presence of defects in oxidative pathways in neutrophils by the nitroblue tetrazolium (NBT) reduction test Fee: \$10.40 Benefit: 75% = \$7.80 85% = \$8.85		
71134	Investigation of recurrent infection by quantitative assessment of oxidative pathways by flow cytometric techniques, including a test described in 71133 (if performed) Fee: \$104.05 Benefit: 75% = \$78.05 85% = \$88.45		
71135	Quantitation of neutrophil function, comprising at least 2 of the following: (a) chemotaxis; (b) phagocytosis; (c) oxidative metabolism; (d) bactericidal activity; including any test described in items 65066, 65070, 71133 or 71134 (if performed), 1 of this item to a maximum of 2 in a 12 month period Fee: \$207.95 Benefit: 75% = \$156.00 85% = \$176.80		
71137	Quantitation of cell-mediated immunity by multiple antigen delayed type hypersensitivity intradermal skin testing using a minimum of 7 antigens, 1 of this item to a maximum of 2 in a 12 month period Fee: \$30.25 Benefit: 75% = \$22.70 85% = \$25.75		
71139	Characterisation of 3 or more leucocyte surface antigens by immunofluorescence or immunoenzyme techniques to assess lymphoid or myeloid cell populations, including a total lymphocyte count or total leucocyte count by any method, on 1 or more specimens of blood, CSF or serous fluid Fee: \$104.05 Benefit: 75% = \$78.05 85% = \$88.45		
71141	Characterisation of 3 or more leucocyte surface antigens by immunofluorescence or immunoenzyme techniques to assess lymphoid or myeloid cell populations on 1 or more disaggregated tissue specimens Fee: \$197.35 Benefit: 75% = \$148.05 85% = \$167.75		
71143	Characterisation of 6 or more leucocyte surface antigens by immunofluorescence or immunoenzyme techniques to assess lymphoid or myeloid cell populations for the diagnosis (but not monitoring) of an immunological or haematological malignancy, including a service described in 1 or both of items 71139 and 71141 (if performed), on a specimen of blood, CSF, serous fluid or disaggregated tissue Fee: \$260.00 Benefit: 75% = \$195.00 85% = \$221.00		
71145	Characterisation of 6 or more leucocyte surface antigens by immunofluorescence or immunoenzyme techniques to assess lymphoid or myeloid cell populations for the diagnosis (but not monitoring) of an immunological or haematological malignancy, including a service described in 1 or more of items 71139, 71141 and 71143 (if performed), on 2 or more specimens of disaggregated tissues or 1 specimen of disaggregated tissue and 1 or more specimens of blood, CSF or serous fluid Fee: \$424.50 Benefit: 75% = \$318.40 85% = \$360.85		
71146	Enumeration of CD34+ cells, only for the purposes of autologous or directed allogeneic haemopoietic stem cell transplantation, including a total white cell count on the pheresis collection Fee: \$104.05 Benefit: 75% = \$78.05 85% = \$88.45		
71147	HLA-B27 typing (Item is subject to rule 27) Fee: \$40.55 Benefit: 75% = \$30.45 85% = \$34.50		

PATHOLOGY		PATHOLOGY
71148	A test described in item 71147 if rendered by a receiving APP. (Item is subject to rule 18 and 27) Fee: \$40.55 Benefit: 75% = \$30.45 85% = \$34.50	
71149	Complete tissue typing for 4 HLA-A and HLA-B Class I antigens (including any separation of leucocytes), including (if performed) a service described in item 71147 Fee: \$108.25 Benefit: 75% = \$81.20 85% = \$92.05	
71151	Tissue typing for HLA-DR, HLA-DP and HLA-DQ Class II antigens (including any separation of leucocytes) - phenotyping or genotyping of 2 or more antigens Fee: \$118.85 Benefit: 75% = \$89.15 85% = \$101.05	
71153	Investigations in the assessment or diagnosis of systemic inflammatory disease or vasculitis - antineutrophil cytoplasmic antibody immunofluorescence (ANCA test), antineutrophil proteinase 3 antibody (PR-3 ANCA test), antimyeloperoxidase antibody (MPO ANCA test) or antiglomerular basement membrane antibody (GBM test) - detection of 1 antibody (Item is subject to rule 6 and 23) Fee: \$34.55 Benefit: 75% = \$25.95 85% = \$29.40	
71154	A test described in item 71153, if rendered by a receiving APP, where no tests in the item have been rendered by the referring APP - 1 test. (Item is subject to rule 6, 18 and 23) Fee: \$34.55 Benefit: 75% = \$25.95 85% = \$29.40	
71155	Detection of 2 antibodies described in item 71153 (Item is subject to rule 6 and 23) Fee: \$47.45 Benefit: 75% = \$35.60 85% = \$40.35	
71156	Tests described in item 71153, other than that described in 71154, if rendered by a receiving APP – each test to a maximum of 3 tests (Item is subject to rule 6, 18 and 23) Fee: \$12.85 Benefit: 75% = \$9.65 85% = \$10.95	
71157	Detection of 3 antibodies described in item 71153 (Item is subject to rule 6 and 23) Fee: \$60.30 Benefit: 75% = \$45.25 85% = \$51.30	
71159	Detection of 4 or more antibodies described in item 71153 (Item is subject to rule 6 and 23) Fee: \$73.15 Benefit: 75% = \$54.90 85% = \$62.20	
71163	Detection of one of the following antibodies (of 1 or more class or isotype) in the assessment or diagnosis of coeliac disease or other gluten hypersensitivity syndromes and including a service described in item 71066 (if performed): a) Antibodies to gliadin; or b) Antibodies to endomysium; or c) Antibodies to tissue transglutaminase; - 1 test Fee: \$24.75 Benefit: 75% = \$18.60 85% = \$21.05	
71164	Two or more tests described in 71163 and including a service described in 71066 (if performed) Fee: \$39.90 Benefit: 75% = \$29.95 85% = \$33.95	
71165	Antibodies to tissue antigens (acetylcholine receptor, adrenal cortex, heart, histone, insulin, insulin receptor, intrinsic factor, islet cell, lymphocyte, neuron, ovary, parathyroid, platelet, salivary gland, skeletal muscle, skin basement membrane and intercellular substance, thyroglobulin, thyroid microsome or thyroid stimulating hormone receptor) - detection, including quantitation if required, of 1 antibody (Item is subject to rule 6) Fee: \$34.55 Benefit: 75% = \$25.95 85% = \$29.40	
71166	Detection of 2 antibodies described in item 71165 (Item is subject to rule 6) Fee: \$47.45 Benefit: 75% = \$35.60 85% = \$40.35	
71167	Detection of 3 antibodies described in item 71165 (Item is subject to rule 6) Fee: \$60.30 Benefit: 75% = \$45.25 85% = \$51.30	

PATHOLOGY		PATHOLOGY	
71168	Detection of 4 or more antibodies described in item 71165 (Item is subject to rule 6) Fee: \$73.15	Benefit: 75% = \$54.90	85% = \$62.20
71169	A test described in item 71165, if rendered by a receiving APP, where no tests in the item have been rendered by the referring APP – 1 test (Item is subject to rule 6 and 18) Fee: \$34.55	Benefit: 75% = \$25.95	85% = \$29.40
71170	Tests described in item 71165, other than that described in 71169, if rendered by a receiving APP - each test to a maximum of 3 tests (Item is subject to rule 6 and 18) Fee: \$12.85	Benefit: 75% = \$9.65	85% = \$10.95
71180	Antibody to cardiolipin or beta-2 glycoprotein I – detection, including quantitation if required; one antibody specificity (IgG or IgM) Fee: \$34.55	Benefit: 75% = \$25.95	85% = \$29.40
71183	Detection of two antibodies described in item 71180 Fee: \$47.45	Benefit: 75% = \$35.60	85% = \$40.35
71186	Detection of three or more antibodies described in item 71180 Fee: \$60.30	Benefit: 75% = \$45.25	85% = \$51.30
71189	Detection of specific IgG antibodies to 1 or more respiratory disease allergens not elsewhere specified. Fee: \$15.50	Benefit: 75% = \$11.65	85% = \$13.20
71192	2 items described in item 71189. Fee: \$28.35	Benefit: 75% = \$21.30	85% = \$24.10
71195	3 or more items described in item 71189. Fee: \$40.05	Benefit: 75% = \$30.05	85% = \$34.05
71198	Estimation of serum tryptase for the evaluation of unexplained acute hypotension or suspected anaphylactic event, assessment of risk in stinging insect anaphylaxis, exclusion of mastocytosis, monitoring of known mastocytosis. Fee: \$40.55	Benefit: 75% = \$30.45	85% = \$34.50
71200	Detection and quantitation, if present, of free kappa and lambda light chains in serum for the diagnosis or monitoring of amyloidosis, myeloma or plasma cell dyscrasias. Fee: \$59.60	Benefit: 75% = \$44.70	85% = \$50.70
71203	Determination of HLAB5701 status by flow cytometry or cytotoxicity assay prior to the initiation of Abacavir therapy including item 73323 if performed. Fee: \$40.55	Benefit: 75% = \$30.45	85% = \$34.50

	GROUP P6 - CYTOLOGY	
73043	Cytology (including serial examinations) of nipple discharge or smears from skin, lip, mouth, nose or anus for detection of precancerous or cancerous changes 1 or more tests Fee: \$22.85 Benefit: 75% = \$17.15 85% = \$19.45	
73045	Cytology (including serial examinations) for malignancy (other than an examination mentioned in item 73053); and including any Group P5 service, if performed on: (a) specimens resulting from washings or brushings from sites not specified in item 73043; or (b) a single specimen of sputum or urine; or (c) 1 or more specimens of other body fluids; 1 or more tests Fee: \$48.60 Benefit: 75% = \$36.45 85% = \$41.35	
73047	Cytology of a series of 3 sputum or urine specimens for malignant cells Fee: \$94.70 Benefit: 75% = \$71.05 85% = \$80.50	
73049	Cytology of material obtained directly from a patient by fine needle aspiration of solid tissue or tissues - 1 identified site Fee: \$68.15 Benefit: 75% = \$51.15 85% = \$57.95	
73051	Cytology of material obtained directly from a patient at one identified site by fine needle aspiration of solid tissue or tissues if a recognized pathologist: (a) performs the aspiration; or (b) attends the aspiration and performs cytological examination during the attendance Fee: \$170.35 Benefit: 75% = \$127.80 85% = \$144.80	
73053	Cytology of a smear from cervix where the smear is prepared by direct application of the specimen to a slide, excluding the use of liquid based slide preparation techniques, and the stained smear is microscopically examined by or on behalf of a pathologist - each examination (a) for the detection of precancerous or cancerous changes in women with no symptoms, signs or recent history suggestive of cervical neoplasia, or (b) if a further specimen is taken due to an unsatisfactory smear taken for the purposes of paragraph (a); or (c) if there is inadequate information provided to use item 73055; <i>(See para P16.11 of explanatory notes to this Category)</i> Fee: \$19.45 Benefit: 75% = \$14.60 85% = \$16.55	
73055	Cytology of a smear from cervix, not associated with item 73053, where the smear is prepared by direct application of the specimen to a slide, excluding the use of liquid based slide preparation techniques, and the stained smear is microscopically examined by or on behalf of a pathologist - each test (a) for the management of previously detected abnormalities including precancerous or cancerous conditions; or (b) for the investigation of women with symptoms, signs or recent history suggestive of cervical neoplasia; <i>(See para P16.11 of explanatory notes to this Category)</i> Fee: \$19.45 Benefit: 75% = \$14.60 85% = \$16.55	
73057	Cytology of smears from vagina, not associated with item 73053 or 73055 and not to monitor hormone replacement therapy, where the smear is prepared by direct application of the specimen to a slide, excluding the use of liquid based slide preparation techniques, and the stained smear is microscopically examined by or on behalf of a pathologist - each test <i>(See para P16.11 of explanatory notes to this Category)</i> Fee: \$19.45 Benefit: 75% = \$14.60 85% = \$16.55	
73059	Immunocytochemical examination of material obtained by procedures described in items 73045, 73047, 73049, 73051, 73062 and 73063 for the characterisation of a malignancy by immunofluorescence, immunoperoxidase or other labelled antibody techniques with multiple antigenic specificities per specimen - 1 to 3 antibodies except those listed in 73061 (Item is subject to rule 13) Fee: \$43.00 Benefit: 75% = \$32.25 85% = \$36.55	
73060	Immunocytochemical examination of material obtained by procedures described in items 73045, 73047, 73049, 73051, 73062 and 73063 for the characterisation of a malignancy by immunofluorescence, immunoperoxidase or other labelled antibody techniques with multiple antigenic specificities per specimen - 4 to 6 antibodies (Item is subject to rule 13) Fee: \$57.35 Benefit: 75% = \$43.05 85% = \$48.75

Ureter, biopsy	4
Ureter, resection	5
Urethra, biopsy	4
Urethra, resection	5
Urinary bladder, partial or total with or without prostatectomy	6
Urinary bladder, transurethral resection of neoplasm	5
Urinary bladder - all specimens not otherwise specified	4
Uterus, cervix, curettings or biopsy	4
Uterus, cervix cone, biopsy (including LLETZ or LEEP biopsy)	5
Uterus, endocervix, polyp	3

Specimen Type	Complexity level
Uterus, endometrium, polyp	3
Uterus with or without adnexa, malignant neoplasm - all specimen types not otherwise specified	6
Uterus with or without adnexa, neoplasm, Wertheim's or pelvic clearance	6
Uterus and/or cervix - all specimens not otherwise specified	4
Vagina, biopsy	4
Vagina, radical resection	6
Vaginal mucosa, incidental	3
Vulva or labia, biopsy	4
Vulval, subtotal or total with or without nodes	6

CLEFT LIP AND CLEFT PALATE SERVICES
CATEGORY 7

SUMMARY OF CHANGES FROM 1/03/2013

The 1/03/2013 changes to the MBS are summarised below and are identified in the Schedule pages by one or more of the following words appearing above the item number

(a) new item	New
(b) amended description	Amend
(c) fee amended	Fee
(d) item number changed	Renum
(e) EMSN changed	EMSN

There are no changes to this Category for 1 March 2013.

C.1.1. INTRODUCTION - MEDICARE BENEFITS

The Medicare Benefits Schedule includes certain professional services in respect of the treatment of cleft lip and cleft palate conditions for which Medicare benefits are payable. These services are normally described as dental services. However, for the purposes of these Notes the word "medical" is to be interpreted to include "dental". The definition of professional service as contained in the Health Insurance Act provides that such a service must be "clinically relevant". A clinically relevant service means a service rendered by a medical or dental practitioner or optometrist that is generally accepted in the medical, dental or optometrical profession (as the case may be) as being necessary for the appropriate treatment of the patient to whom it is rendered.

Medicare benefits are payable in respect of services listed in the Schedule, when the services are rendered by eligible dental practitioners to prescribed dental patients.

The Schedule lists three categories of professional services:

- (Group C1) Orthodontic Services
- (Group C2) Oral and Maxillofacial Surgical Services
- (Group C3) General and Prosthodontic Services

C.2.1. DENTAL PRACTITIONER ELIGIBILITY

In order to attract Medicare benefits, all treatment must be carried out by eligible dental practitioners who are resident in Australia.

All registered dental practitioners are entitled to perform simple extraction services covered by Items 75200–75206 listed in Group C2 of the Schedule and the general and prosthodontic services listed in Group C3 of the Schedule.

Dental practitioners who wish to perform those orthodontic services listed in Group C1 of the Schedule must be registered in the specialty of orthodontics.

Dental practitioners who were previously accredited to provide Cleft Lip and Cleft Palate services who do not meet the registration requirements as a dental specialist will be grandfathered under legislative arrangements that came into force on 1 November 2012.

Oral and maxillofacial services listed in Group C2 may be performed by:

- Medical practitioners who are specialists in the practice of their specialty of oral and maxillofacial surgery; and
- Dental practitioners who were approved by the Minister prior to 1 November 2004 for the purposes of Subsection 3 (1) of the Act to carry out prescribed medical services (oral and maxillofacial surgery) contained in the Medicare Benefits Schedule.

C.3.1. PATIENT ELIGIBILITY

To be eligible to claim benefits for Schedule services performed by eligible dental practitioners, a patient must satisfy the following criteria:

- (a) The patient must be an Australian resident or any other person or class of persons whom the Minister declares to be eligible. All eligible persons will be issued with a Medicare card on application as evidence of their eligibility.
- (b) Under the provisions of Section 3BA of the Health Insurance Act a patient must be a prescribed dental patient, ie
 - a person aged up to twenty-two years, in respect of whom, a certificate has been issued by a medical practitioner or dental practitioner approved by the Minister, stating that the person is suffering from a cleft lip or cleft palate condition*;
 - a person aged up to twenty-eight years, in respect of whom, prior to turning twenty-two years,
 - a certificate has been issued by a medical practitioner or dental practitioner approved by the Minister, stating that the person is suffering from a cleft lip or cleft palate condition*, and
 - that person commenced treatment for a cleft lip or cleft palate condition;
 - a person aged twenty-eight and over requiring a specific course of treatment for the repair of previous reconstructive surgery, provided that:
 - prior to turning twenty-two years, a certificate has been issued by a medical practitioner or dental practitioner approved by the Minister, stating that the person is suffering from a cleft lip or cleft palate condition*, and
 - the person received treatment for a cleft lip or cleft palate condition prior to turning twenty-eight years, and
 - if the Minister has declared in writing that he or she is satisfied that:
 - (i) because of exceptional circumstances, the person required repair of previous reconstructive surgery in connection with the condition, and

- (ii) the person therefore needs to undergo that course of treatment.
- a person aged up to twenty-two years in respect of whom a certificate has been issued by a medical practitioner or dental practitioner approved by the Minister, stating that the person is suffering from a condition determined by the Minister to be a condition to which the definition of a prescribed dental patient under Section 3BA of the Act applies.

The Department of Health and Ageing has completed an interim review of the conditions described as “other”, including the legislation underpinning the Cleft Lip and Cleft Palate Scheme. A Ministerial Determination is now in place for these ‘other’ conditions, enabling the payment of Medicare benefits for the conditions listed below. Any applications for the listed conditions received in the period between 17 September and the date of the new Determination will be eligible for registration under the Scheme. Similarly, any claims during this period for services provided under the CLACP scheme for applicants registered prior to 17 September will also be eligible.

Conditions for which a patient may be prescribed include the following:

- AARSKOG
- Achondroplasia & Craniofacial Anomaly
- Alagilles Syndrome
- Amelogenesis Imperfecta
- Anterior Open Bite
- Apert's Syndrome
- Branchial Arch Syndrome
- Charge Syndrome
- Choanal Atresia
- Cleidocranialdysostosis
- Craniometaphyseal Syndrome
- Craniosynostosis Syndrome
- Ectodermal Dysplasia
- Golden Har Syndrome
- Hypo Hidrotic Ectodermal Dysplasia
- Joubert Syndrome
- Left Hemifacial Microsomia
- Metopic Syndrome
- Oliogodontia
- Pierre Robin
- Pierre Sequence
- Regional Odontodysplasia
- Right Unicoronal Synostosis
- Romberg's Syndrome
- Rubenstein-Taybi Syndrome
- Sprintzen Syndrome
- Sticklers Syndrome
- Tessier Cleft
- Treacher-Collins' Syndrome
- Trichorhinophalangeal Syndrome Type 1
- Unilateral Cleft Lip and Palate (UCLP)
- Velocardio Facial Syndrome (VCF)

*Note: The above conditions have been listed in the terminology that they are generally known under. Some conditions are similar to, or otherwise known as, other conditions on the list.

Please contact Medicare Australia by telephone on 1300 652 492 if the condition is not listed here.

C.3.2. APPLICATION FOR APPROVAL FOR REPAIRS TO PREVIOUS RECONSTRUCTIVE WORK

Applicants aged 28 and over seeking approval for repairs to previous reconstructive work under the Cleft Lip and Cleft Palate Scheme will be required to provide clinical details outlining the need for the repair of previous reconstructive surgery.

NOTE: *Patients aged over 28 years of age are not eligible to receive Medicare payments for treatment until approval from the Minister's delegate has been obtained.*

Applications should include the following:

- a treatment plan devised by the treating professional, for the repair of the reconstructive surgery to be performed, including:
 - an indicative time period for which patient eligibility for claiming related treatments should be reinstated
 - date/s the treatment is expected to commence and
 - date/s the treatment is expected to be completed.
- proof of previous eligibility and treatment under the Cleft Lip and Cleft Palate Scheme. This should take the form of a letter from the treating practitioner, which lists the patient details as follows:
 - full name
 - date of birth
 - address
 - condition
 - Cleft Palate Number
 - date (or approximate) of original surgery

This information will be forwarded to Medicare Australia for confirmation of eligibility;

- a clinical report from the treating professional, describing the nature of the repair, information detailing the previous reconstructive surgery provided and an outline of the work to be undertaken.

Applications made under Section 3BA(2A) should be addressed to:

The Assistant Secretary
Medicare Benefits Branch
MDP 850
Department of Health and Ageing
PO Box 9848
Canberra ACT 2601

Assessment of Applications

Assessment will take into account the information provided by the applicant and consider the circumstances surrounding each individual application. In the assessment, "previous reconstructive surgery" means surgery undertaken to repair structural defects in connection with a cleft lip or cleft palate condition. Repairs to this surgery must be in relation to the failure or deterioration of this surgery and due to that failure or deterioration, the patient requires further surgical intervention to restore optimal function.

Repair to previous reconstructive surgery may involve items in both the main Medicare Benefits Schedule, and items in the Cleft Lip and Cleft Palate Schedule. Under Section 3BA (2A), upon gaining the Minister's approval, applicants will have full access to items in the Cleft Lip and Cleft Palate Schedule that are necessary for the restoration of optimal function (provided the items are rendered by suitably qualified / approved practitioners).

The identification of the cleft condition and the issue of the Certificate can be undertaken through a special cleft lip and cleft palate clinic or by a medical or dental practitioner authorised for this purpose by the Minister. Cleft lip and cleft palate clinics operate in at least one public hospital in each Australian State/Territory capital city. A list of these clinics and their addresses appears at the end of these Notes.

Practitioners whose patients are unable to attend the hospital clinic should send records of the cleft condition to the Clinic for identification of the condition and issue of the Certificate.

The Certificate is a formal document required under the provisions of the Act. Because the Certificate may have to last for up to twenty-eight years, each eligible patient will also be issued with a plastic identification card. These cards, which are more durable than the paper Certificates, can be used by patients (or parents or guardians) to claim Medicare benefits. Facsimiles of the Certificate and card appear at the end of these Notes.

Patients are eligible for Medicare benefits for treatment received from the date of issue of their Certificate. Where treatment is required immediately after birth, practitioners should telephone a Clinic or approved practitioner so that a Certificate can be prepared which will be effective from that day.

C.3.3. VISITORS TO AUSTRALIA

Medicare benefits for the Cleft Lip and Cleft Palate Scheme are generally not payable to visitors to Australia or temporary residents.

C.3.4. HEALTH CARE EXPENSES INCURRED OVERSEAS

Medicare does not cover medical or hospital expenses incurred outside Australia.

C.4.1. SCHEDULE FEES AND MEDICARE BENEFITS

Medicare benefits are based on fees determined for each Schedule service. The fee is referred to in these notes as the "Schedule fee". The fee for any item listed in the Schedule is that which is regarded as being reasonable on average for that service having regard to usual and reasonable variations in the time involved in performing the service on different occasions and to reasonable ranges of complexity and technical difficulty encountered.

The Schedule fee and Medicare benefit levels for the medical services contained in the Schedule are located with the item descriptions. Where appropriate, the calculated benefit has been rounded to the nearest higher 5 cents. However, in no circumstances will the Medicare benefit payable exceed the fee actually charged.

There are presently two levels of Medicare benefit payable for cleft lip and cleft palate services:

- (a) **75% of the Schedule fee:**
 - for professional services rendered to a patient as part of an episode of hospital treatment (other than public patients). Medical practitioners must indicate on their accounts if a medical service is rendered in these circumstances by placing an asterisk '*' directly after an item number where used; or a description of the professional service, preceded by the word 'patient';
 - for professional services rendered as part of an episode of hospital-substitute treatment, and the patient who receives the treatment chooses to receive a benefit from a private health insurer. Medical practitioners must indicate on their accounts if a medical service is rendered in these circumstances by placing the words 'hospital-substitute treatment' directly after an item number where used; or a description of the professional service, preceded by the words 'hospital-substitute treatment'.
- (b) **85% of the Schedule fee**, or the Schedule fee less \$74.50 (indexed annually), whichever is the greater, for all other professional services.

It should be noted that the Health Insurance Act makes provision for private medical insurance to cover the "patient gap" (ie, the difference between the Medicare benefit and the Schedule fee) for services attracting benefit at the 75% level. Patients may insure with private health insurance organisations for the gap between the 75% Medicare benefit and the Schedule fee or for amounts in excess of the Schedule fee where the patient has an agreement with their health fund.

C.4.2. WHERE MEDICARE BENEFITS ARE NOT PAYABLE

Medicare benefits are not payable in respect of a professional service where the medical expenses for the service:-

- (a) are paid/payable to a public hospital;
- (b) are for a compensable injury or illness for which the patient's insurer or compensation agency has accepted liability. (Please note that if the medical expenses relate to a compensable injury/illness for which the insurer/compensation agency is disputing liability, then Medicare benefits are payable until the liability is accepted);
- (c) are for a medical examination for the purposes of life insurance, superannuation, a provident account scheme, or admission to membership of a friendly society; or
- (d) are incurred in mass immunisation.

Unless the Minister otherwise directs, Medicare benefits are not payable where:

- (a) the service is rendered by or on behalf of, or under an arrangement with the Australian Government, a State or Territory, a local government body or an authority established under Commonwealth, State or Territory law;
- (b) the medical expenses are incurred by the employer of the person to whom the service is rendered;
- (c) the person to whom the service is rendered is employed in an industrial undertaking and that service is rendered for the purposes related to the operation of the undertaking; or
- (d) the services is a health screening service.

Benefits are not payable for items 75150 to 75621 unless the patient was referred by letter of Referral by a dental practitioner accredited for orthodontic services.

C.4.3. LIMITING RULE

In no circumstances will the benefit payable for a professional service exceed the fee charged for the service.

C.5.1. PENALTIES

Penalties of up to \$10,000 or imprisonment for up to five years, or both, may be imposed on any person who makes a statement (oral or written) or who issues or presents a document that is false or misleading in a material particular and which is capable of being used with a claim for benefits. In addition, any practitioner who is found guilty of such offences by a court shall be subject to examination by a Medicare Participation Review Committee and may be counseled or reprimanded or may have services wholly or partially disqualified from the Medicare benefit arrangements.

A penalty of up to \$1,000 or imprisonment for up to three months, or both, may be imposed on any person who obtains a patient's signature on a direct-billing form without the obligatory details having been entered on the form before the person signs, or who fails to cause a patient to be given a copy of the completed form.

C.6.1. BILLING OF THE PATIENT

Where the practitioner bills the patient for medical services rendered, the patient needs a properly itemised account/receipt to enable a claim to be made for Medicare benefits.

Under the provisions of the Health Insurance Act and Regulations, Medicare benefits are not payable in respect of a professional service unless there is recorded on the account setting out the fee for the service or on the receipt for the fee in respect of the service, the following particulars:-

- (a) Patient's name;
- (b) The date on which the professional service was rendered;
- (c) A description of the professional service sufficient to identify the item that relates to that service, including an indication where the service is rendered to a person while hospital treatment is provided in a hospital or day-hospital facility (other than a Medicare hospital patient), that is, the words (ie, accommodation and nursing care) "admitted patient" immediately preceding the description of the service or an asterisk "*" directly after an item number where used;
- (d) The name and practice address or name and provider number of the practitioner who actually rendered the service; (Where the practitioner has more than one practice location recorded with Medicare Australia, the provider number used should be that which is applicable to the practice location at or from which the service was given).

Each account must also carry a certification by the accredited dental practitioner that:-

- (a) the patient's eligibility certificate or identification card has been sighted (this can be done by quoting the number on the identification card); and
- (b) the service was required for the treatment associated with the cleft condition.

Where a practitioner wishes to apportion the total fee between the appropriate professional fee for the particular service and any balance outstanding in respect of services rendered previously, the practitioner should ensure that the balance is described in such a way (eg balance of account) that it cannot be mistaken as being a separate service. In particular no item number should be shown against the balance.

Only one original itemised account should be issued in respect of any one medical service and any duplicates of accounts or receipts should be clearly marked "duplicate" and should be issued only where the original has been lost. Duplicates should not be issued as a routine system for "accounts rendered".

C.6.2. CLAIMING OF BENEFITS

Claiming Benefits

The patient, upon receipt of a practitioner's account, has three courses open for paying the account and receiving benefits as outlined below.

Paid Accounts

The patient may pay the account and subsequently present the receipt at a Medicare customer service centre for assessment and payment of the Medicare benefit in cash. In these circumstances, where a claimant personally attends a customer service centre, the claimant is not required to complete a Medicare Patient Claim Form (PC1).

In circumstances where the claimant is seeking a cheque payment of the Medicare benefit or is arranging for an agent to receive the Medicare benefit on the claimant's behalf, completion of a Medicare Patient Claim Form (PC1) is still required.

Unpaid and Partially Paid Accounts

Where the patient has not paid the account, the unpaid account may be presented to Medicare with a Medicare claim form. In this case Medicare will forward to the claimant a benefit cheque made payable to the practitioner.

It will be the patient's responsibility to forward the cheque to the practitioner and make arrangements for payment of the balance of the account if any. "Pay doctor" cheques involving Medicare benefits cannot be sent direct to practitioners or to patients at a practitioner's address (even if requested by the patient to do so). "Pay doctor" cheques will be forwarded to the claimant's last known address.

When issuing a receipt to a patient in respect of an account that is being paid wholly or in part by a Medicare "pay doctor" cheque the practitioner should indicate on the receipt that a "Medicare" cheque for \$.....was involved in the payment of the account.

Assignment of Benefits (Direct-Billing) Arrangements

Under the Health Insurance Act the Assignment of Benefit (direct-billing) facility for professional services is available to all persons in Australia who are eligible for benefit under the Medicare program. This facility is NOT confined to pensioners or people in special need. If a practitioner direct-bills, the practitioner undertakes to accept the relevant Medicare benefit as full payment for the service. Additional charges for that service (irrespective of the purpose or title of the charge) cannot be raised against the patient. Under these arrangements:-

- The patient's Medicare card number must be quoted on all direct-bill forms for that patient.
- The basic forms provided are loose leaf to enable the patient details to be imprinted from the Medicare card.
- The forms include information required by Regulations under Subsection 19(6) of the Health Insurance Act.
- The practitioner must cause the particulars relating to the professional service to be set out on the assignment form before the patient signs the form and cause the patient to receive a copy of the form as soon as practicable after the patient signs it.

Where a patient is unable to sign the assignment form:

- the signature of the patient's parent, guardian or other responsible person (other than the doctor, doctor's staff, hospital proprietor, hospital staff, residential aged care facility proprietor or residential aged care facility staff) is acceptable; or
- In the absence of a "responsible person" the patient signature section should be left blank.

Where the signature space is either left blank or another person signs on the patient's behalf, the form **must** include:

- the notation "Patient unable to sign" and
- in the section headed 'Practitioner's Use', an explanation should be given as to why the patient was unable to sign (e.g. unconscious, injured hand etc.) and this note should be signed or initialled by the doctor. If in the opinion of the practitioner the reason is of such a "sensitive" nature that revealing it would constitute an unacceptable breach of patient confidentiality or unduly embarrass or distress the recipient of the patient's copy of the assignment of benefits form, a concessional reason "due to medical condition" to signify that such a situation exists may be substituted for the actual reason. However, this should not be used routinely and in most cases it is expected that the reason given will be more specific.

The administration of the direct-billing arrangements under Medicare as well as the payment of Medicare benefits on patient claims is the responsibility of **Medicare Australia**. Any enquiries in regard to these matters should therefore be directed to Medicare offices or enquiry points.

Under Medicare any eligible dental practitioner can accept assignment of benefit and direct-bill for any eligible person.

Use of Medicare Cards in Direct Billing

An eligible person who applies to enrol for Medicare benefits (using a Medicare Enrolment/Amendment Application) will be issued with a uniquely numbered Medicare card which shows the Medicare card number, the patient identification number (reference number), the applicant's first given name, initial of second given name, surname and an effective "valid to" date. These cards may be issued on an individual or family basis. Up to 5 persons may be listed on the one Medicare card, and up to 9 persons may be listed under the one Medicare card number.

The Medicare card plays an important part in direct billing as it can be used to imprint the patient details (including Medicare number) on the basic direct-billing forms. A special Medicare imprinter has been developed for this purpose and is available free of charge, on request, from Medicare.

The patient details can of course be entered on the direct-bill forms by hand, but the use of a card to imprint patient details assists practitioners and ensures accuracy of information. The latter is essential to ensure that the processing of a claim by Medicare is expedited.

The Medicare card number must be quoted on direct-bill forms. If the number is not available, then the assignment of benefit facility should not be used. To do so would incur a risk that the patient is not eligible and Medicare benefits not payable.

Where a patient presents without a Medicare card and indicates that he/she has been issued with a card but does not know the details, the practitioner may contact a Medicare telephone enquiry number to obtain the number.

Assignment of Benefit Forms

To meet varying requirements the following types of stationery are available from Medicare. Note that these forms are approved forms under the Health Insurance Act, and no other forms can be used to assign benefits without the approval of Medicare Australia.

(a) *Form DB2*. This form is used to assign benefits for services other than requested pathology. It is loose leaf for imprinting and comprises a throw away cover sheet (after imprinting), a Medicare copy, a Patient copy and a Practitioner copy.

(b) *Form DB4*. Is a continuous stationery version of Form DB2, and has been designed for use on most office accounting machines.

The Claim for Assigned Benefits (Form DB1N, DB1H)

Practitioners who accept assigned benefits must claim from Medicare using either Claim for Assigned Benefits form DB1N or DB1H. The DB1N form should be used where services are rendered to persons for treatment provided out of hospital or day hospital treatment. The DB1H form should be used where services are rendered to persons while hospital treatment is provided in a hospital or day hospital facility (other than public patients). Both forms have been designed to enable benefit for a claim to be directed to a practitioner other than the one who rendered the services. The facility is intended for use in situations such as where a short term locum is acting on behalf of the principal doctor and setting the locum up with a provider number and pay-group link for the principal doctor's practice is impractical. Practitioners should note that this facility cannot be used to generate payments to or through a person who does not have a provider number.

The DB1N and DB1H are also loose leaf to enable imprinting of practitioner details using the special Medicare imprinter. For this purpose, practitioner cards, showing the practitioner's name, practice address and provider numbers are available from Medicare on request.

Direct-Bill Stationery

Medical practitioners and eligible dental practitioners wishing to direct-bill may obtain information on direct-bill stationery by telephoning **132150**. Information on the completion of the forms and direct-bill procedures are provided with the forms. Information on direct-billing is available from any Medicare office.

Time Limits Applicable to Lodgement of Claims for Assigned Benefits

A time limit of two years applies to the lodgement of claims with Medicare under the direct-billing (assignment of benefit) arrangements. This means that Medicare benefits are not payable for any service where the service was rendered more than two years earlier than the date the claim was lodged with Medicare.

Provision exists whereby in certain circumstances (eg hardship cases), the Minister may waive the time limits. Special forms for this purpose are available, if required, from the processing centre to which assigned claims are directed.

C.7.1. INTERPRETATION OF THE CLEFT LIP AND CLEFT PALATE SCHEME

The prescribed services in this section have been grouped according to the general nature of the services: orthodontic, oral surgical and general and prosthodontic.

Each professional service listed in the Schedule is a complete medical service in itself. Where a service is rendered partly by one practitioner and partly by another, only the one amount of benefit is payable.

C.7.2. MULTIPLE OPERATION RULE

The Schedule fee for two or more operations performed on a patient on the one occasion is calculated by the following rule:-

- 100% for the item with the greatest Schedule fee, plus 50% for the item with the next greatest Schedule fee, plus 25% for each other item.

NOTE:

1. Fees so calculated which result in a sum which is not a multiple of 5 cents are taken to the next higher multiple of 5 cents.
2. Where two or more operations performed on the one occasion have fees which are equal, one of these amounts shall be treated as being greater than the other or others of those amounts.
3. The Schedule fee for benefits purposes is the aggregate of the fees calculated in accordance with the above formula.

The above rule does not apply to an operation which is one of two or more operations performed under the one anaesthetic on the same patient by different dental practitioners unless either practitioner assists the other. In this case, the fees and benefits specified in the Schedule apply. For these purposes the term “operation” includes items 75200- 75615.

If the operation comprises a combination of procedures which are commonly performed together and for which a specific combined item is provided in the Schedule, it is regarded as the one item and service in applying the multiple operation rule.

C.7.3. ADMINISTRATION OF ANAESTHETICS

When a medical practitioner administers an anaesthetic in connection with a dental procedure prescribed for the payment of Medicare benefits (and the procedure has been performed by an eligible dental practitioner), Medicare benefits are payable for the administration of the anaesthetic on the same basis as if the procedure had been rendered by a medical practitioner.

To ascertain the Schedule fee for the anaesthetic, medical practitioners should refer to Group T10 – Relative Value Guide for Anaesthesia - of the Medicare Benefits Schedule Book.

C.7.4. DEFINITIONS

Orthodontic treatment planning

Orthodontic treatment planning is defined as the measurement and analysis of the face and jaws and occlusion providing a diagnosis and planned prescription of appliances and treatment required.

Study models

Study models are defined as orthodontic plaster casts of the upper and lower teeth and alveolar processes.

C.7.5. REFERRAL OF ORAL AND MAXILLOFACIAL SURGICAL SERVICES - (ITEMS 75150 TO 75621)

Benefits are payable for items 75150 to 75621 only where the service has been rendered to a patient who has been referred by letter of Referral by an eligible orthodontist.

Item 75621 may be claimed in association with items 45720 to 45754 where the service is performed by a practitioner holding a FRACDS (OMS) qualification with access to Category 3 of the MBS.

C.7.6. GENERAL AND PROSTHODONTIC SERVICES - (ITEM 75800)

Item number 75800 refers to a consultation by a dentist for prevention and prophylaxis and includes such services as dietary advice, oral hygiene and fluoride treatment.

C.7.7. OVER-SERVICING

Over-servicing must be avoided. In the case of denture services, examples of over-servicing might be:-

- Unjustifiably frequent replacement of dentures;
- Provision of new dentures when relining or re-modelling of an existing prosthesis would meet the clinical need;
- Provision of metal dentures where an acrylic denture would meet the clinical need.

The Schedule includes an item for metal dentures to allow for the provision of a precise, long-term prosthesis. The item is not intended for use during the period of growth, where prostheses must be replaced or altered frequently, unless there is some definite and extraordinary clinical requirement.

Schedules of Services

Each professional service contained in the Schedule has been allocated a unique item number. Located with the item number and description for each service is the Schedule fee and Medicare benefit, together with a reference to an explanatory note relating to the item (if applicable).

If the service attracts an anaesthetic, the word (Anaes.) appears following the description. Where an operation qualifies for the payment of benefits for an assistant, the relevant items are identified by the inclusion of the word (Assist.) in the item description. Medicare benefits are not payable for surgical assistance associated with procedures which have not been so identified.

In some cases two levels of fees are applied to the same service in General Medical Services, with each level of fee being allocated a separate item number. The item identified by the letter "S" applies in the case where the procedure has been rendered by a recognised specialist in the practice of his or her specialty and the patient has been referred. The item identified by the letter "G" applies in any other circumstance.

Higher rates of benefits are also provided for consultations by a recognised consultant physician where the patient has been referred by another medical practitioner or an approved dental practitioner (oral surgeons).

Differential fees and benefits also apply to services listed in Category 5 (Diagnostic Imaging Services). The conditions relating to these services are set out in Category 5.

Explanatory Notes

Explanatory notes relating to the Medicare benefit arrangements and notes that have general application to services are located at the beginning of the schedule, while notes relating to specific items are located at the beginning of each Category. While there may be a reference following the description of an item to specific notes relating to that item, there may also be general notes relating to each Group of items.

SUMMARY OF CHANGES FROM 1/03/2013

The 1/03/2013 changes to the MBS are summarised below and are identified in the Schedule pages by one or more of the following words appearing above the item number

(a) new item	New
(b) amended description	Amend
(c) fee amended	Fee
(d) item number changed	Renum
(e) EMSN changed	EMSN

There are no changes to this Category for 1 March 2013.

M.1.1. ADDITIONAL BULK BILLING PAYMENT FOR GENERAL MEDICAL SERVICES - (ITEMS 10990 AND 10991)

Item 10990 can only be claimed where all of the conditions set out in paragraphs (a) to (d) of item 10990 have been met.

Item 10991 can only be claimed where all of the conditions set out in paragraphs (a) to (e) of item 10991 have been met.

- Item 10991 can only be used where the service is provided at, or from, a practice location that is listed in item 10991. This includes all regional, rural and remote areas (RRMA 3 to 7 under the Rural Remote Metropolitan Areas classification system), all of Tasmania and those areas covered by a Statistical Subdivision (SSD) or Statistical Local Areas (SLA) listed in item 10991 (SSDs and SLAs are specified in the Australian Standard Geographical Classification (ASGC) 2002). If you are not sure whether your practice location is in an eligible area, you can call Medicare Australia on 132 150.
- Practice location is the place associated with the medical practitioner's provider number from which the service has been provided. This includes services performed either at the medical practitioner's surgery, or those services performed away from the surgery using the provider number for that surgery (eg home visits or visits to aged care facilities).
- Where a medical practitioner has a practice location in both an eligible and ineligible area, item 10991 can only be claimed in respect of those services provided at, or from, the eligible practice location.

Item 10990 and item 10991 can only be used in conjunction with items in the General Medical Services Table of the MBS. There are similar items to be used in conjunction with diagnostic imaging services (item 64990 or 64991) or pathology services (item 74990 or 74991).

Item 10990 or item 10991 can be claimed for each item of service claimable under the MBS (other than diagnostic imaging services and pathology services), provided the conditions of the relevant item, 10990 or 10991, are satisfied. For example, item 10990 or 10991 can be claimed in conjunction with attendance items, procedural items (other than diagnostic imaging or pathology items) or services provided by a practice nurse on behalf of a medical practitioner (items 10983, 10984, 10986, 10987 and 10997). In some cases, this will mean that item 10990 or 10991 can be claimed more than once in respect of a patient visit.

Item 10990 or 10991 can not be claimed in conjunction with each other.

Where a Medicare benefit is not payable for a particular service (eg because the patient has exceeded the number of allowable services in a period of time), the additional bulk billing payment will not be paid for that service.

All GPs whether vocationally registered or not are eligible to claim the additional bulk billing payment.

Commonwealth concession card holder means a person listed on a Pensioner Concession Card, Health Care Card or Commonwealth Seniors Health Card issued by either Centrelink or the Department of Veterans' Affairs. Gold or White Cards issued by the Department of Veterans' Affairs do not attract the additional bulk billing payment. However, if a Gold or White Card holder also holds a recognised Commonwealth concession card and chooses to be treated under the Medicare arrangements, then that patient is an eligible concession card holder.

Unreferred service means a medical service provided to a patient by, or on behalf of, a medical practitioner, being a service that has not been referred to that practitioner by another medical practitioner or person with referring rights.

Medicare Australia will undertake regular post payment auditing to ensure that the additional bulk billing payment is being claimed correctly. Centrelink data will be used to verify concessional status and Medicare records will be used to confirm patient age.

M.1.2. AFTER-HOURS SERVICES PROVIDED IN AREAS ELIGIBLE FOR THE HIGHER BULK BILLING PAYMENT - (ITEM 10992)

Item 10992 can only be claimed where all of the conditions set out in paragraphs (a) to (g) of item 10992 have been met:

- Item 10992 must be claimed in conjunction with one of the items 597, 598, 599, 600, 5003, 5010, 5023, 5028, 5043, 5049, 5063, 5067, 5220, 5223, 5227, 5228, 5260, 5263 5265, or 5267. These items are for services provided after-hours outside of consulting rooms or hospital.
- Item 10992 can only be used where the service is provided in one of the eligible areas listed in item 10992 by a medical practitioner whose practice location (i.e. the location associated with the medical practitioner's provider number) is not in one of these areas.

Medical practitioners whose practice location is inside one of these listed locations should claim item 10991 for eligible services.

Item 10992 cannot be claimed in conjunction with item 10990 or 10991.

From 1 May to 30 June 2010, item 10985 was the higher bulk billing payment that could be claimed in conjunction items 597, 598, 599 or 600. On 1 July 2010, item 10985 ceased and item 10992 became the higher bulk billing payment item to be claimed in conjunction with items 597, 598, 599 and 600.

Where a Medicare benefit is not payable for a particular service the payment for item 10992 will not be paid for that service.

All GPs, whether vocationally registered or not, are eligible to claim the additional bulk billing payment.

Commonwealth concession card holder means a person listed on a Pensioner Concession Card, Health Care Card or Commonwealth Seniors Health Card issued by either Centrelink or the Department of Veterans' Affairs. Gold or White Cards issued by the Department of Veterans' Affairs do not attract the additional bulk billing payment. However, if a Gold or White Card holder also holds a recognised Commonwealth concession card and chooses to be treated under the Medicare arrangements, then that patient is an eligible concession card holder.

Unreferred service means a medical service provided to a patient by, or on behalf of, a medical practitioner, being a service that has not been referred to that practitioner by another medical practitioner or person with referring rights.

Medicare Australia will undertake regular post payment auditing to ensure that the additional bulk billing payment is being claimed correctly. Centrelink data will be used to verify concessional status and Medicare records will be used to confirm patient age.

M.3.1. INDIVIDUAL ALLIED HEALTH SERVICES (ITEMS 10950 TO 10970) FOR CHRONIC DISEASE MANAGEMENT - ELIGIBLE PATIENTS

ELIGIBLE PATIENTS

Medicare benefits are available for certain services provided by eligible allied health professionals to people with chronic conditions and complex care needs who are being managed by a GP using certain Chronic Disease Management (CDM) Medicare items. The allied health services must be recommended in the patient's plan as part of the management of their chronic condition.

Chronic medical conditions and complex care needs

A chronic medical condition is one that has been or is likely to be present for at least six months, e.g. asthma, cancer, cardiovascular illness, diabetes mellitus, musculoskeletal conditions and stroke. A patient is considered to have complex care needs if they require ongoing care from a multidisciplinary team consisting of their GP and at least two other health or care providers.

Prerequisite CDM services

Patients must have received the following MBS CDM services:

- GP Management Plan - MBS item 721 (or review item 732 for a review of a GPMP); and
- Team Care Arrangements - MBS item 723 (or review item 732 for a review of TCAs)

Alternatively, for patients who are permanent residents of an aged care facility, their GP must have contributed to, or contributed to a review of, a multidisciplinary care plan prepared for them by the aged care facility (MBS item 731).

For more information on the CDM planning items, refer to the explanatory notes for these items.

Allied health membership of a TCAs team

The allied health professional providing the service may be a member of the TCAs team convened by the GP to manage a patient's chronic condition and complex care needs. However, the service may also be provided by an allied health professional who is not a member of the TCAs team, provided that the service has been identified as necessary by the patient's GP and recommended in the patient's care plan/s.

Group services

In addition to individual services, patients who have type 2 diabetes may also access MBS items 81100 to 81125 which provide group allied health services. Patients only need to have MBS item 721 or 723 in place to be eligible for the group services.

M.3.2. INDIVIDUAL ALLIED HEALTH SERVICES (ITEMS 10950 TO 10970) FOR CHRONIC DISEASE MANAGEMENT - REFERRAL REQUIREMENTS

Referral form

For Medicare benefits to be payable, the patient must be referred to an eligible allied health professional by their GP using a referral form that has been issued by the Australian Government Department of Health and Ageing or a form that contains all the components of this form.

The form issued by the department is available at <http://www.health.gov.au/mbsprimarycareitems> (click on the link for allied health individual services).

GPs are encouraged to attach a copy of the relevant part of the patient's care plan to the referral form.

GPs may use one referral form to refer patients for single or multiple services of the same service type (e.g. five chiropractic services). If referring a patient for single or multiple services of different service types (e.g. two dietetic services and three podiatry services), a separate referral form will be needed for each service type.

The patient will need to present the referral form to the allied health professional at the first consultation, unless the GP has previously provided it directly to the allied health professional.

It is recommended that allied health professionals retain the referral form for 24 months from the date the service was rendered (for Medicare Australia auditing purposes).

A copy of the referral form is not required to accompany Medicare claims, and allied health professionals do not need to attach a signed copy of the form to patients' itemised accounts/receipts or assignment of benefit forms.

Completed forms do not have to be sent to the Department of Health and Ageing.

Referral validity

Medicare benefits are available for up to five allied health services per patient per calendar year. Where a patient receives more than the limit of five services in a calendar year, the additional service/s will not attract a Medicare benefit and the MBS Safety Net arrangements will not apply to costs incurred by the patient for the service/s.

If a patient has not used all of their allied health services under a referral in a calendar year, it is not necessary to obtain a new referral for the "unused" services. However, any "unused" services received from 1 January in the following year under that referral will count as part of the total of five services for which the patient is eligible in that calendar year.

When patients have used all of their referred services, or require a referral for a different type of allied health service recommended in their CDM plan/s, they will need to obtain a new referral from their GP. GPs may choose to use this visit to undertake a review of the patient's CDM plan/s or, where appropriate, to manage the process using a GP consultation item.

It is not necessary to have a new CDM plan/s prepared each calendar year in order to access a new referral/s for eligible allied health services. Patients continue to be eligible for rebates for allied health services while they are being managed under the prerequisite CDM items as long as the need for eligible services continues to be recommended in their plan. However, regular reviews using MBS item 732 are encouraged.

M.3.3. INDIVIDUAL ALLIED HEALTH SERVICES - (ITEMS 10950 TO 10970) FOR CHRONIC DISEASE MANAGEMENT - ELIGIBLE PROVIDERS AND SERVICES

Eligible allied health providers

The following allied health professionals are eligible to provide services under Medicare for patients with a chronic or terminal medical condition and complex care needs when they meet the provider eligibility requirements set out the next section and are registered with Medicare Australia.

- Aboriginal and Torres Strait Islander health practitioners
- Aboriginal health workers
- Audiologists
- Chiropractors
- Diabetes educators
- Dietitians

- Exercise physiologists
- Mental health workers
- Occupational therapists
- Osteopaths
- Physiotherapists
- Podiatrists
- Psychologists
- Speech pathologists

Number of services per year

Medicare benefits are available for up to five allied health services per eligible patient, per calendar year. The five allied health services can be made up of one type of service (e.g. five physiotherapy services) or a combination of different types of services (e.g. one dietetic and four podiatry services). Five services per calendar year are the legal maximum per patient and exemptions to this are not possible.

Checking patient eligibility for allied health services

Patients seeking Medicare rebates for allied health services will need to have a valid referral form. If there is any doubt about a patient's eligibility, Medicare Australia will be able to confirm the number of allied health services already claimed by the patient during the calendar year. The allied health professional or the patient can call Medicare Australia to check this information (132 150 for provider enquiries; 132 011 for public enquiries).

Service length and type

Individual allied health services under Medicare for patients with a chronic medical condition and complex care needs (items 10950 to 10970) must be of at least 20 minutes duration and provided to an individual patient, not to a group. The allied health professional must personally attend the patient.

Reporting back to the GP

Where an allied health professional provides *a single service* to the patient under a referral, they must provide a written report back to the referring GP after each service.

Where an allied health professional provides *multiple services* to the same patient under the one referral, they must provide a written report back to the referring GP after the first and last service only, or more often if clinically necessary. Written reports should include:

- any investigations, tests, and/or assessments carried out on the patient;
- any treatment provided; and
- future management of the patient's condition or problem.

Out-of-pocket expenses and Medicare Safety Net

Allied health professionals can determine their own fees for the professional service. Charges in excess of the Medicare benefit are the responsibility of the patient. However, out-of-pocket costs will count toward the Medicare Safety Net for that patient. Allied health services in excess of five in a calendar year will not attract a Medicare benefit and the Safety Net arrangements will not apply to costs incurred by the patient for such services.

Publicly funded services

Items 10950 to 10970 do not apply for services that are provided by any Commonwealth or state funded services or provided to an admitted patient of a hospital. However, where an exemption under subsection 19(2) of the *Health Insurance Act 1973* has been granted to an Aboriginal Community Controlled Health Service or state/territory government health clinic, items 10950 to 10970 can be claimed for services provided by eligible allied health professionals salaried by, or contracted to, the service or health clinic. All requirements of the relevant item must be met, including registration of the allied health professional with Medicare Australia. Medicare services provided under a subsection 19(2) exemption must be bulk billed (i.e. the Medicare rebate is accepted as full payment for services).

Private health insurance

Patients need to decide if they will use Medicare or their private health insurance ancillary cover to pay for these services. Patients cannot use their private health insurance ancillary cover to 'top up' the Medicare rebate paid for the services.

The Department of Human Services (DHS) has developed a [Health Practitioner Guideline to substantiate that valid individual Allied Health services were provided \(for allied health professionals\)](#) which is located on the DHS website.

M.3.4. INDIVIDUAL ALLIED HEALTH SERVICES - (ITEMS 10950 TO 10970) FOR CHRONIC DISEASE MANAGEMENT - PROFESSIONAL ELIGIBILITY

The individual allied health items (10950 to 10970) can only be claimed for services provided by eligible allied health professionals who are registered with Medicare Australia. To be eligible to register with Medicare Australia to provide these services, allied health professionals must meet the specific eligibility requirements detailed below.

Aboriginal and Torres Strait Islander health practitioners must be registered with the Aboriginal and Torres Strait Islander Health Practice Board of Australia. Aboriginal and Torres Strait Islander health practitioners may use any of the titles authorised by the Aboriginal and Torres Strait Islander Health Practice Board: Aboriginal health practitioners; Aboriginal and Torres Strait Islander health practitioners; or Torres Strait Islander health practitioners.

Aboriginal health workers in a State or Territory other than the Northern Territory must have been awarded either:

- a. a Certificate III in Aboriginal and/or Torres Strait Islander Primary Health Care (or an equivalent or higher qualification) by a registered training organisation; or
- b. a Certificate III in Aboriginal and Torres Strait Islander Health (or an equivalent or higher qualification) by a registered training organisation before 1 July 2012.

Note: Where individuals consider their qualification to be equivalent to or higher than the qualifications listed above, they will need to contact a registered training organisation in their State or Territory to have the qualification assessed as such before they can register with Medicare Australia. In the Northern Territory, a practitioner must be registered with the Aboriginal and Torres Strait Islander Health Practice Board of Australia.

Audiologists must be either a 'Full Member' of the Audiological Society of Australia Inc (ASA), who holds a 'Certificate of Clinical Practice' issued by the ASA; or an 'Ordinary Member – Audiologist' or 'Fellow Audiologist' of the Australian College of Audiology (ACAud).

Diabetes educators must be a Credentialed Diabetes Educator (CDE) as credentialed by the Australian Diabetes Educators Association (ADEA).

Chiropractors must be registered with the Chiropractic Board of Australia.

Dietitians must be an 'Accredited Practising Dietitian' as recognised by the Dietitians Association of Australia (DAA).

Exercise physiologists must be an 'Accredited Exercise Physiologist' as accredited by Exercise and Sports Science Australia (ESSA).

Mental health workers

'Mental health' can include services provided by members of five different allied health professional groups. 'Mental health workers' are drawn from the following:

- psychologists;
- mental health nurses;
- occupational therapists;
- social workers;
- Aboriginal and Torres Strait Islander health practitioners; and
- Aboriginal health workers.

Psychologists, occupational therapists, Aboriginal and Torres Strait Islander health practitioners and Aboriginal health workers are eligible in separate categories for these items.

Mental health nurses must be a credentialed mental health nurse, as certified by the Australian College of Mental Health Nurses.

Mental health nurses who were registered in the ACT or Tasmania prior to the introduction of the National Registration and Accreditation Scheme (NRAS) on 1 July 2010, will have until 31 December 2010 to be certified by the Australian College of Mental Health Nurses.

Social workers must be a 'Member' of the Australian Association of Social Workers (AASW) and be certified by AASW as meeting the standards for mental health set out in the document published by AASW titled 'Practice Standards for Mental Health Social Workers' as in force on 8 November 2008.

Occupational therapists must be registered with the Occupational Therapy Board of Australia.

Osteopaths must be registered with the Osteopathy Board of Australia.

Physiotherapists must be registered with the Physiotherapy Board of Australia.

Podiatrists must be registered with the Podiatry Board of Australia.

Psychologists must hold general registration in the health profession of psychology under the applicable law in force in the State or Territory in which the service is provided.

Speech pathologists in Queensland must be registered with the Speech Pathologist Board of Queensland. In all other States, the Australian Capital Territory and the Northern Territory, they must be a 'Practising Member' of Speech Pathology Australia.

Registering with Medicare Australia

Provider registration forms may be obtained from Medicare Australia on 132 150 or at www.medicareaustralia.gov.au.

Chiropractors, osteopaths, physiotherapists and podiatrists who were already registered with Medicare Australia on 1 July 2004 to order diagnostic imaging under Medicare, do not need to re-register to provide services under this initiative. Allied health professionals registering with Medicare Australia for the first time only need to fill in one application form which will give them rights to provide services under this initiative and order diagnostic imaging tests etc., where appropriate, under Medicare.

Changes to provider details

Allied health providers must notify Medicare Australia in writing of all changes to mailing details to ensure that they continue to receive information about Medicare rebateable allied health services.

M.3.5. INDIVIDUAL ALLIED HEALTH SERVICES (10950 TO 10970) FOR CHRONIC DISEASE MANAGEMENT - FURTHER INFORMATION

Further information about Medicare Benefits Schedule items is available on the Department of Health and Ageing's website at www.health.gov.au/mbsprimarycareitems

M.6.1. PROVISION OF PSYCHOLOGICAL THERAPY SERVICES BY CLINICAL PSYCHOLOGISTS - (ITEMS 80000 TO 80020)

OVERVIEW

The Better Access to Psychiatrists, Psychologists and General Practitioners through the Medicare Benefits Schedule initiative commenced on 1 November 2006. Under the Better Access initiative MBS items provide Medicare benefits for the following allied mental health services:

- psychological therapy (items 80000 to 80020) – provided by eligible clinical psychologists; and
- focussed psychological strategies – allied mental health (items 80100 to 80170) – provided by eligible psychologists, occupational therapists and social workers.

M.6.2. PSYCHOLOGICAL THERAPY SERVICES ATTRACTING MEDICARE REBATES

Eligible psychological therapy services

There are five MBS items for the provision of psychological therapy services to eligible patients by a clinical psychologist. Clinical psychologists must meet the provider eligibility requirements set out below and be registered with Medicare Australia.

In these notes, 'GP' means a medical practitioner, including a general practitioner, but not including a specialist or consultant physician.

Referrals and Referral Validity

Services provided under the Psychological Therapy items will not attract a Medicare rebate unless:

- a referral has been made by a GP who is managing the patient under a GP Mental Health Treatment Plan (items 2700, 2701, 2715 or 2717);
- a referral has been made by a medical practitioner (including a general practitioner, but not a specialist or consultant physician) who is managing the patient under a referred psychiatrist assessment and management plan (item 291); or

- a referral has been made by a psychiatrist or paediatrician from an eligible psychiatric or paediatric service (see Referral Requirements for further details regarding psychiatrist and paediatrician referrals).

Number of services per year

Medicare rebates are available for up to ten allied mental health services in a calendar year. The ten services may consist of: GP focussed psychological strategies services (items 2721 to 2727); and/or psychological therapy services (items 80000 to 80015); and/or focussed psychological strategies – allied mental health services (items 80100 to 80115; 80125 to 80140; 80150 to 80165).

In addition, the referring practitioner may consider that in exceptional circumstances the patient may require an additional six services above those already provided (to a maximum total of 16 individual services per patient from 1 March 2012 to 31 December 2012).

Note: Patients will be able to receive an additional six individual allied mental health services under exceptional circumstances from 1 March 2012 to 31 December 2012. From 1 January 2013 the number of individual allied mental health services for which a person can receive a Medicare rebate will be ten services per calendar year.

Exceptional circumstances are defined as a significant change in the patient's clinical condition or care circumstances which make it appropriate and necessary to increase the maximum number of services.

It is up to the referring practitioner (e.g GP) to determine that the patient meets these requirements. In these cases a new referral should be provided, and exceptional circumstances noted in that referral. Invoices for services provided under exceptional circumstances must state that exceptional circumstances apply.

Referrals should be provided, as required, for an initial course of treatment (a maximum of six services but may be less depending on the referral and patient need) to a maximum of ten services per calendar year (up to 16 services from 1 March 2012 to 31 December 2012 where exceptional circumstances apply). For the purposes of these services, a course of treatment will consist of the number of services stated in the patient's referral (up to a maximum of six in any one referral).

Patients will also be eligible to claim up to ten separate services within a calendar year for group therapy services involving 6-10 patients to which items 80020 (psychological therapy – clinical psychologist), 80120 (focussed psychological strategies – psychologist), 80145 (focussed psychological strategies – occupational therapist) and 80170 (focussed psychological strategies - social worker) apply. These group services are separate from the individual services and do not count towards the ten individual services per calendar year maximum associated with those items.

Services provided under the Access to Allied Psychological Services (ATAPS) should not be used in addition to the ten (up to 16 services from 1 March 2012 to 31 December 2012 where exceptional circumstances apply) psychological therapy services (items 80000 to 80020), focussed psychological services-allied mental health services (items 80100 to 80170 or GP focussed psychological strategies services (items 2721 to 2727) available under the Better Access to Psychiatrists, Psychologists and General Practitioners through the Medicare Benefits Schedule initiative per calendar year. Psychologists delivering services under the ATAPS program should refer to the ATAPS Operational Guidelines.

Service length and type

Services provided by eligible clinical psychologists under these items must be within the specified time period within the item descriptor. The clinical psychologist must personally attend the patient.

It is expected that professional attendances at places other than consulting rooms would be provided where treatment in other environments is necessary to achieve therapeutic outcomes.

In addition to psycho-education, it is recommended that cognitive-behaviour therapy be provided. However, other evidence-based therapies – such as interpersonal therapy – may be used if considered clinically relevant.

Course of treatment and reporting back to the referring medical practitioner

Patients are eligible to receive up to ten individual services (up to 16 services from 1 March 2012 to 31 December 2012 where exceptional circumstances apply) and up to ten group sessions in a calendar year.

Within this maximum service allocation, the clinical psychologist can provide one or more courses of treatment. For the purposes of these services, a course of treatment consists of the number of services stated in the patient's referral (up to a maximum of six in any one referral). This enables the referring medical practitioner to consider a report from the clinical psychologist on the services provided to the patient, and the need for further treatment.

On completion of the initial course of treatment, the clinical psychologist must provide a written report to the referring medical practitioner, which includes information on:

- assessments carried out on the patient;

- treatment provided; and
- recommendations on future management of the patient's disorder.

A written report must also be provided to the referring medical practitioner at the completion of any subsequent course(s) of treatment provided to the patient.

Out of pocket expenses and Medicare safety net

Charges in excess of the Medicare benefit for these items are the responsibility of the patient. However, such out-of-pocket costs will count toward the Medicare safety net for that patient. Psychological therapy services and/or focussed psychological strategies – allied mental health services in excess of ten individual services (apart from 1 March 2012 to 31 December 2012 where exceptional circumstances apply) and ten group sessions in a calendar year will not attract a Medicare benefit and the safety net arrangements will not apply to costs incurred by the patient for such services.

Eligible patients

Items 80000 to 80020 (inclusive) apply to people with an assessed mental disorder and where the patient is referred by a GP who is managing the patient under a GP Mental Health Treatment Plan (item 2700, 2701, 2715 or 2717), or under a referred psychiatrist assessment and management plan (item 291); or on referral from an eligible psychiatrist or paediatrician.

The conditions classified as mental disorders for the purposes of these services are informed by the World Health Organisation, 1996, Diagnostic and Management Guidelines for Mental Disorders in Primary Care: ICD-10 Chapter V Primary Care Version. For the purposes of these items, dementia, delirium, tobacco use disorder and mental retardation are not regarded as a mental disorder.

Checking patient eligibility for psychological therapy services

Patients seeking Medicare rebates for psychological therapy services will need to have a referral from a GP, psychiatrist or paediatrician. If there is any doubt about a patient's eligibility, Medicare Australia will be able to confirm whether a GP Mental Health Treatment Plan; and/or a psychiatrist assessment and management plan is in place and claimed; or an eligible psychiatric or paediatric service has been claimed, as well as the number of allied mental health services already claimed by the patient during the calendar year.

Clinical psychologists can call Medicare Australia on 132 150 to check this information, while unsure patients can seek clarification by calling 132 011.

The patient will not be eligible if they have not been appropriately referred and a relevant Medicare service provided to them. If the referring service has not yet been claimed, Medicare Australia will not be aware of the patient's eligibility. In this case the clinical psychologist should, with the patient's permission, contact the referring practitioner to ensure the relevant service has been provided to the patient.

Publicly funded services

Psychological therapy items 80000 to 80020 do not apply for services that are provided by any other Commonwealth or State funded services or provided to an admitted patient of a hospital. However, where an exemption under subsection 19(2) of the *Health Insurance Act 1973* has been granted to an Aboriginal Community Controlled Health Service or State/Territory clinic, the items apply for services that are provided by eligible clinical psychologists salaried by, or contracted to, the service as long as all requirements of the items are met, including registration with Medicare Australia. These services must be direct billed (that is, the Medicare rebate is accepted as full payment for services).

Private health insurance

Patients need to decide if they will use Medicare or their private health insurance ancillary cover to pay for these services. Patients cannot use their private health insurance ancillary cover to 'top up' the Medicare rebate paid for the services.

M.6.3. REFERRAL REQUIREMENTS (GPs, PSYCHIATRISTS OR PAEDIATRICIANS TO CLINICAL PSYCHOLOGISTS FOR PSYCHOLOGICAL THERAPY)

Referrals

Patients must be referred for psychological therapy services by a GP managing the patient under a GP Mental Health Treatment Plan (item 2700, 2701, 2715 or 2717), or a referred psychiatrist assessment and management plan (item 291); or on referral from a psychiatrist or a paediatrician.

Referrals from psychiatrists and paediatricians must be made from eligible Medicare services. For specialist psychiatrists and paediatricians these services include any of the specialist attendance items 104 through 109. For consultant physician psychiatrists the relevant eligible Medicare services cover any of the consultant psychiatrist items 293 through 370; while for consultant physician paediatricians the eligible services are consultant physician attendance items 110 through 133.

Referring practitioners are **not** required to use a specific form to refer patients for these services. The referral may be a letter or note to an eligible clinical psychologist signed and dated by the referring practitioner.

The clinical psychologist must be in receipt of the referral at the first allied mental health consultation. It is recommended that the clinical psychologist retain the referral for 24 months from the date the service was rendered (for Medicare Australia auditing purposes).

Referral validity

Medicare benefits are available for up to ten individual (up to 16 services from 1 March 2012 to 31 December 2012 where exceptional circumstances apply) and/or ten group psychological therapy services and/or focussed psychological strategies services per patient per calendar year.

Referrals should be provided, as required, for an initial course of treatment (a maximum of six services but may be less depending on the referral and the patient's clinical need) to a maximum of ten services per calendar year (up to 16 services from 1 March 2012 to 31 December 2012 where exceptional circumstances apply). For the purposes of these services, a course of treatment will consist of the number of services stated in the patient's referral (up to a maximum of six in any one referral).

If a patient has not used all of their psychological therapy services and/or focussed psychological strategies services under a referral in a calendar year, it is not necessary to obtain a new referral for the "unused" services. However, any "unused" services received from 1 January in the following year under that referral will count as part of the total of ten services for which the patient is eligible in that calendar year.

When patients have used all of their referred services they will need to obtain a new referral from the referring practitioner if they are eligible for further services. Where the patient's care is being managed by a GP, the GP may choose to use this visit to undertake a review of the patient's GP Mental Health Treatment Plan and/or psychiatrist assessment and management plan.

It is not necessary to have a new GP Mental Health Treatment Plan and/or psychiatrist assessment and management plan prepared each calendar year in order to access a new referral(s) for eligible psychological therapy services and/or focussed psychological strategies services. Patients continue to be eligible for rebates for psychological therapy services and/or focussed psychological strategies services while they are being managed under a GP Mental Health Treatment Plan and/or a psychiatrist assessment and management plan as long as the need for eligible services continues to be recommended in their plan.

M.6.4. CLINICAL PSYCHOLOGIST PROFESSIONAL ELIGIBILITY

Eligible clinical psychologists

All consultations providing psychological therapy services must be rendered by a clinical psychologist who holds general registration in the health profession of psychology under the applicable law in force in the State or Territory in which the service is provided, and who is either: a member of the Australian Psychological Society's College of Clinical Psychologists; assessed by the Australian Psychological Society as meeting the requirements for such membership; or endorsed by the Psychology Board of Australia to practice in clinical psychology. The clinical psychologist must be registered with Medicare Australia.

Registering with Medicare Australia

Advice about registering with Medicare Australia to provide psychological therapy services using items 80000-80020 inclusive is available from the Medicare Australia provider inquiry line on 132 150.

Further information

For further information about Medicare Benefits Schedule items, please go to the Department of Health and Ageing's website at www.health.gov.au/mbsonline.

For providers, further information is also available for providers from the Medicare Australia provider inquiry line on 132 150

M.7.1. PROVISION OF FOCUSED PSYCHOLOGICAL STRATEGIES SERVICES BY ALLIED HEALTH PROVIDERS - (ITEMS 80100 TO 80170)

OVERVIEW

The Better Access to Psychiatrists, Psychologists and General Practitioners through the Medicare Benefits Schedule initiative commenced on 1 November 2006. Under the Better Access initiative MBS items provide Medicare benefits for the following allied mental health services:

- psychological therapy (items 80000 to 80020) – provided by eligible clinical psychologists; and

- focussed psychological strategies – allied mental health (items 80100 to 80170) – provided by eligible psychologists, occupational therapists and social workers.

FOCUSSED PSYCHOLOGICAL STRATEGIES – ALLIED MENTAL HEALTH SERVICES ATTRACTING MEDICARE REBATES

Eligible focussed psychological strategies services

There are fifteen MBS items for the provision of focussed psychological strategies (FPS) – allied mental health services to eligible patients by allied health professionals:

- 80100, 80105, 80110, 80115 and 80120 for provision of FPS services by a psychologist;
- 80125, 80130, 80135, 80140 and 80145 for provision of FPS services by an occupational therapist; and
- 80150, 80155, 80160, 80165 and 80170 for provision of FPS services by a social worker.

The allied health professional must meet the provider eligibility requirements set out below and be registered with Medicare Australia.

In these notes, ‘GP’ means a medical practitioner, including a general practitioner, but not including a specialist or consultant physician.

Services provided under the focussed psychological strategies – allied mental health items will not attract a Medicare rebate unless:

- A referral has been made by a GP who is managing the patient under a GP Mental Health Treatment Plan (item 2700, 2701, 2715 or 2717);
- A referral has been made by a medical practitioner (including a general practitioner, but not a specialist or consultant physician) who is managing the patient under a referred psychiatrist assessment and management plan (item 291); or
- A referral has been made by a psychiatrist or paediatrician from an eligible psychiatric or paediatric service (see Referral Requirements for further details regarding psychiatrist and paediatrician referrals).

Number of services per year

Medicare rebates for up to ten individual allied mental health services in a calendar year. These ten services may consist of: GP focussed psychological strategies services (items 2721 to 2727); and/or psychological therapy services (items 80000 to 80015); and/or focussed psychological strategies – allied mental health services (items 80100 to 80115; 80125 to 80140; 80150 to 80165).

In addition, the referring practitioner may consider that in exceptional circumstances the patient may require an additional six services above those already provided (to a maximum total of 16 individual services per patient from 1 March 2012 to 31 December 2012).

Note: Patients will be able to receive an additional six individual allied mental health services under exceptional circumstances from 1 March 2012 to 31 December 2012. From 1 January 2013 the number of individual allied mental health services for which a person can receive a Medicare rebate will be ten services per calendar year.

Exceptional circumstances are defined as a significant change in the patient’s clinical condition or care circumstances which make it appropriate and necessary to increase the maximum number of services.

It is up to the referring practitioner to determine that the patient meets these requirements. In these cases a new referral should be provided, and exceptional circumstances noted in that referral. Invoices for services provided under exceptional circumstances must state that exceptional circumstances apply.

Referrals should be provided, as required, for an initial course of treatment (a maximum of six services but may be less depending on the referral and patient need) to a maximum of ten services per calendar year (up to 16 services from 1 March 2012 to 31 December 2012 where exceptional circumstances apply). For the purposes of these services, a course of treatment will consist of the number of services stated in the patient’s referral (up to a maximum of six in any one referral).

Patients will also be eligible to claim up to ten separate services within a calendar year for group therapy services involving 6-10 patients to which items 80020 (psychological therapy – clinical psychologist), 80120 (focussed psychological strategies – psychologist), 80145 (focussed psychological strategies – occupational therapist) and 80170 (focussed psychological strategies - social worker) apply. These group services are separate from the individual services and do not count towards the ten individual service calendar year maximum associated with those items.

After an initial group of up to six services, the allied mental health professional must provide a report to the referring practitioner. Following receipt of this report, the referring practitioner will consider the need for further treatment, before further allied mental health services may be provided.

Services provided under the Access to Allied Psychological Services (ATAPS) should not be used in addition to the ten (up to 16 services from 1 March 2012 to 31 December 2012 where exceptional circumstances apply) psychological therapy services (items 80000 to 80020), focussed psychological services-allied mental health services (items 80100 to 80170) or GP focussed psychological strategies services (items 2721 to 2727) available under the Better Access to Psychiatrists, Psychologists and General Practitioners through the Medicare Benefits Schedule initiative per calendar year. Allied mental health professionals delivering services under the ATAPS program should refer to the ATAPS Operational Guidelines.

Service length and type

Services provided by eligible allied health professionals under these items must be within the specified time period within the item descriptor. The allied mental health professional must personally attend the patient.

It is expected that professional attendances at places other than consulting rooms would be provided where treatment in other environments is necessary to achieve therapeutic outcomes.

A range of acceptable strategies has been approved for use by allied mental health professionals utilising the FPS items.

These are:

- 1. Psycho-education**
(including motivational interviewing)
- 2. Cognitive-behavioural Therapy including:**
 - **Behavioural interventions**
 - Behaviour modification
 - Exposure techniques
 - Activity scheduling
 - **Cognitive interventions**
 - Cognitive therapy
- 3. Relaxation strategies**
 - Progressive muscle relaxation
 - Controlled breathing
- 4. Skills training**
 - Problem solving skills and training
 - Anger management
 - Social skills training
 - Communication training
 - Stress management
 - Parent management training
- 5. Interpersonal Therapy** (especially for depression)
- 6. Narrative therapy (for Aboriginal and Torres Strait Islander people).**

Course of treatment and reporting back to the referring medical practitioner

Patients are eligible to receive up to ten individual services (up to 16 services from 1 March 2012 to 31 December 2012 when exceptional circumstances apply) and up to ten group sessions in a calendar year.

Within this maximum service allocation the allied mental health professional can provide one or more courses of treatment. For the purposes of these services, a course of treatment consist of the number of services stated in the patient's referral (up to a maximum of six services in any one referral). This enables the referring medical practitioner to consider a report from the allied mental health professional on the services provided to the patient, and the need for further treatment.

On completion of the initial course of treatment, the allied mental health professional must provide a written report to the referring medical practitioner, which includes information on:

- assessments carried out on the patient;
- treatment provided; and
- recommendations on future management of the patient's disorder.

A written report must also be provided to the referring medical practitioner at the completion of any subsequent course(s) of treatment provided to the patient.

Out of pocket expenses and Medicare safety net

Charges in excess of the Medicare benefit for these items are the responsibility of the patient. However, such out-of-pocket costs will count toward the Medicare safety net for that patient. Psychological therapy services and/or focussed psychological strategies services in excess of the maximum annual allowance of ten individual (apart from 1 March 2012 to 31 December 2012 where exceptional circumstances apply) and ten group sessions in a calendar year will not attract a Medicare benefit and the safety net arrangements will not apply to costs incurred by the patient for such services.

Eligible patients

Items 80100 to 80170 (inclusive) apply to people with an assessed mental disorder and where the patient is referred by a GP who is managing the patient under a GP Mental Health Treatment Plan (item 2700, 2701, 2715 or 2717), referred by a medical practitioner (including a general practitioner, but not a specialist or consultant physician) who is managing the patient under a referred psychiatrist assessment and management plan (item 291); or from an eligible psychiatrist or paediatrician.

The conditions classified as mental disorders for the purposes of these services are informed by the World Health Organisation, 1996, Diagnostic and Management Guidelines for Mental Disorders in Primary Care: ICD-10 Chapter V Primary Care Version. For the purposes of these items, dementia, delirium, tobacco use disorder and mental retardation are not regarded as a mental disorder.

Checking patient eligibility for focussed psychological strategies – allied mental health services

Patients seeking Medicare rebates for focussed psychological strategies – allied mental health services will need to have a referral from a GP, psychiatrist or paediatrician. If there is any doubt about a patient's eligibility, Medicare Australia will be able to confirm whether a GP Mental Health Treatment Plan; and/or a psychiatrist assessment and management plan is in place and claimed; or an eligible psychiatric or paediatric service has been claimed, as well as the number of allied health services already claimed by the patient during the calendar year.

Allied Mental Health Professionals can call Medicare Australia on 132 150 to check this information, while unsure patients can seek clarification by calling 132 011.

The patient will not be eligible if they have not been appropriately referred and a relevant Medicare service provided to them. If the referring service has not yet been claimed, Medicare Australia will not be aware of the patient's eligibility. In this case the clinical psychologist should, with the patient's permission, contact the referring practitioner to ensure the relevant service has been provided to the patient.

Publicly funded services

Focussed psychological strategies (FPS) services items 80100 to 80170 do not apply for services that are provided by any other Commonwealth or State funded services or provided to an admitted patient of a hospital. However, where an exemption under subsection 19(2) of the *Health Insurance Act 1973* has been granted to an Aboriginal Community Controlled Health Service or State/Territory clinic, the FPS services items apply for services that are provided by eligible allied mental health professionals salaried by, or contracted to, the service as long as all requirements of the items are met, including registration with Medicare Australia. These services must be direct billed (that is, the Medicare rebate is accepted as full payment for services).

Private health insurance

Patients need to decide if they will use Medicare or their private health insurance ancillary cover to pay for these services. Patients cannot use their private health insurance ancillary cover to 'top up' the Medicare rebate paid for the services.

REFERRAL REQUIREMENTS (GPs, PSYCHIATRISTS OR PAEDIATRICIANS TO ALLIED MENTAL HEALTH PROFESSIONALS)

Referrals

Patients must be referred for focussed psychological strategies – allied mental health services by either a GP managing the patient under a GP Mental Health Treatment Plan (item 2700, 2701, 2715 or 2717), or referred by a medical practitioner (including a general practitioner, but not a specialist or consultant physician) who is managing the patient under a referred psychiatrist assessment and management plan (item 291); or on referral from a psychiatrist or a paediatrician.

Referrals from psychiatrists and paediatricians must be made from eligible Medicare services. For specialist psychiatrists and paediatricians these services include any of the specialist attendance items 104 through 109. For consultant physician psychiatrists the relevant eligible Medicare services cover any of the consultant psychiatrist items 293 through 370; while for consultant physician paediatricians the eligible services are consultant physician attendance items 110 through 133.

Referring practitioners are **not** required to use a specific form to refer patients for these services. The referral may be a letter or note to an eligible allied mental health professional signed and dated by the referring practitioner.

The allied mental health professional must be in receipt of the referral at the first allied mental health consultation. It is recommended that the allied health professional retain the referral for 24 months from the date the service was rendered (for Medicare Australia auditing purposes).

Referral validity

Medicare benefits are available for up to ten individual (up to 16 services from 1 March 2012 to 31 December 2012 where exceptional circumstances apply) and ten group psychological therapy services and/or focussed psychological strategies services per patient per calendar year.

Referrals should be provided, as required, for an initial course of treatment (a maximum of six services but may be less depending on the referral and patient's clinical need) to a maximum of ten services per calendar year (up to 16 services from 1 March 2012 to 31 December 2012 where exceptional circumstances apply). For the purposes of these services, a course of treatment will consist of the number of services stated in the patient's referral (up to a maximum of six in any one referral).

If a patient has not used all of their psychological therapy services and/or focussed psychological strategies services under a referral in a calendar year, it is not necessary to obtain a new referral for the "unused" services. However, any "unused" services received from 1 January in the following year under that referral will count as part of the total of ten services for which the patient is eligible in that calendar year.

When patients have used all of their referred services they will need to obtain a new referral from the referring practitioner if they are eligible for further services. Where the patient's care is being managed by a GP, the GP may choose to use this visit to undertake a review of the patient's GP Mental Health Treatment Plan and/or psychiatrist assessment and management plan.

It is not necessary to have a new GP Mental Health Treatment Plan and/or psychiatrist assessment and management plan prepared each calendar year in order to access a new referral(s) for eligible psychological therapy services and/or focussed psychological strategies services. Patients continue to be eligible for rebates for psychological therapy services and/or focussed psychological strategies services while they are being managed under a GP Mental Health Treatment Plan and/or a psychiatrist assessment and management plan as long as the need for eligible services continues to be recommended in their plan.

ALLIED MENTAL HEALTH PROFESSIONAL ELIGIBILITY

Eligible allied health professionals

A person is an allied health professional in relation to the provision of a FPS service if the person meets one of the following requirements:

- a) the person is a psychologist who holds general registration in the health profession of psychology under the applicable law in force in the State or Territory in which the service is provided;
- b) the person is a member of the Australian Association of Social Workers (AASW) and certified by AASW as the meeting the standards for mental health set out in the document published by AASW titled 'Practice Standards for Mental Health Social Workers', as in force on 8 November 2008;
- c) the person:
 - i) is an occupational therapist who is registered as a person who may provide that kind of service under the applicable law in force in the State or Territory in which the service is provided; and
 - ii) is accredited by Occupational Therapy Australia as:
 - having a minimum of two years experience in mental health; and
 - having undertaken to observe the standards set out in the document published by Occupational Therapy Australia 'Australian Competency Standards for Occupational Therapists in Mental Health' as in force on 1 November 2006.

Continuing professional development (CPD) for allied mental health professionals providing focussed psychological strategies (FPS) services

From 1 July 2011, allied mental health professionals providing FPS services are required to have completed 10 hours FPS CPD since 1 July 2009 and then annually. From 1 July 2011, allied mental health professionals who have not completed the 10 hours of FPS CPD will no longer be eligible to provide FPS Medicare Services.

Part-time allied mental health professionals are required to have 10 hours of FPS related CPD, the same as full-time allied mental health professionals.

For allied mental health professionals who are registered during the course of the CPD year, their obligation to undertake CPD will be on a pro-rata basis. The amount of units will be calculated from the 1st of the month immediately succeeding the month they obtained initial registration. The obligation will be one-twelfth of the yearly requirement for each month.

CPD activities must be relevant to delivering FPS services. Acceptable CPD activities where the content is related to FPS can include formal postgraduate education, workshops, seminars, lectures, journal reading, writing papers, receipt of supervision and peer consultation, and online training.

There is flexibility in the CPD activities that can be undertaken to meet individual professional needs and their practice/client base and client needs. For example, activities could also include assessment and treatment of specific disorders and client types such as youth, or different modalities and delivery such as working with groups.

Registering with Medicare Australia

Advice about registering with Medicare Australia to provide focussed psychological strategies – allied mental health services using items 80100-80170 inclusive is available from the Medicare Australia provider inquiry line on 132 150.

Further information

For further information about Medicare Benefits Schedule items, please go to the Department of Health and Ageing's website at www.health.gov.au/mbsonline

For providers, further information is also available for providers from the Medicare Australia provider inquiry line on 132 150.

The Department of Human Services (DHS) has developed a [Health Practitioner Guideline to substantiate that a valid Allied Mental Health service has been provided \(for allied health professionals\)](#) which is located on the DHS website.

M.8.1. PREGNANCY SUPPORT COUNSELLING - ELIGIBLE PATIENTS - (ITEMS 81000 TO 81010)

Medicare benefits are available for non-directive pregnancy support counselling services provided to women who are concerned about a current pregnancy, or a pregnancy that occurred in the preceding 12 months. Services can be provided either by an eligible GP or by an eligible psychologist, social worker or mental health nurse on referral from a GP.

The term 'GP' is used hereafter as a generic reference to medical practitioners (including a general practitioner, but not including a specialist or consultant physician).

The items may be used to address any pregnancy related issues for which non-directive counselling is appropriate.

M.8.2. PREGNANCY SUPPORT COUNSELLING - ELIGIBLE SERVICES - (ITEMS 81000 TO 81010)

There are four MBS items for the provision of non-directive pregnancy support counselling services:

- Item 4001 – services provided by an eligible GP;
- Item 81000 – services provided by an eligible psychologist;
- Item 81005 – services provided by an eligible social worker; and
- Item 81010 – services provided by an eligible mental health nurse.

These notes relate to items 81000-81010. Each individual allied health professional must meet the provider eligibility requirements set out below and be registered with Medicare Australia.

Service length and type

Non-directive pregnancy support counselling services provided by eligible psychologists, social workers and mental health nurses using items 81000-81010 inclusive must be of at least 30 minutes duration and provided to an individual patient. The allied health professional must personally attend the patient.

The service involves the psychologist, social worker or mental health nurse undertaking a safe, confidential process that helps the patient explore concerns they have about a current pregnancy or a pregnancy that occurred in the preceding 12 months. This includes providing, on request, unbiased, evidence-based information about all options and services available to the patient.

Non-directive counselling is a form of counselling that is based on the understanding that, in many situations, people can resolve their own problems without being provided with a solution by the counsellor. The counsellor's role is to encourage the person to express their feelings but not suggest what decision the person should make. By listening and reflecting back what the person reveals to them, the counsellor helps them to explore and understand their feelings. With this understanding, the person is able to make the decision that is best for them.

Number of services per year

Medicare benefits are available for up to three (3) eligible non-directive pregnancy support counselling services per patient, per pregnancy, provided using items 81000, 81005, 81010 and 4001.

Partners of eligible patients may attend each or any counselling session, however, only one fee applies to each service.

Out-of-pocket expenses and Medicare Safety Net

Charges in excess of the Medicare benefit for these items are the responsibility of the patient. However, such out-of-pocket costs will count toward the Medicare safety net for that patient. Non-directive pregnancy support counselling services in excess of three (3) per pregnancy will not attract a Medicare benefit and the safety net arrangements will not apply to costs incurred by the patient for such services.

Publicly funded services

Items 81000, 81005 and 81010 do not apply for services that are provided by any other Commonwealth or State funded services or provided to an admitted patient of a hospital.

However, where an exemption under subsection 19(2) of the *Health Insurance Act 1973* has been granted to an Aboriginal Community Controlled Health Service or State/Territory clinic, items 81000, 81005 and 81010 can be claimed for services provided by an eligible psychologist, social worker or mental health nurse salaried by or contracted to the service, where all requirements of the relevant item are met, including registration with Medicare Australia. These services must be direct billed (that is, the Medicare rebate is accepted as full payment for services).

Private health insurance

Patients need to decide if they will use Medicare or their private health insurance ancillary cover to pay for these services. Patients cannot use their private health insurance ancillary cover to 'top up' the Medicare rebate paid for the services.

M.8.3. PREGNANCY SUPPORT COUNSELLING - REFERRAL REQUIREMENTS - (ITEMS 81000 TO 81010)

Patients must be referred for non-directive pregnancy support counselling services by a GP. GPs are **not** required to use a specific form to refer patients for these services. The referral may be a letter or note to an eligible allied health professional signed and dated by the referring GP.

Patients may be referred by a GP to more than one eligible allied health professional for eligible non-directive pregnancy support counselling services (for example, where a patient does not wish to continue receiving services from the provider they were referred to in the first instance). However, Medicare benefits are only available for a maximum of three (3) non-directive pregnancy support counselling services to which items 4001, 81000, 81005 and 81010 apply, per patient, per pregnancy.

Where the patient is unsure of the number of Medicare rebated non-directive pregnancy support counselling services they have already accessed, the patient may check with Medicare Australia on 132 011. Alternatively, the psychologist, social worker or mental health nurse may check with Medicare Australia.

The relevant allied health professional must be in receipt of the referral at the first non-directive pregnancy support counselling service and must retain the referral for 2 years from the date the service was rendered, for Medicare Australia auditing purposes.

A copy of the referral is **not** required to accompany Medicare claims. However, referral details are required to be included on patients' itemised accounts/receipts or Medicare assignment of benefit forms.

Referral validity

The referral is valid for up to three (3) non-directive pregnancy support counselling services, per patient, per pregnancy.

Subsequent Referrals

A new referral is required where the patient seeks to access non-directive pregnancy support counselling in relation to a different pregnancy or where the patient wishes to be referred to a different allied health professional than the one they were referred to in the first instance.

M.8.4. PREGNANCY SUPPORT COUNSELLING - ALLIED HEALTH PROFESSIONAL ELIGIBILITY -(ITEMS 81000 TO 81010)

Eligible allied health professionals

Items 81000, 81005 and 81010 can only be claimed for services provided by psychologists, social workers and mental health nurses who meet the following specific eligibility requirements, and are registered with Medicare Australia.

To be eligible to provide services using MBS Item 81000, a psychologist must hold general registration in the health profession of psychology under the applicable law in force in the State or Territory in which the service is provided and be certified by the Australian Psychological Society as appropriately trained in non-directive pregnancy counselling.

To be eligible to provide services using MBS Item 81005, a social worker must be a 'Member' of the Australian Association of Social Workers (AASW), be certified by AASW either as meeting the standards for mental health set out in the document published by AASW titled 'Practice Standards for Mental Health Social Workers' as in force on 8 November 2008 or as an Accredited Social Worker, and have completed appropriate non-directive pregnancy counselling training;

To be eligible to provide services using MBS Item 81010, a mental health nurse must be a 'Credentialled Mental Health Nurse' as certified by the Australian College of Mental Health Nurses, and have completed appropriate non-directive pregnancy counselling training.

REGISTERING WITH MEDICARE AUSTRALIA

Advice about registering with Medicare Australia to provide non-directive pregnancy support counselling services using items 81000-81010 inclusive is available from the Medicare Australia provider inquiry line on 132 150.

Further information

A copy of the Medicare Allied Health Supplement can be accessed from www.health.gov.au/mbsonline. The Supplement includes more information about Medicare, including how to make a claim from Medicare.

Further information is also available for providers from the Medicare Australia provider inquiry line on 132 150.

M.9.1. GROUP ALLIED HEALTH SERVICES (ITEMS 81100 TO 81125) FOR PEOPLE WITH TYPE 2 DIABETES - ELIGIBLE PATIENTS -

MBS items (81100 to 81125) are available for group allied health services for patients with type 2 diabetes. These items apply to services provided by eligible diabetes educators, exercise physiologists and dietitians, on referral from a GP.

Services available under these items are in addition to the five individual allied health services available to patients each calendar year (refer to items 10950 to 10970).

To be eligible for these services, the patient must have in place one of the following:

- a GP Management Plan (GPMP) (item 721); OR
- for a resident of a residential aged care facility, the GP must have contributed to, or contributed to a review of, a care plan prepared for them by the facility (item 731). [Note: Generally, residents of an aged care facility rely on the facility for assistance to manage their type 2 diabetes. Therefore, the resident may not need to be referred for group allied health services under these items, as the self-management approach offered in group services may not be appropriate.]

Unlike the individual allied health services under items 10950 to 10970, there is no additional requirement for a Team Care Arrangement (item 723) in order for the patient to be referred for group allied health services.

Once the patient has been referred by their GP, a diabetes educator, exercise physiologist or dietitian will conduct an individual assessment (under items 81100, 81110 or 81120). A maximum of one (1) assessment service is available per calendar year. After assessment, the patient may receive up to eight (8) group services per calendar year from an eligible diabetes educator, exercise physiologist and/or dietitian (under items 81105, 81115 and 81125). A collaborative approach, where diabetes educators, exercise physiologists and dietitians work together to develop group service programs in their local area, is encouraged.

The Department of Human Services (DHS) has developed a [Health Practitioner Guideline to substantiate the MBS requirements for patients with type 2 diabetes](#) which is located on the DHS website.

M.9.2. GROUP ALLIED HEALTH SERVICES (ITEMS 81100 TO 81125) FOR PEOPLE WITH TYPE 2 DIABETES - GP REFERRAL REQUIREMENTS

Patients must be referred by their GP to an eligible allied health professional (diabetes educator, exercise physiologist or dietitian) who will undertake an individual assessment of their suitability for a group services program (under item 81100, 81110 or 81120).

When referring patients, **GPs** must use a referral form that has been issued by the Australian Government Department of Health and Ageing or a form that contains all the components of this form. The form issued by the department is available at <http://www.health.gov.au/mbsprimarycareitems> (click on the link for group allied health services).

GPs are also encouraged to provide a copy of the relevant part of the patient's care plan to the allied health professional.

M.9.3. GROUP ALLIED HEALTH SERVICES (ITEMS 81100 TO 81125) FOR PEOPLE WITH TYPE 2 DIABETES - ELIGIBLE ALLIED HEALTH PROFESSIONALS

Items 81100 to 81125 only apply to services provided by eligible diabetes educators, exercise physiologists and dietitians who are registered with Medicare Australia. If providers are already registered with Medicare Australia to use item 10951, 10953 or 10954, they do not need to register separately for items 81100 to 81125. Eligibility criteria are as follows:

Diabetes educator: must be a ‘credentialed diabetes educator’ (CDE) as credentialed by the Australian Diabetes Educators Association (ADEA).

Exercise physiologist: must be an ‘accredited exercise physiologist’ as accredited by Exercise and Sports Science Australia (ESSA).

Dietitian: must be an ‘accredited practising dietitian’ as recognised by the Dietitians Association of Australia (DAA).

Medicare Australia registration forms may be obtained from Medicare Australia on 132 150 or at www.medicareaustralia.gov.au.

M.9.4. ASSESSMENT FOR GROUP ALLIED HEALTH SERVICES (ITEMS 81100, 81110 AND 81120) FOR PEOPLE WITH TYPE 2 DIABETES

An assessment service is provided by a diabetes educator (item 81100), an exercise physiologist (item 81110) or a dietitian (item 81120), on referral from a GP.

The purpose of this service is to undertake an individual assessment and determine the patient’s suitability for a group services program. It involves taking a comprehensive patient history and identification of individual goals. This may also provide an opportunity to identify any patient who is likely to be unsuitable for group services.

Number of services per year

Patients are eligible for a maximum of one assessment for group services (item 81100 or 81110 or 81120) per calendar year. If more than one assessment service is provided in a calendar year, the subsequent service/s will not attract a Medicare rebate and the MBS Safety Net arrangements will not apply to costs incurred by the patient for the service/s.

If there is any doubt about a patient’s eligibility for items 81100, 81110 or 81120, the allied health professional should contact Medicare Australia to confirm the number of assessment services already claimed by the patient in the calendar year. Allied health professionals can call Medicare Australia on 132 150 to check this information.

Referral form

The GP must refer the patient using the *Referral form for group allied health services under Medicare for patients with type 2 diabetes* or a form that contains all the components of this form. The form issued by the department is available at <http://www.health.gov.au/mbsprimarycareitems> (click on the link for group allied health services).

The allied health professional undertaking the assessment service will need to complete Part B of this form, and the patient will then need to present this form to the provider/s of group services.

Length of service

This service must be of at least 45 minutes duration and provided to an individual patient. The allied health professional must personally attend the patient.

Reporting requirements

On completion of the assessment service, the allied health professional must provide a written report back to the referring GP outlining the assessment undertaken, whether the patient is suitable for group services and, if so, the nature of the group services to be delivered.

M.9.5. GROUP ALLIED HEALTH SERVICES (ITEMS 81105, 81115 AND 81125) FOR PEOPLE WITH TYPE 2 DIABETES - SERVICE REQUIREMENTS AND REFERRAL FORMS

These services are provided in a group setting to assist with the management of type 2 diabetes.

Number of services per year

Patients are eligible for up to eight group allied health services in total (items 81105, 81115 and 81125 inclusive) per calendar year. Each separate group service must be provided to the patient by only one type of allied health professional (i.e. by a diabetes educator, or by an exercise physiologist or by a dietitian). However, the overall group services program

provided for the patient could be comprised of one type of service only (e.g. eight diabetes education services) or a combination of services (e.g. three diabetes education services, three dietitian services and two exercise physiology services). An eligible allied health professional with more than one Medicare provider number (e.g. for the provision of diabetes education and dietetics) may provide separate services under each of these provider numbers.

Group allied health service providers are strongly encouraged to deliver multidisciplinary group services programs that allow patients to benefit from a range of interventions designed to assist in the management of their type 2 diabetes.

Where a patient receives more than the limit of eight group services in a calendar year, the additional service/s will not attract a Medicare benefit and the MBS Safety Net arrangements will not apply to costs incurred by the patient for the service/s.

If there is any doubt about a patient's eligibility for group services, the allied health professional should contact Medicare Australia to confirm the number of group services already claimed by the patient in the calendar year. Allied health professionals can call Medicare Australia on 132 150 to check this information.

Multiple services on the same day

Where clinically relevant, up to two group services may be provided consecutively on the same day by the same allied health professional.

Referral form

The allied health professional/s undertaking the group services will need to receive the *Referral form for group allied health services under Medicare for patients with type 2 diabetes* issued by the Department of Health and Ageing or a form that contains all the components of this form, with Part B completed by the provider who has undertaken the assessment service. The form issued by the department is available at <http://www.health.gov.au/mbsprimarycareitems> (click on the link for group allied health services).

Group size

The service must be provided to a person who is part of a group of between two and 12 persons.

Length of service

Each group service must be of at least 60 minutes duration.

Reporting requirements

On completion of the group services program, each allied health professional must provide, or contribute to, a written report back to the referring GP in respect of each patient. The report should describe the group services provided for the patient and indicate the outcomes achieved. While each allied health professional is required to provide feedback to the GP in relation to the group services that they provide to the patient, allied health professionals involved in the provision of a multidisciplinary program are encouraged to combine feedback into a single report to the referring GP.

M.9.6. GROUP ALLIED HEALTH SERVICES (ITEMS 81100 TO 81125) FOR PEOPLE WITH TYPE 2 DIABETES - ADDITIONAL REQUIREMENTS

RETENTION OF REFERRAL FORM FOR MEDICARE AUSTRALIA AUDIT PURPOSES

It is recommended that Allied health professionals retain a copy of the referral form for 24 months from the date the service was rendered (for Medicare Australia auditing purposes).

Publicly funded services

Items 81100 – 81125 do not apply for services that are provided by any other Commonwealth or state-funded services or provided to an admitted patient of a hospital. However, where an exemption under subsection 19(2) of the *Health Insurance Act 1973* has been granted to an Aboriginal Community Controlled Health Service or a state/territory government health clinic, items 81100-81125 can be claimed for services provided by eligible allied health professionals salaried by, or contracted to, service or health clinic. All requirements of the relevant item must be met, including registration of the allied health professional with Medicare Australia. These services must also be bulk billed.

Private health insurance

Patients need to decide if they will use Medicare or their private health insurance ancillary cover to pay for these services. Patients cannot use their private health insurance ancillary cover to 'top up' the Medicare rebate paid.

Out-of-pocket expenses and Medicare Safety Net

Allied health professionals are free to determine their own fees for the professional service. Charges in excess of the Medicare benefit for the allied health items are the responsibility of the patient. However, such out of pocket costs will count toward the Medicare Safety Net for that patient.

M.9.7. GROUP ALLIED HEALTH SERVICES (ITEMS 81100 TO 81125) FOR PEOPLE WITH TYPE 2 DIABETES - FURTHER INFORMATION

Further information about these items is available on the Department of Health and Ageing's website at www.health.gov.au/mbsprimarycareitems

M.10.1. PROVISION OF AUTISM, PERSISTENT DEVELOPMENTAL DISORDER OR DISABILITY SERVICES BY ALLIED HEALTH PROFESSIONALS - (ITEMS 82000 TO 82035)

Eligible patients

MBS items 82000 to 82035 provide Medicare-rebateable allied health services to children with autism or any other pervasive developmental disorder (PDD) through the *Helping Children with Autism* program, and to children with an eligible disability through the *Better Start for Children with Disability* program. Children with both autism/PDD and an eligible disability can access either program, but not both.

The conditions classified as PDD in 2008 for the purposes of these services were informed by the American Psychiatric Association: *Diagnostic and Statistical Manual of Mental Disorders, Fourth Edition (DSM-IV-TR)*, Washington, DC, American Psychiatric Association, 2000.

Eligible disabilities for the purpose of these services means any of the following conditions:

- sight impairment that results in vision of less than or equal to 6/18 vision or equivalent field loss in the better eye, with correction.
- hearing impairment that results in:
 - (i) a hearing loss of 40 decibels or greater in the better ear, across 4 frequencies; or
 - (ii) permanent conductive hearing loss and auditory neuropathy.
- deafblindness.
- cerebral palsy.
- Down syndrome.
- Fragile X syndrome.
- Prader-Willi syndrome.
- Williams syndrome.
- Angelman syndrome.
- Kabuki syndrome.
- Smith-Magenis syndrome.
- CHARGE syndrome.
- Cri du Chat syndrome.
- Cornelia de Lange syndrome.
- microcephaly.

Allied health services available under Medicare

Items are available for **assessment/diagnosis** services, the results of which can contribute to development of a treatment and management plan by the referring medical practitioner, and for **treatment** services.

The **assessment/diagnosis** items (82000, 82005, 82010, 82030) can be accessed when:

- a child with autism/PDD is aged under 13 years and referred by an eligible consultant psychiatrist or paediatrician; or
- a child with an eligible disability is aged under 13 years and referred by a specialist, consultant physician or GP.

The **treatment** items (82015, 82020, 82025 and 82035) can be accessed when:

- A child with autism/PDD is aged under 15 years and a treatment and management plan has been put in place for them before their 13th birthday, and they have been referred by an eligible consultant psychiatrist or paediatrician.
- A child with an eligible disability is aged under 15 years and a treatment and management plan has been put in place for them before their 13th birthday, and they have been referred by a specialist, consultant physician or GP.

The allied health assessment and treatment services can be provided by eligible audiologists, occupational therapists, optometrists, orthoptists, physiotherapists, psychologists and speech pathologists.

Number of assessment services

Medicare rebates are available for up to four services in total per eligible child, to assist with assessment and diagnosis and development of a treatment plan. The four services may consist of any combination of items 82000, 82005, 82010 and 82030. It is the responsibility of the referring practitioner to allocate these services in keeping with the child's individual needs and to refer the child to appropriate allied health professional(s) accordingly.

These services will not attract a Medicare rebate unless a referral has been made by a consultant psychiatrist (using items 296-370) or paediatrician (using items 110-131) for a child with autism/PDD, or by a specialist or consultant physician (using items 104-131 or 296-370 excluding item 359) or GP (using items 3-51) for a child with a disability.

Number of treatment services

Medicare rebates are available for up to twenty allied health treatment services in total per eligible child. The twenty services may consist of any combination of items 82015, 82020, 82025 and 82035. It is the responsibility of the referring practitioner to allocate these services in keeping with the child's individual treatment needs and to refer the child to appropriate allied health professional(s) accordingly.

These services will not attract a Medicare rebate unless referral has been made by a consultant psychiatrist (using item 289) or paediatrician (using item 135) for children with autism/PDD, or by a specialist or consultant physician (using item 137) or a GP for disability (using item 139) for children with disability.

Service length and type

Services under these items must be for the time period specified within the item descriptor. The allied health professional must personally attend the child.

A child may receive up to four Medicare eligible services from an allied health professional on the same day.

It is anticipated that professional attendances at places other than consulting rooms would be provided where treatment in other environments is necessary to achieve therapeutic outcomes.

It is also expected that participating allied health providers will deliver treatment under these items that is consistent with the autism/PDD or disability treatment plan prepared by the medical practitioner, and is in keeping with commonly established autism/PDD or disability interventions as practised by their profession and appropriate for the age and particular needs of the child being treated.

Eligible allied health professionals

Allied health professionals providing services under these items must be registered with Medicare Australia. To register with Medicare Australia to provide these services, an allied health professional must meet the specific eligibility requirements detailed below:

- **Audiologist** must be either a 'Full Member' of the Audiological Society of Australia Inc (ASA), who holds a 'Certificate of Clinical Practice' issued by the ASA; or an 'Ordinary Member – Audiologist' or 'Fellow Audiologist' of the Australian College of Audiology (ACAud).
- **Occupational Therapist** must be registered with the Occupational Therapy Board of Australia.
- **Optometrist** must be registered as an optometrist or optician under a law of a State or an internal Territory that provides for the registration of optometrists or opticians, and be a participating optometrist.
- **Orthoptist** must be registered with the Australian Orthoptic Board and have a Certificate of Currency; and be a member of Orthoptics Australia.
- **Physiotherapist** must be registered with the Physiotherapy Board of Australia.
- **Psychologist** must hold General Registration with the Psychology Board of Australia.
- **Speech Pathologist** in Queensland must be registered with the Speech Pathologist Board of Queensland. In all other States, the Australian Capital Territory and the Northern Territory, they must be a 'Practising Member' of Speech Pathology Australia.

In addition to meeting the above mentioned credentialing requirements, it is expected that eligible providers will "self-select" for the autism/PDD and disability items (i.e. possess the skills and experience appropriate for provision of these services and be oriented to work with children with autism/PDD or disability).

Referral requirements

An allied health professional wanting to provide any of the items 82000-82035 must be in receipt of a current referral provided by an eligible medical practitioner. Referrals are only valid when prerequisite MBS services have been provided.

An eligible allied health professional can provide **assessment items** (82000, 82005, 82010, and 82030) to a child under the *Helping Children with Autism* program when:

- the child has previously been provided with any MBS service covering items 110 through 131 inclusive by a consultant paediatrician; or
- the child has previously been provided with any MBS service covering items 296 through 370 (excluding item 359) inclusive by a consultant psychiatrist.

An eligible allied health professional can provide **assessment items** (82000, 82005, 82010, and 82030) to a child under the *Better Start for Children with Disability* program when

- the child has previously been provided with any MBS service covering items 104 through 131 inclusive, or items 296 through 370 (excluding item 359) inclusive by a specialist or consultant physician; or
- the child has previously been provided with any MBS service covering items 3 through 51 by a GP.

An eligible allied health professional can provide **treatment items** (82015-82025, and 82035) to a child under the *Helping Children with Autism* program when:

- the child has previously been provided with a treatment plan (item 135) by a consultant paediatrician; or
- the child has previously been provided with a treatment plan (item 289) by a consultant psychiatrist.

An eligible allied health professional can provide **treatment items** (82015-82025, and 82035) to a child under the *Better Start for Children with Disability* program when:

- the child has previously been provided with a treatment plan (MBS item 137) by a specialist or consultant physician; or
- the child has previously been provided with a treatment plan (MBS item 139) by a GP.

If the referring service has not yet been claimed, Medicare Australia will not be aware of the child's eligibility and Medicare benefits cannot be paid. Medicare Australia will be able to confirm whether a relevant MBS service has been claimed and/or the number of allied health services already claimed by the child. Allied health professionals can call the Medicare Australia provider line on 132 150. Parents and carers can call the patient information line on 132 011.

It is recommended that allied health professionals retain the referral for 24 months from the date the service was rendered for Medicare Australia auditing purposes.

Referring medical practitioners are not required to use a specific form to refer patients for these services. The referral may be a letter or note to an eligible allied health professional signed and dated by the referring practitioner.

Referral validity

Medicare benefits are available for up to four allied health assessment and diagnosis services and up to twenty allied health treatment services per patient in total.

Patients will require a separate referral for each allied health professional they are referred to and they will also need new referrals for each new course of treatment.

A course of treatment for the allied health treatment services consists of the number of allied health services stated on the child's referral, up to a maximum of 10 services. This enables the referring practitioner to consider a report from the allied health professional(s) about the services provided to the child, and the need for further treatment.

Within the maximum service allocation of twenty services for the treatment items, the allied health professional(s) can provide one or more courses of treatment.

Reporting requirements

A written report must be provided to the referring medical practitioner by the allied health professional(s) after having provided the assessment and diagnosis and development of a treatment plan service(s) to the child.

On completion of a course of treatment, the eligible audiologist, occupational therapist, optometrist, orthoptist, physiotherapist, psychologist and speech pathologist must provide a written report to the referring medical practitioner which includes information on:

- treatment provided;
- recommendations on future management of the child's disorder; and
- any advice provided to third parties (e.g. parents, schools).

A written report must also be provided to the referring medical practitioner at the completion of any subsequent course(s) of treatment provided to the child.

M.11.1. FOLLOW-UP ALLIED HEALTH SERVICES FOR PEOPLE OF ABORIGINAL OR TORRES STRAIT ISLANDER DESCENT (ITEMS 81300 TO 81360)

ELIGIBLE PATIENTS

A person who is of Aboriginal or Torres Strait Islander descent may be referred by their GP for follow-up allied health services under items 81300 to 81360 when the GP has undertaken a health assessment and identified a need for follow-up allied health services.

These items are similar to the individual allied health items (items 10950 to 10970) available to patients who have a chronic or terminal medical condition and complex care needs and have a GP Management Plan and Team Care Arrangements prepared by their GP. However items 81300 to 81360 provide an alternative referral pathway for Aboriginal or Torres Strait Islander people to access allied health services. If a patient meets the eligibility criteria for individual allied health services under the Chronic Disease Management items and for follow-up allied health services, they can access both sets of services and are eligible for up to ten allied health services under Medicare per calendar year.

A practice nurse/Aboriginal and Torres Strait Islander health practitioner item (10987) is also available for Indigenous Australians who have received a health check. This item enables Aboriginal or Torres Strait Islander people to receive follow-up services from a practice nurse or Aboriginal and Torres Strait Islander health practitioner on behalf of a GP. More detail on this item is provided at explanatory note M.12.4 of the Medicare Benefits Schedule.

ELIGIBLE ALLIED HEALTH SERVICES

The following allied health professionals are eligible to provide services under these items:

- Aboriginal and Torres Strait Islander health practitioners
- Aboriginal Health Workers
- Audiologists
- Chiropractors
- Diabetes Educators
- Dietitians
- Exercise Physiologists
- Mental Health Workers
- Occupational Therapists
- Osteopaths
- Physiotherapists
- Podiatrists
- Psychologists
- Speech Pathologists

Publicly funded services

Items 81300 to 81360 do not apply for services that are provided by any Commonwealth or state or territory government funded services or provided to an admitted patient of a hospital. However, where an exemption under subsection 19(2) of the *Health Insurance Act 1973* has been granted to an Aboriginal Community Controlled Health Service or state/territory government health clinic, items 81300 to 81360 can be claimed for services provided by eligible allied health professionals salaried by, or contracted to, the service or health clinic. All requirements of the relevant item must be met, including registration of the allied health professional with Medicare Australia. Medicare services provided under a subsection 19(2) exemption must be bulk billed (i.e. the Medicare rebate is accepted as full payment for services).

Number of services per year

Medicare benefits are available for up to five follow-up allied health services per eligible patient, per calendar year. The five allied health services can be made up of one type of service (e.g. five physiotherapy services) or a combination of different types of services (e.g. one dietetic, two podiatry and two physiotherapy services).

The annual limit of five allied health services per patient under items 81300 to 81360 is in addition to the individual allied health services for patients with a chronic or terminal medical condition and complex care needs (items 10950 to 10970).

Checking patient eligibility for items 81300 to 81360

If there is any doubt about a patient's eligibility, Medicare Australia will be able to confirm the number of allied health services already claimed by the patient during the calendar year. Allied health professionals can call Medicare Australia on 132 150 and patients can call Medicare Australia on 132 011 or alternatively the Indigenous Access Line for Medicare Australia on 1800 556 955.

Service length and type

Services provided by eligible allied health professionals under these items must meet the specific requirements set out in the item descriptors. These requirements include that:

- the service is of at least 20 minutes duration;
- the service is provided to the person individually (i.e. not as part of a group service) and in person (i.e. the allied health professional must personally attend the patient);
- the person is not an admitted patient of a hospital;
- the allied health professional must provide a written report to the GP; and
- if the patient has private health insurance, he/she cannot use their private health insurance ancillary cover to 'top up' the Medicare rebate paid for these services.

Private health insurance

Patients need to decide if they will use Medicare or their private health insurance ancillary cover to pay for these services. Patients cannot use their private health insurance ancillary cover to 'top up' the Medicare rebate paid for the services.

Reporting back to the GP

Where an allied health professional provides a *single* service to the patient under a referral, the allied health professional must provide a written report back to the referring GP after that service.

Where an allied health professional provides *multiple* services to the same patient under a referral, the allied health professional must provide a written report back to the referring GP after the first and last service, or more often if clinically necessary. Written reports should include:

- any investigations, tests, and/or assessments carried out on the patient;
- any treatment provided; and
- future management of the patient's condition or problem.

Out-of-pocket expenses and Medicare safety net

Allied health professionals can determine their own fees for the professional service, except where the service is provided under a subsection 19(2) exemption. Charges in excess of the Medicare benefit for the allied health items are the responsibility of the patient. However, such out-of-pocket costs will count toward the Medicare safety net for that patient. Allied health services in excess of five in a calendar year will not attract a Medicare benefit and the safety net arrangements will not apply to costs incurred by the patient for such services.

REFERRAL REQUIREMENTS

Referral form

For Medicare benefits to be payable, the patient must be referred to an eligible allied health professional by their GP using a referral form that has been issued by the Australian Government Department of Health and Ageing or a form that contains all the components of this form.

The form issued by the department is available at <http://www.health.gov.au/mbsprimarycareitems> (click on the link for follow-up allied health services).

GPs are encouraged to attach a copy of the relevant part of the patient's care plan to the referral form.

GPs may use one referral form to refer patients for single or multiple services of the same service type (e.g. five dietetic services). If referring a patient for single or multiple services of different service types (e.g. two dietetic services and three podiatry services), a separate referral form will be needed for each service type.

The patient will need to present the referral form to the allied health professional at the first consultation, unless the GP has previously provided it directly to the allied health professional.

It is recommended that allied health professionals retain the referral form for 24 months from the date the service was rendered (for Medicare Australia auditing purposes). A copy of the referral form is not required to accompany Medicare claims, and allied health professionals do not need to attach a signed copy of the form to patients' itemised accounts/receipts or assignment of benefit forms.

Completed forms do not have to be sent to the Department of Health and Ageing.

Referral validity

A referral is valid for the stated number of services. If all services are not used during the calendar year in which the patient was referred, the unused services can be used in the next calendar year. However, those services will be counted as part of the five rebates for allied health services available to the patient during that calendar year.

When patients have used all of their referred services they will need to obtain a new referral from their GP.

ALLIED HEALTH PROFESSIONAL ELIGIBILITY

Items 81300 to 81360 can only be claimed for services provided by eligible allied health professionals who are registered with Medicare Australia. Allied health professionals already registered with Medicare (e.g. for items 10950 to 10970) do not need to register again to claim these items.

Specific eligibility requirements for allied health professionals providing services under these items are:

Aboriginal and Torres Strait Islander health practitioners must be registered with the Aboriginal and Torres Strait Islander Health Practice Board of Australia. Aboriginal and Torres Strait Islander health practitioners may use any of the titles authorised by the Aboriginal and Torres Strait Islander Health Practice Board: Aboriginal health practitioners; Aboriginal and Torres Strait Islander health practitioners; or Torres Strait Islander health practitioners.

Aboriginal health workers in a State or Territory other than the Northern Territory must have been awarded either:

- c. a Certificate III in Aboriginal and/or Torres Strait Islander Primary Health Care (or an equivalent or higher qualification) by a registered training organisation; or
- d. a Certificate III in Aboriginal and Torres Strait Islander Health (or an equivalent or higher qualification) by a registered training organisation before 1 July 2012.

Note: Where individuals consider their qualification to be equivalent to or higher than the qualifications listed above, they will need to contact a registered training organisation in their State or Territory to have the qualification assessed as such before they can register with Medicare Australia. In the Northern Territory, a practitioner must be registered with the Aboriginal and Torres Strait Islander Health Practice Board of Australia.

Audiologists must be either a 'Full Member' of the Audiological Society of Australia Inc (ASA), who holds a 'Certificate of Clinical Practice' issued by the ASA; or an 'Ordinary Member – Audiologist' or 'Fellow Audiologist' of the Australian College of Audiology (ACAud).

Chiropractors must be registered with the Chiropractic Board of Australia.

Diabetes educators must be a Credentialed Diabetes Educator (CDE) as credentialed by the Australian Diabetes Educators Association (ADEA).

Dietitians must be an 'Accredited Practising Dietitian' as recognised by the Dietitians Association of Australia (DAA).

Exercise physiologists must be an 'Accredited Exercise Physiologist' as accredited by Exercise and Sports Science Australia (ESSA).

Mental health workers can include services provided by members of five different allied health professional groups. 'Mental health workers' are drawn from the following:

- psychologists;
- mental health nurses;
- occupational therapists;
- social workers;
- Aboriginal and Torres Strait Islander health practitioners; and
- Aboriginal health workers.

Psychologists, occupational therapists, Aboriginal and Torres Strait Islander health practitioners and Aboriginal health workers are eligible in separate categories for these items.

Mental health nurses must be a credentialed mental health nurse, as certified by the Australian College of Mental Health Nurses.

Mental health nurses who were registered in the ACT or Tasmania prior to the introduction of the National Registration and Accreditation Scheme (NRAS) on 1 July 2010, will have until 31 December 2010 to be certified by the Australian College of Mental Health Nurses.

Social workers must be a 'Member' of the Australian Association of Social Workers (AASW); and be certified by AASW as meeting the standards for mental health set out in the document published by AASW titled 'Practice Standards for Mental Health Social Workers' as in force on 8 November 2008.

Occupational therapists must be registered with the Occupational Therapy Board of Australia.

Osteopaths must be registered with the Osteopathy Board of Australia.

Physiotherapists must be registered with the Physiotherapy Board of Australia.

Podiatrists must be registered with the Podiatry Board of Australia.

Psychologists must hold general registration in the health profession of psychology under the applicable law in force in the State or Territory in which the service is provided.

Speech pathologists practising in Queensland must be registered with the Speech Pathologist Board of Queensland. In all other States, the Australian Capital Territory and the Northern Territory, they must be a 'Practising Member' of Speech Pathology Australia.

Registering with Medicare Australia

Provider registration forms may be obtained from Medicare Australia on 132 150 or at www.medicareaustralia.gov.au and then search for "allied health application".

FURTHER INFORMATION

Further information about these items, including a fact sheet and the referral form, is available on the Department of Health and Ageing's website at www.health.gov.au/mbsprimarycareitems. For providers, information is also available from the Medicare Australia provider inquiry line on 132 150. The Indigenous Access Line for Medicare Australia on 1800 556 955 is also a useful source of information.

M.12.1. IMMUNISATION SERVICES PROVIDED BY AN ABORIGINAL AND TORRES STRAIT ISLANDER HEALTH PRACTITIONER - (ITEM 10988)

Item 10988 can only be claimed by a medical practitioner where an immunisation is provided to a patient by an Aboriginal and Torres Strait Islander health practitioner on behalf of the medical practitioner.

Item 10988 can be claimed only once per patient visit, even if more than one vaccine is administered during the same patient visit.

An Aboriginal and Torres Strait Islander health practitioner means a person who has been registered as an Aboriginal and Torres Strait Islander health practitioner by the Aboriginal and Torres Strait Islander Health Practice Board of Australia and meets the Board's registration standards. The Aboriginal and Torres Strait Islander health practitioner must be employed or retained by a general practice, or by a health service that has an exemption to claim Medicare benefits under subsection 19(2) of the Health Insurance Act 1973.

An Aboriginal and Torres Strait Islander health practitioner may use any of the titles authorised by the Aboriginal and Torres Strait Islander Health Practice Board: Aboriginal health practitioner; Aboriginal and Torres Strait Islander health practitioner; or Torres Strait Islander health practitioner.

The Aboriginal and Torres Strait Islander health practitioner must be appropriately qualified and trained to provide immunisations. This includes compliance with any territory requirements.

The medical practitioner under whose supervision the immunisation is provided retains responsibility for the health, safety and clinical outcomes of the patient.

Supervision may include distance supervision where the medical practitioner does not have to be physically present at the time that the service is provided by the Aboriginal and Torres Strait Islander health practitioner, but should be able to be contacted for advice if required.

The immunisation must be performed by the Aboriginal and Torres Strait Islander health practitioner in accordance with the current edition of the Australian Immunisation Handbook and the Central Australian Rural Practitioners Association (CARPA) Standard Treatment Manual.

Immunisation means the administration of a registered vaccine to a patient for any purpose other than as part of a mass immunisation of persons.

A registered vaccine means a vaccine that is included on the Australian Register of Therapeutic Goods. This includes all vaccines on the Australian Standard Vaccination Schedule and vaccines covered in the current edition of the Australian

Immunisation Handbook. The following substances cannot be claimed under this item: vaccines used experimentally; homeopathic substances; immunotherapy for allergies (eg de-sensitisation preparations); and other substances that are not vaccines. There may also be territory limitations on the administration of some vaccines, such as those for tuberculosis, yellow fever and Q-fever.

All GPs whether vocationally registered or not are eligible to claim this item. District Medical Officers (DMOs) employed by the Northern Territory Department of Health and Community Services are also eligible to claim this item.

Where the medical practitioner provides a professional attendance to the patient (in addition to the immunisation service provided by the Aboriginal and Torres Strait Islander health practitioner), the medical practitioner may also claim for the professional attendance they provide to the patient.

Item 10991 can also be claimed in conjunction with item 10988 provided the conditions of both items are satisfied.

Related Items: 10988

M.12.2. WOUND MANAGEMENT SERVICES PROVIDED BY AN ABORIGINAL AND TORRES STRAIT ISLANDER HEALTH PRACTITIONER (ITEM 10989)

Item 10989 can only be claimed by a medical practitioner where wound management (other than normal aftercare) is provided to a patient by an Aboriginal and Torres Strait Islander health practitioner on behalf of the medical practitioner.

Item 10989 can be claimed only once per patient visit, even if more than one wound is treated during the same patient visit.

An Aboriginal and Torres Strait Islander health practitioner means a person who has been registered as an Aboriginal and Torres Strait Islander health practitioner by the Aboriginal and Torres Strait Islander Health Practice Board of Australia and meets the Board's registration standards. The Aboriginal and Torres Strait Islander health practitioner must be employed or 806 retained by a general practice, or by a health service that has an exemption to claim Medicare benefits under subsection 19(2) of the Health Insurance Act 1973.

An Aboriginal and Torres Strait Islander health practitioner may use any of the titles authorised by the Aboriginal and Torres Strait Islander Health Practice Board: Aboriginal health practitioner; Aboriginal and Torres Strait Islander health practitioner; or Torres Strait Islander health practitioner.

The Aboriginal and Torres Strait Islander health practitioner must be appropriately qualified and trained to treat wounds. This includes compliance with any territory requirements.

The medical practitioner under whose supervision the treatment is provided retains responsibility for the health, safety and clinical outcomes of the patient.

Supervision may include distance supervision where the medical practitioner does not have to be physically present at the time that the service is provided by the Aboriginal and Torres Strait Islander health practitioner, but should be able to be contacted for advice if required.

The medical practitioner must conduct an initial assessment of the patient (including under a distance supervision arrangement if the medical practitioner is not physically present) in order to give instruction in relation to the treatment of the wound.

Where an Aboriginal and Torres Strait Islander health practitioner provides ongoing wound management, the medical practitioner is not required to give instruction or see the patient during each subsequent visit.

M.12.3. HEALTHY KIDS CHECK PROVIDED BY A PRACTICE NURSE OR AN ABORIGINAL AND TORRES STRAIT ISLANDER HEALTH PRACTITIONER (ITEM 10986)

A health assessment means the assessment of a patient's health and physical, psychological and social function and consideration of whether preventive health care and education should be offered to the patient, to improve that patient's health and physical, psychological and social function.

A health assessment must include the following elements:

- (a) information collection, including taking a patient history and undertaking examinations and investigations as required;
- (b) making an overall assessment of the patient;

- (c) recommending appropriate interventions;
- (d) providing advice and information to the patient;
- (e) keeping a record of the health assessment, and offering the patient a written report about the health assessment, with recommendations about matters covered by the health assessment; and
- (f) offering the patient's carer (if any, and if the medical practitioner considers it appropriate and the patient agrees) a copy of the report or extracts of the report relevant to the carer.

MBS item 10986 may be provided by a practice nurse or an Aboriginal and Torres Strait Islander health practitioner, but may only be claimed by a medical practitioner (including a general practitioner but not including a specialist or consultant physician).

A health assessment should not take the form of a health screening service (see General Explanatory Notes G.13.1).

The practice nurse or Aboriginal and Torres Strait Islander health practitioner is required to note if a copy of the Department's publication 'Get Set 4 Life – habits for healthy kids' has been provided to the patient's parents/guardian.

The practice nurse or Aboriginal and Torres Strait Islander health practitioner is also required to note that the four year-old immunisation has been given (including evidence provided).

The practice nurse is a registered or enrolled nurse who is employed by, or whose services are otherwise retained by a general practice.

An Aboriginal and Torres Strait Islander health practitioner means a person who has been registered as an Aboriginal and Torres Strait Islander health practitioner by the Aboriginal and Torres Strait Islander Health Practice Board of Australia and meets the Board's registration standards. The Aboriginal and Torres Strait Islander health practitioner must be employed or retained by a general practice, or by a health service that has an exemption to claim Medicare benefits under subsection 19(2) of the Health Insurance Act 1973.

An Aboriginal and Torres Strait Islander health practitioner may use any of the titles authorised by the Aboriginal and Torres Strait Islander Health Practice Board: Aboriginal health practitioner; Aboriginal and Torres Strait Islander health practitioner; or Torres Strait Islander health practitioner.

Should the practice nurse or Aboriginal and Torres Strait Islander health practitioner identify any health concerns that require medical intervention, the patient must be reviewed by the patient's 'usual doctor' who will arrange referrals and follow-up as clinically required.

In all cases, the medical practitioner under whose supervision the health check is being provided retains responsibility for the health, safety and clinical outcomes of the patient. The medical practitioner must be satisfied that the practice nurse or Aboriginal and Torres Strait Islander health practitioner is appropriately qualified and trained to provide the service.

General practices and Aboriginal Community Controlled Health Services and State/Territory health clinics that are exempt under subsection 19(2) of the *Health Insurance Act 1973* that utilise nurses and Aboriginal and Torres Strait Islander health practitioners to provide the Healthy Kids Check must also have a written clinical risk management strategy.

Where the medical practitioner and practice nurse or Aboriginal and Torres Strait Islander health practitioner are at the same location, the medical practitioner is not required to be present while the Healthy Kids Check is undertaken. The medical practitioner must decide whether he or she needs to see the patient.

Item 10988 (immunisation by Aboriginal and Torres Strait Islander health practitioner) can be claimed in conjunction with the Healthy Kids Check health assessment, provided the conditions of item 10988 are satisfied.

The Healthy Kids Check must include the following basic physical examinations and assessments:

- (a) Height and weight (plot and interpret growth curve/calculate BMI)
- (b) Eyesight
- (c) Hearing
- (d) Oral health (teeth and gums)
- (e) Toileting
- (f) Allergies

Item 10986 does not apply for services that are provided by any other Commonwealth or State funded services. However, where an exemption under subsection 19(2) of the *Health Insurance Act 1973* has been granted to an Aboriginal Community Controlled Health Service or State/Territory Government health clinic, item 10986 can be claimed for services

provided by nurses or Aboriginal and Torres Strait Islander health practitioners salaried by or contracted to, the Service or health clinic. All other requirements of the item must be met.

The Healthy Kids Check provided by a practice nurse or Aboriginal and Torres Strait Islander health practitioner (item 10986) may only be claimed once by an eligible patient and only if the patient has not already claimed a Healthy Kids Check service under items 701, 703, 705 or 707.

M.12.4. FOLLOW UP SERVICE PROVIDED BY A PRACTICE NURSE OR ABORIGINAL AND TORRES STRAIT ISLANDER HEALTH PRACTITIONER, ON BEHALF OF A MEDICAL PRACTITIONER, FOR AN INDIGENOUS PERSON WHO HAS RECEIVED A HEALTH ASSESSMENT (ITEM 10987)

Item 10987 may be claimed by a medical practitioner, where a follow up service is provided by a practice nurse or Aboriginal and Torres Strait Islander health practitioner on behalf of that medical practitioner for an Indigenous person who has received a health check.

All GPs whether vocationally registered or not are eligible to claim this item. District Medical Officers (DMOs) employed by state/territory health Departments are also eligible to claim this item. The term 'GP' is used in these notes as a generic reference to medical practitioners able to claim this item.

Item 10987 does not apply for services that are provided by any other Commonwealth or State funded services. However, where an exemption under subsection 19(2) of the *Health Insurance Act 1973* has been granted to an Aboriginal Community Controlled Health Service or State/Territory Government Health clinic, item 10987 can be claimed for services provided by practice nurses or Aboriginal and Torres Strait Islander health practitioner salaried or contracted to, the Service or Health clinic. All requirements of the item must be met.

Item 10987 will assist Indigenous patients who have received a health check which has identified a need for follow up services which can be provided by a practice nurse or Aboriginal and Torres Strait Islander health practitioner between further consultations with the patient's GP.

Item 10987 may be used to provide:

- Examinations/interventions as indicated by the health check;
- Education regarding medication compliance and associated monitoring;
- Checks on clinical progress and service access;
- Education, monitoring and counselling activities and lifestyle advice;
- Taking a medical history; and
- Prevention advice for chronic conditions, and associated follow up.

Item 10987 may be claimed up to a maximum of 10 times per patient per calendar year.

Item 10987 may be accessed by an Indigenous patient who has received the Aboriginal and Torres Strait Islander Peoples Health Assessment (item 715), which is available to:

- a) children between the ages of 0 and 14 years;
- b) adults between the ages of 15 and 54 years; and
- c) older people over the age of 55 years.

The item can also be accessed by a child who has received a health check as part of the Northern Territory Emergency Response (NTER).

Patients whose condition is unstable/deteriorating should be referred to their GP for further treatment.

A practice nurse means a registered or enrolled nurse who is employed by, or whose services are otherwise retained by a general practice or by a health service that has an exemption to claim Medicare benefits under sub-section 19(2) of the *Health Insurance Act 1973*.

An Aboriginal and Torres Strait Islander health practitioner means a person who has been registered as an Aboriginal and Torres Strait Islander health practitioner by the Aboriginal and Torres Strait Islander Health Practice Board of Australia and meets the Board's registration standards. The Aboriginal and Torres Strait Islander health practitioner must be employed or retained by a general practice, or by a health service that has an exemption to claim Medicare benefits under subsection 19(2) of the *Health Insurance Act 1973*.

An Aboriginal and Torres Strait Islander health practitioner may use any of the titles authorised by the Aboriginal and Torres Strait Islander Health Practice Board: Aboriginal health practitioner; Aboriginal and Torres Strait Islander health practitioner; or Torres Strait Islander health practitioner.

In all cases, the GP under whose supervision the health check follow-up is being provided retains responsibility for the health, safety and clinical outcomes of the patient. The GP must be satisfied that the practice nurse or Aboriginal and Torres Strait Islander health practitioner is appropriately qualified and trained to provide the relevant follow up for the patient. GPs are advised to consult their insurer concerning indemnity coverage for services provided on their behalf.

General practices where nurses or Aboriginal and Torres Strait Islander health practitioners provide follow up for Indigenous people who have received a health check, should also have a written clinical risk management strategy covering issues like clinical roles, patient follow up and patient consent.

Continuing professional development is recommended for all nurses and an Aboriginal and Torres Strait Islander health practitioners providing follow up services for Indigenous people who have received a health check.

Supervision of the practice nurse/Aboriginal and Torres Strait Islander health practitioner by the GP at a distance is recognised as an acceptable form of supervision. This means that the claiming GP does not have to be physically present at the time the service is provided. However the GP should be able to be contacted if required.

Where the GP and practice nurse/Aboriginal and Torres Strait Islander health practitioner are at the same location, the GP is not required to be present while the health check follow up is undertaken. It is up to the GP to decide whether they need to see the patient. Where the GP has a consultation with the patient, then the GP is entitled to claim a Medicare item for the time and complexity of their personal attendance on the patient. The time the patient spends receiving a service from the practice nurse or Aboriginal and Torres Strait Islander health practitioner is itemised separately under item 10987 and should not be counted as part of the Medicare items claimed for time spent with the GP. Where the practice nurse or Aboriginal and Torres Strait Islander health practitioner provides another service (eg immunisation, Pap smear) on the same day, the GP is able to claim for all practice nurse/ Aboriginal and Torres Strait Islander health practitioner services provided.

Item 10990 or 10991 (bulk billing incentives) can be claimed in conjunction with item 10987 provided the conditions of item 10990 or 10991 are satisfied.

M.12.5. PROVISION OF MONITORING AND SUPPORT FOR A PERSON WITH A CHRONIC DISEASE BY A PRACTICE NURSE OR ABORIGINAL AND TORRES STRAIT ISLANDER HEALTH PRACTITIONER (ITEM 10997)

Item 10997 may be claimed by a medical practitioner, where a monitoring and support service for a person with a chronic disease care plan is provided by a practice nurse or Aboriginal and Torres Strait Islander health practitioner on behalf of that medical practitioner.

All GPs whether vocationally registered or not are eligible to claim this item. The term 'GP' is used in these notes as a generic reference to medical practitioners able to claim this item.

Item 10997 does not apply for services that are provided by any other Commonwealth or State funded services. However, where an exemption under subsection 19(2) of the Health Insurance Act 1973 has been granted to an Aboriginal Community Controlled Health Service or State/Territory Government health clinic, item 10997 can be claimed for services provided by practice nurses or Aboriginal and Torres Strait Islander health practitioners salaried by or contracted to, the Service or health clinic. All requirements of the item must be met.

Item 10997 will assist patients who require access to ongoing care, routine treatment and ongoing monitoring and support between the more structured reviews of the care plan by the patient's usual GP.

Item 10997 may be used to provide:

- checks on clinical progress;
- monitoring medication compliance;
- self management advice, and;
- collection of information to support GP reviews of Care Plans.

The services provided by the practice nurse or Aboriginal and Torres Strait Islander health practitioner should be consistent with the scope of the GP Management Plan, Team Care Arrangements, or Multidisciplinary Care Plan.

Item 10997 may be claimed up to a maximum of 5 times per patient per calendar year.

Item 10997 may only be accessed by a patient with a GP Management Plan, Team Care Arrangements or Multidisciplinary Care Plan (items 721, 723, 729, 731 and 732).

Patients whose condition is unstable/deteriorating should be referred to their GP for further treatment.

A practice nurse means a registered or enrolled nurse or Nurse Practitioner who is employed by, or whose services are otherwise retained by a general practice.

An Aboriginal and Torres Strait Islander health practitioner means a person who has been registered as an Aboriginal and Torres Strait Islander health practitioner by the Aboriginal and Torres Strait Islander Health Practice Board of Australia and meets the Board's registration standards. The Aboriginal and Torres Strait Islander health practitioner must be employed or retained by a general practice, or by a health service that has an exemption to claim Medicare benefits under subsection 19(2) of the Health Insurance Act 1973.

An Aboriginal and Torres Strait Islander health practitioner may use any of the titles authorised by the Aboriginal and Torres Strait Islander Health Practice Board: Aboriginal health practitioner; Aboriginal and Torres Strait Islander health practitioner; or Torres Strait Islander health practitioner.

In all cases, the GP under whose supervision the chronic disease monitoring and support is being provided retains responsibility for the health, safety and clinical outcomes of the patient. The GP must be satisfied that the practice nurse is appropriately qualified and trained to provide chronic disease support and monitoring. GPs are advised to consult their insurer concerning indemnity coverage for services performed on their behalf.

General practices where nurses or Aboriginal and Torres Strait Islander health practitioner provide chronic disease support and monitoring, should also have a written clinical risk management strategy covering issues like clinical roles, patient follow up and patient consent.

Continuing professional development is recommended for all nurses and Aboriginal and Torres Strait Islander health practitioners providing chronic disease monitoring and support.

Supervision by the GP at a distance is recognised as an acceptable form of supervision. This means that the claiming GP does not have to be physically present at the time the service is provided. However, the GP should be able to be contacted if required.

Where the GP and practice nurse/ Aboriginal and Torres Strait Islander health practitioner are at the same location, the GP is not required to be present while the chronic disease monitoring and support is undertaken. It is up to the GP to decide whether they need to see the patient. Where the GP has a consultation with the patient, then the GP is entitled to claim a Medicare item for the time and complexity of their personal attendance on the patient. The time the patient spends receiving a service from the practice nurse or Aboriginal and Torres Strait Islander health practitioner is itemised separately under item 10997 and should not be counted as part of the Medicare item claimed for time spent with the GP. Where the practice nurse or Aboriginal and Torres Strait Islander health practitioner provides another service (eg immunisation) on the same day, the GP is able to claim for both practice nurse/ Aboriginal and Torres Strait Islander health practitioner items.

Item 10990 or 10991 (bulk billing incentives) can be claimed in conjunction with item 10997 provided the conditions of item 10990 or 10991 are satisfied (see explanatory note M.1).

M.12.6. TELEHEALTH SUPPORT SERVICES BY HEALTH PROFESSIONALS

These notes provide information on the telehealth MBS attendance items for health professionals to provide clinical support to their patients during video consultations with a specialist, consultant physicians and psychiatrists under items 82150, 82151 and 82152 in Group M13 which are available for participating midwives, items 82220 to 82225 in Group M14 for participating nurse practitioners and items 10983 and 10984 in Group M12 for practice nurses and Aboriginal health workers for services provided for and on behalf of a medical practitioner.

Telehealth patient-end support services can only be claimed where:

- a Medicare eligible specialist service is claimed;
- the service is rendered in Australia; and
- where this is necessary for the provision of the specialist service.

The above patient-end support services provide for attendances in various settings including a residential aged care service, an Aboriginal Medical Service or Aboriginal Community Controlled Health Service to which a 19(2) direction under the Health Insurance Act 1973 applies.

Clinical indications

The specialist, consultant physician or psychiatrist must be satisfied that it is clinically appropriate to provide a video consultation to a patient. The decision to provide clinically relevant support to the patient is the responsibility of the specialist, consultant physician or psychiatrist.

Telehealth specialist services can be provided to patients when there is no patient-end support service provided.

Collaborative Consultation

The practitioner, who provides assistance to the patient where this is necessary for the provision of the specialist service, may seek assistance from a health professional (e.g. a practice nurse or Aboriginal health worker) but only one item is billable for the patient-end support service. The practitioner must be present during part or all of the consultation in order to bill an appropriate time-tiered MBS item. Any time spent by another health professional called to assist with the consultation may not be counted against the overall time taken to complete the video consultation.

Restrictions

The MBS telehealth attendance items are not payable for services to an admitted hospital patient (this includes hospital in the home patients). Benefits are not payable for telephone or email consultations. In order to fulfill the item descriptor there must be a visual and audio link between the patient and the remote practitioner. If the remote practitioner is unable to establish both a video and audio link with the patient, a MBS rebate for a telehealth attendance is not payable.

Eligible Geographical Areas

From 1 January 2013, geographic eligibility for telehealth services funded under Medicare will be determined according to the Australian Standard Geographical Classification Remoteness Area (ASGC-RA) classifications. A Telehealth Eligible Area will be those areas that are outside a Major City (RA1) according to ASGC-RA. Patients and providers are able to check their eligibility by following the links on the MBS Online website (www.mbsonline.gov.au/telehealth).

From 1 November 2012, there is a requirement for the patient and specialist to be located a minimum of 15km apart at the time of the consultation. Minimum distance between specialist and patient video consultations are measured by the most direct (ie least distance) route by road. The patient or the specialist is not permitted to travel to an area outside the minimum 15 km distance in order to claim a video conference.

This rule will not apply to specialist video consultation with patients who are a care recipient in a residential care service; or at an Aboriginal Medical Service or an Aboriginal Community Controlled Health Service for which a direction made under subsection 19(2) of the *Health Insurance Act 1973* as these patients are able to receive telehealth services anywhere in Australia.

Telehealth Eligible Service Areas are defined at www.mbsonline.gov.au/telehealth_eligible_areas

Record Keeping

Participating telehealth practitioners must keep contemporaneous notes of the consultation including documenting that the service was performed by video conference, the date, time and the people who participated.

Only clinical details recorded at the time of the attendance count towards the time of the consultation. It does not include information added at a later time, such as reports of investigations.

Multiple attendances on the same day

In some situations a patient may receive a telehealth consultation and a face to face consultation by the same or different practitioner on the same day.

Medicare benefits may be paid for more than one video consultation on a patient on the same day by the same practitioner, provided the second (and any following) video consultations are not a continuation of the initial or earlier video consultations. Practitioners will need to provide the times of each consultation on the patient's account or bulk billing voucher.

Aftercare Rule

Video consultations are subject to the same aftercare rules as face to face consultations.

Referrals

The referral procedure for a video consultation is the same as for conventional face-to-face consultations.

Technical requirements

In order to fulfill the item descriptor there must be a visual and audio link between the patient and the remote practitioner. If the remote practitioner is unable to establish both a video and audio link with the patient, a MBS rebate for a telehealth attendance is not payable.

Individual clinicians must be confident that the technology used is able to satisfy the item descriptor and that software and hardware used to deliver a videoconference meets the applicable laws for security and privacy.

Bulk billing

Bulk bill incentive items 10990 or 10991 may be billed in conjunction with the telehealth items 2100, 2122, 2125, 2126, 2137, 2138, 2143, 2147, 2179, 2195, 2199 and 2220.

Duration of attendance

The practitioner attending at the patient end of the video consultation does not need to be present for the entire consultation, only as long as is clinically relevant - this can be established in consultation with the specialist. The MBS fee payable for the supporting practitioner will be determined by the total time spent assisting the patient. This time does not need to be continuous.

Aboriginal health workers

For the purpose of items 10983 and 10984 an Aboriginal health worker means a person who:

- a) holds a Certificate III in Aboriginal or Torres Strait Islander Health Worker Primary Health Care (Clinical) or other appropriate qualifications; or
- b) is registered, and holds a current registration issued by a State or Territory regulatory authority, as an Aboriginal health worker; and
- c) is employed by, or whose services are otherwise retained by a medical practitioner or their practice. This includes health service in relation to which a direction made under subsection 19(2) of the Act applies.

Practice Nurse

For the purpose of items 10983 and 10984 a practice nurse means a registered or enrolled nurse who is employed by, or whose services are otherwise retained by a medical practitioner or their practice. This includes a health service in relation to which a direction made under subsection 19(2) of the Act applies.

M.13.1. MATERNITY SERVICES BY PARTICIPATING MIDWIVES - OVERVIEW

As at 1 November 2010, Medicare benefits are payable for antenatal, intrapartum and postnatal care for the first 6 weeks after the delivery, provided by eligible privately practising midwives. Eligible midwives can also request certain pathology and diagnostic imaging services for their patients and refer patients to obstetricians and paediatricians, as the clinical need arises. Each service that attracts a Medicare benefit is identified in the Medicare Benefits Schedule (MBS) by an item number. Each item describes the service that the item covers.

M.13.2. PARTICIPATING MIDWIVES

To provide services under Medicare, the legislation requires that a midwife be a participating midwife. A participating midwife is an eligible midwife who provides services in a collaborative arrangement or collaborative arrangements with one or more medical practitioners, of a kind or kinds specified in the regulations.

For more details on collaborative arrangements required under the regulations see Point M.13.5.

M.13.3. ELIGIBLE MIDWIVES

Under the legislation, to be an eligible midwife the midwife must be registered or authorised (however described) under State and Territory law to practice midwifery. The midwife must also demonstrate that he or she has the appropriate qualifications and experience to meet the registration standard developed by the Nursing and Midwifery Board of Australia

Information regarding eligibility can be found on the Nursing and Midwifery Board of Australia (NMBA) site of the Australian Health Practitioner Regulatory Agency (AHPRA) website at:

<http://www.nursingmidwiferyboard.gov.au/>.

M.13.4. MIDWIFE PROFESSIONAL INDEMNITY INSURANCE

Under National Law, which governs the National Registration and Accreditation Scheme (NRAS), it is a requirement for midwives to have appropriate professional indemnity insurance. All privately practising midwives who wish to provide private midwifery services in must have appropriate professional indemnity insurance from the date the State or Territory in which they were registered enacted National Law.

Further information about professional indemnity insurance for midwives can be found at:

<http://www.health.gov.au/internet/main/publishing.nsf/Content/Maternity+Services+Review-Q&A-PIMI>

M.13.5. COLLABORATIVE ARRANGEMENTS

To provide Medicare rebate-able services an eligible midwife must have a collaborative arrangement in place that must provide for consultation, referral or transfer of care as clinical needs dictate, to ensure safe, high quality maternity care.

Under the legislation a collaborative arrangement can be with the following “specified” medical practitioners:

- 1) an obstetrician;
- 2) a medical practitioner who provides obstetric services; or
- 3) a medical practitioner employed or engaged by a hospital authority and authorised by the hospital authority to participate in a collaborative arrangement.

The types of practitioners listed 1) and 2) are defined in the Regulations as “obstetric specified medical practitioners”.

Collaborative arrangement can be established in the following ways:

- a) being employed or engaged by 1 or more obstetric specified medical practitioners or by an entity that employs or engages 1 or more obstetric specified medical practitioners; **OR**
- b) receiving patients by referral in writing to the midwife for midwifery treatment from a specified medical practitioner, **OR**
- c) having a signed written agreement with one or more specified medical practitioners, **OR**
- d) having an arrangement with *and acknowledged* by at least one specified medical practitioner
 - a. an arrangement requires that the eligible midwife must record the following in the midwife’s written records:-
 - i. The name of at least one specified medical practitioner who is, or will be, collaborating with the midwife in the patient’s care (a **named medical practitioner**);
 - ii. That the midwife has told the patient that the midwife will be providing midwifery services to the patient in collaboration with one or more specified medical practitioners;
 - iii. Acknowledgement by a named medical practitioner that the practitioner will be collaborating in the patient’s care;
 - iv. Plans for the circumstances in which the midwife will do any of the following:
 1. consult with an obstetric specified medical practitioner;
 2. refer the patient to a specified medical practitioner;
 3. transfer the patient’s care to an obstetric specified medical practitioner.
 - b. The midwife must also record the following in the midwife’s written records:
 - i. Any consultation or other communication between the midwife and an obstetric specified medical practitioner about the patient’s care;
 - ii. Any referral of the patient by the midwife to a specified medical practitioner;
 - iii. Any transfer by the midwife of the patient’s care to an obstetric specified medical practitioner;
 - iv. When the midwife gives a copy of the hospital booking letter for the patient to a named medical practitioner – acknowledgement that the named medical practitioner has received the copy;
 - v. When the midwife give a copy of the patient’s maternity care plan prepared by the midwife to a named medical practitioner – acknowledgement that the named medical practitioner has received the copy;
 - vi. If the midwife requests diagnostic imaging or pathology services for the patient – when the midwife gives the results of the services to a named medical practitioner
 - vii. That the midwife has given a discharge summary at the end of the midwife’s care for the patient to:
 1. a named medical practitioner; and
 2. the patient’s usual general practitioner.

The legislation requires that collaborative arrangements must be in place at the time the participating midwife provides the service. It is also a requirement that for each kind of collaborative arrangement, at least one medical practitioner is needed; it is not possible for the midwife to have a collaborative arrangement with an entity such as a health service.

a) Being employed or engaged by a medical practice or an entity

An entity may refer to a community health centre. For a midwife to have a collaborative arrangement in these circumstances, that midwife must be employed or engaged by an entity that also employs or engages 1 or more obstetric specified medical practitioners.

The terms *employs* or *engage* covers both employees and contractors. This will cover an eligible midwife who is employed or engaged by a medical practice so long as that medical practice employs or engages at least one obstetrician or medical practitioner that provides obstetric services.

There must be at least one obstetric specified medical practitioner employed or engaged by the entity each time the midwife renders a service/performs treatment. However, there is no requirement that the consultation, referral or transfer of care must always be to the medical practitioner(s) employed/engaged by the entity.

b) Referral from a medical practitioner

A participating midwife's patient will be able to access the MBS and PBS if a patient has been referred in writing to the midwife by a specified medical practitioner. The arrangement must provide for consultation, referral and transfer of care should the clinical need arise.

c) Written agreement with a medical practitioner

A participating midwife's patient will be able to access the MBS and PBS if the nurse practitioner has a written agreement in place with one or more specified medical practitioners. The agreement must be signed by the nurse practitioner and doctor. The arrangement must provide for with consultation, referral and transfer of care.

d) Arrangement with, acknowledged by a medical practitioner.

Evidence of 'acknowledgement' by an obstetrician/GP obstetrician for each woman for whom the midwife provides care is a requirement to ensure that the medical practitioner being named understands and accepts the collaborative arrangement.

The acknowledgement does not have to be obtained on an individual patient basis. This means that, for example, a midwife could obtain an acknowledgement from a specified medical practitioner that he or she will be the collaborating medical practitioner for some or all of the midwife's patients. Arrangements to collaborate could be obtained in a number of ways including signing of documents, email or fax confirmation, or verbal acknowledgement which the midwife documents in their written records.

The midwife is required to record in written records communications in regard to consultations, referral and transfer of the woman's care with the medical practitioner, including information that has been forwarded to the medical practitioner. The midwife is also required to send a copy of all pathology and diagnostic imaging results to a named medical practitioner and to record in the midwife's written records when this occurs (however, there is no requirement that the midwife consult with a medical practitioner in relation to every test result). The purpose of sharing records with the collaborating medical practitioner is to prevent duplication of services and to ensure continuity of care.

M.13.6. PROVIDER NUMBERS

To access the Medicare arrangements, eligible midwives will need to apply to Medicare Australia for a provider number. A separate provider number is required for each location at which a midwife practices.

Advice about registering with Medicare Australia to provide midwifery services using items 82100 to 82140 inclusive, is available from the Medicare Australia provider inquiry line on 132 150.

Medicare provider application forms for midwives can be downloaded from the following site:

www.medicareaustralia.gov.au

M.13.7. SCHEDULE FEES AND MEDICARE BENEFITS

Each midwifery service is identified in the MBS by an item number. The fee set for any item in the MBS is known as the "Schedule fee". The Schedule fee and Medicare benefit for each service is listed in the item description.

There are two levels of benefit payable for midwifery services:

75% of the Schedule fee for midwifery services rendered to privately insured patients as part of an episode of hospital treatment (other than for public patients); or

85% of the Schedule fee for antenatal and postnatal services rendered to non-admitted patients.

M.13.8. SAFETY NETS

Where practitioners charge more than the Medicare benefit, the resultant out-of-pocket costs are the responsibility of the patient.

Assistance is provided to families and singles for out-of-pocket costs for out-of-hospital services through the "original" and "extended" Medicare safety nets:

- the original safety net provides that once the threshold is met, the Medicare benefit increases to 100 per cent of the Schedule fee. The threshold in 2013 is \$421.70; and
- under the extended Medicare safety net (EMSN), once certain thresholds are met, Medicare reimburses 80 per cent of the out-of-pocket costs. However, where the item has an EMSN benefit cap, there is a maximum limit on the EMSN benefit that will be paid for that item.

In 2013, the annual EMSN threshold for concession cardholders and people who receive Family Tax Benefits (Part A) is \$610.70. For all other singles and families the annual threshold is \$1,221.90. These amounts are indexed by Consumer Price Index on 1 January each year.

M.13.9. SAFETY NET CAPPING FOR MIDWIFERY ITEMS

Midwifery services will be subject to a benefit limit or cap under the EMSN. This is in line with obstetric services which are also subject to a safety net cap. The caps that apply to midwifery services are outlined below:

Item	Maximum increase (\$)
82100	21.70
82105	16.30
82110	21.70
82115	54.10
82130	16.30
82135	21.70
82140	16.30

M.13.10. WHERE MEDICARE BENEFITS ARE NOT PAYABLE

Medicare benefits are not available:

- a. for services listed in the MBS, where the service rendered does *not* meet the item description and associated requirements;
- b. where the midwifery service is *not* personally performed by the participating midwife;
- c. for MBS services that are time based, the inclusion of any time period in the consultation periods when the patient is *not* receiving active attention e.g. the time the provider may take to travel to the patient's home or where the patient is resting between blood pressure readings; and
- d. services provided where the patient is not in attendance, such as the issuing of repeat prescriptions;
- e. for telephone attendances;
- f. group sessions; and
- g. The issuing of repeat prescriptions, updating patient notes or telephone consultations.

The fee charged under Medicare must not include the cost of services that are not part of the MBS service being claimed. Medicare benefits are not payable for good or appliances associated with the service, such as bandages or other skin dressings

Unless the Minister otherwise directs, Medicare benefits are not payable where funding has already been provided under an arrangement with the Commonwealth, state or a local governing body.

M.13.11. BILLING OF PATIENT

Where the practitioner bills the patient for medical services rendered, the patient needs a properly itemised account/receipt to enable a claim to be made for Medicare benefits.

Under the provisions of the Health Insurance Act and Regulations, Medicare benefits are not payable in respect of a professional service unless there is recorded on the account setting out the fee for the service or on the receipt for the fee in respect of the service, the following particulars:-

- (a) Patient's name;
- (b) The date on which the professional service was rendered;
- (c) An item number or a description of the professional service sufficient to identify the item that relates to that service, including an indication where the service is rendered to a person while hospital treatment is provided in

a hospital "admitted patient" immediately preceding the description of the service or an asterisk "*" directly after an item number where used;

- (d) The name and practice address and provider number of the participating midwife who actually rendered the service; (where the participating midwife has more than one practice location recorded with Medicare Australia, the provider number used should be that which is applicable to the practice location at or from which the service was given).

Only one original itemised account should be issued in respect of any one service and any duplicates of accounts or receipts should be clearly marked "duplicate" and should be issued only where the original has been lost. Duplicates should not be issued as a routine system for "accounts rendered".

M.13.12. ASSIGNMENT OF BENEFITS (DIRECT-BILLING) ARRANGEMENTS

Under the Health Insurance Act the Assignment of Benefit (direct-billing) facility for professional services is available to all persons in Australia who are eligible for benefit under the Medicare program. This facility is NOT confined to pensioners or people in special need.

If a participating midwife direct-bills, the participating midwife undertakes to accept the relevant Medicare benefit as full payment for the service. Additional charges for that service (irrespective of the purpose or title of the charge) cannot be raised against the patient. Under these arrangements:-

- The patient's Medicare card number must be quoted on all direct-bill forms for that patient.
- The basic forms provided are loose leaf to enable the patient details to be imprinted from the Medicare card.
- The forms include information required by Regulations under Subsection 19(6) of the Health Insurance Act.
- The practitioner must include the particulars relating to the professional service out on the assignment form before the patient signs the form and ensure that the patient to receive a copy of the form as soon as practicable after the patient signs it.
- Where a patient is unable to sign the assignment form the signature of the patient's parent, guardian or other responsible person (other than the practitioner, practitioner's staff, hospital proprietor, hospital staff, residential aged care facility proprietor or residential aged care facility staff) is acceptable. The reason the patient is unable to sign should also be stated.

The administration of the direct-billing arrangements under Medicare as well as the payment of Medicare benefits on patient claims is the responsibility of **Medicare Australia**. Any enquiries in regard to these matters should therefore be directed to Medicare offices or enquiry points.

M.13.13. ASSIGNMENT OF BENEFIT FORMS

Participating midwives wishing to direct-bill are required to use a specific form available from Medicare Australia. This stationary is available from Medicare Australia. Note that these forms are approved forms under the Health Insurance Act, and no other forms can be used to assign benefits without the approval of Medicare Australia. Further information about direct-billing stationary can be obtained by telephoning **132150**.

M.13.14. TIME LIMITS APPLICABLE TO LODGEMENT OF CLAIMS FOR ASSIGNED BENEFITS

A time limit of two years applies to the lodgement of claims with Medicare under the direct-billing (assignment of benefit) arrangements. This means that Medicare benefits are not payable for any service where the service was rendered more than two years earlier than the date the claim was lodged with Medicare.

Provision exists whereby in certain circumstances (e.g. hardship cases), the Minister may waive the time limits. Special forms for this purpose are available, if required, from the processing centre to which assigned claims are directed.

M.13.15. OVERVIEW OF THE MATERNITY ITEMS

Antenatal, intrapartum and postnatal care provided by participating midwives are covered by MBS items 82100, 82105, 82110, 82115, 82120, 82125, 82130, 82135, 82140. These items cover nine specific types of service that allow the participating midwife to:

- undertake an initial antenatal attendance of more than 40 minutes duration (item 82100)
- provide a short antenatal attendance of up to 40 minutes duration (item 82105)

- provide a long antenatal attendance of more than 40 minutes duration (item 82110);
- make an assessment of and prepare a maternity care plan for a woman across a pregnancy that has progressed beyond 20 weeks (item 82115);
- undertake management of a confinement for up to 12 hours, including delivery (item 82120);
- undertake management of a confinement in excess of 12 hours including delivery (item 82125);
- provide a short postnatal attendance of up to 40 minutes duration (item 82130);
- provide long postnatal attendance of at least 40 minutes duration (item 82135); and
- provide a comprehensive postnatal check to a woman six weeks after the birth of her baby (item 82140).

M.13.16. MATERNITY SERVICES ATTRACTING MEDICARE REBATES

Medicare Benefits are only payable for clinically relevant services. *Clinically relevant* in relation to midwifery care means a service generally accepted by the midwifery profession as necessary to the appropriate treatment of the patient's clinical condition.

Medicare benefits are only payable where the participating midwife provides care to not more than one patient on the one occasion.

Antenatal Care

Eligible maternity care plan service

There is one MBS item available for eligible midwife practitioners to undertake a comprehensive assessment of and prepare a written maternity care plan for a woman, who is not an admitted patient of a hospital, across a pregnancy that has progressed beyond 20 weeks. It is expected that the care plan would be agreed with the women and detail such things as agreed expectation, health problems and care needs and appropriate referrals, medication and diagnostic tests.

Number of services

Only one (1) midwifery care plan is payable in any pregnancy.

Antenatal Attendances

Medicare benefits are payable for an antenatal service where a midwife provides a clinically relevant service in respect of a miscarriage. Medicare benefits are not payable for an antenatal attendance associated with the confinement. The confinement items 82120 and 82125 include all associated attendances

Any clinically relevant indication that requires an antenatal attendance by a midwife on an admitted patient in hospital, but that is not associated with the confinement, will attract a Medicare benefit.

Number of services

Only one (1) initial antenatal attendance under item 82100 is payable in any pregnancy.

There is no limit attached to long and short antenatal attendances by a participating midwife. However, only clinically relevant attendances should be itemised under Medicare and services provided by participating midwives will be subject to Medicare Audit and Professional Review Processes.

Management of Confinement

The MBS includes two items for management of confinement by a participating midwife; 82120 for a confinement of up to 12 hours, and 82125 for a confinement where labour is in excess of 12 hours, and the woman's care has been transferred to another participating midwife.

Medicare benefits are payable under items 82120 and 82125 whether or not the participating midwife undertakes the delivery i.e. including where the woman's care is escalated to an obstetrician during labour or for the delivery.

Medicare benefits are only payable where the service is provided to a woman who is an admitted patient of a hospital, including a hospital birthing centre. For Medicare benefit purposes a confinement is taken to commence when the participating midwife attends a patient that is in labour and who has been admitted to the hospital for confinement and delivery. The time period for these items is the period for which the midwife is in exclusive and continuous attendance on the woman for labour, and delivery where performed.

Medicare benefits are only payable for management of confinement where the participating midwife undertaking the service has provided the patient's antenatal care or who is a member of a practice that provided the patient's antenatal care.

It is not intended that these items be claimed routinely by midwives who do not intend to undertake the delivery i.e. where the midwife has arranged beforehand for a medical practitioner to undertake the delivery. Where the midwife does not undertake the delivery it is because:

- care was transferred to a second midwife for management of labour which had exceeded 12 hours; or
- there was a clinical need to escalate care to an obstetrician or medical practitioner who provides obstetric services.

Number of services

Medicare rebates are only payable (1) confinement item 82120, and 82125 where provided, regardless of the number of participating midwives involved in the service.

Postnatal Care

In addition to the long and short antenatal attendance items for postnatal care in the first 6 weeks post delivery the MBS provides for a 6 week postnatal check, after which the woman would be referred back to her usual GP.

Number of services

Only one (1) postnatal check by a participating midwife is payable in any pregnancy.

There is no limit attached to long and short postnatal attendances by a participating midwife. However, only clinically relevant attendances should be itemised under Medicare and services provided by participating midwives will be subject to Medicare Audit and Professional Review Processes.

M.13.17. CONDITIONS GOVERNING THE PROVISION AND CLAIMING OF ITEMS

Service length and type

Services under these items must be for the time period specified within the item descriptor.

Professional attendance for MBS items 82100, 82105, 82110, 82115, 82130, 82135, 82140 may be provided in an appropriate setting that includes but is not limited to: the woman's home, a midwifery group practice, a midwife practitioner's rooms or a medical practice.

M.13.18. REFERRAL REQUIREMENTS

A participating midwife will be able to refer women to specialist obstetricians and paediatricians as clinical services dictate.

This measure does not include referral by a midwife for allied health care. If a participating midwife refers a patient to an allied health practitioner, no benefits would be payable for that service.

Medicare benefits are not payable specifically for services provided by a lactation consultant at this time. Medicare benefits would be payable for breast feeding support provide as part of the postnatal care by the participating midwife.

A referral is valid for 12 months to cover the confinement (antenatal, birthing and postnatal care for 6 weeks post delivery). Should there be a new pregnancy in that period, a new referral will be required.

A new pregnancy represents a new episode of care.

A referral to a specialist must be in writing in the form of a letter or a note to the specialist and must be signed and dated by the referring midwife. The referral must contain any information relevant to the patient and the specialist must have received the referral on or prior to providing a specialist consultation.

If a specialist provides a consultation without a referral, the specialist's consultation would not attract Medicare benefits at the specialist rate.

There are exemptions from this requirement in an emergency if the specialist considers the patient's condition requires immediate attention without a referral. In that situation, the specialist is taken to be the referring practitioner.

If a referral is lost, stolen or destroyed, the midwife would need to provide a replacement referral as soon as is practicable after the service is provided.

If the woman is a privately admitted patient of a hospital a letter or note is not required. The referring midwife would make a notation in the woman's hospital, which he or she would sign, approving the referral.

A referral is not required to transfer a woman's care during the intra-partum period under items 16527 and 16528. The midwife would make a signed notation in the woman's clinical record approving the transfer of care

A referral is not required to refer the woman back to her GP after the 6 week postnatal period. The midwife would provide a discharge summary to the GP outlining her maternity history and any relevant clinical issues, which would also be recorded on the patient's notes.

M.13.19. REQUESTING REQUIREMENTS

Pathology Services

Determination of Necessity of Service

The participating midwife requesting a pathology service for a woman must determine that the pathology service is necessary.

Request for Service

The service may only be provided in response to a request from the treating practitioner and the request must be in writing (or, if oral, confirmed in writing within fourteen days).

Diagnostic Imaging Services

Determination of Necessity of Service

The participating midwife requesting a diagnostic imaging service for a woman must determine that the diagnostic imaging service is necessary for the appropriate professional care of the patient.

Request for Service

The service may only be provided in response to a request from the treating practitioner, and the request must be in writing, signed and dated.

The request does not have to be in a particular form. However, legislation provides that a request must be in writing and contain sufficient information, in terms that are generally understood by the profession, to clearly identify the item/s of service requested. This includes, where relevant, noting on the request the clinical indication(s) for the requested service. The provision of additional relevant clinical information can often assist the service provider, and enhance the overall service provided to the patient.

It is not necessary that a written request for a diagnostic imaging service be addressed to a particular provider or that, if the request is addressed to a particular provider, the service must be rendered by that provider.

A single request may be used to order a number of diagnostic imaging services. However, all services provided under this request must be rendered within seven days after rendering the first service.

M.14.1. PARTICIPATING NURSE PRACTITIONERS SERVICES - OVERVIEW

As at 1 November 2010, Medicare benefits are payable for services provided by privately practising participating nurse practitioners in collaboration with other health care providers. Participating nurse practitioners can also request certain pathology and diagnostic imaging services for their patients and refer patients to specialist, as the clinical need arises. The nurse practitioner services that attract a Medicare benefit are identified in the Medicare Benefits Schedule (MBS) by an item number and the each item describes the service requirements and schedule fee.

M.14.2. ELIGIBLE NURSE PRACTITIONERS

Under the legislation, to be an eligible nurse practitioner the nurse practitioner must be registered or authorised (however described) under State and Territory law. The nurse practitioner must also demonstrate that he or she has the appropriate qualifications and experience to meet the registration standard developed by the Nursing and Midwifery Board of Australia (NMBA).

This standard was developed for the purposes of the National Registration and Accreditation Scheme (NRAS), a single regulation and accreditation scheme for health professionals, including nurse practitioners. Additional information is available at the Australian Health Practitioners Regulation Agency (AHPRA) website at: <http://www.ahpra.gov.au/index.php>

M.14.3. PROVIDER NUMBERS

To access the Medicare arrangements, eligible nurse practitioners will need to apply to Medicare Australia for a provider number. A separate provider number is required for each location at which a nurse practitioner practices.

Advice about registering with Medicare Australia to provide nurse practitioner services using items 82200 to 82215 inclusive, is available from the Medicare Australia provider inquiry line on 132 150.

Medicare provider application forms for nurse practitioners can be downloaded from the following site: www.medicareaustralia.gov.au

M.14.4. PARTICIPATING NURSE PRACTITIONERS

To provide services under Medicare, the legislation requires that a nurse practitioner be a participating nurse practitioner. A participating nurse practitioner is an eligible nurse practitioner who has a Medicare provider number and who provides Medicare services in a collaborative arrangement or collaborative arrangements with one or more medical practitioners, of a kind or kinds specified in the regulations.

M.14.5. COLLABORATIVE ARRANGEMENTS

Under the Medicare program collaboration is having arrangements in place with a medical practitioner/s to consult, refer or transfer care as clinical needs dictate, to ensure safe, high quality maternity care. Under Medicare a collaborative arrangement can be with any medical practitioner.

Collaborative arrangement can be established in the following ways:

- a) being employed or engaged by 1 or more specified medical practitioners or by an entity that employs or engages 1 or more specified medical practitioners; OR
- b) receiving patients by referral in writing to the nurse practitioner for treatment from a specified medical practitioner, OR
- c) having a signed written agreement with one or more specified medical practitioners, OR
- d) having an arrangement with and acknowledged by at least one specified medical practitioners. This includes keeping comprehensive notes on all instances of consultation, referral and transfer of care, diagnostic tests requested and the test results and providing the collaborating practitioner/s with those results.

The legislation requires that collaborative arrangements must be in place at the time the participating nurse practitioner provides the service. The legislation requires that for each kind of collaborative arrangement, at least one medical practitioner is needed; it is not possible for the nurse practitioner to have a collaborative arrangement with an entity such as a health service.

- a) Being employed or engaged by a medical practice or an entity
An entity may refer to a hospital or community health centre. For a nurse practitioner to have a collaborative arrangement in these circumstances, that nurse practitioner must be employed or engaged by an entity that also employs or engages 1 or more specified medical practitioners.

The terms employ or engage covers both employees and contractors. This will cover an eligible nurse practitioner who is employed or engaged by a medical practice so long as that medical practice employs or engages at least one medical practitioner.

There must be at least one specified medical practitioner employed or engaged by the entity each time the nurse practitioner renders a service/performs treatment. However, there is no requirement that the consultation, referral or transfer of care must always be to the medical practitioner(s) employed/engaged by the entity.

- b) Referral from a medical practitioner
A participating nurse practitioner's patient will be able to access the MBS and PBS if a patient has been referred in writing to the nurse practitioner by a specified medical practitioner. The arrangement must provide for consultation, referral and transfer of care should the clinical need arise.
- c) Written agreement with a medical practitioner
A nurse practitioner's patient will be able to access the MBS and PBS if the nurse practitioner has a written agreement in place with one or more doctors. The agreement must be signed by the nurse practitioner and a doctor. The arrangement must deal with consultation, referral and transfer to a doctor.
- d) Arrangement with, acknowledged by a medical practitioner.
Evidence of 'acknowledgement' by a medical practitioner for each patient for whom the nurse practitioner provides care is a requirement to ensure that the medical practitioner being named understands and accepts the collaborative arrangement.

The acknowledgement does not have to be obtained on an individual patient basis. This means that, for example, a nurse practitioner could obtain an acknowledgement from a specified medical practitioner that he or she will be the collaborating medical practitioner for some or all of the nurse practitioner's patients. Arrangements to collaborate could be obtained in a number of ways including signing of documents, email or fax confirmation, or verbal acknowledgement which the nurse practitioner documents in their written records.

The nurse practitioner is required to record in written records any communications in regard to consultations, referral and transfer of the patient's care with the medical practitioner, including information that has been forwarded to the medical practitioner. The nurse practitioner is also required to send a copy of all pathology and diagnostic imaging results to a named medical practitioner and to record in the nurse practitioner's written records when this occurs (however, there is no

requirement that the nurse practitioner consult with a medical practitioner in relation to every test result). The purpose of sharing records with the collaborating medical practitioner is to prevent duplication of services and to ensure continuity of care.

Arrangements to collaborate could be obtained in a number of ways including signing of documents, email or fax confirmation, or verbal acknowledgement which the nurse practitioner documents in their written records.

M.14.6. SCHEDULE FEES AND MEDICARE BENEFITS

Each nurse practitioner service is identified in the MBS by an item number. The fee set for any item in the MBS is known as the "Schedule fee". The Schedule fee and Medicare benefit for each service is listed in the item description. The Medicare benefit for nurse practitioner services rendered to non-admitted patients is 85% of the Schedule fee.

M.14.7. WHERE MEDICARE BENEFITS ARE NOT PAYABLE

Medicare benefits are not available:

- a. where the service rendered does not meet the item description and associated requirements;
- b. where the nurse practitioner service is not personally performed by the participating nurse practitioner;
- c. for any time period in the consultation periods when the patient is not receiving active attention e.g. the time the provider may take to travel to the patient's home or where the patient is resting between blood pressure readings;
- d. services provided where the patient is not in attendance, such as the issuing of repeat prescriptions;
- e. for telephone attendances; and
- f. group sessions.

The fee charged under Medicare must not include the cost of services that are not part of the MBS service being claimed. Medicare benefits are not payable for good or appliances associated with the service, such as bandages or other skin dressings.

Unless the Minister otherwise directs, Medicare benefits are not payable where funding has already been provided under an arrangement with the Commonwealth, state or a local governing body.

M.14.8. BILLING OF THE PATIENT

Where the nurse practitioner bills the patient for medical services rendered, the patient needs a properly itemised account/receipt to enable a claim to be made for Medicare benefits.

Under the provisions of the Health Insurance Act and Regulations, Medicare benefits are not payable in respect of a professional service unless there is recorded on the account setting out the fee for the service or on the receipt for the fee in respect of the service, the following particulars:

- (a) Patient's name;
- (b) The date on which the professional service was rendered;
- (c) An item number or a description of the professional service sufficient to identify the item that relates to that service, including an indication where the service is rendered to a person while hospital treatment is provided in a hospital "admitted patient" immediately preceding the description of the service or an asterisk "*" directly after an item number where used;
- (d) The name and practice address and provider number of the participating nurse practitioner who actually rendered the service; (where the participating nurse practitioner has more than one practice location recorded with Medicare Australia, the provider number used should be that which is applicable to the practice location at or from which the service was given).

Only one original itemised account should be issued in respect of any one service and any duplicates of accounts or receipts should be clearly marked "duplicate" and should be issued only where the original has been lost. Duplicates should not be issued as a routine system for "accounts rendered".

M.14.9. ASSIGNMENT OF BENEFITS (DIRECT-BILLING ARRANGEMENTS)

Under the Health Insurance Act the Assignment of Benefit (direct billing) facility for professional services is available to all persons in Australia who are eligible for benefit under the Medicare program. This facility is NOT confined to pensioners or people in special need.

If a participating nurse practitioner direct-bills, the participating nurse practitioner undertakes to accept the relevant Medicare benefit as full payment for the service. Additional charges for that service (irrespective of the purpose or title of the charge) cannot be raised against the patient.

Under these arrangements:

The patient's Medicare card number must be quoted on all direct bill forms for that patient.

The basic forms provided are loose leaf to enable the patient details to be imprinted from the Medicare card.

The forms include information required by Regulations under Subsection 19(6) of the Health Insurance Act.

The nurse practitioner must include the particulars relating to the professional service out on the assignment form before the patient signs the form and ensure that the patient to receive a copy of the form as soon as practicable after the patient signs it.

Where a patient is unable to sign the assignment form the signature of the patient's parent, guardian or other responsible person (other than the nurse practitioner, nurse practitioner's staff, hospital proprietor, hospital staff, residential aged care facility proprietor or residential aged care facility staff) is acceptable. The reason the patient is unable to sign should also be stated.

The administration of the direct billing arrangements under Medicare as well as the payment of Medicare benefits on patient claims is the responsibility of Medicare Australia. Any enquiries in regard to these matters should therefore be directed to Medicare offices or enquiry points.

M.14.10. ASSIGNMENT OF BENEFIT FORMS

Participating nurse practitioners wishing to direct-bill are required to use a specific form available from Medicare Australia. This stationary is available from Medicare Australia. Note that these forms are approved forms under the Health Insurance Act, and no other forms can be used to assign benefits without the approval of Medicare Australia. Further information about direct-billing stationary can be obtained by telephoning 132150.

M.14.11. TIME LIMITS APPLICABLE TO LODGEMENT OF CLAIMS FOR ASSIGNED BENEFITS

A time limit of two years applies to the lodgement of claims with Medicare under the direct billing (assignment of benefit) arrangements. This means that Medicare benefits are not payable for any service where the service was rendered more than two years earlier than the date the claim was lodged with Medicare.

Provision exists whereby in certain circumstances (e.g. hardship cases), the Minister may waive the time limits. Special forms for this purpose are available, if required, from the processing centre to which assigned claims are directed.

M.14.12. OVERVIEW OF THE NURSE PRACTITIONER ITEMS

Services provided by participating nurse practitioners are covered by MBS items 82200, 82205, 82210, 82215. These items cover four time-tiered specific types of service that allow the participating nurse practitioner to perform a:

professional attendance for an obvious problem, straight forward in nature, with limited examination and management required (82200)

professional attendance for a patient presenting with clinical signs and symptoms with an easily identifiable underlying cause following a short consultation lasting less than 20 minutes duration (item 82205)

professional attendance for a patient presenting with clinical signs and symptoms with no obvious underlying cause requiring a more detailed consultation lasting at least 20 minutes duration (item 82210);

professional attendance for a patient presenting with multiple clinical signs and symptoms with the possibility of multiple causes and outcomes requiring an extensive consultation of at least 40 minutes (item 82215);

M.14.13. NURSE PRACTITIONER SERVICES ATTRACTING MEDICARE REBATES

Medicare Benefits are only payable for clinically relevant services. Clinically relevant in relation to nurse practitioner care means a service generally accepted by the nursing profession as necessary to the appropriate treatment of the patient's clinical condition.

Medicare benefits are only payable where the participating nurse practitioner provides care to not more than one patient on one occasion.

M.14.14. CONDITIONS GOVERNING THE PROVISION AND CLAIMING OF ITEMS

Service length and type

Services under these items must be for the time period specified within the item descriptor.

Professional attendance for MBS items 82200, 82205, 82210, 82215, may be provided in an appropriate setting that includes but is not limited to: the patient's home, a nurse practitioner group practice, a nurse practitioner's rooms or a medical practice.

M.14.15. REFERRAL REQUIREMENTS

A participating nurse practitioner will be able to refer private patients to a specialist and consultant physician as clinical services dictate.

This measure does not include referral by a nurse practitioner for allied health care. If a participating nurse practitioner refers a patient to an allied health practitioner, no benefits would be payable for that service provided by the allied health professional.

A referral given by a participating nurse practitioner is valid until 12 months after the first service given in accordance with the referral.

If the referral is lost, stolen or destroyed, the nurse practitioner would need to provide a replacement referral as soon as is practicable after the service is provided.

A referral to a specialist must be in writing in the form of a letter or a note to the specialist and must be signed and dated by the referring nurse practitioner. The referral must contain any information relevant to the patient and the specialist must have received the referral on or prior to providing a specialist consultation.

There are exemptions from this requirement in an emergency if the specialist considers the patient's condition requires immediate attention without a referral. In that situation, the specialist is taken to be the referring practitioner.

M.14.16. REQUESTING REQUIREMENTS

Pathology Services

Determination of Necessity of Service

The participating nurse practitioner requesting a pathology service for a patient must determine that the pathology service is necessary.

Request for Service

The service may only be provided in response to a request from the treating practitioner and the request must be in writing (or, if oral, confirmed in writing within fourteen days).

Pathology Services approved for participating nurse practitioners

Nurse practitioners may request MBS pathology items 65060 – 73810 (inclusive). Requesting pathology services must be within the nurse practitioner's scope of practice.

Further information

For further information about Medicare Benefits Schedule items, please go to the Department of Health and Ageing's website at www.health.gov.au/mbsonline.

Diagnostic Imaging Services

Determination of Necessity of Service

The participating nurse practitioner requesting a diagnostic imaging service for a patient must determine that the diagnostic imaging service is necessary for the appropriate professional care of the patient.

Request for Service

The service may only be provided in response to a request from the treating nurse practitioner, and the request must be in writing, signed and dated. The legislation provides that a request must be in writing and contain sufficient information, in terms that are generally understood by the profession, to clearly identify the item/s of service requested. This includes, where relevant, noting on the request the clinical indication(s) for the requested service. The provision of additional relevant clinical information can often assist the service provider, and enhance the overall service provided to the patient.

It is not necessary that a written request for a diagnostic imaging service be addressed to a particular provider or that, if the request is addressed to a particular provider, the service must be rendered by that provider.

A single request may be used to order a number of diagnostic imaging services. However, all services provided under this request must be rendered within seven days after rendering the first service.

M.15.1. BRAIN STEM EVOKED RESPONSE AUDIOMETRY - (ITEM 82300)

Item 82300 can be claimed for the programming of a cochlear speech processor.

M.15.2. NON-DETERMINATE AUDIOMETRY - (ITEM 82306)

This refers to audiometry covering those services, one or more, referred to in Items 82309-82318 when not performed under the conditions set out in paragraph M15.3.

M.15.3. CONDITIONS FOR AUDIOLOGY SERVICES - (ITEMS 82309 TO 82318)

A service specified in Items 82309 to 82318 shall be taken to be a service for the purposes of payment of benefits if, and only if, it is rendered:

- (a) in conditions that allow the establishment of determinate thresholds;
- (b) in a sound attenuated environment with background noise conditions that comply with Australian Standard AS/NZS 1269.3-2005; and
- (c) using calibrated equipment that complies with Australian Standard AS IEC 60645.1-22002, AS IEC 60645.2-2002 and AS IEC 60645.3-2002.

M.15.4. OTO-ACOUSTIC EMISSION AUDIOMETRY - (ITEM 82332)

Medicare benefits are not payable under Item 82332 for routine screening of infants. The equipment used to provide this service must be capable of displaying the recorded emission and not just a pass/fail indicator.

M.15.5. PROVISION OF DIAGNOSTIC AUDIOLOGY SERVICES BY AUDIOLOGISTS - (ITEMS 82300 TO 82332)

OVERVIEW

The diagnostic audiology services available through MBS items 82300 to 82332 enable an eligible audiologist to perform diagnostic tests upon written request from an Ear, Nose and Throat (ENT) specialist (a specialist in the specialty of otolaryngology head and neck surgery); or for some services, a written request from a neurologist (a specialist or consultant physician in the specialty of neurology).

These diagnostic audiology services assist ENT specialists and neurologists in their medical diagnosis and/or treatment and/or management of ear disease or related disorders. The new diagnostic audiology items supplement the existing Otolaryngology items for services delivered by, or on behalf of medical practitioners (MBS items 11300 to 11339, excluding 11304).

Requesting arrangements

Medicare benefits are payable only under the following circumstances:

- For items 82300 and 82306, the written request must be made by an eligible practitioner who is a specialist in the specialty of otolaryngology head and neck surgery;
- For items 82309 to 82332, the written request must be made by an eligible practitioner who is a specialist in the specialty of otolaryngology head and neck surgery or a specialist or consultant physician in the specialty of neurology.

The written request must be in writing and must contain:

- (a) the date of the request; and
- (b) the name of the eligible practitioner who requested the service and either the address of his or her place of practice or the provider number in respect of his or her place of practice; and
- (c) a description of the service which provides sufficient information to identify the service as relating to a particular item (but need not specify the item number).

Written requests should, where possible, note the clinical indication/s for the requested service/s.

A request may be for the performance of more than one diagnostic audiology service making up a single audiological assessment, but cannot be for more than one audiological assessment. This means that for Medicare benefits to be payable, any re-evaluation of the patient should be made at the discretion of the ENT specialist or neurologist through a separate request.

Audiologists do not have the discretion to self-determine diagnostic tests under items 82300 to 82332. If a written request is incomplete or requires clarification, the audiologist should contact the requesting ENT specialist or neurologist for further information. If an audiologist considers that additional tests may be necessary, the audiologist should contact the requesting ENT specialist or neurologist to discuss the need and if the requesting practitioner determines that additional tests are necessary, an amended or separate written request must be arranged.

It is recommended that audiologists retain the written request for 24 months from the date the service was rendered (for Medicare auditing purposes). A copy of the written request is not required to accompany Medicare claims or be attached to patients' itemised accounts/receipts or assignment of benefit forms.

Eligibility requirements for audiologists

The diagnostic audiology items (82300 to 82332) can only be claimed by audiologists who are registered with Medicare Australia. To be eligible to register with Medicare Australia to provide these services, audiologists must meet the following requirements:

Audiologists must be either:

- a 'Full Member' of the Audiological Society of Australia Inc (ASA), who holds a 'Certificate of Clinical Practice' issued by the ASA; or
- an 'Ordinary Member - Audiologist' or 'Fellow Audiologist' of the Australian College of Audiology (ACAud).

Registering with Medicare Australia

Provider registration forms may be obtained from Medicare on 132 150 or at www.humanservices.gov.au.

Changes to provider details

Audiologists must notify Medicare Australia in writing of all changes to mailing details to ensure that they continue to receive information about Medicare services.

Reporting requirements

Where an audiologist provides diagnostic audiology service/s to the patient under a written request, they must provide a copy of the results of the service/s performed together with relevant written comments on those results to the requesting ENT specialist or neurologist. It is recommended that these be provided within 7 days of the date the service was performed.

Out-of-pocket expenses and Medicare Safety Net

Audiologists can determine their own fees for the professional service. Charges in excess of the Medicare benefit are the responsibility of the patient. However, out-of-pocket costs will count toward the Medicare Safety Net for that patient.

Publicly funded services

Items 82300 to 82332 do not apply for services that are provided by any Commonwealth or state funded services or provided to an admitted patient of a hospital. However, where an exemption under subsection 19(2) of the Health Insurance Act 1973 has been granted to an Aboriginal Community Controlled Health Service or state/territory government health clinic, items 82300 to 82332 can be claimed for services provided by audiologists salaried by, or contracted to, the service or health clinic. All requirements of the relevant item must be met, including registration of the audiologist with Medicare Australia. Medicare services provided under a subsection 19(2) exemption must be bulk billed (i.e. the Medicare rebate is accepted as full payment for services).

Private health insurance

Patients need to decide if they will use Medicare or their private health insurance ancillary cover to pay for these services. Patients cannot use their private health insurance ancillary cover to 'top up' the Medicare rebate paid for the services.

Schedules of Services

Each professional service contained in the Schedule has been allocated a unique item number. Located with the item number and description for each service is the Schedule fee and Medicare benefit, together with a reference to an explanatory note relating to the item (if applicable).

If the service attracts an anaesthetic, the word (Anaes.) appears following the description. Where an operation qualifies for the payment of benefits for an assistant, the relevant items are identified by the inclusion of the word (Assist.) in the item description. Medicare benefits are not payable for surgical assistance associated with procedures which have not been so identified.

In some cases two levels of fees are applied to the same service in General Medical Services, with each level of fee being allocated a separate item number. The item identified by the letter "S" applies in the case where the procedure has been rendered by a recognised specialist in the practice of his or her specialty and the patient has been referred. The item identified by the letter "G" applies in any other circumstance.

Higher rates of benefits are also provided for consultations by a recognised consultant physician where the patient has been referred by another medical practitioner or an approved dental practitioner (oral surgeons).

Differential fees and benefits also apply to services listed in Category 5 (Diagnostic Imaging Services). The conditions relating to these services are set out in Category 5.

Explanatory Notes

Explanatory notes relating to the Medicare benefit arrangements and notes that have general application to services are located at the beginning of the schedule, while notes relating to specific items are located at the beginning of each Category. While there may be a reference following the description of an item to specific notes relating to that item, there may also be general notes relating to each Group of items.

GROUP M3 - ALLIED HEALTH SERVICES

ABORIGINAL AND TORRES STRAIT ISLANDER HEALTH SERVICE

Aboriginal or Torres Strait Islander health service provided to a person by an eligible Aboriginal health worker or eligible Aboriginal and Torres Strait Islander health practitioner if:

- (a) the service is provided to a person who has a chronic condition and complex care needs being managed by a medical practitioner (including a general practitioner, but not a specialist or consultant physician) under both a GP Management Plan and Team Care Arrangements or, if the person is a resident of an aged care facility, the person's medical practitioner has contributed to a multidisciplinary care plan; and
- (b) the service is recommended in the person's Team Care Arrangements or multidisciplinary care plan as part of the management of the person's chronic condition and complex care needs; and
- (c) the person is referred to the eligible Aboriginal health worker or eligible Aboriginal and Torres Strait Islander health practitioner by the medical practitioner using a referral form that has been issued by the Department or a referral form that contains all the components of the form issued by the Department; and
- (d) the person is not an admitted patient of a hospital; and
- (e) the service is provided to the person individually and in person; and
- (f) the service is of at least 20 minutes duration; and
- (g) after the service, the eligible Aboriginal health worker or eligible Aboriginal and Torres Strait Islander health practitioner gives a written report to the referring medical practitioner mentioned in paragraph (c):
 - (i) if the service is the only service under the referral - in relation to that service; or
 - (ii) if the service is the first or the last service under the referral - in relation to that service; or
 - (iii) if neither subparagraph (i) nor (ii) applies but the service involves matters that the referring medical practitioner would reasonably expect to be informed of - in relation to those matters; and
- (h) for a service for which a private health insurance benefit is payable - the person who incurred the medical expenses for the service has elected to claim the Medicare benefit for the service, and not the private health insurance benefit; - to a maximum of five services (including any services to which items 10950 to 10970 apply) in a calendar year
(See para M3.1 and M3.2 and M3.3 and M3.4 and M3.5 of explanatory notes to this Category)
